Hybrid seed is produced by crossing two pure line varieties of which both have desirable characters. In corn we have Sugar Prince, an early large-eared varieyt. Do not save the seed as seed from cross bred varieties is not worth using. Monarch and Meteor tomatoes, Tiny Tim peas, Morden cabbage are all cross bred varieties that yield more and mature sooner. It pays to grow hybrid varieties.

EMMIGRANTS FROM EUROPE

Anyone wanting farm help from Europe should apply now. A boat load is on the way and the men are not all taken up. British, German, Hollanders and Scandinavians are all available but only during the next two months.

JUNIOR GRAIN CLUBS

Grain clubs will be organized this year at Durness, Blackfoot, Paradise Valley, Greenlawn, Islay, Vermilion and Mannville. Any farm boy or girl between 12 and 20 years of age in these districts can join one of these clubs. The membership fee is $5. Members get four bushels of registered barley or 4 bushels of registered wheat. Everybody welcome. Let me know right away if you wish to belong.

DELICATE PIGS

Many people seem to think that Yorkshire pigs are not thrifty, that they are hard feeders and delicate. There is no basis of fact in these statements. Government experimenters prove that generally speaking Yorks will grow out 100 pounds of pork at less cost in feed than any breed. Yorks raise the largest litters and there is no reason whatever to say they are more delicate than other breeds.

RURAL ELECTRICAL SCHOOL

Hold up on applications for the electrical school to be held in Vermilion March 1 to 14. Only 30 men can be taken in and I have more than 30 applications now.

BITTER CREAM

Mr. Perkins, manager of the Vermilion Creamery informs me that he is getting in a lot of bitter cream these days. It appears that cream is being held too long on the farm. At low temperatures cream sometimes gets bitter before it gets sour.

## HOCKEY CHIT-CHAT

By RAIL BOID

According to the Tigers' latest victories the locals are really roaring and could move into second place. Although still lacking a constant attack the team has now moved out of the cellar and into third place. In their last three games, of which they won two, the Tigers showed a much improved attack and a good defense. They should be rolling come play-off time.

Johnny St. Martin should be close to if not leading in the point scoring race. He has compiled a lot of points in the last few games. Bill Schmidt won himself a new Stetson given by Ernie Clendenning last Friday in Wainwright by ramming home three goals in the Tiger 5-4 victory. The line of Patsula, Schmidt and St. Martin have scored 13 of the team's last 15 goals in leading the locals out of the cellar.

The defense reinforced by Coach Stan Manyluk has been doing a great job on the 'Blue Line'. Manyluk, returning from a three-year layoff is not as fast as before but his invincible poke-check has the opposition baffled and somewhat chagrined.

Elmer Kreller will be back in action Saturday night against Veg and should be a great lift to the club and a drawing card for the fans.

An individual star in the Tigers' victory over Wainwright was goalie Johnny La Porte. La Porte robbed the Commandos time and time again. He provided the thrill of the evening by stopping a penalty shot from the stick of the always dangerous Touchette.

The penalty shot, not seen too often, allows a player to skate in on the goalie unmolested and attempt to score. La Porte was a big factor in the team's well-earned victory.

The play-offs should provide some of the best hockey seen in the E.A.H.L. in some time as the league is getting faster and the teams closer all the time.

The Tigers' last home game before the play-offs brings them up against Vegreville Rangers, the only team they have yet to beat in the league. The Rangers, reinforced by several new players (Imports?) will be gunning for their fourth straight victory over the Tiger club but we pick the locals to snap their lengthy famine.

## Kitscoty High School Notes

The annual K.H.S. Carnival will be held on Friday, Feb. 26. The candidates for queen this year are Myrtle Kinshella, Doris Jack and Donna Davies, so students are busy selling tickets on their favorites.

With the return of colder weather hockey practise has started again and games will likely be resumed in the near future.

In curling draws held during the week, [illegible] 4-3 on Tuesday night when only 1 sheet was available. On Thursday night Venance defeated Giles 4-2 and Linton beat Kastendieck 4-3.

Check that date on your label!

R. C. Mead Elected Chairman for 1954

## Vermilion School Division Board Holds Organization Meeting

The organization meeting of the Divisional Board for 1954 was held at the Divisional office, Vermilion, on Friday, Jan. 29.

R. C. Mead and D. C. McGrath were duly declared as trustees for Subdivs. 4 and 5. Trustees present R. C. Mead, D. C. McGrath, A. Clarke, W. L. Brown, A. H. Cooper and T. Clutterbuck. Supt. S. D. Simonson attended the meeting.

ELECTION OF OFICERS

R. C. Mead, chairman, D. C. McGrath, vice-chairman. S. C. Heckbert auditor. Finance committee—Messrs. Mead, McGrath, Clarke and Cooper. Superintendent and Secretary. Building committee—Messrs. Mead, McGrath and Brown.

AUDITOR'S REPORT

Auditor's report for 1953 and the financial statement was presented and approved on motion of Tr. McGrath. Reports will be distributed to secretaries of local boards for annual meetings.

Woodford S.D.: Buildings will be made available as community centre if required by the residents of the district.

Insurance: Board accepted offer of Lloyd's of London and Canadian Home Assurance Co. at rate of 50c per $100 for 3-year term.

Cheviot Hills S.D.: Messrs. Conarroe and Stepanoff attended the meeting in connection with proposed purchase of school for use as church addition at Paradise Valley. Board policy of disposing of buildings for use as centre within the district was not considered applicable.

Superintendent's Report: Mr. Simonson reported on the following topics — Staff, Substitute Teachers, Correspondence Centres, Schools Visited, School Operation, Marwayne New Building and Boundaries. Report was adopted and ordered filed.

Thorncliffe S.D.: Mrs. Jean Hurford had withdrawn from teaching on health account and resignation was accepted with regret. Mr. M. Yaremkevich was appointed to succeed Mrs. Hurford.

Ellsworth S.D.: Request for payment of tuition fees for Leona Kuziw attending Gr. 9 at Clandonald was not granted as instruction was available at local school.

Kinella S.D. and Telegraph S.D.: Board approved transfer of Mrs. M. York from Telegraph school to Kinella and Miss E. Curtis from Kinella to Telegraph.

Moyerton S.D.: Board approved rental of teacherage buildings at Moyerton and Dewberry to Mr. H. Holgate and Mr. J. Romanchok.

Pelican Lake S.D.: Board approved payments made to Mr. Simonnette for travel made to reach bus route when road was blocked by snow.

Willowlea S.D.: Teacher's report related accident suffered by Marie Cote when sleigh riding in noon hour.

Islay S.D.: Board approved purchase of electric motor from J. H. Ford.

Kitscoty S.D.: Payment in the amount of $15 for water supplied east school for Mr. J. E. Potter was approved.

Spencer and Westminster Park bus routes. Committee was authorized to meet with bus drivers Cowe and DeLeeuw to discuss proposals to purchase new vehicles.

Sale of Building: Board approved sale of the following properties, by tender, upon receipt of required permission from the Dept. of Education — Queenie Creek school; King Edward school, barn and site; Cheviot Hills school, teacherage, barn and site; Willowby barn; the barns at Sefton Park and Park Valley.

Next meeting: Feb. 18 and 19.

Facts and Figures

ABOUT ELEPHANT BRAND Fertilizer

For those who want them, we have "facts and figures" covering the results from fertilizer tests that have been carried out by Provincial Agricultural authorities over a period of years. Also their recommendations for the fertilizer to use and the rates of application for various crops.

This data has been compiled by recognized authorities on fertilizer use and will show you what yield increases and other benefits you can expect from the use of fertilizer on your farm.

Come in and ask us about these "facts and figures." We will be pleased to show them to you and discuss any other questions you may have regarding the use of fertilizer.

SURPLUSES AND FREER TRADE

The United States and Canada are concerned about their unsold wheat surpluses, yet many millions of people in the world have insufficient bread. For Canada and the United States to lower their tariffs against foreign goods would certainly help other people to get hold of more Canadian and American money with which to buy more of our surplus wheat.

SEARLE GRAIN COMPANY, LTD.

## Annual School Meeting At Dewberry — News of The District

The annual school meeting was held recently with only a few ratepayers present. Much discussion took place regarding resolutions which will be presented to the Divisional board by a delegation of the local board.

Principal Smith gave a full report of the school operations. 137 pupils attended school. Price of high school books had a thorough discussion. Mr. Smith was congratulated on the inauguration of parent-teacher interviews instead of a report card system. It is proving very successful and 90 out of 100 parents showed up for these interviews. Children have shown a marked improvement in study now that the teacher and parent are able to discuss fully a child's weakness or inability in some subjects.

WATER TROUBLES

Dewberry town is still having water troubles. At time of writing the Elk Point Drilling Co. are at work here on a new well. Sand seems to be causing most trouble. The last well attempted has caved in for 150 feet, casing trouble and all — and still no water.

F. U. A. MEETS

The last meeting of the Dewberry F.U.A. was held at the town home of Mrs. John Maltais. Plans were completed for another big amateur night on Easter Monday. All outside talent welcome, with good cash prizes offered. The membership canvass is going on nicely. To date Dewberry local has 84 members. A nice lunch was served as usual. Next meeting will be at Mrs. Geo. Fluney's.

We extend our heartiest congratulations to our newly wedded couple, Mr. and Mrs. Bill Romanchuk (nee June Bowman). A very nice reception and wedding dance was held in the local hall on Thursday night.

Curling seems to be picking up a little again now. The Dewberry spiel and Mawayne right af'er with such cool weather sort of sidelined a lot of rinks. At the Marwayne spiel the Fred Braithwaite rink took a first prize in one event while Ralph Lunden cleaned up both the secondary competitions. Fred also took the Grand Challenge at Kitscoty spiel and U. Parker a prize in the Marwayne spiel. Fred Braithwaite was skip, Don Rainey 3rd, Sol Lemp 2nd and Gordon Rainey was lead.

The Dewberry Home and School Assoc. have three plays underway. These are soley to be of educational value but will be shown to the public as well as members in the local hall at perhaps the next meeting of the association.

Financial statements of the M.D. Vermilion River came out last week and ratepayers will be well advised to look them over before annual meeting day on Feb. 20th. New councillors will be nominated and also wards of different hospitals will require some members.

The community of Hazeldine staged another fine bingo night on the 14th. Most all money collected is spent for prizes with the object of all having a good time. George Connor won a tie-breaker card over Pat Butz for the set of silverware.

First no ice, then the Christmas rush, then cold weather, then a week or ten days of Chinook which left some fields bare—now cold again. When do we get our skating and hockey in? Dewberry will go to the Lashburn tournament this week and the Lloydminster Board of Trade tourney on Feb. 27. Dewberry midgets and Pee Wee team will await the visit of Islay shortly.

Dewbery now has an oat quota of 12 bushels per seeded acre. However elevator space is still scarce.

THE BIGGEST FISH

We forgot to mention that the prize for the biggest fish caught on hook and line last summer went to Frank Bowman of Dewberry. He won a rod and reel and is a member of the Lloydminster Fish and Game Assoc. Perhaps the biggest fish caught was by Tom Garrett but was never entered. Frank caught his big jackfish in Worm Lake north of Glendon. We just forgot its weight.

## Annual School Meeting At Islay Feb. 20th

ISLAY.—The annual school meeting of the Islay local school district will be held in the school on Saturday Feb. 20 at 2:30 p.m. All are invited to attend. 32-3

# Winners At The Mannville Bonspiel

MANNVILLE. — The Mannville annual bonspiel got off to a late start this year due to the mild weather. However it turned colder on Tuesday of last week and the bonspiel was off to a roaring start on Wednesday morning with 44 entries, 22 local and 22 outside rinks.

The banquet was held Thursday evening and according to the men was very successful. The W. A. of the United church catered and the following helped with the entertainment: Miss Betty Proudfoot, solo; Misses Norma McLuckie and Doreen Gerhart; Misses Connie Gerhart and Norma McLuckie; Mr Elliott, violin solo accompanied by Mrs. Elliott on the piano. The highlight of the banquet was the presenting of an honorary membership to Mr. Archie Bodard. Two other honorary members of this club are Mr. Neil McKinnon and Rev K. C. [illegible]

Some rinks played as many as nine games and still weren't in the prizes, others were out, one, two three. But whether it is a game of skill or luck, the following are the rinks that won the prizes:

GRAND CHALLENGE

1 Gerhart, Mannville; 2, Mitchell, Vermilion; 3, Van Dusen, Mannville; 4, Gray, Minburn.

MERCHANTS

1. Mercer, Mannville; 2. Manz, Mannville; 3. Ganton, Innisfree; 4, W. Laurenceson, Mannville.

CONSOLATION

1. Jones, Irma; 2. Proudfoot, Mannville; 3. D. Laurenceson, Mannville; 4. Young, Minburn.

## Kitscoty News

Mr. and Mrs. J. Batty were Edmonton visitors for two days last week.

Mr. and Mrs. M. Sparrow and family and Mr. and Mrs. A. Lymburner were Edmonton visitors for the past week.

Mr. F. Seabrook was a week end guest at the home of Rev. and Mrs. D. Woeller's home before leaving for Edmonton where he will visit with his daughter and son-in-law Mr and Mrs. Wm. Barber and family prior to his trip to England.

Mrs. Eva Lang and Judy spent the week end visiting relatives at Stettler.

Mr. and Mrs. E. Joy spent several days last week at the farm home of their son Henry, Mrs. Joy and family.

Miss Ella M. Pidcock was a guest last week end at the J. A. Kent home in the Irwinville district near Marwayne.

'Congratulations' to Mr. and Mrs. Ken Jenkins (nee Doreen Potter) who are the proud parents of a baby son born Saturday, Feb. 13 in the Vermilion hospital.

The United Church W.A. will hold a spring tea and sale of work on Friday, March 19 in the Tracy Memorial hall. Please keep this date in mind.

## Hazeldine Echoes

The bingo party last Friday was well attended. Mr. George Connon was the lucky winner of the chest of silverware. There will be one more bingo on Feb. 26.

Guy Miller had the misfortune to fall and hurt his foot and was on crutches a few days.

Mr. and Mrs. Pat Butz of Leduc are visiting relatives in the district.

Mr. Max Kneen has lost an animal with blackleg. Just a good reminder to have all your calves vaccinated.

Wishes for a speedy recovery are extended to Dick Hines in the University hospital, also little Grant MacLean.

Wins Stetson Hat from Clendenning's

# Bill Schmidt Scores Three Goals At Wainwright; Tigers Win Two, Lose One

Bill Schmidt was going great guns at Wainwright last Friday night and potted three smart goals. This hat trick brought its reward when Ernie Clendenning presented Bill with a $10 Stetson hat.

WIN TWO, LOSE ONE

Vermilion Tigers won at Wainwright last Friday night by a score of 5 goals to 4 and annexed 4 points all at once, as this was one of those games which takes the place of two fixtures. On Saturday night Viking Gas Kings came to town and in a penalty studded encounter the Tigers took a 4-3 decision. On Monday night Wainwright Commandos paid a return visit and in an open, crowd-pleasing game the visitors won 4 to 2.

TIGERS 4 — GAS KINGS 3

The Viking-Vermilion set-to was a close checking affair with 20 penalties handed out for various minor misdemeanors. At one time no less than three Tigers were penalized but they ended up with 9 penalties with 11 for the Kings.

Stan Manyluk who had played in the game at Viking the night before, made his first appearance as a player on Vermilion ice for three years and still breaks up many a rush with his reliable poke check.

SCORING STATISTICS

Vermilion—Patsula from St. Martin and Schmidt; Les Williams; St. Martin from Manyluk; Dobbyn from Cooper and Moffatt.

Viking — Klein from Slywaka; Proctor from J. Dunnigan; Thunell from [illegible]

Officials, Hughes and Carroll.

COMMANDOS 4 TIGERS 2

In the Commando-Tiger fracas the play was much more open, the action seemed faster with no stoppages for disputes with the refs about penalties. Two-minute rests were meted out with the Commandos gathering in five and Lowrie of the Tigers one. It was a nice display of hockey with little to choose between the teams. Commando shots were hitting the goal while the Tigers semed to be trying hard for the corners and their shots were slipping by the cage.

SCORING STATISTICS

Vermilion—Patsula from Schmidt and St. Martin; St. Martin from Patsula and Schmidt.

Commandos—Touchette from Giltner; Murray; Leblanc from Touchette.

The Vermilion line-up was much the same for both games viz:

Laporte, Hancock, Manyluk, L. Williams, Little, S. Barr, St. Martin, Patsula, Schmidt, Cooper, Dobbyn, Moffatt, Lowrie, Koehli, B. Williams.

In the Wainwright game Leo Leahy replaced Koehli.

Harrison and Carroll refereed.

## Funeral Services Held For Little Mary Bernadette Morrison

Funeral services for little Mary Bernadette Morrison who passed away Feb. 5 at the tender age of only four months and 22 days, were held at the Roman Catholic cemetery, Clandonald on Sunday, Feb. 7. The Rev. Father Scriven officiated.

The pall bearers were John Toner, Eugene Zaph, Gordon Snider and [illegible]

The little girl is survived by her sorrowing parents, Mr. and Mrs. Mike Morrison, one brother Alex and her four grandparents.

Floral tributes and donations were received from:

Harold, Opel and Dean.

John Taschuk and family; Mr and Mrs. Addie Etherington; Mrs Malonek and family and Cora and Joe; Mr. and Mrs. Allen McDonald and family; Mr. and Mrs. George Carlton and Wilfred; Mr. and Mrs. J McGillivray and family; Mr. and Mrs. D. McClelland and family; Harold, Opel and Dean; Mr. and Mrs Philbin; The Deford family; Mr. and Mrs. Scotty McDonald and family; Mr. and Mrs. R. Good.

## Wildmere Winks

Our district received a saddening shock last Thursday when word came that a fine former neighbor had passed suddenly away in the person of Mrs. Sadie Cruthers. She had made her home since the death of her husband ten years ago in Vermilion. She came from Ontario early in 1911 and was married to George Cruthers in 1912. She had made her home here until she moved to town. Mrs Cruthers had seen a good many improvements since the pioneering days up to the present and was always a willing and helpful neighbor. Her friendly word and smile will be greatly missed by all who knew her. She leaves three daughters and two sons Helena, (Mrs. Harry Phillips) of Wolsley, Alta; Grace (Mrs J Marfleet of Vermilion, Marjorie (Mrs A Smith) of Basswood; Cliff who lives on the old home farm in the Wildmere district, and Russell of New Westminster. There are 37 grandchildren and four great grandchildren to mourn her passing. It is sad to relate that her only sister Mrs. Wm. Thomas of Rimbey, Alberta pre-deceased her by only eight hours and was buried on the same day and hour in Rimbey as Mrs Cruthers was. They leave 2 brothers Robert Newman of Vermilion and Joseph of Manitoulin Island Ont. The well filled church bespoke the high esteem the deceased and her family hold in town and surrounding communities. Rev MacKay gave a very comforting sermon to the bereaved ones. Mr Thos. Watts sang a beautiful hymn "In the Garden". Pall bearers were all old friends of the family Geo Wilson, George Haines, Lloyd Howard, Jim Wallington, Melvin Hill and Fred Maddex. She was laid to rest beside her husband in the Vermilion cemetery. Everyone joins in extending sympathy to the family in their sudden hour of sorrow and bereavement. May God comfort and bless you all.

Congratulation to Ray Osterberg and his rink on winning the Grand Challenge at the Wainwright Farmers' bonspiel; to Cliff Cruthers' rink on winning second in the third event. Cliff was unable to attend the final games.

More news next time as the men are here at present to re-wire our house for the big power line.

## Reports on the Annual Meeting Cancer Society

MANNVILLE.—Mrs. A. M. Rutherford of Mannville attended the annual 'Cancer Workshop' of the Canadian Cancer Society held last week in Edmonton. She has been associated with the work of the Society and the annual Cancer Crusade for the past six years. She is a member of Birch Creek W. I. which has organized and carried out the canvass in Mannville and district since its inception.

The all-day Workshop was held in Edmonton's Masonic Temple. The morning was devoted to a 'welfare Workshop' at which the Cancer Society's program of service to cancer sufferers was discussed. Surprise was expressed at the wide scope of welfare services available to cancer patients. They included the province-wide free cancer dressing service which in 1953 at a cost of over $24,000 supplied dressings to 333 patients, drugs and medication, the nursing aide and housekeeper service, transportation to and from treatment centres, artificial limbs, special diets and a host of other services designed not only to aid in quick recovery but also to make more comfortable the remaining days of those who cannot recover from the disease. The total cost to the Society for welfare services last year was over $77,000.

Dr. Walter MacKenzie Professor of Surgery at the University, was the main speaker at the afternoon sessions, when he discussed progress and development in cancer research in Alberta, while Dr. S. Hanson, Professor of Pathology, at a luncheon meeting spoke on advance in diagnosis and treatment of the dread disease. It was reported that the Society in 1953, had spent over $500,000 for research into cancer's causes and cures, with six projects of research in nearly all Canadian univerisities.

The annual meeting of the Edmonton and Northern Alberta Council of the Society held in the evening was a report of progress in all departments of Cancer control. In 1953 Alberta's Cancer Crusade raised over $215,000 not only the largest sum of all time for the province but the highest per capita in Canada and the U.S.

Mr Clarence Jackson President of the Council, paid glowing tribute to those whom he described as "responsible for the whole success of the Crusade" — the more than 400 Cancer committees, the conveners and canvassers across the province who, last year, succeeded in enrolling over 80,000 members to contribute this amount.

Dr. Jules Tuba, Professor of Biochemistry at the University of Alberta, was speaker at the annual meeting. He described the wonderful progress that had been made in recent years towards the conquest of cancer, which he described as a "riddle of the highest magnitude". He prophesied the use of chemicals and drugs through 'chemotherapy' as a bright outlook for the future, not only to give relief from pain and to prolong life but also in many cases to cure the patient of the disease itself.

The annual Cancer Crusade will be held in April which has now become traditionally known as 'Cancer Month'. Alberta's share of the million and a half goal will be $220,000.

## Sixteen Years Ago Today

*Feb. 17, 1938*

Dr. A. C. Bradford anounces that he is now located in Vermilion to conduct a general medical and surgical practice.

The lowest reading of the winter 44 below, was experienced Tuesday morning. A very heavy snowfall came over the week end and everywhere there are great banks of snow.

The Boards of Trade of Wainwright and Vermilion worked together and had the road between the two towns snow plowed with an outfit belonging to Wainwright business men.

Eliza Wilson, Dewberry pioneer, passed away at the age of 81 years.

## Thirty-two Years Ago Today

*Feb. 15, 1922*

W. B. Elford was arranging to produce Gilbert and Sullivan's opera "The Mikado" with a strong cast of local talent.

Prizes to the value of more than $400 have been offered at the annual Vermilion bonspiel.

NOTICE OF PREPARATION OF ASSESSMENT ROLL 1954

*VILLAGE OF DERWENT*

NOTICE is hereby given that the assessment roll of the said Municipal District, made under the provisions of the Assessment Act, has been prepared and will for thirty days be open to inspection at the office of the Secretary-Treasurer of the Municipal District from ten o'clock in the forenoon until four o'clock in the afternoon on every day not a public holiday except Saturday, and on that day from ten o'clock in the forenoon until two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the said roll, or to the assessment of any property, or to the assessed value placed upon any property must within thirty days from the date of this notice lodge his complaint in writing with the Secretary-Treasurer of the Municipal District.

Dated this 15th day of February, 1954.

MATT D. CHARCHUN, Secretary-Treasurer. 33x

GARNET OUT OF FAVOR

Garnet wheat is distinctly out of favor at the present time and the Wheat Board is finding it very difficult to dispose of supplies of that variety. Movement of grain from country elevators in many areas is impeded because of stored up supplies of Garnet for which there is no demand. Seeding of that variety of grain should be definitely restricted in the coming season.

—Wheat Pool Budget.

## For Sale . . . Machinery

JOHN DEERE B R — Or a Massey Packemaker. You can have your choice of either one, both on good rubber and ready to go to work. Reasonably priced. Arthur Gratton, 2 miles east and 1 mile north of Clandonald. 33-4

# Local News of Interest

Together for the first time since 1935 Mr. Ernest Cooper of Toronto is visiting his brother Mr. S. R. P. and Mrs. Cooper. After leaving Toronto Ernest spent some six weeks with brother Vivien at Pilot Mound, Man., and after his visit here will continue to Vancouver to see a fourth member of the family, Mr. Percy Cooper. A fifth brother, Peter, lives in Australia. Ages of these five Cooper brothers range from 70 upwards and a sister residing in England also comes within that span of years. The youngest member of the family, another sister, lives in Toronto.

R. K. Chalmers and L. Amos are in Edmonton this week attending a general meeting of V.L.A. officials and field men.

Attending the Marshall-Wells convention and short course in Edmonton this week are Melvin Hill, R.E. Carroll, E. Koehli and Mrs. Mead.

*BORN*—To Donald and Margaret (nee Barr) Smith, Edmonton, on Feb. 16 a son, weight 8 lbs. 9 oz.

*BORN*—To Mr. and Mrs. Robt. J. Reid (nee Joyce Bauman) a son, Robert David on January 31 in the Royal Alexandra hospital, Edmonton. Weight 6 lbs. 14 oz.

J. R. Boake attended a meeting of druggists in Edmonton on Thursday last when about 140 gathered at the Macdonald.

NURSES TO MEET

The Graduate Nurses Assoc. will meet at the home of Mrs. W. L. Roebuck on Monday Feb. 22 at 8 p.m.

Mrs. E. M. Wilson is visiting in Calgary where she will be matron of honor at the marriage of Miss Catherine Murray and Mr. Alan Edward Knoll Saturday. Leaving Friday for Calgary will be the groom-elect, his mother, Mrs. J. J. Knoll and his sister, Miss Frances Knoll, Mr. and Mrs. D. J. Knoll, Mr. and Mrs. G. F. Knoll and Mr. Gerald Knoll.

—Edmonton Journal.

The many friends of Mr. Ted Hawker will sympathize with him in his recent bereavement, his mother having passed away on Feb. 7 in Edmonton with funeral service being held on Feb. 9. Mr. Hawker, formerly a member of the staff of the V.S.A. is now principal of the Fairview agricultural college.

The name of the first vice-president, J. R. Robson of the Anglican Men's club, was omitted from the list of officers published in the Standard last week.

HAPPY HOUR GROUP

The Happy Hour Group of St. Saviour's W.A. will meet in the parish hall on Thursday, Feb. 25 at 8:30 p.m. Rev. Ford would be happy to see as many group members as possible attend to take their corporate communion at 11 a.m. on Sunday, Feb. 28

CLANDONALD HALL

Showing at the Clandonald hall this week end Feb. 19 and 20 — "Appointment with Danger" with Alan Ladd and Phyllis Calvert, a drama. Next week — "Fast Company". News reel each week. 33x

DERWENT THEATRE

Showing at the Derwent theatre Saturday Feb. 20 and Monday Feb. 22 — "Son of Paleface" starring Bob Hope, Jane Russell, Roy Rogers and 'Trigger'. Next week — "Elopement". 33x

WHIST DRIVE

A whist drive will be held in the St Saviour's parish hall on Wednesday Feb. 24 at 8 p.m. 33

HOME COOKING SALE

Tea and sale of home cooking sponsored by the Mothers Auxiliary of the Guides and Brownies, in the Elks hall, from 3 to 5 p.m. on Saturday Feb. 27. 33-4

HOME COOKING SALE

Mrs. Allen's W.A. group of the United church will hold a home cooking sale at the Nelson-Hill hardware on Saturday March 6th at 3 p.m. 32-5x

*CARD OF THANKS*

We wish to thank Dr. Sweet, the matron and staff of the Islay hospital for their kindness to our baby during her stay in the hospital. Thanks also to Mr. and Mrs. Harold Cooper and our many friends in Dewberry and Clandonald for their sympathy and help during our sad bereavement.

Mr. and Mrs. M. Morrison.

### The W. M. S.

The W.M.S. of the United church held the regular monthly meeting on Feb. 11 at the manse at 8 p.m. Mrs. Robinson the president opened with prayer. Miss Craig and Mrs. Muir were in charge of the devotional. Roll call was taken and there were 22 members present, a very good attendance for a cold night.

Mrs. Clarence Barr was asked to give a talk on her trip to Scotland. Along with her interesting discourse she also showed a number of pictures. It so happened that the W.M.S. has many Scotch members and the talk took them all hte way back home as quite a number of the places were quite familiar to them.

A lengthy business session took place and the meeting closed with the singing of a verse of 182 "O Word of God Incarnate" and a prayer by Miss Craig.

The committee in charge served a very nice and welcome lunch and a social half hour was enjoyed by all.

SOAP IN A LATHER

A number of price increases for soap are reported by The Financial Post. They run all the way from around 25c per case up to 85c for large sizes. Advances are said due to increase in raw materials particularly tallow.

### Births At Vermilion Municipal Hospital

Mr. and Mrs. G. L. M. Wilson on Jan. 29 a daughter. Lois Victoria.

Mr and Mrs. P. M. Rund on Feb. 1 a son, Karl Arthur.

Mr and Mrs M. J. Warren on Feb. 2 a son, James Melvin.

Mr and Mrs G. J. Stewart on Feb. 2 a son, Merlin Brent.

Mr and Mrs W. R. Coms on Feb. 2 a daughter, Charlene Jane.

Mr. and Mrs. Thomas Rochford on Feb. 6 a daughter, Shirley Ann.

Mr and Mrs. M. W. Cooper on Feb. 7 a daughter Maxine Agnes

### Teachers Meet At Paradise Valley

The Paradise Valley sub local held an A.T.A. meeting in the Paradise Valley school on Wednesday, Feb. 3.

Several items of interest were discussed and plans for the festival to be held on May 7th were made. Selections for the festival include drama, choral speech, songs and novelty items such as acrobatics, piano solos and folk dances. Concerts will be given in Paradise Valley and McLaughlin following the festival date.

The resolution favouring the six weeks' summer course for teachers was unanimously voted down, also the re-percent were opposed to any lowering of teachers' standards.

Salary schedule was discussed, to be referred to by the councillor at the next meeting.

Next meeting is to be at McLaughlin on March 3.

### Too Late to Classify

WORK WANTED — Housework, store, cafe. Phone 364. Vermilion 33

### Fair Prize Lists are Being Formulated

The prize lists for Ladies' Work, School Work and Boys' and Girls' classes for the 1954 Summer fair are now available for distribution and already a large number have been mailed out to previous exhibitors and others.

School pupils of the Vermilion, Vegreville Wainwright, St. Paul and Two Hills division are to put on show at the Vermilion school fair and entries are welcome. Prize lists are going to schools but any individuals or schools are missed copies of the lists are available at the office of the Secretary, S. C. Heckbert.

For the past two years the Vermilion Fair has been endeavoring to increase the number and quality of exhibits in the above classes and all are cordially invited to prepare and show exhibits.

Those interested in handicrafts of various kinds will find an opportunity to display their work.

From time to time announcements will be made in the Standard about the 1954 Fair — it is a truly district event and the co-operation of all is urged so that we may retain our place among the better fairs of Western Canada.

Look for free copies of the various prize lists.

### Tickets For Macdonald-Brier Obtainable Here

Admission tickets to the Macdonald Brier tankard games, emblematic of the Dominion Curling championship to be held in the Edmonton Gardens from March 1 to 5 are now available from the local curling club secretary Russell Carroll, or from Headquarters, 328 Macdonald Hotel, Edmonton. 33-4

### Annual Meet Called For Garden Club

The Vermilion Horticultural Society has called the annual meeting for 7:30 p.m. Feb. 22 at the school of agriculture

John Stelfox, instructor in Horticulture at the school of agriculture will give a talk on gardening. Mr. Stelfox will also show pictures taken at Whitehorse in the Yukon where he was in charge of Horticulture at the government experimental station.

Everyone is welcome whether members of the Society or not. Cars will be available at the D.A. office from 7:15 to 7:30 p.m. to take people up to the college.

### Pick Up Your House Numbers

There are a number of residents of Vermilion who have paid for their house numbers but who have not yet picked them up. Please contact Keith Inman or Don Kellerman if you have paid for your number and have not received it. These are the numbers sold by the Kinsmen some time ago.

The Kinsmen are no longer selling house numbers, so anyone else desiring them will have to order same from other sources. House numbers will shortly come into general use in the town and it is desirable that all houses and business places display the number in a conspicuous place.

### Roy Hay Starts Second Term Mannville Council

MANNVILLE.—Mr. Roy W. Hay was returned to the Council of the Village of Mannville for a second term. He was elected by acclamation. Mr. Hay was nominated as Mayor to replace Mr. Clarence Torrance who passed away very suddenly in July of 1953. The other members of the Council are Mr. Maurice Mercer and Mr. A. Gerhart. Mr. Gerhart was elected to finish out the term of the late Mr. Torrance.

Mr. Norman Crooks was elected by acclamation as hospital representative for the village.

### Town Annual Meeting

*(Continued from page 1)*

around the ice required replacing. He had hopes of doing this done during the coming year.

POLICE

In submitting the report for the police committee Mr George Webb mentioned the increase in the contract price. Regardless of this increase he felt that the town was getting excellent police service and protection for the money expended. He publicly commended the R.C.M.P. detachment for the services rendered. Mr. Webb noted too that the town had received over $8000 in fines during 1953.

Mr. H. J. Pratt who was to report for the fire protection committee was in Edmonton and this phase of the town's activities was covered in the Mayor's report.

### TOWN EXPANSION NOTED IN MAYOR'S ADDRESS

Mayor S. C. Heckbert was then called upon by the chairman to address the meeting. His Worship gave a comprehensive report of the development of Vermilion over the past year. He noted that new construction was over $318,000 and that in order to provide for this continuing expansion negotiations were already underway to secure additional land for town lots. This property was a parcel from A. A. Moses on the south side, the lots face on highway 41, already on water sewer and gas lines; and a second parcel of the W. J. Moses land in the vicinity of the hospital.

The Mayor expressed the belief that the night soil collection would soon be discontinued. It was the hope of the council that the residents so effected would connect to the water and sewer system. It was not the intention of the council to work undue hardship on anyone. Some type of alternative disposal would be provided.

ORDER NEW FIRE UNIT

Reporting in the absence of Mr. Payne for the fire committee, the Mayor drew attention to the very low fire loss in town, and stated that a new Bickle-Seagrave fire fighting unit had just been ordered at a cost of $13,700.

$18,000 SURPLUS

Commenting on the financial position the Mayor observed that the town had a surplus of $18,000 for the year. Due to this it was finally able to liquidate a $12,000 bank loan which had been carried for the past three years. Tax collections had been very good with arrears of only $8,018.

The Mayor commented on the grant received from the Alberta government under the Municipal Assistance Act. This amounted to $15,876 and is paid on the basis of population at the rate of $7 per head.

### ADVOCATES PERMANENT HARD-SURFACING

Mayor Heckbert advocated the hard surfacing of streets in the business section of the town, and suggested that the council give some consideration to this during the coming year to provide "better class streets for a better class town."

Following some discussion on hard surfacing it was moved by J. R. Beake that the meeting indicate to the council that they favored the idea of hard surfacing the streets of the business section, and that some funds from the reserve account be expended on this project. The motion was seconded by Harry Scott and passed.

J. W. G. Morrison, Q.C., spoke on the fine reports given and moved a vote of thanks to the Mayor and Council for their untiring unselfish and unexpired services.

The meeting adjourned with the singing of "God Save the Queen."

Dance at Buffalo Centre school on Friday, Feb. 19 sponsored by the Students' Union. 33

## Isley and P. V. Students Have Principal Roles in University Play

An Isley boy, Garfield Potvin, and Donald Fair of Paradise Valley, will play the two principal roles in the comedy production of Studio Theatre at the University of Alberta in Edmonton. Mr. Fair taught at Madewood and Isley.

The Studio Theatre, Edmonton's only theatrical producing group, will present "The Braggart Warrior" as its third production of the year starting Feb. 17 and through until Feb. 27. The play has a large cast of students from the acting classes in Education 138.

The slapstick comedy of this play (written over 2000 years ago) reminds one of the type of humour found in the movies of Abbott and Costello, Martin and Lewis, and Laurel and Hardy. Bop Hope has often used the character of the Braggart Warrior as a counterpart for some of his famous film roles.

The story concerns a so-called gallant soldier who carries a girl away from her home. Her own true lover is on a mission abroad for the state; so his slave sets out to break the news to him. The slave is captured while on the water and sold to the Braggart Warrior. Here he meets his master's girl.

The slave plots with the girl and sends his master to arrange necessities for them in the house of a neighbor. The foolish watchman, set to guard her by the Braggart Warrior, discovers her embracing her real lover, but is cleverly fooled into believing she is someone else.

The captured slave convinces the warrior that his neighbor's wife is madly in love with him and that he had better plan to get rid of the girl he has carried away. After much coaxing and many gifts he persuades the girl to leave, and sets out to make love to his new woman, only to be punished for his foolishness.

Potvin will play the title role of Pyrgopolinices, the Bragart Warrior, and Fair will play the role of Periplectomenus, his neighbor. In all of the plays for this project has been delivered.

### Natural Gas for Mannville Included

## Northwestern Utilities Ltd. Announces Capital Program For 1954

The Gas Company announced that during the current year it estimates it will expend something in excess of $3,700,000 in additions and extensions to its existing plant and in the purchase of sundry equipment.

Gas production in conjunction with oil production in the Edmonton area is becoming available in increasing quantities. It is the Company's policy wherever economically feasible to provide a market for this oil field gas. With this policy in view, the requirements indicated to the Texaco Exploration Co. and the Alberta Petroleum and Natural Gas Conservation Board that gas from the Bonnie Glen-Wizard Lake area can be marketed by Northwestern's system. The location of the Texaco natural gas conservation plant is such that a 12 mile 12¾ inch pipeline is required to transport this gas to the Edmonton area. The provision for this expenditure is the largest single item in the 1954 capital appropriations, amounting to some $1,344,000. All of the pipe for this project has been delivered.

An additional $285,000 will be expended upon further extensions and improvements to the Company's transmission pipeline system. Among these proposed extensions are 6 miles of line to bring gas from the Acheson oil field west of Edmonton to the Company's distribution system; 8 miles of line to serve the village of Mannville and 2 miles of line to serve the community of Bon Accord.

Engineering studies have indicated that due to the continuing growth and expansion of the city of Edmonton it is advisable to construct a third City Gate station in the north-east section of the city. This will be tied in by one mile of 16 inch line to the Company's main transmission line running to the town of Fort Saskatchewan.

Almost $300,000 will be expended in various gas producing fields from which the Company draws its supply of natural gas. These expenditures will be made on sundry well equipment and for 6¾ miles of field lines to connect additional wells in the three fields of Fort Saskatchewan, Lost Point Lake and Legal.

The Company estimates this year it will add approximately 4,000 new customers as compared to 3,437 added in 1953. The major portion of the capital expenditure this year will be for extensions and improvements to the distribution systems in the communities served by the Company and in the provision of service lines, meters, regulators, etc., to serve the new customers. Some $70,000 will be expended under this heading.

The balance of the capital appropriations for 1954 will be expended on the purchase of miscellaneous equipment.

By the end of the year the Company anticipates that it will be serving in excess of 60,250 customers in 32 communities. These communities will be connected to 8 natural gas producing areas by 593 miles of transmission pipeline.

## Anglican W. A. Meet At Mannville — Elect Officers For Year

MANNVILLE. The annual meeting of Christ Church W.A., Mannville was held at the home of Mrs. Rutherford on Tuesday, Feb. 9. Ten regular meetings were held during the past year and this group joined with the W.A. and W.M.S. of the United Church in that church for the World Day of Prayer service.

Donations were given to European Relief and the W. A. helped canvass the town for the Red Cross drive and the Cancer crusade in April. The regular project of the W.A. in payments to the Vestry towards the general funds of the church as well as caretaking of church was met. Missionary pledges were paid in full and Dorcas work was taken care of.

Miss Sutton was delegate to the Diocesan annual in April and she brought back a very interesting report.

The W.A. assisted the Vestry in cleaning and redecorating the rectory before the arrival of Rev. and Mrs. Alcock. They were welcomed to the October meeting.

A farewell party was held for Rev. Clennett in the spring as well as one for Mr. Cutress who was here as student minister for the summer months.

The two prayer partners, Miss Milburn and Mrs. Bell were entrusted with the Magazines were sent to Rev. and Mrs. Bell.

Officers for 1954 were elected as follows:

President Mrs. A. M. Rutherford
1st Vice-Pres. Mrs. R. Hughes
2nd Vice-Pres. Mrs. Mann
Sec Treas. Mrs. R. Johnston
Thank Offering Rec. Mrs. Mann

Little Helpers & Prayer Partner Mrs. Hamilton.
E.C.D. and Collections Mrs. L. K. Jones
J. A. Sec Mrs. E. Pederson
Educ. Sec Miss K Sutton

### LADIES' BONSPIEL AT MANNVILLE

MANNVILLE. Mannville Ladies' annual bonspiel was started with two rinks on Monday night with 22 rinks, 12 outside and 10 local. The banquet was held Tuesday night at Creighton's. All 3 r's catering at the rink during the spiel

### Pansies In Bloom

Mrs Matt Farkash picked pansies in full bloom at her farm home in the Chatsworth district on Feb. 7. The flowers were evidently lured on by the real spring weather prevailing at that time

### Garden Club Organizes At Paradise Valley

PARADISE VALLEY. The organization meeting of the Paradise Valley Garden club was held in the Paradise Valley high school on Friday, Feb. 5. Mrs. Swayne has kindly consented to be the new leader. The officers elected were:

President Sharon Walker
Vice Pres Emily Swayne
Secretary Helen Jaroschuk
Treasurer Gloria Baxter
Press Corresp. Shirley Wiley

The girls are planning to have another meeting some time in the spring when Miss Fraser sends the seeds and shrubs

# Mannville Local Items

MANNVILLE.—Don't forget the Mannville and District Home and School meeting on Friday, Feb. 19 in the school auditorium. Due to the cold weather the January meeting was cancelled so the play that was scheduled that night will be presented on Friday, and the awards of the sterling silver rings will be made to honor students. This should be a very interesting meeting and all parents and others interested should attend.

Mrs. Tim O'Connor of Edmonton spent a few days last week in town, the guest of Mrs. J. Finlay.

House guests of Mr and Mrs. J. Coxford during the spiel were Mr. and Mrs Stan McGreevey, Mr. and Mrs Art Delmar, Mr and Mrs. Jack Soloway and Mr Don Anderson, all of Edmonton.

Miss Ruth Smith entertained 15 young guests at a party on Friday night last. The evening was spent in games and square dancing.

One Mannville rink, Messr. Fred Proudfoot, Jack Coxford, Wes Sargent and Raoul Bodard, is entered in the Irma spiel.

Minburn is completing their bonspiel this week. It was postponed due to the mild weather.

The Ladies' Curling club catered at the rink during the men's spiel and had a very successful week. The Junior Mix Master raffled by the club was won by Mr. Newt Cooper of Vermilion.

Play bingo on Wednesday, Feb. 24. The Jackpot prize is up to $15 now. Your chance is as good as anyone else.

Mrs. Rutherford attended the annual meeting of the Canadian Cancer society held in Edmonton last Friday.

Watch for further particulars of the Fiddlers' contest to be held on March 17, sponsored by the L.O.L.

## Agricultural Service Board Meetings

MANNVILLE. — Minburn M. D. Agricultural Service Board meetings will be held at Fidelity school on Wednesday, Feb. 24; Lake Geneva Thursday Feb. 25. These meetings will start at 7:30 sharp.

## Many Topics At Mannville Meeting

MANNVILLE.—The annual meeting of the village was held Monday, Feb. 8 at 8 p.m. in the town office. Mr. A. E. Williams was appointed as chairman. Reports of the year were given, first by Mayor Hay. He pointed out what had been accomplished by the Council during the past 12 months. Work on the water and sewerage is expected to start at an early date or as soon as weather permits. Arrangements are underway to grant a franchise for supplying natural gas to the village in time for the winter of 1954-55.

Mr. J. Coxford gave his report as fire chief and drew attention to the lack of volunteers for the fire brigade.

In the Medical Health Officer's report, Dr Hasinoff congratulated the Council on the fine work done in cleaning up the nuisance grounds and suggested that in view of natural gas being brought into the village that it would be advisable to have garbage removal more frequently than at present.

Mr. Norman Crooks reported as hospital representative of the village.

After a vote of thanks was tendered to Mr. Hay and other members of the Council and to Mr. N. Crooks new business was discussed by those present. Gas franchise. Personal property taxation. Sidewalks. Skating rink. Building permits, charges for tanks of water from the fire hall, assessment on community halls, etc., were among the topics under discussion.

IS YOUR SUB. PAID UP?

## Lacombe Spring Sale May 27-28, June 1, 2, 3

The Directors of the Central Alberta Cattle Breeders' Assoc. have set the dates for the Lacombe Spring Bull Sale as follows: May 27 — Shorthorns; May 28 — Aberdeen-Angus; June 1, 2 and 3 — Herefords. Bulls entered must be born on or after June 1, 1951 and on or before May 1, 1953. As in the past this sale will also be open to females. Entry forms for this sale will be available in the near future and entries will close April 1st. 32-3

RUMMAGE SALE

A rummage sale will be held in the United church hall on Saturday afternoon Feb. 20 under the auspices of Mrs. Hardie's group. Lunch served. 31-3

DEFICIENCY DISEASES

It is still hard for many to realize that diseases may be caused by the absence of something, as well as by the presence of a germ or virus or poison. The spectacular stories about vitamins lead people to think of 'deficiency diseases' only in terms of vitamins, but actually other food substances, such as minerals and proteins are just as important in this connection.

In fact the simplest deficiency disease is a lack of enough to eat and the resultant thinness, slow growth and poor resistance to infection are just as real a problem as any vitamin deficiency. In the midst of capricious appetites among children do not be afraid to give your child plenty of food. If he wants three eggs, let him have the good food but if he wants three pieces of pie on the grounds of being hungry give him one plus a chance to fill up on bread and butter.

PROTEINS

Proteins are the chief building and repair materials for the tissues although minerals are sometimes included in this category for their contribution to the bones and teeth. Proteins are especially needed to form new tissues during growth and convalescence from illness. The best sources of protein are: fish, poultry, meat, milk, cheese, eggs, nuts, dried peas or beans. Cereals also provide some.

Small amounts of other food elements maintain the body health and regulate its functioning. These are minerals, water, cellulose and vitamins.

About 14 minerals are important to the body but a lack of calcium, phosphorous, iron, and iodine cause easily recognizable diseases. Calcium and phosphorous help to build strong bones and health teeth. They are also important for proper functioning of the nervous system by the digestive apparatus and for the clotting of blood. A deficiency or an imbalance of calcium and phosphorous results in rickets (a fragile state of bones), poor dentition, nervousness and convulsions. Milk and cheese are the chief sources of calcium while phosphorous is also supplied by eggyolk, fish, cereals. Iron is essential for the formation of the haemoglobin in the red cells which carry oxygen from the lungs to all parts of the body. Women and children need more iron than do men.

A lack of iron results in anaemia. Good sources of iron are liver, kidney, heart, eggyolk, molasses, dried fruits, whole grain cereals, dark green leafy vegetables and maple syrup. Iodine, in very small amounts, such as supplied by iodized salt, helps prevent simple goitre.

WATER

Water is vital for the processes of digestion and elimination.

CELLULOSE

Cellulose is the indigestible structural portion of vegetables, fruits and whole grain cereals. It is useful for keeping the digestive organs functioning properly.

Uncle CHARLEY'S "Epigrins"

A feller starts payin' her compliments, then buy bills, then alimony.

That politician who is campaignin' by plane is mixin' high air with hot air.

Yep, an ounce of cold facts will beat a pound of hot air.

Wonder if it takes ambition to be ... at the ball park?

Grandpa Hedges said he was goin' out to look for himself and if he should return while he was absent Grant was to keep him there till he got back.

Some gals wear short skirts just to get long looks.

Many a chap is pushed forward by his partner on a big front.

Yep after a feller gits hitched he ought to start ...

When a feller starts gittin' tied up at the office the marriage bond has started slippin'.

The gal as neat as a pin is the first to get noticed.

# Allandale Notes

Our spring-like weather has dimished, but all enjoyed it while it lasted. The thermometer got to 50 above but since has been around the 20 below mark.

PIONEER HONORED

It was a wonderful evening on Feb. 2nd when the neighbors gathered at the Arnold home. Seven tables of euchre were enjoyed. Not until mid-night lunch did Mr. Arnold realize that the gathering was to honor him on his 70th birthday which was Jan. 18 and had to be postponed on account of the cold. John is one of the early pioneers who homesteaded in the early days and helped to improve the district.

A birthday cake baked by Mrs. Arnold, iced and decorated with 70 candles by Mrs. O. Armstrong was presented at lunch time, all lighted up and Happy Birthday written on it. Orley Omness on behalf of the community presented John with a lovely lined jacket and a purse. Although taken by surprise, John thanked all in a very fitting speech.

A gorgeous lunch, ice cream and strawberries and other goodies arranged by the hostess and helped with by the ladies were enjoyed very much. Mr. and Mrs. Dick Arnold and family were also present from town.

Congratulations also to Mr. and Mrs. John Arnold on their 34th wedding anniversary on Feb. 5th.

Miss Patsy Cross, after her graduation as a nurse in the city, holidayed at home for the first week in February.

It was a pleasure to meet with the Clandonald W. A. at their monthly meeting at the Goddad home on Feb. 3. It's nice to see such a good membership in their group.

On Feb. 1st our First Aid class was resumed after the cold weather at Campbell Lake; on the 8th at Allandale. We are grateful to our instructor in his efforts to show us pictures that evening on "First Aid to the Injured". Lunch was served and a social hour enjoyed.

This winter the ice is very shallow despite the cold weather. The thickness is only around 14 inches.

Mr. and Mrs. Tom Souder from the city were holidaying at the Rock Mead home and visiting some friends in the surrounding districts.

Mr. Gus Throdnson whas been redecorating and fixing up their home in town. They have recently had a sale for it. While in town he was keping Dad McBride company and finds him a very fine host.

Congratulations to Mr. and Mrs. Martin Gosseling (nee Rita Phillips) of Wainwright on the birth of a son, Randall, on Dec. 16.

Mr. and Mrs. Wm. Mayers were dinner guests at the Arnold home on Sunday the 7th and Mr. and Mrs. Tom Sherwood and daughters were callers in the afternoon. Mr and Mrs. Laird, Wayne, Margaret and Catherine of Clandonald were visitors at the Omness home.

It was a thrilling experience to see the letter in the paper from 'Gerry' of the Netherlands. We hope before too long his plans will be realized. The Standard does get around!

Mrs. Wm. Armstrong and son Albert leftby car on the 6th to visit a few days with her daughter Joyce and wee granddaughter and family at Royal Park. To the city where daughters Violet and family and Ruth were visited. A stop over at the Fort on their way home to see her sister-in-law Mrs. Margaret Armstrong and then home on Tuesday.

Crack down on high costs...

haul with '54 FORD triple economy TRUCKS

An agricultural meeting with lectures on weeds and erosion with picture demonstrations was held at the school on Feb. 10. Mr Buckingham and our weed instructor spoke briefly and to the point on the weed situation, raising pigs, etc. The picture on the Coronation was very much enjoyed also.

The monthly W.A. meeting held at Mrs Baldock's on the 11th was well attended all present and one visitor Mrs. Arnold. We appreciate the kindness of the men folk escorting the ladies on these slippery roads.

A speedy recovery is wished to Mother Baker who is in the Vermilion hospital and has recently had an operation.

Feb. 12 was a rather blustery ... for the fifth ... of the winter held at the McPhee home.

It was ... to have Mr ... and daughter Nurse ... Mr Joe Killion of ... and Norma and Lorne McPhee of Pelican Lake with us. A delicious lunch, ice cream along with all the goodies ended a happy evening for all.

Mr. Orville Armstrong is a patient in the Lamont hospital. We are all hoping he'll get relief from his illness soon and be well and home again soon.

Mrs Louis Baldock and son Glen motored to the city on Feb 14 to visit with daughter Beryl and family.

Closing Thought: Be honest with yourself and everybody else.

# News Notes From Your District Home Economist

MRS. WISE STEPS UP MILK IN HER MEALS

With rapidly growing school children in the family it really requires thought to provide plenty of the right food for health. Just to 'fill them up' isn't enough. They need an abundance of those protective foods - milk, eggs, fruits, vegetables and whole grain cereals. These foods supply the essential proteins for building body tissues and minerals and vitamins to keep the vital organs in good working order.

How Mrs. Wise adds more of the valuable proteins, minerals, and vitamins of milk to her meals is told by Miss Joyce Lewis, Extension Nutritionist, Alberta Dept. of Agriculture. Mrs. Wise fortifies her recipes with milk powder. Milk drinks and milk puddings for the lunch box have a double milk value. Extra milk powder goes into the regular milk drinks. She makes pudding mixes using milk powder and then uses fluid milk as well when she cooks them. She adds milk powder to cooked breakfast cereals, meat loaves, and gravies - not enough to affect palatability but enough for that extra food value.

The Wise family are particularly fond of hot biscuits. For these Mrs. Wise adds one to two tablespoons of milk powder for each cup of flour, then mixes them as usual with fresh whole milk. Served with salads, stews or casserole dishes, used as topping for a meat pie or as dessert dumplings, piping hot golden biscuits are always a treat.

The Dairy Farmers of Canada are calling special attention to concentrated milk products (milk powder and evaporated milk) during this month. Your grocer is now featuring these products on his shelves. Special recipe folders on the use fo milk powder and evaporated milk have been prepared by Marie Fraser, Food Editor of the Dairy Food Service Bureau. These are available from your District Home Economist or from the Home Economics Division, Extension Service, Department of Agriculture, Edmonton.

DO YOU LIKE QUICK FROSTINGS?

Here are some suggestions for frostings that do not require much patience in preparation.

*Cornflake Topping*

Mix together 3 tbsp. melted butter, ½ cup cornflakes, ¼ cup chopped nuts, ½ cup brown sugar, ¼ tsp. cinnamon. Sprinkle evenly over cake batter and bake.

*Pastel Frosting*

2 egg whites, 1¼ cups white corn syrup, few grains salt, ¾ tbsp. gelatin dessert, 1 tsp. vanilla.

Bring to boil the syrup and gelatin dessert in small saucepan. Pour over stiffly beaten egg whites with salt added. Beat until mixture peaks and add vanilla.

*Chocolate Frosting*

2 oz. chocolate, 1 tbsp. water, 1 and one-third cups sweetened condensed milk, ¼ tsp. almond extract.

Melt chocolate in top of double boiler. Add milk and cook over hot water five minutes stirring constantly. Add water and flavoring. Cool before using.

ISLAND HILL

There will be a dance at Island Hill school on Friday Feb. 26 with the Mulgrew orchestra in attendance. This is sponsored by Island Hill-Campbell Lake Athletic Assoc. Free lunch. Admission 60c. 33-4

DEATH OF FRANK BROOKS

On Friday night Frank Brooks passed away in the Lloydminster hospital. Frank had been ailing for many years and his death must have been a welcome relief. Mr. Brooks was a native of Michigan state but left there in his early years to spend his life in the West working at all kinds of jobs. He came to Canada over 30 years ago and worked in the Nobleford district before coming here in the 20's. He farmed for a number of years and did odd jobs around the town after moving in from the country. His great hobby was gardening and if anything could be grown Frank seemed to be able to make it grow. His funeral was held on Monday at 2 p.m., burial taking place at Lloydminster. Mr. Lea conducted the service at the graveside. The pallbearers were Messrs. L. A. Matheson, J. McAmmond, R. B. Gunn and W. A. Gunn.

FARM LADIES MEET

The P.V.F.U.A. local met at the home of Mr. and Mrs. H. E. Swayne on the evening of Feb. 10. After considerable discussion the members felt that they were in favor of the Government passing the necessary legislation to enable the farmers to set up a Producers Marketing Board when they so desired. It was felt that our M.L.A. should be informed of our stand on the matter. A report was given by Mr. Parke Dobson on his recent trip to Vancouver where he was a member of the negotiation panel concerning the threatened strike at the grain terminals. Everyone is asked to watch for the date of the forthcoming F.U.A. dance to be held in the P.V. hall soon. A hearty vote of thanks was given to Mr. and Mrs. Swayne for the use of their home. Do not forget the next meeting on March 10 at Mr. and Mrs. E. S. Murray's.

Mrs. F. Knox and Mrs. D. B. Baxter entertained the United Church W.A. at the home of Mrs. Knox on Wednesday evening. The ladies decided to scrap the old constitution and adopt the United church constitution. Mrs. K. Brassington and Mrs. J. Gordon were appointed as visiting Christian Fellowship committee. Mrs. F. Brassington and Mrs. G. Henry will entertain at the next meeting on March 9th. The devotional theme will be Women's World Day of Prayer.

The United church Sunday School teachers wish to thank W. A. Gunn for the use of his store for their sale of home cooking which was held on Thursday and also all those who helped in any way. The results of this sale will go a long way towards making our Sunday school financially independent.

Tractors, Equipment, and Building Suffer

## $12,000.00 FIRE MONDAY

A tractor being repaired caught fire in S. C. Acheson's Cockshutt warehouse late Monday afternoon, the flames spread rapidly and before it could be put out had damaged three tractors, equipment, implement parts and the interior of the building to the extent of $12,000.

The fire from the tractor caught the roof and spread rapidly through the interior of the portion of the building used as a tractor repair shop. One new tractor and two used ones were extensively damaged. The fire broke out at 5:20 p.m., the fire brigade was quickly on the scene, and in 20 minutes the fire was out.

In that short time the $12,000 damage was done, the biggest fire loss in Vermilion for several years.

Owner of the building, S. C. Acheson, was open for business the next day, Tuesday, and on Wednesday had contractors in making plans for repairing the damaged portions. The building was erected in the fall of 1952 so has been in use just a little over a year.

Mr. Acheson had particular praise for Doug and Keith Maxwell adn staff of Maxwell's Service for early help at the fire, and for the quick and efficient manner in which the fire brigade doused the blaze. Incidentally 'Ach' has two badly burned hands, sustained during fire fighting operations.

FARM SHOW FRIDAY

The Cockshutt Farm films will be shown as previously planned on Friday Feb. 26 at 2 p.m. in the Columbia theatre. The show and business as usual must go on.

## Balmy Weather Mires Vermilion's Bonspiel For Second Successive Year

For the second year in a row mild weather has played havoc with the big Vermilion bonspiel. Last year was bad enough in stages but this time all semblance of winter disappeared and after struggling along on tough ice Monday and Tuesday morning, the draws were cancelled Tuesday afternoon and evening. The 8 a.m. draw was played Wednesday then everything was postponed until further notice. Mild weather to continue was the forecast.

Warm weather of last week end heralded trouble ahead for the big spiel, and plans for converting the arena into a curling palace, which needs quick freezing weather, were reluctantly given up, however all the neighboring curling clubs came to the rescue and the use of the ice at Derwent and Clandonald, at Islay, Mannville and Buffalo Coulee offered. It was decided to use Mannville and Buffalo Coulee rinks. These with Vermilion's six sheets made 11 sheets of ice available.

At one time prior to the draw 89 rinks were entered, mild weather discouraged 7 quartets which withdrew before the draw was made, leaving 82. There was one cancellation after the draw was completed so that actually there were 81 competing rinks, the same as one year ago.

When action ceased the following rinks had reached the eights of the Challenge: Newt Cooper, Vermilion; Vern Willes, Claysmore, Chuck Thumlert, Mannville; Fred Braithwaite, Dewberry, Garney Majeau, Mannville, Roger Rowe, Vermilion. The other two brackets will be filled by the winner of Archie Little, of Vegreville vs. Aldous Kent, Vermilion; and John Eyben of Buffalo Coulee and Zazaluk of Derwent.

In the eights of the Telford, No. 2 competition are McFadyen, Cameron, Specht, Martin, while in the sixteens are C. T. Heckbert, Woywitka, Kunden, Brower, Teskey, Sutherland, Lingings, Nundahl.

330 ATTEND BANQUET

The banquet Tuesday evening in the Elks hall was a huge success with 330 curlers sitting down in the huge converted dining room. Excellent catering was by the Canadian Legion W.A. Gordon Ross was toastmaster while speakers included Mayor Heckbert, President Aldous Kent, Jack Coxford. Leading a sing-song was Dr. Ben King accompanied by Dr. Stephens and the piano. An excellent time was enjoyed at what was probably the largest gathering of curlers to sit down at a dinner together in Western Canada.

## Canadian Red Cross To Hold Series Of Meetings in District

K. A. Hodgert, Director, Swimming and Water Campaign and field organizer will visit Vermilion to hold a series of meetings where films will be shown on Swimming and Water Safety, Red Cross Activities and Comic reel.

Wednesday, March 3 at 2 p.m. in the Vermilion Jr. high school for students; 8 p.m. Allandale school sponsored by Princess Anne W.I.

Thursday, March 4, 2 p.m. in the Dewberry hall for high school students and adults sponsored by the Home and School Assoc.; 8 p.m. in the Vermilion Junior high school for adults.

Friday, March 5, 2 p.m. Kitscoty high school sponsored by Kitscoty Go Forth Red Cross branch; 8 p.m. Marwayne high school sponsored by Home and School Assoc.

## Ladies' Choral Club Resumes Practises

The Vermilion Ladies Choral club under the professional leadership of Mr. W. B. Elford has reorganized with the following officers:

President, Grace Adam
Vice-Pres., Addie Mead
Treasurer, Anne Snaychuk
Secretary, Eileen Koehli
Director, W. B. Elford.
Phone committee, Mary Hareuther, Eva Corley.
Social committee, Vessie Heckbert, Mary Mitchell, Mrs. Downey.
Press Corresp., Barbara Hill.

The club is preparing for a concert in late May. There is still room for three more sopranos. The practises are held on Tuesdays from 7:30 to 9 p.m. Anyone who enjoys singing is invited to attend. Notify Eva Corley, 149, if you wish to come.

## Islay Farmer Original Homestead Since 1904

Mr. Alvin Anson of the Islay district will be 75 years young on Feb. 28 but the remarkable fact is that he homesteaded in the Islay district in 1904 and he is still farming his old homestead.

## First Car Seed Grain

J. B. Mix delivered the first car of seed grain to the new Vermilion seed cleaning plant. The grain was Ajax oats for shipment to eastern Canada, and was sold through the Alberta Seed Growers Co-op. There is a keen demand for this variety of oats in the east.

Herman Feenstra also shipped a car load of Ajax oats to Edmonton for eventual shipment east.

Numbers previously drawn are B-7, B-9, I-18, I-28, N-44, G-57, O-62, O-66, O-75, N-37, I-19, I-29, B-5, B-10, G-54, O-63, B-4, O-65, O-72, G-50, I-26; O-67, N-35, G-53; B-12; I-16, B-15, O-73.

## Hockey Play-off Game Here Wednesday

Ice conditions permitting, the Vermilion Tigers and Wainwright Commandos will start their semi-final best two of three game series at Wainwright on Monday evening, March 1. The second game will be played in Vermilion Wednesday.

Vermilion Tigers finished in third place and this pitted them against the top rung Commandos. In the meantime Viking in second spot play the Vegreville Rangers who finished fourth.

Reserve Wednesday evening to attend the game here.

## Wade Bottorff, Six Years, Hurt In Traffic Accident

A small boy's natural excitement and hurry to get to a fire late Monday afternoon proved disastrous for 6 year old Wade Bottorff, son of Mr. and Mrs. Floyd Bottorff. Wade, whose home is in the Bottorff apartments, was excited by the Acheson Implement building fire, received permission from his mother to go, and in his hurry forgot to heed her warning to stop and look before he crossed the street. The crossing in front of the Bottorff block is usually blocked by parked cars, and Monday was no exception. The little boy ran out between two cars and practically into the front of a car proceeding south to the C. N. depot, driven by Philip Capatos. Wade was fortunate in that the car was travelling sowly, and in that, while he was knocked down and went under the car, the wheels missed him.

Wade received a deep scalp laceration on the back of his head, and a dislocated hip. His injured hip will keep him in hospital until this week end, while the Doctor will probably keep him off the leg affected for a month; he will be able to move around with the aid of crutches.

Wade is a game little fellow; he neither cried nor complained and was vainly trying to struggle to his feet when the car driver reached him.

## Many Discussions At Home & School Meet

An enthusiastic gathering of well over 100 parents and teachers assembled in the newly built Junior high school on Tuesday, Feb. 23 at 8 p.m.

Mr. E. Clendenning, the President, called the meeting to order, welcomed the fine gathering and then called upon Mr. W. L. Roebuck to read the Creed of the Home and School Association. After the reading of the minutes by the secretary matters pertinent to the Home and School Association were brought forward and discussed.

A delightful film entitled "Terrible twos and trusting threes" was shown. The film was viewed with interest by those who have children of that particular age as well as by those whose children have graduated from that level. Discussion groups were formed after the film. The high school section's topic of discussion was "The bus pupil's problem". The Junior high school section devoted their time to a discussion of "Extra curricular activities in schools". The Elementary school group discussed "The bright and slow child, also Home Influence". The Primary section discussed "Thumb sucking by the two and three year old".

The problem of safety to those children who have to use a school bus as a means of travel was discussed. It was felt that the present vehicles and highway traffic act does not provide for adequate safety of bus pupils.

Lunch was served to all the guests in the spacious lunch room under the capable direction of Mrs. Norton and the members of the lunch committee.

It is the hope of the executive that future meetings will be as well attended and that participation will be equally enthusiastic. Remember that a Home and School Assn. is exactly what the name implies, a union of the Home and School, the two agencies which occupy the greatest amount of the child's time and thus influence his development to the greatest extent.

## Play Night at V.S.A. A Complete Success

Many people from the town of Vermilion as well as students and alumni made up the large audience that enjoyed the annual dramatic presentation by the students of the school of agriculture held at the school last Saturday evening, Feb. 20.

The curtain rose promptly at 8 p.m. on the first of the three short plays, a melodrama of the old style entitled "Curse You, Jack Dalton". A comedy, "A Wedding" was next, and a fine performance of the familiar drama "The Bishop's Candlesticks" completed the dramatic part of the evening's entertainment.

All the plays were exceptionally well done and the three judges chosen to select the best actress and best actor of the evening had a difficult task to pick only two from the many who contributed so well. Their final decision in favor of Elinor Adam who played Anna Alvarado, the villain's accomplice in "Curse You, Jack Dalton", and Gerald Harle, who gave a sensitive performance as the convict in "The Bishop's Candlesticks" was heartily endorsed by those who saw the plays. The three judges were Mrs. H.J. Clarke, Mrs. N. N. Bentley and Mr. James B. Bell. The students they selected will be awarded the school's major crest for dramatics.

In addition to the plays the evening's program also included two basketball games. The first one was a competition between the girls' team from the college and one made up of former Home Economics students, and later the boys team played a team from the Faculty of Agriculture from the university. Score for the girls game was 19-11 for V.S.A. and of the boys' game 26-27 for Varsity.

## Vermilion Rink Wins Challenge at Bonnyville

Skip Aldous Kent with Newt Cooper 3rd, Carman Long at 2nd and Bill Cleland lead won the Grand Challenge event at Bonnyville bonspiel which ended Saturday evening last week. The boys brought home a nice trophy and four electric steam irons and report a wonderful time with our northern neighbors.

## Canadian Red Cross Campaign Drive Opens Monday

D. R. Mitchell and J. R. Robson are again campaign managers for the 1954 campaign of the Canadian Red Cross Society. The official date for the commencement of the drive is March 1 and it is expected that Vermilion will again respond both in town and in the rural areas as in previous years. The quota is $2600, the same as last year, but with the continued use of Gamma Globulin in the fight against polio it is expected that more funds will be required this year than ever before. Please give generously.

## Vermilion Polio Drive Reaches $1,934

The local branch of the Canadian Legion wishes to express its thanks to those who co-operated in the recent polio drive enabling this branch to exceed its original objective of $1500. Special thanks is made to all canvassers, both town and country; to all who donated so generously, and to the staff of the Vermilion Standard for space provided for advertising. The following is a list of group donations received to date:

Buffalo Coulee school $70.27; Vermilion Jr. High $44.28; Vermilion High $50.00; Vermilion Public school 68.19; V. S. A. 52.50, Campbell Lake school 9.10; Thorncliffe school 1.22; Islay 37.55; Buffalo Coulee District (Per S. Eyben) 37.50; Wildmere and Basswood Districts (Per G. Whitlock) 43.10, Carlton District (Per H. Henningson) 18.00; Eltham and Stellaville (Per J. J. Duncan) 51.50; Masonic Lodge 25.00; Rebecca 5.00; Kinsmen Club 10.00, Ladies Auxiliary to Canadian Legion 100.00; Post No. 11 Canadian Legion 150.00; Residential areas of Vermilion (collected by the Ladies Aux.) 420.95; Heatherbell W.I. 5.00, Business Section of Vermilion (including boxes in stores) 714.86; Stagette club 20.00; Deer Lake school 7.00.

It should be stated that there were no expenses charged to this canvass. Posters and coin collection cans were provided by the central committee of the Legion.

## SWAMPED!

The news department of the Standard regrets that it was unable to write several stories this week on which it has copious notes. Among these are the Canadian club meeting, data re the Vermilion hospital, a wedding, annual school district meeting. Along with this were several news bulletins, including those from Islay and Allandale, and a number of other stories including one about the Youth for Christ rally, W.M.S. annual which just didn't get set up into type as all available space was filled by Wednesday noon. Sorry but they will all be in next week.

Organizations and all others are again respectfully reminded that any lengthy articles handed in for publication should be double-spaced short lines to aid the compositor in accurate reproduction.

Variety Program Is Being Planned

## V. H. S. ICE FOLLIES OF 1954

Girls carrying figure skates, boys dashing madly about with papers and pencils, posters being put up, Peggy at the photographers — what's it all about? It's just V.H.S. preparing for its annual Ice Carnival. This enthusiastic body of students with the co-operation of the other schools are presenting the Ice Follies of '54. To start things off just right, there will be a parade on Feb. 27 to give everyone a preview of the attractions and a glimpse of those three charming Queen candidates, our Peggy Stephens; V.S.A.'s Bernice 'Cookie' Koetke and Iren Adam of the Jr. high. The big night of March 5 will mark the crowning of the Queen. The feature attractions will be the presentation of Snow White and the Seven Dwarfs by the more talented skaters of V.H.S. and V.J.H.S. while the public school will provide still more fairy fantasies like the well known Pied Piper of Hamelin. In solos and duets Joan Maxwell and Marie Miller our two Barbara Ann's will twist and twirl on silver blades to thrill us all. Then for the more sports minded people there will be those ever-exciting Chuckwagon races and Relay races with mighty worthwhile prizes.

Because a carnival just wouldn't be a carnival without a costume parade we've looked after that too. Scratch your head, and get out those needles and thimbles because everyone from pre-school age to adults are eligible to enter this grand parade for a try at the prizes.

Tickets are now on sale and are easily obtainable from any student only 50c, 25c or 15c for a grand evening of entertainment. Help make this a memorable occasion for V. H. S.

## Co-Op. Union Meetings In Dewberry District

Following a meeting with Pat Ryan, northern representative of the Alberta Co-operative Union the board of the Dewberry and District Co-operative store Assoc. agreed to introduce a series of educational meetings with films and lunch at school houses and community halls in Greenlawn, Telegraph, Rye, Riverton and Dewberry, starting Mar. 4th.

These Co-op educational and social evenings will be held in the Greenlawn hall on March 4; Telegraph hall March 5, Rye school March 9; Riverton hall, March 10; and will end with a big final Co-op rally on the night of March 11 in the Dewberry hall. The final rally will include a grand free dance. 34-5

## Vote Irene for Queen

"Two points Adam" calls the referee as Irene, Junior high school candidate for carnival Queen makes another basket for her basketball team. Yes she curls too. In fact she takes an active part in most sports. Irene is a bright student in Grade 9A and is well known by all those supporting her including the J.H.S.

This young candidate for Queen takes part in church activities also as a choir singer and a C.G.I.T. A member of the Junior high school executive she has a winning and a nice personality. You won't be disappointed if you vote

"IRENE FOR QUEEN"

## Election Excitement In Div. 7, Vermilion River Municipality

There will be plenty of election excitement in Div. 7 of Vermilion River M.D. as no less than four candidates have been nominated for the seat presently occupied by Cr. George Lawrence. Those nominated at the annual meeting of the M.D. held at Kitscoty on Saturday were D. G. Lawrence, John C. Anderson, Peter Melnyk and Thos. Lamble.

In Div. 2 Jimmie Stone is being opposed by Chris Oester while Islay way Div. 4 Pat McGuigan was re-elected by acclamation.

George Lawrence was returned to the Vermilion hospital board and D. B. Shireff and J. K. Whitesides to the Islay hospital board.

## Charles Stewart New Member Vermilion Hospital Board

MANNVILE. — A record crowd attended the annual meeting of the Municipal District of Minburn in Innisfree on Monday, Feb. 22.

Considerable discussion took place in regard to a seed cleaning plant.

Paul Frynchuk was returned by acclamation in Div. 7 for a term of three years.

In Div. 6 Edward McLaughlin will be opposed by Mike Mackney.

Charles Stewart was nominated for Vermilion Municipal hospital representative; Harry Hamilton was nominated for Mannville Municipal hospital, and W. D. Johnston was returned by acclamation to Viking Municipal Hospital board.

## Open Clandonald Egg Grading Station

The advertising columns of the Standard this week announce the opening of an egg grading station in Clandonald by the Edmonton Produce and Egg Grading station. Manager of the station is Mr. Tom Stockwell, a well known Clandonald man. 34-5x

## Donations To Derwent District Benevolent Society

The following additional donations have been received by the Derwent District Benevolent Society:

$10 P. J. Noster

$5 Rev. J. Cherkowsky, Babyn Bros., Arthur Berg, Harold Cornell, Con Selezenko, Alex Rogucki, M. Kucilie, Tom Charchun, John R. Bober, Joe Bober, C. H. Ferguson, Louis Hendel, W. C. Bober, W. A. Sakowski, Alex Bednarz, Anton Hendel.

Council Purchases New Fire Engine

## IMPERIAL BLOCK TO BE GIFT TO TOWN OF VERMILION

Minutes of the regular meeting of the Council of the Town of Vermilion held Feb. [illegible]

Present: Mayor S. C. Heckbert, Crs. M. Hill, D. R. Mitchell, H. J. Payne, G. W. Sutherland, K. G. Urquhart and [illegible] Webb.

Delegations attending the meeting were: Mr. Hemmingway re emergency gas line service. He was advised the matter would be looked into.

Messrs. G. Martin, [illegible] Watson, Alex Callas representing the Canadian Legion requesting transfer of title of Legion hall property to the branch. They were advised the matter would be discussed.

Mr. [illegible] and Mr. [illegible] Bickle-Seagrave [illegible] to discuss sale of fire truck. Council felt this matter had been discussed fully previously and did not grant another hearing.

Correspondence: [illegible] report, J. W. Dear re replotting survey and subdivision survey, Crown Assets (C.N.R.) re old immigration building, [illegible] re Imperial Block, Gordon Scott re damage to car, Western Can. *FOR WANT OF A CROSSING . . . NEAR TRAGEDY OCCURRED—*

The accident which occurred late last Monday afternoon in front of the Bottorff apartments focusses attention on a traffic situation there which should have long since been corrected. Despite the fact that there is considerable pedestrian traffic from the Texaco corner, across the street to the Bottorff apartments, the offices of the light and gas companies, and to the Brunswick hotel and back, there is absolutely no space reserved for people to walk. Cars are parked from the Brunswick corner north to the end of the sidewalk in front of the Franco Oils building. A pedestrian wishing to cross has to find an opening between two motor vehicles and then walk out into the traffic of the roadway. The natural place for a crossing, directly west of the sidewalk on First Street South practically always has cars parked on it. The result is that pedestrians knowing there is no recognized crossing break off anywhere and cross the road at considerable risk to wherever there is an opening. This, despite the fact that motor traffic from four roads converge at that particular spot, which has a dead end street. Every other crossing in town has a certain amount of space kept clear on each side for the sake of visibility and safety — here the natural space for a crosswalk isn't even kept clear itself. The Standard suggests that this dangerous situation could be eliminated by the placing of no parking signs, and that these should be placed a goodly distance apart. Such an open space would give the pedestrian a chance to observe the motor traffic, also the motorist to see pedestrians as they are about to cross the street. Such a precaution would be a major factor in preventing a recurrence of the accident of Monday, when only the fact that the car involved was moving very slowly prevented a much more serious accident.

*FOR THE CONSIDERATION OF MOTORISTS AND PEDESTRIANS—*

With the ever increasing motor traffic parents should consistently warn children of the danger of running out on to roads, playing along the roads, crossing the streets, and the most dangerous of all, that of darting out from behind parked cars or other obstructions onto the thoroughfares. A driver has little chance to avoid an accident under these circumstances. The man behind the wheel must realize his great responsibility. When driving in town, where vision is often limited, he must be prepared for the unexpected at any moment, to be able to meet the emergency he must travel slowly. 15 miles an hour is plenty fast enough when passing behind parked vehicles, approaching intersections, school areas, or past groups of children at play. A slowly moving car has much less chance of being involved in an accident in the first place, and if it is involved, does not inflict the injuries or damage of a fast moving vehicle. Be safe — not sorry for the rest of your life.

## Death of Leslie Reid At Biggar, Sask.

The many people in town and district who knew Leslie Reid, formerly of the Ottawa district where he grew to manhood, and then of Vermilion, will learn with deep regret of his early death which took place in the hospital at Biggar, Sask., last week end. The funeral services were held this Wednesday Feb. 24 at Biggar.

The deceased would have reached the age of 52 years on May 19, 1954. Les spent his early years on the family farm in the Ottawa district. He was always prominent in community activities and served on the former Melberta council both as a councillor and as reeve. He was an above average baseball player and for many seasons was a pitcher on the town team. Leaving the farm he joined the Canadian National. In 1942 he was transferred to Biggar where recently he had been operating a diesel engine on the through freight. Taken ill some two weeks prior to his death with coronary thrombosis he had received the very best of treatment and had the attention of three specialists. He was improving rapidly when a blood clot developed and caused his death.

Surviving members of the family include Mrs. Cliff Porter of Vermilion, Mrs. Herb Eckford of Reed Island, B.C., Mrs. Jacklin (Laura) of Victoria, B.C.; Mrs. Robinson (Lillian) of Edmonton; Clifford Reid of Vermilion.

At Biggar he leaves his wife, one 15 year old son Glen, while their second son Ted is studying for his Ph.D and lecturing at the University in Ames, Iowa.

Mr. and Mrs. Clifford Porter left Tuesday for Biggar to attend the funeral.

## Mannville Creamery Wins Award

MANNVILLE. — At the annual Dairymen's convention this year, James Goshko on behalf of the N. A. D. P. of Mannville, accepted a beautifully engraved tray as well as a cash award for first standing in the mould and yeast competition. Out of a possible 100 per cent, the Mannville creamery scored 99.69 points, coming first out of 48 creameries. This is a high honor when one considers the general prediatory and cleanliness entailed. The presentation of the tray was made at a stag banquet.

## Spotlight On The Junior High

"IN TURN . . . HOUSE WEIGHT!"

Seven rinks from the Junior high school entered the high school bonspiel on Feb. 12 and 13. Although we didn't come through with flying colors we gained valuable experience and did have a lot of fun. We do have a few promising curlers in our school and we hope to have a spiel of our own in the near future if we get more curling weather.

WAINWRIGHT HERE FEB. 27

On Feb. 27 Wainwright basketball and hockey teams will challenge the Junior high 'A' teams. Wainwright girls 'A' team will play our Junior high 'A' team at 9:30 a.m. in the new armories. The boys' basketball and Pee-Wee hockey teams will play Wainwright at 10:30 a.m. May the best teams win.

VALENTINE DANCE

The latest social function, sponsored by Grade 8A was the Valentine dance held on Feb. 19. Dancing was to the music of the high school band and a very good time was enjoyed.

Bryan Calvert was the lucky winner of a beautiful Ansco flash camera which was presented to the Jr. high by the Maclean-Hunter magazine campaign. Congratulations Bryan.

The work of mercy never ends. Keep your Red Cross ready for those who call for help. Give generously in March.

By Your District Agriculturist

## "GREEN ACRES"

ORDERS FOR BEES

For 12 years I have been taking orders for package bees. These orders have been sent to the Alberta Beekeepers Co-op., Edmonton. The bees are shipped direct from California so they arrive fresh and in good order. Bees will arrive about April 15. The list will be closed on March 15. After that date you will have to order your own bees. All the people who have bee hives ought to get back in the bee business.

EGGS IN THE BASKET

The manager of Alberta Poultry Producers explained to me this week that eggs would grade better if they were cooled and placed in the crates immediately after gathering. They should be placed in the trays point down, that is, with the large end up.

PIG GRADING

My assistant Jerry Moffat, has visited all the stockyards in this district on hog shipping days. He reports that generally speaking the type of hogs is good. Poor quality in most cases can be traced to the Duroc or Hereford boars. My only comment is that good type Yorkshire boars will improve our market grades.

BULLS ON LOAN

This is the last chance to get bulls on loan from the Canada Dept. of Agriculture. These bulls must be bought at the Calgary and Edmonton bull sales. Orders must be in by March 5. All that is needed is for five farmers to form a group and let me know what kind of a bull you want.

SEED CLEANING PLANT

Now is the time to get your seed cleaned at the Marwayne or Vermilion cleaning plants. Everyone cannot wait until seeding time as the plants can't handle the rush even with double shifts. See the managers right away and arrange for a date. Everyone is welcome whether you are shareholders or not.

PROTECT MOUNTAIN ASH

The bark of Mountain Ash and all fruit trees is subject to sun damage in the spring. The bark gets burned with the sun and cracks. Very often good trees die from the damage to the bark. Wrap the trunks with burlap or tar paper or stand boards on the south side of the trees.

S. H. Buckingham, D.A.

## LETTERS TO THE EDITOR

*AN OPEN LETTER*

Vermilion, Alta., Feb. 20.

To the Vermilion Board of Trade, and to the Citizens of Vermilion and District.

To all who may read this message:

At a recent meeting of the Vermilion Ministerial Association, the attention of the members was drawn to the fact that we are shortly to enter upon the season of Lent. At the conclusion of this six week period there comes the week that is often called "Holy Week", which this year is from April 11 to April 18.

It is the feeling of the Ministerial Association that in the Town of Vermilion some recognition should be given to this most sacred week during which Christian people recall our Lord's suffering and death.

We are in no way legislating, but merely suggesting that the week be observed as its name implies — "A Holy Week." To this end we would ask that all functions that are not in keeping with the spirit of this week be curtailed. To add a positive note, the co-operating Churches of the Ministerial Association have planned Holy Week services each evening (Monday to Thursday inclusive) and we trust that many will avail themselves of these services.

Such recognition of Holy Week we feel is genuinely healthy and will be of benefit to the spiritual lives of the citizens of this town and district. This we submit with all Christian humility and sincerity.

Yours faithfully,
R. Chapman,
J. T. McNair,
C. W. MacKay,
D. A. Ford.
Per Douglas A. Ford, Secretary,
Vermilion Ministerial Assoc.

Edmonton, Alberta,
Feb. 15, 1954.

Messrs. Cooper Bros.,
Vermilion Standard,
Vermilion, Alberta.

Gentlemen:

Within sight of the 1953-54 Xmas Seal objective, $123,000, I am writing on behalf of the Alberta Tuberculosis Association and its local committees to express our heartfelt thanks to the Vermilion Standard and your staff members, to your readers and to all others who have been instrumental in making this latest campaign the most successful in our history.

Tuberculosis, once the Captain of the Men of Death, can be reduced to a minor cause of death within the lifetime of many of us, if we continue to press the attack with all weapons at our command, to prevent if possible, to discover the disease in earliest possible stages, and to provide the most enlightened treatment for those who succumb.

Many lives are being saved through "combined operations" of the medical profession, the official agencies and the people, working through the voluntary tuberculosis association. It is a successful partnership, but the end is still far from realization. Complete eradication of TB is our high purpose and it can be achieved.

Thanks again, to the Vermilion Standard, and to Alberta.

D. W. Robertson, President,
Alberta TB Association.

COMBINE SALES

Sales of grain combines in Canada in 1953 totalled 16,207, western Canada bought 13,979 and eastern Canada 2,228. Western Canada by provinces: Manitoba 1,880; Saskatchewan 7,882; Alberta 4,205.

3. Do not place vessels, pails or tubs of boiling water on floors.
4. Keep matches out of the reach of children.
5. Make it a habit to keep handles of cooking utensils on the stove turned away from the front.
6. Do attend any local classes on first aid and artificial respiration.

## Tigers Tie Viking But Forfeit Game

Vermilion Tigers tied the Viking Gas Kings in the big Carena last Friday night but ended up by forfeiting the game just after the overtime session started. The regular hour's play ended with the score tied 4-4. One carload of Tiger players were delayed by car trouble and missed the first period, and this is where the Gas Kings got the jump on the Tigers, the period ending 2 to 0. From that time on it was a different story, the Vermilion club outscored the Kings 4 goals to 2 in the last two stanzas and the end of regulation time the score stood 4-4.

Shortly after the start of the overtime Patsula broke into the clear and knowing Patsy it looked to be a sure goal but he was pulled down from behind. No penalty was meted out and no penalty shot, although Viking had been given a penalty shot by the official, Haxby, earlier in the game for just such an offence. Patsula became a little too vociferous and was given a 10-minute misconduct. This disgusted the Tigers and Manyluk remarked to Kreller that "we might as well give them the game", without really meaning it — Patsula heard the remark and promptly thought that was it and stepped out on the ice. This carries an automatic two-game suspension providing the game wasn't over. So instead of losing the Patsy for two games Tigers decided to forfeit the contest and concentrate all their powers on the Vegreville four-point game here the next evening, Saturday. The irony of it was that Patsula was unable to play Saturday evening because of an injured knee, but he'll be in there for the first play-off game.

Vermilion goals were scored by Patsula, Cooper, St. Martin and [illegible].

## Women's World
## Day of Prayer

An annual event in the spiritual lives of the co-operating churches of the town is the Women's Day of Prayer. To observe this day, a service will be held on Friday, March 5 in St. Saviour's church. This service will be conducted entirely by the ladies of the various congregations and will be devoted largely to prayer and intercession for the spiritual needs of the world, for missionary efforts, and for the witness that faithful women can make for the Christian cause in their community. Any ladies of the town and district should feel free to attend the service on March 5th. 33-4

## Health Nurse Attends Busy Bee Meeting

On Feb. 17 the Bowtell Busy Bees met at the home of Mrs. Maggs with 14 members and one guest Mrs. R. Repp present. Mrs. Burton was welcomed to the club as a new member.

Mrs. Williams was the winner of the draw.

Miss Kay Stewart, Health Nurse, gave a very interesting talk on the workings of the Vermilion Health Unit, and also answered many enquiries. Mrs. Johnson, on behalf of the club, thanked Miss Stewart for taking the time to come to the meeting and assured her that her talk was greatly appreciated.

The next meeting will be held on March 10, at the home of Mrs. Scott. Miss Holms, District Home Economist, will give a demonstration on the 'Judy Dress Form' at this meeting.

At the close of the meeting lunch was served by Mrs. J. Morrison and [illegible].

## Kitscoty High School Notes

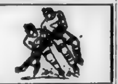
WIN FROM DEWBERRY

Hockey action resumed Wednesday night as the Dewberry team came down for a game. After being defeated twice before this winter by Dewberry, the Kitscoty boys showed better back checking and won by an 8-5 score. Cundliffe was a constant threat around the Dewberry net as he poured in six goals to play a sparkling game. Other K.H.S. scorers were Dzus and Potter. For Dewberry McFadyen got three for a hat trick and Garnier and Buck tallied singletons. Only one penalty was handed out by referee Grey and this to Dzus for holding. Linesman was Dennill of Dewberry.

CURLING DRAWS

In curling draws during the week Isley defeated Graham 6-1 while Giles blanked Kastendieck 8-0 on Tuesday night. Thursday Kent smeared Hannah 10-0 while Venance lost to Kastendieck 5-4.

## HOCKEY CHIT-CHAT



*By RAIL BOID*

The Eastern Alberta league games are over for the Tigers. The locals put on a power drive in the latter part of the schedule by winning three of their last five games. One of the two they lost by forfeit to Viking.

The last two games played by the Tigers proved to be very interesting as they lost by forfeit and then walloped Veg 12-6. In the first game the tilt was tied 4-4 at the end of regulation time, but after a hotly disputed argument over a penalty to Patsula the locals skated off the ice, thus forfeiting the game to Viking. The Tigers showed terrific power in this game as they outplayed their heavier rivals and gave the 'Gas Town fans something to worry about come play-off time. The game with Veg was the Tigers' best of the season as they scored freely to win 12-6. The locals never were in trouble and controlled the play throughout.

Les Williams taking over for the injured Jerry Patsula, turned in a sterling performance by scoring 4 goals. His hat trick was the third of the season as St. Martin and Schmidt previously turned the trick.

The second line finally found themselves in this game. Dobbyn and Koehli scored a brace each and hard-working Jerry Moffat notched one for a total of 5 goals.

The way the Tigers are flying now it appears they will not give up their championship easily. I've predicted two straight wins for an average of 1000 so while I am still reading the crystal ball correctly I'll pick the Tigers to retain their title.

And now to end on a note of interest for all hockey fans. I am going to repeat a rumor. Coffee talk now has it that the Kinsmen are getting in shape for their annual hockey classic. An unfortunate delay because of the red tape involved in regaining the amateur status of several Kinsmen players has prevented Captain Charlie Upshall from announcing these plans. However, all arrangements are underway, all players are in great shape and the date will be set and disclosed to the public very shortly.

DERWENT NORTH RURAL ELECTRIFICATION ASSOC.

The annual meeting of the Derwent North Rural Electrification Association will be held in the town hall at Derwent on Thursday Mar 4 at 1:30 p.m. S. Hawreluk of the Canadian Utilities will be present.

Offers should be in sealed envelopes marked "Tender" and be in the hands of the Secretary-Treasurer not later than noon, March 5th, 1954.

The highest or any tender not necessarily accepted and each sale is subject to the Approval of the Minister of Municipal Affairs and also subject to prior lease improvements if any.

Thomas Wilson,
Secretary-Treasurer. 3-4c

A meeting of the W.I. will be held on Monday, March 1 at 2 p.m. at the home of Mrs. Harry Maxfield.

**Two $10 Bingos And $200.00 Grand Prize Still To Go**

There are just two of the $10 bingos left. These are to be held under the N and under the G. Then of course there is the main attraction, the $200 for the full house. You can still buy bingo cards and you may clerk for one of the $10 prizes right away, or better yet you might even win the big $200.00. Remember! Just think of that and rush around and buy yourself a few more bingo cards. All the proceeds are for the curling club building fund.

## Kitscoty News

Mr. Jack Tyler of Wabamun was accompanied home for the week end by his sister Miss Ida Tyler, her friend Miss Marg Walker and Miss Marjorie Quinn all students at the U. of A. Edmonton.

Miss Marion Ingalls of Vegreville spent the week end visiting with her parents.

Mrs. McCorry was in Edmonton for a few days last week, visiting with her daughter Sheila, who is a student at the U. of A.

Mr and Mrs. J. G. Inglis were accompanied to Edmonton by their daughter Miss Jean Inglis who is a student at the U. of A.

Mrs. Jack Allair of Ribstone visited here recently with her daughter and son-in-law Mr. and Mrs. W. A. McGillan of Provost.

Mr and Mrs. L. Gabrielsen and family were recent visitors who have taken up residence here in one of the houses in Cairnsville, south of Kitscoty.

Mrs. P. Shewbeck and little daughter spent a few days last week visiting with her husband, who is employed at Whitecourt.

Mrs. Lloyd Johnston of Lloydminster Mrs. Allan (Red) Harmer of Vermilion and sister visited here before going to Lloyd to visit relatives.

Mr. Norman McDonald arrived on Friday from Edmonton. he and Mrs. McDonald spent the week end here with their mother Mrs. M.E. McDonald.

Mrs. M. Cummings of Edmonton took in the ladies' hospital at Lloydminster and spent the week end here visiting with her sister Mrs. Hooker-to-bow Mr. and Mrs. A. Franks.

The rink from here skipped by Mrs. Jack Miller, Mrs. Ed Stewart, Mrs. Boyd Mitchell and Mrs. Stan Byrt, won the rink prize in the Provincial competition at the ladies spiel in Lloydminster last week.

## VILIMEK WINKS . . .

The community joins with the R. writer in extending heartfelt sympathy to Mr. Thos. Best in the death of his wife which occurred in Falls. Ont. on Feb. 4. While Mr. Best had not been too well for a number of years he passed away suddenly from a heart attack. He had visited here in the past but many years.

The writer received a and shock on Feb. 16 when word came that Mrs. Earl Graham of Kingsbrley, B.C. had passed away. Two years ago Mr Graham lost his first wife last April he married Mrs. Kath leen Shaw of Kingsbrley. We have not received word yet as to the time of funeral. Mr. H. Graham of the C.N.R. depot is a cousin of Mrs. Graham's.

Peggy Graham who is in training in the Royal Alex hospital, spent a couple of days with her aunt of her home in Wilkmore Peggy is now on her second year and likes nursing.

George Symes and Gilbert Harrison have been busy visiting friends in our corner in readiness for the games for Thursday Feb 25th. Wallington farm and is now working at Clinton in Eastcoal.

Bobby Chabbot had to come home from Kitscoty on Monday as he was ill with swollen glands and a heavy cold.

Our weather is again very cold and when it causes a lot of sickness and is no good for curling or hockey we cannot do much about it.

Bob Martin is shipping a risk in the Vermilion spiel. along with him are Bob Mitchell, Gord Mitchell and Howard Colours. Good luck boys.

Mrs. Guy Whitlock had the pleasure of entertaining a family dinner party on Feb 17th when her mother Mrs. M. Watson, brothers Frank and Sandy of Mindrille, her sister Mable of the nursing staff Aberhart San. Edmonton, Mrs. Whitlock and band of McLaughlin. Mrs. Willie Clark and family. Mrs. Jed Martin and husband all of Triangle under her roof for a pleasant evening. It's the first time for quite a while that the family have all been together on a happy occasion.

On Saturday the writer enjoyed a pleasant chat with Mrs. Wilkinson, Mrs. Mercer, Mrs. Mrs. Barlow, Mrs. Casseron, Mrs. Harold, Mrs. Gould and Mrs. Hinton. It made the afternoon fly by meeting those happy folks. Also Mrs. Elmer Gould of Mrs. Wheatfield.

We wish to congratulate our many rural scribe on her recent marriage May Mr. and Mrs. Geo. Chamber enjoy many years of happiness.

We were sorry to read of our many scribe having a flu in her home and are glad to see her here.

Stanley Underdown of town spent the week end with Sturgeon and Hazel Whitlock of Wilkmore.

## Hazeldine Group To Play At Charles Camsell Hospital

Jimmy Monro and his well known old time orchestra "The Bronche Busters" will go to Edmonton on March 6 to give a charity program at the Charles Camsell hospital. This will be their second annual Camsell Old Time Round-Up. The first program for the patients there was given last summer.

The program itself will consist of an afternoon performance for the gentlemen's wards, and an evening one for the ladies.

The entire program will be recorded by the Camsell Chaplain, Rev. E. Rheume and will be presented later on the Camsell program on CHFA. the French network.

Another feature of the Bronche Busters visit to Edmonton will be their broadcast over CFRN's noon and country program between 1:05 p.m. and 2:00. This is before their visit to the Camsell hospital.

Due to the many requests from the Camsell hospital, which has a population of about 300, Mr. Monro and his party of entertainers have decided to make the program an annual affair.

The regular Camsell program is held each Wednesday afternoon at 4:30 dial 70 on your radio.

Incidentally the Bronche Busters will play in the Elks hall, Vermilion on Tuesday evening March 2.

## Pleasant Valley

This news bulletin was written for last week's Standard but was held over due to lack of time for setting same into type.

Last week this writer complained of this district being so dead. Well, I take the trick and wish to say that all of the ladies so that they all went curling in the 'lazy ladies' bonspiel in Mannville on Feb 11 at a.m. -- they made it too. They just had a little coasting and sliding. The snow are minding the babies and doing the cooking. We will soon see signs of worry on their brows, and perhaps the odd frown. They will be helping Jessie and Jimmy chins; and Ken will be watching out for other pins -- a different form one, a yell from another. Johnny crying, come home dear mother Daddy can't stop our colicky nights, or settle our childish fights. And here is hoping the ladies enjoyed themselves and brought home a prize or two.

Mrs. Gillies is away at Edmonton. Thanks for that lovely letter Auntie Maggie it seems a long time since we went driving together. Hurry home when we get nice weather. Hello Mrs. Jones, Frank and Jean see my lovely yellow tulips. 13 were planted in a dish and they all bloomed and are very pretty.

Spring catalogs are out with all the new varieties of flowers. Soon Marden they have a new variety of Nasturtium that will bloom outdoors before Sept. 1.

The power went off Saturday night and I can't some of us to dance. The trouble was found on Sunday morning and here, the line had snapped. Albert, did you go out and lick the cause that morning? You can't beat the old coal range for coffee!

## Tigers Unleash Great Scoring Punch In Defeating Vegreville 12 to 6

The last of the regular league games was played here on Saturday night between the Vegreville Rangers and local Tigers. The game itself was for four points, that is, it took the place of two other games, and meant that the winner moved into third place in league standings. The Tigers unleashed a terrific scoring punch, ran in 12 goals during the 60 minutes to the Rangers 6. Tigers thereby earned the right to meet the league-leaders, the Wainwright Commandos in the semi-finals for the championship. The roller-dwelling Rangers clash with the second place Lac Kings of Viking. More details of the playoff series will be found elsewhere in your Standard.

Les Williams moved up to the front line Saturday night and this injected scoring talent to spare into the first string and each of the other lines simply followed suit. Les himself notched four goals. St. Martin, Dobbyn and Koehli two each. Moffatt and Schmidt 1 apiece. For the Rangers were tough on the penalty box as a result of an interference penalty. The Tigers turned on the power and as sometimes happens. Elliot made a clean break while all the locals were inside the Veg blue line. The Ranger was all by himself all the way down the ice but was foiled by the cool and foxy La Furte.

Saturday's fracas was wide-open and clean with only six penalties being handed out. Of these four went to Vegreville and two to the Tigers. Dobbyn and Les Williams drew out several heavy bodychecks very close to the bench and finally ended a 2 minute rest period in the cooler and behaved himself from then on. Referee Haxby also enforced rest of the Edmonton rearguard Les Williams notched a goal. Vermilion fans particularly like this open type of hockey with a minimum of boarding, fancy stuff and ugly stuff.

Referees, Haxby and Carroll

LINEUPS

RANGERS — Lesuik, Bandura, Hodina, Lesuik, Hole, Vegreville; Bay, R. Stefaniuk, Meldrum, Van Deelan. Butler, Foley, Elliot, S. Stefaniuk.

TIGERS Laporte, B. Williams, Mantyka, Koehli, Keller, Linke, L. Williams, St. Martin, Schmidt, Cooper, Moffat, Dobbyn, Koehli, Barr, Les Williams.

## Regional Conference Of Boards of Trade Friday, March 12

Community and regional development problems will be discussed along with boards of trade and chamber of commerce operating techniques at regional conferences scheduled for St. Paul on March 11, Edmonton on March 10 and Wainwright on March 12, George O'Brien of Vegreville is president of the Associated Chambers.

Delegates from local and chambers in surrounding communities will spend a full day at each of these conferences, which are sponsored jointly by the Associated Chambers and the Canadian Chamber of Commerce. Boards and chambers in the conference centres will be the hosts and assist with the planning and program

The conference program in each case will cover such topics as the community activities of boards and chambers, the role of the Junior Chamber in the community, approaches to government, and the work of the Alberta Association. Discussion of problems will be stressed.

# Health Unit Notes

*(Continued from last week)*

VITAMINS

Little wonder that the average parent is baffled by the multiplicity of advice and preparations concerned with vitamins! What can you believe about vitamins"

Vitamins are real things. A vitamin is an organic food substance needed to maintain life, but in such small amounts that it cannot be seen or tasted in foods Vitamins may be lacking from your food at times, and this may be a very serious thing, even leading to death Recent research has suggested several ways in which a slight lack of certain vitamins leads to much vague ill-health This lack of vitamins in the food, which causes disease and even death, is usually caused by faulty eating habits People do not get enough to eat, or they avoid foods rich in vitamins because of some fad or by accident Fore's rich in vitamins other called protective foods. are milk butter fresh fruit vegetables whole grain cereals and some meat Half of your food money should go into these items

VITAMIN A

Vitamin A. If lacking, causes a disease inside the eye known as 'night blindness' Night blindness involves a slow recovery of the eyes from the effects of a bright light. If the deficiency continues growth stops, one becomes more susceptible to infections the skin dries and the eyes become sensitive to light The best foods for vitamin A are apricots carrots, chard lettuce, liver, red peppers, spinach sweet potatoes and sometimes butter. It is somewhat destroyed by heat. It is stored in the body Daily needs: Child 1000-5000 International Units

VITAMIN B

Vitamin B is 'the' vitamin that was found to be a mixture of many vitamins. There are at least 10 important to humans but thiamine riboflavin and niacin are the best known. They are important for the proper use of energy foods

B1 or thiamine is the anti-neuritic and beriberi vitamin In its absence neuritis may develop Loss of appetite and lack of intestinal movement are among the earliest symptoms, but of course are often caused by other things than a lack of B vitamins To get enough eat more whole grains yeast, liver milk molasses peanut butter and pork. Thiamine is water-soluble and destroyed by heat so is easily lost in cooking, especially when the water is discarded. Daily needs: Child, 0.5 milligrams.

Riboflavin (used to be called B2 or G) is water-soluble and plentiful in milk liver, eggs and wheat germ. Lack of riboflavin may result in itching of the lips and eyes sores at the corners of the lips, red dish tongue, etc. Child needs about 1 milligram daily

Niacin (also called nicotinic acid and nicotinamide) prevents pellagra diarrhoea, dark scaly dermatitis and even mental changes Pellagra is not common in Canada Niacin is found in liver wheat germ yeast and meat Children need about 5 milligrams daily

# Girls 4-H Club Complete Projects

MANNVILLE. The Girls' 4-H club held a successful tea in the parish hall on Saturday, Feb. 12.

They have completed several activity projects, the tea being one of them, and are now working on dishes. The next meeting will be held at the home of Mrs. Gamble where the girls will demonstrate their sewing to the club leaders. They hope to also have a talk by Mrs. Bob White on the care of the hair.

The club leader and executive members plan to attend the regional conference in Vermilion on Feb. 26th.

**"CLASSIFIED ADS"**
**Payable Strictly in Advance**

The rate for Classified Advertisements is 3c per word straight—CASH with order. Ads phoned in must be paid same day, or in the case of rural residents the same week. An extra charge of 25c will be made for any advertisement not paid as above. If ads contain more than 20 words add 2c per word to the initial 50c charge.

## Win At Mannville Ladies' Bonspiel

A rink of Vermilion lady curlers skipped by Mrs. Eva Corley with Jean Rowe, Anne Wright and Fleta [illegible] won first prize in the second competition at the Mannville ladies bonspiel held last week. They lost their first game to the rink which won the Grand Challenge, and then went on to win five straight games to annex the trophy in the No. 2 competition.

## Ladies Make Donation To Curling Club

The executive of the Vermilion Curling club acknowledges with sincere thanks the donation of $65 from the wives of curlers who do not curl. This money was the proceeds from ladies bonspiel banquet which was catered to by this group of ladies. The generous action of the ladies is very much appreciated and the money will be put to good use in finishing the curling rink.

Mrs. Elizabeth Beal passed away suddenly at her home 53 Falcon St., Toronto, on Feb. 4, 1954 in her 84th year. She was the beloved wife of W. J. Beal who is now 88 years of age. The deceased was the mother of Mrs. G. W. Condie (Myrtle) and the late Alfred Beal. A number of old timers in Vermilion will recall that Mr. and Mrs. Beal lived here for a number of years, the former conducting a tailoring business. They left to move to the east where they have since resided.

Mrs. Henry Eyben received the sad news on Tuesday of the death of her eldest brother, John Johnson of Popjoy, Iowa.

I. Miller returned to town last week end after a six weeks vacation during which he travelled as far south as Los Angeles, and east to Omaha. During his time away he visited relatives and made a few business calls.

## Bowtell Lady Wins New Sewing Machine

Mrs. Johnson was very lucky recently on "Take a Chance" program as she won a lovely new sewing machine.

A nice crowd attended the card party Friday evening. Prizes went to Mrs D Harrison, Miss Maybelle Knutson and Margaret Robinson. For the gents, Vic Dedelly, Jack Simenick, and Dorothy Gow playing as a gent.

Mrs Tweedy and Jean Harrison are busy spring cleaning getting finished early eh ladies'

Charlie Pierman has purchased a quarter section of land on Sec. 5.

The writer and family were pleased to have Mrs. C Pierman visit them on Tuesday evening.

Don Harrison has a new Case tractor.

Visitors at the Sherwood home Sunday were Mrs. Cummings, Miss Millburn, Mr. J Hope, Mr. and Mrs. Johnson, Mr. and Mrs. Lippert, George Gow, Jack Bowman and Bill.

Visitors at the Robinson home recently were Mrs. Belsheim and Granny Robinson of Tulliby Lake, Isabell Sherwood, Rena Ronaghan and Kenny Riedale.

Mr and Mrs. Dedelly were Sunday guests at the Jones' home.

Mr and Mrs. Tweedy and Mr. and Mrs. Freestone were busy curling last week at Islay.

A new record player was recently purchased for the community hall.

Mr and Mrs Tweedy were visitors to Edmonton over the week end.

---

Mr. and Mrs. K. G. Urquhart, Mrs Doug Cooper and son Dene were visitors to Edmonton and Redwater Tuesday, returning home the same evening.

## Salvation Army Corps Report Successful Year

Reports presented at the annual meeting of the local Salvation Army Corps revealed gratifying increases in finances, attendances, and spiritual growth during 1953.

Financial reports disclosed that most sections were in a healthy condition and that the past year saw a record amount contributed for local Missionary and Social Service projects. In addition, advances were recorded in attendances in the majority of departments.

The band report spoke of its contribution to the Corps, as well as to various community efforts. A number of used instruments had been purchased, and regular Sunday morning visits to the hospital, when the weather permitted, are much appreciated by both patients and staff.

Reference was made by the Corps officer, Capt. R. Chapman, to the plans that he had outlined at last year's meeting, and he stated that 1953 saw all but one of these desires fulfilled. The building of a new Officers' quarters was much cause for rejoicing and reports revealed that only $500 was now owing on this project. The former residence is serving a very useful purpose and it is hoped that 1954 shall see further property improvements. Sufficient money has also been contributed for new seating for the citadel, and in addition a new platform, pulpit and altar will shortly be erected.

During the evening two films, "The Quality of Mercy", and "Salvation Battle School" were shown, and appreciation expressed to those who had labored so faithfully in the various departments.

The meeting closed on a note of praise and thanksgiving to God for His guidance during 1953, and an act of consecration for the future.

## Annual Meeting Of Happy Hour Group Held At Mannville

MANNVILLE.—The Happy Hour W.A. of the Anglican church held their annual meeting at the home of Mrs. R. Lugg on Monday, Feb. 22 with a good attendance.

## CLANDONALD UNITED CHURCH W. A. HOLD REGULAR MEETING

The January meeting of the Clandonald United church W. A. was held at the home of Mrs. Barclay with 11 members and one guest present. Mrs. Laird gave a report on the parcel of clothing sent to the United church hospital at Bonnyville. Clothing for babies and children is always needed.

Mrs. R. Feenstra gave a very interesting talk on their recent trip out from Holland.

Rev. C W. MacKay is holding services every second Sunday at 3 p.m. at the Clandonald United church.

Any who are not attending the family night services at the United church in Vermilion on the first Sunday of each month are really missing a treat. The film alone is a grand sermon. The sing-song and fellowship hour after service is a real privilege to attend. On Feb. 7 the young people of the church conducted a very fine service.

The February W.A. meeting was held at the home of Mrs. Goddard with 12 members and 3 guests present. A motion was made to donate $10 to the Vermilion polio fund. Mrs. Peck gave an interesting talk on materials and their care. The next meeting will be at Mrs. Goad's on the evening of March 3.

On Jan. 13 the Clandonald W.A. group were guests of the Allandale W.A. ladies at the home of Mrs. Herb McPhee. This was a very enjoyable afternoon with Miss Shirley Holms the guest speaker on 'Color in the Home'.

## Standard Arranges for Session Coverage

## Discussion Of Many Vital Problems Forecast In Speech From The Throne

Realizing the widespread interest of its readers in the vital matters to be brought before the Alberta Legislature during the present session the Standard has arranged for coverage right from the press gallery in the Legislative Hall. These reports will be carried each week in a special column while the session is in progress. The members of the Alberta Weekly Newspapers Association have joined forces to make this service possible.

EDMONTON. — The second session of Alberta's 12th legislature started last week with not one bang but 15 of them as the 20th Heavy Anti-Aircraft Regiment (Reserve Force) spelled out the Royal Salute on their 25-pounder guns, heralding the arrival of Hon. J. J. Bowlen, lieutenant-governor, to open the session.

There was plenty of color for the age-old ritual. A red carpet covered the marble of the main stairs from the legislative building lobby to the door of the assembly chamber. It was flanked by green plants and multi-colored blooms of fresh flowers. In the assembly chamber flags hung from the galleries. There were the gold braid and uniforms of the lieutenant-governor's personal escort and Mr. Bowlen's own highly-decorative Windsor uniform. Almost as traditional were the colors of the gowns of the many women who attended the ceremony as the wives of prominent public and private officials and in their own right as prominent persons.

Couched in general terms, the Speech from the Throne, as read by His Honor and written by the government, contained references to the farmers' difficulties with hail and windstorms, rising production costs and dropping produce prices.

Despite its brevity (about 2000 words) it contained potential material for some heated debates. Among the possible flame-producing sparks are the questions of natural gas and its export from the province and government proposals to solve the teacher shortage.

AMENDMENTS TO M.D. ACT ASSESSMENT ACT AND SCHOOL ACT

Of special interest to rural Alberta will be amendments to the Municipal Districts Act, the Assessment Act and the School Act. The government also served notice of its intentions to extend its program of financial aid to rural power co-operatives and its scheme of driver-testing, the latter to cover the whole province.

TEACHER SHORTAGE

Details of the government plans for alleviating the teacher shortage were not intimated in the Speech. "Measures designed to relieve this shortage will be submitted for your consideration," was the only statement in this connection.

Where observers see the tinder-box in this situation is in the many suggestions, some from well-placed sources, that the government has been considering reducing the qualifications necessary for teacher certification.

Rumors say the proposal is to establish six-week summer courses for Grade 12 students and allow them to begin teaching at the end of the course, subject to further training in subsequent summers. Although there has been no affirmation or denial, opposition has been voiced by teachers, home and school associations and other interested organizations.

NATURAL GAS EXPORT

In connection with natural gas the government will submit legislation for the establishment of a provincial company for the construction and operation of a trunk line gathering system for natural gas. This was one of the recommendations of the last report of the Alberta Petroleum and Natural Gas Conservation Board.

While such a system would be designed primarily to gather Alberta's surplus gas and feed it to an east-bound pipe line, the government also believes it will make possible an economic supply of gas to many Alberta communities.

It is understood the company would not be a crown corporation and that the legislation is designed only to provide the provincial government with more control than it would have if the company were formed only under federal incorporation.

HIGHER MUNICIPAL AID AND SCHOOL GRANTS

Among the items to which there should be little resistance are government plans for more municipal financial aid and higher grants for schools.

The preliminary round over in the first day, the speech making started Friday, then was adjourned for the week end to resume Monday. Many of the speakers will take the debate on the reply to the Speech from the Throne as their opportunity to make themselves and their constituencies better known.

The afternoon 'dronings' also accomplish another object — that of filling in the time until the government's budget, the estimates of how much government of the people, by the people, and for the people will cost this year, is ready. The budget is expected to be introduced by Premier Manning early March.

## Islay Hospital Board Passes Budget

The regular monthly meeting of the Islay Municipal Hospital board was held in the hospital on Feb. 6. Present: Mr. G D. Jack, chairman, Messrs. D. Shirreff, A. Wood, I. Inman and the secretary.

The minutes of preceding meeting and the financial statement were adopted as read.

The 1954 budget was passed on the basis of application for $16,000 municipal requisition, the same as last year.

Two resignations were presented and accepted, and ads authorized for replacements.

Salaries and accounts were ordered paid as approved.

Matron's report: In hospital Jan. 1, 6; admitted 28; discharged 29; remaining 5; births 1; operations major 2, minor 2. Receipts $2534.60.

Adjournment to meet March 6.

Salaries $1125; Phone 8.05; Utilities 77.75; postage 14.00; Eileen Young 13.40; Neil Shook 72.00; Assoc. Hospitals 40.00; Lloyd Times 15.68; S. C. Heckbert 12.00; Jas. # OBITUARY

*MRS. SARAH CRUTHERS*

Friends and neighbors were deeply shocked and saddened to learn of the sudden death of Mrs. Sarah Curthers on Feb. 11. She had been in apparently fair health, but was stricken suddenly and entered the hospital the previous evening where she passed away early Thursday morning.

The late Mrs. Cruthers was born [illegible] Island, Ont., July, 1884 and was the widow of the late George Cruthers of Wildmere who predeceased her ten years ago.

The deceased [illegible] all her [illegible] ried life on the farm home at [illegible] mere and since her husband's death had resided in Vermilion.

She was an adherent of the United church and will be missed by a large circle of friends and long remembered for her cheerful disposition and kindly neighborly acts. Left to mourn her loss are three daughters Mrs. Harry Phillips of Worseley, Alberta; Mrs. Jack Marfleet, Vermilion; Mrs. Albert Smith, Vermilion; two sons Clifford of Vermilion and Russell of New Westminster; two brothers Robert of Vermilion and Joseph of Ontario.

An unusual coincidence was that Mrs. Cruthers' only sister, Mrs. Thomas of Eckville passed away eight hours before Mrs. Cruthers and her funeral was held at Eckville at the same hour that Mrs. Cruthers' funeral was being held in Vermilion.

There are 37 grandchildren and four great granchildren.

The funeral service was held on Feb. 15 from the Vermilion United church. Rev. C. W. MacKay officiated with Mr Jack Brown as organist.

Mr Tom Watts sang a beautiful solo "In the Garden" and her favorite hymns "Safe in the Arms of Jesus" and "What a Friend We Have in Jesus" were sung.

The well-filled church bespoke the esteem in which the deceased was held.

Pall bearers were all old friends and neighbors of the deceased, Melvin Hill, Fred Maddex, George Wilson, George Haines, J. C. Wallington and Lloyd Howard.

Beautiful floral tributes were received from the following:

Contributions to the Canadian Cancer Society: Mr. and Mrs. Ivor Larsen and Gladys; Mr. and Mrs. Capatos and Mrs. Cavil; The Happy Gang Sewing Group; Mr and Mrs. W Clifford; Mr and Mrs. F. T. Maddex; Mr. and Mrs. George Harrison; Sig and Cora Lindroth; Frank and Emma Eyben; Mr and Mrs. David Brown and family; Mr. and Mrs. Sheldon May; Mr. and Mrs A. E. Frissell, Bert and Olive; Mrs. A. E. Reel; Mr. A. Osterberg; Mr. and Mrs. Alex Marian.

Beautiful floral tributes were received from the following:

Selena, Harry and family; Cliff, Naomi and family; Grace, Jack and family; Marjorie, Albert and family; Gladys and Lloyd. Mr. and Mrs. Wm. McGinnis; Mr and Mrs Clarence Neis; The Maxwells; Mr and Mrs J A Isley and Mr. and Mrs. Ken Isley; Mr and Mrs. Albert West and Mr. and Mrs. Elmore Stewart; Mr and Mrs Henry Smith and Mr and Mrs. Ted Riley; Mr and Mrs. R B Carmichael; Mr and Mrs. Tillinger and family; Mr and Mrs. A. Reed; Mr and Mrs. John McKeague; Mr and Mrs. George Webb; Mrs. Hawksworth, Claude and Louise Bishop; Mrs. Reed Sr and family.

Cemetery Fund: Mr and Mrs. J M Wilson; Mr and Mrs. R. Martin, Mr. George Wilson; Mr and Mrs. Frank Gibson; Mr and Mrs. Wilson Ford; Mr. and Mrs. John Bathe, Mr and Mrs. Waldon Westman, Mr and Mrs Bud Bathe, Mr and Mrs. Fred Haines, Mr George Haines, Mr and Mrs. Ray Osterberg, Mr and Mrs L. H Fadden, Mr and Mrs Guy Whitlock, Mr and Mrs. Wm. Whitlock, Mr. Thos. Best, Mr. and Mrs. Albert Holte and Baillie; Mr. and Mrs W T Garnett; Mr and Mrs. W J Garnett and family, Mr and Mrs Robert Smith, Wildmere W. I.; Mr. Lawrence Graham; Peggy Bobby and Kenny Graham; Mr and Mrs Roy Dibben, Mr and Mrs D Dibben, Mr and Mrs Harry Howard; Mr and Mrs J C. Wallington, Mr. and Mrs. W. Waldeneger, Anne Elmer and family, W. J. Moses, Roy and Robert, Mr and Mrs. A. W. Elliott, Mr. and Mrs. Howard Coburn and Mr. and Mrs. W. D. Newman; Leona and Bill, Mrs. Kehoe; Eunice and Lawrence

Mount Auburn Cemetery fund: Mildred Gilbert and family.

Auburndale United Church fund: Gordon and Ruby

Crippled Children's fund: Mr. and Mrs Harry Marfleet; Mr. and Mrs Ted Marfleet; Mr. and Mrs. W E. Steele; Mr. and Mrs Irene Currie; Grace, Darrell and Doreen Mary, Charlie and boys; Marguerite and Cecil; Mr. and Mrs. John Eyben and family; Noonan Family

Polio Fund: Alberta Women's Institute; Mr. and Mrs. Frank Dibben; Mr. and Mrs. George Dibben; Mr. and Mrs. Ken Kennedy; Grace, Bill and Chris; Mr. and Mrs. B. C. Lysons and family, Mrs. J W. Lysons, Mr and Mrs A. W. Lysons; Mr. C. Lewis.

United Church Building fund: Mr and Mrs. H. Hodgins and Elma.

United Church Memorial fund: Mr and Mrs W D Williams.

Gideon Memorial Bibles: Mr. and Mrs E. Clendenning

*CARD OF THANKS*

The family of the late Mrs. Sadie Cruthers wish to thank relatives, friends and neighbors for the kindness, sympathy, floral offerings and donations received during their sudden bereavement.

Selena, Grace, Marjorie, Clifford, Russell and families.

# Mannville Ladies Hit Good Weather For Bonspiel

MANNVILLE.—The annual bonspiel of the Mannville Ladies Curling club was held Feb. 18 and 19 with 22 rinks entered. 6 from Vermilion, 1 each from Minburn and Buffalo Coulee, 1 from Chauvin, 3 from Mannville of non-regular curlers and 10 local rinks. There were very good prizes, electric clocks which were first in the Merchants, donated by Candaian Utilities, Vegreville, cad talbes, also in the Merchants donated by T. Eaton Co.; and the club wishes to also thank the following local merchants for their assistance with the prizes, Johnston's Furniture, Leitch Hardware and Midland Hardware.

The banquet, served buffet style, was put on by the Club, assisted by Mrs. Pederson and Mrs. Hughes, on Tuesday evening. It was a delicious banquet and the ladies are to be commended upon it. Mrs. Proudfoot, the President, welcomed the visiting curlers, the welcome was replied to by Mrs. Lois Staden of Buffalo Coulee. The Chauvin rink with Mrs. Wilson as skip came prepared with their usual ditty. This year it was a parody on "Tell Us a Story".

A duet by Norma McLuckie and Doreen Gerhart, a solo by Betty Proudfoot, a recitation by Mrs. Elsie Barlow of Edmonton, and a parody on "O Women" by Mrs. Joan Legg and Mrs. Barlow completed the entertainment for the evening. All numbers were much enjoyed.

The following are the winners of the various events:

Grand Challenge: Mrs. Helen Leitch; Mrs. Lena Williams, Vermilion; Mrs. Linda Scoggins; Mrs. Anne Wilson, Chauvin.

Merchants — Mrs. E. Carley, Vermilion; Mrs. Ethel Mercer; Mrs. Erna Gerhart; Mrs. Mabel Majeau.

Citizens — Mrs. Norma Ewing; Mrs. Bren Hasinoff; Mrs. Muriel McLuckie; Mrs. Nancy Coxford.

Special Prizes— First off the scoreboard, Mrs. Scoggins; first largest end, Mrs. McCaig of Vermilion; first loser of all games, Mrs. May Proudfoot.

## There Are Jobs

We haven't run out of jobs in Canada by any means, declares The Financial Post. There is work waiting to be done on our new frontiers. We may have to work a little harder. We may not be able to pick and choose as we have been doing in the boom period since the war. But this country was built by men who were not afraid to go after jobs. It cannot hope to continue to prosper and sell its production on the markets of the world if we sit back and wait for the jobs to come to us.

—REV CHARLEY GRANT

# NEWS from CLANDONALD

*(Held over from last week)*

The light snowfall during the past few days has greatly improved conditions caused by the recent unusual mild spell. For those of us who still have to depend on horses for light hauling jobs conditions were exceedingly treacherous. One farmer reports having to destroy a cow which was severely injured by slipping on the ice, but so far any accidents reported by residents have luckily been of a minor nature.

THE OLD MILL WHEEL

The recent article about the old Frog Lake mill wheel was very interesting and Mr. MacGregor is to highly commended for his interest in affairs pertaining to the early days. Also much credit is due those responsible for devoting their time and efforts in having this interesting old relic set up in a spot where many thousands will see it who otherwise would be unaware of its existence.

RECALL DR. SAM LAYCOCK

Doubtless many have heard of Dr. Sam Laycock and readers of Macleans would learn much about him in an article published about two months ago in that magazine. About forty years ago Dr. Laycock, then a student minister, was in charge of the Methodist field here which was then comprised of Dewberry and Wellsdale. Old timers who attended the little church which was located on the Hagen farm about two and a half miles east of Clandonald, will probably remember him.

GOLDEN WEDDING

Congratulations to a couple who were amongst the first to locate in what is now the village of Clandonald, Mr. and Mrs. James McKinnon. They plan to celebrate their golden wedding anniversary March 2. The MacKinnons left here about eight years ago and since that time have made their home at Wetaskiwin.

SUCCESSFUL BINGO PARTY

The bingo party and dance put on by the local F.U.A. in the Columbus hall on Feb. 5 turned out to be a very successful affair for the sponsors. Favored with almost perfect weather the bingo was well attended while the turn out for the dance far exceeded all expectations.

APPRECIATE NFB FILMS

It appears the people of this district really appreciate the high quality of the films sent out by the N.F.B. Attendance at the last show was more than double any previous ones and judging by remarks passed was very much enjoyed. Next show is billed for Tuesday, March 9 commencing at 8:30.

WIN AT ELK POINT SPIEL

Local curlers did very well at the Elk Point bonspiel. A rink skipped by Jim Foy of the Bank of Toronto was successful in winning the Grand Challenge, bringing home the cup and four valuable sweaters. Other members of the rink were Frank Koran, Don MacPhee and Elmer Gower.

Another rink skipped by Bill Specht journeyed to the Edmonton spiel and although not successful in bringing home any trophies reported a grand time. Others making up the Specht rink were Henry Dyjur, Mat Maik and Eddie Bykewich.

*(Held over from last week)*

Most folks hereabouts didn't particularly enjoy the January weather. The first week of February took us to the other extreme, and though it was very agreeable it didn't last long enough!

Roads became very muddy. There were miniature sloughs and bare fields with cattle out on pastures as though it were spring. Now, following last week end's snowing and blowing, some side roads are drifted in, and motor travel is rather precarious with icy roads covered by the snow.

The sympathy of the community is extended to Mrs. M. Tovell on the passing of her brother, Mr John Letts, in Ontario. Mrs. Tovell travelled east to attend the funeral services and has now returned to her home here.

The February meeting of the F.U.A. local was held at the home of Mr. and Mrs. Ralph Wilson on the 8th with 11 in attendance.

Little Miss Carol McGaughey of town was a visitor at the home of Mr and Mrs. Cyril Davis last week.

We wish Mrs. V. Patterson who has been confined to hospital with rheumatic fever, a speedy return to good health.

Arthur Tovell, who recently underwent medical treatment at the Elk Point clinic is out and around again.

Mrs Wilmot, a former resident of the King Edward district and now living in Trail, B.C. was a visitor at the home of Mr and Mrs. Harry Good last Sunday. She was accompanied by her daughters, Mrs. Margaret Kizlak and Mrs. Gladys Seal and Mr P McCormick, all of [illegible]

Congratulations and good wishes for a very happy future are extended to Mr and Mrs Mike Malik, of the Indian Lake district.

Mr and Mrs Steve Sturt and family visited at the home of Mr Sturt's brother at Mannville last Sunday.

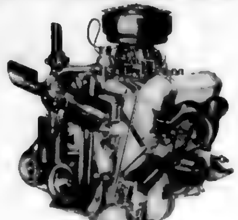
Mightiest power range ever offered in MERCURY TRUCKS now... 7 great V-8 engines from 106 Hp. to 170 Hp.



ENGINE POWER FOR ANY LOAD ON ANY ROAD! THE RIGHT POWER TO SUIT YOUR NEEDS!

Here are the mightiest and most efficient engines ever built into Mercury Trucks. All are specially designed for long-lasting truck service by Ford of Canada.

The expanded range includes four completely new Overhead Valve V-8's. Modern "short stroke" design prolongs engine life, cuts friction loss. As a result, Mercury engines develop as much as 28% more usable power. Here's outstanding economy, too, for Mercury V-8's have less cubic inch displacement than other engines, thereby giving greater gas economy.

For you, this means top operating economy, less maintenance, better flexibility and power response with an engine that's built to master your hauling jobs.

MERCURY OFFERS OVER 125 MODELS in 10 great series, 18 wheelbases, models from 4,000 to 40,000 lbs. G.V.W. ... safer, more comfortable Driver-engineered cabs ... for your business.

# Car Sales Hit All-Time High

OTTAWA Canadians last year bought more new cars than ever before but the smallest number of new trucks since 1949.

The bureau of statistics Thursday reported that sales of all new motor vehicles in [illegible] 15% above the 400,777 sold in 1952 and more htan four times the 114,747 sold in 1939.

The previous peak was 420,885 vehicles in 1950.

Car sales jumped 23% from 1952 to 358,061, while commercial vehicle sales dropped by 5% to 108,226.

The average new car cost $2566 which is $22 more than in 1952, $837 more than in 1946 and $1426 more than in 1939. — Journal

# Tips on Touring

By Carol Lane

Women's Travel Authority

You can pack your hubby's bag as efficiently as your own and do him a welcome favor — if you'll remember these suggestions

Make a check list of everything he needs to take along so that you don't forget anything.

To keep his shirt collars from mussing, pack his socks and extra handkerchiefs inside the collars. Old socks slipped over his shoes will keep them from soiling other items.

If your husband uses an electric razor don't forget to pack a safety razor, shaving cream and brush too. Some hotels don't have the proper current or lack electric outlets in the bathrooms.

Other items which may come in handy are:

Extra book matches, a knife-cork screw-bottle opener combination, a miniature whisk broom, nail clippers and fingernail file, small sewing kit complete with extra buttons for his shirts, talcum powder and aspirin.

A little surprise such as a new pocket novel, pack of cards or the latest family snapshots will make him think of you while he's away.

ORDER your Counter Check Books from the STANDARD

# REPORT to the PEOPLE

BY ROBERT FAIR, M.P.
BATTLE RIVER

UNEMPLOYMENT QUESTION

For the past number of weeks the question of unemployment in Canada has been mentioned on several occasions from all corners of the House of Commons, and on Feb 15 16 and 17 all of the time in the House was devoted to a discussion of the problem, this opportunity being taken advantage of by the moving of an amendent to a motion by the government to go into committee of supply.

From time to time the question of unemployment in certain parts of Canada forms the basis of questions adressed to the Minister of Labor in the opening of parliamentary proceedings, and on one such occasion the Minister stated as follows "For some, import competition has become keener. This has been particularly true in the case of clothing, textiles and electrical appliance industries. Others, such as saw-milling, farm implements and certain base producers have found world markets becoming increasingly competitive. Forestry operations in Eastern Canada are currently proceeding at the low levels of last winter, partly because of improved technology in forestry operations, and partly because of softer lumber and pulp markets. Aside from the difficulties experienced by some industries, there has been a tightening up of many sections of the economy and as has been the experience of other trading nations, we have gradually moved from a sellers' to a buyers' market."

ECONOMIC FACTS OF LIFE

On Feb. 10 a delegation from the farm implement industry met the Cabinet and apparently did not get very much sympathy, as a press report dealing with the matter states in part. "Labor this morning was firmly lectured by Acting Prime Minister Howe to face the cold economic facts of life. Flatly he informed them that he saw no immediate improvement in the prospects of their industry or their employment and that they had better hunt jobs in other than the farm implement plants."

75 CENTS TO $2.14 PER HOUR

Press reports of this meeting also indicated that in 1939 the hourly wage rate in this industry was 75c per hour and this has recently increased with fringe benefits included to $2.14 per hour, and as a result of high prices being charged sales of Candaian-made farm implements are falling drastically and are being replaced by imports from Britain and some other overseas countries.

On Feb. 11 a joint submission was made to the Cabinet by the Trades and Labor Congress of Canada and the Canadian Congress of Labor. These organizations were represented by four distinguished Canadian labor leaders who have a long leadership record in their particular lines. In their brief they stated that more than 580,000 Canadians are unemployed at the present time and this represents about one worker in every seven in Canada. Strong exception was taken to this figure by Cabinet members according to a press despatch in the Montreal Gazette of Feb. 11. Mr. Abbott, Minister of Finance, held that the figure was very much lower than those quoted by the labor leaders and cautioned labor against taking too gloomy an outlook on the grounds that this could slow down business expansion. Similar warnings to this have been given on more than one occasion in the House of Commons by spokesmen for the government, but when men are out of work in many cases with not very much bread in the home for their families, we cannot blame the unemployed for speaking quite plainly about their positions.

On Feb. 15, Hon. Milton F. Gregg, Minister of Labor, dealt with the unemployment situation in the House of Commons and stated that the number of applications for jobs listed with the National Unemployment Services in Canada of which there are 220, on Jan. 1, 1954, stood at 524,000. This figure represents an increase of 140,000 over the total on the corresponding date of 1953.

We have some people in the country who had the idea that the sole purpose of industry is to provide jobs for our people, but this in my opinion is entirely incorrect. The purpose of industry is to produce goods and services for which there is an available market and it is the business of the government to put into effect policies that will guarantee to our people sufficient purchasing power to buy the goods and services they require.

DEPRESSION NOT NECESSARY

We hear almost every day that a depression is bound to come, but as a Social Crediter, I do not for one moment agree that a depression is necessary. We still have people in the country to consume the goods that can be produced, and while there is purchasing power distributed effectively, these goods can be purchased by our people, eliminating the necessity for large scale unemployment or poverty resulting from lack of jobs as we can remember so well during the hungry thirties.

THE EDMONTON PRODUCE EGG GRADING STATION is now open in CLANDONALD under the management of MR. TOM STOCKWELL

# Paradise Valley

Congratulations to Mr and Mrs. Clifford Lock of Edmonton on the birth of a daughter, Delores Barbara weight 8 lbs.

Mrs. E. L. Kragness who has been a patient in the Lloydminster hospital has returned home.

Mrs. George Kitching and Keith who were called here due to the illness of their father Mr. Henry Thibadeau, have returned to their homes. Mrs. Kitching to Ontario and Keith to B.C.

The Home and School met on Feb. 16 with a small attendance. Correspondence was dealt with and plans discussed for the next meeting to be held on March 16.

Curling is the order of the day. This week the bonspiel at Rivercourse is in full swing. 11 rinks from Paradise Valley are taking part. By reports at hand the P.V. rinks were not doing so hot and many have gone down to defeat.

LADIES' BONSPIEL

One cold afternoon in January the P.V. Ladies' Curling club held a meeting and decided that since the first week in February was the only open date until March they would start their bonspiel on Feb. 4. However the January thaw which arrived delayed the opening date until Feb. 9. There were 18 rinks entered in the spiel. Prize winners were as follows. First in the Royal event Sand's rink from McLaughlin, this rink will hold the Husky trophy until the next bonspiel. 2nd Davidson of Paradise Valley. 3rd Mrs. F. Henry, 4th Kendrick of Lone Rock. Winners of the Elite event 1. Elliott of McLaughlin, 2. Seinfield of Lone Rock, 3 Garton of Rivercourse; 4. Doreen Henry of Paradise. Peasants event 1. Glasgow of Lone Rock, 2 Baker of Rivercourse, 3. Hoskins of P.V., 4. Churchill of P.V. Winner of the Jack Pot, the first six-ender was Garton of Rivercourse. Rink which the Jack Pot was scored against Rayson of P.V. Winner of the Hard Luck prize between Johnson and Sveen. The hardest luck of all those who never won a game between Miller and Berg to be played.

The Ladies club wish to thank all those who donated prizes to their bonspiel also Mr Fisher of Lloydminster for the generous help he gave us with purchasing many of the prizes to the draw committee D. B. Baxter and George Venner and to caretaker Mr Johnson.

The dance that was advertised for Friday night did not come off due to the non-arrival of the orchestra. Many were disappointed but quite a number went to Earlie where a good dance came off.

The weather during the past week has been very changeable. One day nice and warm, the next away down below the zero mark. Oh well, we can take it but we would like something more steady-like.

## The Valley Maids C.G.I.T. Report

Our Feb. 17 meeting was held at the home of Gloria Baxter. Marybelle Teasdale, Shirley Anderson, Eva Brassington and Adelia Hallett were initiated into our C.G.I.T. group. The Dawn to Dawn books were passed around and the girls holding office received their stars. The girls each brought a muffin made by themselves and handed in at roll call. Marybelle Teasdale and Helen Krawchuk gave a demonstration on 'Hints on Table Setting'. A friendship discussion was led by Mrs. Gunn with the girls all taking part. A lunch was served by our hostess and we retired to our homes.

## The World of Wheat

By H. G. L. STRANGE
Director "The Crop Testing Plan"

RISING COFFEE PRICES

Considerable attention has been focused recently upon the price of coffee which has been rising rapidly on world markets.

Despite the various explanations given and the charges that speculators are at work buying coffee cheaply and selling it at exorbitant profits the cold hard fact remains that the real reason for rising prices is a straight matter of supply and demand.

Approximately half of the coffee in the world is produced in Brazil, where because of serious damage from frost and drought, supplies are, this year very low. In an attempt at orderly marketing the Producers Co-operatives of Brazil have divided the total supplies into 12 equal parts and are offering each month one-twelfth permitting markets to register the price. Higher prices at the present time are a direct result of the lack of supply to meet the demand and they may go still higher.

It is very easy to be appalled when the price of some imported commodity affects our pocketbooks, but looking at it from standpoint of the coffee producers in Brazil, surely the increase in coffee prices is a good thing since it will mean that because of greatly lessened production their income will not be depressed too greatly.

## Building Boom Still On

Spending on new construction according to official survey just completed, should be almost $3.9 billion. This is 6% above 1953 which was an all-time high.

That is significant news for every person in Canada, declares The Financial Post, because construction is a basic job producing industry.

Two thirds of all the new capital investment in Canada goes directly into construction and two thirds of this in turn into the kind of construction — factories, mills highways, refineries, power plants, railways and so on — that provides new jobs and new opportunities for our rapidly expanding population.

## See Them At V.H.S. Ice Follies Tonight

Photo by Photocraft.

One of these three beautiful young ladies will be crowned Queen at the V.H.S. Ice Follies on Friday night March 5. That is tonight — so everyone should be on hand for the wonderful variety program which will be presented by the young people of the town and district, for your approval. While only one can be crowned Queen the remaining two will be attending her as ladies-in-waiting, so all three be present dressed in their royal robes.

Shown from left to right are Irene Adam, Junior high school candidate; Bernice "Cookie" Koethe, choice of the Vermilion school of agriculture; and Peggy Stephens, Queen candidate representing the Vermilion high school. All of the girls were seen enthroned on floats in the parade Saturday last.

Here is what their supporters say about each 'Queen':

*IRENE FOR QUEEN*

"Two points Adam" calls the referee, as Irene, Junior high school candidate for Carnival Queen makes another basket for her basketball team. Yes, she curls too, and takes an active part in most sports. Irene is a bright student in Grade 8A. This young candidate for Queen takes part in church activities, is a choir singer and a member of the C.G.I.T.

She is a member of J.H.S. executive and has a winning and a nice personality.

*BERNICE "COOKIE" KOETHE*

Bernice Koethe is formerly of Daysland but attended Holden high school before coming to the V.S.A. She was one of the talented actresses in the plays two weeks ago, but this is only one of the social activities in which she excels. Enthroned high on the V.S.A. float last Saturday no one can deny but that she would make a 'queenly' queen.

*PEGGY STEPHENS*

Have you seen that V.H.S. cheer squad with a petite dark-haired 5 foot 3 lass right in the midst of the action? That's our Peggy! Flanked in royal robes last Saturday in the Parade Review don't you think that Peggy would make a charming queen on the evening of March 5th?

## Hospital Provides Extra Free Services

The $1 per day rate in effect at the Vermilion Municipal hospital since the commencement of operations away back in 1919 has this year been supplanted by a $1.50 rate. This rate applies to all ratepayers and those paying the special $10 contract which covers the entire family. This contract can be signed at two periods during the year, February and June.

The extra 50c per day charge covers what are called extras. This simply means that there is no charge for the use of the X-ray or of the operating room.

A patient coming in to the hospital today for a check-up may have any portion of the body X-rayed, stomach, gall bladder, etc., and the charge would be only $1.50 per day just to cover the day in the hospital. Former charge for this X-ray service would be from $10 to $20. The charge also covers basal rate in patients probably suffering from thyroid, also the electrocardiograph which instrument charts the working of the heart, and all laboratory tests, blood tests, etc.

The board has extensive plans to make the hospital of even more widespread use if possible and to offer increased accommodation and facilities. Widespread publicity will be given to these plans as they are finalized.

## Attends Short Course Iron Lung Operation

For two weeks in January Miss Alice Keith, matron of the Vermilion hospital, attended a two weeks short course in Edmonton, designed to teach the proper care of patients in iron lungs. The course was financed by the provincial government and is aimed at having several doctors and nurses from all over the province receive instructions in this work. The course is a necessity due to the prevalence of polio.

Attending the course at the same time as Miss Keith were 14 doctors and nurses. They lived in the Isolation hospital and took active part in the care of patients confined to iron lungs.

The provincial government has set aside $10,000 to be dispersed through the Alberta Medical Society. Present plans are to have a Grey hound bus equipped for the transfer of respiratory polio patients to the special department in the new Isolation hospital to be built at the University of Alberta. Until this is built these patients will be sent to the isolation wards at the Royal Alex hospital.

The bus would be equipped with iron lung, oxygen, suction and instruments to do an immediate operation if necessary. The bus would of course be accompanied by a doctor.

## All Cups Leave Town—Tough Ice for 'Spiel

## FRED BRAITHWAITE, DEWBERRY, WINS GRAND CHALLENGE

The Vermilion bonspiel which was started Monday last week under warm weather conditions was suspended Wednesday morning when playing conditions became just too tough to carry on. Relying on a forecast for cooler days ahead, play was resumed on Friday afternoon with the ice just as tough as ever but lower temperatures were due to arrive that night. However the cold air mass from the north was ambushed north of Grande Prairie by a Pacific disturbance and did not reach Vermilion until Sunday. Thus all day Saturday play was continued under adverse curling conditions and the 5 competitions wound up.

BRAITHWAITE WINS G. C.

Possibly the most regular competitor at Vermilion spiels for the past 15 years, Fred Braithwaite of Dewberry annexed the Grand Challenge, defeating the Eber McFadden-skipped Willis rink in the final. Previously Braithwaite had won from Garney Majeau of Mannville while Willis ousted Newt Cooper's 'Cooper' rink of Vermilion.

Playing with Fred were the Graham brothers of Marwayne and Neil Jones of Dewberry. The second prize winners were Eber McFadden, Oliver Willes, Fred Watling and Junior Williamson. Garney Majeau had Don Hanning, George Malin and Bill Ross while Newt Cooper had brother Percy at third, Charlie Cawthorpe second and Stewart Cooper lead.

TELFORD MEMORIAL

Sponsored by Craig Bros.

Bob Martin and his Wildmere curlers of Cliff Cruthers, Frank Gibson and Coburn won the No. 2 competition, the Telford Memorial. The Clandonald quartet skipped by Bill Specht with John Foy, Morris Masyk and Matt Malk were second. Vermilion's Bill Lingings was third and Nick Woyewitka of Buffalo Coulee 4th.

VERMILION HOTEL — No. 3

1. Norrena Marwayne; 2. Tom Smith of Buffalo Coulee; 3. Mac Simonsen, Vermilion, 4. A. C.T. No. 1.

BRUNSWICK EVENT, No. 4

1. M. Convey, Clandonald; 2. Carman Long, Vermilion, 3. George Webb, Vermilion; 4 Bruce Lloydminster.

VERMILION BEVERAGES No. 5

1. Don Lawrenceson Mannville; 2. Chuck Thumiert Mannville, 3 O. Lunden Dewberry; 4 B. Teskey Islay.

FIVE CUPS LEAVE TOWN

For what was probably the first time in the history of the Vermilion spiel all five trophies left town and went to as many different points, Dewberry, Wildmere, Marwayne, Clandonald and Mannville.

7 ENDER SCORED

The biggest end of the spiel was scored by Bill Sutherland's rink when they plastered a seven on Nundahl of Lloydminster. The game was only nicely started, score 2-1 at the time but this kind of broke it wide open with Sutherland going on to win.

CAR SPIEL RINK

Fred Braithwaite was skipping the rink which he has entered in the A C T carspiel next week in Edmonton. With the Graham Bros of Marwayne at lead and third and Neil Jones throwing second rocks Fred has a rink that could go places. He has now won the Grand Challenge events at three successive bonspiels Lloydminster, Kitscoty and Vermilion, although the personnel of his rink has changed at each of them to some extent.

## Large Attendance At Rural Electric School

On Monday the first rural electrical school to be held in this area was opened in Vermilion. There were 33 farmers registered on opening day. The registrations came from distant points as well as local people. Myrnam, Derwent, Marwayne, Kitscoty, Innisfree and Mannville were all represented.

The meeting was opened by District Agriculturist E. H. Buckingham, who welcomed the gathering and introduced Howie Sharpe who immediately took over and started the instruction. Mr. Vern McDonald, another electrical instructor, will be arriving later in the week to share instruction duties. During the first morning Harold Webber employed by the Co-operative Activities branch Department of Industries and Labor spoke to the gathering outlining the work done by his branch. Since his release from the Army, Mr. Webber has taken the Agriculture course at the university. He is a former resident of the Vermilion district.

This week the instruction will be by lectures and demonstration. During the second week practical work will be given in wiring and operation of motors.

Anyone is welcome to sit in on any of the lectures but only those who attend the lectures will be entitled to take the practical work. This arrangement is necessary as it will be hard to handle a class of more than 30 for the shop work.

## Darrell Currah Enters Car 'Spiel

Darrell Currah will again play in the Edmonton A C T carspiel which event will be played in the city next week. Darrell and his rink reached the finals a year ago and had they played up to the form of their previous games would have won the cars. This time Darrell will again have Lloyd Magnus of Lloydminster playing third, while Roger Rowe will throw second rocks and Art Hanson of Lloydminster lead.

Fred Braithwaite of Dewberry is another entry in the spiel.

## Town Is Invaded By Youthful Teams

The town was invaded by many youthful teams over the week end and Saturday morning saw the junior high school girls and boys basketball teams each in action against Wainwright. Games were played at the armories.

The Vermilion girls lost by a 21-16 score to the Wainwright team. The local boys evened matters by turning in a close 24-23 win.

In the meantime over at the arena Pee-Wee hockey teams from the same two towns were playing with the visitors on the long end of a 3-0 score.

At the same time as these games were going on the V.H.S. girls senior basketball team was playing a team from Camrose in the V.S.A. gym.

In the afternoon the high, Junior high and V.S.A. staged their colorful carnival queen parade around the streets of the town. All in all it appeared to be a very active week end for our young people.

## Local Midgets Win From Dewberry

The Vermilion Midgets finally won a game from Dewberry high school team by an 8-4 score on Wednesday evening. The local team showed a decided improvement over previous appearances. The Dewberry boys had won three former games before dropping this one to the Vermilion team.

The exhibition of goal-tending by 12-year-old Jimmy Reid, in the Vermilion nets was quite amazing to behold. Jimmy was the smallest boy on either team but turned aside a barrage of rubber like a veteran.

It is quite surprising that more fond parents from the town don't attend to see their youngsters in action. There are we will admit, always a number along the boards at these games but a goodly number of family heads are not represented there.

## Vermilion Foundry Given Big Contract

The Vermilion Foundry is now hard at work on the largest single order ever received by that firm. It is for 17½ tons of oil well pumping equipment ordered by the Continental Supply Co. of Dallas, Texas. The castings are all to be delivered to the California Standard Co. at Virden, Manitoba. Already one truck load of eight tons of the castings have been delivered. This was trucked to Virden by Mr. Earl Madill a local trucker. Mrs. Madill accompanied him on the long truck trip.

Mr. Andy Sherwick operates the Vermilion Foundry.

## Defeat Commandos 4-3 at Wainwright

## Tigers Take Opener In Play-Off

Vermilion Tigers took a one-game lead in the best of five semi-final play-off as a result of their 4 goal to 3 victory over the Commandos at Wainwright Monday evening. A second game is being played here this Thursday evening instead of Wednesday as advertised so that by the time the public is perusing this week's Standard the Tigers may be two games up, or the series may be all tied at one each.

At any rate the next game will be played at Wainwright on Saturday evening. A fourth game if necessary will be played on Vermilion ice Monday, with the fifth scheduled for Wainwright Wednesday. The winning team then takes on the victors in the Gas King vs Ranger series for the league championship and Craig cup. These are presently held by the Vermilion Tigers.

CHANGE MADE AFTER PAPER PUBLISHED

The day of the game was changed from Wednesday to Thursday after the paper was issued last week, while the semi-final series is now a best three of five affair.

RANGERS WIN AT VIKING

The cellar dwelling Vegreville Rangers came up with a 6 to 4 win over the Gas Kings Monday evening so are now sitting in a favored position to oust the touted Vikings from the play-off.

TIGERS WIN 5 TO 4

The Vermilion Tigers went to Viking last Saturday evening to wind up the last of their regular league games. They spoiled things for the Viking fans by slapping down their pets by a 5-4 count on poor ice. The game went into overtime. Patsy Patsula broke clean through — and history repeated itself in part he was pulled down from behind but this time the ref saw the light and a penalty shot was awarded Mr Patsula. Putting on his wiliest look, Patsy picked up the puck, skated in and foiled the goalie to score the winning marker.

The Tigers have thus hit their longest winning streak of the season, three in a row, once over each of the three other teams in the league. Their recent performance gives ample hope that they will be right in there at the end fighting for that championship and Craig cup.

For more hockey news see Hockey Chit Chat on page 3.

## Dora Caron Rink Wins Ladies' Challenge

The rink skipped by Mrs. Dora Caron with Lena Miller, Faye McLennan and Kay Smith won the Grand Challenge at the Vermilion ladies' bonspiel which was completed Wednesday evening. Full list of winners will appear next week.

## Meat Problem Solved For Sandy Wright

Sandy Wright won't have to worry about the price of beef for some time as he won a year-ling steer given away as a prize at the hockey club dance Tuesday evening.

## Vermilion Grain Club Organizes 2 Projects

Over sixty boys and girls and their parents attended a meeting in the court room on Saturday to organize a grain club in this area.

District Agriculturist E. H. Buckingham explained the 4-H Club projects and told the meeting that the response was so good that both wheat and barley clubs could be started here.

Each club member pays $5 for membership and receives 4 bushels of Registered wheat or barley. The wheat must be Thatcher but the Barley club members may choose Vantage, Montcalm or O.A.C. varieties.

Mr. Roy Jory is the leader of both these clubs. Anyone else wishing to join up should see Mr. Jory within a few days.

Club officers will be elected at the next meeting which will take place in April when the seed arrives for distribution.

## Carnival Queen Parade Is Colorful Event

## Vermilion High School Lose Basketball Series To Camrose

On Friday Feb. 26 and Saturday the 27th, V.H.S. girls 'A' team played host to the Camrose girls' basketball team. Because of not entering the Provincial play-offs this year the V.H.S. girls lack the speed and finish of last year, but still showed a good calibre of play. The Camrose team, which is entered in the play-downs, has been practising constantly and aiming at the Provincial title. Both games were as closely contested as the scores indicate and in each case the outcome was undecided until the final whistle.

In the Friday evening game, at full time the score was tied 25-25. Five minutes overtime was played and a basket for Camrose just before time ran out resulted in a final score of 29-27 in favor of Camrose.

On Saturday morning the teams met again and this game was just as closely contested as the previous one. The score, after see-sawing back and forth, and being tied many times, stood at 30-28 for Camrose as the whistle blew to end the game. High scorers for the two games were Pat McCleary of Camrose and Hazel Barr of Vermilion.

The Camrose girls are to be congratulated on their wins and we wish them the best of luck in the play-offs.

PARADE PREVIEW

The parade preview of the '54 Ice Follies was a very successful and colorful event. Floats were made by the three schools who are supporting candidates in the race for Carnival Queen. Also, the V.H.S. cheerleaders were in attendance and there were several floats advertising the school of agriculture. The candidates, Peggy Stephens, Irene Adam, Bernice Koethe, all looked lovely and vivacious and we predict a close race for the coveted crown.

COSTUME CLASSES

The classes for costume events in the 1954 Ice Follies are as follows:

Pre-school, Grades 1 and 2 boys, Grades 1 and 2 girls; Grade 3 boys, Grade 3 girls, Grade 4 boys; Grade 4 girls; Grades 5 and 6 boys, Grades 5 and 6 girls; Grades, 7, 8 and 9 boys; Grades 7, 8 and 9 girls, High school and College boys; High school and College girls; Couples.

## RCAF Plane Makes Emergency Landing On Local Airfield

An R C A F Beachcraft Expediter made a forced landing on the Vermilion airfield on Monday and the pilot and co-pilot were very happy to have such a fine port in such a handy place. Flying at 5000 feet one motor of the twin-engined plane conked out and the men came in landing easily on the local runways. These runways are always kept in fine landing condition by the use of big snow packers so that either wheels or skiis can be used in landing. The packing is done by John Gordie of the town public works department.

On Tuesday a Dakota flew in from the R.C.A.F. station in Edmonton with mechanics and it was found that one piston was shattered in the motor. The work of repairing the damage is being done here by experienced R C A F mechanics.

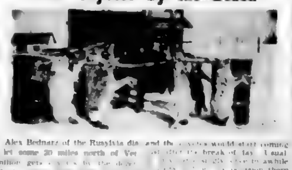
The Beachcraft was flying from Saskatoon to Edmonton when the trouble developed.

## Newspaper Bingo

Numbers drawn Tuesday, G-48; O-64.

Numbers previously drawn are: B-7, B-9, I-18, I-28, N-44, G-57, O-62, O-68, O-75, N-37, I-19, I-20, B-5, B-10, G-54, O-63, B-4, O-65, O-72, G-58, I-26, O-67, N-35, G-53, B-12; I-16, B-15, O-73, B-3; I-23.

## Gets Coyotes By the Dozen



Alex Bednarz of the Rusylvia district some 20 miles north of Vermilion gets coyotes by the dozen. He is shown here with [illegible] carcasses all harvested within the space of two weeks with a shotgun.

Alex shot the predators when they came to feed on the carcass of a horse. They usually came early in the morning or late in the evening. In the morning he would go out just before daylight to his hide and the coyotes would start coming just after the break of day. [illegible] That particular morning he shot two of them with two shots. The usual kill was [illegible] a day. Mr. Bednarz said that while he was out to reduce the number around the farm he found that habits of the wily animals made quite an interesting study and they really take a lot of outwitting.

## Valuable Bingo Prizes Well Distributed

The valuable prizes at the Kinsmen Bingo last Saturday evening were well scattered over a wide area by the end of the night's play. These bingo parties attract from even remote parts of the district and appear to be very popular. There are now loud whispers of a car bingo being held in the arena early in the summer.

Don Taylor was the official caller, emcee if you like, on Saturday last and made his usual fine job of it. Kinsmen and their wives were out in force to carry out the many details. The list of prize winners follows: Electric clock, Mrs. Molhieson; Bicycle Lawrence Anderson, Chest of Silver Fred Leveredge, Electric kettle Peggy Reed, Lady's wrist watch John Wilhite, Drill set, Stanley Connor, Hazeldine, Rod and reel Lawrence Samuelson, Electric blanket Mrs. J. Snell, Ponoka, Electric train Mrs. Whalen, Trilite Catherine McGillawee, Dewberry, Electric razor, John Clark, rane, Vacuum cleaner Hilda Wilson, Carving set Mrs. Sweeny, Borradaile, Men's wrist watch Mrs. Geo. Richardson, Electric coffee percolator, John Stuparyk, Elk Point, Floor polisher, Mrs. Wm. Shaw, Islay, Waffle iron Miss Joyce Johnston, Clandonald, Combination radio, Mrs. Garfield Simmons, Islay, Ronson table lighter, Jim Ferguson, Minnester, Lillian Bielech, Derwent.

## Education Week — March 7th to 13th

The purpose of Education Week is to focus attention upon the achievements and problems of education. We have come a long way. Canadians, young and old, have far greater opportunities today to become well-educated, happy and useful citizens than ever before. But we have a long way yet to go.

One thing is certain: the progress that has been made in educational standards, in teaching methods, in the span of formal and adult educational activity, in the number and design of school buildings, is due not alone to the efforts of those directly entrusted with the supervision and administration of education but also in considerable measure. It reflects the increasingly active interest and support of Canadians in all walks of life.

Equally certain is the fact that shortcomings which persist in our educational system will be overcome only through the continuance and extension of that interest and support. That is why agricultural, industrial, labour and other national organizations have joined with educational groups across Canada to sponsor Education Week and in it to urge your special consideration of a matter which is vital to your family, your community and your country.

## Your Food Becomes You

Your food becomes you. Your body is built, maintained and 'fueled' by the food you eat. You are, in other words, what you eat. Your food becomes you but does it "become" you? Is your weight what it should be? Do you keep relatively free from colds and other infections? Do you enjoy abundant health?

The human body is like a machine — a very wonderful machine. It is keep it going is provided by the food eat; repair parts are provided by the food we eat and the energy to keep it going is provided by the food we eat. Like any machine it must be well built to stand up to the strain of constant use. Your body is in constant use — even when you sleep the heart, lungs and other parts of the body continue to work. How well your body is built depends on building parts provided by food before you are born and while you are growing.

Regardless of what you eat your food becomes you. How well it "becomes" you depends on the kind of food you eat, how happy you are and how well you take care of yourself. Food is not the only factor which affects our well being but it is a very important one. Be sure that your family meals provide the right foods to "become" you. Certain foods are best for energy; other foods are necessary to build and repair body tissues; still other foods are needed to regulate body activities — just as your motor car needs oil. To obtain these essential foods, says Miss Joyce Lewis, Nutrition Specialist, Alberta Dept. of Agriculture, just follow Canada's Food rules. They tell you what you need.

Canada's Food Rules and suggestions for planning meals to tempt the appetite may be found in the leaflet "Three Way Meal Planning". Write your District Home Economist or the Home Economics Div., Alberta Dept. of Agriculture, Edmonton for a copy of this leaflet.

## Father McPhee Dies In Edmonton

Rev. William Augustine McPhee, 64, of Clandonald, former curate at St. Anthony's church in Edmonton and later pastor in several Roman Catholic churches in Alberta, died in Edmonton Thursday after a lengthy illness.

Born in Georgetown, P. E. I., Father McPhee received his early education there and spent two years at St. Dunstan's College before obtaining a job with the railway mail branch of the civil service.

Later he began his studies for the priesthood and graduated in theology at St. Augustine's Seminary, Toronto, in 1926.

Father McPhee was ordained in Georgetown by Bishop Louis O'Leary.

After a year as curate at St. Anthony's, Father McPhee was named pastor at St. [illegible] Alta. He was appointed pastor of Barrhead in 1933 and in 1935 moved to Warspite. In 1941 Father McPhee took over the pastorate at Clandonald and remained there until ill health forced his retirement in 1953.

While in Warspite Father McPhee was named dean of Smoky Lake and later dean of Vermilion. Isabel McPhee, of Clandonald, and one brother, Frank of Charlottetown, who flew to Edmonton for the funeral.

Prayers were said in St. Joseph's cathedral at 8:30 p.m. Funeral was held at 10 a.m. Monday with Rev. E. F. Donahue officiating.

The funeral service was held at Clandonald at Columbkille church Tuesday at 10:30 a.m. Rev. A. Gillis officiated and burial was in the church cemetery. Connelly-McKinley Ltd., in charge of arrangements.

## Brilliant Writer And Student To Address Canadian Club

Graduate in Arts at Queen's and in Law at McGill, president of the student body at each University, serving overseas from 1941 to 1945 at which time he was appointed by UNRRA as its senior officer in Germany, Mrs. Alan J. Edmison, Q.C., will address the Canadian club in Vermilion on Monday March 15th at 8:15 p.m. The meeting will be held in the auditorium of the new junior high school.

Mr. Edmison is a writer and speaker on penology and criminology and the subject of his address here will be "Eternal Problem of Crime and Criminals". 35-6c

## Two $10 Bingos And $200.00 Grand Prize Still To Go

There are just two of the $10 bingos left. These are the line under the N and under the G. Then of course, there is the main attraction, the $200 for the full house. You can still buy bingo cards and you may click for one of the $10 prizes right away, or better yet you might even win the big moola 200 spondulicks! Just think of that and rush around and buy yourself a few more bingo cards. All the proceeds are for the curling club building fund.

THE WORK OF MERCY NEVER ENDS

For so long as there is human suffering then so long does the Charter of the Red Cross require to be honoured by the work of mercy. You know the need, and how great it is. Please help generously.

KEEP YOUR RED CROSS Ready!

$5,422,050 is needed this year

# LETTERS TO THE EDITOR

This paper does not hold itself responsible for opinions expressed by correspondents.

Vermilion, Alberta.

Dear Editor:

I would ask that you please publish this in the "Letters to the Editor" column of your newspaper. I hope in this way to bring to the attention of your readers and the citizens of Vermilion the need for their co-operation in overcoming a very serious condition that presently exists in this town.

I make reference to the traffic problem that the Fire Chief and the Volunteer Fire Brigade have to contend with when rushing to a fire call. This applies not only to the private cars of the Chief and members of the brigade, which they use to get to the fire, but to the fire engines as well. The last call was no exception. One engine found it necessary to pull to a stop three times to avoid a collision with some other car or truck—and this was in a run of less than three blocks. They finally arrived at the scene of the fire only to find that the street in front of the burning building was jammed with cars and excited onlookers.

The prime factor in the control and extinguishing of a fire is catching it on time. It is of utmost importance that the fire chief and the brigade arive at the fire and get the [illegible] into operation at the earliest possible moment. This of course cannot be done if the fire engines have to stop to prevent a collision with some vehicle that is travelling along the street at the time. In addition to the consequences of the delay in arriving at the fire there is the ever present and very real danger of hitting one of these vehicles—resulting in damage to both the fire engine and the other vehicle and possible injury or death to the occupants. The members of the fire brigade willingly expose themselves to possible injury in the discharge of their duties as firemen but they should not be expected to have to expose themselves further while travelling to the fire.

We ask the co-operation of the residents of the Town of Vermilion in this matter by pulling their cars to the curb when the fire siren sounds and remaining there until they are sure all the firemen have passed. I might point out that this should apply regardless of what section of town you are in or [illegible] the fire hapens to be because the firemen, rather than report at the fire hall first, head directly for the scene of the fire. By-law No. 7-48 of the Town of Vermilion provides for a fine, not exceeding ONE HUNDRED DOLLARS and costs, for anyone obstructing the passage of the fire apparatus or failing to stop or move out of the way of oncoming fire apparatus. The police have been instructed to prosecute under this By-law the next time such an offense occurs.

It is true that many members of the fire brigade have no identification on their cars but a little consideration on the part of the motorists who are not members of the brigade will help them considerably in the efficient discharge of their duties. This will apply even more so when the new fire engine arrives.

Yours very truly,
E. H. Weeres, Sec.-Treas.,
Town of Vermilion.

# "GREEN ACRES"

WARBLE FLY LOSSES

Now is the time to use warble fly washes for killing the grubs before they drop to the ground. It costs cattlemen in Alberta $2,000,000 a year for keeping warble flies around. Are you paying for your share of this loss? Warble fly powder is for sale at every hardware and drug store.

LICE ON CATTLE

Some farmers have reported that their cattle are covered with lice and covered means that the lice hardly have room to move around. These cattle are in poor shape although they are getting good feed. The lice are sucking out so much blood that there is not enough blood left to nourish the animals. Cattle sprays or dridill can be used to kill the lice.

MORE ON HOG GRADING

Off type in pigs the same as in people is often the result of overfeeding. Protein-mineral supplements provide a balanced ration. Pigs grow faster and maintain the bacon type up to marketing age. Too much wheat and barley in the feed grows a carcass that has more fat than allowed in A and B1 grades.

TARTARY BUCKWHEAT

This weed is spread from one farm to another mostly by changing seed. Anyone buying seed from neighbors should check carefully for weed seeds such as Tartary buckwheat. Anyone in doubt can bring a sample of seed into this office to check on the weed seeds. Please note that the right name for this weed is "Tartary" and not "Tartarian" as is in common use.

FERTILIZER RESULTS

In Manitoba last summer 115 tests with Ammonium Phosphate fertilizer were set out. The average increase in yield was 5.1 bus. per acre. It costs about $2 per acre to put 35 pounds of this fertilizer on each acre. There you are farmers, does it pay or not? We think so.

GRASS FOR ALKALI SOILS

Tall Wheat grass is recommended for alkali soils. Anyone wishing to seed down sloughs where grain crops canot be grown on account of alkali should try a small strip of Tall Wheat grass. It will not live in very much alkali but it is more resistant than any other grass.

## To Organize 4-H Clubs In Islay Area

"What is a 4-H club? You may know already if you read Green Acres in the Standard, the farm papers or listen to the farm news on the radio. Boys of 12 to 20 years on the farm should get interested in this. Mr. Moffat assisted by Bill McLean of the Wheat Pool are trying to organize a 4-H club in the Islay area. There is to be a meeting this week, March 4 in the hall but there will be more about that later.

Readers, do you remember some time ago that Ralph Andersen was looking for the belt of his sawing machine? Well, it has been found and the person responsible for the disappearance sends apologies to Ralph. Just in a whisper — we think Ralph didn't look hard enough for it — you know men, as a rule, aren't good finders.

The W.A. meeting postponed from the 4th to the 12th will be at the home of Mrs. R. Martin in town. Mrs. Martin is back home again and has offered her home for the meeting and quilting. It is our usual Missionary meeting. We were going to the church but we gratefully accepted Mrs. Martin's invitation.

SCHOOL CARNIVAL

The school carnival was staged in the hall last Friday night. There was a real crowd. As far as the spectators were concerned it was a pleasant place to hold it, but maybe the children would rather have been on the ice. They entered into the games well, the costumes were good many showing much time having been spent on them.

Designed for that lower, longer look so prized in modern automotive styling, the new Chevrolet meet other high standards besides eye appeal. The 1954 series have more power, better performance and chassis improvements that will substantially increase the pleasure and convenience of motoring. For 1954, a total of 13 body models are available in three series of cars. The Powerglide automatic transmission, teamed with a new 125-horsepower engine, is now optional on all cars. Another outstanding development, also available as an option in all series, is Power Steering. Above is pictured the Bel Air four-door sedan.

INTRODUCING . . .
"Suitmaker Suits"

STEPHENS LTD.

## Sun Life Ups Policyholder Dividends To $24.5 Million

CONTINUES TO SELL MORE LIFE INSURANCE THAN ANY OTHER CANADIAN COMPANY — $570 MILLION NEW BUSINESS WRITTEN IN 1953

A higher dividend scale which for the fifth consecutive year will again reduce the cost of life insurance for the holders of two million Sun Life of Canada policies, is announced by George W. Bourke, President, in his Annual Review of the Company's business for 1953. Dividends to policyholders during 1954 will amount to $24½ million, 11% more than in 1953 and an increase of more than 50% over the last five years. Most policyholders carrying participating plans with the Company will benefit by this increase, with the largest payments being distributed in respect of policies longest in force. New life insurance issued during the year amounted to $576,946,000, an increase of $31 million over 1952, and the largest amount for the year of any Canadian life company. New Group insurance included in the above figure amounts to $170 million, an increase of more than $5 million over the previous year. This rising volume of business was spread over world-wide territory in the nearly 30 countries covered by Sun Life service.

In his survey of the figures for the year, Mr. Bourke comments on the manner in which life insurance meets the responsibilities of its purpose. The Sun Life of Canada, he said, has paid $2,729,000,000 in benefits since the first policy was issued in 1871, and durnig 1953 no less than half a million dollars was paid out by the Company each working day. Total amount paid during the twelve month period was $125,057,000.

*GROUP BUSINESS UP 17%*

New annuity contracts during the year included individual annuities and group pensions guaranteeing payments of more than $4 million per annum. Total annuity payments to be made by the Company either immediately or in the future, through group pension plans and individual contracts, increased to $126 million per annum. Total Sun Life insurance in force at the end of 1953 amounted to $1,751,000,000, an increase of 17%. The growth of Group insurance and pension plans reflects the business and industrial expansion of recent years during which time the Company, a pioneer in this form of insurance, has retained a leading position, protecting many hundreds of thousands of employees of business and industrial organizations throughout North America.

The total amount of life insurance and annuities in force in the various countries in which the Sun Life operates is now: Canada, $3,334,035,000 or 45% of the total; United States, $2,628,361,000 (36%); Great Britain and other Commonwealth Countries, $1,169,339,000 (16%); elsewhere throughout the world, $215,015,000 (3%).

Total assets of the Company reached $1,829,790,000 at the year end, being an increase of $87 million during the twelve-month period. These assets, carefully invested and well diversified, are made up of: Bonds — Government, Provincial and Municipal, 28.7%; Bonds — Public Utility, Industrial, etc., 41.6%; Preferred and Common Stocks 6.0%; Mortgages 14.4%; Cash and Miscellaneous, 9.3%. The interest rate earned on the Company's funds during 1953 was 3.90% as compared with 3.84% in the previous year, an increase for the fifth consecutive year.

*LIFE INSURANCE AIDS HOME BUILDING*

During 1953, the Sun Life bond investment was increased by more than $52 million, mainly in the industrial and public utility fields. The amount of mortgage loans expanded by almost $30 million making a total mortgage investment of $262,980,000. Of this amount, $176 million is invested in 41,700 home mortgages. During the last eight years, the Sun Life has loaned $335 million on mortgages.

Discussing the function of life insurance as reflected in the continued progress of the Sun Life, Mr. Bourke mentioned that life insurance ownership today is more widespread, and on a larger scale, than ever before. Canadians now own more than $20 billions of life insurance, more than double the amount at the end of World War II. However, the amount per capita is not yet sufficient to give fully adequate and necessary protection, and there is still great need for the average family to own a larger amount of life insurance. "Time has proven that it is only through life insurance that the majority of individuals can meet the problems which death and old age create in loss of income", summed up Mr. Bourke. "There is no substitute for life insurance."

A copy of Sun Life's complete 1953 Annual Report to Policyholders, including the President's review of the year, is being sent to each policyholder, or may be obtained from G. S. Maxwell, Box 1953, Phone 381, Vermilion, Alberta. 35x

News Of Dewberry And District

## Fred Braithwaite Wins Three Grand Challenge Events In Succession

Two of our lady teachers barely escaped death from gas fumes recently. Miss Gawryluk and Miss Hutchinson awoke in the early morning hours and managed to reach the door before collapsing in the fresh air outside. Help was summoned and after their own recovery they re-entered the house to find the cat dead. This was a case of where sickness prevented death as Miss Hutchinson was ill and absent from school that day and having had an all day rest caused her to awaken early next morning. The house is heated by Propane gas.

Little Terry Anderson celebrated his 6th birthday recently by having 24 of his little friends in. After games were played all the young folk sat down to lunch and birthday cake, then all sang 'Happy Birthday Dear Terry".

WINS 3 CHALLENGE TROPHIES

In the world of sport, Fred Braithwaite as skip of various players, has won the Grand Challenge in three district bonspiels, Kitscoty, Lloydminster and Vermilion. Playing in Grand Challenge competition he has won 20 straight games.

HOCKEY TEAM IN FINALS

Dewberry Seniors once again knocked loudly on the door at the Lloydminster Board of Trade hockey tourney. This makes the third time a Dewberry team has been in the finals and yet hasn't managed to annex the cup. It has been such a poor winter for hockey that many of the boys are sadly out of condition.

Leo Maltais, ace goalie for Dewberry, came up with a shut out in the second game and allowed only two pucks past him in the final as Cut Knife took the game 2-1.

Four rinks of Dewberry farmers are playing in the Farmers' spiel at Clandonald this week. To date Frank Bowman and Anderson along with Frenchy Aube are in the Grand Challenge fours.

Leslie Anderson has undergone an operation for appendicitis this week. A speedy recovery to you Les and back to school again.

SCHOOL BONSPIEL

School students of Dewberry have started their annual bonspiel. 18 rinks will battle it out in the 3 competitions. Three draws are played each night after school. 8-end games being the order of the day until the finals are reached.

CO-OP ANNUAL MEETING

This is the time of annual meetings and the Dewberry Co-op Association will hold the store meeting on March 11 in the afternoon at Dewberry hall. The allocation for the year will be 4½% of purchases. The store is operating on a self-serve basis and employees 6 clerks full time. At present total member equity is $85,895.68.

Greenlawn rural electric will hold their annual meeting on the afternoon of March 4 in the Greenlawn hall.

Dewberry Home and School Association sponsored some Red Cross films in Dewberry hall on March 4. The next regular meeting is March 18 when it is hoped that the plays will be ready for presentation.

F.U.A. TO MEET

A circular from Central office, F.U.A., will be discussed at the next Dewberry F.U.A. meeting to be held at George Fluney's Monday March 8th. It deals with gas prices — should they be controlled, and the feasibility of co-op refineries.

## HOCKEY CHIT-CHAT

By RAIL BOID

The Tigers, warming up for a play-off drive, finished the schedule in a winning way by dumping Viking 5-4 in the 'Gas Town'. The play was close but the Tigers, displaying the form of last year's champions, took advantage of their opportunities to win in overtime. The winning goal ironically enough, came as a result of Viking's usual rough tactics. Vermil was awarded a penalty shot, Patsula skated in to score a beautiful goal.

'Patsy' Patsula turned in a good performance and was rewarded with a new Stetson for his 'hat trick'. This was the fourth hat given to Tiger sharpshooters by Clendenning's Family Wear. Other Vermilion goals came from the sticks of Schmidt and Lowrie. This was Lowrie's first goal in Tiger livery. The former Vermilion Midget is getting better every time out and should soon be a prominent figure in the Tiger camp. The third line is developing fast and the boys are doing a good job at spelling off the other lines.

In the play-offs it appears that no team will make a walk-away of it. Vegreville doesn't appear as though they will cause very much trouble for Viking and Viking seem to have shot their bolt earlier in the season. This leaves it up to the winner of the Wainwright-Vermilion series. Regarding the past schedule the Tigers must be favored as they have won three of their four games with the front running Commandos.

The Tigers took a one game lead in their semi-finals on the strength of a 4-3 win over the Commandos. The locals played great hockey in earning their win. Scoring was divided among Koehli, Moffat, Patsula and Kreller. Kreller's goal came quickly as he scored on a screened drive after 26 seconds of play. La Porte played another terrific game in goal and was the Commandos' principal obstacle.

The Vegreville Rangers took a one game lead in hteir semi-finals with Viking on Tuesday night by a 6-4 win at the Gas town. Who knows — it may be Veg and Vermil in the finals.

## W. I. Activities for Month of February

The bi-annual conference of District No. 2 will be held at the Masonic Temple, in Edmonton, on Wednesday and Thursday March 24 and 25.

RAMSAY W. I.

The Ramsay W.I. will visit Birch Creek W.I. March 3 and Claysmore branch May 12. Mrs. E. Prill gave a paper on First Aid to Hemorrhage of the nose and First Aid to burns. Mrs. A. Henderson gave a practical demonstration on 'Artificial Respiration'.

KITSCOTY W. I.

The Kitscoty W.I. held the annual meeting this month. The officers are: President, Mrs. J. Batty; Vice-Pres., Mrs. H. Batty; Secretary, Mrs. M. K. McDonald; Treasurer, Mrs. R. S. Pidcock.

Mrs. Pidcock was presented with a gift in appreciation of her many years of service as treasurer of the Institute.

THORNCLIFFE W. I.

The Thorncliffe W.I. is planning a bazaar to be held later in the year. A parcel of used clothing was collected and donated to a worthy cause. The sick were remembered with small gifts.

PRINCESS ANNE W. I.

The Princess Anne W.I. bought stools for use in their club room. They held a very successful card party on Feb. 5. Five members from this branch attended a W.I. meeting in Mannville where Mrs. Wood of Stony Plain was guest speaker. The members are putting some time on hobbies, mainly the making of candlewick bedspreads and smocking.

FIVE POINT W. I.

Rev. Creighton of the United church, Mannville, spoke to the ladies of Five Point W.I. on the order of worship used in his service. Mrs. Wm. McCauley spoke briefly on the Big Four meeting now in session. Mrs. McCauley was also chosen delegate to attend District No. 2 conference.

CLAYSMORE W. I.

The Claysmore W.I. heard Mrs. A. Van Nest give an interesting talk on the United Nations. The members are collecting used clothing to be sent to Korea. This branch remembered the sick with small gifts.

WILDMERE W. I.

Wildmere W.I. chose Mrs. F. Gibson as delegate to attend the District conference. Donated to the 'Barley for Korea Fund' and also gave a donation of clothing to Korea.

CREIGHTON W. I.

The Creighton W.I. chose Mrs. W. Donnenworth as delegate to attend the District conference. Mrs. A. Westover read an interesting paper on Education and Mrs. F. Bauer gave a short talk on 'Hot House Industry in Medicine Hat". A donation was given to the A.W.I. also to the F.W.I.

WILDMERE BEAVERS

The Wildmere Beavers held their meeting Feb. 13 with 14 members and six visitors present. Some time was spent working on their sewing project aprons.

EASTER HAM SHOOT

The rakish sports car styling of Buick's two-door Super Riviera sedan makes it a sure-fire beauty winner for 1954. Modelled after Buick's famed Skylark sports car, it features the new panoramic windshield, a cut-down door belt line, full rear-wheel cut-out and a refined sweepspear molding. The Super Riviera is mounted on a 127-inch wheelbase and is powered by a 182-horsepower V-8 engine when equipped with Twin-Turbine Dynaflow. Wire wheels are optional.

VERMILION, Alberta. 34-5c

## Notice to Creditors and Claimants

IN THE ESTATE OF MARTHA ELLEN CROFT, LATE OF VERMILION, Alberta, DECEASED.

All persons having claims upon the estate of the above named Martha Ellen Croft who died on or about the 9th day of April A.D. 1950 are required to file with the undersigned by the 20th day of March A.D. 1954 a full statement thereof duly verified, after which date the assets of the deceased will be distributed only to such claims as to which notice has been so filed or brought to his knowledge.

DATED at the Town of Vermilion, Province of Alberta, this 23rd day of February, A. D. 1954.

WILLIAM H. CROFT.
Executor
by his Solicitor
J. W. G. MORRISON, Q.C.
VERMILION, Alberta. 34-5c

## Sixteen Years Ago Today

*March 3rd, 1938*

Fellowship in spite of cold weather the temperatures have now jumped to the other extreme. Readings in Vermilion were six degrees above even freezing in the day.

The meeting of the new colorgred Vegreville mixed division was held and Walter Kennedy selected from 25 applicants for the position of manager. One orchard district, that of Hughes just west of Vermilion, has refused to surrender its books. J. Hoge who has for several years has held the position of councillor for the district of Mosbourne announced his retirement at the annual meeting. Leslie Reid was elected in a close race with R. Good.

## Thirty-two Years Ago Today

*March 1st, 1922*

Elk Point suffered the loss of two large stone structures, the Bank of Commerce building and the Victorian hall in a $25,000 fire last night. The annual banquet of the Vermilion Agricultural Society held Saturday night with all the trophies now in the hands of Norton of Vegreville attached the Grand Challenge Sweeper of North Battleford the Alberta. McClung of Edmonton the Vermilion, and Roe of Edmonton the Blue Ribbon. 20 rinks participated. 17 visiting and 3 local.

The weather has turned quite mild.

The following officers were elected at the annual meeting of the Vermilion Curling Club: Stanyer, president; T Hindmarsh, vice-president; Neville Robertson, secretary-treasurer.

# Health Unit Notes

DEFICIENCY DISEASES
(Continued from last week)

PREVENTS SCURVY

Vitamin C or Ascorbic Acid prevents the development of scurvy. It helps to keep the walls of blood vessels intact and is needed for the proper structure of the teeth. Bruising and bleeding from weakened blood vessels is found in scurvy and may be found in milder cases of "C" deficiency. The best sources are: black currants, citrus fruits and their juices (oranges, grapefruit) raw strawberries, cantaloupe, fresh or canned tomatoes or tomato juice, peppers, potatoes, cauliflower, cabbage and turnip. Rose hips are an excellent source.

This vitamin is readily destroyed by air and heat. Therefore, these foods provide the most vitamin C when eaten raw, or cooked in covered containers, for as short a time as needed and not held over or reheated. Since the vitamin is also very soluble in water, the cooking water should be kept to as little as possible, and used up rather than being thrown away. While 10 milligrams per day will protect a person of any age from scurvy, about 30 milligrams daily should be used for extra insurance, and many people recommend as much as 75 milligrams daily.

VITAMIN D

Vitamin D is necessary for the proper use of calcium and phosphorous in bone and teeth formation. Lack of this vitamin in early infancy causes rickets. Milder deficiences at any time while growth is occurring (up to 16 years or more) may cause disfiguring and even serious malformation of the skeleton and adult bones. Sunlight causes the formation of Vitamin D in the skin but is an unreliable source because of smoke, dust and fog screening out the necessary ultraviolet rays. Furthermore, as a suntan develops, these rays have increasing difficulty in reaching the deeper layers of skin and less Vitamin D is consequently formed.

For these reasons, as well as because dropping the fish liver oil habit during the summer months often makes it difficult to replenish in the winter, it is advisable to give an assured supply of Vitamin D all year round. Various forms of fish liver oil, often liquid or in capsules, are available. Irradiated evaporated milk provides significant amounts, but few other foods do. While growth is occurring, every person needs at least 400 International Units per day and it is usual to give about 800 International Units a day to infants up to two years, in order to be sure enough is swallowed. This corresponds to from one to three teaspoons daily of cod liver oil, or from one to ten drops of some of the concentrated forms, but the label has to be consulted to be sure.

Friday, March 12 — Marwayne hall, 10 to 12 noon.

Friday, March 12—Kitscoty Clinic 2 to 4 p.m.

## Two More Tigers Win Stetsons

Natty attention attracting Stetsons are now adorning the brows of two more members of the Tiger hockey team. Every Tiger player who performs the hat trick, that is, scores three goals in a game, either at home or away, is presented with a new $10 Stetson hat by Cheetham's Family Wear. The latest to win are Gerry Pazuna who notched three against Viking Gas Kings last Saturday night when the Tigers won the 5-4 score, and Les Williams for his three goal effort against Vegreville on Wednesday in the previous game. St. Martin and Schmidt had previously won Stetsons.

Your Red Cross is people helping people, across the street, across the nation, across the world. March is Red Cross month.

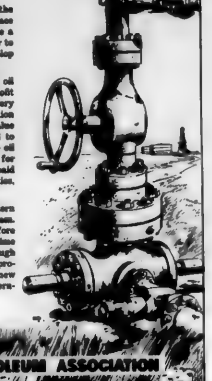
**In the Oil Business You put Before You Take!**

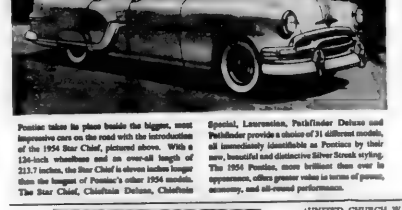


One vital, ingredient in the discovery of oil is money. Since 1946, the oil industry has made a tremendous investment in order to find new oil sources and develop the fields that have been found.

From this investment, the oil industry has yet to realize a profit return. Since 1946, for every dollar invested in oil exploration and development, the gross value of oil produced has amounted to only 94 cents. The net to the oil companies has been far less, for out of this return they have paid field operating expenses, royalties, taxes, and other charges.

Oil development in Western Canada is a long range program. In the oil business, you put before you take — but in the meantime the public has benefited through lower prices for petroleum products, increased employment, new industry and revenue to governments.

CANADIAN PETROLEUM ASSOCIATION



Pontiac takes its place beside the biggest, most impressive cars on the road with the introduction of the 1954 Star Chief, pictured above. With a 126-inch wheelbase and an over-all length of 213.7 inches, the Star Chief is eleven inches longer than the longest of Pontiac's other 1954 models. The Star Chief, Chieftain Deluxe, Chieftain Special, Laurentian, Pathfinder Deluxe and Pathfinder provide a choice of 31 different models, all immediately identifiable as Pontiacs by their new, beautiful and distinctive Silver Streak styling. The 1954 Pontiac, more brilliant than ever in appearance, offers greater value in terms of power, economy, and all-round performance.

## PUBLIC NOTICE

By the Board of Trustees of VEGREVILLE SCHOOL DIVISION NO. 19 of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the VEGREVILLE SCHOOL DIVISION NO. 19 of the Province of Alberta, that the sum of ONE HUNDRED AND TWENTY-FIVE THOUSAND DOLLARS should be borrowed on the security of the said Division by the issue of debentures repayable to the bearer in twenty consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

Erecting frame stucco school buildings as follows —

(1) Auditorium - gymnasium at Vegreville School.
(2) Two-classroom addition at Minburn School.
(3) Two-classroom unit at Lavoy School.
(4) Auditorium gymnasium at Mannville School.

THEREFORE, notice is hereby given by the Board of the said Division that unless a poll of the proprietary electors of the said School Division for and against the said debenture loan is demanded as provided by the School Act, the said Board will apply to the BOARD OF PUBLIC UTILITY COMMISSIONERS for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified and they are required to govern themselves accordingly.

"S. Hinton"
Chairman

Dated at VEGREVILLE, this first day of March, 1954.

*INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DIVISION*

A poll may be demanded in a School Division by a demand signed by the proprietary electors of each of at least twenty per cent of the districts in the division. Every demand for a poll must be delivered to the Secretary of the Division or, in his absence, to the Chairman of the Board of Trustees, within Fifteen days after the date of posting or of the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton. "Proprietary electors" means an elector who is liable to assessment and taxation for school purposes in respect to any property situate in a School Division.

### UNITED CHURCH W.A. GROUPS

The W. A. groups of the United church will meet Tuesday March 9 at the following homes: Mrs Dougan's group at her own home. Mrs. Hardie's group at the home of Mrs. Bates. Mrs. Allen's group at the home of Mrs. Chas Hechler; Mrs. Stan Waldenberger's group at her own home.

What does your Label read?

## Mrs. J. A. Hamilton, Wainwright, Pres.
## Annual W. M. S. Presbyterial Meeting is Held At Vermilion

About seventy delegates and visitors attended the annual meeting of St. Paul United church on Feb. 10 in Vermilion United church. Mrs. J. A. Hamilton constituted Presbyterial as a short morning session and presided in the afternoon.

The afternoon session opened with an inspiring worship service conducted by Mrs. Duke and Mrs. Laing of Vegreville on the theme "Prayer". Mrs. Laing introduced her topic with a solo.

Reports received from all departments showed the work of the first year of this amalgamated Presbyterial to be most gratifying. The allocation was exceeded and the meeting voted the surplus for gifts for building advance toward cars for W.M.S. in Canada. An increased allocation for 1954 was accepted. A new life saving auxiliary was organized during the year. There was a splendid response for supplies for the Anglo-Canadian Presbytery need, and an appeal was made for correspondents verified by Ottawa.

Two resolutions were brought in:

1. That we protest amending the Criminal Code to further restrict legislation regarding gambling and lotteries;

2. That we protest the publicity given to crime in papers and radio.

Mrs. Thomas presided at an impressive memorial service.

The guest speaker, Miss E. M. Layton, described her interesting work as W.M.S. hospital visitor in Edmonton and gave helpful advice to anyone doing hospital visiting.

A solo by Mrs. Morrison was much enjoyed.

## ANGLICAN MEN DINE ON STEAKS

Something out of the ordinary menu was thoroughly enjoyed at the Anglican Men's club dinner on Monday evening. As Chief Chef Dr. Denis Hanlan set up a T-bone and sirloin steaks, take your choice boys, right hot off the griddle Doc says that the griddle of appropriate size to grill the 24 steaks necessary to satisfy the 23 men present, was kindly loaned by Mrs. M Hill and the use of it overcame the last difficulty in supplying the men's club with a steak dinner.

Garnishing the steak with pineapple juice and pineapple was another good idea of epicure Hanlan. The grand climax was strawberry pie a-la-mode. The kitchen crew responsible for serving the delectable viands were Bob Snelgrove, Jack Kneale, Tom Connolly and Denis Hanlan.

Following the meal a very interesting talk was given by E. H. Buckingham. One of speaker's hobbies was gathering up the various regimental badges of the British Army. These he has nicely mounted and Mr. Buckingham who has spent many years in the army himself can tell the story of the regiment to which each badge belongs. Incidentally he has 108 of these badges nicely mounted in cases. The speaker also sketched on a blackboard the movements of the British army in several famous battles such as the Charge of the Light Brigade in the Battle of Balaclava. This was a wonderful story of a wonderful army, an army always outnumbered, and while it lost some battles it never lost a war.

The Anglican Men's club meet the first Monday of every month at 8:30 in the parish hall. Supper is served by a group of the members then a short meeting is held with some special subject discussed or a guest speaker in attendance. The meetings are open to all men, and a hearty invitation is extended to each and everyone to come along and enjoy this fellowship.

Check that date on your label!

Miss Mary Clark, Cold Lake: Sec. for affiliated C.G.I.T. Groups. Mrs. P. E. Patterson, Wainwright; Sec. of Mission Bands. Mrs. A. J. Thorley, Ryley; Sec. of Baby Bands. Mrs. John Ziegler, Vegreville; Associate Members Sec., Miss Bessie Anderson, Islay; Supply Sec. Mrs. S. J. Fisher, Lloydminster; Community Friendship Sec., Mrs. H. Mawson, Cold Lake; Literature Sec., Mrs. R. A. Sonley, Marwayne; Missionary Monthly and World Friends Sec. Mrs. E. M Parsons, Holden; Sec of Christian Citizenship, Mrs. W. L. Roebuck, Vermilion; Press Sec., Mrs. J. G Inglis, Kitscoty.

After the close of the meeting a banquet was served by the Vermilion W.M.S. and Miss Ila Newton showed interesting colored lantern slides of the C.G.I.T. Camp at Lake Whitney.

## The Wolf and the Crane

A WOLF once got a bone stuck in his throat. So he went to a Crane and begged her to put her long bill down his throat and pull it out. "I'll make it worth your while," he added. The Crane did so she was asked, and got the bone out quite easily. The Wolf thanked her warmly, and, turning away, when she cried, "What about that fee of mine?" "Well, what about it?" snapped the Wolf, baring his teeth as he spoke; "you can go about boasting that you once put your head into a Wolf's mouth and didn't get it bitten off. What more do you want?"

**MORAL: Many a man who takes long chances has nothing to show for it afterwards. Isn't it wiser to put part of your salary, every pay day, into a savings account with The Canadian Bank of Commerce? Then you will really be able to laugh at the wolf of adversity.**

Illustration by Arthur Renkham, from the Illustrated Edition of Aesop's Fables.

**The Canadian Bank of Commerce**

WINNIPEG — J. R. Finlay CBC Prairie Regional representative of W. J. Pavlata as CBC assistant farm commissioner for Alberta, replacing Adolf Stewart. After a short briefing session at Winnipeg Mr. Pavlata left last week to take up his new duties. He will be stationed at Edmonton.

Bill Pavlata was born at Leth bridge of Swiss and English parents. He says the years immediately following his birth were droughty and he never did quite get his growth or maybe he grew too much along the ground to get better practice against the southern Alberta head winds.

The board for the manufacture of gamma globulin to fight polio is supplied to the Dept. of National Health and Welfare by the Canadian Red Cross.

*IN MEMORIAM*

In loving memory of a dear husband and father

*Oscar B. Johnson*

—who died suddenly on March 6, 1953, at Clandonald, Alberta.

"His last parting wish
We would like to have heard,
And breathed in his ear
Our last parting word.
Only those who have lost
Are able to tell
The pain in the heart
In not saying farewell."

Sadly missed by his wife, Dorothy Joyce June and Ronnie.

*CARD OF THANKS*

I wish to thank the following. Rev Father C. Landrigan. Dr. Stephens and his assistant in the operation. Miss Keith and all the nurses and staff for their kindness and patience to me during my stay at hospital. Also to all my friends and relatives for their helpful prayers. lovely cards and messages. their many visits and gifts of fruit. etc I even received three separate gifts right from Ireland when in hospital. To everyone a very sincere God Bless You All.

Mrs Margaret Irene Butler.

The Red Cross canvasser is a volunteer. He is happy and proud to call on you. You can do your share by contributing to the Canadian Red Cross. tf

By Shirley Holms, Wainwright, Alberta

# News Notes From Your District Home Economist

*THINGS TO REMEMBER*

HORSERADISH SAUCE

To make horseradish sauce to accompany beef or ham just add a tablespoon of prepared horseradish to a cup of medium white sauce.

SCALDING

Scalding is essential when you're preparing vegetables for freezing. It checks deterioration. improves color and preserves vitamins in the frozen vegetable.

GOOD SCRUBBING

A stiff brush or steel wool and a good scrubbing powder are all that is necessary to clean brickwork.

NEW LIFE

Putting new life back into old kitchen towels or cloth napkins is easy with iron-on designs available in most sewing centres. They're washable and come in a number of colors

AVOID PRESSURE RISE

When you're using a pressure cooker, after the desired pressure is reached hold it steady regulating the heat avoid having pressure fluctuate

WAX PROTECTS SILLS

During the winter, when windows steam and drip, window sills get messy in no time at all. Constant washing wears off the paint or varnish, so protect your window sills with wax. A cream wax is easy to use. It cleans and waxes at the same time so you don't have to wash the window sill before applying it. Just wipe it on and off again. You'll be amazed at how quickly and effectively the soil comes off. Now all you do is polish it. It takes only a few strokes and you don't have to wait for it to dry.

STEAM. PLUS AMMONIA RENEWS BLACK VELVET

If you have a garment of black velvet or something with black velvet on it which looks rather lustreless from winter wear, you can restore its new look by holding it pile side up over lightly steaming water to which a little ammonia has been added. While this cleans your velvet, it also raises the nap and removes wrinkles. Finish by brushing well and ironing lightly on the wrong side.

WORNOUT BATH TOWELS

Can be put to good use. They make wonderful bath mitts or handy little pockets for holding scraps of soap. Children always find these little things make bath time so much more interesting.

BOYS' BIRTHDAY PARTY

Here is a suggestion for the main course at a boy's birthday party. Plan to serve the food chuckwagon style to the neighborhood 'cowboys' at your next party

Cut 6 hamburger buns in half and spread each half with butter. Cover with contents from two 1-lb. cans of pork and beans. Sprinkle with cheese. Top with slices of bacon cut into half Broil 4 to 5 inches below source of heat. Yield: 12 servings. I'm sure this would make hearty eating for trail-tired cowboys'

SERVING SHRIMP?

Combine ½ cup mayonnaise, ½ cup catsup, 2 teaspoons lemon juice. 2 teaspoons horseradish, ¼ teaspoon paprika, ½ teaspoon Worcestershire sauce and 2 drips tabasco. Chill thoroughly Serve as dip for shrimps

# Pleasant Valley

The curlers are glad of the cooler weather but many others do not like it after the nice mild spell — but spring is just around the corner so they say.

Congratulations to you Laura on the birth of a daughter, Dawn Ardell.

Maurice Gould and family from Vegreville were visitors at the old home on Sunday seeing the former's mohter and brother Marvin.

Some of the folks from hereabout won some of the big prizes last Saturday evening in Vermilion. Mrs. Garfield Simmons won the big prize of a combination ra- Shaw won the floor polisher.

Mr. and Mrs. Herb Simmons were visitors at the writer's home on Tuesday. On Wednesday a tupperware party was held at the home of the writer It was pleasing to see so many Bowtell ladies.

Mrs Fisher spent a few days with yours truly and her visit was reallyenjoyed. It is nice having friends come to see you during the winter time. Time certainly flew by when Mrs. Fisher was here.

Hello Mr. Anson, we heard your birthday greetings over neighborly news on Sunday. 75 years young.

Albert Dupruit called at the Bert Gould home on Sunday. The dya was cold andth e wind blew hard. It was a good thing that htere wasn't any loose snow or there would have been quite a blizzard.

The writer enjoyed a nice chat with Mrs. Strang who has been away most of the winter visiting her sister at Colinton. She is looking very well. Come down and visit us. Don't forget your old neighbors and old district.

You are there when a forlorn youngster in a foreign land joyfully hugs fresh new clothing supplied by the Canadian Red Cross. In 1954 the Canadian Red Cross needs $5 422,850. tf

DOWNSTAIRS IN NOONAN BUILDING

## Taxes Are More Than Wages

Canada's auto manufacturing industry employed an average of 39,000 last year. Employees of firms supplying automakers rose to an estimated 160,000, says Financial Post.

Taxes paid on motor vehicles amounted to more than the total earnings of all employees of the manufacturers. The total on Canadian-built cars and trucks reached $162.7 millions, an increase over 1952 of $24.2 millions and $16.5 millions more than was paid out to employees in earnings.

## New C.N.R. Service

WINNIPEG. -Daily buffet parlor car service will be provided on the Canadian National Railways trains Nos. 5 and 6, effective March 2, between Regina. Saskatoon and North Battleford

C.N.R. officials said the car assigned to the run would seat 21 parlor car passengers. while the dining compartment would accommodate eight persons a sitting.

What does your Label read?

## THE STAGETTES

The Stagettes will meet at the home of Miss Kay Stewart on Tuesday at 8 p.m.

Mrs. J. M. Duncan of Edmonton was a visitor at the home of Mr. and Mrs. A. M .West during the past week.

The annual Laymen's dinner of the Edmonton diocese held on Shrove Tuesday each year took place at the Macdonald hotel, Edmonton on March 2 and was attended by quite a number of men from St. Saviour's including Rev. D. A. Ford, Jack Kneale, Cecil King. H. B. Evans, L. H. Payne, E. H. Buckingham. Thos. Watts, Wm. Fooks, Mitchell Taylor, J. R. Robson.

*CARD OF THANKS*

We wish to express our appreciation and thanks to the many friends for the kindly concern in our son Wade following his accident, for the sympathy expressed, for the offers of help, and for the gifts and baskets of fruit sent to him.

## Hazeldine Couple Celebrate Silver Wedding

On the evening of Saturday Feb. 20, friends and neighbors gathered at the home of Mr and Mrs. J. K. Whiteside, the occasion of their 25th wedding anniversary. The honored couple were presented with a lovely silver candelabra and a silver plate for which Mr. and Mrs. Whiteside thanked their many friends.

During the evening everyone enjoyed singing, various card games, and just plain old fashioned visiting

Pictures were then taken of the happy couple after which a lovely lunch was served, closing a very memorable evening.

Friends here will be interested to learn that Mr. and Mrs. Billie Pilkie are now sunning themselves on the beach at Waikiki, having left Tuesday of last week for a holiday and rest on the lovely island of Hawaii. Allan Pilkie spent the week end in Vermilion.

Mitchell Taylor returned Monday from a business trip to Winnipeg and Minneapolis.

Miss Joy King, daughter of Mr. and Mrs. Cecil King, left Monday on a trip that will take her over to London where she plans to spend the next two and a half years. She travels by C.N.R. to the TCA plane at Dorval Airport. Montreal, on Saturday. She will arrive in London the following day.

Ernest Cooper of Toronto who spent two weeks here visiting his brother S. R. P. Cooper and family, left Saturday morning for Calgary and Vancouver. After a few days in Calgary he planned to continue on to the coastal city to visit his brother Mr. Percy F. Cooper and Mrs. Cooper.

Mr and Mrs. M. Zubiak and the children spent last week in Prince Albert and district where they attended the wedding of Mike's brother

Ernie Corson is spending a week or two in town, coming from Edmonton where he stays with his daughter and family, Mr. and Mrs. Hughie Hall. Eddie Corson also makes his home there.

Quite a number of young people who are attending Varsity spent last week end at their homes in town. Among them were Miss Noreen Dougan and Miss Betty Bentlye, Ken Caron, John Stewart and Rex Boake

Three members of the staff of Ken Rowe & Sons Ltd., are attending the provincial School of Technology in Calgary. They are J. J. Hobbis, E. Blair Hicks and E. Theissen

Mr and Mrs. Bob Beckett of Chilliwack, B.C., drop the Standard a line They say. "we were debating whether we would go back to Alberta for the winter as this Evergreen playground gave us 27 days of rain for November and five feet of snow in January They send along kindest regards to all their old friends here

UNITED CHURCH W.A. GROUPS

The W. A. groups of the United church will meet Tuesday March 9 at the following homes Mrs Dougan's group at her own home. Mrs Hardie's group at the home of Mrs Bauer. Mrs Allen's group at the home of Mrs Chas Heckbert, Mrs. Stan Waldenberger's group at her own home

The Happy Hour group of the St Saviour's W.A. will meet at the home of Mrs Hilda English on Thursday March 11 at 8:30 p.m

HOME COOKING SALE

## Margaret Cooper Wed at Leduc

A wedding of wide interest to Vermilion and district people was solemnized at the United church in Leduc on Thursday, Feb. 18 at 5:00 o'clock in the afternoon when Margaret R. Cooper, daughter of Mr and Mrs. Harry Cooper of Vermilion was united in marriage with Byron E. Dahl, son of Mr. and Mrs R. Dahl of Leduc.

The bride was attended by Miss Ann Wakulich of Edmonton. Ronnie Dahl, brother of the groom was the best man.

A reception was held at the home of the groom's parents during the evening. The happy couple will make their home at Fort St. John, B C.

SHOWER BRIDE ELECT

A shower in honor of Miss Margaret Cooper, a bride-elect of February, was held at the home of Mrs. Farney a. Leduc. The hostesses were the members of the Leduc telephone exchange staff. Some thirty were in attendance and Miss Cooper received many beautiful and useful gifts.

## Showers Honor Miss Thelma Krause

Miss Thelma Krause was guest of honor at a shower given at the home of Mrs. Jean Rowe on Monday, Feb 22. Mrs. Rowe and Mrs. Mable Crawford were co-hostesses for the event and entertainment for the guests was provided by playing "twenty questions". Miss Krause was presented with some lovely and useful gifts after which a pleasant hour was spent over the tea cups.

On Tuesday, Feb. 23 Mrs. Kathleen Stewart and Miss Ruth Marfleet entertained at a shower for Miss Krause at the home of Mrs. Stewart. Confetti-filled balloons showered their contents over the bride-elect as she unwrapped gifts at this event. Games were enjoyed and a pleasant evening concluded by the serving of a dainty lunch by the hostesses.

## Bride of March Feted At Shower

At the home of Mrs. Arthur Burton on Wednesday, March 3, in honor of Miss Julia Farlesch, a bride of the month, a number of friends gathered. Following a few hands of whist with Miss Isabel Davies winning first prize and Mrs. O. Repp the consolation, the Misses Glenis Moore and Bonnie Maggs carried in a lovely decorated box full of gifts. After the gifts were opened and admired by all, Julia thanked the ladies present. The hostess then served a delicious lunch assisted by Mrs. Skrodolies and Mrs. A. Maggs. A very nice afternoon was enjoyed.

FOR RENT: 4-roomed suite. All utilities. Phone 417 25

## St. Saviour's Church Is Scene Of Candlelit Wedding

*GREAVES—KRAUSE*

Baskets of spring flowers decorated St. Saviour's Anglican church, which was the scene of a beautiful candlelit service on Saturday, Feb. 27 when Thelma Freda Krause, youngest daughter of Mr. and Mrs. Wm. Krause, became the bride of Allan Pearson Greaves, son of Mr and Mrs. James M. Greaves, Victoria, B.C.

Rev. D. A. Ford performed the double-ring ceremony.

The bride entering the church on the arm of her father was radiant and charming in a floor-length gown of ivory Chantilly lace over candlelight satin. The Grecian bodice featured lily-point sleeves an the skirt was fashioned with a graceful train. The three-tiered veil was held in place with a bandeau set with rhinestones and pearls. Her flowers were a cascade bouquet of white orchids and red sweetheart roses, and her jewelry a single strand of pearls and pearl ring, gifts from the groom.

Mrs. Elinor McKeever, sister of the bride was matron of honor and she wore a cocktail-length gown of gold net with bolero and gloves of the same material. Maid-of-honor, Miss Ruth Marfleet, wore a sundown-length gown of turquoise green net with a five-tier skirt. Miss Alice Thompson, as bridesmaid, was gowned in mardi-gras net with a bouffant skirt. Each carried a bouquet of pink roses to harmonize with her gown.

The groom's gifts to the bride's attendants were pendant and earring sets of coral shade.

Constable Murray Thorndycraft of Wainwright supported the groom and Mr Russel McKeever and Mr. Fred Krause were ushers. The groom's gift to the best man was a Ronson lighter.

Wedding music was played by Mrs. Gertrude Simonsen and Mr. Thos. Watts was soloist. During the signing of the register Mr. Watts sang "A Wedding Prayer", and later in the evening at the reception which immediately followed at the home of the bride's parents Mr. Watts sang "Until".

To receive her guests Mrs. Krause chose a floor-length gown of shirred amber net over satin, with bandeau-rosette headdress of matching materials. Her accessories were of beige tones.

Miss Margaret Taylor was in charge of the guest book.

The bride's table was centred with a beautifully decorated wedding cake, which was flanked by pink tapers, roses and plumosus.

Mr. L. Roy proposed the toast to the bride.

The bride's going-away ensemble was of orchid shade wool with navy accessories. She wore a Pixie hat and her corsage was a white orchid.

Following a brief honeymoon the young couple will make their home in Wainwright.

Out of town guests were Mr. and Mrs. Wm. Winkleiaar, Constable Wheately and Constable Roy Turnbull of Edmonton, the Misses Betty and Shirley Cross of Edmonton, Mr. and Mrs. Hedley and Mr. and Mrs. Turner, Vegreville, Mr. and Mrs. E. Callace, Constable P. Burke and Miss C. M. Bowden of Wainwright.

## Wins $10 Door Prize

Mrs. Albert Kather was the winner of the $10 lucky star prize at the Columbia theatre Monday evening.

*CARD OF THANKS*

We wish to sincerely thank Dr. Stephens, Miss Keith and the staff of the Vermilion hospital for the kindness and care to Mr. Ivar Larsen while he was a patient in the hospital also to the many friends for their cards and for expressions of good wishes extended.

Mr. and Mrs. Ivar Larsen.

## 1954 Social Rally A.T.A. At Mannville

MANNVILLE.—"Let's Go Western" was the theme of the 1954 Social Rally of the Vegreville local of the A.T.A. held in the auditorium of the Mannville school on Friday last. The auditorium became BAR V 19 for the evening with a realistic corral in one corner of the room and on the stage. Characteristic pictures on the wall gave the necessary atmosphere. The Junior high and high school pupils drew and painted the pictures which were all exceptionally good. Added to them was the picture won by Allan Brown, our local Cowboy. The lights were draped to portray gas lanterns and on one corner of te corral hung a bridle and lariat rope.

As the guests came in the door they were tagged with boots with their names written on them and those not in western garb were fined. The various costumes were interesting, they ranged from complete western dress with chaps and ten gallon hats, bright shirts or skirts. Practically everyone had at least a handkerchief. Incidently the proper way to wear a kerchief is knotted at the back rather than the front.

Miss Bourassa and Miss Mackowecki and Mr. Knott were in charge of the program and had a ful evening of entertainment lined up. Sing-songs of old favorites with the party gathered around the campfire got everyone in the mood of fun. Then several games got the crowd acquainted with the losers paying consequences. Novelty dances made for much merriment.

An elimination dance caused many to step out that were not in western dress and the last couple left on the floor were Mr. and Mrs. Allan Rostron. Mr. and Mrs. Chester Gamble were a close second.

Typical western lunch was served with carnation milk cans as pitchers, tobacco tins as sugar bowls. Man-size hamburgers and doughnuts were the fare.

Schools along the line from Vegreville to Mannville were represented with several of the board members as well. Mr and Mrs. Facey, Mr and Mrs. Cole, Mr and Mrs. Tym, Mr. and Mrs R. Whitson were among those present.

## Vermilion Rink Wins Challenge At St. Paul Bonspiel

This Vermilion rink skipped by Glen Gibbons won the Grand Challenge at the annual St. Paul bonspiel a short time ago. Shown from right are Bob Rowe, lead; Norman McGinnis, 2nd; Keith King, 3rd; Glen Gibbons, skip. A rather interesting feature was that two Vermilion rinks met in the final, the Gibbons quartet triumphing over one skipped by Bill Lingings. *—Cut by courtesy of the St. Paul Journal.*

## C.G.I.T. Entertain Dads At Mannville

MANNVILLE. The C.G.I.T. entertained their fathers (usually it is girls and mothers, but these girls took their fathers out for the evening) one night last week. It began with a curling game, followed by a banquet, after which films were shown. The proud girls closed the evening by forming a circle around the fathers and singing "For They are Jolly Good Fellows", and then the fathers joined the circle for "Taps" and "Thanks for the Evening Comrade".

## To Extend Rural Power Lines In The Campbell Lake Area

The following is a summary of the minutes of meeting of the Council of M.D of Vermilion River No 71 held in the municipal office, Kitscoty, Feb. 9 and 10.

Present: Reeve Arthur Clarke, Crs. J. D.Stone, J. C. Wallington, P. McGuigan, J. H. Kelly, T. Belsheim and D. G. Lawrence.

Minutes of the January meeting were accepted as presented. Financial statement for January was accepted. Accounts approved by the Finance committee were passed for payment.

Moved by Cr. Belsheim that 1954-55 estimates for Tulliby Lake Nursing service in the amount of $3830 be approved. Cd.

Moved by Cr. Lawrence that the Lloydminster hospital be paid $10,481.50 on 1954 requisition. Cd.

Moved by Cr. Wallington that the bank charges in amount of $15.19 for month of December and $17 for month of January be authorized. Carried.

A petition received from 32 residents of this M.D. in Townships 53 and 54 and Ranges 5 and 6 W4th requesting the Council to approve of the construction of power transmission lines for the Campbell Lake Rural Electrification Assoc. Ltd., along the highways, streets, lanes and avenues of the said Townships and Ranges and further to consent to a Permissive Order being granted by the Board of Public Utility Commissioners of the Province of Alberta in order that the petitioners may be served with electric energy was carried unanimously.

By-law concerning the leasing of the following Tax Recovery lands SW 7-50-4 W4th to Mrs. E. J. Hutton for $30, Lot 13, Blk. 1, Islay to Henry Olds for $5 per month given three readings and carried.

By-law 701 concerning leasing of the following Tax Recovery lands NE 6-53-1 W4th to Verne Lowrie for one-quarter share of crop, NE 34-48-4 W4th to R. Drysdale for one quarter share of crop given three readings and carried.

Moved by Cr. Kelly that E. DeLeiuw and David Eaves be recommended for a license to operate a service station, cabin and trailer camp on Pt. SW 2-50-1. Cd.

Moved by Cr. Kelly that E. DeLeiuw and David Eaves be granted a permit to erect a trailer and cabin camp at a cost of $8000. Cd.

Moved by Cr. Clarke that Sam Walker be granted a permit to erect a building 11x15 on Lots C and B on the NE corner of SE¼ 36-49-1 at a cost of $500. Cd.

Moved by Cr. Belsheim that we urge the Minister of Highways in co-operation with the Province of Saskatchewan, to extend the proposed highway running north from the Town of Lloydminster on the 4th Meridian to the hamlet of Onion Lake. Cd.

Moved by Cr. Kelly that the Town of Lloydminster be permitted to lay a pipe line on West side of road allowance from NE corner of NE ¼ 2-50-1 W4th, 3300 feet south to connect at 50th St., at a minimum dpeth of 9 feet.

## Former Islay Man Suffers Fire Loss

SEDGEWICK. A barn on the farm of Mrs. Gould and her son Cecil was completely destroyed by fire last Monday afternoon. The building housed about 22 pigs, 18 of which were lost in the fire. It is thought that the fire started from an overheated oil brooder heater. The building was not covered by insurance.

The Sedgewick Fire department went to the farm which is about a mile from town but the fire was out of control when they arrived. By use of the chemical unit they were able to prevent the fire from spreading to a neighboring building.

A fund has been started in the community to alleviate the loss.

NOTHING BUT THE TRUTH By Arnold

## Blood for Transfusion Is Big Concern Of Red Cross

Whole blood for transfusion purposes still remains the chief concern of the Blood Transfusion Service, Dr. D. I. Buchanan, provincial medical director, reported at the 39th annual meeting of the Canadian Red Cross Society, held on Feb. 19 and 20 in the Macdonald hotel, Edmonton.

It is important to bear in mind that the number of patients receiving transfusions is steadily rising, and that the total patients receiving blood transfusions in 1953 was, for example, 80% more than the total patients receiving blood transfusions in 1948. Since the service was established in Alberta towards the end of 1947 nearly 150,000 five hundred cc blood transfusions have been administered to patients in the province, and it is estimated that the Soicety has saved, in terms of dollars, over $3,000,000 to hospital patients.

Dr. Buchanan reported it will be necessary to collect 1100 bottles of blood per week in Alberta to ensure a supply of whole blood and gamma globulin. Regarding the use of gamma globulin in Alberta, 48,000ccs of this blood product were used for poliomyelitis contacts in th second half of 1953 this amount not including any used where there was a sharp outbreak in the Whitehorse area.

## The 1954 Budget

The Budget expected in mid April, will be one of the dullest in years, predicts the Ottawa correspondent of The Financial Post. The word used officially is 'simple'. The meaning in both cases is that there will be very little change from this year.

But he adds, the fact that so few changes are being planned indicates that the government at least believes no drastic changes in the economy are in sight.

## Wildmere Beavers Girls' Club Report

The meeting of the Wildmere Beavers Girls' club was held at the home of Margaret and Hazel Whitlock with 14 members and 6 visitors present. The meeting was opened by the singing of 'O Canada' followed by the Flag Salute and the Code. The minutes were read and approved. The roll call was well answered by a favorite name of boy or girl. Mrs. Martin bought a nature study book called "The Blue Jay". A letter from Mrs. Handly was read.

The Wildmere W.I. have asked the girls to entertain them at the May meeting. A bit was done on the aprons. The topic given by Maureen was enjoyed by all. The next meeting will be at Janet Cruthers. Roll call — your birth stone. Social will be by Betty. The mystery box was won by Mary Gibson. The meeting adjourned with the singing of 'God Save the Queen'. A very tasty lunch much enjoyed by all was served by the hostesses.

**POLIO FUND DANCE**

MANNVILLE. — Several Junior High school girls in trying to think of ways to raise money for the Polio fund decided a dance would be one very good way. As orchestras are hard to get as well as being costly the girls started one of their own. With the help of Jim Johnstone they held several practises and the result on Friday night in the Legion hall was very gratifying. With both the music and the hall donated about $57 was realized for the fund. There was a very good crowd and everyone seemed to enjoy the dance. The girls in the orchestra are Emma Jackson, Connie Gerhart, Norma McLachlie, Doreen Gerhart and Donna Ackerman.

**"CLASSIFIED ADS"**
**Payable Strictly in Advance**

The rate for Classified Advertisements is 50c per week straight—CASH with order. Ads phoned in must be paid same day or in the case of rural residents the same week. An extra charge of 25c will be made for any advertisement not paid as above. If ads contain more than 30 words add 2c per word to the initial 50c charge.

## SALE OF BUILDINGS

## Mannville Home & School Hears Play, "Scattered Showers"

MANNVILLE. — The Mannville and District Home and School Association met in the school auditorium on Friday last with an exceptionally good attendance. The evening opened with a film to demonstrate the new projector recently purchased by the school assisted by the Division and the Home and School Association.

Sterling silver Honor rings were presented to the following Honor students by Mr. R. J. Whitson on behalf of the Vegreville School Division: Howard Schreyer of Scotstown; Peter Stachniak and Barry Smith of Grade 10; Audrey Hamilton, Florence Otto, Sharon Meece of Grade XI and Mary Boyle and Fred Otto of Grade XII. Howard Schreyer (Bucky) was also presented with a cheque from the sub local and Minburn section of the A.T.A.

After community singing the play "Scattered Showers" under the direction of Mrs. Muriel Lugg was presented with the following cast: Mrs. Margaret Smith, Mrs. Dorothy Johnson and Mrs. Bob Clark. This is a play portraying the characters of three different mothers and their methods in handling their three sons. The first mother was very understanding, but firm. Her son Mike knew that she didn't issue commands unless she meant them and he respected her word. In the crisis of the three small boys in the boat that came loose from the dock he was the only one that paid any attention to what was told by his mother. Junior and Richard became as hysterical as their mothers and were screaming and jumping up and down in the boat thus endangering their lives. The second mother read too many books by psychologists and felt that her son Junior should be allowed to express himself and become self reliant. She had been disciplined too much as a child herself and didn't want her son to have the feeling of rejection that she had, with the result that Junior paid very little attention to her. After talking it over with the first mother she realized that she could discipline her son and still show her love for him. The third mother thought that her son was like a little puppy, needed nothing but food and clothing and needed strict discipline. He was dressed in white and was expected to keep perfectly clean while playing. And after the boat episode she gave him a sound spanking and marched him straight home. The play also brought out the need for the co-operation of the father and mother in bringign up children. Every child is different thus it is impossible to apply what you read entirely. Children need love and security and discipline. The father must take a definite part in training the child. It is a 50-50 job and should not be left to the mother.

The panel for the discussion of the play was made up of Mr. Doherty as chairman, Dr. Hasinoff, Mrs. George Younge, Rev. Crighton, Rev. Alcock, Mrs. Lloyd Boe, Mrs. R. Lynch. They all agreed that it would be very nice if all could be like the first mother, and heartily disapproved of mother of Richard. Also that too much reading was no good, that parents should rely on common sense in dealing with youngsters. The panel discussed the play thoroughly and answered questions put by the audience. Mrs. H. Thompson on behalf of the Home and School thanked the members of the panel for acting, and the members of the cast for the wonderful way in which they portrayed their parts. The play showed result of a good deal of practise and was thoroughly enjoyed by the audience.

Lunch served by the lunch committee brought the evening to a close.

## Open Clandonald Egg Grading Station

## Regional Conference Of Boards of Trade Friday, March 12

Community and regional development problems will be discussed along with board of trade and chamber of commerce operating techniques at regional conferences scheduled for St. Paul on March 8, Edmonton on March 10 and Wainwright on March 12. George O'Brien of Vegreville is president of the Associated Chambers.

Delegates from boards and chambers in surrounding communities will spend a full day at each of these conferences, which are sponsored jointly by the Associated Chambers and the Candaian Chamber of Commerce. Boards and chambers in the conference centres will be the hosts and assist with planning and program.

The conference program in each case will cover such topics as the community activities of boards and chambers, the role of the Junior Chamber in the community, approaches to government, and the work of the Alberta Association. Discussion of problems will be stressed.

**EASTER HAM SHOOT**

Did you know that it takes one pint of blood to manufacture one injection of gamma globulin to fight polio? The blood is supplied by you through your Red Cross. tf

"nothing can replace **Butter** for richness and higher quality in cooking"

If ever you have dined at Ottawa's famous Chateau Laurier, you'll agree ... Chef Frottey knows whereof he cooks! In all his tempting dishes, he uses only butter. No substitute could possibly give the delicate flavour, the smooth, golden richness of fresh creamery butter.

Taste Chef Frottey's own recipe for BUTTER MEUNIERE, a sauce for sauteed fish, steaks or chops.

When fish or meat is ready to serve, squeeze the juice of a quartered lemon over it. Sprinkle with fresh chopped parsley or chives. In a frying pan, brown 2 ounces of butter for each person. Pour over fish or meat.

it's always better with **Butter**!

As every housewife knows, for good eating and good living, you just can't beat butter. From the simplest hot biscuits to the most elegant layer cake, everything you make tastes so much better with butter.

### Vermilion Rink Wins At Bonnyville

This Vermilion rink won the main event at the Bonnyville bonspiel. Shown from left to right are Bill Chinnd, lead; Carman Long, second; Hout Cooper, third, and Aldous Kent, skip. Mr. Kent is the president of the Vermilion Curling Club. The first prize of electric irons and the challenge trophy are also pictured.—Photo by John Bean, Vermilion.

# Allandale Notes

No complaints about the weather in the last few weeks. It's just grand.

Mrs Rufus Omness of New Serepta was visiting her daughter Mrs Jack Hobbis (Lurline) and family on the week of Feb. 7. She was unable to call at Allandale but phoned relatives in the district.

Congratulations to Mr. and Mrs. Jimmy Martin on the birth of a son Gerald Eugene, on Feb. 14 in the Vermilion hospital.

Birthday greetings to Grandma Martin whose birthday was on the 15th of February.

Our last First Aid class was at Campbell Lake on Feb. 15. Orley Omness on behalf of the Campbell Lake and Allandale class presented our instructor Mr Jack Bowman with a leather carved wallet, made by Mrs. Jessie Strome and a small purse. Jack though very much surprised thanked the class and wished them well in their exams.

Feb. 18 was a lovely evening for the 500 euchre party at the Johnny Nelson home. There were over 40 present and 7 tables were played. It was good to see and visit with Mr. and Mrs. Wallie Curtis of Dewberry, and the Milton and Selias Lee families from town, whom we don't see too often. A delicious lunch at midnight and a social hour ended a very enjoyable evening.

On the night of Feb. 19 we had a surprise visit from Rev. J. Pritchard of the city. Many will remember Jack being our student in 1946 and again visiting the district in 1950.

An enjoyable evening was had at Mrs. Frank Davies in town on the 20th when she had a few in for euchre. Mother Simonet and Orley Omness had high score and Mrs. Hemmingway and Mrs. Lee low. Thanks again Mother Davies and family for a very nice evening.

Mrs. Tommy Greaves and daughter Brenda from the city returned home with her mother Mrs. Baldock and Glen on the 18th for a holiday on the farm.

Neighbours, friends and relatives gathered at the Armstrong home on the evening of Feb. 21 to honor Uncle Bill on his 73rd birthday on Feb. 22. Happy birthday also to his 2 year old grandson Donald Dwyer who has his grandpa's birthday. Daughters Ruth (Mrs. Adamson), Violet (Mrs. Dwyer) and son Donald from the city. Joyce and Ronnie and daughter Adele from Royal Park, son-in-law Norman Anderson from Lloydminster. Myrtle couldn't attend on account of illness in the family (hope you are better Dianne), and May and Warren Edwards and family from town were all able to be home. A delicious lunch and a super birthday cake brought by Mrs. Orville Armstrong served at midnight and a social time ended a very enjoyable evening.

It was good to see Orville Armstrong in our midst again after spending some time in the Lamont hospital.

Mr Dick Bond accompanied by Mr Gus Throndson left on the 23rd for the Rockies. They will be stopping at Banff and taking treatments in the hot springs there.

Congratulations to our Clandonald correspondent on being a granddaddy recently; also to the parents Mr and Mrs. Coulter on the birth of a daughter Feb. 19.

Twins on the Omness farm — calves, a rare occasion on most farms, this being our second set only, an all white mother and two wee black calves.

The March W.A. monthly meeting will be at the Omness home on the 11th. Mrs. D. Strome and Mrs. M. McPhee on the lunch committee.

The Red Cross show and lecture at Allandale school March 3 at 8 p.m. This will be a two hour show sponsored by the Princess Ann W.I. Everybody welcome. Ladies kindly bring lunch.

Closing Thought: Give to your fellow men the same freedom you ask for yourself. Believe them to visions and strive for the noblest be as honest in their opinions as attainments your particular form you are in yours; work the clearest of belief can conceive.

## Co-Op. Union Meetings In Dewberry District

Following a meeting with Pat Ryan, northern representative of the Alberta Co-operative Union, the board of the Dewberry and District Co-operative store Assoc. agreed to introduce a series of educational meetings, with films and lunch at school houses and community halls in Greenlawn, Telegraph, Rye, Riverton and Dewberry, starting Mar. 4th.

These Co-op educational and social evenings will be held in the Greenlawn hall on March 4; Telegraph hall, March 5; Rye school, March 9; Riverton hall, March 10; and will end with a big final Co-op rally on the night of March 11 in the Dewberry hall. The final rally will include a grand free dance.

Meetings of this nature, which Mr. Ryan has been organizing on behalf of the Alberta Co-op Union, have been held in the Innisfree district, Grand Centre district and the Rocky Mountain House district. At present Mr Ryan is completing a similar program in the Bonnyville district. Total attendance to date at all these events nears the 2000 mark and they are found very interesting.

Mr Ryan entertains his audience with an hour's film program, followed by a very illuminating talk on the power of consumer and producer co-operation, then involves his audience in the discussion. The Alberta Co-op Union supplies the services of Mr Ryan to Co-operative groups, including the films, while the ladies of the communities are asked to bring sandwiches, cake or cookies and the local Co-op store supplies the hot coffee. On many occasions these gatherings finish with a dance or a social, due to the efforts of local talent or the assistance of a record machine.

The officers and directors of the Dewberry Consumer Co-op extend a cordial invitation to everyone in the district, whether they be members or just neighbors, to take in these Co-op events that will be held in their districts.

# Two Bonspiels, Banquet And School Meeting Feature Activities At Islay

Can you imagine one small place carrying though in one week, two bonspiels, a banquet, a card party and dance — and not least the annual school meeting? Yes indeed, Islay did, the adults ran a mixed bonspiel, at the same time the school students ran their spiel and finished off with a banquet provided by "the mothers".

The Home and School Assoc. had a whist party and dance Friday night and the annual school meeting was held Saturday afternoon.

A little must be told about the banquet. It is said 'that the hand that rocks the cradle rules the world', is that it? These same hands surely set a marvellous table loaded with delicious food, this one was climaxed by great wedges of apple pie topped by mountains of ice cream. All that was lacking was a camera man to take pictures to show everyone the smiles, the sparkling eyes of those young folks who for many, sat for the first time at a banquet table.

Ken McLennan and Janet Bell were the poets who composed a rhyme about each rink, and there were nine, read by the thirds. This was on the place card at the table. The cards were in the forms of curling rocks. The skips were Rod Carey, Tom Carey, Ken McLennan, Bill McGuigan, Perry Linton, Lyal Carey, Henry Kohn, Janet Bell and Jim McGuigan.

Master of Ceremonies Mr. D. Clark proposed a toast to the Queen. In his remarks he pointed out the keen enthusiasm shown by the students, even in 35 below weather, they enjoyed the game, and complained if they were told it was too cold and they had better go home. Islay had a high school rink in this same lot of school curlers which also played in the adult mixed spiel and came through with flying colors and won first in the second competition. This rink was Bill McGuigan, Janet Bell, Ken McLennan and Bill McGuigan and played their first game against the father of the two boys, Paddy McGuigan, the score will not be mentioned as the oldsters might be mortified.

There is a great big thank you coming to the bus drivers who were so kind during the bonspiel, to the mothers, and to the donors of the prizes. There was included at the banquet a very nice program -- Anne Carey recited a poem on curling; Catherine Robertson sang a song to the curlers; then there was a sing-song on curling, all to old familiar tunes. This was followed by the presentation of prizes:

Grand Challenge—1st, Rod Carey, photo albums donated by Students' Union; 2nd, Perry Linton, leather belts, donated by teachers, 3rd, Ken McLennan, pens, donated by Paddy McGuigan; 4th, Jim McGuigan, chocolates donated by I. D. Inman. Each student made a short speech as he received the prize.

Merchants—1st, Janet Bell, chocolates, donated by W.A. of United church; 2nd, Bill McGuigan, 50 cents pieces donated by B. Teskey.

Professional—1st, Bill McGuigan, ring chains donated by the Islay drug store; 2nd, Rod Carey, chocolates, donated by the local school board; 3rd Ken McLenan, penlights donated by Chas. Robertson, 4. Jim McGuigan, fountain pens donated by W McCaughan.

Citizens—1. Lyal Carey, chocolates donated by H. G Young; 2. Pery Linton, key rings donated by Chas Redmond.

Hard Luck—Henry Kohn, chocolate bars; Tom Carey, pocket combs.

It was a grand finale. Mothers really enjoyed the whole affair there were 16 of them who sat down at the second table and from all accounts and from observations of your reporter, they really enjoyed the banquet and the same goes for yours truly. Mr Clark expresses his thanks and appreciation to the W.A. of the church for their co-operation in lending dishes etc., making the work much easier.

Mrs. R. Martin has returned from visiting in Saskatoon and is at her daughter's home, Mrs. Bill Hancock.

It was a pleasure to have Mr. McCorry of Kitscoty at the church service on Sunday. He gave an account of the Presbytery held on Feb. 4 at Mannville.

Congratulations to Mr. and Mrs. Bill Axley on the birth of a son on Feb. 17.

Hi, Mrs Gladys Gould, will any of your daffodils produce seven flowers on one bulb? I have never had one like it before. Also another bulb, has three large flowers measuring 2 inches across the bell part and 4½ inches across from tip to tip of the petals, they look very large.

MIXED SPIEL RESULTS

Grand Challenge 1. B. Teskey, 2. D. Clark, and this was a 13-ender.

Second Event 1. Bill McGuigan's high school rink, 2. Paddy McGuigan (the Dad).

Third Event 1. Geo. Purves; 2. Ev. Inman.

Mr Anderson, Bessie and Ralph were dinner guests Sunday evening at the home of Dr Dickout, Lloydminster.

The monthly meeting of the W. A. is postponed one week so it will be March 11 in the church, and a quilt will be ready to 'quilt'. Anyone who likes to quilt will be very welcome, we hope to have it on frames early so come before regular meeting time and put in a few stitches. It is also our W.M.S. meeting — so missionary now, welcome.

HOME COOKING SALE

Mrs Allen's W.A. group of the United church will hold a home cooking sale at the Nelson-Hill hardware on Saturday March 6th at 3 p.m. 29-3c

## Uncle CHARLEY'S "Epigrins"

Hum, Mary had a little wolf and fleeced him white as snow.

Tobe Hinch has checked his old felt hat so long til now it's cost him 40 dollars.

Now that men are wearin' Strombergs it's harder to pick out the blockheads.

Ridge Corner millinery store now advertizin' Heavenly Hats — Hum, Halos eh?

It's a smart hubby that walks next to the store windows when out with his wife.

Seeds of gossip when planted will grow without any cultivatin'.

Tubby Tyler ain't got a job but he's busier than a mosquito in a nudist camp.

After Tom Holden's wife died he went out and bought a parrot.

Some fellers who take that last one for the road end up in the gutter.

Hum, the Indian had his tee pee but the white man has his toupee.

—REV. CHARLEY GRANT

SEEDTIME and HARVEST

By
DR. P. J. OLSEN(?)
Director,
Line Elevators Farm Service,
Winnipeg, Manitoba.

Sponsored by the following companies: Federal, Alberta Pacific, Pioneer, Searle, Consolidated, Paterson, McCabe, Parrish & Heimbecker, Inter Ocean, Independent, Ellison Milling, Canada West and Quaker Oats.

### TOO MUCH INFERIOR SEED LET'S DO SOMETHING ABOUT IT!

The results of seed grain surveys (Seed Drill Surveys) made in recent years by the Provincial Departments of Agriculture in Alberta, Saskatchewan and Manitoba, show that far too many western farmers are using seed that is decidedly inferior in quality.

*Believe It or Not!* The results of the 1953 Saskatchewan seed grain survey are almost unbelievable. They show that no less than 70% of the wheat seed, 85% of the seed oats, and 82% of the barley seed used by the farmers of Saskatchewan in 1953 was definitely inferior in quality. Provincial surveys have shown that the farm seed situation is little, if any, better in Manitoba and Alberta than it is in Saskatchewan. High weed seed content is the main reason why so many farm seed samples are unfit for seeding purposes.

*A Solution.* One solution to the present "poor seed" problem in Western Canada lies in the use by more farmers of Registered and Certified seed. There's plenty of high grade seed available, and it is reasonably priced. This year, let's not allow thousands of bushels of Registered and Certified seed to be sold as commercial grain.

*Purchasing Good Seed.* Recently, the Canadian Wheat Board announced that any farmer wishing to purchase up to 100 bushels of Registered or Certified seed of wheat, oats or barley for seeding purposes through his provincial Crop Improvement Association may, in payment for same, deliver in excess of his quota up to 200 bushels of commercial grain of the grain delivered, but not more than the same kind as the Registered or Certified seed being purchased, and must not exceed it in value. On behalf of provincial Crop Improvement Associations elevator agents are authorized to take orders from farmers wishing to obtain Registered or Certified seed. Let's plant only high grade, cleaned and treated seed in 1954.

There are more than a million Canadian school children enrolled in the Junior Red Cross.

# Mannville Local Items

Mr and Mrs Joe Dowicki were recent visitors with Mr and Mrs Hubbard and left their wee daughter there while they move to a different home in Edmonton

Mr R Lainchbury drove Mrs Bill Smith and Mrs W Webb to Edmonton last week in Mr Smith's car

Miss Shirley Brown daughter of Mrs A Brown of Mannville, has joined the Air Force and already left for St John's Que She has been working in Edmonton

Mrs C. Sowden and Jeryn have just returned from a visit to Edmonton and Three Hills While at Three Hills Mrs Sowden was the matron of honor and little Jeryn was flower girl at the wedding of her friend Miss Alice Jean Grant.

Mr and Mrs Eddy Freeman and son of Lloydminster visited with Mr and Mrs Bill Smith and family on Sunday Bill is around again after being laid up for three weeks. His leg was injured when an oil drum dropped on it

The Happy Hour group of the Anglican church held a miscellaneous shower on Monday evening for Miss Lynn Croft, bride-elect of this month After a few contests and two novelty duets by Misses Adele Matney and Betty Proudfoot accompanied by Miss Carole Mercer Mrs M Mercer presented Lynn with the gifts enclosed in a little red school house Lynn received many beautiful and useful gifts and very charmingly thanked those present Lunch was served by the members of the Happy Hour group assisted by the younger friends of the bride.

## Changes in Agriculture

The mechanization of agriculture brought about drastic changes in farm life in Saskatchewan. Prof. W B. Baker, in an address delivered last week, said that while the changes brought great gains it also brought insecurities. The number of farms in that province dropped from a high of 142,000 in 1936 to an estimated 100,000 at the present time The number of persons employed in agriculture dropped by 30 per cent As the size of the farms increased population moved to urban centres.

Professor Baker is chairman of the provincial royal commission on rural life He said under proper planning the rural community can grow increasingly independent and the difference between town and country living may disappear.

## CLANDONALD

The World Day of Prayer service will be held on Friday, March 5 at 3.45 p.m. in St. Mary's church. All the ladies of the community are invited to join in this common service of intercession.

The blood for the manufacture of gamma globulin to fight polio is supplied to the Dept. of National Health and Welfare by the Canadian Red Cross. tf

# EDUCATION TO HOLD MAJOR SPOT IN LEGISLATURE

EDMONTON.—Matters of education [illegible] fair to hold a major spot in the activities of the current session of the Alberta legislature.

The announcement by Hon A. O. Aalborg, minister of education, last week that the government plans to institute a six-week training course for teachers this summer in an effort to fill some of the teacherless classrooms was greeted with mixed feeling.

It appears that the opinions of all will get a good airing before the legislature's standing committee on education. A move by the Liberal party to open the question for study and representation before the committee was accepted by the house last week.

Mr. Aalborg was opposed to the [illegible]'s original proposal to have the committee study only the teacher shortage and his request that the committee study all phases of education, including shortage, the school construction costs and grants and the curriculum, was passed with the support of the large Social Credit majority.

Committee is expected to hear representations from the A.T.A., which fears the short courses will lower teacher standards, the Alberta School Trustees' Assoc., home and school groups and others interested in education.

The short courses, designed to give Grade 12 students who have graduated, and those expected to graduate, a six-week training program to fit them for a year's classroom experience, was rapped by the former minister of education, R Earl Ansley, who represents the Leduc constituency as an Independent Social Crediter on the opposite side of the house, and by J. Percy Page, Edmonton Progressive Conservative member.

Mr. Ansley contended that the only method of obtaining more teachers is to increase salaries and raise living and working conditions. Mr. Aalborg's claim is that the short course graduates will only be allowed to teach in those schools for which qualified teachers cannot be obtained. After one year in the classroom it is proposed that the student-teachers (as they will be known) will return to University of Alberta summer school for future training courses. School inspectors would keep close watch on their classroom ability to weed out those who show little promise

ALBERTA HIGHWAYS

Another matter close to the hearts of most citizens, Alberta's highways, was subject to criticism by J. Harper Prowse, Liberal Leader, and defended by the man who builds them, Hon. Gordon E. Taylor, minister of highways.

Hon. Mr. Taylor described long stretches, some more than 100 miles long, where there have been no failures, in answer to Mr. Prowse's claim that you could not drive 100 yards without striking a patched piece of pavement. An advocate of the present type of 'flexible' highway construction, Mr. Taylor said a test will be made this year on a stretch of road by using cement, as advocated by Mr Prowse in his address.

The highways minister said it is unfair to criticize the government's road building on the basis of roads built before the adoption, a year or two ago, of modern standards, including adequate sub-grades, careful soil selection and bases of at least nine inches thickness

SCREEN IMMIGRANTS

Hon A J Hooke minister of economic affairs made a back handed slap at federal government immigration policies by stating that the Alberta government through Alberta House at London carefully screens prospective new citizens for the province

While [illegible] immigrants professional and skilled persons came to Alberta under provincial sponsorship another 11,000 came under federal sponsorship or on their own he said

PRAISE GOVERNMENT

Government back-benchers of whom more than 10 spoke during the first full week of sittings, generally praised the government's past and proposed policies. Some made mild requests for improved road facilities

As the week ended, observers and legislative members still were waiting for something (almost anything) to happen. Perhaps it will when Premier Manning introduces his budget, probably Friday night

# Van den Dolder-Nelson Nuptials At Penticton, B.C.

The Penticton United church manse was the setting for a pretty mid-winter marriage in Jan. 23 in which Miss Doris Louise Nelson of this city became the bride of Maurice Harry Van den Dolder son of Mr. and Mrs. George Van den Dolder of West Summerland. Rev Ernest Rands was the officiating clergyman

The bride, who is the daughter of Mr. and Mrs. Edward Jay Nelson, of Beaverdell, chose a suit fashioned of softly shaded blue, rhinestone button trimmed, for her wedding, with the attractive suit she wore a navy blue hat with beading and small veil, navy shoes, and rhinestone earrings. Her corsage was styled of red rose buds and stephanotis.

Miss Gillian Davis, the bride's only attendant, wore a grey suit, pink hat, and shoes and bag of spring green. Her flowers were yellow carnations. Charles Bristoll, of Vancouver, was best man

At the reception held at the home of the groom's parents in West Summerland, the toast to the bride was proposed by Leighton Nesbitt, to the bridesmaid by the best man.

Mrs. F. Emsland and Mrs Roy Emsland presided during the reception hours at a beautifully appointed tea table Serviteurs were Mrs. R. [illegible] Jackie DeGiovanni, Miss Rosemary Land and Miss Elsie Sundby.

The bride donned a light blue top coat over her wedding suit for travelling on a honeymoon trip to Oliver and Coulee Dam. The young couple are taking up residence in this city.

Among the many from out of town guests attending the wedding were the bride's parents from Beaverdell; the groom's grandparents, Mrs. M. Emsland, and Mr and Mrs. Harry Van den Dolder, all from Vermilion, Alberta; Don Pound, Vancouver; Mr and Mrs. Usher., Westbank, and Mr and Mrs. George Welles, Osoyoos

Seventy-five guests attended the reception held at the home of the groom's parents. For her daughter's wedding Mrs. Nelson chose a dress of wine silk with black accessories and wore a corsage of white carnations. The groom's mother Mrs. Van den Dolder wore a mauve bengaline dress with navy accessories and had a corsage of white carnations.

Your Red Cross is people helping people, across the street, across the nation, across the world. March is Red Cross month tf

# ... WILDMERE WINKS ...

Here is an item we have unintentionally omitted. The teacher and pupils of Preston school had a Valentine party and invited Basswood teacher and pupils to it. A short program was given by our school. Games were played and enjoyed by all followed by giving out the Valentines from the [illegible] box. The happy afternoon was brought to a close by a delicious lunch served by Preston school. Marlene Smith on behalf of Basswood Junior Red Cross heartily thanked the teacher and pupils of our school for the pleasant afternoon.

Since last writing of the Winks we have received word that our sister-in-law Mrs. Graham had not felt very well and had phoned her daughter who came right over. Mrs. Graham was found lying on the floor having passed away from a sudden heart attack. Earl was in Vancouver at the time receiving medical attention. All his friends and relatives join with the writer in extending deepest sympathy to him in his sudden bereavement.

A nice crowd attended the bingo at the armories Saturday evening. Some nice prizes were won but ye writer was not among the lucky ones.

The rink skipped by Bob Martin, along with Howard Coburn, Frank Gibson and Cliff Cruthers won the Telford cup in the Vermilion bonspiel which finished on Saturday. They received lovely sweaters for prizes. Good for you boys, it was hard slugging to get those rocks down.

Three rinks from our district are curling in the Buffalo Coulee spiel this week, skips are Bob Martin, Ray Osterberg and Albert Smith. The ladies are finishing up their bonspiel started last month in Vermilion. Good luck folks.

Bill and Adam Smith who have spent the winter at the coast are curling this week in the Kamloops bonspiel

Cliff Cruthers is watching the Macdonald Brier play-offs held at Edmonton this week.

George Symes and Gilbert Harrison are working at W. J. Garnett's house now, having finished at the Gibson and Batke farms

Mr and Mrs. W. J. Garnett of Basswood visited last week in Edmonton with the Gilholme family

We hear wedding bells are to ring this month for a Basswood bachelor Congrats Noel.

Doris Fadden visited the dentist last week when she had two teeth pulled.

How is the wood sawing coming along Mrs. Moore?

Bobby Graham is back at school in Kitscoty again this week

The writer and husband attended the Gay 90 dance in the Legion hall on Thursday evening. A good crowd gathered for a wonderful evening of fun. The Kreller orchestra furnished the music with Tommy Thompson as M C Faye McLennan and Charlie Hollen had 'Happy Birthday' sung to them as they were celebrating birthdays that day. It was pleasing to see Mr. and Mrs. Hanna having a good time dancing It's not often they can dance as they usually furnish the music

# Of Many Things ...

By AMBROSE HILLS

Saw a fellow buy a sweepstake ticket this morning. As he handed over his dollar, he grinned and said, "I like to have a ticket kicking around. Gives me something to dream about. I've dreamed a lot of Cadillacs or sweepstake money . . . ."

A hard-bitten friend across the table said, "Heck, if you're a good dreamer . . . why don't you just dream the ticket as well as the win . . . save yourself a buck?"

At first I thought it a good idea, and so did the rest of us. But the man who had just paid the dollar for the ticket said, "Doesn't work I've tried it. Even dreams need something to go on."

That struck me as a very wise observation. I recommend it to youngsters - and to some of us older folks too. Even dreams need a jumping off spot. Nothing like a few solid realities to dream from.

My daughter, Sally, for example is going to learn to write this week. Up until now they've been taught only printing in her class. She's pretty excited about learning to write instead of print. She has ambitions to be a writer like her daddy - - only, of course she doesn't want to write about stodgy every day, bread-and-butter things that poor old Pop favors.

I like to see her dream that way about writing something fancy and wonderful when she grows up. But I know her dreams will be more exciting, and more likely to come true, if she works hard this week to learn all the teacher tries to show her about how to form her letters.

I know a couple of fellows who used to work in the office where I worked They had exciting dreams about the kind of life they wanted. They were married chaps, and dreamed in the same direction a house that was really big enough, so that each member of the family could have a room of his own. They used to do a lot of talking about it

Then Bill bought a lot out in the suburbs. It took every nickel, and his friend Charlie poked a good deal of fun at him. But somehow Bill's dreams seemed more vivid now. It wasn't long until he had an architect drawing up plans. Not for the mansion of his dreams, but for a small house to which he could dream additions in later years As soon as he'd done this even the rest of us around the office seemed to get caught up in Bill's dreams too I guess it was because he kept giv... to spring from. I'd like to tell you that Bill now has a mansion on this very lot. But it didn't work out quite that way

Bill has a mansion, all right, but it's on a much bigger lot than the first one He never did build on it. It was far too small for the mansion he finally decided on Fact is, he sold the small lot to Charlie and Charlie built a nice little bungalow there and I suppose he's got some dreams about enlarging it He and his wife often speak of it as "Bill's dream"

I've lost track of Bill. I read about him in the papers sometimes. I suppose he still dreams I rather wish I knew what he's dreaming these days. I'd buy a bit of stock in it myself I've discovered dreams which spring from realities are likely to come true Bill's certainly did in a big way And none of the boys from the office feels jealous of Bill He showed the rest of us a trick about dreaming too and we all value it

Doing any dreaming these days? Go right ahead. It's a free country But take a tip from Bill and put some props under them. They go higher that way and last longer

What does your Label read?

## 145 Bulls for Lacombe Hereford Sale April 7-8

At a directors meeting of the Central Alberta Cattle Breeders Association held Feb. 6, it was decided to hold the showing of bulls for the forthcoming Lacombe Hereford Bull sale on the afternoon of April 7 commencing at 2 p.m. and to hold the sale on April 8 commencing at 9 a.m. Altogether there are 145 bulls entered by 62 contributors. The auctioneers will be C. F and N T Damron Bentley Archie Boyce, Olds, Harry Hays of Calgary

## Living Costs Still High

'Back where we started' is the story on the consumer price index reports The Financial Post. It was down again at Jan 2nd to 115.7 exactly where we came in on Jan 2 1953 also. Down 0.1 from the previous month. High in 1953 was 116.7 on Oct 1 low was 114.4 in April Scattered food price declines and a net clothing decline [illegible] rises in shelter costs household operation and other commodities and services to make the drop over the latest four week period What's happened as compared with a year ago is that food prices and the other group have dropped [illegible] clothing and household operation have edged up enough to leave total consumer price index unchanged

Regular Meeting of Vegreville S. D. Board

## Gymnasiums Are Planned For Mannville And Vegreville

Last week's meeting of the Board of Trustees of Vegreville S.D. No. 19 was the organization meeting of th Board for the year 1954. Present at the meeting were all the trustees: Mr. W. G. Porayko, Mr. L. S. Cole. Mr. M. T. Tym, Mr. R. J. Whitson, Mr. S. Hinton, Mr. A. T. Mandruk. The Secretary presented certificates of election declaring Mr S. Hinton elected as trustee of subdivision 5 by acclamation and Mr. M. T. Tym declared elected as trustee of subdivision 3 by a vote of 421 over his opponent, Mr. P. Kaminsky, who polled a vote of 242 in the election held Jan. 8th. The personnel of the Board for 1954 is the same as that for 1953.

In nominations for the posts of chairman and vice-chairman of the Board, the only nominees were Mr. Hinton for chairman and Mr. Cole for vice-chairman and these two trustees were confirmed in their offices by the unanimous choice of the Board. D. W. Kennedy was appointed as secretary-treasurer.

After accepting the minutes of the previous meeting, the Board considered the report for 1953 as presented by the auditors Messrs. Patriquin, Duncan, McClary, McClary and Co. This report stated that the books and records of the Division were in good order and that the year's deficit of $10,431.44 would be made up for by a capital grant receivable for approximately that amount. The expenditures for year 1953 were $565,760.13. The revenue fund balance sheet showed an excess of assets over liabilities of $63,830.25. The report was accepted by the Board and it was ordered that printed copies be prepared together with the report of the Superintendent, for distribution in the division.

Correspondence and accounts were dealt with by the Board and the necessary direction was given on matters therein. Several requests were received by letter and by personal representation for extension of present bus routes. The Board found it impossible to grant these requests under present arrangements but hope to be able to make several extensions for next year. A delegation from Minburn S. D. asked that the proposed extension there include two classrooms. Statistics were presented showing the probable enrolments over the next four years.

The report of Supt. Mr. F. B. Facey, showed that an unusual number of substitute teachers were required during the past three months due to illness of staff members. Fortunately, former teachers in the local communities came forward to take over in the emergencies. A recommendation was made to the Board that a booklet be prepared embodying the Board's regulations in various matters of school administration.

Reports of the High school inspectors were received covering all the high schools in the division. The report showed that a uniformly good standard of instruction and equipment was being offered in the high schools of the division.

While the Board will not fix the estimates and requisitions for 1954 until its budget meeting of March 1, it was necessary for the Board to do some preliminary planning for capital expenditures and financing for the year. P. Campbell-Hope, Architect, was interviewed and plans for a gymnasium and auditorium were discussed. Also discussed was the planning of the first two rooms of a four-room school for Lavoy school district. It is expected that further centralization of rural schools will be required at Lavoy.

The Board received the report of W. Eickmeyer, Works foreman, and examined the preliminary sketches submitted for possible one or two-room additions at Minburn.

While awaiting the final adoption of the program in the 1954 estimates the Board directed that the following items of capital expenditure for 1954 be submitted to the Department of Education for preliminary approval:

Auditorium-gymnasium for Mannville and Vegreville.

Two-room addition to Minburn school.

First two rooms of four-room school at Lavoy.

If this program is to be carried out, grants and surplus funds will contribute a large amount to the cost, but a request for borrowings by debenture will have to be submitted to the proprietary electors. The Board passed a debenture by-law providing for borrowings not to exceed $125,000 for this purpose. The by-law will be advertised and if approved by the electors and the Utilities Commission, it will make the necessary funds available to the Board. In addition to grants of $4000 per standard classroom space, 40 per cent of cost of new construction may be borrowed from the province at 3½% interest.

Resolutions giving authorization for any borrowings that may be required for current financing of operations were passed by the Board for filing with the Bank of Montreal.

The Board adjourned to meet again on March 1.

## News Notes From Your District Home Economist

LOOK: AN EASY WAY TO CLEAN UPHOLSTERY

The tools you need are simple. Using bar soap and a little water make a suds. Remove the soap and whip it with a rotary egg beater until there is no water left in the bowl. Using a stiff brush apply the foam to the upholstery with a circular motion. With a clean, damp cloth wipe the upholstery to remove the soap. The soil will roll off as you wipe. Try this method to brighten up all your upholstered furniture.

HAVE YOU BLANKETS TO LAUNDER SOON?

Who hasn't at this time of year! Do only one blanket at a time. Let the blanket soak for 5 to 8 minutes in warm water, about 100F. to which Vel has been added. Squeeze the water through the blanket.

Rinsing is so simple too. Soak the blanket for 5 minutes in the rinsing water again squeeze the water through.

If possible select a warm, breezy day to dry blankets on the line. Hang each bound edge of blanket to parallel lines, if you have two sets of lines. From time to time during the drying period, shake the blankets carefully, being careful not to disturb the clothes pins.

If you own an automatic dryer the blankets will come out as soft and fluffy as new. Dry one blanket at a time. Preheat the dryer five minutes before putting the blanket in it. Prior to preheating, place 6 or 7 full sized Turkish towels in the dryer and allow them to remain while the blanket is drying. The towels will act as a buffer, preventing excessive mechanical action of the woolen fabric.

FUNCTIONAL STORAGE

Does convention rule your kitchen? Do you walk miles every day in your kitchen because paring knives or pots and pans are in the conventional drawer or cupboard away from the point of usage? The answer for this, according to Miss Caroline Judson, Home Designing Specialist, Alberta Department of Agriculture, is functional storage.

Functional storage disregards similarity of form and shape of kitchen equipment and instead, groups objects around the working centre at which they are first used. They are clearly visible and easily accessible. In the storage space around the sink, for example, you might group the top of stove utensils (except skillets and pan covers) including saucepans, double boilers, stock pot, soup or preserving kettle. Also useful at this point are colander, strainers, sieves, funnel, vegetable brushes, scissors, apple corer, potato parer and paring knives, measuring cups (3 sizes) and dishwashing and cleanup utensils.

Utensils used first with heat should be around the stove, particularly skillets, griddles and covers to all utensils. Small appliances for testing, stirring, turning, mashing, serving and carving would be very handy here. Perhaps a knife sharpener, and hard wood cutting board along with extra measuring spoons and cups would also be convenient.

The mixing centre requires all other utensils on the basic list ... measuring spoons and cups, bowls, mixing spoon, sifter, rolling pin, food grinder, grater and beaters, pie, cake, pudding and meat loaf pans etc.

Around the serving centre which should be combined with the range centre or china storage, serving trays or cart on wheels, and electric appliances for coffee, toast and waffles will save steps and effort. Such groupings as these can eliminate much extra walking, stooping and bending (all wasted energy) in the kitchen each day.

### Paradise Valley

Mrs. Frank Flint was a recent visitor to Edmonton, visiting with Mr. and Mrs. C. Lock. Miss O. Herridge is also a visitor at the Lock home in the city.

Mr and Mrs R. B. Gunn left on Wednesday morning for a trip that will take them to the West coast and down to the U. S. They expect to be away for at least a month.

The U F A Local have decided to hold a dance in the hall on April 2. So all you members make it a point to attend your own dance.

Curling has been held up during the past week due to mild weather and the men's bonspiel had to be postponed. They hope to get underway Saturday night if the ice holds. The weather has been very mild and snow on the roads has almost disappeared leaving just mud.

Mr Elmer Bechett of Wetaskiwin is home for a couple of weeks with an injured hand which he sustained while playing hockey.

We are glad to hear that Miss Barbara McElhinney who is in training in the University hospital and was a recent victim of polio is recovering nicely and is now able to work half time.

Mrs H. E. Swayze who is the new leader for the 4-H Girls Garden club and Mrs W A Gunn the leader of the C.G.I.T. attended the short course held at Vermilion on Friday Feb. 26. Mr Jim Swayze spent the day in Vermilion. All were entertained at the home of Mr and Mrs Alex Henderson for dinner at noon.

Mrs Jack Chambers and son are visiting with her parents Mr and Mrs W P Davidson while Mr Chambers is in the east at Gander Bay Nfld.

Col. Cromb, Geo. Gleave Guest Speakers

## CANADIAN LEGION HOLDS SUCCESSFUL ZONE RALLY

On Monday evening Legion members and their wives gathered from a wide area for a Zone rally in the Memorial hall, Vermilion. Represented were branches from Vegreville, Two Hills, Marwayne and Kitscoty. Quite a number of the Legion's Ladies auxiliary members were also present.

The visitors were welcomed by George Martin, President of the local branch. Mr. Martin expressed his gratitude to all branches in the area for organizing such large delegations for the meeting.

Col. Bill Cromb, superintendent for the Dept. of Veterans' Affairs at Edmonton was the first speaker. Col. Cromb is well known in this area, having lived at Minburn and Vegreville before the war. His department as explained by Col. Cromb is there for the use and service of all returned soldiers. Many veterans have not taken advantage of the many services available to them.

Major Geo. Gleave, immediate past president of the Provincial Command, reported on the Legion Polio fund. He said that it would appear from returns to date and estimates of branches still to report that the donations to this fund in Alberta would exceed $140,000. This is $40,000 over the objective set last December.

Mr. S. Hafso district commander of Viking reported on the progress being made in the branches of his command.

The meeting was under chairmanship of Jack Besford of Vegreville. Mr. Besford is the Zone commander for this area. In his remarks Mr. Besford urged branches to put on membership drives. He said that only one in four veterans in Alberta belongs to the Legion.

After the meeting the usual singsongs were under the direction of the Zone commander. This was followed by a lunch put on by the ladies auxiliary of the Vermilion branch.

### Handicraft Guild Spring Program

A general meeting of the Canadian Handicraft Guild will be held on Thursday March 18 at 8 p.m. in the Junior high school. All members are urged to attend.

The new classes being offered for the spring term are as follow:

Leathercraft - Mrs. Bushko, ph. 1919.

Flowercraft - Mrs. Anderson, Mrs. Glue, ph. 304, Mrs. Clendenning.

Basketry - Mrs. Heckbert. Ph. 129 Mrs. Ackerman.

Textile Painting — Mrs. Arthur, Ph. 350 Mrs. Webb.

Glove Making—Mrs. Jory, ph. 136.

Crochet—Mrs. Hill ph. 207

### Music Results Are Announced At Kitscoty

KITSCOTY.—At the recent Royal Conservatory of Music, Toronto, Theory examinations held in Kitscoty the following pupils were successful. Names are in order of merit:

THEORY II

Pass — Nita Trask.

GRADE 3 HARMONY

Honors — Doris Jack.

GRADE 3 HISTORY

Pass — Doris Jack.

GRADE 5 COUNTERPOINT

Honors — Eileen Jack.

### Dora Caron Rink Wins Ladies' Challenge

Dora Caron and her Vermilion club rink won the Grand Challenge event at the ladies' bonspiel which was played here Tuesday and Wednesday last week. The ladies picked up the draws from where they left off a month ago due to the mild weather. Only three of the quartets could not return. The spiel was thus completed on good ice. Curling with Mrs. Caron were Lena Miller, Faye McLennan and Kay Smith. Winners of the four events follow:

GRAND CHALLENGE
1. Mrs. Dora Caron, Vermilion
2. Mrs. Nan Little, Vegreville
3. Mrs. Lois Staden, Buff. Coulee
4. Mrs. Joy Manz, Mannville.

PROFESSIONAL SHIELD, No. 2
1. Mrs. McLuckie, Mannville
2. Mrs. Gallagher, Lloydminster
3. Mrs. Jones, Dewberry
4. Mrs. Pockett, Vermilion.

MERCHANTS, No. 3
1. Mrs. Mercer, Mannville
2. Mrs. Long, Vermilion
3. Mrs. Squires, Lloydminster
4. Mrs. Bushko, Buffalo Coulee.

CITIZENS EVENT, No. 4
1. Mrs. Miller, Kitscoty
2. Mrs. Park, Vermilion
3. Mrs. Gerhart, Mannville
4. Mrs. McCaig, Vermilion.

### Vermilion School Div. In Two-day Session

The regular meeting of Divisional Board of the Vermilion School Division was held at the divisional office on Thursday and Friday, Feb. 18 and 19.

CO-TERMINUS BOUNDARIES

Delegation from Two Hills S.D. requested inclusion in Vermilion S.D. when new boundaries are established and attended meeting to present claim.

Dewberry S.D. Bus Route: Messrs. R. Gray and J. Blackwell attended the meeting to request re-routing of Greenlawn bus. Board agreed to consider request when road conditions make suggested route possible.

Paradise Valley S.D.: Delegation of local board attended meeting to discuss local district affairs and request additional accommodation in form of two roomed high school building.

Caretaker supplies service man will visit school for instruction course and Superintendent will visit area for further discussion with the staff, local board and Tr. Clarke.

Superintendent's Reports: Mr Simonson presented printed copies of report covering staff; Operation of Schools; 1954 Centralization; Paradise Valley S.D.; Clear Range S.D. Report was adopted, ordered filed.

Bank Borrowing: Resolution was passed authorizing additional loan in amount of $40,000 if required before receipts of payments on account of 1954 requisitions.

Ellsworth S.D.: Mr. M. Kuziev asked board to reconsider previous decision when payment of tuition fees for Grade 9 pupil had been refused. Action was deferred for further investigation.

Kitscoty Dormitory: Members of dormitory board, Messrs. J. Leighton, R. Milne, R. Robertson and Supervisor J. A. Smith attended the meeting to request addition to the Girls' dormitory, as present accommodation is not adequate. Board agreed to make survey of possible extensions.

Annual Meetings in Local Districts: Reports from local boards now received were studied by the trustees and filed.

Equalization Grants: Board decided to request consideration of pupils in residence in dormitories when computing equalization grants.

1954 Building Program: Marwayne S.D. Board approved construction of four-roomed school at Marwayne and decided to seek the approval of Department of Education for construction of building in current year.

Preston Central School: Board decided to call for tenders for two-roomed rural central school on site acquired in 1953.

1954 Budget: Board approved budget with expenditures requiring 27 mill rate to furnish sufficient revenue to balance budget. Mill rates in previous years were 1952 26½ mills 1953 27 mills.

Proposed Revenue

| | 1954 | 1953 |
|---|---|---|
| Grants | $171,559.14 | $129,970.77 |
| Requisitions | 452,113.52 | 443,963.09 |
| Others | 31,500.00 | 20,365.47 |
| TOTALS | $655,172.66 | $594,299.33 |

Increase in proposed revenue is caused principally because of estimated amount to be received in grants on new buildings account.

Increases generally on New Buildings accounts, Plant Operation and Bus Services.

Board estimated that $100,000 would be spent for new buildings of which $40,000 would be obtained by 3½% loan from School Lands Trust Fund $36,000 from Government grant and $24,000 from current levy.

| Expenditures | 1954 |
|---|---|
| Administration | $ 11,980.00 |
| Instruction | 234,800.00 |
| Plant Operation | 86,500.00 |
| Transportation and Auxiliary Services | 94,000.00 |
| Tuition Fees | 4,800.00 |
| Capital from Current Revenue | |
| Grants | 36,000.00 |
| Taxes | 28,000.00 |
| Debt Charges | |
| Debentures | 27,918.50 |
| Bank Interest | 1,500.00 |
| Repayment of Loan | 20,000.00 |
| Miscellaneous | 4,212.28 |
| TOTAL | $651,790.78 |

Expenditures in 1953 $567,657.74

Board accepted resignation of Mrs. M. Zackowski as teacher at Streamstown school.

Sale of Buildings:

Secretary reported that list of buildings authorized for sale will advertised in three issues of papers published in this area prior to date of next meeting Friday March 26.

32 rinks have commenced play in the annual mixed bonspiel. 3 competitions will be played.

### Diapers For Overseas Relief

On behalf of the "Save the Children Fund" the Order of the Royal Purple are appealing once more for diapers for overseas relief. New or used flannelette which can be made up will be gratefully received. Boxes have been placed in several stores for your convenience. The need is urgent. Will you help? 36-7

Peggy Stephens Crowned Carnival Queen

## HIGH SCHOOL ICE CARNIVAL AGAIN A GRAND SUCCESS

The greatest crowd for several seasons past jammed its way into the Vermilion arena on Friday evening last to witness the crowning of the Queen and to see the Vermilion High School Ice Follies of '54. According to tickets actually taken at the gate nearly 1400 spectators found room somehow in the packed arena with 150 of these overflowing on to the ice itself at the east end of the rink.

IN CHARGE OF STUDENTS

Worthy of highest commendation are the students who arranged, directed, and carried out the program. It was entirely done by the young people themselves and certainly was a creditable undertaking. Even the scripts for the two plays enacted on skates were re-written to suit presentation on ice.

From the time the program opened with the appearance of the Queen, there was never a slow moment. No sooner had one number been completed than another was ready for the audience.

PEGGY STEPHENS QUEEN

Peggy Stephens petite dark-eyed high school candidate, won the Carnival Queen contest and was crowned Queen by acting mayor Reg Mitchell. Her ladies in waiting were the other two candidates, Bernice Koetke of the V.S.A., and Irene Adam, Junior high school representative.

BEAUTIFUL FIGURE SKATING

The program was highlighted by beautiful figure skating acts, both solos and a duet by two local girls, Miss Marie Miller and Miss Joan Maxwell. These girls, both with natural talent, have now had the benefit of professional teachers and their performances Friday night were flawless despite a sticky ice surface. Marie and Joan are much in demand at neighboring carnivals and enjoy greatly the thrill of fancy skating before the appreciative audiences.

DRAMATIZATIONS EXCELLENT

The students presented dramatizations of "The Pied Piper of Hamelin and "Snow White and the Seven Dwarfs". The script was re-written in each case to suit and the action was carried out on skates with many innovations to the play which brought forth fancy skating ability and many intricate drills on skates. The Pied Piper was by the Elementary school pupils and Snow White by the High school. These were hugely enjoyed by the crowd and a decided credit to all the young people taking part, and to those who directed the productions.

CHUCK WAGON RACES

Other high points for excitement were the chuck wagon races. Several heats were required and every heat brought forth an exciting and comic happening of a different variety. It ended up with the Gerry Grant-Peter Kupin crew winning first with one of the V.S.A. chuck wagon outfits in second place.

RACES THRILL CROWD

The races proved close and kept the crowd on their toes and no time was lost in running them off. In fact the younger ones raced through their short cantos so fast that no record was kept of the winners. A partial list follows:

In the 16 years and over boys, Stewart Cooper finished first in the five lap race with Blache of the V.S.A. second and Doug Brower 3rd. Boys 14 and 15 Henry Wilson, 1st, Brian Ford, 2nd. Bobby Waldenburger took the 13 year race, and those are all the records kept. For the girls Hazel Barr took the 16 years and over with Donna Cooper second. Things were reversed in the girls 14 and 15 years with Donna Cooper 1st and Hazel Barr 2nd. In the 12 and 13 years Betty Leahy 1st, Reta Porter 2nd, and in the 10 and 11 Reta Porter 1st, Betty Leahy 2nd. Races before this went just too fast for notation.

COSTUME PRIZE WINNERS

There were 74 entries in the fancy dress classes with the following prizes awarded:

Pre-school — 1, Jim Nichols; 2, Vicky Nichols; 3, Karen Beaton.

GIRLS

Grades 1 and 2—1, Lynn Beaton; 2, Wendy Wright; 3, Lois Cooper.

Grade 3—1, Patricia Stewart and L. Shalka; 2, Linda Crawford; 3, Louise Barr.

Grade 4 — 1, Sandra Moses; 2, Joyce Gordie.

Grade 5 and 6—1, Jean Pus; 2, Joan Stephens.

Gr. 7, 8 and 9 — 1, Donna Cooper; 2, Laurian Edey.

BOYS

Grades 1 and 2 — 1, Garry Moses; 2, Wm. Dougan; 3, John Barr.

Grade 3—1, Dennis Gannon.

Grade 4—1, Donnie Calvert; 2, Bill McDonald.

Grades 5 and 6—1, Jim English; 2, Henry Robinson.

Grades 7, 8 and 9—1, Neil Gannon; 2, Brian Calvert.

High School and V.S.A.—1, Stewart Cooper; 2, Peter Kupin.

Couples—1, Glenis Bauman and Bill McLean, Islay; 2, Marg Goodwin and Eleanor Adam.

### Newspaper Bingo

Numbers drawn Tuesday: I 27; G 55.

Numbers previously drawn are: B-7, B-9, I-18, I-28, N-44, G-57, O-62, O-68, O-75, N-87, I-19, I-29, B-5, B-10, G-54, O-63, B-4, O-65, O-72, G-59, I-26, O-67, N-35, G-53, B-13; I-16, B-15, O-73, B-3, I-23; G-48; O-64.

### V.S.A. "Spring Open" Expected To Draw Large Crowd

A gala event that is a popular gathering of V.S.A. graduates and their friends will take place at the Vermilion school of agriculture next Friday night, March 12. It is the annual Spring Open dance, when the staff of the school are hosts to all Alumni, present students and friends of the school and its students, past and present. The Principal and Mrs. Bentley will be on hand to receive the guests, who will find their old friend and staff member, Mr. Folk, acting as master of ceremonies for the evening.

This is an occasion when students from all over the district, and from various classes from years back are able to renew the fellowship and friendships they formed during their years at the school as students. The dance takes place in the gym, which has been the scene of so many highlights of school activities, and a large crowd is expected to fill it again. Roads and weather conditions being so favorable, it is hoped that many cars will be coming from Edmonton and other centres not in the immediate district.

Music will be provided by Joe Dubuc's orchestra, one of the most popular available, and lunch will be served during the evening in the spacious school dining room.

### WM. KRAUSE SELLS PRACTICE

William Krause, Optometrist in the town and district for many years, has sold his practise to Mr. G. Ramping, a young Optometrist from Edmonton. The transaction includes both offices of Mr. Krause, at Vermilion and Wainwright. The change is effective at once.

Mr. and Mrs. Krause do not plan to leave Vermilion but will go into the business of growing and selling flowers in a very substantial way. Bill says he has always wanted to grow flowers and now he is going to have to do it.

### V.S.A. Students Are Preparing Operetta

Final rehearsals are being held for an operetta to be presented by the students of Vermilion school of agriculture on Saturday night March 20.

The production is entitled "The Golden Trail" and introduces a large cast of college students. Mr. D. C. Folk the director is very pleased with the work of his choral group this year and promises a delightful evening for all who attend.

The story concerns the early gold rush days in California, and involves miners and bandits, and, of course, many fair ladies. The music is light and easy to listen to, and many of the airs will be familiar to the audience. 36-7x

## Tigers In Finals; Oust Wainwright Commandos 3 Games To 1

Vermilion Tigers came up with their best game of the season on Monday night and mastered the Wainwright Commandos by a convincing 6 to 2 score. This was all that was needed to sideline the league leaders, and give the Tigers a berth in the final for the league championship and Craig cup. Their opposition in this bracket is still undecided, the series standing with Viking 2 wins, Vegreville 1 win and one tie game.

The Tigers did everything right on Monday night and every man turned in his best game of the season with the youngsters showing their season's training and holding up their end with the experienced players.

Incidentally the paid attendance at the game was 1158 which means that more than 1200 fans were present.

The game opened fast and Tigers went out in front when Les Williams who had a good night, scored on a break-away. Before the period ended Giltner evened the count on Touchett's pass.

The second period was well along when Elmer Kreller exhibited some masterly puck handling, went the length of the ice to score unassisted. Then Les Williams notched his second and the crowd began to have that satisfied feeling. Their boys were clicking and all appeared rosy.

Just before the end of the period Giltner who apparently fancies himself as a mitt artist, took a poke at Elmer Kreller for some unknown reason unless peeved at the 3-1 score. Elmer retaliated when referee Haxby was very slow in spotting the trouble and both players went to the cooler for 5 minutes. At the end of the second it was thus three goals to one.

Early in the third Patsula was penalized for a trip but the locals weathered the storm and Les Williams netted his third of the night on a pretty passing play with St. Martin and Schmidt. The youngsters then took a hand to put the game out of the danger zone when Stewart Cooper, who had come within an ace of scoring on two previous break-aways carried the puck through, passed to Stewart Barr who made it 5-1.

Bob Bienech and brother Roy broke through for the Commandos' second goal on a pretty play with Bob scoring. Berg was then benched for charging Vermilion's St. Martin into the boards and with a man advantage Bill Schmidt added another to make it 6-2.

If the Tigers continue to roll as in this game they will prove real opposition in that final series.

Bob Haxby refereed Russell Carroll was linesman.

*LINE-UPS*

WAINWRIGHT—McManus, Murray, Strate, Halett, Touchette, R. Bienech, Giltner, H. Bienech, Linnell, Le Blanc, Berg, Bochek, Roy Bienech, Adolph.

VERMILION—Laporte, Kreller, Manyluk, Little, Barr, Schmidt, Patsula, St. Martin, Cooper, Dobbyn, Moffat, Lowrie, Les Williams, Koehli, Bill Williams.

*SUMMARY*

1st period—L. Williams; Giltner (Touchette. Pen. Touchette.

2nd period — Kreller; Les Williams. Pen Koehli, Strate, Giltner, Kreller.

3rd period — Les Williams (St. Martin, Schmidt); Barr (Cooper); Schmidt. Pen. Patsula, Berg.

LOSE AT WAINWRIGHT

The Tigers lost the third game of the series at Wainwright Saturday night by a 4-0 score. Play was more even than the score indicated but the count all went to the Commandos. A goodly number of hopeful local fans accompanied the team to the south town.

Kay Strate scored 2, Wally Murray and Touchette one each.

### Tigers Win Overtime Game 9 to 8

The Tigers won the second game of the semi-final from the Commandos on Thursday night last by a 9 to 8 score. 830 fans paid admission to see what was classed as the most exciting game of the season. The Tigers were never in front until the last goal was scored and this one decided the game. Lack of space prohibits a detailed write up.

Scoring for Wainwright were Giltner, Berg 2, Touchette, Bob Bienech 2, Strate, LeBlanc.

For Vermilion Schmidt 2, Koehli 1, St. Martin 4, Patsula 2.

Wainwright was in front 2-0 at the end of the first, 6-5 at the end of the second, while Patsula scored when the game was tied at 8 all to put the game away. Kreller got the assist on this marker.

### DEATH OF MISS ANNIE FISHER

Miss Annie Jessie Fisher, daughter of Mrs Fisher of Vermilion and a sister of Mrs. Wm. McLean, passed away at the hospital on Tuesday March 9. She was 65 years of age. One brother Mr. Arthur Fisher also survives and lives in Edmonton.

Funeral services will be held Friday March 12 at 2 o'clock p.m. at the United church with interment to follow at Vermilion cemetery. The Rev. C. W. MacKay will officiate.

### At Dewberry

Home and School plays in the Dewberry hall March 18 at 8 p.m. Sun District No. 2 F.U.A. rally in the Dewberry hall on March 16.

### Seed Cleaners To Meet

Shareholders of the Vermilion Seed Cleaners Association will hold their annual meeting in the Legion hall on Saturday March 20 at 2 o'clock. Four directors will be appointed and other important business transacted.

It behooves everyone interested in clean seed to attend this meeting. 36-7x

SCHOOL REGISTRATION

Attention of parents is directed to the notice on page 7 requesting that all children planing to commence school in September, 1954, should be registered with the Principal Miss Oldenburg next week. 36x

### Annual Meeting Golf Club March 24th

The annual meeting of the Vermilion Golf club will be hed in the Legion hall on Wednesday March 24 at 8 p.m. Business will include the election of officers for the coming year.

A feature of the evening will be the showing of a film of the 1953 Canadian Open.

An invitation is extended to all who are interested in golf to attend the meeting. Further notice will be given next week.

### World Day Of Prayer Held March 5th

MANNVILLE.—There was an excellent attendance at the World Day of Prayer service held in the Anglican church on Friday afternoon. Ladies of the United church and Anglican church read special prayers. Mrs. Crighton gave a short address on the life of Dr. Sarah Chakko of India who passed away after preparing the 1954 World Day of Prayer Service. This is a service that is going on all over the world, taken by the women of the church.

The March meeting of the United Church Men's club, Vermilion, will be held in the lower auditorium of the church, Wednesday, 17th, at 5:45 p.m. Catering will be done by Alex Stone and Gerald Stephens and special guests will be members of the Vermilion-Lloydminster Camp of the Gideons International, who will present the ministry of "Scripture Distribution".

REGISTERED AND CERTIFIED SEED

If the seed you plan on sowing this spring is in the fourth year from a pedigree, it will pay you to buy registered or certified seed advises R. L. Pharis, Supervisor of Crop Improvement, Alberta Department of Agriculture. After 3 or 4 years production on the average farm, seed stocks become badly mixed with other varieties and crops result in lower yields and ragged appearing fields. Registered or certified seed will do much to raise yields and improve uniformity and appearance of the field. It is of guaranteed quality and purity, having been produced under rigid regulations designed to assure the consumer of a high quality product. Plant Products inspectors inspect the growing crop and the seed before it is sold to be sure it conforms to the grade requirements of the Canada Seeds Act.

Farmers who have long depended on their own production for seed or who usually purchase seed from their neighbor will be amazed at the uniformity of germination, growth and ripening as well as the increased yields of crops that are grown from registered or certified seed. The good farmer realizes that what he sows is what he grows. Your seed house, elevator agent or local seed grower can supply you with registered or certified seed.

CLIMATE WARMING UP

The climate of Western Canada is getting warmer, says Geo. W. Robertson, meteorologist at the central experimental farm, Ottawa. A study of weather records at six experimental stations across Canada over the past 45 years has revealed that both summer and winter average temperatures have risen. The summer temperatures increased from an average of 53.0 degrees during the first 15 years of the 45 year period to 54.3 degrees during the past 15 years. In the winter months the average temperature warmed up from 18.4 degrees to 20.3 degrees.

The greatest change occurred at Fort Vermilion in northern Alberta where the summer temperature climbed 4.8 degrees from 44.2 for the period 1909-23 to 49.0 for the past 15 years. Similarly, from 1.9 below zero to 2.4 degrees above zero for the last 15 years.

On the average the period between the last spring frost and the first fall frost has increased by about 12 days at the 6 stations studied. At Fort Vermilion the frost free period lengthened 10 days from 66 in the early years to 76 days during the later years.

Your time, your energy, your money makes Red Cross service possible. If you haven't the time or the energy your money can help carry on the work.

# Reading Readiness

This is the first of four articles on Reading Readiness and how it is related to the home and the child.

Why are teachers and parents concerned over this problem of reading readiness?

Many parents believe that a child is automatically ready to learn to read on the day that he starts to school. It would, of course, be just as sensible to expect all children to begin talking or walking at a specific age or time. Few persons worry over the fact that children learn to talk or walk at widely varying ages; yet much concern is felt over this same variance in the ability to learn to read. Just as the normal child learns to talk and walk when he reaches the proper development for these activities, so he arrives at readiness for reading in his own time.

Some of the most severe problems of the readiness program arise from a lack of knowledge on the part of the parents as to the nature of the reading program and of reading readiness. Teachers are quite at fault if parents remain uninformed. Parents want to be informed and they will be enthusiastic in helping to carry out the readiness program in all its aspects. They will be quite eager to co-operate in creating right attitudes toward reading during the preparatory period. They are equally anxious in most cases, that their children be withheld from reading instruction, if that is advisable, provided they understand the facts of the situation. A very important part of the preparatory program then, includes preparing the parent for his part in the program.

In dealing with parents on problems of reading readiness and reading difficulties it has been found that glowing generalities carry very little weight. They want to know what this new-fangled business is all about. They want to know what they should or should not do in the home regarding the matter.

In studying the maturing process of children as evidenced by their behavior, we find that readiness to do things appears at rather definite periods or within certain age limits. What happens then when these children are confronted with a task which is too difficult, one at which they may fail? What happens to us adults when we are faced with an over-powering task? We build up blockages against it, we come to dislike it, we say it is too hard; and complete or partial failure may result. This, too, may happen to children in school if they are confronted with learning situations which they cannot meet successfully. We assume, that if a child does not read at the time reading is introduced, he is either stupid or lazy or he cannot see or hear. Experiments have shown us that very intelligent children sometimes fail to read.

Accordingly, the reading program must be adapted to the different needs of very different five and six year olds — those with great readiness and those with little evidence for, or interest in, reading.

What does your Label read?

**By Your District Agriculturist**

# "GREEN ACRES"

SWEET CLOVER HAY

No crop will give as many pounds of stock feed per acre as sweet clover. It is particularly useful on dry years. Every farmer with a number of livestock ought to think over the chance of getting a dry year once in a while. 20 acres of sweet clover seeded down every year may be the means of saving a lot of starving cattle.

PRUNING TREES

A lot of people have asked me lately about pruning trees, both windbreaks and fruit trees. Trees should be pruned in the spring before growth starts. The cuts should be made close to the main branches. A mixture of white lead and linseed oil should be smeared on the cuts. Do not use paint as turpentine destroys plant tissues.

HAY AND PASTURE

A circular came to hand this week which shows the number of acres of tame hay seeded down for each dairy cow. This district is the lowest in the province. Last year 87,000 pounds of grass seed was put out in this district but apparently we are not keeping up with the rest of Alberta. If it is good for them it ought to be good for us.

STAINED SHELLS

Grade A eggs must be clean. Eggs which have even small stains go into Grade B. Mr. Klatt, manager of the egg grading plant at Vermilion, says that most stained eggs can be cleaned to Grade A standards if the shipper wishes to spend enough time on the job. The eggs must be well cleaned or the producer is just wasting his time.

FARROWING CRATES

A lot of hog raisers in Alberta are now using hog farrowing crates. More pigs seem to be saved from crushing and chilling than the old plan of letting the sow have the run of the pen. Plans for making these crates are available at my office.

POTATO DISEASES

The low yields and poor keeping potatoes in this area can be traced to diseased seed. Most of the town lot patches have 5 or 6 diseases present. The only answer is to get a start on certified seed and plant on clean land. This is not hard on the farms but town gardeners use the same land year after year. It would be better to skip a year and get disease free seed the next year.

# Mannville & District LOCALS

Week end visitors in Mannville to attend the wedding of Miss Lynn Craft to Mr. Carl Lindbeck were her maternal grandparents, Mr. and Mrs. R. A. Brown, and aunt and uncle Mr. and Mrs. F. V. Black of Edmonton; paternal grandmother Mrs. L. Craft, aunts and cousins, Mrs. R. Bennett and Elaine of Edmonton, Mrs. N. Greenwall and Bonny Jean of Wetaskiwin, and Mr and Mrs. Lowell Craft, Markley and Dennis of Kitscoty, Miss Donna Hanning of Edmonton. Among those here for the day were Mr and Mrs. N. Bridgren, Mr. and Mrs. J. Rose of Edmonton, Mr. and Mrs. G. M. Lindbeck, Mr Ivan Hollar, Mr. John Carlson, Miss Vera Lindbeck of Wainwright, Mr. W. Hollar, Mr. and Mrs. Don Hollar of Viking, Mr. and Mrs. A. Lindbeck of Claresholm, Mr. and Mrs. A. Glasgow, Mr. and Mrs. R. Glasgow of Irma, Mr. and Mrs. H. B. Curtis and Ricky of Vermilion.

Mrs. Lucyk of Hillard has been visiting with her sister Mrs. J. Poskiivets.

In the Innisfree spiel, rinks skipped by N. W[illegible] won 2nd in the Challenge, Chuck Thumlert and his rink 2nd in the [illegible].

At the Buffalo Coulee bonspiel two Mannville rinks brought home prizes, W. Sargent 1st in the Grand Challenge and Len Manz 1st in the Citizens.

Rinks have been chosen for a mixed spiel which will be run off this week if the weather permits. The only solution for a winter like this past one is artificial ice.

Farmers please note — Grass seed may be obtained from J. McCauley, Mannville.

# NO COUNTY WITHOUT PLEBISCITE IN VERMILION RIVER M.D.

The annual ratepayers' meeting of the M.D. of Vermilion River No. 71 was held in the community hall, Kitscoty, on Saturday, Feb. 20. The Returning Officer Mr. A. B. Wood, opened the meeting at 1 p.m.

The following nominations were received for chairman: Fred Collins, moved by K. Markland; Ivan Inman, moved by G. Jack. Moved by Ted Wheadon, seconded by E. Hearty that nominations close. Cd.

Voting on the nominations by show of hands resulted in Mr. Inman being duly elected as chairman, who called a recess of 5 minutes.

The meeting was again called to order by the chairman at 1:30 p.m. The secretary read the minutes of the last ratepayers' meeting held Feb. 21, 1953 and on motion of Ross Taylor seconded by O. Melnyk same were adopted as read. Cd.

Mr. Arthur Clarke the Reeve presented his report and on the motion of W. L. Brown seconded by C. Finlay same was accepted.

The secretary read the Municipal Inspector's report. It was moved by Ralph Wilson, seconded by Geo. Finlay that the report be accepted. Carried.

Moved by F. Collins seconded by Ross Taylor that the financial statement be dealt with page by page and later dealt with as a whole. Cd.

Moved by W. L. Brown seconded by H. Gillman that the meeting be supplied with information with respect to road expenditures as allocated to divisions. Cd.

Moved by T. Wheadon seconded by T. Filipkowski that discussion on pages two and three be dropped and pages four and five be dealt with immediately. Cd.

Moved by W. L. Brown seconded by D. B. Sherriff that Assets and Liabilities pages be read at once and that the secretary explain each section on pages 6 and 7 as he goes along. Cd.

Moved by W. L. Brown seconded by George Purvis that further reading of financial statement be dispensed with. Cd.

Moved by Ted Wheadon seconded by Chas. Skrenkowich that financial statement be accepted as read. Carried.

At the hour of 3 p.m. the R.O. called for nominations for: Councillors in Divs. 2, 4 and 7; Hospital Reps. Islay, Ward 2 and 4; Hospital Reps. Vermilion, Dist. No. 2.

DEBENTURES FOR ROADS

Moved by W. L. Brown seconded by M. A. Brown that a complete survey of the road needs of the District over a period of 3 years, be made by the Council and that debentures be taken out sufficient to meet the cost when supplemented by ordinary expenditures and grants. Motion Lost.

COUNTY SYSTEM

Moved by W. L. Brown seconded by Chas. Pearman that a vote of the ratepayers be taken before application for County is made. Cd.

Moved by T. Filipkowski seconded by Hugh Pearman that further business be tabled and report of Agricultural Service board be given. Carried.

The Field Supervisor read the report of the Agricultural Service board and same was accepted on motion of George Finlay seconded by T. Filipkowsi. Cd.

AGED PERSONS' HOME

Moved by T. Wheadon seconded by T. Wheaton that the resolution by letter of Mr. Van Wageningen be left with the Council to deal with. Cd.

At 4 p.m. the R.O. declared nominations closed for Councillors and Hospital representatives.

The following nominations were received: Councillors — James Stone and Chris Oester, Div. 2; Patrick McGuigan, Div. 4, elected; Div. 7, D. G. Lawrence, John C. Anderson, P. Melnyk, T. W. Lamble.

Hospital Representatives: D. B. Sherriff, Islay, Ward 2, elected; J. K. Whiteside, Islay, Ward 4, elected; D. G. Lawrence, Vermilion, District No. 2, elected.

F. U. A.

Moved by J. Anderson seconded by F. Collins that substantial increase be made in the grant to the Farmers' Union of Alberta. Cd.

Moved by Ted Wheadon that the meeting adjourn. Cd.

# HOCKEY CHIT-CHAT

*By RAIL BOID*

Oh! Somewhere in this favored land
The sun is shining bright.
The band is playing somewhere,
And somewhere hearts are light;
And somewhere men are laughing
And somewhere children shout,
But there is no joy in Wainwright
'Lord Strate' and gang are out!

Yes, the 'high flying' Commandos are through. The Tigers, displaying terrific form, sidelined the southerners 3 games to 1.

In the second game of the series the Tigers managed to outscore the Commandos 9-8. After being down 8-3 at one time the Tigers made a great comeback which was climaxed by Patsula scoring the winner with about 2 minutes remaining. The line of Patsula, Schmidt and St. Martin turned in a stellar performance. Led by St. Martin's four-goal effort the line scored 8 out of the nine goals. Patsula was the high point getter with a total of 7 on 2 goals and 5 assists.

When the series moved back to Wainwright the Tigers seemed to have left their scoring punch at home as they were whitewashed 4 goals to 0. The game was fast and a lot closer than the score indicated. The local boys seemed to have no luck as time and time again they missed only by inches. This was a great game to watch and the Wainwright lads were really playing to stay in the series.

The fourth game, being played back at Vermilion, proved to be the final. The Tigers outplayed the Comandos in every department and were deserving of their win.

Led by two veterans, Kreiler and Les Williams, on the attack and Rookie goal tender Johnny LaPorte the Tigers played a great brand of hockey. Every line was playing heads-up hockey and Stew Cooper's line with Dobbyn and Barr were very unlucky not to add to their one goal scored by Stu Barr. The entire Tiger team played flawless hockey and looked very much like the championship squad of last season.

Two 'hat tricks' were scored during this series as Les Williams and Johnny St. Martin 'blinked the red light' 3 and 4 times respectively in a single contest. For both of them it was their second hat trick of the season.

Vegreville surprised everyone with their strong showing against Viking in the first two games, one of which was a tie, but the Gas Kings did as expected when they walloped Veg 8-3 to even up the series. And then went ahead one game Tuesday night by a 6-5 win. If Viking wins the series the final between the locals and the Gas Kings will be a rough and fast final but if the Rangers put out the Gas boys' flame the final will produce [illegible] great hockey. In either case I think our local Tigers will come out of the series with the Craig trophy which they now possess.

YOU can have
Better Grades... Greater Yields
with British LEYTOSAN

In one, simple, easy treatment of your seed grain you can assure yourself of increased crop profits. Leytosan gives your seed grain an extra chance by controlling soil-borne diseases efficiently and economically. This has been the experience of Western Canadian farmers during the past nineteen years.

*Check these features:*

- Increases Germination
- Stops Smut
- Free-Flowing
- Improves Grades
- Helps Check Root Rot
- Practically Odorless

*For those who prefer a wet treatment, Leytosol "C" is most effective in the control of soil-borne diseases.*

In wire worm areas, effective control of this menace may be assured by the use of Leytosan G-91. Leytosol G-91 is a dual treatment possessing all the qualities of Leytosan in controlling soil-borne diseases.

It pays to do business with Britain because Britain, in turn, is one of Canada's best customers. When you buy British products such as Leytosan you help sell your own grain.

## Miss Dixie Schreyer Is Crowned Queen of Mannville Carnival

MANNVILLE. -Due to the mild spell again on Friday, the Mannville Ice Carnival was cancelled, but rather than disappoint the kiddies, costume judging and the crowning of the Queen was held in the Orange hall. There were many and varied costumes. In the pre-school class, the winners in the Comic were Gerry Mallo, Carol Rostron Gordon McCauley; in the Fancy Elaine Rudd, Heather Morrison, Leslie Kreller.

Grades 1 to 3 Comic — Meryl Smith, Glenn McCauley, Bobby Finlay Fancy — Judy Gerhart, Gail Mercer, Jo-Ann Leitch and Deana Rudd. Grades 4 to 6, Fancy Rudd.

Grades 4 to 6, Fancy — Merna Whitson, Jeannette Gerhart, Doris McCauley and Beatrice Chrysler and Colin Hasinoff: Comic — Barry Smith, Ian Van Dusen and Marlady Croft.

Grades 7 to 9, Comic—Jacky Hasinoff Gloria McCauley and Donna Doherty were the only entry as the three little pigs; and in the Fancy, June Van Dusen and Audrey McCauley as Bakers were dressed in McGavin bread wrappers. In the high school and adult classes there were only two entries, Mrs. Lucille Hughes in the fancy and Bill Nafziger and Robert Calder in the comic.

For the first time a Junior high school candidate was chosen as the queen of the carnival. Dixie Schreyer polled a great many votes to win over the other candidates, Reta Majeau, Arlene Leitch, Adele Matney and Beatrice Chrysler. Mr. Doherty introduced Dixie and her attendants. In the absence of the Mayor, Mr. Russell Whitson, Mannville's representative of the Vegreville School Division officiated. Little Carol Rostron was the crown bearer. After Mr Whitson crowned the Queen she thanked her supporters and with her attendants paraded through the hall.

The high school girls served a lunch during the carnival and dance which followed. They wish to thank the Orange Lodge for donating the use of the kitchen.

The dance to the music of Hurst's orchestra from Irma was very successful and although the regular ice carnival could not be held those who had costumes ready and the supporters of the candidates for Queen were not disappointed.

## Kitscoty News

Mr. and Mrs. J. C. Potter are enjoying a holiday in the U.S. and at the West Coast.

Mr L E Spellman was called to Windsor last week due to the illness of his sister. Mrs. Spellman is visiting relatives in Edmonton during his absence.

Mr and Mrs. George Mathewson and family of Heath and Mr. R. M. Mathewson of Edmonton visited here recently with Mrs Mathewson.

Mr and Mrs. Milligan of Edmonton visited at the home of Mr. and Mrs. Henry Joy and family.

Best wishes for a speedy recovery to little Murray McLean, after having his tonsils removed.

We are pleased to report Mrs. J A Blair is progressing favorably while a patient in the Royal Alex hospital, Edmonton.

Mr Lew Wright of Edmonton spent the past week here visiting at the home of his sister and brother-in-law, Mr. and Mrs. A. Franke.

The R. E. Evans rink with Mrs. Gordon Blake leading, won second prize in the Grand Challenge and first in the Visitors' event in the Streamstown bonspiel.

The Sadie Miller rink entered in the ladies' bonspiel at Vermilion and won first prize in the Citizens' event.

The Croft rink won the Grand Challenge at the Islay spiel last week, bringing home 'the trophy' and lovely chenille bedspreads. On the rink were Mr. Croft and Messrs. F O Seward, C H. Sheppard and R. E. Gray.

## PUBLIC NOTICE

By the Board of Trustees of VEGREVILLE SCHOOL DIVISION NO 19, of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the VEGREVILLE SCHOOL DIVISION NO. 19 of the Province of Alberta, that the sum of ONE HUNDRED and TWENTY-FIVE THOUSAND DOLLARS should be borrowed on the security of the said Division by the issue of debentures repayable to the bearer in twenty consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

Erecting frame stucco school buildings as follows —

(1) Auditorium - gymnasium at Vegreville School;
(2) Two-classroom addition at Minburn School;
(3) Two-classroom unit at Lavoy School;
(4) Auditorium - gymnasium at Mannville School.

THEREFORE, notice is hereby given by the Board of the said Division that unless a poll of the proprietary electors of the said school Division for and against the said debenture loan is demanded as provided by the School Act, the said Board will apply to the BOARD OF PUBLIC UTILITY COMMISSIONERS for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

"S. Hinton"
Chairman.

Dated at VEGREVILLE, this first day of March, 1954

*INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DIVISION*

A poll may be demanded in a School Division by a demand signed by five proprietary electors of each of at least twenty per cent of the districts in the division. Every demand for a poll must be delivered to the Secretary of the Division or in his absence to the Chairman of the Board of Trustees within Fifteen days after the date of posting or of the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton. "Proprietary elector" means an elector who is liable to assessment and taxation for school purposes in respect to any property situate in a School Division.

## THE STAGETTES

In spite of the lapse of time, which usually tends to lessen interest in Club activities, it was an enthusiastic group of 16 or so that discussed the Cotton Ball, the forthcoming convention, the possible Park project, the minutes forwarded by National as a result of the convention last fall, and many other subjects. Business subjects you understand -like Kay's opinion of Wainwright hockey players.

Watch for posters for the Cotton ball that we believe will be held on the 4th of May. That should take some of the girls by surprise as we planned for the 11th at the meeting. However we discovered that the 11th was a meeting night in the hall so we had to change our minds and make our date the 4th. Shirley has her eye on a new orchestra that's "Oooo la la!" so give those dancing slippers an extra rub. You'll be hearing more about this.

District convention has us all stirred up once more and from the interest shown last meeting there will be a sizeable representation from this club at Grande Prairie come 24th May week end. It seems early to be talking convention but the weeks went so quickly last year that we were in a dither getting our material together in time. Time it takes too, to get a delegate supplied with reports and data on the year's work and results of work. We also go to these conventions armed with plans and hopes for the betterment of Stagette clubs in general.

Now this Park project is still just a big question mark as yet but the Club is as interested in that park as anyone and we would like to show our interest by doing our bit toward improving and finishing it. Such suggestions as building a dance pavilion jutting out over the water, so we could push undesirables over the edge, were given, but nothing was decided. Seriously though we are interested and by next meeting hope to have something to go on.

The Club intends to take Vivian up on her invitation to take a trip to Hawaii some of these days. I've been [illegible] via V[illegible] a few [illegible] already and it is certainly an interesting trip so we're all looking forward to it very much.

Our next meeting will be at Shirley McCormick's on the 16th — a business meeting.

Checking: March 13 —Kay S., Sophie; 17th Shirley, Joyce, 1st shift: Alice, Lena, 2nd shift; 20th—Mildred, Mary Anne R. Who got gypped out of a turn?

The blood for the manufacture of gamma globulin to fight polio is supplied to the Dept. of National Health and Welfare by the Canadian Red Cross. tf

## Princess Anne W. I. Notes

The regular monthly meeting was held at the home of Mrs. Ralph Strome on Wednesday, March 3. There were 10 members and 2 visitors present. The meeting opened with O Canada followed by the Creed. Roll call was answered with a health rule.

The minutes of the last meeting were read and adopted. Treasurer's report was read and adopted. Correspondence was read.

A discussion followed re the changing of our meeting day to bring it more in line with the other branches. The meetings now will be the first Monday of the month instead of the last Wednesday.

Mrs. Geo. Richardson was appointed delegate to the District conference in Edmonton this month. Discussion of the new handicraft list followed.

Mr. J. R. Robson who was to speak to us on the Red Cross drive for blood was unable to attend the meeting due to illness.

The social which took the form of a contest, name the 48 States of the Union, was won by Mrs. R. C. Mead. The meeting was adjourned with 'The Queen'.

The hostesses, Mrs. R. Mead and Mrs. G. Mead served a delicious lunch.

In the evening the W.I. branch sponsored a Red Cross meeting with films on water safety and the Red Cross hospital in Calgary. The meeting was in Allandale school. There was a good attendance and all enjoyed the films very much as they did the two speakers, Mr Simonson who spoke on the Red Cross drive for blood to fight polio, and Mr. R. A. Hodgert who spoke very forcefully on the need for water safety. He gave us much food for thought.

We wish to take this opportunity to thank both speakers for a very enjoyable evening. A hearty lunch brought the evening to a close.

We also wish to thank the Allandale ladies for their kindness and co-operation in making the evening the success it was.

The W.I. branch also wishes to thank the Editor and staff of the Standard for publishing these monthly reports.

## Kitscoty High School Notes

The local high school hockey team which combined with Streamstown to enter in the tournament, lost out to Dewberry in the semi-finals by a 4-0 score after winning a thrilling overtime battle from the Lloyd Lions 3-2. Minutes before the end of the game with Dewberry the local goalie was hit in the face and forced to leave the ice. However, the injury has healed up nicely since then.

On March 5 for the first time, a high school bonspiel was held. 14 rinks competed in the two events with Wilf Cundliffe's rink going through without a loss to take first prize in the first event. Cundliffe came from behind to win over Kastendieck's foursome by an 8-5 score. Members of the winning rink were Wilf Cundliffe skip, Jack Currie playing third in place of Muriel Christopherson, Frankie Wolters second, Arthur Harley lead. In the second event Lorne Venance's rink won over Harley Rea's by a 10-2 score. Members of Venance's rink include Gordon Wallis 3rd, Cecile Davies 2nd, Mary Ellen McIntyre lead. Prizes for the first event were choice of cigarette lighters or photograph albums donated by Stoke's drug store. Bill Chew, the proprietor of the Royal Cafe donated four boxes of chocolates as prizes in the second event. The ice was in good condition due to the efforts of Mr Watt, the icemaker. All students in the 14 rinks enjoyed the day's activities and it is hoped it will become an annual event.

## Wildwood

Mrs. David Drysdale returned home after spending the winter with her relatives in Lloydminster.

Mrs. Hilts and daughters spent the week end with her sister Mrs. J. D. Stone.

Mr. Andy Beatty has returned from a visit with his sons at South Bank Burns Lake, B.C. where he met his grandchildren for the first time.

Mr. Sid Busby, after spending several years in Vancouver has returned to Alberta and is at present with his sister Mrs. Frank Sperberg.

Mr. and Mrs. Ernest Jack spent a few days in Edmonton last week. They were accompanied by daughters Eileen and Doris.

Mrs. E. J. Hearty had a few days visit with her sister in Vermilion.

Mr Marshall Stone celebrated his 90th birthday on March 2. Congratulations Mr Stone is one of the original homesteaders of this district.

Mr. and Mrs Alfred Jack and family went to Edmonton to hear the Lois Marshall concert.

Mrs. Marshall Bowen last week said goodbye to her sister Vera who is moving with her family to Victoria, B.C.

Mr. and Mrs. Charles Drysdale and daughters paid a flying visit to the capital last week.

Mrs Neil Shook was hostess to the ladies of the district recently. Most of the members were present and a very enjoyable afternoon spent.

Miss June Christopher was a week end guest at the home of the J D Stone's.

Miss Eileen Jack spent the week end with a friend in Vegreville.

Mrs. George Jack had a week's visit in the city with her daughters recently.

Mr and Mrs. Fred Sperberg, Vanda and Arlene were Sunday visitors at the Ernest Jack home.

The F.U.A. held their regular meeting in the Lavada school on Wednesday evening with 15 members and three visitors present.

Mr Jim Stone was in Edmonton for a week attending lectures on Civil Defence.

Wildwoodites are planning to dance again on April 2 to Horpestad's music.

Mr J D Stone who has been councillor for Div 2 in the Vermilion River M.D. 71 is seeking re-election on March 20. Let's support "our home town boy" on the merits of his past six years of service.

**Stuart & Gamble - Mannville, Alta.**

Just to prove how little it costs to run this tractor for 6 months . . .

## WE'LL BUY HALF YOUR FUEL OURSELVES!

Yes, you read it right! Trade in your old tractor on a new Oliver Diesel wheel tractor, and we'll pay half your new tractor's fuel bill for 6 months straight. We mean any 6 months' work on your farm, even your six heaviest work months, for the longest hours you want to work! Just bring in your fuel bills to show what you spent and we'll give you a check for half.

### Why We're Making You This Offer

We figure if we offer to pay half your fuel, you'll keep track of your costs. That's all we want· for you to see how low they'll be. You'll find that you're burning only 6 gallons of fuel where your gasoline tractor burned 10 — and buying diesel fuel for a whole lot less!

We're betting you'll say you'd never go back to gasoline. Especially when you find that your upkeep is as low as your fuel cost. Your Oliver Diesel has the simplest engine ever put in a farm tractor -- no carburetor no plugs, fewer moving parts very easy to keep in top working order.

### No Starting Engine, No Starting Fuel

Oliver Diesels start and run on diesel fuel. They give you instant starts even in freezing weather. They withstand a longer lay-up than any spark ignition tractor. Best of all Oliver makes a diesel in any size you want two-plow three-plow four-plow whatever size is best for your operations.

### You're Paying for A Diesel, Why Not Have One?

That's what users say: with the high fuel cost of a gasoline tractor, you're paying for a diesel whether you have one or not. That's why farmers by the thousands are going over to low-cost diesel power. You will yourself sooner or later. Why not buy your diesel now start your savings now while this special offer still holds.

BUY AN OLIVER DIESEL AND WE'LL BUY HALF YOUR FUEL!

# Local News of Interest

A number of the young people of the local Salvation Army Corps, along with Capt. Chapman will be attending the annual Youth Councils to be held in Edmonton this week end, March 13 and 14. These Councils, to be held in the Macdonald hotel will be conducted by Col. R. S. Harewood, second in command of the Salvation Army in Canada.

Mr. and Mrs. George Caron spent a very enjoyable week end in Edmonton taking in the final games and presentation at the Macdonald-Brier curling championships. They attended the christening of their second grandson, Gary Phillip Neiner at Robertson United church. Sunday too was David Lee Neiner's fourth birthday.

CHAPMAN—Born to Capt. and Mrs. R. E. Chapman on March 3, in the Vermilion Municipal hospital, a son, Robert John, 7 lbs., 8 ozs.

Norm McGinnis is curling with the Scott rink of Innisfail in the carspiel in Edmonton this week. Norm's brother Leo of Innisfail is a member of the foursome.

Dunc MacDonell, a member of the staff of the Vermilion hotel for several years has now gone to Tofield where he is employed at the Alexandria hotel.

A very large number of Vermilion curlers attended some of the Macdonald-Brier championship curling games in Edmonton last week.

LIBRARY MEMBERS NOTICE — Former members of the Vermilion public library are asked to renew their memberships for 1954. New members are cordially invited to take out membership cards.

Mrs. W. J. Macnab has now returned from the University hospital Edmonton and is at the family home south of town.

Scheduled to attend the regional conference of the Alberta Boards of Trade and Agriculture at Wainwright on Friday are K. G. Urquhart, Dr. A. B. King, M. Hill, R. K. Chalmers, Neil McLean, D. R. Mitchell and Wm. Lingings, as delegates from the Vermilion Board. The conference was held at Vermilion one year ago.

Wm. Lingings, manager of the local branch of the Bank of Commerce, attended conference of managers in Edmonton last Friday and Saturday, called by the superintendent.

Fred C. Long of Vancouver is visiting in town for a week or two, visiting son Carman and family and sister Nell.

Albert Hareuther attended a meeting of Food Locker operators of the province which was held in Calgary for three days last week.

D. R. 'Reg' Mitchell was in Edmonton Tuesday attending a meeting of the directors of the Alberta Associated Boards of Trade and Agriculture.

Mr. and Mrs. R. S. Cooper, Mr. and Mrs. Doug Cooper and Mr. and Mrs. Curtis Martin were Edmonton visitors on Friday last where they took in the final game of the Macdonald-Brier championships and the presentation of the tankard immediately following Alberta's win over New Brunswick.

**W. I.** — The regular meeting of the W.I. will be held at the home of Mrs. G. Dunsmore on Monday March 15 at 2 p.m.

**ST. SAVIOUR'S W. A.** — St. Saviour's W. A. will hold a business meeting Thursday, March 18 at 3 p.m. in the parish hall.

**UNION** — Dance at Union school on Friday, March 26. Horpestad music. Everybody welcome. 36-8

**RUMMAGE SALE** — Mrs. Dougan's group of the United cvhurch W.A. will hold a rummage sale on Saturday, April 3 in the United church basement. Tea will be served. 36-8x

**BINGO** — Bingo will be held on Tuesday, March 16 in the Holy Name church basement. 20 games for $1. Cash prizes. 36x

**DERWENT THEATRE** — At the Derwent theatre Saturday March 13 and Monday March 15—"I'd Climb the Highest Mountain" a superlative picture with Susan Hayward and William Lundigan. The parson and his wife are coming to call on you — in glorious color. Next week "Twelve O'Clock High". 36x

*CARD OF THANKS*

I would like to say a sincere 'thank you' to Dr. King, Dr. Stephens, Miss Keith and the staff for the splendid hospital care I received while a patient there; also hearty thanks to my many kind friends for their gifts of flowers, fruit, cards, letters and prayers. Each one of you had a share in my recovery and such kindness will always be remembered.

Mrs. H. Teasdale

*IN MEMORIAM*

In loving memory of Vickie
—who passed away March 12, 1951
You bade no one a last farewell,
You said goodbye to none,
A dear heart had ceased to beat,
And suddenly you were gone.
—Ever remembered and sadly missed by her loving Mother, Dad and family

## Brilliant Writer And Student To Address Canadian Club

Graduate in Arts at Queen's and in Law at McGill, president of the student body at each University, serving overseas from 1941 to 1945 at which time he was appointed by UNRRA as its senior officer in Germany, Mrs. Alex J. Edmison, Q.C., will address the Canadian club in Vermilion on Monday March 15th at 8:15 p.m. The meeting will be held in the auditorium of the new junior high school.

Mr. Edmison is a writer and speaker on penology and criminology and the subject of his address here will be "Eternal Problem of Crime and Criminals". 25-6c

## Thorncliffe W.I.

The March meeting of the Thorncliffe Branch of the A.W.I. was held on March 3 at 2 p.m. at the home of Mrs. John King. Six members and one visitor Mrs. Yarmie Vich were present. Roll call was a poem. The social was a photo quiz by Mrs. James Moses, the winner was Mrs. John King.

The ladies are getting chenille materal to make Easter flowers which will be for sale, along with children's ready to wear. These will be for sale at Noonan's Coffee shop on April 17 between 2 and 5 p.m.

Mrs. R. Clark, Mrs. E. Watt, Mrs. I. Thompson, Mrs. J. King and Mrs. Fred Clark are planning to spend the first day of the district conference in Edmonton on March 24 and to attend the banquet that evening.

The next meeting will be held at the home of Mrs. James Moses on March 31 at 2 p.m. Roll call will be finished children's garments and aprons. Social will be by Mrs. Tom Thompson. Lunch will be served by Mrs. [illegible] Moses and Mrs. John King.

After the singing of 'The Queen' a very nice lunch was served by Mrs. R. Clark and Mrs. John King.

SCOUT MEMBERSHIP UP

Canada's Boy Scout membership increased by 11,754 in 1953. Census figures for the year ending Dec. 31, show a total membership of 157,843 compared with 146,089 at the end of 1952. The new total is the highest in Canadian Scouting history.

*CARD OF THANKS*

I would like to take this opportunity to thank all those who in any way helped to support me during the Carnival Queen campaign with special mention to Ruth Beatty. It was a lot of fun. Thank you, Junior high!

Irene Adam.

## A. T. A. President Receives Acclamation

Five of eight district representatives on the Executive council of the Alberta Teachers' Association, have been returned to office by acclamation, according to Eric C. Ansley, general secretary-treasurer of the A.T.A. Besides the district acclamations, Frank J. Edwards of Edmonton, received an acclamation for the presidency of the teachers body.

Mr. Edwards will succeed Lars Olson of Holden following the annual general meeting of the A.T.A. to be held in Calgary April 19-21. Mr. Olson has been president for two years.

An election will be held to determine the A.T.A. vice-president, with G. S. Lakie of Lethbridge and R. Dressler of Rocky Mountain House as candidates.

District acclamations will be held in the geographical divisions of Northwestern Alberta, Central eastern Alberta and Southwestern Alberta. District acclamations went Michael Skuba, Smoky Lake; D. A. Prescott, Red Deer; H. J. Ross, Edmonton; Mrs. Inez K. Castelon, Calgary; Mrs. Dorothy Benjamin, of Hanna.

Balloting will be done by mail and the votes will be counted at the annual general meeting April 21.

## Widmere Winks

Congrats to our lucky curlers on winning prizes at Buffalo Coulee. Bob Martin skip with Frank Gibson, [illegible] and Harry Symes won second in the Grand Challenge getting nice pen and pencil sets each. Albert Smith skip, with Johnny Batke, Roy and Noel Garnett won third in the second event getting nice clocks and horses on stand. This week the ladies rink is curling in the ladies spiel at Buffalo Coulee. Our ladies did not win any prizes at the Vermilion spiel although they had some good close games. Right now a little local spiel is on at our own rink. 12 rinks taking part and each rink has a new curler. Yep, mothers curling too. Mrs. Cliff Cruthers is playing on Billie Veitch's rink and did very well in her first game. Some nice prizes are at stake.

Our power line really is taking shape this last while. Over four miles of poles were set in on Monday. Poles will be all in this week. Next will be the stringing of the wire.

Mr and Mrs. Wilson Ford of Vermilion are spending a week or so visiting their daughter Mrs. Frank Gibson and family at Basswood.

We were very sorry to be away on Sunday when Mr. and Mrs. R. Jones and Mr. and Mrs. Fitsell of Vermilion called to visit us. Mrs. R. Clark and family of Thorncliffe also called while we were away. Do come again folks.

Congrats to Mr. and Mrs. D. Currie on the birth of twins, a girl and boy.

Quite a number from our corner took in the carnival on Friday evening. Congratulations to Peggy Stephens on being Queen and also to her attendants. The carnival on the whole was not so colorful as in some years and having to stand through it takes the pleasure out of watching it. How is your wrist Mrs. Jacula that you caught on a nail in the door?

Laurence Graham got another coyote with the cyanide gun. That makes four so far this winter — should be a few less fowl eaters around this summer.

Had nice chats with Mrs. Williamson, Mrs. Barlow, Mrs. Moore, Mrs. Gould and [illegible] on Saturday. The afternoon really flies by.

Two funniest things heard: Kathleen Cruthers on telling her brother about Baldwin's rink said 'Alberta lost. Alberta won, Alberta's in the house'; and a [illegible] chap [illegible] his mother [illegible] in and out turns of [illegible] the tea pot on the [illegible].

ELECTORS OF DIVISION 7
Vermilion River M. D.
..VOTE..

JOHN ANDERSON

John Anderson, son of an old time Dewberry settler, the late W. H. Anderson, was raised in this district and now resides one mile west and one-quarter mile south of Dewberry. He is 37 years of age, married, and has three young children.

As a youth John was very active in athletics, particularly hockey and baseball. He [illegible] finds time to engage in these sports as [illegible] as in curling.

As a man he quickly became interested in community and civic enterprises. Well known in A. F. U. circles he has held the post of President of District No. 7 for two years. He has been a member of the Board of Directors of the Dewberry Co-op store for two years. Active in school affairs he has served his district as trustee for six years.

Dewberry is an outstanding A. F. U. local and this is in part due to the unfailing energy brought to the task by John Anderson. The continued progress made by the Dewberry Co-op store must be credited to its board of directors on which he serves. Dewberry has operated school buses for five years, and is the only district in this municipal division which is so served. These facts speak eloquently on his behalf for his organizational ability and forethought.

In addition to his successful farming operations, John has consented to serve this community in yet another capacity, that of municipal councillor. A position to which he brings the organizational ability which found its beginning on the hockey rink and baseball field as a boy, and which has been developed by his many successful and varied public enterprises in the succeeding years. From a rich heritage of pioneer stock he has inherited the dogged perseverance as well as the vision with which the early settlers were so richly endowed.

If you feel that Municipal Government is worthy of the attention of a conscientious, industrious, sober citizen who has ably demonstrated his sound business and executive ability . . .

VOTE: JOHN ANDERSON X

If you feel that Division 7 of this Municipality needs better roads, as are being built elsewhere with the aid of very substantial Provincial Government grants . .

VOTE: JOHN ANDERSON X

If you feel that your district could be effectively served by school vans if the roads would permit, observe the town which has enjoyed these facilities for so many years, and . . .

VOTE: JOHN ANDERSON X

Inserted by the Central Electoral Committee:
Norman E. Stanley, Secretary.

## BOWTELL BULLETIN

Twenyt-seven attended a very fine service at the home of Mr. and Mrs. Sherwood on Sunday. The service was conducted by the Rev. R. Clennett.

Rev. C. W. MacKay was a recent visitor at the Harrison and Walker homes.

Ed Lyons is noticed driving a nice new car and Arnold Maggs a truck.

Congrats to Mr. and Mrs. Joe Payne on the birth of a baby daughter recently at the Vermilion hospital.

Mr. and Mrs. C. Sweeney and family were Sunday visitors at the Williams home.

Deepest sympathy is extended to Mr. Graham on the death of his wife.

Recent visitors at the home of the writer were Mr. and Mrs. Walker and William, Mr. and Mrs. J. Morrison and baby, Bill Wells, Dorothy and Johnny Isley.

Mr. Knutson is home from Saskatchewan and reports that his brother is much improved in health.

Mrs. Dedelly leaves this week for Vancouver to visit her daughter and family Mr. and Mrs. Harry Perkins for three weeks.

Mr. and Mrs. Maggs and family were visitors Sunday at the home of Mr. and Mrs. O. Repp.

Mr. and Mrs. J. Forey and family of Landonville were Sunday guests at the Knutson home.

Towns to Benefit from Industrial Development

## THE NEXT FIFTY YEARS BELONG TO WESTERN CANADA

Vermilion people who attended the Canadian Club dinner meeting Monday evening Feb. 15 were given an idea of what was happening in an industrial way in Alberta by the guest speaker Mr. J. E. Oberholtzer, deputy minister of Industry and Labor. The speaker is greatly enthused over the Industrial development which has already taken place within the past few years in the province but is of the opinion that this is but the forerunner of vast industrialization of the province. His talk was entitled "Canadian History in the Making".

Mr. Oberholtzer who is a native Albertan and a very enthusiastic one, sketched briefly the various stages through which the province has passed. The fifty years of its history so far has seen development from virgin territory to the present. This could be called the settlement period. Everything for the first fifty years hinged on agriculture. Within that period of 50 years too, progress has been retarded by two world wars and one very big depression. These are periods when normal development and progress stop.

The industrial period for Alberta actually started in 1945 with the discovery in the northern half of Alberta of oil, natural gas, limestone, salt, uranium. There was a great urge after the war to do things, search for minerals and oil was carried on apace, and as a result of discoveries the establishment of industries and development thereof in the northern half of Alberta has been tremendous.

It was notable that in 1952 the urban population overhauled and went ahead of the rural population as a result of industrialization, so that from here on in Alberta is industrial although agriculture is the biggest single producer and will remain so for many years.

The speaker gave many facts pointing to the great industrial activity in the province. Oil production is now ten times what it was in 1948; in 1953 $200 million was spent in the oil development program. There is a steady increase in natural gas production. Until 1940 total manufacturing value was below 100 million but since 1946 has climbed rapidly and the big chemical and other plant now under construction will boost this mightily.

Construction is climbing straight up as a result of the combination of every kind of development, and will continue so for ten more years at least. Back in 1946 at a convention of architects Alberta was selected as the province offering the best opportunities for men of that profession. Power consumption has tripled within the last ten years as compared to doubling in the majority of other provinces.

Retail trade which amounted to one billion dollars in 1947 has ascended so rapidly that it is almost past conception.

WHY THIS DEVELOPMENT?

There is logical reason for this industrial development in Alberta. The natural resources are here, it's a new frontier area from the standpoint of the industrialist, there is stable government in the province and in the Dominion and the biggest single pool of energy known, gas, oil, coal and water power is right here in Alberta. This all forms the basis for industrial development.

The future for industry in the province is a rosy one. We will see industry based on industry, one leads to another. There will be new discoveries, new developments. Uranium will probably be just as important as oil and will effect all of the north half of Alberta. Businesses will expand, new ones develop, many not even thought of today, and all parts of the province will feel the influence.

Al the world says that the next fifty years belong to Western Canada.

At the conclusion of the address, possibly the most interesting ever delivered to the Canadian club here, the question was asked Mr. Oberholtzer to what extent towns such as Vermilion would benefit or feel the industrialization. The reply that towns should reap their benefits from secondary industries, and this line from Edmonton to Saskatoon should see the establishment of many such projects.

DEPRESSION IN SIGHT?

Is there a regression or depression in sight, was another question directed to the speaker. His reply was that business has been running well over 100 per cent of capacity, the present rate was thus abnormal and he thought that some slowing down would be a help. Although the slowing down would just be in comparison with the abnormal development which we have enjoyed for the past several years. The slow down would help everyone catch up. There is today a backlog of ten years construction [illegible] to catch up so that there is no need to be too concerned [illegible] slight regression. The Mining and Petroleum engineers are not alarmed and have ready made plans for exploration and development for years ahead.

Mr. Oberholtzer proved himself a talented speaker with a very pleasant manner. He is well versed on this subject and thoroughly enthused over the future prospects of Canada and Alberta. His talk tied together many vague notions which his listeners harbored, into a bright clear picture.

Mr. Frank Walker president of the Canadian club was chairman and introduced the guest speaker and two guests from Lloydminster, Mr. Oberholtzer's sister Mrs. Glen Good and her husband.

Mr. Oberholtzer addressed the students at the Vermilion high and public schools during the afternoon.

## Kitscoty Ladies Hold Fine Bonspiel

KITSCOTY Twenty-three rinks took part in the three-day Ladies' bonspiel held in Kitscoty recently.

Winners in the Grand Challenge were 1. Elliott McLaughlin, 2. Espetveidt Marwayne, 3 Johnson Paradise Valley, 4 Jones Dewberry.

Merchants Event 1 Franke Kitscoty, 2 N. Miller Kitscoty, 3. McKnight Dewberry, 4 Baker McLaughlin.

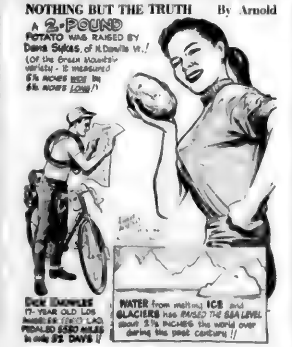
Citizens' Event 1 Skorevko Streamstown, 2 McLean Kitscoty, 3 O'Connor Kitscoty, 4 Manson Blackfoot.

Sheppard of Kitscoty and Stewart of Blackfoot tied for the hard luck prize.

The Kitscoty Ladies' club wishes to thank all those who in any way helped to make their bonspiel a success.

Canadian Red Cross services and supplies are not sold. When assistance is given it is provided through your voluntary contributions.

NOTHING BUT THE TRUTH By Arnold



## Interesting Meeting Dewberry Ladies' Aid

The Dewberry Ladies Aid held their meeting at the home of Mrs. S. Webadale with eight members present. The meeting opened with a hymn followed by the Lord's Prayer. Mrs. J. Porter read from the Bible. Mrs. Webadale read the message from the Upper Room for March 4. Minutes were read and approved and the treasurer's report was given.

Our Sunshine Lady, Mrs. D. Munroe, sent cards to G. Ewen, Nita Trask, Mrs. W. Axley and Milo Hodgson. All these folks are wished a speedy recovery. Congratulations to Mr and Mrs. W. Axley on the birth of their son William David.

Mrs. W. Hodgson was sent a birthday card from the group. A thank you letter was received, this was most welcome and interesting. She told about the missionary work done by a Mrs. Finlay. She has been a medical missionary in Nigeria, Africa for most of the past 35 years. Her husband died there some years ago but she continued the work of spreading the Gospel among the natives with splendid results.

Our Travelling Basket has been missing for sometime. If anyone has overlooked this perhaps they would return it to any of our members, thanks.

It was moved that we have our annual Easter tea, the date to be decided later. Anyone wishing to donate either home cooking or produce, or a tea apron to this effort same would be most gratefully received.

We were led in the Benediction by our President. Following lunch we sang "Happy Birthday" to Mrs. S. Webadale.

Next meeting is to be Mrs. Ewen's held at the home of Mrs. N. Jones. Come and join us for an afternoon of good fellowship.

# Premier Manning Presents Record-Smashing Budget For 1954

EDMONTON —Recollections of a 19-year-old Social Credit promise were stirred in the Alberta legislature last week as Premier Manning presented a record-smashing budget of expenditures and forecast payment of "citizens' participation dividends", based on Alberta's revenues from the natural resources dividends.

There was, of course, no statement of what the dividends would be or how they would be distributed. This is a quotation from the premier's speech: "It may be that the time is coming when the interests of responsible self-government will be better served by levelling off the measure of provincial financial aid and distributing directly to the individual citizens of each community an equitable share of the revenues accruing from the development of their natural resources in the form of citizens' participation dividends. Such a policy not only would enhance the financial ability of ratepayers to meet the operating costs of autonomous local government but would recognize each citizen's personal stake in the natural resources of the province and his right to an equitable share of the benefits accruing from their orderly development."

This statement followed by one day the introduction of a motion by Social Crediter John Landeryou, of Lethbridge, calling on the federal government to "enact the necessary legislation to provide for the issue of money and credit in terms of public need." Which in other words is 99 and ninety-nine one-hundredths per cent Social Credit monetary theory.

Mr. Manning's unprecedented budget forecasts total spending for the year beginning April 1 of $204,949,712, an increase of $30,866,562 over the appropriation for the current year.

It was the premier's tenth budget presentation, the first one having called for total expenditures of [illegible].

HIGHWAY CONSTRUCTION

As in the past highway construction, maintenance and administration will take the lion's share of the estimates, including statutory loans. The $57,209,195 estimated expenditure on highways and district roads is almost 28 per cent of the estimates. The agriculture and water resources departments plan to spend $7,085,345.

ROAD GRANTS GREATER

The appropriation for district highways and local roads is $1,000,000 greater than the $5,625,000 of last year. Grants to municipal districts for these purposes will total $3,000,000; grants to improvement districts, $2,500,000 and to special areas, $125,000.

Bridge construction in the ensuing year is expected to run to $4,500,000, or $1,500,000 more than last year, while the construction of main highways calls for spending of more than $30,000,000. Under a special section is the Trans-Canada highway within Alberta, for which the proposed expenditure tops $6,400,000.

OLD AGE PENSION INCREASED

Advocated by many members in the legislature this year, the proposed increase in the supplementary payment to old age pensioners from $10 to $15 per month will be received with approval in almost all quarters. Those to whom this assistance will be given are those on old age security pensions, old age assistance pensions and blind persons' allowances.

At the same time it is proposed to increase by $60 the allowable annual income of each of these categories for supplementary pension purposes. It will cost the government more than $1,000,000 for the increases.

MORE PAY FOR M L A's

It remains to be seen if the Premier's belief that the $600 increase in the members' sessional indemnity "will have general public endorsation". In announcing the proposed increase, to bring the total to $3600, Mr. Manning said there have been no revisions in the indemnities since 1949-50 and cited increased cost of living and MLA's expenses as reasons for approving the step.

EDUCATION

Study by the legislative education committee of the proposed six-week teacher training program and permanent certification of teachers with one-year formal training began this week, which appropriately enough is 'Education Week'.

By Shirley Holme, Wainwright, Alberta

# News Notes From Your District Home Economist

PAINTING TIPS

A common fault among householders who do their own painting is neglecting brush care. Brushes should be cleaned after every painting job by soaking them in formalin, gas or kerosene. The average householder frequently stands paint brushes on their sensitive bristles and causes them to be discarded long before their usefulness should be at an end.

To remedy this, bore holes in the wooden handles of the brushes. Then a stiff wire can be inserted through these holes, and with the ends of the wire extending over the top of a deep container, brushes will be suspended in the cleaning solution instead of resting on their bristles.

SPRING FASHIONS

What is the fashion this spring in home decorating? Are you following the latest trend by painting your home throughout, or is wallpaper gaining popularity today? Whether you paint or paper the rooms in your home will depend on other factors too. Wallpaper, if used correctly, will camouflage the bad features in a room. If the wall surface is not smooth, wallpaper will hide the rough surfaces better than paint.

There is a new plasticized wallpaper available today. It is guaranteed to wash 100 times, and equal flat wall paint in its wearing surface. Homemaker's who constantly used paint in home decorating, the reason being 'paint is so easy to clean' can now add new glamor to their home with plasticized wallpaper.

The fashions in home decorating for 1953 include more wallpaper than was apparent a few years previous. Combinations of paint and paper in one room are effective too, with a single wall papered to create a centre of interest.

Write for a free booklet "The Stage Setting in your Home". Excellent suggestions on choosing the wallpaper or paint for all the rooms of your home are given in this booklet.

REZ—POPULAR WOOD FINISH

Rez is a comparatively new wood finish. The Clear Rez seals and protects the wood. If a clear rez is used the wood will darken to its natural color. But, the wood may be blonded permanently by using White Rez. This white rez contains a stain which stops the natural darkening of wood.

Do not confuse these two types of rez. In several cases I know of, homemakers have applied the clear rez hoping to obtain blonde wood work. After a short time the wood begins to darken. These calamities could have been prevented if white rez had been applied.

Rez is also available in other color stains such as the Redwood Rez.

# Health Unit Notes

DEFICIENCY DISEASES
(Continued from last week)

WHAT TO DO ABOUT IT

Since medical science is far from knowing all the different vitamins, minerals, proteins that are needed for health and just how much of each a person needs, you cannot rely on buying some pill or tablet or capsule or syrup to make up the deficits that might occur in your diet. If there is a need for vitamins to supplement the diet your doctor will be able to advise you.

The only way known to get an adequate diet is to eat a variety of foods. If that variety follows the pattern outlined in Canada's Food Rules (a copy can be obtained from the Health Unit office) it is based on the best scientific and medical nutritional advice available, but other eating patterns can also provide adequate nutrition. If food habits slip gradually into restricted variety such as only meat and potatoes, or only doughnuts and coffee, or only tea and toast, then malnutrition in some degree may be expected after awhile.

A good eating pattern, like Canad's Food Rules, can be developed in the transition from infancy to preschooler. By developing and maintaining the habit of getting a variety of foods, a solid foundation will be laid for life. It is the long view that counts, and temporary abnormalities or aversions should not be allowed to worry parents unless they lead to permanent changes. Don't give up the attempt to introduce new foods, or to find new ways of serving old ones, but don't work at it so hard as to create tension in your child. In dealing with lack of appetite remember that adequate rest, freedom from mental strain, and the correction of physical defects all contribute to eating well. Don't force food, nor worry over table manners, but keep a happy environment and let the child's appetite develop.

LOSSES IN PREPARATION

Cooking and home canning cause certain losses in food value, especially in fruits and vegetables — even as much as 50% in some cases. Heat and exposure to air (uncovered saucepans) cause some outright destruction, but in many cases just as much is lost by using a lot of water and then throwing it away.

Theoretically, cooking under pressure exposes food to heat for the shortest time, with the least water and air present, but does not always give better results than some other methods of preparation due to the time taken to heat up and cool down, as well as momentary over-cooking at the higher temperatures reached under pressure. The important thing is, therefore to eat food raw if possible; and, if not possible, then be sure to follow cooking directions carefully. Commercially tinned foods retain nearly all their food value, and may be better than market produce because they are carefully canned when at their best.

By following a pattern of eating as outlined in Canada's Food Rules and by paying attention to proper methods of preparation and cooking, deficiency diseases can be largely avoided. When they do develop, their cure by the capsules prescribed by your doctor will be greatly assisted by establishing an adequate diet along these lines.

BABY & PRE-SCHOOL CLINICS

Monday, March 15—Legion hall, Vermilion, 2 to 4 p.m.

Tuesday, March 16 — Ranfurly hotel, 10 to 12 noon.

Tuesday, March 16 — Innisfree clinic 2:30 to 3:30 p.m.

# Paradise Valley

Miss Helen Levitt who is in training at the Royal Alex hospital is convalescing at home after being quite ill in the hospital.

Mrs. R. Smith and Mr. A. Chilton are both patients in the Lloydminster hospital.

Mr. and Mrs. Herb Foxwell of Edmonton spent the week end with Mrs. Foxwell's parents, Mr. and Mrs. M. Hoskins.

Mr. Jack Clarke who spent the winter at Sudbury, Ont., with his sons and daughters returned home on Tuesday.

TWO FIRE ALARMS

Two fire alarms sounded during the past week. The first at the home of Mr. and Mrs. Leonard Block. This was brought under control without very much damage being done. The second fire was at the farm home of Mr. and Mrs. Bert Welsh when the combination chicken house and piggery was completely destroyed. All animals were removed but it is quite a loss for Mr. Welsh as it was a valuable building.

Mr. and Mrs. M. Hoskins were Edmonton visitors during the week, going up to see the MacDonald Brier games.

Mr. Al Goodwin left on an extended holiday on Wednesday. Mr. Goodwin will visit with his nephews at Wichita, Kansas.

SUCCESSFUL BONSPIELS

One of the most successful bonspiels yet held at Paradise Valley was concluded on Thursday night after a week of steady curling. The winners in the Grand Challenge were 1st, E. Collins; 2nd, C. Churchill; 3, Mr. Howe; 4, J. Mayo. In the Merchants 1st, Berg; 2, McGladrie; 3, Foley; 4, Baker. In the third event, 1, L. Welin; 2, McGregor; 3, W. Stoddart; 4, Weeks. Winner of the first six-ender, P. Stoddart. The weather man was on his best behavior for the spiel and ice was in good condition throughout the week.

Road-Test the Newest
. . . and you won't settle for less!

So much that's new . . . and completely proved!

You'll find that the Dodge Royal V-8 brings you the finest of new car features for 1954 . . . a combination of the "dome-shaped" combustion chamber 150 h.p. Red Ram engine, famous for power and economy . . . and PowerFlite, the smoothest and most powerful of fully automatic transmissions. No other car offers you this great performance combination at so low a price.

You'll be frankly amazed at the control you have over this Dodge Royal—how it clings to curves, and holds the roughest roads with smooth-riding ease.

You'll like its beauty and luxury, too. New chrome treatment increases that longer, lower look . . . colourful two-tone interiors have wide, restful chair-high seats . . . floors are covered by rich, deep wool-type carpeting. Twelve new body colours, in lustrous baked enamel can be adapted into 48 two-tone colour combinations.

A road-test will convince you that the Dodge Royal offers you more of the finer qualities you want—unequalled at the price—plus traditional Dodge Dependability.

POWERFLITE fully automatic transmission is standard on Dodge Royal V-8's. It lets you move in one effortless motion from starting to highway speeds—without lifting your foot from the accelerator. [illegible]

FULL POWER STEERING takes all the hard work out of parking and steering. It's on the job all the time from the moment you start your engine. Optional at moderate cost on all 1954 Dodge cars.

# Convention Edmonton Jehovah's Witnesses

It was announced last Friday by spokesmen for Jehovah's witnesses that the Watch Tower Bible and Tract Society of Toronto will sponsor a three-day assembly, Friday, Saturday and Sunday, March 12-14 in Edmonton. The convention will be held in the Sales pavilion. The purpose of the convention it was stated, is to concentrate on gospel-preaching in this area.

Edmonton circuit representative for the group, Eric Nelson, stated that the tremendous increase of 'Witnesses' in the Edmonton area has made it difficult to find adequate accommodations for the 1500 conventioners expected to attend from central and northern Alberta.

Asked concerning the Quebec action against Jehovah's witnesses Mr. Nelson stated that "reports from Toronto indicate that there will be no let-up of our activities in reaching the good people of Quebec with the Kingdom news".

The Edmonton assembly will climax on Sunday, March 14 at 3 p.m. with a public address by Mr. G. Saltmarsh district Watch Tower Society representative from London, England. He will address the public on the subject "Is Civilization's End Near?"

## $8,500 To Make a Job

Money it takes to create a job in industry is measured roughly by figures of Toronto Industrial Commission which The Financial Post has published. Total [illegible] investment of companies it has helped establish in the past 25 years figures out to about $8500 per employee initially employed. In 1953, new investment in new plants and additions averaged about $8500 per additional employee. Higher building and machinery costs in later years also [illegible] of changes in employment not related to new investment.

## NEWS from CLANDONALD

MOURN PASSING OF FATHER McPHEE

The very large crowd attending the funeral of the Rev. Father McPhee bore silent testimony to the respect with which he was regarded by those who came to know him so well during the years he served the people here. It was only last fall that he preached his farewell sermon and at the time he was presented with a considerable sum of money from his former parishioners. His simple manner of living and broad minded views set an example that will long be remembered by those whom he served so faithfully for many years.

Friends of Ted Goddard will be pleased to learn that he is out of hospital and was a visitor at the home of his brother Fred in Clandonald over the week end. It will be remembered that early in January he had a narrow escape fom death when he fell into a tank of boiling oil at the time of the refinery fire at Wainwright. For several weeks he was in a most critical condition but has now made a remarkable recovery although he will be off work for some time yet.

Louis Garnier well known Clandonald merchant underwent a serious operation in the city not long ago. He is now home but still feeling very weak. Another district resident Mrs. Stanley Dyjur has been undergoing treatment in an Edmonton hospital for the past several weeks. She is not expected home for some time yet.

Curling can be dangerous, at least it would appear that way judging by the appearance of one village resident following the opening of the Vermilion spiel. Although other residents in attendance complained of not feeling too good they showed no outward signs of taking a beating.

The open bonspiel got away to a good start Thursday night when visiting and local teams were entertained at a banquet in the Orange hall. Hosts were the lady members of the club and many nice remarks were heard regarding the affair. Following the more serious part of the evening's entertainment community singing was led by Dr. King accompanied by Mrs. Rea on the piano. Also for the entertainment of those present was the performing of some very clever tricks by the dog owned by Mr Albert Aubey. Sorry that we have not the results of the spiel in time for this week's news.

This week the ladies spiel will be played providing the weather remains cool enough to maintain the ice.

A collision involving two late model cars ocurred in town about 2 weeks ago. Fortunately no one was injured when the two Fords, one driven by Wilbur Feenstra and the other by Billy Cusack collided at an intersection. Damage to both cars was extensive and was estimated at well over $1000.

Considerable concern was felt by friends when news came over the air on Wednesday morning that Mr and Mrs. Jake Roe had been struck by a train in Edmonton on 83rd avenue. Latest reports are that their injuries are not serious.

District visitors from Edmonton at the week end were Ray Philips, Cliff Stockwell and Miss Margaret Rowntree.

Another accident, although not quite so serious, occurred when a car skidded on an icy stretch of road not far from town. Although damage to the car was considerable when it ended up with four wheels in the air, no one was injured.

The Red Cross is the international symbol of mercy in peace and war. It assures people everywhere of help and comfort. Keep your Red Cross strong.

# Apprentice Training for a Bright Future

THE MOST ENTHUSIASTIC SUPPORTERS of the Canadian Army's Apprentice Plan are these young men now enrolled, and their parents. A happy, clean-cut group, the Soldier Apprentices receive a combination of school study, discipline and trade training, as well as sports and other recreation.

The carefully balanced programme of Soldier Apprentice Training helps to develop and mature judgment and self-discipline. There is plenty to study and learn, but the happy environment of Soldier Apprentice Training seems to make this whole process so much easier and more pleasant.

Out of his training, the Soldier Apprentice emerges as a qualified tradesman with the opportunity of building a fine career for himself in the Army.

The young man of 16 who enrolls receives:

- *thorough trade training in one of 16 trades.*
- *academic training — in such subjects as physics, chemistry, algebra, English.*
- *the general military training of the Canadian soldier.*

Learning and living with other young Canadians of their own age stimulates healthy and happy comradeship as well as intense pride in their squadrons and units.

Soldier Apprentices are eligible for all Army benefits, including 30 days annual leave. They receive half pay when 16 and on their 17th birthday they receive full pay.

The young man, with a minimum of grade 8 education, who is interested in the happy, healthy and purposeful life of the Soldier Apprentice *should investigate immediately.*

For an interesting booklet and full information on Soldier Apprentice training, write, phone or visit the Army Information Recruiting Centre nearest your home.

**Many Matters Considered By Council**

## OFFER OF THE IMPERIAL BLOCK ACCEPTED BY THE TOWN

A regular meeting of the town council was held March 1, with Mayor S C Heckbert, Crs. M Hill, D. R. Mitchell, H. J. Payne, G. W. Sutherland and Geo. C. Webb present. Absent Cr. K. G. Urquhart.

Delegations attending the meeting were: R. Allan and V. Tillett representing the local Branch of Canadian Legion, to discuss further the transfer of Lots 1, 2 and part of 3, in Blk. 4, Plan 6647-S to Legion.

Mr. L. Kehoe reporting on the Civil Defense course which he recently attended in Edmonton. Mr. Kehoe stated that the course was very informative and that he returned with a much better knowledge of the needs and purposes of a Civil Defense organization at the municipal level. He felt that it was essential that perhaps a small but well organized Civil Defense organization be set up in this town and indicated that he was willing to do everything possible to assist in this organization.

Correspondence: R.C.M.P. re report for January; Northwestern Utilities re emergency service line; Milner, Steer, Dyde, etc., re Northwestern Utilities franchise; Dept. of Public Welfare re Mother's Allowance application; Plumbing inspector re plumbing inspection fee; Count De Topor re agreement re donation of Imperial Block; C. N. R. re survey of Blk. 20; J. W. Doze re surveys; Mrs. Dixon re application to erect awning; Vermilion S. D. re 1954 requisition.

The following motions carried: Offer of Count De Topor to donate the Imperial Block to the Town of Vermilion be accepted and letter go forward to him acknowledging same and that we initiate steps to secure legal possession of property.

The Council agree in principal with the contents of the proposed agreement with Canadian Legion Post 11 re the transfer of the property Lots 1 and 2, Blk. 4, as read at the council meeting of this date.

That the secretary be instructed to enter into negotiations to secure for the town, Lots D and E, Blk. 20 Plan 5504 H.W. and .06 of an acre on the northern end of Corey Ave.

That permission be given Mrs. Dixon to construct metal awning as set out in application to comply with by-laws.

That the resolution of April 27, 1953, dealing with A. A. Moses land be amended by striking out all of section b and including a request that the Town be given first opportunity to purchase any other land on the NW ¼-29-50-6 deemed available for sale by A. A. Moses in the future.

That siren be purchased to go on Fire Chief's car.

Previous year's assessment be adopted for 1954.

That K. G. Urquhart be appointed Deputy Mayor for next two months.

That sale of Lot 1, Blk. 1, Plan 5768AY to Mrs. R. Bodard for $250 be approved subject to usual sales agreement.

GAS FRANCHISE APPROVAL

Whereas the Town of Vermilion did renew the franchise of Franco Public Service Ltd. to supply the Town and the inhabitants thereof with natural gas for the period of ten years as and from the 19th day of September, A.D. 1948;

And whereas the Board of Public Utility Commissioners for the Province of Alberta did not immediately after the renewal of the said franchise pass the necessary order ratifying and confirming the said renewal of the said franchise;

And whereas the said Board now proposes to ratify and approve the said renewal of the said franchise by amending Order No. 14985 of the said Board dated the 28th day of October, A.D. 1953 to include words signifying such approval;

Now therefore be it resolved that the Council of the Town of Vermilion hereby approves the amendment by the said Board of the said Order so as to signify the ratification and approval of the said renewal of the said franchise by the said Board.

Town accounts and water and sewer accounts were passed and ordered paid, same having been certified by the Finance committee.

Instructions to Secretary:

Check with Northwestern Utilities regarding emergency service on holidays.

Advise Dept. of Public Welfare the town denies liability for payment of Mother's Allowance to Mrs. Lena Lazaruk.

Obtain all possible information regarding employment and residence of Mr. William Lazaruk prior to his death.

Write to Legion advising them of decision of Council regarding the transfer of property.

Write to Director of Town planning regarding appointment to Town Planning Commission.

Write to steam heat users requesting information on their plans for future operation.

Erect no parking signs on sidewalk in front of Lot 23, Blk. 1 Plan 6647-S.

Write letter to be published in the Standard regarding traffic on streets when there is a fire alarm.

Meeting adjourned.

## Barley Club Formed At Mannville

MANNVILLE. — Seventeen boys and girls of the Mannville district met in the municipal office Saturday March 13 to organize a Grain club.

Mr E. H. Buckingham, District Agriculturist opened the meeting and discussed grain club work in general. The young people decided on Vantage Barley as their choice of grain. Each member paid a fee of $5 and will receive 4 bushels of registered seed for seeding in a grain plot. The plots will be judged before harvest and prizes awarded also each club member must show at the Seed fair next November one peck of seed taken from the plot.

The following officers were elected: Gary Bennett, President and Dale Younge, secretary treasurer.

## Arthur E. Shortell Dies At Marwayne

Arthur Ernest Shortell, probably one of the best known of the area's pioneers, died at Marwayne on Friday March 12. He was 90 years of age and had come to this part of the country in 1904. He is survived by two daughters Mrs. W Hardstaff at Lloydminster and Mrs. C. H Johnson of Marwayne. He was predeceased by his wife in 1930. There are ten grandchildren and fourteen great grandchildren.

Funeral services were held at the Anglican church at Marwayne at 2 o'clock on Tuesday, March 16th. Interment took place in the Marwayne cemetery. Rev. Wooller of Kitscoty officiated.

Moyers were in charge of funeral arrangements.

## Edmonton Basketball Team To Play Here This Saturday

This Saturday, March 20, the Vermilion high school girls basketball team will play host to the St. Joseph's high school girls team of Edmonton. The visiting team will be entertained by the V.H.S. girls during their afternoon stay. The game will take place at the armories. Game time will be 2 o'clock and the high school cheerleaders will be in attendance. Advance tickets will be on sale so come out and support your team!

## Rural Electric School Proves Popular

The electrical school which was held in the Legion hall, Vermilion, for a two week period, closed on Friday last. There were 65 local farmers registered for the course and all of them attended regularly and completed the full course. This would indicate that everyone felt that they got useful information from the instruction.

The course was conducted by V. MacDonald and Howie Sharpe of the Alberta Department of Agriculture. Both these instructors reported that this was one of the best electrical schools which they had conducted in the past two years.

District Agriculturist Buckingham, who organized the course expressed the hope that a similar school of instruction could be put on next year. Mr. Buckingham stated that knowledge of the use of electricity can be of great saving to everyone on the power line.

## Seed Cleaning Plant Running Two Shifts

It appears that the farmers of this area were anxiously awaiting the commencement of the operation of a seed cleaning plant as 30,000 bushels of cleaned grain were turned out by the plant in 30 days, with a single shift.

The plant was averaging better than 1000 bushels per day on one shift but it is now running two shifts, which will double the output. All three grains are being [illegible]

## Good Bonspiels At Buffalo Coulee

Both ladies' and men's bonspiels have been completed at Buffalo Coulee with 34 rinks competing in the men's event and 15 rinks in the ladies. The winners at the men's spiel were:

GRAND CHALLENGE

1. W Sargent Mannville; 2. Bob Martin Wildmere; 3. M Jones Irma; 4. John Eyben Buffalo Coulee.

SECOND EVENT

1. Gordon Ross, Vermilion; 2. Al Locke, Vermilion; 3. Albert Smith, Wildmere; 4. Cleland Bros., B. C.

THIRD EVENT

L. Manz, Mannville; 2. Carman Long, Vermilion; 3. M. Cook, Irma; 4. M. McMillan Irma.

IRMA RINK WINS LADIES

An Irma rink composed of Mrs A. Milne skip, Mrs D. Fenton, Mrs. Smallwood and Mrs Lindquist won the ladies Challenge. Other prize winners were: 2nd, Mrs. L. Manz, Mannville; 3. Mrs. Staden, B.C.; 4. Mrs. Thoreson, Innisfree.

SECOND EVENT

Mrs Corley skip, with Mrs. Jack Brown, Mrs. M Simonsen and Mrs. G MacDonald were the winners in the second event. 2nd, Mrs. Helen Bell; 3. Mrs. G. Larsen, B.C. and 4. Mrs. B. Calvert.

The hard luck prize was won by Mrs Scoggins of Mannville.

## Former Islay Man Dies In Edmonton

Ernest Hartley Moore of Edmonton passed away on March 9, 1954. The deceased lived at Islay for many years in the early days of the village and district. He is survived by his wife, two brothers and one sister.

Funeral services were held on Friday March 12 at Foster and McGarvey's Funeral chapel and interment was at the Edmonton cemetery. The pallbearers were Colin Case, James Forsyth, Jack McKenzie, Albert Thompson, Gerald Darrah, Donald Darrah.

The Red Cross canvasser is a volunteer. He is happy and proud to call on you. You can do your share by contributing to the Canadian Red Cross.

## Third Game Hockey Finals Here Saturday

Viking Gas Kings won the second game of the final series for the league championship and the Craig cup at Viking on Wednesday night when they rolled over the Vermilion Tigers 9 goals to 2. The Tigers were three men short, Stu Barr, Ted Koehli and Stan Manyluk being out of action due to illness, and the shortage of players was aggravated by a very tough ice surface, much worse than experienced here on Monday. All this reacted in favor of the heavier Gas Kings who were at full strength resulting in the one-sided game.

The third game will be played here Saturday night at 8:30 and the Tigers could easily start rolling again given a fast ice surface — however it's another game and another day and the local squad might start on that come-back trail, they have the ability when they are clicking just right as proved by their defeat of the class of the league the Commandos, so be at the arena on Saturday night March 20 at 8:30 p.m.

## V.A.A.A. To Meet Thursday, March 25

The annual meeting of the Vermilion Amateur Athletic Assoc. will be held on Thursday evening next week, March 25, at 8 p.m. in the Legion hall. Business will include election of officers and plans for the coming year.

Mr. Jack Brown is president of the Association, Mr. Frank Walker is vice-president and Mr. Fred Stewart is secretary.

## Home & School Meet Tuesday, March 30

The Vermilion Home and School Assoc. meeting will be held at the Junior high school on Tuesday, March 30 at 8 p.m.

Mr. Ferguson, the Provincial Highway Traffic officer will speak on the vital problem of "Highway Traffic Regulations pertaining to school busses".

A film entitled, "Frustrating fours and Fascinating fives" will be shown. A discussion period will follow. Lunch will be served.

## C.N.R. Men Take First Aid Course

The Editor walked into the Canadian National depot Tuesday last week and it looked as if he had stumbled in on the aftermath of a train wreck. The place was crowded with men half of them well bandaged on legs, arms and heads.

It turned out however that this was the final lesson in First Aid work taken by 23 C.N.R. men. The course, based on St. Johns [illegible] lasted for eight weeks, two hours per week. Instruction was given by S. S. Harper supervisor of First Aid instruction for the Canadian National in this territory. The men came from as far as Innisfree on the west to Islay on the east.

Mr Harper stated that this was a particularly efficient class and this statement was borne out by the very neat bandages, tourniquets and splints which were in evidence and the manner in which the students answered the [illegible] questions.

The course consisted of theory and practical first aid. Mr Harper further said that this proved a very interested group and took to the work well.

## Complete Mixed Bonspiel Wednesday

A three event mixed spiel with 32 rinks competing was finished up on Wednesday [illegible] curling [illegible] Two sets of prizes [illegible] each competition [illegible] emerged the winners.

No. 1 EVENT

1. Skip Glen [illegible], Mrs. [illegible] Williams, Allen [illegible], Mrs. Elsie Sinden.
2. Skip Newt Cooper, Yvonne Cooper, Percy Cooper, Mrs Jack Brown.

No. 2 EVENT

1. Skip Ashley [illegible] on, George Caton, Kay Smith.
2. Skip Clyde Sohes, Lena Millet, Bill McLean, Allan Sohes.

No. 3 EVENT

1. Skip Aldous [illegible], Louis Roy, Mrs. [illegible]
2. Skip [illegible] vert, Leo Chivers, Mrs. Ron [illegible] ment.

## North Vermilion United Church Moved To A New Site

On Monday March 15 the North Vermilion United church, an old landmark for many years, was moved to a new site in the Allandale district. It is now located on the south west corner of S. W. ¼ 17-52-5. An acre of this land was donated to the church by Mr and Mrs Lloyd Darling and is very much appreciated by all concerned.

This church was built back in 1907. From the old records the names of people who donated their time in building it were Rev. Aldridge, Messrs. Sanborn, J. W. Arthur, J. Graham, H. W. Brown, Curtis Wilson, Strudwick, Sherwin, J. Lothian, H. W. Armstrong, Joe Killion and D. McPhee.

Through the years large congregations have gathered there for Sunday worship but during the past few years the little church has been empty, thus the decision to move it to a more suitable centre for services.

During the passing years Mr. Dave McPhee and the late Mrs. McPhee were staunch leaders in the work of the church. Their home was the minister's home for years. The strawberry ice cream festivals were held on their lawn. Those days are gone as the little church now is, but will never be forgotten.

The church is in an excellent state of preservation due to good workmanship. Mix "The Movers" moved the church — and to all those who helped in any way, sincere thanks are extended.

## Kitscoty High Win From Midgets

The Kitscoty high school hockey team defeated the Vermilion Midgets 8-6 Wednesday evening. The regulation 60 minutes ended at six each with the visitors getting the winning markers in the ten minute overtime session.

The Canadian National Railways spends about $253 every minute on supplies needed to run the railway.

## Election Day For Vermilion River Saturday, March 20

Saturday is election day for Vermilion River councillors. Excitement and interest is claimed to be particularly high in Division 7 where four candidates are seeking election. Sitting councillor George Lawrence of Clandonald is being opposed by John Anderson of Dewberry, P. Melnyk and Thos. Lambie.

In Div. 2 the present member, James Stone, seeking re-election and is being opposed by Chris Oester.

## Operetta At College Saturday Evening

The V. S. A. Choral Group, under the able direction of Mrs. D. C. Folk will present their operetta "The Golden Trail" on Saturday evening March 20 at 8:00 p.m in the College auditorium. Preparations for this event have been taking place ever since the first of the new year, and this week the final rehearsals have been held.

The story is one of the gold rush to California in 1849, and concerns some stolen gold dust and stolen jewels, as well as the love story of Barbarita, daughter of the wealthy Alvarado family, and Smiling Charlie, a pony express rider. The entire cast includes about thirty persons, and the many lilting and familiar melodies and lively dances will make this an evening long to be remembered.

Leading parts will be taken by Docia Lysne, Eugenie Bilyk, Helen Brown, and Bernice Koetke, Laurent Levasseur, Chuk Dow, Bob Plank, and Martin Krupa.

# Tigers Lose Opener

It just wasn't a Tiger night on Monday whereas the Viking Gas Kings were amply paid off in goals for their efforts and won the opening game of the final for the Eastern Alberta championship handily 6 to 2. The Gas Kings were value for their win although not by a 4 goal margin, two of their counters being breaks which happen now and then. In the second Lewis netted a slow bouncing puck which was screened from Laporte while in the third a high puck hit the wall well above the lights and came down at the feet of Slywka who promptly slammed it home. Referee Harrison had called the identical play at the Viking end of the rink a very few minutes before but failed to toot his whistle on this occasion. Rules are that a puck above the lights is out of sight and out of play and calls for a face-off. However it didn't matter at that stage of the game.

Bartle, young goalie of the Viking squad played a good game but was given excellent protection by his defence who never gave the Tigers a real clear break on goal. Territorial play was evenly divided with each team having its moments and the play was fast, but was hampered by sticky ice. It was just one of those games when goals were very hard come by by the home squad try as they might.

[illegible] one incident marred the game. Tom Dunnigan and Bill Williams came to blows ending in a pile up. With five 16-year-old boys on the Tiger team local fans don't look on this sort of thing very favorably. It is too easy for older and heavier players to inflict severe injuries. Williams and Dunnigan [illegible] in the cooler [illegible] John Dunnigan some[illegible] drew 2 minute [illegible]

Apart from the fight episode there were only three minor penalties, [illegible] for tripping, Tom Dunnigan [illegible] Messmer.

The Dunnigan twins scored the [illegible] and this was followed by the Tigers evening it up when Les Williams converted Gerry Moffat's pass. The period ended on a very even scale at one all with the Gas Kings holding off a sustained power attack while Lewis spent two minutes in the penalty box for tripping.

Early in the second Tom Dunnigan went off for hooking Kreller and Viking again held their goal intact despite the Tiger efforts. Shortly after Lewis bounced in a slow shot that was screened from Laporte's view. The Kings went on to make it 3 to 1 on goals by Proctor from T. Dunnigan and Masson from Slywka and Glasgow.

It was in the third that the Bill Williams - Tom Dunnigan fracas broke out and after this was quieted down St. Martin scored assisted by Kreller and Patsula. Slywka netted on the lost puck play and Masson from Glasgow finished off the scoring.

Gordon Harrison and Russell Carrol refereed and the game wasn't too bad for roughness the one outbreak seemingly died away as quickly as it started. It is hoped that the series will continue on the same lines of good sportsmanship and clean hockey.

Paid attendance was 887 which means that the crowd with officials, icescrapers etc., was well up to the 950 mark. (Over 1200 were in attendance at the final Tiger Commando game.) The team is very appreciative of the fine support of the fans during the semi-final and final series to date.

The second game is scheduled for Viking Wednesday and the third in Vermilion on Saturday at 8.30. All other activities should be sidelined for this one.

**Lineups**

VIKING — Bartle, Thunell, Klein, Lewis, Messmer, Glasgow, Procter, Masson, Frickleton, J. Dunnigan, T. Dunnigan, Josephison, Stewart.

VERMILION — Laporte, Kreller, Manyluk, Little, Barr, Schmidt, St. Martin, Patsula, Dobbyn, Cooper, Moffat, Lowrie, Les Williams, Bill Williams.

**Summary**

1st period: J. Dunnigan (T. Dunnigan); Les Williams (Moffat). Pen. Lewis.

2nd period: Lewis (Klein); Procter (T Dunnigan); Masson (Slywka, Glasgow). Pen. T. Dunnigan, Messmer.

3rd period: St. Martin (Kreller, Patsula); Slywka; Masson (Glasgow). Pen. T. Dunnigan, B. Williams, J. Dunnigan.

*ENDORSE THE HOSPITAL PLAN -*

The overall plan of the Vermilion Municipal hospital board to provide additional hospital accommodation and facilities will meet with the overwhelming approval of the residents of the territory served. Majority of the improvements such as the nurses' home, elevator, the ground entrance and increased number of beds have long been overdue. It is difficult even to conjure up an argument or objection to the project, so valuable and necessary are the services rendered by the hospital, and at such low cost.

Voting on the plebiscite will take place on Wednesday April 28 and it is the duty of every adult male or female, to see that the plan is endorsed with much more than the necessary two-thirds of the votes cast.

*A GOOD MOVE- -*

The fact that the large three-storied Imperial block has been standing empty for the past four years has been a matter of regret, especially so during a period of town expansion when living and business accommodation has been so much in demand. Now that the town has fallen heir to the big building, plans are being formulated to make full use of the valuable structure. As soon as the necessary alterations and repairs are effected the ground floor will be fully occupied and from that point on gradually the entire edifice will be brought back into use.

## Growing at 2.8%

Canada's population at Jan. 1st, estimated at 15,025,000, reports The Financial Post. It rose at annual rate of 2.9% during second half of last year. Total gain for the year was 2.8%, which compares with a gain of 2.7% for all of 1952.

## Who Will Do the Work?

Based on present trends, there will be two million people, or one in 10, over the age of 65 by 1980. The present ratio is one in 12 and 50 years ago it was one in 20.

Aside altogether from the question of whether these older people would be healthier and happier working the blunt economic truth, says The Financial Post is that we simply cannot afford to have them all retire. There would not be enough left to do the necessary work to grow the food to provide the shelter and other services. With not enough left for essential work the result would be scarcity with higher and higher wages. What sort of a world would that be for old people who retired on a modest and fixed pension?

# Reading Readiness

Readiness to read is a state of general fitness or maturity, which when reached allows the child to learn to read without excess difficulty. It is wrong to try to start children reading before they are mentally mature enough. We should no longer consider the 6th birthday as the open door to reading instruction. When parents ask, "When should my child learn to read?", the answer might well be, "When he gives evidence of interest and readiness". Reading may need to be delayed a year even, but the child will probably catch up by the end of grade 3 and be a superior reader in grade 4.

A large amount of information has been collected about reading readiness in the first grade. Most writers agree that it depends upon three factors:

1. Physical development; 2. Personal development; 3. Intellectual development. These three fields grow continuously, but a retardation, a slowing up or a distortion or a spurt of growth in any one of these areas or in any combination of them, may affect readiness for reading.

Since reading is an intellectual process, factors of intellectual development fostering reading readiness are of greater importance than any other group of factors. The single factor which most accurately determines reading readiness is that of mental age. A mental age of six years and six months has often been said to be the necessary mental age for beginning reading and therefore, that reading instruction should be delayed for any child until he has reached that age. A mental age of six years six months may be interpreted as the mental level of the average child of six years six months of age chronologically— that is, the mental age of the average child who has achieved six years six months. It should be recognized that some children develop faster mentally than the average child and consequently reach the mental age of six years six months at an earlier chronological age. It should also be recognized that some children develop mentally more slowly does the average child and therefore reach the M. A. of six years six months at a later chronological age.

In addition to the factor of M.A., there are certain particular organizations within the nervous system which are necessary for reading success. They are: 1. the ability to see likenesses and differences; 2. the ability to remember word forms; 3. a memory span of ideas; 4. ability to do abstract thinking; 5. the ability to relate thoughts with definite modes of response.

The first two are related. One must be able to see likenesses and differences before he can remember word forms. This ability is dependent upon mental maturity but it may be developed by definite training. A third organization within the nervous system necessary for the carrying out of the reading process is the ability to carry in mind a fairly complex sentence and be able to give it again orally without errors. This ability increases with mental maturity but it can be improved with training.

The ability to do abstract thinking and the ability to relate abstractions with definite modes of response are necessary for adequate comprehension in reading. They develop with mental maturity but may be increased through broad and extensive experience.

Some children have not achieved enough language maturity at six years of age even to speak in sentences. Others have learned a slurring, slovenly speech which differs greatly from the simple but carefully correct language of books. The language of reading material must be the language of the child if he is to get full meanings from the printed page.

By postponing the teaching of reading until the children reach a mental age of around six years six months, the teacher can greatly decrease the chances of failure and discouragement, and can correspondingly increase their efficiency.

## Claysmore Clippings

Miss Hazel Winters who is taking a business course in Edmonton was home for a week end recently.

Mr and Mrs. Carlstrome and family of Edberg were visitors at the home of his sister Mr. and Mrs. Allen Olstad over Sunday a week ago.

Mr and Mrs. Martin Van Nest, their son Keith and Miss Jean Radford, all of Edmonton, visited their son [illegible] and Mr. and Mrs. A. Van Nest and family recently.

A good sized crowd attended the dance at the school on Friday evening last week and all enjoyed the excellent music and social evening. There were several novelty dances with small prizes, also a prize for the best old time waltzers.

It is hoped that another dance, also a card party can be held this month with proceeds towards our community society fund.

Mrs. J Winters is driving a new two ton Dodge truck.

The W I. meeting was held March 10 at the home of Mrs. Fred Watling.

Mrs Robert MacMillan spent last week end in Edmonton visiting her two daughters. She returned by bus Sunday evening.

R. D. Lynch has been ill in hospital and best wishes are extended to him for a speedy return to health and home.

Mrs A. Van Nest and Mrs. J Horne have received a shipment of blankets from Fairfield & Son in just a bit less than 3 weeks from time of sending in the old woollens. This seems to be a record as it used to take around two months and over for returns.

Laurie and Paul Horne were in hospital Friday and Saturday recently having tonsils removed. They were able to come home on the Saturday evening.

Several families from the district attended the ice carnival in Vermilion Friday March 5 and enjoyed the good program, lovely skating, the costumes of the Queen and her attendants.

## Tigers Lose To Edmonton Team

Tigers played the Macauley Commandos from Edmonton last Thursday night in an exhibition tilt and lost in the free scoring game by a score of 11 goals to 5. The locals didn't display much spark and were caught several times all up inside the visitors' blue line with goals resulting. The game was clean with only one penalty and that late in the third period.

Tiger sharpshooters were Moffat from Les Williams; St. Martin from Pataula and Schmidt; Cooper unassisted; Dobbyn from Cooper and Barr; Moffat from Kreller and Koehli.

Edmonton—Kinasewich; Gibbons; Gibbons from Drombosky; Gibbons from Stein; Sawchuk from Royer; Kinasewich from Machuk; Gibbons from Royer; Royer; Stewart; Stewart from Stein.

Russell Carroll refereed.

## Tenders for School House

*VERMILION SCHOOL DIVISION NO. 25*

Sealed Tenders will be received by the Board of Trustees of the above School Division at the office of the Secretary-Treasurer up to noon Friday, April 9 for the erection of a 2 roomed frame and stucco school building in the Preston S.D. No. 1989, after Plan No. 780.

Plans and specifications may be obtained from Secretary-Treasurer on payment of a deposit of $5.00. Plans must be returned within 24 hours, and deposit will then be refunded. A marked cheque for five per cent of the amount of tender must be enclosed with each tender as a guarantee that same is bona fide. No tender will be considered without this cheque attached. The lowest or any tender will not necessarily be accepted.

J. R. Robson,
Secretary-Treasurer,
Vermilion, Alberta.

Preston School District No. 1989.
Nearest Station, Vermilion.
Miles distance 20. 37-9c

## SALE OF BUILDINGS

The Vermilion School Division has offered the schools listed for sale to the communities concerned as community centres and has established that they are not required as such.

SEALED TENDERS are invited for the following properties until noon of THURSDAY, MARCH 25th:

**King Edward School, barn, and site; Queenie Creek School and site; Cheviot Hills School, site, teacherage and barn; and barns at Sefton Park, Park Valley, and Willowby.**

Please mark envelope "TENDER" and address to

Secretary,
Vermilion School Division,
35-7c Vermilion, Alberta.

NEWS OF THE DISTRICT

## Home and School Meet At Islay

Two Lenten services will be held in the United church March 30th and April 1. These begin at 7:30 p.m. to 8:15, so you may have the evening left for other plans. On the first evening March 30 'Story of 'Holy Week' in colored slides. All are invited to these meetings.

The W.A. met in the church last Thursday. A quilt was quilted. It was decided to hold the spring tea and apron sale on April 10 in the church.

The Bill Youngs of Dewberry were supper guests at the Anderson home on Sunday.

Greg Clark spent the week end with Grandma and Grandpa McKnight, Dewberry. Mr. and Mrs. Clark and twins going up Sunday afternoon when Greg returned home.

Mr. and Mrs. Al Beecroft of Edmonton spent last week end calling on friends in Islay.

The Islay bonspiel had a good week and now a home mixed spiel is in full swing. Mr. Neil McEachern played one game in the spiel filling in for Mr. King who was detained on business. Though Mr. McEachern hasn't played for three years he still could lay a good rock.

HOME AND SCHOOL MEET

The Home and School Association met in the school last Thursday night. It was the best meeting yet. The school festival was the question for discussion and many took part. The result was "That for this year Islay school will not participate in the school festival held at Kitscoty". Main reasons seemed to be that as school was late opening this year, that grades are now so very heavy, and that there has been much absenteeism due to illness, that time spent in preparation for festival is needed for general studies. These are parents opinions. A very tasty lunch was served at the close. All parents should attend these meetings. Come with suggested topics for discussion.

Split wood? Sure can, says 9-year-old Jack Teskey, and he can! He can swing the axe with a sure-fire whack. This work makes good muscle that will put him in fine condition for baseball come spring.

Bicycles are on the go again as roads are dry. Noticed Henry Kohn and Norman Robinson taking their usual exercise.

## 35th Annual Bull Sale At Lloydminster

The 35th annual Interprovincial Bull Sale at Lloydminster, Sask., will be held on Wednesday, May 26.

Cattlemen wishing to enter animals in this sale should contact George K. Ross, Exhibition Manager, Lloydminster, for information and entry forms.

Entries close April 22, 1954. 37-8

## Clandonald Families Attend Assembly

J. Grauman and family of Clandonald were delegates to a Circuit Assembly of Jehovah's Witnesses in Edmonton last week.

It was reported that 2000 delegates gathered to make this Edmonton's largest religious assembly.

Figures released at the Assembly indicated that the 'Witnesses' are increasing rapidly. A reorganization of their Circuit arrangements was deemed necessary.

The featured item of the Assembly was a public address by Mr G. Saltmarsh from London, Eng. Mr. Saltmarsh addressed an enthusiastic audience on the subject "Is Civilization's End Near?"

Answering the question the speaker said "Yes, it is near, very near, just look around." Then he referred to certain Bible prophecies and marked evidences today to support his statements.

The Assembly ended Sunday evening.

Other members of the group from Clandonald were Mr. and Mrs. Colin West and family.

## HOCKEY CHIT-CHAT

*By RAIL BOID*

The rough fast finals have begun. Viking moved into the finals by winning the extra game at Veg. 3-0. The Rangers put up a tough battle but just didn't have what it takes to subdue the heavy Gas Kings.

The Tigers went down one game in the finals by losing a rough and rather sluggish first game 6-2. The warm weather caused the ice to be quite soft and completely slowed down the Tigers passing tactics. The game was closer than the score indicated and both teams missed numerous opportunities. A near free for all started when Bill Williams and you guessed it, the Dunnigans began throwing punches. The ice was strewn with sticks, gloves, hockey programs and the players all [illegible] in front of the Viking players box. [illegible] even got in a punch. It was a typical Vermilion-Viking game, fast plays and rugged checking.

Johnny St. Martin retained his individual scoring title by closing with a rush to finish with 43 points in 15 games. His nearest rival was [illegible] Patsy [illegible] high in another department as he was third in penalties with 35 minutes. T. Dunnigan was [illegible] in this department with 51 minutes. Goalie honor went to McM[illegible] of Wainwright with a 3.56 average. Laporte of Vermilion finished with a 5.33 average.

During the Tigers layoff they played two exhibition games. One with Universal Concrete of Edmonton and the other with Bonnyville. In the first game the Tigers played a very lackadaisical game and lost 11-5. They showed little effort and in general far from the team that had just eliminated Wainwright from the playoffs. Against Bonnyville they played to a [illegible] tie. Once again the Tigers lacked the old fire and played a much slower game than usual. At that they fared better than their fellow leaguers Wainwright in exhibition. The Commandos lost two games to Lloydminster Jets 10-1 and 21-1. They lost to St. Paul 14-10.

The next home game of the Tigers should prove to be a thriller. If the Tigers lose to Viking Wednesday night they will have to [illegible] [illegible] but if they win [illegible] will be able to take the [illegible] Saturday. In any event this game should prove to be the best of the season. We'd like the Tigers to [illegible] [illegible].

## Wildmere W.I.

The Wildmere W.I. met at the home of Mrs. L. Howard on Wednesday March 3 with 11 members and two visitors Mrs. Donlly and Mrs. Bagley present. The meeting opened with the singing of O Canada and the recitation of the Creed. Rol call was answered by the reading of a current event of the day.

District conference will be held March 24 and 25 in the Masonic hall in Edmonton. Mrs. Frank Gibson is our delegate. $5.95 was sent to the barlye fund and 30 pair of sox to Korea.

Handicraft list was read but some articles included were unable to be done and owing to some members being away curling it was tabled until next meeting. Crests that were finished were handed in to Mrs Wallington to 'pink' the edges of them.

The W W I project for the month 25c for the polio fund was handed in by each member. Next meeting it will be 10c per member for the Friendship fund.

Mrs W. J Garnett gave a very interesting outline of Mrs. Wood's address at Mannville.

Mrs Wm Steele thanked the W.I. for flowers received when sick in hospital.

The topic was by Mrs Fred Haines and read by Mrs. A. Holte and was taken from a scrap book by John Horn on Abraham Lincoln. This tribute is on the Ottawa files and was enjoyed by all.

Mrs Roy Dibbon won Johnny Jump Up. Social by Mrs. Steele was a quiz on Fashions. Mrs Dibbens won this with 16 of 20 right.

The next meeting will be at Mrs. Holte's. Roll call 'Give an old superstition that you believe in". Topic by Mrs Wallington. Social by Mrs. W T Garnett. Mrs. W J Garnett acted as chairman as both president and vice-president were in Vermilion curling at the time.

Meeting closed with a delicious lunch served by the hostess.

## Bowtell Bulletin

Mrs. Nora Ronaghan spent the past week end at home from Calgary, being the guest of the writer on Friday. She reported for duty as a nurse's aid Monday morning at the University hospital.

Our telephone line was out of commission for a few days and the trouble proved hard to locate. However due to the fine workmanship of our trouble man, Robert Dibbens, a break was found in the protector at Mr Walker's house. Good work Bob.

Harry Semeniuk had the misfortune to have a fire catch in the upstairs of his house recently. Luckily it was discovered before too much damage was done.

William Walker hauled home 500 sacks of cement, the first step toward building a new large barn.

## Home & School Group Visits Class Rooms At Mannville

MANNVILE.—The Mannville and District Home and School Assoc. met on Thursday, March 11 in the auditorium. After a short business meeting Adele Matney accompanied by Carol Mercer and Hans Pederson who was accompanied by Adele entertained the audience with solos.

Mr Doherty then gave an outline of the various topics that could be discussed with teachers in the class-rooms. In the grade 1 rooms Mrs. Brow demonstrated and answered questions on enterprise and other topics. In Miss Bourassa's room she showed how children are started in reading. Discussion on the use of Phonics in elementary school was held in Mrs. Otto's room. Mrs. Lugg and Miss Makowecki discussed arithmetic and enterprise. Quite a discussion on arithmetic was held by the whole group later and it was the general opinion that more advanced arithmetic should be taught in grades 1 and 2. Mrs. Ross answered questions on the the artistic ability of various pupils, and use of rapid calculation. In the higher grades there were fewer groups so they congregated in one room. With Mrs. Morrison, Mr. Rostron, Mrs. Park and Miss Nelson discussion was held on Personal Development and Health in the Jr high school. Mrs. Gamble demonstrated teaching of writing. It is in grade 3 that the child first learns to write. Mr. Doherty discussed the matriculation requirements for an Engineering Course. A chairman from each group gave a report on the various discussion groups. But the twenty minutes allowed in the class room was not actually long enough.

Lunch was served and a social hour [illegible] followed.

## 'Busy Bee' Meeting

On March 10, 18 members of the Busy Bees and 4 guests, Mrs. Little, Mrs. Semeniuk, Mrs. Lippert and Mrs. R. Repp attended a meeting at the home of Mrs. Fred Scott.

Miss Shirley Holms, District Home Economist, gave a demonstration on 'How to Make a Judy Dress Form". Mrs. Moore kindly consented to be the model. Mrs. Johnson thnked Miss Holms for attending the meeting and giving such an instructive demonstration.

Mrs. R. Repp was the winner of the draw.

At the close of the meeting lunch was served by Mrs. Dedelly and Mrs. Johnson. The next meeting will be held on April 21, at the home of Mrs. Jim Miller.

## Wildmere Winks

The Junior Red Cross dance Friday night held by Basswood school [illegible] and their supervisor Miss [illegible] was a success as a social event but did not bring in much in the way of financial aid. There was not a big [illegible] owing to so many other things on that night. Horpestad orchestra furnished the music and Fred Clark and Vern Watt were M.C.'s.

The 12 rink mixed spiel is over at our local rink. The weather was [illegible] all through.

Winners in the Grand Challenge were 1st, Albert Smith skip, Johnny Bathe, Gilbert Harrison and David Hughes. They received curling tropies and cigarette lighters. 2nd, boudoir lamps won by Robert Martin skip, Jack Veitch, Mrs. R. Martin, Keith Lysons. In [illegible] event, 1st, Eddie Veitch skip, Cliff Cruthers, Jim Turner and Mrs. C Cruthers. They won bed lamps; 2nd, Ray Osterberg skip, John Wilson, Mrs. F. [illegible] Lewis Alexander, Casseroles; 3rd event, 1st, Frank Gibson skip, Geo. Cruthers, Roy Dibben, Roy Garnett, [illegible] sets; 2nd, Harry Symes skip, Mrs. J Bathe, Ian [illegible] Rolf [illegible] kits.

Mr. and Mrs. [illegible] and five children of [illegible] called at the writer's home on Sunday. They have a fine little family.

Mr. and Mrs. Bud Bathe and family and Mr and Mrs. B. Cobson, all of Lloydminster were visitors on Sunday at the Bathe home in Basswood. They also saw some of the curling games.

Cliff Cruthers has gone north this week for a load of slabs. Fred Lechyk went with him.

Kenny Graham returned to school this week after being home sick all last week.

J C Wallington is driving his own car again. It is looking just like new after the accident with Wes Isley about a month ago. We are very glad no one was hurt in the mix up.

Our [illegible] line is all done except putting up [illegible]. Brush is all cut. Everyone co-operated with the men and the line went up in a hurry.

## "GREEN ACRES"

PUTTING UP SILAGE

Every year there are a few more converts to the feeding of silage to cattle. It is put up by labor saving machinery. It is taken out of the silo with a 'farm hand'. Forks never touch it. Wiloats, green feed, sunflowers, brome grass, sweet clover and alfalfa can all be used for silage. Get bulletins on putting up silage from this office.

MITES IN GRAIN BINS

Rumors are going around that grain mites or rusty grain beetles or some other insects are infesting certain granaries in this area. Every farmer ought to check his grain bins for damage from insects. If in doubt bring a sample of the infected grain to this office.

WEEDS LOWER YIELDS

It has been figured out that the average loss per farm from weeds is over $1000 per year. On very weedy farms the loss is much more. Shallow cultivation in fall and spring, delayed seeding, forage crops and spraying are all helpful in reducing the loss. With the prices of farm products going down and the cost of everything farmers buy going up it means that weeds cannot be allowed to cut in on yields per acre.

PLANTING TREES

Did you ever plant a tree? About 100 farmers in this area are getting free trees from the government this spring. Trees around buildings make life more pleasant and also they improve the appearance and selling price of the farm. Why not plan now for windbreaks to be planted next year? Land must be summerfallowed of course. Get a bulletin from your D.A on landscaping the farmstead.

BROAD BREASTED CHICKENS

That will be something. Why didn't someone think of that before? We hope it turns out better than the fellow in Ontario who was breeding hens to lay square eggs so they would not roll off the kitchen talbe. He is still trying and so are the hens!

RED CROSS FUNDS

This month, all over Canada, people are giving to the annual Red Cross campaign for funds. Canvassers will visit business firms adn citizens for donations. It is all voluntary. This area has a record for generous giving to this worthy charity. Funds are needed now more than ever. Did you know that every year money is assigned from collections in Eastern Canada to support Red Cross programs in Alberta?

## Mannville Locals

Mr. and Mrs. Chester Gamble, Joyce and Ruth were week end visitors in Edmonton. While there Joyce and Ruth sang on the Town and Country over CFRN on Saturday.

Mr. Van Dusen attended the silver anniversary meeting banquet and dance of the Merco Wholesale in Edmonton last week.

Mr. and Mrs. Roy Hay are Edmonton visitors this week. Mr. Hay is attending the Assessors' school, and Mrs. Hay is attending Grand Orange Lodge of Alberta.

Among those attending Grand Lodge this week are Mr. and Mrs. A.E. Williams, Mrs. Lucille Hughes, Mr Maurice Smith, Mr Edwin Torrance, Mr Doug Clark, Mrs. Nettie McFadden.

Mrs. George Walker and son Glen are visiting with her parents Mr. and Mrs. C. Gamble for a couple of weeks.

Miss Shirley Smithson from Edgerton is visiting at the Rudd home.

The W.I. District No. 2 conference will be held in the Masonic Temple in Edmonton on Wednesday, March 24 and Thursday, 25.

Visitors with Mr. and Mrs. J. I. Jones on Sunday were Miss Lorraine Irvine, Miss Pat Jones, Mr. Cramer and Mr. Joe Cramer of Edmonton.

Several local rinks are curling in the ladies' bonspiel at Minburn this week.

Don't forget the Bingo Jackpot is now worth $25. Try for it on Wednesday, March 24.

Chester lost his hat at the Auction sale last week. Maybe he will have 5 or 6 to sell next week.

## Kitscoty News

Mr. and Mrs. T. Givens and Messrs. R. Evans and Alan Beaton were Edmonton visitors last week, where they attended some of the curling games at the carspiel.

Mr. and Mrs. J. G. Inglis spent the week end in Edmonton where they visited with Mrs. J. A. Blair who is a patient in the Royal Alex. Best wishes for a speedy recovery to Mrs. Tim Bootsman and baby Beverlie Birkett who are patients in Lloydminster hospital.

Messrs Wm. Murray, Archie Nelson and Wm. Parker attended the Electric school which was held in Vermilion for the past two weeks.

Mr. and Mrs. Ken C. Gray and family accompanied by Mr. and Mrs. A. Franke visited at Innisfree last Sunday and enjoyed a friendly curling game.

The Kitscoty United church ladies aid will hold their spring tea and sale of work in the Tracy Memorial hall on Friday, March 19 from 3 to 5 p.m.. Everybody welcome.

The Kitscoty Ladies curling club will sponsor the play 'Babies Night Out", produced by the Streamstown high school and directed by Mr John David in the town hall on Thursday March 18 at 8 p.m.

Free lessons in home sewing in the Tracy Memorial hall starting April 5 and continuing until the 9th inclusive. Afternoon starts at 2 and evenings at 7. Care and use of machine attachments, fashion stitches, pattern alterations, everybody is welcome. Sponsored by the Singer Sewing Machine Co., Lloydminster.

Mr. and Mrs. R. E. Lascelles left Monday for Pullman, Wash., to attend the funeral of Mrs. Lascelles mother.

W. G. GILES & SONS

## BUY AN OLIVER DIESEL And Let US BUY HALF YOUR FUEL!

THERE'S AN OFFER FOR YOU! Buy a new Oliver Diesel wheel tractor, and we'll pay half of the tractor's fuel bills - for six straight months of work on your farm. Any six months you say, even your heaviest work period. Just bring in a completed record book which we supply you to show what you spent. We'll give you a check for half the full amount.

### Simple to Run, Cheap to Maintain

YOU WON'T SPEND any more time or money in keeping up your Oliver Diesel than you would with a gasoline tractor. It has the simplest engine of any tractor made no carburetor no plugs fewer moving parts. Servicing is easy.

You can have any size you want — two-plow, three-plow, four plow and five-plow — with all the features that go with Oliver tractors. Now is the time to get your diesel now while this offer stands.

## MARFAK Stays on the Job!

Texaco Marfak—the largest selling chassis lubricant in the world—is favored by progressive farmers everywhere, because Marfak stays on the job.

Marfak sticks to bearings and wear points better and longer; seals out dirt and grit; won't wash off or jar off, won't dry up or drip out. When weather and work conditions are at their worst, Texaco Marfak is at its best!

In tractors, combines, trucks and cars, Marfak gives you longer life for bearings, more safe hours of operation between lubrications.

*Get Texaco Marfak today and you'll get smoother, more economical, more dependable performance from all your farm machinery.*

IT PAYS TO FARM WITH TEXACO Farm PRODUCTS

Manufactured and Distributed in Canada by McColl-Frontenac Oil Company Limited

# Local News of Interest

Mr. and Mrs. Gerald King left Wednesday morning to spend two months in England. They are travelling Canadian National to Montreal where they board the ship 'Empress of Australia' for the Atlantic voyage.

Mrs. Orley Omness left by bus Calgary last Wednesday morning the 17th to visit with her daughter Orlene and Paul Whelan and granddaughter Paulette.

Roy Walker who has spent some six weeks visiting his brother in Los Angeles, Calif., returned home during the past week end, landing in Edmonton by plane Thursday night.

Friends of Robert Fair were perturbed to learn that he is presently in St. Mary's hospital at Rochester, Minn., having undergone an operation. Latest reports are that he is progressing favorably. Mrs. Fair is at Rochester with him.

Mr. and Mrs. S.C. Heckbert and Dr. and Mrs. H. J. Clarke left Wednesday afternoon by car for Victoria B. C. where they plan to get an early start on the golf season. They will be holidaying for the next two or three weeks.

Mrs. A. M. Hetherington had the misfortune to slip and fall during icy condition prevailing last week. In the fall she suffered a broken knee cap and is confined to the hospital.

## ALLANDALE NEWS

The weather has been a bit colder but grand for March. Some rain fell and caused the roads to be terribly slippery last week.

The week end of the 7th the Magistad family visited brother Martin and family at Ardmore. Martin returned with them to spend the week.

Around the first of last week Mrs. Woody Wilson was taken to the Vermilion hospital. A speedy recovery is wished her. Curtis and Linda are with their aunt Marie and Uncle Frank Wilson and family while their mother is away.

The monthly meeting of the Allandale W.A. was at the Omness home on the afternoon of the 11th. Our next meeting will be in May at the Armstrong home.

Mrs. Nora Ronaghan visited at the Mayers home on the 12th. Nora has finished her nursing course in Calgary and is posted at the University hospital in Edmonton commencing work the first of the week.

Congratulations to Mr. and Mrs. Paul Whelan (nee Orlene Omness) of Calgary on the birth of a daughter Maie Paulette on March 8.

It was a grand evening for the ninth euchre party at the Throndson home on March 12. Five tables, midnight lunch with the usual goodies and all departed. Gus returned the evening before from Banff Hot Springs and reported a favorable two weeks spent there.

Mr. and Mrs. Frank Lyons (nee Ethel Dolliver) and daughter Sharon of Devon, Alberta were visitors at the Mayers home the week end of the 13th. Mrs. Lyons taught Allandale school for three terms commencing in 1927 and she stayed with Stella and Willie. Ethel is now teaching out of the city near Devon.

Mr. and Mrs. Norman Anderson and family were visitors at the family home of the latter last Sunday the 14th.

Glen Baldock motored to the city the first of the week. He has work in the city at a garage.

Mrs. John Arnold left last Sunday morning to visit with her daughter Agnes and family at Kimberley, B.C. She accompanied Miss Doris Giles and Mrs. Giles who were motoring to the coast.

There will be a whist party at the school on March 26 in aid of the Red Cross. Everybody welcome.

To those in our district - Orley Omness is again canvassing for the Red Cross. He would appreciate it very much if you would give your donation this evening.

Mr. and Mrs. Wm. Cross motored to the city last week and their daughter Patsy returned home with them for a five day holiday. Hilda and Patsy visited at the Mayers' home on the afternoon of the 15th.

Closing Thought: As the earth needs the clouds and sunshine, our souls need both sorrow and joy, so He places us oft in the furnace, the dross from the gold to destroy.

## AUBURNDALE RURAL ELECTRIFICATION ASSOCIATION

The Annual Meeting of the Auburndale Rural Electrification Association will be held in the Auburndale Community centre at 2 o'clock p.m., WEDNESDAY, MARCH 24th, 1954. Mr. Fred T Gale of Electric Farm Services Ltd. will be present. All members are requested to attend.

37 ALEX G STONE, Secretary-Treasurer.

Your Red Cross is people helping people, across the street, across the nation, across the world. March is Red Cross month. tf

Projectors and audiograph machines are used by the C. N. R. to instruct Locomotive engineers in the mechanics of diesel operations.

## W.M.S., C.G.I.T. Hold Affiliation Service

The regular monthly meeting of the W.M.S. of the United church was held Monday March 8 at 7:30 in the church auditorium being changed from the regular Thursday evening so that the C G I T could carry out their affiliation service.

Mrs. Robinson was in the chair with Mrs. Maddex and Mrs. Fligate in charge of devotional of hymn, scripture reading and prayer.

The C G I T leaders, Mrs. Stewart, Mrs MacKay and Mrs. Robinson continued with the affiliation service, several of the girls assisting. One of the girls then made a presentation of a quilt top to Mrs. Hardie to be made up to send overseas. Mrs. Robinson presented the girls with their badges. Mrs. Rorbuck made a short speech and Mrs MacKay entertained the girls for a half hour, all enjoying theor very much. A dainty lunch was then served.

The regular W.M.S. meeting was then resumed, minutes read and approved, roll call taken. There were 19 members present as well as several mothers of the C G I T who were interested in what the girls were doing. Reports for the month were given and business discussed.

Mrs MacKay gave a talk on the study book. The meeting then was closed with a prayer by Miss Craig and a social half hour was enjoyed by all.

## Play At Dewberry

The Clandonald Dramatic club will present a play "Professor Tim" in the Dewberry hall on Sunday, March 21 at 8 p.m. Everyone welcome. A silver collection will be taken up. Lunch served. Sponsored by the Dewberry C.W.L. 37

## The Weather

Mild settled weather has been enjoyed all week. Despite the Edmonton forecasts no snow has fallen here to date.

## Dewberry Couple Married 58 Years

A family supper was held recently at the home of Mr. and Mrs. Don Braithwaite of Dewberry in honor of Mr and Mrs. R. E. Walker who celebrated their 58th wedding anniversary that day. Mr. and Mrs. Walker are Mrs. Braithwaite's grandparents. It was also Mr. Walker's 81st birthday and Mr. Don Braithwaite's birthday.

Mr and Mrs. Eby Walker and family and a few friends were present to help this grand couple celebrate. Unable to attend were their eldest son of Trail, B.C., and only daughter, Mrs. (Rev.) J. A. Hockin. Rev and Mrs. Hockin observed their 20th wedding anniversary on the same day at their manse of St Andrew's United church, St. Laurent, Montreal. Mrs. Sandy Ewen of Dewberry is also a granddaughter of Mr. and Mrs. Walker.

Mr R. E. Walker and Miss Annie Crompton were married at Carlisle, Ont., in 1896. Mr. Walker ran a butcher shop at Crediton, Ont., for ten years. In 1906 they came to this district and filed on a homestead in Greenlawn. They went to Lacombe for a year and then returned to Greenlawn in 1908 where they have resided ever since, highly respected and affectionately regarded.

FIRST UNITED CHURCH

ADVANCE NOTICE — Congregational Social March 26 at 8:15 p.m. Come and bring a friend, a box of lunch, 2 cups and spoons. There will be a display of antiques. Anyone having contributions for this table are asked to bring them.

## Oh, But It's A Big One!

Probably setting a record to date a Jersey Black Giant hen on the farm of Charlie Ferguson at Derwent laid an egg weighing 8 ozs., and measuring 9¼ by 8¾ inches. If that isn't a record breaker it must be very close to it. The egg has just a single yolk and apart from its size has no peculiarities.

Peter Noster who gave the news editor of the Standard the statistics claims the hen is still alive.

*APPRECIATION*

The Buffalo Coulee Ladies Curling club wishes to publicly acknowledge donations of prizes from the following business men and express their sincere thanks for same: Long's Drug store, Craigs, T. Eaton Co., Northern Hardware, Nelson-Hill Hardware, Simonsen Furniture, Calgary Power, Boake's Drug store, J. W. G. Morrison, Q.C., F. J. Richardson, Q.C.

The Canadian National Railways has has the only railway research laboratory of its kind in Canada. Located at Montreal, it's technician not only test materials to ensure that they meet the company's specifications but they are constantly studying ways and means to improve the quality, utilization and processing of materials as well as developing better supervisory and control techniques.

## ALBERTA WHEAT POOL

## OBJECTIVES AND ACHIEVEMENTS

While Alberta Pool Elevators is an efficient large-scale business enterprise, it is something more.

It is a creation of the agricultural co-operative movement and as such is closely knit to the men and women on the land who believe in the principles of co-operation.

Agricultural co-operation has two sides which, balancing each other, gives the movement strength. One side is the commercial and the other is the social.

The commercial side is to be regarded as the means to the end of improving the living conditions of rural people.

With that objective in view, Alberta Pool Elevators has, over the years, provided surplus earnings to the extent that $15,390,441 has been distributed to the membership in the form of patronage dividends and redemption of reserves.

In addition reserves to the value of $9,530,302 have been distributed as patronage dividends.

Furthermore, the operation of Alberta Pool Elevators has kept handling charges low and provided a high standard of service to patrons.

The social purpose of the farm co-operative movement is to raise the cultural standard of farm people and prepare them to assume their full share of responsibility in the nation's economic life.

Every Pool elevator may be said to be a sentinel guarding the interests of the grain producers in that locality. Each one also serves as a link connecting all parts of a great democratic movement working on behalf of the people engaged in Canada's basic industry.

## Bonnyville Hockeyists Surprise Tigers

An energetic fast skating team of hockey players from Bonnyville played the Tigers at the local arena on Saturday evening and surprised the fans by holding the Tigers to a four all tie, as well as enjoying a slight edge on the play until the dying moments of the game.

The Tigers went in front with Bill Schmidt scoring from Patsula but before the period ended Stewart evened the count on a pass from Durocher, Lowrie put the locals in front again on an assist from Les Williams.

Nothing daunted the Bonnyville players scored two in the second, Stewart and Durocher both unassisted and it remained for the Tigers to come from behind, Patsula evening the count 3 all.

Quimet make a break away and had the ice all to himself to beat Laporte. Goalier Laporte took exception for some reason or other and the two clinched and fell to the ice, thus gathering in a 5-minute penalty each. Just a minute from the final gong a sustained power attack by the Tigers paid off with Schmidt adding his second goal with Les Williams assisting.

Russell Carrol refereed.

SUMMARY

1st period — Schmidt (Patsula); Stewart (Durocher); Lowrie (Les Williams). Penalty Ouimet.

2nd period—Stewart; Durocher; Patsula.

3rd period—Ouimet; Schmidt (Les Williams); Pen., Ouimet, Laporte.

## Dewberry Girl Is Candidate For Queen Of Calgary Stampede

Miss May Fluney has been chosen as candidate Queen of the F.U.A. distict No. 7. She will now have a further chance to represent the provincial F.U.A. as Queen at the Calgary Stampede, providing that she receives the most votes in the other provincial F.U.A. districts.

Mrs. Ocar Johnston recently returned from a trip to Riverside, Calif., where she visited her sister. She had the misfortune to fall and severely injure her ribs. A speedy recovery is wished her.

Mr. Andrew Wood, executive member of the F.U.A. Board addressed the local meeting at Dewberry, the topic being his recent trip with the delegation to Ottawa. Other members of the inter-provincial Farm Union Council met there also. Many resolutions were dealt with. They received a courteous hearing from some ministers but Acting P.M. trade minister Howe appeared to be in an unfriendly mood.

Despite the fact that his cattle are Bangs tested one local cattleman has lost 12 calves by premature birth this year.

Just heard the latest qualifications of a councillor — British subject, 21 years of age, taxes paid, able to curl and belong to a square dance club.

Dewberry hockey players scored twelve goals in an exhibition game at Lashburn, Sask., recently.

Fred Braithwaite curled in the ACT carspiel last week in Edmonton.

At the recent Clandonald bonspiel Frank Bowman won the Grand Challenge.

A big mixed spiel is now in progress in Dewberry.

*APPRECIATION*

The Board of Directors and the members of the Buffalo Coulee Curling club wish to thank the following firms for their most generous donations toward the bonspiel prizes: Hines and Delainey, Brunswick hotel, Vermilion hotel, Mannville Hotel, Northern Hardware, Boake's Drug store, Long's Drug store, Craig's Ltd., Nelson-Hill Hardware.

There are primary textile mills in 209 Canadian Communities and the industry is the country's largest employer of manufacturing labor. —Quick Canadian Facts

## 66,345 School Children In Junior Red Cross

Junior Red Cross membership totals 35 per cent of the total school population in Alberta said Dr. M. R. Bow, chairman of the Junior Red Cross Advisory committee, when he addressed the 39th annual meeting of Alberta Division, Canadian Red Cross Society held Feb. 19 and 20 in the Macdonald hotel, Edmonton.

The 66,345 members are enrolled in 2,454 classrooms throughout Alberta and the N.W.T. This represents 35% of the total school population, of these, 323 branches with 8,949 members enrolled in high schools.

Many interesting reports received from Juniors of primary and elementary schools of Alberta tell o fsuch health and community services beinb rendered as: Motivating health programs, presentation of health plays and stories, health parades and records, improved washing and drinking facilities, hot lunches, clean up campaigns and assistance to hospital patients and needy families.

During the past year Alberta Juniors contributed $15,357.84 to the Crippled Children's hospital in addition to canned goods, vegetables, toys, books, tray favors and equipment.

Coupons and stamps collected by Juniors amounted to $293.79 in cash and 1114 miscellaneous articles which were sent to the Red Cross hospital.

The National Service Fund received $5,215.08 which was contributed by Alberta Juniors. In addition, 25 cases valued at $5,077.18 were filled by contributions from the Junior branches and sent to India, Crylon, Yugoslavia, Japan Germany, Israel, Gaza and Switzerland.

In the work of promoting international understanding 110 pieces of art were received from Alberta schools and were submitted to M. W. MacDonald, chairman of the provincial screening committee.

Two high school conferences were held, one at Grande Prairie and one at Calgary, with 186 delegates attending.

# Health Unit Notes

A CHILD'S FEET AND HIS FUTURE

The healthy feet of the adult depend upon the care of feet and choice of shoes and socks from infancy to adolescence.

Most young mothers are inclined to put their babies into shoes too soon. Anxious mothers often ask, "When should I buy shoes for my baby and what should I buy?" The correct answer is that the baby should be without shoes for as long as possible, he needs nothing on his feet and very loose wool socks for warmth in winter until he definitely shows signs of trying to toddle.

First shoes are important and should have four essential characteristics: 1. Lightness; 2. Flexibility; 3. Depth to allow toe room right up to the end; 4. Firmness of fit to brace around the ankle.

Strap shoes for the very small child are not recommended. The shoes must be so light that the child does not feel their weight, flexible so that he can wiggle his toes with freedom.

The toddler's shoe should be fitted to allow length enough for growing but not too much so that the child inclines to trip. When a child emerges from the stage of toddling in which he places one foot ahead of the other without bending his feet, he needs a half to three quarters of an inch in the new shoe between toe ends and the end of the shoe. When he begins to walk, flexing his feet, he should have never less than three-quarters of an inch in length to spare. For when he begins to walk his toes develop rapidly, the big toe becoming longer than the others. It is at this stage children's feet need watching, because they grow very fast, and a regular size check every three to 4 months is recommended to ensure the shoes are big enough.

The shoe needs of the child who walks and runs and has emerged from the stage of toddling are different. He needs a sturdier shoe carefully fitted at instep and heel so that it follows the movements of his feet. The shoe should be broad enough to allow for some spread of his feet laterally at the fore-part, but not so wide that the foot slips about inside the shoe.

When the child has been fitted, there should be enough looseness of the upper for a tiny fold to be picked up between finger and the thumb. If the shoe is too loose in the forepart it will crease too deeply as he bends his foot, causing blisters and corns to start. It is important that the shoes or sandals that the child wears should fit at the heel and not slide up and down. When the new shoe is on the foot, get the child to bend his feet and walk in the shoes before deciding to buy them and watch the heel.

Instructions to mothers about children's shoes should emphasize the following points:

1. That only one pair of shoes should be bought for a child at a time.

2. That they should have two pairs of shoes in wear to allow for repairs.

3. That new shoes should not be kept for best but put in wear at once, or they will be outgrown before they are worn out.

4. That shoes should never be bought for the child by the mother or any member of the family without the child being fitted in the shop by a trained shoe fitter.

5. That children should never be asked if their shoes are comfortable. A small girl who likes the color of a pair of shoes, or a boy who is bored with the procedure of fitting will say yes to anything.

WHAT SORT OF SHOES ARE BEST?

For the tiny toddler a soft unlined shoe or low cut boot, lacing over the instep.

For the school girl and boy, lacing shoes for every day in winter, well cut and shaped sandals with one or two straps for summer.

# Allandale Notes

Our spring like weather is certainly grand. There is lots of snow yet around here but near town it has almost disappeared.

We were pleased to hear, and to all who were so concerned about Mrs. Jack Fighter (Mary O'Fee) of North Vancouver, that she is coming along nicely after a long serious illness, virus jaundice with an infected liver. Mrs. Porter of Ottawa went by plane on Xmas day to nurse her sister. Her sisters-in-law Mrs. Liam O'Fee and her [illegible] were her steady nurses. Her sister Anna of Banff went by plane on Xmas day also to help the family, she just returned home on Feb. 3. Mother O'Fee is at Mary's home and is quite well after the long strain and anxiety.

On Feb. 17 Mrs. Gordon Mayhew at Daysland and won second in the Grand Challenge — excellent curling after being away for the most part of the season.

Congratulations to Mr. and Mrs. Paddy Stewart (Claire O'Fee) of Williams Lake on the birth of a son, Frederick George, on Jan. 17.

Tommy Greaves from the city joined his wife Beryl and daughter Brenda on Feb. 26 to spend the week end with her parents. They returned to the city Sunday evening.

Sympathy is extended to Mr. and Mrs. Howard Robertson and family of Provost (niece of the Omnesses) on the loss of their nine months old daughter. The funeral was Feb. 25. Grandma Swanson and brother Auburn and Nellie of Elk Point passed through Vermilion on the 24th on their way to the bereaved family.

On March 1 Mr. and Mrs. Jimmy Ronaghan and Sonny left by car for Windsor to take delivery of an oil truck. Mr. and Mrs. Orville Armstrong accompanied them to Rochester, Minn., for medical aid.

The district was shocked to read of the passing of Mr. Leslie Reid. Our deepest sympathy to Mrs. Reid and family.

A speedy recovery is wished Lorne McPhee from his friends. He has recently had an operation in the Vermilion hospital.

First Aid Exams — There were [illegible] from Campbell Lake and 4 from Allandale who wrote on the evening of March 1 in the new high school. Dr. King was the presiding examiner and our instructor was also present. All got favorable reports but at this time the marks are not known.

We are pleased to hear that Mr. and Mrs. John Roe of the city escaped serious injury in their recent train and car accident.

The show sponsored by the Princess Ann W. I. in the school on the evening of March 3 was quite well attended, around 50 being present. Those of you who weren't there surely missed a treat, so beneficial and educational. [illegible] films.

"Life of the Eskimos"—little do we know how our far northern friends live until we see them on the screen.

"Swimming and Water Safety"—So beneficial to all, and seeing it one never forgets. The talk given by Mr. Hodgert was very interesting and helpful.

The comic was good and depicted the smartness of animal life.

The Red Cross—Mr. Simonson, our school superintendent spoke briefly on the wonderful work of the Red Cross. The film showed the lovely Children's hospital in Calgary run by the Red Cross. The life of the children, the doctors and nurses working and helping crippled children. No one can realize this until they actually see it.

We are grateful to you Mrs. Mead as president of your W. I. and members for a wonderful evening. Lunch was served and a social hour enjoyed.

Mrs. Jessie Strome is again teaching at Allandale due to sickness of our teacher.

It was a favorable evening for the 8th euchre party on March 4. It was held at Mrs. Baldock's. Midnight lunch and the usual goodies and a social half hour, then all wended their way homeward.

An old friend of the district Ted Bensmiller visited at the Mayers' home on March 5, also at the Wm. Cross home.

Last Sunday March 7 Mr. and Mrs. Baldock and Mrs. Omness spent the day at Aunt Mamie's and Uncle Willmer's (Hogoboam) at Derwent. It was most interesting to see the beautiful crocheted work that Aunt Mamie does in her spare time "Treasures of Gold" so to speak. Uncle Willmer keeps busy at carpenter work. For your hospitality and kindness folks, thanks again.

Brother Orley and Ellen Omness called at the Lee home in town on the evening of March 8 to wish sister Mabel a happy birthday. A lovely evening was enjoyed. Thank you folks.

Closing thought: A straight line is a lesson in economy.

## Seed Cleaners To Meet

Shareholders of the Vermilion Seed Cleaners Association will hold their annual meeting in the Legion hall on Saturday March 20 at 2 o'clock. Four directors will be appointed and other important business transacted.

It behooves everyone interested in clean seed to attend this meeting. 36-7x

## Diapers For Overseas Relief

On behalf of the "Save the Children Fund" the Order of the Royal Purple are appealing once more for diapers for overseas relief. New or used flannelette which can be made up will be gratefully received. Boxes have been placed in several stores for your convenience. The need is urgent. Will you help? 36-7

What does your Label read?

# Of Many Things . . .

By AMBROSE HILLS

*YOUNG SALESMAN*

There was an imperious ring of the bell. I opened the door and saw a huge shovel standing there. It was held up by a small boy with a freckled nose just showing under his hooded parka.

"Shovel your drive, sir," he told me. It wasn't really a question. It was almost a statement, as if the deal had been completed save for the formality of handing over some money.

"Sorry," I said. "my son Bill wants to shovel it."

There was a three-second pause. Then the little fellow said, "Bill could make a lot of money shovelling other drives . . . everybody wants it done. I'd do yours right now."

I didn't quite get the logic of the proposition. I hesitated.

"Some other kid shovelled my drive," he said. "Dad gave him a dollar!"

I gave in promptly. "Go ahead. If you do a good job there's a dollar in it."

He did a pretty fair job for a boy his size and I was glad to give him the dollar. Not only had he shovelled my walk, he had given me a feeling of optimism about the world.

Canada needs salesmen today, and we don't seem to have them. Or, if we do we are not using them. Instead, the government sends politicians around the world to try to make sales for us. They flop. Some of their trips bring results less than zero. Our wheat piles up, our pork piles up — or they are unloaded at a loss. Politicians don't have the knack for trading. The lad could teach them a lesson.

I hope that boy with the big shovel is typical of boys growing up in Canada today. A few like him, given a chance to turn a profit, would soon sell our goods. This generation has flopped; our salesmen have taken a back seat and let the politicians do the selling. I hope the new generation will be smart enough to put selling back where it belongs, in the hands of men whose business it is to sell.

Incidentally, when my son Bill came home with his shovel over his shoulder, and he saw that our drive had been done, he asked, "What did it cost you, Dad?" I confessed that I'd paid a dollar. He grinned. "That's about right," he said. "That's a big driveway."

These youngsters of today are no fools! Hope we don't spoil them before they get a chance to take over Canada's selling job for us!

## Tips on Touring

By Carol Lane
Women's Travel Authority

The twins who live near me are the smartest children in the whole block because their parents have a novel idea about week end trips.

With a free week end ahead, the family pours over a map on which circles representing 100 and 200 miles have been drawn, with their home in the centre. If one day is free for a trip, they focus on the area within the small circle, but if two days are available, they consider everything within the 200 mile circle.

Relaxation and entertainment are the main objectives of each trip, so that comes first, but—and here's the key to the plan — they pick places where they can make a side trip through an industrial plant, a cannery, a museum, a lumber mill, a power plant or college campus.

These educational side trips take but an hour or two and this family has found a large number of interesting places, just as you'll find in your own area with a little exploring. And the twins pick up worthwhile information on each trip at an astonishing rate.

No wonder they are the smartest children in the block — so are their parents!

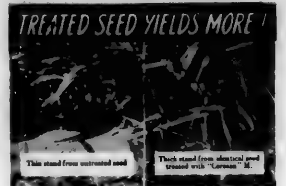
TREATED SEED YIELDS MORE!



Only "Ceresan" M has a Record of Superior Performance

In recent agricultural tests, "Ceresan" M, containing volatile mercury, was the only seed disinfectant which gave fully satisfactory control of both smuts and soil borne diseases on wheat, oats, barley and flax. For over 19 years, "Ceresan" M seed disinfectant has given superior disease protection to seed grain. Constant tests prove "Ceresan" M effective for control of smut in grains and for protection against both seed rot and seedling blights.

# News Notes From Your District Home Economist

FREE BULLETIN

"Use your Peas and Beans", a bulletin free for the asking. Here is one of the many recipes it contains. Mock Sausage—3 cups of cooked beans; ½ cup bread crumbs; 2 eggs; 1 teaspoon sage (if desired); Salt and pepper to taste; Milk to moisten.

Mash the beans. Mix well with breda crumbs and beaten eggs. Add seasonings, moisten with milk, sufficiently to shape into forms of sausages. Dip in beaten egg, roll in bread crumbs (additional to those given in recipe) and brown in a little melted fat.

HOW TO COOK CHEESE

Cook cheese at low temperature. High temperatures toughens proteins and therefore makes cheese les asily digstd.

When making cheese sauce, add the cheese at the last, and cook only until melted. Any uncooked mixture of cheese, eggs and milk to be cooked in the oven should be oven-poached in a moderate oven. "Oven-poach until set" means to place the cheese dish in a pan of hot water and bake it in a moderate oven until a knife, inserted in the centre, comes out clean.

[illegible]

Write for the bulletin "Cheese Dishes" which contains over 25 different cheese recipes.

Did you know apple juice may be used instead of citrus fruit, and still you receive your vitamin C, if your buy vitaminized apple juice? The clear apple juice has not had vitamin C added to it. It has an appealing flavor but it does not have very much food value.

## Pleasant Valley

Springlike weather has brought some crows back and the gophers are running here and there.

Mrs. Gillies returned from Edmonton Thursday last week. Mrs. Potvin spent most of the week in the city, returning last Friday.

Mrs. Giles and Doris left for the coast last week end where they will visit old friends. The flowers are in bloom at the coast so we hear.

There were quite a number of folks who took the whole family to the show in Vermilion to see "My Friend Flicka". It was a lovely show for the children especially and more pictures like this should be shown. All children love horses.

Mrs. Jim Gould celebrated her birthday on Friday two weeks ago at the home of Mrs. Parker at Kitscoty.

Mr. and Mrs. Clifford Beck and Albert visited at Lawrence and Chrissie's home on Wednesday night and on Sunday yours truly, hubby, Mrs. Gillies, Sylvia, Marvin were supper guests at Betty Gould's home.

Mrs. Jones, daughter and family celebrated her birthday on Sunday with her parents.

Mrs. Wallington whispered something in a lady's ear on Saturday. What was the joke anyway. I missed it! Maybe it was something about spring is here because the birdies told me so, the men were talking fishing, small boys playing in muddy water seeing if the water would go over their rubber boots, and ladies talking housecleaning.

BRUSH IN THE HAND

Shaky hand or not, new liquid masking tape makes window painting simpler according to The Financial Post. Easily applied it brushes on smoothly, dries to consistency of plastic film and forms a wide protective band on glass. Strips off like plastic tape and takes all the spill-over paint with it.

## New Hospital Board Members Are Sworn In At Islay

The regular monthly meeting of the Islay Municipal Hospital board was held in the hospital on March 6. present were G. Jack, D. Shirreff, I. Inman, J. Whiteside and the secretary.

The report of the R.O. was filed declaring Mr. D. Shirreff returned to office in Ward 2, and Mr. J. K. Whiteside of Hazeldine elected by acclamation in Ward 4.

Preceding the reading of minutes of the preceding meeting the new board members accepted the Oath of Office, and Mr G. D. Jack of Kitscoty was elected chairman of the board for 1954.

The minutes of the preceding meeting and the financial statement were adopted as read by resolution.

OFFICERS AND COMMITTEES

Vice-Chairman, Mr. I. D. Inman; Sec.-Treas., W. L. Roebuck; Auditor, Winspear, Hamilton, Anderson and Co.; Fire Inspector, D. B. Shirreff; Finance Committee, I. D. Inman and J. K. Whiteside. All other committees to consist of the whole board.

Moved by Mr. Inman that fire insurance policy due for renewal on March 17 be allowed to lapse, and that application of the Saskatchewan Mutual Agent for $15,000 coverage at a lower rate be accepted. Carried.

Moved by Mr. Shirreff that the uniform rate of $3 per diem grant application suggested by Associated Hospitals of Alberta for newborns remaining after the mother's discharge be recommended by this hospital board. Cd.

Matron's Report: In hosp. 5, admitted 30, discharged 26, remaining 9 births 1, deaths 1, operations 3 major, 3 minor. Receipts $1276.30.

Salaries and accounts ordered paid as approved. Cd.

No action was taken on the letter from Elk Point hospital suggesting a reciprocal hospitalization agreement.

Salaries $1332.82; Phone 7.80; Utilities 86.57; Winspear and Co. 101.10; Rudi Isert 66.90; Univ. Hosp. 106; Northern Hdwe. 1.55; Wm. Bowman 37.10; Stevens Co's. 13.40; McLean's Meat Mkt. 6.00; Fisher & Burpe 9.26; Edmonton Journal 14.56; Gen. Elec. X-ray 16.30; Mrs. T. Sherwood 15.00; NADP 48.90; National Drug 103.35; W. E. Greer 56.64; Petty cash 14.60; A. Beck 6.00; J. McNeely 16.50; Ford & McCaughan 153.97; M. Stone 7.02; W.C. Martin 10.15; H. G. Young 67.60.

Adjournment to meet April 3 at 2 p.m. in the hospital.

## Clinic For Fastball Coaches

Alberta municipal fastball and football coaches will brush up their coaching techniques at the Easter coaching clinics at the Red Deer Composite high school.

Organized by the health and recreation branch of the Department of Education, the coaching clinics, to be held April 19 and 20 are for the benefit of women fastball coaches and men football coaches in intra-mural, inter-school, junior and juvenile leagues in the towns, cities and municipalities.

Frank Anderson, all-star Western Conference end, and Claude Arnold, all-star Western Conference quarterback, together with John Farina, city of Edmonton recreation superintendent, will instruct in football coaching.

Accommodations is limited for the courses so applications should be sent to the Health and Recreation Branch, Dept. of Education, Edmonton as soon as possible. Closing date for applications is April 1.

A nominal charge is made for the course, covering tuition board and dormitory accommodation. The coaches must arrange their own transportation.

## V.S.A. Students Are Preparing Operetta

Final rehearsals are being held for an operetta to be presented by the students of Vermilion school of agriculture on Saturday night, March 27.

The production is entitled "The Golden Trail" and introduces a large cast of college students. Mr. D. C. Folk the director is very pleased with the work of his choral group this year, and promises a delightful evening for all who attend.

The story concerns the early gold rush days in California, and involves miners and bandits, and, of course, many fair ladies. The music is light and easy to listen to, and many of the airs will be familiar to the audience. 38-7x

And You?
Young women now serving in the RCAF enjoy unusual opportunities -- a life that combines travel, companionship, valuable training, important aviation duties, equal pay with men and a worthwhile target -- a part in the defence of freedom!
And You? If you are a young woman of high purpose, are between 18 and 29 and have Grade 9 education, or the equivalent or better, find out today about the opportunities for you in the RCAF. There are important openings now in the clerical, technical, administrative and medical branches of Canada's Air Force.
FOR ALL THE FACTS, SEE, WRITE OR TELEPHONE THE CAREER COUNSELLOR AT YOUR NEAREST RCAF RECRUITING UNIT -- OR MAIL THE COUPON TODAY!

# Woodvale News

Back again after a very pleasant holiday that took us as far south as San Juan Capistrano ... the swallows alright, but now even more white pigeons! That gave us the pleasure of picking oranges, lemons and avocados off the trees in February ...

Arriving home we were sorry to hear that so many folks had been sick. Mrs. Joe Thompson had just returned home from the hospital. Mr. Luther Thompson was in the Vermilion hospital with pleurisy and Mr. Proctor had just made a turn for the better after a serious illness. We hope they will all be better and home again soon.

Mr. McLeod of Mannville is staying with his daughter Mrs. Luther Thompson, and Mr. Roger Watt has her mother over for a visit from Lamont.

Norman Tachreb came back from the lumber camp with a broken wrist and has his arm in a cast. He was hit when a snag fell down. He is staying with his friend Adam Dussek at the writer's home.

In Union school which has been taught as a community centre a dance was held in February, a very pleasant evening was enjoyed by everyone as we are told.

Andy Haines, Frank Watson, Bill McGrath, Ray McQuaid, Florent Van Waesberghe ...

The Red Cross auxiliary held a meeting on March 3 at the home of Mrs. Harry Portsmith with 9 ladies present ... They enjoyed the afternoon together and made plans for the next meeting at Mrs. Ray McQuaid's home on April 7 when Miss Shirley Holme will give a talk on electrical appliances ...

Last year Canadians visiting the U. S. ... spent on the average $48.50 each, while Americans visiting here spent on the average $51 each. -- Quick Canadian Facts

# THE VERMILION STANDARD

Vol. XLV. No. 38. Vermilion, Alberta, Thursday, March 25th, 1954. $2.00 a Year

# $257,000 Hospital Addition Planned

The board of the Vermilion municipal hospital after considerable investigation and study, have planned a $257,000 addition to the hospital. The plan adopted calls for the renovation of the original hospital quarters entirely as a nurses' home, the wing built in 1939-40 will be encompassed in the new building and the wing will continue on to the west.

Features of the much required new hospital will be: increased capacity from the present 37 beds to 54 beds in view of the continually increasing population of the area which it serves additional accommodation is a vital necessity; a much needed elevator, new operating room, new maternity case room, nurseries, X-ray and other laboratories, reception rooms, a new and modern kitchen, sound proof and adequate quarters for nurses and staff. Many other changes will be made in the present building to thoroughly modernize it.

The purpose of the hospital board in presenting the plan is to provide the best nursing and hospital facilities possible for all people in the district and to insure that there is a hospital bed available at any time for anyone in the district requiring hospitalization.

At the present time the hospital is often overcrowded and the work of the hospital staff thereby greatly increased and carried out under difficulties. In the past and at present it has been extremely difficult to hire and hold a full staff of competent nurses due to lack of suitable nurses' quarters. The population of the hospital district is continually increasing, and this fact, coupled with the many new developments in hospital services, make it necessary to keep abreast of the times and to provide the services the people are entitled to.

AIDED BY LARGE GRANTS

The building of the new portion of the hospital will cost $257,200. A government grant will be received of $1500 per bed for the 17 extra beds provided for a total grant of $25,500. The net loan for the new building will thus be $231,700. This money can be borrowed from government funds at an interest rate of 3½%, repayable over 20 years.

LESS THAN 2 MILLS

It is estimated that the cost to the ratepayers for the proposed addition, elevator and renovation will be less than 2 mills, 1.67 mills to be exact, based on the 1953 assessment. In other words, the small extra yearly amount required from each ratepayer will not even be noticed. Hospital district ratepayers and contract holders will continue to pay the basic ward rate of $1.50 per day which includes many extras.

PLEBISCITE WED., APRIL 28

Before proceeding with the new building it will be necessary that the plan be approved by the ratepayers so that a vote will be taken on Wednesday, April 28, 1954 between the hours of 9 a.m. and 6 p.m. Places of poll and all necessary information will be published in good time by the hospital board and the returning officer. Mr. Norman H. Armstrong has been appointed returning officer for this plebiscite.

In order to pass, a money by-law must receive two-thirds of the votes cast.

INFORMATION FROM YOUR BOARD MEMBERS

Complete information regarding the plan may be obtained from your hospital board members, Jas. Wallington, B. A. Macnab, Fred Scott, Frank H. Walker, Charles Stewart, George Lawrence, Peter Bowler.

WHO MAY VOTE

Those entitled to vote are:

(a) All persons liable to pay municipal taxes within the hospital district or liable to deliver a share of the crop as rental on provincial government lands within the district.

(b) The wife, husband, sons and daughters at least 21 years of age, of such persons and residing with such persons in the district.

(c) If your name is not on the voters' list, and you are qualified to vote, you may do so by signing a declaration on a form under the Act at the poll on the day of the voting. tf

## Viking Gas Kings Take Hockey Title

Viking Gas Kings are the new champions of the Eastern Alberta hockey league, dethroning the defending champs, the Vermilion Tigers in the final series 3 games to 1.

What proved to be the final game of the series was played at Viking Monday evening and resulted in a 6-4 triumph for the Kings in a game that was so closely contested that it could have gone either way.

Following the game Ken Beaton on behalf of Craig Bros. Ltd., presented the Craig cup to team captain Glasgow. The cup is emblematic of the league championship.

Local marksmen on Monday were Les Williams, Ted Koehli, Stu Barr and Bill Schmidt.

Last year the same two teams won their way into the final series with Vermilion taking the odd game in five.

## Vermilion Boy Wins Beef Event

Keith Barr, 10 year old son of Mr. and Mrs. Manson Barr of Vermilion was awarded the grand championship for the best beef animal in competition at the Edmonton Spring stock show Tuesday. The competition was among junior division winners and winners in single beef animals in the senior division. Vermilion competitors practicaly swept the junior events and complete report will be given next week.

## Death of Lou Seguin

Joseph Louis Seguin, well known local blacksmith and mechanic, died at the Vermilion hospital on March 20 after a short illness of two weeks. He was 87 years of age.

Mr. Seguin operated his blacksmithing and machine shop business here for quite a number of years, and while here built a large modern shop. He was of a quiet disposition, a fine man to do business with, and a very careful and efficient workman. His death came as a shock to his many business acquaintances in town and district.

He leaves to mourn his passing his brother Nap in Winnipeg. The remains are being forwarded to Ottawa, Ont., for services and interment. Moyers Funeral Home is in charge of arrangements.

## Vermilion School of Agriculture's "Little Royal" Next Wednesday

Wednesday, March 31st, is the date set for the Vermilion School of Agriculture's annual "Little Royal". The livestock show starts at 1.30 p. m. in the Mechanics Building. In addition to this livestock show, there will be displays of all the work that the students have been studying and preparing during the year. Tea will be served in the Gymnasium through the late afternoon.

Among the particularly interesting lab displays will be one by the sewing class, where the public is invited to examine the garments made through the regular School term now drawing to a close. Cooking class will be demonstrating home freezing methods, and will also display some of their cooking. The handicraft classes have done leather work, embroidery of all kinds, braiding, coppercraft, and flowercraft. Agriculture labs will feature displays on seeding, judging, poultry dairying, meat cutting, metalwork, motor mechanics and horticulture.

The custom of holding a showing of their work was started by the students early in the history of the school. Originally known as the "Little International" the livestock show changed its name to "The Little Royal" about 1929 and over the years it has developed into an achievement display for the whole school. For many years, the classroom projects were exhibited in the gym but these displays have been expanded to the extent that they are now shown in the various labs, so that visitors might have an opportunity to see not only the work that is done at the school, but also the place where such work is done.

## Anderson, Stone Win M. D. Elections

Results from Vermilion River municipal elections held on Saturday last indicate that John Anderson was elected in Div. 7 and Jim Stone re-elected in Div. 2. Polling was as follows:

Div. 2 -- James Stone 246; Chris Oester 128.

Div. 7 -- John Anderson 333; P. Melnyk 290. George Lawrence 208; Thos. Lambie 130.

## Fish & Game League To Re-Organize

A meeting will be held in George's Lower Deck on Tuesday, March 30 at 8 p.m. for the purpose of re-organizing the Vermilion Fish and Game Association. The chief objective of this organization is conservation of wild life and was started in Alberta some 25 years ago. The Vermilion branch has in past years done a number of things to further conservation in this area. With the opening of our new provincial park there is even a greater need for a strong active local. Under the proper leadership it can again become a very worthwhile club.

Every sportsman, including both farmers and townspeople is urged to attend this meeting. Bring your ideas and your problems with you and make the Vermilion Fish and Game the best local in Alberta.

## Hear Address Board of Trade To

Andrew Thompson, Liaison officer Citizenship branch of the Dept. of Citizenship and Immigration will give an illustrated address at the Vermilion Board of Trade meeting Wednesday noon next week March 31. All business men and farmers are invited to attend.

## Mid-Century Crusade 'The Portland Story'

A 45 minute technicolor film presenting "The Portland Oregon Crusade", a 20th Century miracle, is the story of how God blessed the faith of Christians who worked to bring God to their city.

One remarkable feature is God's leading in the construction of an auditorium large enough to accommodate the large crowds. Bev Shea, America's most beloved Gospel singer and a 1000 voice choir directed by Cliff Barrows will inspire you as they sing.

You will see Billy Graham, as millions of Americans see him on television, with a message for a perplexed world. You will hear the testimonies of outstanding men who met Christ in this campaign.

Cliff Barrows has a day with 20,000 children. Hear him as he dramatizes the story of Naaman, the leper.

The film, in short, is "Revival for Our Times". It will revitalize your life and your church; giving you a vision and meaning of life you have never known.

This film will be shown at a Youth for Christ rally on Wednesday, March 31 at 7:45 p.m. in the new armories, Vermilion. There is no admission charge and the public is cordially invited.

## Loses Brooder House And 200 Chicks

Wes Funnell of the Union district had the misfortune to have fire destroy his brooder house and 200 baby chicks on Tuesday night last week. Wes had checked the brooder late in the evening but next morning on arising there was nothing left but ashes. An oil brooder stove was used and had been in use for five years without giving any trouble. What caused the fire will of course always remain a mystery.

## Gideon Members Are Guests of Men's Club

The Men's club of the United church met in the lower hall of the church Wednesday, March 17 for their regular monthly meeting.

Caterers for the supper were Alex Stone and Gerald Stephens, the meal served was much enjoyed by everyone with the accent being on potatoes, it being St. Patrick's day.

Special guests for the evening were members of the Vermilion-Lloydminster Camp of the Gideons, International. They presented the Gideon ministry of Scripture Distribution by means of the film "It Shall Not Return -- Void". The local president E. Clendenning gave a short talk explaining and describing the work of the association.

## Classmates Honor Memory of Late Allan McKay

DEWBERRY. -The eight graduates of Class '53 in Architecture at the University of Manitoba have established a Scholarship of $100 in memory of their classmate the late W. Allan McKay of Dewberry, Alberta, whose degree was awarded posthumously last May. The W. Allan McKay Memorial scholarship to be awarded to the 4th year student in Architecture who has highest marks in Structural design.

This is the second memorial to Allan McKay that has been accepted by the University of Manitoba. The other is a sum given by his parents, Mr. and Mrs. J. S. McKay towards furnishing the architect's lounge. This lounge to be called the W. Allan McKay lounge.

## V.H.S. Girls Lose To St. Joseph's H. S.

In the basketball game on Saturday, March 20, St. Joseph's High girls defeated V.H.S. by the decisive score of 30-11. The game was really more closely contested than the score indicated, but the V.H.S. girls just didn't seem able to get organized against the slow, deliberate offense of St. Joe's, or to break their zone defense blockade. Top point getters for St. Joseph were C. German 11, M. Fedecibo 8, and C. Menage 7. for V.H.S. scorers were R. Ireland 4, A. Martin 4, H. Barr 3.

V.H.S. cheerleaders added spirit and color to the game. After the contest lunch was served to the teams by the cheering squad.

VERMILION -- Ireland, Martin, Barr, Maggs, Stewart, Maxwell, Kibblewhite, Bauer, Sweet, Acheson, Johnson.

EDMONTON -- Fedicibo, Williams, Menage, Toreas, Dobois, German, Campbell.

## Bobby Soxers' Ball

On Friday, March 26 the Armories will be the scene of a Bobby Soxers' ball, commencing at 8 p.m. The evenings' entertainment will include plays, songs, skits and stunts. Also the varied dance program will consist of novelty and square dances and bobby soxers' jazz, as well as ordinary dances. All students of V.H.S. and V.S.A. should plan to attend. Come one, come all!

## Vimy Smoker, Dance Banquet Planned By Canadian Legion

Vimy day is always celebrated in a big way in Vermilion. After all we still have about 15 veterans around the district who were at Vimy Ridge on April 9, 1917. Veterans meet on Vimy Day to honor them and the many Canadian soldiers who did not live through that day.

There is a dance at the Armories on April 9. Everyone is welcome. Get your tickets from L. Webb, T. Watts, V. Tillett, G. Martin or E. Buckingham.

The usual banquet for Vimy night will be held on April 9 at the Legion hall. All veterans and their wives and all Ladies Auxiliary members and their husbands are expected. Get your tickets from the above mentioned committee on or before April 5.

Then there is a smoker on Saturday night at 9 p.m. All veterans whether they are members of the Legion or not will be welcome. A good program is being lined up.

A lot of Legion members are slack in paying up their dues this year. Members are only reported to the Provincial Command when they pay their dues so one of these days your subscription to the Legionary will run out. We know you don't want that to happen.

## Kinsmen Bottle Drive

Get rid of those bottles. Kinsmen Bottle Drive Wednesday March 31 commencing at 2 p.m. All beer bottles and Vermilion Beverages bottles will be picked up by the Kinsmen. Please leave your bottles at the rear of your lot for collection from alleyway.

## I.O.D.E. Elect Officers

Officers elected by the Frog Lake Chapter I.O.D.E. for the ensuing year are:

Regent, Mrs. G. D. Mathison
1st Vice Regent, Mrs. D. Greenwood
2nd Vice Regent, Mrs. S. Carroll
Secretary, Mrs. B. Hill
Treasurer, Miss A. Seaschuk
Standard Bearer, Mrs. M. Puckett, Services Home and Abroad, Mrs. W. Dixon; Empire Study, Mrs. L. Dowdell; Echoes, Mrs. A. Mead; Press Corresp., Mrs. Eileen Koehli; Education Sec., Mrs. W. MacLean; Immigration, Mrs. G. Adan.

Councillors, Mrs. Stone, Miss A. Keith, Mrs. N. Petch.

## Tigers Take Third Game Of Final Hockey Series On Saturday

Vermilion Tigers set the Viking Gas Kings back on their heels here Saturday night when they jumped right back into the fight for the league championship with a 6-4 victory. The game was of real play-off calibre with both teams playing heads up hockey. The game swayed towards the Tigers after the first period and although the Kings tied it up at four all at the end of the second, the Tigers came back strong to score two in the third while holding the Viking squad countless. It was a clean game with only 5 minor penalties, three to the visitors and two to local players. George Trudel of Edmonton refereed and was by far the best official to show on Vermilion ice this season. Russ Carroll was linesman.

Things looked bad for the Tigers half way through the second when Kreller had to go off with a bad kink in the cords of his neck sustained when he went over top of the Viking goalie right after he scored. While he was away the boys from the gas town tied the score, counting twice. However, Dr. Hanlan had the kink out and Elmer was back on the ice at the start of the third and there was just no holding the Tigers in the last 20 minutes.

VIKING -- Bantle, Thunell, Klein, Lewis, Messmer, Glasgow, Proctor, Masson, Slywka, J. Dunnigan, T. Dunnigan, Sewart, Selzer, Frickleton, Romaniuk.

VERMILION -- Laporte, Kreller, Little, Barr, Schmidt, Patsula, St. Martin, Dobbyn, Cooper, Moffat, Lowrie, Les Williams, Bill Williams, Koehli.

SUMMARY

1st period -- J. Dunnigan; Schmidt (St. Martin); Pen. Masson; B. Williams.

2nd period -- Schmidt (Patsula, Kreller); Kreller (St. Martin); Klein (Messmer); B. Williams (Cooper); J. Dunnigan (Proctor); Slywka (Masson); Pen. J. Dunnigan, St. Martin.

3rd period -- Dobbyn (St. Martin, Cooper); St. Martin (Les Williams, Schmidt); Pen. Romaniuk.

There were 1038 paid admissions.

A bouquet should be handed to icemaker Gordon Williams, despite the lack of frost, the ice surface was quite hard. A thick layer of snow was spread over the ice early in the day preserving it and soaking up the water.

IS YOUR SUB. PAID UP?

## Special Meetings At The Gospel Hall

Two weeks of special meetings will be held at the Gospel hall by Wm. Murray, Evangelist, Edmonton. Meetings will begin March 28 at 7.30 p.m. and Monday to Friday at 8 p.m.

Topics -- Mysteries of Scripture; The Kingdom of Heaven; The Church; The Incarnation; The Rapture; The Man of Sin; The Nation of Israel.

A special welcome to everyone. 38-9x

## SPOTLIGHT ON THE JUNIOR HIGH

THE BONSPIEL

The bonspiel began on Thursday and the final games were played on Saturday. There were 8 rinks entered and the winner of the first competition was Donald Stewart's rink with Donna Rae Harrison at third. Margie Goodwin second also threw lead rocks in the absence of a fourth curler.

Billy Tough skip, Ruth Beatty, 3rd, Bob Waldenberger throwing lead and second rocks were the winners in the second competition with a final score of 10-8.

BASKETBALL

The girls and boys Junior high school A teams went to Wainwright Saturday March 20 to play in the basketball tournament. The girls A team won their first game against Chauvin 17-16. This put the girls in the final against Irma. The Irma girls played a wonderful game and defeated our team.

Likewise the boys won their first game against Chauvin and lost the second and final game to Wainwright.

Our thanks go to Miss Wereruk, Miss Bidulock and Mr. Welsh, the boys' coach, who were such good sports while supervising our trip. We hope to go again in the not too distant future.

OUR DANCE

On March 19 the Grade 8 room sponsored a successful party to which the parents were invited. Most of the parents were shown the new school from the office to the lunch room.

Lawrence Harris, a recent comer to the school won the camera which was raffled by the grade 8 room.

We hope the parents had as much fun as we did.

This sums up the social activities of the Junior high that have taken place in the past two weeks.

## Minburn M. D. Holds Elections

MANNVILLE. In the Municipal District of Minburn No. 72, Edward McLaughlin won out over Mike Mackney with a vote of 233 to 192 for a second term as councillor in Div. 6. In Div. 7 Paul Tryndiuk was unopposed.

Mrs. Tom Connolly who is a patient at the University hospital Edmonton, spent the week end at her home in Vermilion. Friends will be pleased to know that she is making steady improvement.

## Longer Saturday Store Hours Commence May 1

Stores in Vermilion commence longer Saturday store hours on the first Saturday in May which falls on May 1. Stores will thus close at 6 p.m. on Saturdays throughout April but remain open Saturday evenings until 9 o'clock starting on Saturday May 1.

# "GREEN ACRES"

TARTARY BUCKWHEAT

Three farmers in one week brought samples of oats containing Tartary Buckwheat to my office. Each of these farmers had bought the oats as seed. None of these farmers had Tartary Buckwheat on their farms before. That is the way it gets spread around from one farm to another.

FAT Vs LEAN PIGS

Experiments prove that short thick pigs do not grow faster nor do they eat less feed to produce 100 pounds of carcass. Neither do they produce the lean bacon wanted on the market. It takes more feed to grow a pound of fat than a pound of lean bacon. Yorkshire ... type is the answer for ... A and B1 pig grades.

WILD OAT CONTROL

Every farmer knows that ... the best way to get rid of wild oats. Growing Olli barley or some other early variety is the best way to clean up wild oat infested fields. Get two kills on the wild oat plants in the spring and seed to early barley even up to June 15th. You cannot expect as good a yield of any grain if it is seeded that late but you will kill the wild oats. Fall cultivate and seed to Olli barley again the next year.

WARBLE FLIES

It usually takes three treatments about 30 days apart to kill all the warbles. It pays to kill these warbles in the backs of the cattle before the grubs drop to the ground. We do not see the losses caused by warbles but it is over $10 per head.

SICK PIGS

On March 8 twenty-one pigs sick with erysipelas were condemned at Edmonton plants as unfit for human consumption. The loss to the farmers was over $1000. A few dollars spent for penicillin or sulfa drugs would have saved these pigs. Don't waste money by shipping sick animals whether it is erysipelas, pneumonia, acute mastitis, etc.

INFRA RED LAMPS

Everyone on the power line can use infra-red lamps for brooding chicks and keeping young pigs from chilling during the first few days. Circulars on installing heat lamps are available from this office.

*HOCKEY CLUB ACHIEVES THREE-FOLD OBJECTIVE—*

The executive of the 1953-54 Tigers hockey club is very well satisfied with the season just closed. Last fall they set themselves three objectives and managed to achieve every one. Firstly, they desired to run the club so that it would end up the season out of the red — by hiring no players, using a local coach, getting a little larger share of the gate receipts, and the fine support of the fans, the Club not only wiped out a deficit carried over from last season but have a bank balance. Secondly while wanting to get away from bringing in players they still desired to ice a real league contender using only town and district players—and this they did being runners-up to the league champions; Thirdly, the club wished to break in and give some experience to as many young players as possible in order to build up the nucleus of a team for future years. This they also did, using 4 of last year's Midgets, all just 16 years, as well as several other young players. It took time but the squad was rounding into a real contender when the league ended. All in all it proved a very successful and interesting hockey season despite the vagaries of the weather and the Tiger management and players, both youngsters and the older experienced players who turned out with a will, are herewith congratulated on their season's play and thanked for the recreational amusement brought to the people of town and district.

*PARTICULARLY FOR PARENTS—*

All parents, fathers as well as mothers, are asked to turn to the Health Unit Notes in this and every issue and to read them thoroughly. Last week's article dealt with children's feet. This week deals with the eyesight of younger children, a vital matter affecting their whole lives. They oftimes cannot tell you that their eyesight is defective, the article points out how observant fathers and mothers can tell, and just what they should do about it. Many children are handicapped throughout their whole lives by eye defects, many of which could have been corrected if their parents had given them the attention and care children should have.

## Letters to the Editor

Vermilion, Alberta,
March 15, 1954.

The Editor,
Vermilion Standard.

Dear Sir:

May I draw to your attention a matter which concerns not only Vermilion and district residents, but many others as well? During cold weather a large amount of steam is formed at the hot water outlet just above the Vermilion River bridge. This reduces visibility to as little as three feet. On-coming car lights can be seen for some small distance, possibly 20 feet, but lateral visibility is almost nil. The motorist is not so much in danger of collision with another car, whose 'glow' he can see, as he is of going over the edge of the grade, or hitting the bridge rail.

I believe that both sides of the grade and both sides of the bridge should be marked with posts having Scotch-Lite reflecting devices attached. These posts should be both north and south of the bridge.

Engineers may have a better solution to this problem than mine, but I hope to see adequate safeguards installed well before cold weather returns again.

May I thank you for any consideration you may see fit to give this request.

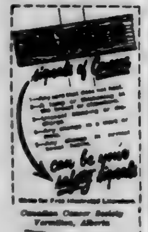
Yours truly,
Geo. R. Mead.

## Home & School Meet Tuesday, March 30th

The Vermilion Home and School Assoc. meeting will be held at the Junior high school Tuesday, March 30 at 8 p.m.

Mr. Ferguson, the Provincial Highway Traffic officer will speak on the vital problem of "Highway Traffic Regulations pertaining to school buses."

A film entitled "Frustrating Fours and Fascinating Fives" will be shown. A discussion period will follow. Lunch will be served.



Canadian Cancer Society
Vermilion, Alberta

# Reading Readiness

Reading is primarily an intellectual process, but in order to carry out that process in the normal way, certain physical factors are necessary. Let us consider the physical factors which are of greatest significance to reading.

Learning to read requires alert [illegible] and good [illegible]. Some children learn slowly because of physical distress or poor general physical condition. He may be only able to work by fits and starts. He may be inattentive and drowsy; resentful of criticism and upset by failures. Absence from school frequently causes difficulties in learning to read. Defects and deficiencies in vision interfere with learning to read. Poor vision results in eye strain, irritation, general fatigue or restlessness. Among reading disability cases studied, 85 per cent revealed some visual defect. Printed words are small objects and some of them such as there, these, house, horse, or, on, are very much alike. Reading will be less satisfying and more fatiguing if there is poor vision.

A child must hear well to associate the spoken words with visible word forms in mastering phonics, following oral lessons, explanations and instructions. The loss of what he fails to hear may lead to the development of emotional tensions. He may appear to the teacher inattentive, indifferent and lazy.

Speech defects and various forms of difficulties in articulation due to immature speech development may have unfavorable effects upon learning to read. A child will feel embarassed when he engages in group activity and will be emotionally tense.

We as adults take meaning from the printed page in ratio to what we bring to it in terms of previous actual experience. A beginning reader finds his first reading experiences meaningful to the extent that he has himself had the experiences which are represented by the printed symbols.

What of the child's motor coordination? Does he handle his wraps easily? In playing and in [illegible] and eye he his eyes and hands work together well?

He may be suffering from more specific deficiences, defects or illnesses such as malnutrition, infected tonsils and adenoids, poor teeth, susceptibility to colds or glandular disturbances.

Next we might consider the child's personal development. Does he work well with a group, taking his share of responsibility? Does he co-operate in playing games and working? Is he independent? Can he take care of himself? Does he share well? Is he attentive, does he listen to all of story? Can he adjust himself well to changing situations?

A child must be ready before he will read. We might ask ourselves these questions — Is he interested in books? Does he inquire about words or signs? Does he speak clearly? Does he speak in sentences? Does he know the meanings of words that might appear in the first primers?

In the light of all these facts, we should no longer consider the sixth birthday as the open door to reading instruction. We may select some children who are ready to read at that age or even a little younger if their mental ages are well in advance of the normal six year old, and provided they are well developed physically, socially and emotionally. For others we should postpone reading until a time at which they have sufficient mental maturity to attack the complex skill of reading — this may be as late as seven years.

## NEWS OF THE DEWBERRY DISTRICT

## Three Plays Presented At Dewberry

The Dewberry Home and School Association held the regular monthly meeting in the form of educational entertainment in the local hall last Tuesday. Three plays were present after which a very enjoyable panel discussion was held with the audience taking part. All these plays have fine morals and certainly they should go a long way to a better family up-bringing in the homes. The names of the plays were Scattered Showers, Fresh Variable Winds, and High Pressure Area.

Bill Boyce, proprietor of the White Lunch has recently had his place altered and redecorated, some booths have been taken out and a number of stools added. It all goes to make the place look much more attractive and brighter.

F. U. A. ELECT TOM FOY

Sub-District 2 of the Farmers Union of Alberta held a convention in the Dewberry hall on March 16. Tom Foy of Clandonald was elected to the position of sub-district director succeeding W. Parker who has held that post for two years. Andy Wood, one of the speakers, told of his recent trip to Ottawa when Western inter-provincial members presented a brief to the Cabinet.

We were pleased to see one of the local girls of yesteryear home to visit her mother recently in the person of Mrs. Loretta Drury of Edmonton. Her mother is Mrs. Gordon Wilson.

Friends in the district held a shower in honor of Miss Alice Avery in the local school recently. Miss Avery is to be married to Don Wilson of Dewberry.

Mrs. J. Machone and son George flew to Windsor recently and returned with a new car for relatives in Vegreville.

The shareholders of the Dewberry Co-op store at the recent annual meeting voted to go on a stricter cash basis. Charge accounts can only run six weeks now and if not paid then all goods will be strictly cash.

To offset this a Credit Union may be formed to enable people to meet these accounts.

Mr. Webber, supervisor of Co-op activities branch, will address the Greenlawn F.U.A. local meeting on the night of April 13 in the Greenlawn hall. Credit Union will be his topic so if you are interested please attend.

Miss Wenna Young has returned from her studies at Red Deer. She expects to attend University this fall.

Dewberry Junior hockey club journeyed to Lloydminster Saturday night and won a game over a Lloyd team.

Dewberry students are presenting their play in Dewberry hall twice this week.

Just to round out the season the curling club will have a dance jamboree on ice in the curling rink. Square dance, round dance and what have you! Remember the date March 31.

This week a meeting will be held to see what prospects there are of building a small skating arena in Dewberry. Letters have gone out to all residents of the district to try to arouse the necessary interest.

It won't be long now before the big amateur night and dance in Dewberry. Good cash prizes with three [illegible] vocal, instrumental and [illegible], also different age groups. Easter Monday, remember it.

GOPHERS ARE OUT AND ABOUT

The first gopher actually reported direct to the Standard office was by Mrs. John Wilson of Wildmere who spotted a lively little rodent frisking about on Saturday afternoon March 20th.

## Canadian Club Hears Interesting Address

It is not the prevention of crime but what to do for the offender while he is serving sentence or is liberated from jail that [illegible]ts in our movements to reform criminals was the substance of an highly interesting address to the Canadian Club by A. J. Edmison, Q.C., of Montreal on Monday evening of last week. The meeting was held in the auditorium of the Junior high school where the appointments were ideal for the occasion. Mr. Edmison is a most noted authority on criminology and took as the subject of his talk "The eternal problem of crime and criminals".

The speaker stressed that one cannot be reformed by sentencing him to jail for 30 or 60 days. He comes out worse than when he went in — he has a grudge against everybody but himself. He traced the growth of the prison reform movement all over the world and in contrast depicted what brutality was shown prisoners under the old system of punishing crime.

Every criminal is susceptible to some good and it is in appealing to this side of him that there is accomplished now remarkable cases of reform. The effect is to rehabilitate him before he is released, get him interested in something that appeals to him and at which he makes a success. He gave many instances of where this 'cure' was tried and some of these men are now occupying positions of trust in the business life of the world. He paid great tribute to the John Howard Society and the work it was doing.

The speaker was introduced by Frank Walker, chairman of the meeting. A hearty vote of thanks was tendered Mr. Edmison at the close of the meeting. The club is to be congratulated on the high order and reputation of the speakers that it has attracted to Vermilion and which merits greater support from our citizens by becoming members.

## Dealer for Clark Homes Appointed

Mr. [illegible] Clark [illegible] Ltd., branch manager, announced the appointment of Mr. Roy Watkins, Real Estate and Insurance, as their franchised dealer in Vermilion and surrounding district.

Mr. Parkins stated that there is nothing new or experimental about the construction principals used in building Clark Homes. The same joists, studs, rafters, sheathing, windows, doors and cabinets are used. However, Mr. Parkins pointed out that by combining the technical skill of engineers, draftsmen and designers with the traditional methods of building, a better quality and lower priced home is manufactured in Clark Homes factories. Mr. Parkins noted that everything we use in this modern age is produced in mass production for economy and quality.

In further explaining Clark Homes, Mr. Parkins said that every piece of material in a Clark Home is "pre-cut" to fit exactly in place. Doors and windows are factory fitted, ready to nail into place. The complete Clark Home is packaged, labelled and delivered to the building site at a guaranteed price quoted by Mr. Watkins, your Clark Home dealer. Workmanship and all material is backed by a "complete satisfaction or money refunded" guarantee.

There is no material wastage in a Clark Home. Labor is cut to a minimum as all measuring, cutting, mitering and planing is done by the factory. Mr. Parkins stated customers have reported savings of over $2000 on an average size home.

Roy Watkins, your local Clark Homes leader will assist in every way possible with the building of Clark Homes in this district.

## Kitscoty High School Notes

Both the High school and Midget hockey teams saw action last week as the local Midgets played the Lloydminster Midgets twice and the High school played the Vermilion Midgets on Wednesday night. The Kitscoty Midgets lost 5-3 in Kitscoty Monday night as Fairbrother and Devrome scored two, while Fossey netted one for Lloydminster. Cundliffe, Franke and Gerrits tallied for the locals. In Lloyd on Thursday night the game was much closer but Lloyd emerged on top by a 4-3 score. Lloydminster scorers were Fairbrother with 2 and Mah and Robertson with one each.

On Wednesday night in Vermilion the high school won 8-6 in overtime. The Vermilion boys led 3 to 0 at one stage of the first period but the period ended with the score 3-2. It was deadlocked 4-4 at the end of the second frame and 6-6 at the end of the third. During the ten minute overtime Kitscoty added two more without a reply. For K.H.S. Cundliffe garnered 5 goals for a fine performance. Other local scorers were Gerrits, Jacobs and Franke. Vermilion scorers were Marshall and Hemmingway with two each and singletons by Watkins and MacDonell.

In the high school since Monday the surroundings are as blue as the sky above. Yes, in addition to spring the high school sweaters have arrived!

## HOCKEY CHIT-CHAT

*By RAIL BOID*

The E. A. H. L. is over for another season and the Viking Gas Kings are the champions for the first time. The Tigers, lacking nothing but weight, although a young team they did not lack grit, put up a terrific fight and lost to a good team.

The fourth game proved to be the final as our boys dropped a heartbreaker 6 goals to 4. The contest was exceedingly fast for the ice conditions which surprisingly enough were good considering the weather. The Tigers played brilliantly all the way and with a little luck I believe they could have emerged victorious. The play was fairly even and the Tigers were in there for the full 60 minutes. A flukey goal in the third period seemed to take some of the steam out of them though. The puck came bouncing toward the goal and just before Laporte grabbed it, it bounced crazily and went into the net. This happens to the greatest of goaltenders however, as Terry Sawchuk of Detroit Red Wings lost the Vezina trophy this year because of an 80 foot bouncing shot which eluded his fast glove. It's just the breaks of the game.

The game in the series which the Tigers won was one of the best of the season. The plays were fast and well executed. The Tigers were simply too much for the 'Gas' boys as they took advantage of every break in outscoring Viking 8-4. Laporte played sensationally in goal and robbed Viking time and time again.

Stew Cooper played one of the best games of his career as he garnered two pretty assists, one on Bill William's bullet equalizer and the other on Dobbyn's winner. On the latter score Cooper passed to St. Martin who in turn gave it to Dobbyn who slammed the puck past a bewildered and befuddled Bantle for the deciding goal.

In my opinion I think that our team is almost as good as last year. The young players on the team started to really go near the end of the season and next year we can expect the Tigers to be quite a team, a real home town team again as this year, with no imports. Until then we can think about our Tigers who put up such a great fight and lost to a heavier and more experienced team.

## Honored On 49th Wedding Anniversary

In celebration of the 49th anniversary of their wedding, March 9, Mr. and Mrs. Richard Good of Vermilion, were guests of honor at a family gathering held at the home of Mr and Mrs. Jim Thompson of the Chatsworth district, on Sunday March 14.

A social time was enjoyed and during the afternoon a number of pictures were taken indoors and out, also moving pictures by Kenny Thompson. At the close of the afternoon, a buffet luncheon was served the table being centred with a beautifully decorated wedding cake in silver and gold.

Mr E. T East, an old time friend of Mr and Mrs. Good, expressed his and Mrs East's pleasure at being present at the gathering, congratulating them on the occasion and on the works of their family in the community, and on behalf of the family, presented them with an electric vacuum cleaner and wishes for many more happy anniversaries.

All members of the immediate family five daughters and one son, were present, also five granddaughters and six grandsons. In attendance were Mr. and Mrs. Ernest Fowler of Edson Alta; Mrs. Evelyn Thompson; Mr. and Mrs. Jim Thompson, Alice Kenny and Pat; Mr and Mrs. Jim Panter, Dickie, Bobbie and Janice; Mr and Mrs. Harry Good, Donnie, Allen and Susan all of Vermilion; Mr. and Mrs Maurice Smith, Barrie and Meryl of Mannville; Mr and Mrs. Douglas Clark and baby daughter Sheila Ann, of Mannville, nephew and niece-in-law of Mr and Mrs. Good. Mr and Mrs. E. T. East; Mr. and Mrs. W. J Fooks, Keith and Lynne, of Vermilion, Mr. and Mrs. Jim Fooks Dougie and Donnie of [illegible]

A wire of congratulations and best wishes was received from June and George Honey of Edmonton, granddaughter of Mr. and Mrs. Good. Other grandsons and granddaughters unable to attend were Robert Norman, and Kathleen Fowler of Edson; Irene Fowler of Edmonton, Jack and Diane Thompson of Whitehorse, Y.T.

## Kitscoty News

Mr. and Mrs. Foster Irwin and family of Uranium City spent a few days here recently at the home of their parents Mr. and Mrs. J. S. Irwin and visited with their sister and brother-in-law Mr. and Mrs. D C Maltais and family.

Mr J McCorry was a business visitor to Edmonton the latter part of last week. He also visited with his daughter [illegible], student at the U of A.

Mr and Mrs. Ronald A. Linsdell and family of Edmonton spent the week end here visiting relatives and seeing a few old friends.

Miss Dorothy Watt of the Bank of Commerce staff at Lloydminster spent three weeks holiday at Creston, B.C. visiting with her sister Miss Iva Watt, R.N.

Mr and Mrs. W. A. McGladrie and family spent Sunday at Ribstone visiting with Mrs. Swanson and family.

Mr Robt. Jamieson has moved from the farm and taken up residence in his house in town.

Mr Ken Jenkins has arrived from the Peace River district to visit Mrs. Jenkins and see his baby son for the first time.

Mr and Mrs. Alvin Cook and family of Edmonton spent the week end here visiting with their parents Mr. and Mrs. Lyle Cook.

## Paradise Valley

Mrs. L. W Shaw Sr., Mr. and Mrs. Art McLean are visiting at Calgary with Mr. and Mrs. J. McLean.

Mrs. Orville Fulgham who has been a patient in the Lloydminster hospital returned home during the week.

Mrs. Fred Towndrow sustained a bad fall during the past week and is now in the Lloydminster hospital.

Miss Laura Knutson of the staff of Bruce Robinson Electric Co., Edmonton, spent the week end with her parents Mr. and Mrs. L. Knutson.

Mrs. Harry Furest of Washington, U.S.A., is visiting with her brother and sister-in-law Mr. and Mrs. Orville Fulgham.

Mrs. W. A. Gunn is a patient in the Lloydminster hospital undergoing surgery. We hope her stay will not be for long

The blood for the manufacture of gamma globulin to fight polio is supplied to the Dept. of National Health and Welfare by the Canadian Red Cross. tf

## Amateur Program Planned For Islay

April 9th is the night! Come to Islay hall for the amateur program at 8 p.m.

Parents and those interested in our school come to the next Home and [illegible] meeting April 8. [illegible] are one of two quite important topics for discussion — and they concern you, parents, and your children. Do come and express your [illegible]

Miss Bessie Anderson left by train Monday morning to attend the W.M.S. Branch being held in Calgary.

Last Saturday the Islay Mutual Telephone Co. met in Islay for their annual meeting. It was a good meeting, a lot of discussion took place and all for the good of the line which is in excellent financial condition. Improvements are to be carried out, so now Mrs. Gladys Gould we may be able to hear you plainly when we call you.

We are very sorry to report Mrs Martin Sr. in hospital, also Mr Hancock, Mr Bill Teskey and Mrs. Coulton. We hope all will be up and home soon. Also one of the twins Bart Clark met with an accident and received a scalding on his hips requiring medical attention. We hope the wee boy will soon heal and be running about again.

Mrs. Kay of Vermilion spent a few days at the Purves home.

Have you been in Ford's hardware lately? Hardy says he left Albert Van den Dolder in charge for a few days and he tidied the store up such an extent that one can get around quite easily - and it does look really nice too.

We are told that at the municipal election on Saturday Johnnie Anderson of Dewberry and Jim Stone of Wildwood are the successful councillors. Congratulations fellows!

The next W. A. meeting is April 1st at Betty Purves's home and the Spring tea and apron sale is on April 10.

Mr Alf Turner is driving a newer Ford car. Looks nice!

Mr. Bill Purves was having a fine visit at the Muir home in Vermilion on Tuesday.

## Wedding Bells

*GARNETT - FARKASH*

St. Saviour's Anglican church, Vermilion, was the setting for a beautiful wedding on Wednesday, March 17th at 4 p.m. when Juliana Farkash, only daughter of Mr. and Mrs. Matthew Farkash, was united in marriage with Noel Anthony Garnett, second son of Mr. and Mrs. W. J. Garnett, all of Vermilion.

Rev. D. A. Ford officiated at the ceremony. The church was tastefully decorated for the occasion with vases of spring flowers in pastel shades.

Given in marriage by her brother Mr. Frank Farkash, the bride was lovely in a floor-length gown of lace and net over net and satin, fashioned with fitted bodice of lace, buttoning down the back, the inset yoke of nylon net and turn-down lace collar at the high neckline embroidered in seed pearls, and long sleeves ending in lily points. The gathered skirt featured lace and net in lengthwise panels over a full skirt of net over satin. Her fingertip veil of net was edged in deep lace and held in place with a coronet embroidered in pearls. She carried a bouquet of red roses and maidenhair fern, and her only ornament was a goldstone necklet and earring set, the gift of the groom.

The bridesmaid, Miss Betty Myers, wore a ballerina-length gown of rayon taffeta and net in turquoise blue shade, with fitted draped bodice and full skirt of net over taffeta. Her headdress was of net in matching shade and she carried a nosegay bouquet of pink carnations and fern.

Mr. Roy Garnett attended his brother as best man.

Gift to the bridesmaid was a musical powder box, and to the best man an electric bedlamp.

Mr. W. T. Garnett, brother of the groom, and Mr. Charles Farkash, brother of the bride, ushered the guests to the pews marked by white roses.

The wedding music was played by Mr. W. B. Elford and during the signing of the register Mrs. E. Edey rendered the solo "All Love Be Thine".

Following the ceremony a reception was held in the parish hall which was decorated with vases of flowers.

Mrs. Farkash, mother of the bride, received in an afternoon frock of royal blue rayon crepe, with hat of lilac straw trimmed with veiling and flowers. Her corsage was of pink apple blossom and fern.

Mrs. Garnett, mother of the groom, was dressed in afternoon-length navy blue rayon crepe, with hat of navy and white straw, trimmed with veiling and flowers. Her corsage was of coral-shaded apple blossom and fern.

A three-tiered wedding cake, banked in pink tulle, centred the bride's table which was laid with a white linen cloth.

Mrs. Winnifred Barlow was in charge of the guest book.

The toast to the bride was proposed by Mr. E. T East, who, in his own words, "had known Julia as a nice little girl, a charming young lady and today a beautiful bride". The toast was replied to by the groom.

A congratulatory wire was received from the groom's sister Miss Anne Garnett of Kamloops B.C. and a cable wishing the young couple much happiness from the groom's aunt Mary of London, Eng.

The happy young couple left later via C.N.R. from Wainwright for a honeymoon trip to the Pacific coast. Going away the bride wore a tailored suit of soft grey wool with pink nylon blouse and hat of pink straw, veiling and flowers. Her topcoat and accessories were in navy blue and her corsage was pink apple blossom and fern.

On their return they will make their home on the groom's farm in the Basswood district.

Out of town guests included Mr. and Mrs. Gilholme, Miss Gilholme, Messrs. Richard and Robert Gilholme, Mr. Walter Miller, all of Edmonton.

## Funeral Services For Streamstown Farmer Held On Thursday

Funeral services for the late William Donald Rutherford of Streamstown are being held this Thursday afternoon March 25 at 2 o'clock at the Marwayne United church. Interment will follow at the Marwayne cemetery. The Rev. Sneddon is officiating.

Mr Rutherford had reached the age of 83 years and leaves to mourn his loss his sorrowing wife, one son William of Grand Centre, two daughters Mrs J. R. Thompson of Kitscoty and Miss Annie at home. There are four grandchildren.

Moyers are in charge of arrangements.

## NEWS from CLANDONALD

The remark is frequently heard nowadays that the past winter has been the mildest for many years. Although the severe cold snap in January would lower the average temperature for the past four months considerably, it was of comparatively short duration and the weather before and since has certainly been very good to us. Considerable trouble lately has been experienced with mud and slush freezing to the under parts of motor vehicles until the weight would amount to several hundred pounds.

Each week would seem to be the last of the curling season but news seems to be cropping up. Recently two local rinks skipped by Bill Specht and Clairmont Laird were successful in lifting the Derwent Shipping Assoc. trophy from Dewberry where it has been held for several years. A reported endeavor by two Derwent rinks to lift the cup from here has not yet materialized. Great excitement was in evidence around the rink the week before last, the event being the Jr. spiel. According to all reports the grown-ups enjoyed the affair almost as much as the juniors. One casualty was reported, that of Olga Zaharko who took a bad fall when struck by a rock which she did not see in time. Last reports are that her injuries are not serious.

DISTRICT RESIDENTS ILL

Several district residents have been in hospital recently for several days. Mrs. Leon Roberge is again undergoing treatment and may be a patient for some time yet. Others who are now home were Mrs. Mick Convey and Eileen Stockwell. Pat Conlon, well known around here, and another patient, was expecting to go to Edmonton for further treatment at last report.

ANDERSON WINS ELECTION

It would appear from latest election reports that John Anderson received a substantial majority in the municipal election on Saturday and will be the councillor for this division for the next three years. Johnny is well known here and his activities in his new office will be watched with considerable interest.

The almost extinct Whooping Crane spent it's summers in the Northwest Territories and its winters in Texas.Quick Canadian

W. G. GILES & SONS

## Local News of Interest

A rink of Vermilion curlers composed of E. M. Stewart, Darrell Currah, Roger Rowe and Gordon Ross are playing in the Red Deer bonspiel this week. The central Alberta town is using 14 sheets of artificial ice and have 128 rinks entered.

The Standard re-write man had a lapse last week and credited Mrs. V. Winters of Claysmore with having a new two ton Dodge truck. The original copy from our Claysmore correspondent read "new two-tone Dodge" and that is just what Mrs. Winters is driving.

*BORN* To Mr. and Mrs. Fenton MacHardy at the University hospital on March 14, a son Gregory Bruce, weight 8 lbs., 11 oz.

Misses Marion Pilkie and Audrey Watts were visitors in town over the week end from the Royal Alex hospital in Edmonton.

Quite a number from Vermilion and district are in Edmonton this week attending the spring livestock show and sale. Among them are Mr. and Mrs. Clarence Wilson, Mr. and Mrs. W. L. Robinson and family, Mr. Manson Barr and some of the children.

Vivian's Style Shoppe was omitted from the list of those donating prizes to the Buffalo Coulee bonspiel.

Mr. and Mrs. Sheldon May announce the engagement of their eldest daughter Margaret Katherine May to Edward Rustand, only son of Mr. and Mrs. Rustand of Lamont. The marriage to take place in the First United church, Vermilion, at 11 o'clock in the morning of Friday April 9. A reception will be held in the afternoon from 2 to 4:30 o'clock.

Mr Herbert of the Edmonton postal service, has been transferred to Vermilion and has already commenced his duties as assistant postmaster here. Mr. Herbert was accompanied to town by his wife and three children.

Crocii in full bloom were seen by Lillie and Olga Jacula on Sunday March 21, thus suitably ushering in the first official day of spring.

Following their return from Vancouver, Los Angeles and other coastal points Mr and Mrs. J. Foster Irwin and Barry of Uranium City, Sask., visited at the week end with Mr. and Mrs. S. Irwin and Mrs. Dave Maltais and family of Kitscoty, also Mr. and Mrs. Jack McLaughlin of Vermilion and Mr. and Mrs. Eddy McLaughlin of Mannville. The visitors were accompanied back to Edmonton by Mr. and Mrs. M. Cormier and Elaine who were also guests from Edmonton.

NURSES TO MEET

In loving memory of
*ALBERT PORTER*
—A devoted husband and father who passed away March 30, 1936
"At Rest."

## THE STAGETTES

Just a quick note to Stagettes to be on deck. Long's Drug store deck, Tuesday night at 7:30 wearing low shoes and a little cash in your pocket. Sounds like a big night is in the offing. They say you'd better be there. Oh, if any of you have access to a car just let Berna know will you?

Soon now we'll have dance tickets for you people who like to dance at Stagettes Cotton ball. That's coming up on May 4th so just keep it in mind eh? (As if you could forget as long as there is a Stagette around) That's all for now but I'll be back.

## Showers Held For March Bride

On Friday afternoon March 12 a miscellaneous shower was held at the home of Mrs. Jim Thompson in honor of Miss Julia Farkash whose marriage to Mr Noel Garnett took place on Wednesday March 17. During the afternoon 25 ladies gathered and contests were enjoyed, the guest of honor being winner of the 'lost partner' game, and Mrs Terry, Mrs. Sturt and Evelyn Thompson tieing for 'Guessing Noses' contest. Mrs Sturt being the winner on the draw.

Julia was presented with a huge array of beautiful and useful gifts for her new home and after the unwrapping at which Miss Myrtle Terry assisted Julia thanked all for the presents and for the good wishes. Included among her gifts was one from the Chatsworth Country club.

A social hour over the teacups was then enjoyed, with a tasty lunch served by the hostess and her helpers.

Miss Julia Farkash was honored at a shower held at the home of Mrs. A Barnwell of town, when a number of ladies gathered to shower her with gifts and wishes for future happiness. A social evening was enjoyed and the gifts presented were displayed by the guest of honor. Julia expressed her pleasure and appreciation of gifts and good wishes. A delicious lunch was served by the hostess at the close of the evening.

A shower of gifts was tendered Mrs. Scott (nee Evelyn Patterson) a bride of last month, at the home of Mrs. Jim Thompson on Friday afternoon March 12, including a group gift with the best wishes of the Chatsworth Country club. Every good wish for future happiness and success is extended to Mr. and Mrs. Scott.

## Mannville Locals

Mrs. L. Colburn has returned to from Edmonton. She attended the Grand Lodge of Alberta of which she is an officer

Word has been received that Miss Janis Whitson of Vegreville has won the Rotary Scholarship which entitles her to a trip to Ottawa. Congratulations Janis

Miss Maxine Leitch of Edmonton spent the week end with her parents Mr and Mrs Ross Leitch

Mr Joe Kwong the genial proprietor of the London Cafe left last week for Hong Kong. Some of his family is still there

Mrs W Osborn spent a few days in Edmonton last week visiting with her sons and other relatives there

Mr and Mrs. Warren and Mr and Mrs. Lawson of Vegreville journeyed to Mannville last Saturday and Mr. Warren called for a square dance in the Orange hall. There was a good attendance about nine squares.

A number of Mannville Square Dancers gave a demonstration of modern square dancing in Minburn on Monday night. April 2 will be the next night that a caller will be in Mannville.

Anyone having local news of interest for the Mannville news column please give Edith Johnstone a buzz as it is hard to see everyone that is visiting or who is having parties, etc

Mrs R. E. Cain is a patient in the local hospital with a broken hip. She will be there about a [illegible]

Mrs. A Hubbard entertained 8 young people to dinner on Friday evening in honor of her son Bruce's 21st birthday

Congratulations to Mr and Mrs. Cliff Hamilton of Dewberry on the birth of a daughter in the Vermilion hospital. Cliff and Deane are former Mannvilleites.

Mr and Mrs Bill Smith motored to Edmonton on Wednesday of last week to attend the banquet and concert of the Grand Lodge.

## Albert Hobden And Miss Minnie Malka Wed At Lloydminster

Grace United church, Lloydminster, was the setting for the recent wedding of Miss Minnie Malka, daughter of Mr. and Mrs. M. Malka of McLaughlin, and Mr. Albert George Hobden, son of Mr. and Mrs. J. Hobden of Vermilion. Rev. Mr. Morrison officiated.

Given in marriage by her father the bride wore a gown of net over taffeta styled with lace bodice and lily-point sleeves. A Juliet cap held in place her fingertip veil and she carried a cascade bouquet of red roses.

The bride's sister, Miss Anne Malka of Edmonton, was her only attendant wearing a gown of blue nylon net over taffeta with lace jacket and matching bandeau. She carried a bouquet of pink carnations.

Mr. Arthur Hobden of Calgary was his brother's best man and the ushers were Mr. Ernest Livingstone and Mr. Roman Malka.

Miss Shirley Nelso[illegible] of Edmonton was soloist and Mrs. A. Morrison was organist.

At a wedding supper for 40 guests in the Prince Charles hotel, the bride's mother received her guests wearing a grey suit complemented with pink accessories and a corsage of pink roses. The bridegroom's mother complemented her grey suit with mauve accessories and a corsage of red roses.

Rev. Mr. Morrison proposed a toast to the bride.

For a wedding trip the bride donned a blue wool dress with white accessories. Her corsage was [illegible]

Mr. and Mrs. Hobden will make [illegible]

## SCHOOL PUPILS PRESENT CONCERTS AT MANNVILLE

MANNVILLE. - The school auditorium was filled to capacity for both nights of the school concert, and all those present were agreed that the pupils had been exceptionally well trained. The program opened with a Western Jamboree by the Grades 5 and 6 pupils of Mr. Kott. Barry Smith as M.C. of Station BLO made an excellent job of presenting his entertainers. The boys and girls were in western garb, complete even to six shooters which made plenty of noise.

The Ribbon Drill by the girls of Grades 7 and 8 which followed, [illegible] The girls with their various colored ribbons and with matching corsages and ribbon bandeaus went through a very intricate and pretty drill in perfect time to the music.

The boys of Grades 7 and 8 gave a demonstration of club swinging. The five boys on the stage were exceptional in their timing and their handling of the clubs.

It might be mentioned here that all the accompanists to the various acts were also pupils. When change of stage was necessary Mr. Doherty told Irish jokes that he had stored up for the occasion.

Two numbers, Parade of the Wooden Soldiers and Whispering Hope were sung by the pupils of Mrs. Ross of Grade 6. In the first number six boys dressed as toy soldiers marched around the stage, adding much to the song.

It was impossible to see those in the Rooster Drill, hteir faces being covered by huge beaks. But the costumes and the antics of the girls made for much merriment. This act had been prepared for the school carnival which had to be called off, but it was still a big hit on the stage!

A short play entitled "A Full House" was presented by pupils of Grade 8. This was a comedy and was very well played. The scene was a boarding house and the lady of the house was finally satisfied with the boarders that came to stay

The "Irish Lilt" performed by Grade 9 girls was a delight to watch. The girls in their green skirts gave a wonderful demonstration of that old favorite.

The boys came into their own again in the next act. Pupils of various ages and grades gave a demonstration of tumbling. They were trained by Mr. Misik and Mr Doherty. This act which showed excellent training was given an added bit of enjoyment by the antics of the Clown, the children present especially enjoying his clowning.

Pupils of Mr. Rostron danced one of the modern square dances and it was a pleasure to see these boys and girls go through the dance so perfectly.

Last but not least on the program was the High school chorus. The first number, 'A Little Bit of Heaven' was sung by the girls. In the second number, 'Who Threw the Overalls in Mrs. Murphy's Chowder?' the girls were joined by the boys. The third number was 'Sleighride' and was sung in part by the girls. This large group of young people gave an excellent rendition of the three numbers and are a credit to their leader and director Miss Nelson.

This was altogether a wonderful evening's entertainment. In fact it is impossible to put into words the thrill and wonderment of watching these school children perform. There were well over 150 performers on the program and they were all very well trained. The teachers are to be congratulated on the work that they have done with these pupils. The results are gratifying

## Death of Old Timer At Kamloops

Word has been received here of the death at Kamloops B. C. of David Burger, a former old timer of the Vermilion district. He resided on the present Walter Walker farm prior to 1920.

## Another Big Egg

A hen's egg measuring 9¾-in by 7 inches was produced by a hen on the Percy Golby farm at Islay. The hen was just an ordinary one of no particular pedigree, just an offspring of mixed fowl. The egg itself contained three perfect yolks all of normal size.

## Chatsworth Chatter

Although we had a very nice day for the official opening of spring, March is continuing to be rather unpleasant but we should be able to endure it as April will soon be with us. Hereabout we haven't seen crows or gophers yet (it must be that they prefer Pleasant Valley country!)

Roads are quite dry in places, but each new snowflurry makes them a bit more slippy on ice patches, and a little muddier where they haven't dried. However, we can't complain as at this time of year we're usually digging out of our worst storm of the season.

Mrs. Randolph Hutchinson was a recent visitor to Edmonton.

Also visiting the city were Mr. and Mrs. Arthur Tovell, and Mr and Mrs. Jim Panter

The March meeting of the Chat. F. U. A. local was held at the home of Mr and Mrs. E. T. East, with a goodly number in attendance. The April meeting is to be held at Jim Thompson's on the 12th, (the second Mon. of the month)

Mr and Mrs Ernest Fowler, of Edson, were visitors to the town and district the weekend of March 12th to 15th.

We regret to hear that Mrs. Patterson is still confined to hospital and hope that she will soon be out

Mr. and Mrs Steve Sturt celebrated the 22nd anniversary of their wedding on Tuesday, March 23rd. We wish them many happy returns of the occasion.

Orlo Hutchinson and Alberta have travelled east to Ontario on a holiday trip, leaving three weeks ago. They went by bus but Orlo plans to bring back a new truck, and the return trip will be made in that

Mrs. Victor Marshal, of Edmonton is visiting her mother, Mrs. McGaughey, and brother Jimmie, of town, this past week end

The February meeting of the Chats Country Club was held at the home of Mrs. Jim Thompson on the 25th, with 11 members in attendance. It was decided not to send old woollens for blankets this year, as there was not sufficient to make up a shipment worth while. The nickle draw was won by Kay Good, and the social by Myrtle Thompson, these being donated and supplied by Evelyn Thompson. The March meeting is to be held at Mrs. Morton Tovell's on March 25th. the lunch committee is Mavis, Myrtle May and Evelyn. The Sick Committee reported flowers and cards sent to sick members and it was hoped that Mrs Patterson would soon be able to re-join us at our meetings. The meeting was adjourned with the usual visit and the serving of lunch by the hostess and the lunch committee

On Friday, Mar 19th, a social evening was held at the school under the auspices of the F. U. A. Local. There were seven tables of whist, the winners being Leo Klashinsky and Ivan Davis, (tied), and the ladies' 1st taken by Jimmie McGaughey, playing as a lady. Sixteen hands were played after which lunch was served and bingo also enjoyed. Approximately $10 was added to the treasury, and every one enjoyed the get together.

You folks who missed our last contribution of "Chatter" somehow it got side tracked, and appeared under the "held over from last week" Clandonald news (Feb 25th). So why don't we read ALL the news? The other guy's column can be just as interesting

Funeral Services of Late A. E. Shortell

# Old Timer Laid To Rest At Marwayne

Friends and neighbors were saddened recently by the death of Mr. Arthur Ernest Shortell a well known old timer of the Marwayne district who passed away at the Vermilion hospital on March 12th. He had been in failing health for some time and was taken to hospital on March 8. Mr Shortell had reached the advanced age of 90 years, 5 months and 12 days.

The deceased came from England in October 1903 accompanied by his wife and family of four children. He took up a homestead on April 4, 1904 in what is now the Marwayne district and had resided there ever since, living on the original homestead land in the summer and residing with his daughter during the winter months. His main hobby since retiring from farming was bee keeping, and in helping his friends and neighbors care for their bees.

He was predeceased by his wife in September 1930, one son in July 1948 and by one daughter in 1915. Left to mourn his passing are two daughters, Mrs. W. Hardstaff of Lloydminster and Mrs. C. Johnson of Marwayne. There are ten grand children and 17 great grandchildren.

Funeral services were held in the Marwayne Anglican church with interment in the Marwayne cemetery. The Rev Mr. Woolier officiated and gave a very comforting message to the mourners.

The organist was Mrs. George Patnoe and the hymns sung were "Jesus, Lover of My Soul" and "Rock of Ages Cleft for Me".

The pall bearers were Messrs. W. Curtis, G. Berry, W. Ashworth, H. Tupper, A. B. Hancock and Paul Karzmarzak.

Floral tributes were received from the following:

In loving memory of dear Dad, Emily and Wallace;

In loving memory of dear Dad and Grandad, Nora, Carl, Ernest, Donald, Andrew, Elvina;

With deepest sympathy, Bertha, Mary, Art and girls;

In loving memory of a dear Grandad, Gert and Gunner; Violet, Jim, Marlene; Olive, Wally and family; Joy Harold, Terrie, Lee; Elsie, Jack and family.

Anglican Church Building fund: Mr. and Mrs. Ted Allan and family; Mr. and Mrs. Mike Golinowski; Mr. and Mrs. W. Curtis.

## Pleasant Valley

Spring is here, the birds are coming back with their songs, the crocus buds are up just waiting to burst open.

The district seems to be quite lively these days, quite a lot of visiting is going on.

The Maxwell family from Vermilion were supper guests at Mr. and Mrs. Gordon Gould's on Sunday. Thirteen sat down to a turkey feast. Visitors from Lloydminster were guests at the home of the writer.

Monday night, the Reid family, Yours truly and Mrs. Gillies were at Betty Goulds celebrating one year old Kenny's first birthday.

Mr. and Mrs. Munro, Albert Dupruit, Mary and Clifford Beck were supper guests at Christie Gould's last week.

The men are talking seeding, the ladies topic is house-cleaning and chickens. Annie Clark is rushing the season with a nice bunch of chickens.

Mr. Bowner had a bad fall and best wishes go to him for a speedy recovery. Lila also fell and broke all the eggs, that was bad luck too. It has been very slippery of late but has gradually thawed and we have also had some wet snow.

Mr. Mercier has returned from the east after being away all winter. He thinks that there is no place like the west and home is best.

The first coal exported from North America was mined in New Brunswick.—Quick Canadian Facts

By Shirley Holme, Wainwright, Alberta

# News Notes From Your District Home Economist

SEWING SECRETS

Here are a few tips to the home seamstress:

Buy fabrics of good quality, that are easy to care for.

To prevent stretching material you are sewing, remember to start to sew at the widest opening and sew towards the smallest. For example, sew a side seam from the hemline to the waistline.

To construct a dart that will not pucker at the point, do not sew it to a point but make two or three stitches right along the crease line.

Press as you sew. Waist line and shoulder darts are pressed toward the center of the garment.

Underarm and elbow darts are generally pressed downward.

On heavy fabrics darts may be slashed through centre and pressed open.

If you have a wool slip cover for your ironing board, and press mitt, it is easier to press a wool suit or dress without leaving glossy marks on the right side. Wool jersey makes a good cover because it stretches and fits your mitt well.

Use two strands of elastic thread as a basis for thread covered belt-keepers or button loops. Cover these with thread to match the fabric using a buttonhole stitch.

COOKING EGGS

Do you 'hard cook' or 'hard boil' eggs? Eggs should always be cooked over a low heat because a high temperature makes the egg white tough. Start the eggs in water heated to just below boiling and continue cooking at this heat. If you have a wood or coal stove set the eggs toward the back of the range until they are cooked. Time 12 to 15 minutes.

A TASTY TOPPING

A tasty topping for ice cream, custard or cake—

To dress up ordinary ice cream as a company dessert try this pineapple sauce:

In saucepan, combine one No. 2 can crushed pineapple, undrained; ½ cup white after dinner mints; and 2 tablespoons of granulated sugar. Cook over low heat 25 minutes or until thickened. Cool — makes 8 servings.

'Entertainment Refreshments' is a pamphlet that may give you some new ideas for entertaining. Write or phone for them.

Only "Ceresan" M has a Record of Superior Performance

In recent agricultural tests, "Ceresan" M, containing volatile mercury, was the only seed disinfectant which gave fully satisfactory control of both smuts and soil born diseases on wheat, oats, barley and flax. For over 19 years, "Ceresan" M seed disinfectant has given superior disease protection to seed grain. Constant tests prove "Ceresan" M effective for control of smut in grains and for protection against both seed rot and seedling blights.

## Sixteen Years Ago Today

March 24, 1938

R. H. Norton purchased the I.H.C. machinery agency from W.E. Mackenzie and Son.

The curtain was rung down on the hockey season with a banquet at the Brunswick. The financial statement revealed that the club had a bank balance of $18 and had purchased a new set of uniforms as well. Stan Waldenberger had coached the team during the season.

Norman McClellan was re-elected reeve of Vermilion Valley M.D. and Hiram Hodgins reeve of Grizzly Bear M.D.

Fine spring weather prevails and cars from every part of the district are now able to negotiate roads in to Vermilion.

A few ardent golfers got in their first drives of the year on Sunday afternoon March 20. They report that eight of the nine holes are playable.

## Thirty-two Years Ago Today

March 22, 1922

Jack Landon of Landonville let the contract for a new building to replace the store destroyed by fire recently.

Allandale school now has a new piano.

Maddex Bros. of Greenlawn were advertising a big sale with Archie Campbell as auctioneer.

Harvey Bros. were advertising new Ford cars with illustrations.

Sales were numerous with several auctioneers prominent including Ernie Moore of Islay, W. J. Casterton, Archie Campbell and A. M. West

# Health Unit Notes

YOUR CHILD'S SIGHT IS YOUR RESPONSIBILITY

Your child's sight is of such great importance that every consideration should be given to its care. If his eyes are injured or inflamed, get medical treatment at once and do not delay with home remedies. Bathe his eyes with clean water if dirt gets into them.

If your child has poor vision he is facing life with a definite handicap. He becomes clumsy and unable to compete well with other [illegible]. He may seem hesitant and slow, awkward and even 'stupid' when all the time the trouble is poor eyesight. Many a child has been unjustly branded as backward because his eyes are not up to their normal level of ability.

[illegible]

The important thing to remember is that your child will not complain of poor sight. He doesn't know he is not seeing as well as he should and the parents usually do not realize that their child cannot see normally.

POOR VISION COMMON

Recent surveys in our Canadian schools have shown that about two out of five children in kindergarten and grades 1 and 2 had eye trouble of one kind or another. Most children are long sighted at birth. As the eyes develop the vision tends to become normal. If the long sightedness persists, glasses are necessary to give normal vision and to prevent the development of cross eyes.

If short sightedness develops it comes on usually at about 4 or 5 years of age and may increase up to the age of 16. Short sighted children must wear glasses all the time. They should not try to read small print or hold their work close to their eyes.

GOOD LIGHTING IMPORTANT

Make sure that good light is always available for your child doing home work or reading and he should not be allowed to read in bed or in poor light. Many homes are poorly lit and this adds to his [illegible].

If your child squints (one or both eyes turn in, up or down) or blinks, has marginal redness on his eyelids, is clumsy when playing, holds things too close in order to see them, then he is showing signs of eye trouble. Be on the alert for any of these symptoms and when in doubt consult your doctor or local health clinic and follow their advice.

CROSS EYES IN CHILDHOOD

The great majority of cross eyes (squints) make their appearance between the ages of 2 and 4 years although some cross eyes are present from birth and a few cases develop during school age and in adult life. About 3 percent of children have cross eyes. All cross eyes can be straightened either by glasses and other medical means or by operation.

The cross eyes which develop between two and four years of age cannot only be straightened but normal vision restored in most cases if the treatment is begun soon enough. The squints that come on between 5 and 12 years of age are usually easier to treat successfully.

The cross eyes present from birth can only be straightened by operation and normal vision cannot be expected.

WHAT TO DO ABOUT IT

Take your child to a medical eye specialist as soon as the squint is noticed. No child is too young for treatment. Those cross eyes which are caused by certain types of poor vision may be prevented by the fitting of proper eye glasses at an early age before the squint develops. That is why doctors advise that your child should have his eyes examined as soon as he is old enough to walk. Where the condition has already shown itself glasses will cure it in many [illegible] neglected cross eyes [illegible] most frequent cause of [illegible] blindness. Other steps the [illegible] may decide [illegible] [illegible] of [illegible] [illegible] of both.

Remember a child will not complain of poor vision [illegible] knows no better. He w[illegible] play as if normally [illegible]

first indication of trouble may be the occasional turning inward of the eyes, but unless medical advice is sought early, many cases of poor vision are not detected until long after the child enters school. He may make poor progress because he can't see the blackboard well. If he has to strain to see it, then he will get headaches and other symptoms of eye strain.

Cross eyes are a definite handicap. The child tends to become shy and self-conscious when he learns that his eyes are different from those of other children. When he grows up he will resent it deeply when he learns that his eyes could have been straightened and normal vision probably restored if his par[illegible] had taken the proper steps in time.

Every cross-eyed [illegible] should have this good chance of cure. No child is too young for eye treatment and if the treatment is to have a good chance for success, it should never be delayed.

BABY & PRESCHOOL CLINICS

Monday, March 29 - Legion hall Vermilion, 2 to 4 p.m.

Thursday, April 1 — Derwent school 11 to 12 noon.

Thursday, April 1 - Clandonald school 2 to 4 p.m.

Friday, April 2 — Dewberry school 2:30 to 3:30 p.m.

IN THE ALBERTA LEGISLATURE

## Education, Tax Concessions, Social Credit Monetary Theories

EDMONTON.—Five of four half-day sittings of members of the Alberta legislature last week were devoted to matters of education. Members of the legislature's committee on education heard the views of about a dozen organizations and more were to appear this week before assessing what it had heard and what can be added to or deleted from the legislative program to meet the inadequacies claimed by the various representatives.

Debate on the budget, brought down by Premier Manning more than a week ago, got away to a slow start with one afternoon session consumed by the education committee and another devoted entirely to debate on Social Credit theories of monetary and credit reform. It was expected that night sittings would be required this week to speed the debate on the budget, which must be passed before the end of the fiscal year, March 31st.

SUPPORT FOR 6-WEEK COURSE

Support for the department of education's proposed six-week training program for teachers who would take classrooms where there are no teachers now, was voiced in the education committee hearings by the Alberta School Trustees' Association and the Farm Women's Union of Alberta.

OPPOSITION TO COURSE

Opposition came from the Alberta Teachers' Association, the Federation of Home and School Associations and the University of Alberta, to name some of the larger organizations.

Financial maters were dealt with by the Union of Alberta Municipalities, which felt that greater assistance by the provincial government would leave the municipalities more money with which to attend to new fields of responsibility which are falling to them.

LIBERAL LEADER SPEAKS

Liberal leader J. Harper Prowse's criticism of the government's proposed budget rested on his contention that of the revenue expected in the coming fiscal year more than $100 million will come from "ordinary taxes and levies on the individual citizens of Alberta". He called for the reduction in some of the taxes collected by the government.

"I suggest, that the time has come when we can give some relief to the motorist", said Mr. Prowse.

$5 CAR LICENSE FEE

He suggested a flat $5 fee for private passenger cars and farm trucks. The saving to motorists he estimated at about $2,000,000 a year, while the income which would be derived, more than $1,000,000, would be adequate to take care of administration.

Mr. Prowse also wanted the abolition of what he termed "the obsolete and discriminatory" increment tax administered under the Land Titles Act. He said it hits the person who wants to sell farm property and benefits no one. The abolition of the amusement tax was another of Mr. Prowse's requests. It is expected to bring the government $1,100,000 in the coming year.

For the municipalities, the Liberal leader wanted the government to set up a central purchasing agency for road construction and maintenance machinery, on which the government pays no federal sales and excise tax but on which the municipalities do. He also wanted the government to allow municipalities to obtain tax-free gasoline for use in their vehicles.

"The tax concessions I have recommended," he said, "will not cause any dislocation of provincial income nor interfere in any way with the government's ability to provide services above and beyond those which they are presently providing. But I suggest that the aggregate of taxes which people are called upon to pay today has gone beyond the limit."

SOCIAL CREDIT THEORIES

The other major activity of the week was last Thursday's debate on a resolution moved by Social Credit members, asking the Federal government to extend money and credit to which was added an amendment and sub-amendment, making it clear that what is wanted is implementation of Social Credit theories in Canada. The debate, which was not concluded last week, featured accusations and shouts by members and calls for order from the Speaker, Hon. Peter Dawson, Social Credit member for Little Bow. At one point he threatened to adjourn the assembly if the members refused to curb their tempers and remarks. There seemed little doubt as to the outcome of the resolution. The Social Credit majority will see that it is passed. Social Credit members [illegible] opposition claims that they are insincere in advocating monetary reforms or that the resolution would be passed because members felt sure they would not be implemented.

## Paradise Valley

Ladies curling took front page news in the sporting world hereabouts during the past week. On Tuesday evening two rinks from Rivercourse came over in quest of the Beaver Alberta Lumber cup skipped by Mrs. Seven and Mrs. Garton but were not successful and again on Friday night two rinks from McLaughlin also made their bid for the silverware but again the rinks of Mrs. Davidson and Mrs. Hoskins turned back rinks skipped by Mrs. A. Elliott and Mrs. C. Elliott. So now the local curlers will have to polish up the cup again.

Mrs. Inkin who has been visiting with her daughter and son-in-law Mr. and Mrs. A. L. Johnson has returned to her home at Irma.

Mrs. R. Smith, Mrs. C. Beckett, Mrs. F. Henry, Jack Clarke and Wilfred [illegible] left for Drayton Valley during the week to visit with William [illegible]

VALLEY MAIDS C. G. I. T.

March 3rd meeting was held at the home of Marion Heigate. 13 girls were present. Devotional was led by Gloria and Joan Elliott and Shirley Anderson. Mrs. Davidson and Eva Brassington introduced a short program on a book we will be taking up called "Out of This World". Mrs. Gunn appointed Grace Stoddart, Sharon Walters, Helen Krawchuk, Shirley Wiley and Gloria Baxter to give a demonstration at the next meeting on "Canada's Food Rules". A demonstration on table manners was carried on with all the girls partaking. A very delicious lunch was served by Marion and her mother.

Miss Beatrice Kragness who is attending McTavish Business college at Edmonton spent the week end with her parents Mr. and Mrs. E. L. Kragness.

Mrs. Glen Henry and Mrs. Frank Brassington entertained the United Church W.A. in the church basement Friday evening. There were 25 members present. The meeting opened with the Service of Women's World Day of Prayer. The ladies passed a motion to give $25 to the local Legion for the Iron Lung campaign. The members also decided to try catering to weddings. The next meeting will be held in the church basement Friday April 2 with Mrs. W. Stoddart and Mrs. D. Davidson as hostesses.

Mr. George Wolrove an old timer of the Clare district but now of S. Edmonton was down over the week end looking things over. Mr. and Mrs. McLoughlin and family of S. Edmonton have moved onto the Wolrove farm.

## Vermilion Youngsters Sweep Classes At Edmonton Livestock Show

A group of Vermilion boys and girls swept the junior classes at the Edmonton Spring livestock show last week, and once again focussed attention on Vermilion as a district in which good farmers and prime livestock predominate.

Heading the list of winners was ten year old Keith Barr, son of Mr. and Mrs. Manson Barr. Keith won first in the boys and girls Hereford calf class. He then went on to win the overall championship in the junior competitions over 50 entries. To top it off he was awarded Grand Champion of the show.

The judges were high in their praise of this calf, stating that it would stand up well in competition anywhere. The prize calf was bred by a J. C. Tucker bull and was raised right on the Barr farm. The calf was later sold for $1.15 per lb. and weighed 830 pounds.

In the Shorthorn classes Billie Robinson won second, Betty Robinson third and Hazel Barr fourth.

In the open medium weight class a class in which competition was very numerous and keen, Robert Barr stood second and Larry Ilchuk annexed 7th.

Robert Barr also won second for the best Shorthorn of the show.

JUDGING COMPETITIONS

In showmanship competitions Bill Robinson was first. In the junior judging Hazel Barr was second in the girls class while brother Bob was 4th in the boys division.

Numerous special prizes were also won by these young stock fanciers.

In the senior events W. L. Robinson was second with a Shorthorn bull while Williams Bros. stood well up with two groups in the commercial classes. There were heavy entries and keen competition in this class also.

Keith and His Calf

After taking top prize in the Hereford section of the junior competitons at the Edmonton Spring stock show last week, ten year old Keith Barr's entry went on to win the over-all championship in the junior competitions over fifty other entries, and the grand championship for the best beef animal of the show. The calf weighed 830 pounds and was sold for $1.15 per pound. Judges were high in their praise of the calf which was bred by a bull of J. C. Tucker's and raised right on the Barr farm.

## 900 Visitors Throng V.S.A. For Achievement Day And Little Royal

Interest in Agricultural education as taught at the Vermilion School of Agriculture appears to be more widespread than ever before if the 900 visitors, including many departmental officials, District Agriculturists and 4-H Club members, can be taken as a criterion. The occasion was the Achievement Day and Little Royal on Wednesday afternoon.

'Achievement Day' is an important occasion at the V. S. A. It represents not only the drawing to a close of the school term, but the climax of the year's activities. It is the student's opportunity to show their parents and the public generally what they have accomplished in the five months they have been at the school.

The boys display projects in woodworking, carpentering, welding, blacksmithing and now electrical wiring, while the girls have displays in sewing, cooking, home nursing and handicrafts. Practically every course has a display to represent that which has been taught during the term.

DISTINGUISHED VISITORS

Included among the notable visitors present were Dr John Bowland Dept. of Animal Science, University of Alberta; J. M. Fontaine, District Agriculturist of Edmonton; Mr. R. Putnam, Assistant Deputy Minister of Agriculture and Supervisor of Agricultural schools; Miss Betty Tomlinson CBC commentator; Everett McCrimmon, Director of the agricultural radio broadcast, "Call of the Land".

Another healthy sign for the future of agricultural colleges was the very large attendance of junior farm clubs. For instance with District Agriculturist Larry Williams of Sedgewick were no less than 125 4-H Club members. While this was the largest group from any one area, there were many other districts represented by junior farm members.

District Agriculturists and Home Economists were very much in evidence.

THE LITTLE ROYAL

Held in conjunction with Achievement Day is the Little Royal. Each member of the graduating class in Agriculture, prepares, grooms and trains an animal for the show ring. It may be a cow from the school dairy herd, a beef animal from the school farm, or a pig, a sheep or a horse. These animals are all judged at the Little Royal, not for quality as in the ordinary show ring, but rather for the way they handle in the ring. In other words the boy who has done the best job of show ring training receives the red ribbon. Judges for this event were J. M. Fontaine and Dr. J. P. Bowland.

Standing at the tops of their various classes were the following students:

Swine — M. Breckenridge of Coleman.
Sheep — L. Montpetit, Legal.
Herefords — R. Rippel, Fort Saskatchewan.
Dairy Calves—J. Dalheim, Onoway.
Shorthorn — B. Harrison, Tomahawk.
Holstein Heifers — D. Werner, S. Edmonton.
Aberdeen Angus — C. Holt, S. Edmonton.
Dairy Cows — J. McLellan, Donalda.
Light Horses — I. MacRae, Hardisty.
Heavy Horses — G. Stafford, Athabasca.

Winning the prize for butchering was the team of Bob Baxter of Jasper and Gerald Patsula of Edmonton.

Achievement Day and the Little Royal thus offer an excellent opportunity for parents of students, prospective students and their parents to become acquainted with the School of Agriculture and Home Economics, to find out what the school teaches, and what it means to the students graduating at this time.

A lovely finale to the day was the serving of tea in the beautifully decorated gymnasium. The gym was no longer recognizable as such but was transformed by the decorations into a restful and luxurious lounge.

## Ladies' Golf Meeting

The ladies annual golf meeting will be held on Sunday, April 4 commencing at 2 o'clock sharp at the home of Mrs. Addie Mead. All ladies are asked to attend and any new members are welcome.

## Hi-School Hi-Lites

Friday, March 26th was a busy day for Service House members at V. H. S. as preparations and plans were being made for the Bobby Soxers' Ball.

Beginning at 8.00 p.m., the dance was off to a lively start with Bob Hemmingway's Service boys' house leader, a variety of novelty dances were enjoyed and by supper time, all were content to rest and hear the service program. Anne Martin, Service girls' house leader, then took over the "mike" as narrator, and portrayed an evening at Joe's Sweet Tooth Candy Bar, beginning with a hilarious one act play "Lovin' Leroy" by Anne Richardson and Harold Roebuck. The Ruffians and Sentimentalists then took over but the kid sisters stole the show.

The High School was very pleased to see so many college students in attendance. We wish to thank them for the many very enjoyable evenings throughout the year at V. S. A. By the way, good luck in those exams!

## Local Red Cross Canvass Slow

Contributions are coming in very slowly to Vermilion and district campaign offices according to Mitchell, Roy and Robson, Chairmen of the local Red Cross Campaign, with the only action worthy of note taking place in the rural areas. As the weather improves the local canvassers will make a determined effort to visit as many as possible and all who do not receive a visit from a canvasser are urged to leave donations with one of the campaign managers. Not more than one quarter of our quota has been reached and the drive will continue until we go over the top once more.

No phase of Red Cross safely can be allowed to lapse. The Blood Transfusion Service, work for crippled children, swimming and water safety, Junior Red Cross, disaster relief, Civilian defence and work for civilian war refugees must continue.

If you have not already given your contribution to Red Cross, then please do so immediately, to ensure that the work of mercy never ends.

## New Postal Rates Effective April 1st

Don't forget to put 5c postage on all mail addressed outside of your own town or district. The change in rates went into effect April 1. The new rates are:

For local delivery, i.e. addressed to Vermilion or Vermilion rural routes — 4c for first ounce, 2c for each additonal ounce;

Addressed to all other post offices in Canada — 5c for first ounce, 2c each additional ounce;

Addressed to Great Britain, the Commonwealth, France, Spain, U.S. and other countries in North and South America, 5c for first ounce, 3c each additional ounce.

All other countries — 6c and 4c for additional ounce.

Postcards - Canada and all other countries, 4c each.

## Farm & Home Members Attend Dinner

The Vermilion Agricultural Society invited all members of the Farm and Home group to a dinner meeting at the Rio cafe last week.

The guest speaker was F.H. Newcombe, Director of Extension Services, Department of Agriculture, Edmonton. Mr. Newcombe is also superintendent of Agricultural Societies for Alberta.

Mr. Newcombe explained that the movement aimed at a long term farm improvement program for each of the co-operators. Each one selected one or two projects each year. These projects can be concerned with livestock improvement, erosion control, planting trees, kitchen renovation or any one of a hundred ways in which a co-operator can add to value of his farm business or to better living.

There are 22 young farmers in this area in the group. Most of them are under the V.L.A. These veterans were enlisted under the program by Loyal Amos and Keith Chalmers, district supervisors for the V.L.A.

Mr. Newcombe expressed himself as being highly pleased with the efforts to date. He said that the group organized by the Vermilion Agricultural Society was outstanding among Farm and Home groups in Alberta. He hoped that the members would continue to support the program for many years.

The chairman, E. H. Buckingham announced that other young farmers in the area would be welcome to join the group. Anyone interested should see Mr. Heckbert the secretary-manager of the Vermilion Agricultural Society or the District Agriculturist.

Two directors of the Agricultural Society, W. L. Robinson and Gordon Ross attended the meeting and District Agriculturist Phiruchney of Vegreville was a visitor.

## BEREAVED BY DEATH OF FATHER

Tom Milligan of Vermilion was bereaved by the death of his father William Milligan, who passed away at Coronado on March 25. He was 76 years of age and is survived by his wife six sons and three daughters.

## Newspaper Bingo

Numbers drawn Tuesday, B-1 O-70.

Numbers previously drawn are B-7, B-9, I-18, I-20, N-44, G-57, O-62, O-68, O-75, N-37, I-19, I-29, B-5, B-10, G-54, O-63, B-4, O-65, O-72, G-59.

I-30, O-67, N-35, G-53, B-13, I-16, B-15, O-73, B-3, I-23, G-49, O-64, I-27, G-55, B-14, O-61, O-66, I-24.

## Renewed Interest Is Vital To Cancer Branch

The annual meeting of the Vermilion Chapter of the Cancer Society will be held in the town hall on Wednesday, April 7 at 8 p.m.

There has been very little interest shown by the people of Vermilion and district in their branch of the Cancer Society. Since statistics show that one out of every five persons in Alberta will be diagnosed as having cancer it is time that the general public took more interest, not only financially but in the welfare work. Volunteer canvassers are needed for the 1954 drive coming up in April.

It is imperative that if the great work of battling cancer is going to continue, that a larger number of men and women attend this annual meeting, especially from the rural areas. The only hope to stamp out this dread disease is through research and most of the money is raised by donations. A dollar membership from every man and woman in the Vermilion district would put the branch over the top on the quota set.

Officers of the branch thank all who have helped in the past and full co-operation would be deeply appreciated again in this year's drive.

## Local School Board Organization Meeting

The Vermilion local school board held their initial meeting for the coming year with newly elected trustees Rev. D. A. Ford, W. L. Roebuck and Ashley H. Cooper taking the oath of office administered by the chairman Mr. Donald Taylor.

Rev. Ford is the newcomer to the Board. Mr. Roebuck is starting on his second two-year term, while Mr. Cooper is an old timer on the body and is commencing his 11th year.

Mr. Taylor, a member of the Board for 17 years, was re-elected to his office of chairman. This period probably represents the longest continuous time spent on one of the town's governing bodies, by any person in Vermilion. For most of those years Mr Taylor has been chairman of the Board. Mr. Ford was appointed secretary.

Attendance reports by the four principals, Miss Oldenberg, Mr. Stewart, Mr. Walker and Mr. Bell who were all present, revealed that present attendance totalled 605 pupils and students.

LARGE BEGINNERS' CLASS

Miss Oldenberg reported that she was now registering beginners for the September term and that to date the number was 81, indicating that the large classes of beginners which commenced some three years ago, is now a normal starting class. Three rooms are required to accommodate them.

The board is faced with installing a heating plant in the high school as that building is presently heated from the central steam plant which may not operate after the summer.

Due to the large beginners' classes continuing an extra teacher will be engaged at the primary level, while a sixth teacher will be necessary in the high school due to the large class of grade 9 students who will be stepping into grade 10 in September. At present there are two full rooms, 55 students in grade 9, 57 in grade 8 and 70 in grade 7 indicating that the expanding school population has now worked up to the high school level.

## Three Plays At Dewberry H. & S.

DEWBERRY — In place of the March meeting of the Dewberry Home and School Association a series of three plays was presented by Home and School members. The first play "Scattered Showers" directed by Mrs Thom was about pre-school children. The second play "Fresh Variable Winds" under the direction of Mr. A. Smith was concerned with 10 year olds while the third play "High Pressure Area" directed by Mrs Thom dealt with adolescents.

After the plays a panel discussion took place. The panel consisted of Mrs V. Snow, Mrs. S. Romanchok, Mrs. R. Huget, Mr. N. Jones and Mr. L. Venance. Mr. A. Smith acted as chairman. A very lively discussion followed and many good points were brought forward.

Another game night will be presented in the school on Friday April 2 at 8 p.m. Everybody welcome.

## Buys Angus Bull

Gordon Larson purchased an Aberdeen Angus bull at the Edmonton show last week paying the second highest price for one of the breed $710. The animal was from the Old Hermitage Farms.

## Graduation At Vermilion School Of Agriculture Next Wednesday

The regular courses at the school of agriculture will close on Wednesday April 7 with the celebration of the Graduation Exercises.

The program will open at 2 p.m. with the Fashion Show, during which members of the Home Economics classes will model garments made by them in sewing classes during the term. This feature of the program always proves interesting, particularly to parents of the girls who are most interested in seeing what their daughters have been able to accomplish in this subject.

The guest speaker for the formal ceremonies will be Dr. H. N. Grace, Director of the Alberta Research Council. The Invocation will be given by the Rev. C. W. MacKay, Vermilion, while Mr. S. S. Graham, Supervisor of the District Agriculturist Service will represent the Provincial Department of Agriculture.

Student interest will centre on the naming of winners of various prizes and awards for achievement during the regular school term. For members of the Graduating class the highlight of this part of the program is the naming of the winners of the Staff medals, while First Year students will be particularly interested in the placing of the Vermilion Board of Trade and V.S.A. Alumni scholarships for greatest contribution to the academic, social, literary and athletic life of the school.

The Graduation banquet will feature toasts to the School of Agriculture and to the Graduating class. The first of these will be proposed by Park Letts of Westlock and replied to by V. T. Janssen of the school staff. J. A. R. Palin of the school staff will propose the toast to the Graduating class which will be replied to by Miss Helen Brown of Vimy.

## Ministerial Sponsors Holy Week Observance

Under the auspices of the co-operating churches of the Vermilion Ministerial Association, special observance will be made of Holy Week by way of joint services on each of four week nights from Apr. 12 to 15 inclusive.

The services will be as follows:

April 12 at the Alliance chapel — Speaker Rev. C. W. MacKay.

April 13 at Salvation Army citadel—Speaker, Rev. D. A. Ford.

April 14 at the Anglican church — Speaker Capt. R. Chapman.

April 15 at the United church—Speaker, Rev. J. T. McNair.

All services will begin at 8 p.m. and it is hoped that many will join in this commemoration of our Lord's last days upon earth, thus observing a "Holy Week". 39-40

## Kinsmen Plan Freezer Bingo

The Kinsmen are sponsoring another of their mammoth bingos and prizes are bigger and better than ever before. The spotlight of this bingo will be on a deluxe 15 cubic foot deep freeze. This will be won by some lucky person in one of the evening's bingo games. There will be 19 other wonderful prizes which are now on display at Macleods store.

Proceeds will be used for the Kinsmen playground and park to be erected this summer.

Remember—
The Time — 9:00 a.m.
The Day — Saturday, May 1.
The Place — Vermilion Armories.

A story of the Home and School meeting held Tuesday evening, and another of the antique exhibit being planned by the Anglican Men's club will appear next week. Watch for them.

## Kinsmen To Build Kiddies' Wading Pool

The Kinsmen of Vermilion have undertaken to build a wading pool for the younger children of Vermilion and district. The pool will have a diameter of 50 feet and will be surrounded by playground equipment.

The Kinsmen bingos are paying for the greater part of this project. Support the Kinsmen Bingos. 39x

## Open Flower Shop

Mr. and Mrs. Wm. Krause have now opened their flower shop in the Kluchka building and the business will be known as "Krause Flowers". Personal attention will be given every order. Easter plants will be on display by April 12.

Mrs. Krause attended a design school held in Edmonton last week by Dales of Brampton, Ont. The guest artist was Mr. Ed Bradley a leading florist of Omaha Nebraska and his work was very outstanding and instructive.

## Al. Locke Elected President Golf Club

The annual meeting of the Vermilion Golf club was held at the Legion hall on Wednesday, March 24 at 8 p.m.

J. R. Robson presented the 1953 financial statement which showed a total membership of 120 and a cash balance of $114.31 and $600 in capital reserve fund.

Dr. A. B. King presented the president's report in which he stressed his comparatively easy task during 1953 when compared with the work of the president when the club was in its infancy. The report showed considerable improvements effected on the course and at the clubhouse.

Election of officers resulted in the following officials for 1954:

Hon. Pres. — Mayor S. C. Heckbert
Past Pres. — Dr. A. B. King
President — A. E. Locke
Vice-Pres.—Roger Rowe
2nd Vice — President of Ladies' club
Secretary — J. R. Robson
Grounds — L. H. Puckett
Team Capt.—G. F. Stephens
Executive at large — Ted Edey, Carman Long, Dr. A. Anderson and one member from the ladies' club and one member from Mannville members.

At the conclusion of the meeting Mr. F. H. Walker presented two films, courtesy of House of Seagram entitled Highlights of International Golf Rules and Story of 44th Canadian Open Golf Championship.

Fees will remain as in 1953, $30 for couple, man $15, lady $10.

## Well Known Derwent Man Passes Away

Farmer of the Derwent district since 1908, Prokop Peter Charchun passed away at the Vermilion hospital on March 30. Funeral services will be held at the Derwent National hall at 10 a.m. Saturday April 3, with prayer service Friday evening at the hall. Interment will be at St. George's Greek Catholic cemetery. The Rev. Father Charkowski will officiate.

Mr. Charchun was born in Poland on July 20, 1882 and was 72 years of age when he passed away. He is survived by his wife, four sons, Tony of Clandonald, Steve, Tom and Joe at Derwent and one daughter Miss Marie Charchun in Edmonton. There are four grandchildren.

Moyers of Vermilion were entrusted with the last rites.

## CANADIAN LEGION PLANS VIMY BANQUET, DANCE AND SMOKER

The biggest day of the year for Vermilion and District veterans is always Vimy Day, April 9th. Plans are well advanced for the annual banquet and dance on that date.

A special speaker is coming from Edmonton to speak at the banquet and famous Barwick orchestra is coming to provide music for the dance. What more can we do for you?

All veterans members of the Legion or not, and wives, are welcome to the banquet. Also Ladies auxiliary members and their husbands are expected to come. Get your banquet tickets from L. Webb, T. Watts, V. Tillett, G. Martin or E. Buckingham by April 5th.

Everyone is invited to the dance at the armouries on April 9th.

The smoker is to be held on Saturday night, April 10th. All veterans are welcome.

We have just heard that the Legion Polio Campaign in Alberta has exceeded the quota by $50,000. The quota set last December was $100,000. We can only say to everyone concerned "well done" and this both canvassers and those who donated.

There will be a meeting of the executive at 8 p.m. Friday.

Several veterans have applied for membership of this branch recently. They are welcome and so would a lot more returned men in this area. How about it fellows?

# The Vermilion Standard

VERMILION, ALBERTA

S. R. P. COOPER - - - FOUNDER

ESTABLISHED [illegible]

Published Every Thursday at the Office, Main Street.

COOPER BROS. — PUBLISHERS

VERMILION, ALBERTA, THURSDAY, APRIL 1st, 1954.

## No Sports Day This Year?

A regrettable lack of interest was shown in the work of the Vermilion Amateur Athletic Association when a total of ten citizens attended the annual meeting of the Association recently. As a result of the poor attendance no officers were elected for the year 1954-55.

The meeting has been postponed until Thursday, April 8 at 8 p.m. in the Legion hall at which time it is hoped that a larger percentage of Vermilion's citizens will be present. At the last meeting a nominating committee was appointed to select a tentative slate of officers which [illegible] be presented at the next meeting. Nominations from the floor will, of course, be in order.

If, in the past, this organization has fulfilled a useful function in the community and if it is felt that the association could continue to fulfill a useful function, it is the duty of the citizens of Vermilion to support it. If there is no longer any [illegible] for the [illegible] the people who helped to build up its assets should [illegible] ing to decide [illegible] fate of the association.

## A Community Obligation

Whenever Canadians band together and decide to accomplish some project for the good of their community they work until that job is successfully completed. As a result of this persistence and co-operation our town boasts of such developments as swimming pools, playgrounds, parks, hospitals, of civic organizations and culture groups. We have citizens who fight mosquitoes, others who battle crime, and many who join in the war against the ravages of diseases, slums and disasters.

Often many of these groups [illegible] overlapping and disorganized. Yet underlying the entire structure are the needs of the community itself. And when these needs seem to grow out of proportion our organizations must grow larger and stronger. It is then that our people get to work and community dreams come true.

At this time of the year, as a result of the annual Easter Seal campaign, we become especially conscious of the needs, and of an organization, that has grown larger and stronger because the demands upon it grow greater. This organization, the Co-ordinating Council for Crippled Children (Alberta) spearheads the annual Easter Seal campaign throughout the province.

Ast[illegible] strides have been made by this organization in the care and treatment of those who are crippled. Medical diagnosis, physical, occupational and speech therapies and dozens of other rehabilitative techniques which have developed and carried out through services provided by Easter Seal Societies, have put many crippled persons back on their feet.

Working with the Easter Seal society to bring about these gains are many groups welded together in its [illegible] service clubs, college sororities, labor organizations, volunteers and individual Easter Seal contributors join hands in making the Co-ordinating Council for Crippled Children (Alberta) the [illegible] organization that it is.

We know that the people in our community cannot remain happy if they know that hundreds of crippled children remain untreated. As more and more people back the Easter Seal campaign, more and more crippled persons will have the chance to live the lives they deserve. We know that our community will rally to the Easter Seal cause and help build it to irresistible strength.

In Vermilion and district the Easter Seals are distributed on behalf of the society by the Associated Canadian Travellers (Edmonton Club).

# Reading Readiness

The factors of reading readiness are related to three types of development: mental, physical and personal. Of major importance among all the factors are those of—

1. Adequate mental age.
2. Good vision.
3. Good hearing.
4. Emotional stability.
5. Adjustment to the school situation.
6. The abilities which should result from the preparatory period of instruction in reading.

The factors which may be brought about by training and experience both at home [illegible] at school are more tangible [illegible] nature than those which come [illegible] through the process of growth or maturation.

[illegible] as there are preparatory [illegible] for walking and talking [illegible] children, there is a preparatory period for learning to read. Teachers must plan for the preparatory period of reading instruction to precede instruction in actual reading. They cannot sit back and wait for children to [illegible]. They must create a desire to learn to read.

Teachers must sell interest in books, stories, poems and language. They have definite work in the preparatory period which precedes instruction in actual reading.

The major fields of instruction in the period of preparation for reading are:

1. Providing pupils with real, varied and rich experiences to broaden his field of ideas. There can be no reading [illegible] meanings.

2. The second instructional job is that of giving training in the ability to do problematic thinking. The teacher sets up worth-while problems which the child is able to think through to a [illegible] conclusion.

3. Another field is the development of a broad speaking vocabulary in the use of good sentences.

4. There must be training in accurate enunciation and pronunciation.

5. There must be developed a desire to read.

6. Training in keeping a series of ideas in mind is the last of the instructional jobs of the preparatory period. In addition to these jobs there [illegible] several [illegible] learnings which are beneficial to the initial stage in learning to read. There is the knowledge of left and right, and the ability to see likenesses and differences.

To make this preparatory program really effective, parents should know the part they can play in helping to develop a readiness for reading.

1. Give the pre-school child a wealth of experiences. He'll be reading about [illegible] things in school. So give him first hand contact with real things. Let him learn and observe on trips and excursions — the store, the dairy, etc. Talk about what you see; exchange ideas. Vocabulary and ideas grow this way.

2. Be patient with his questions. [illegible] to his questions are important. He's looking for the information that will help him to understand the world around him and the world represented in books.

3. Help the child to express himself clearly, to use and to pro[illegible] words correctly. Be patient. Let him make mistakes comfortably without embarrassment. Best of all, he needs good speech models to [illegible]. Mother Goose rhymes are good to improve speech. They include all speech sounds.

4. Help him to learn to listen to stories, to enjoy them and to make friends with books. Read him stories he can understand and enjoy. [illegible] handle books, so they will become [illegible] friends. He needs plenty of opportunity to look at pictures and illustra[illegible]. Let him handle crayons, chalk, pencils, paints, scissors.

5. Remember too that children want to learn to read.

6. Don't force the pre-school child to read. If he [illegible] ready to read, forcing him will only confuse and [illegible] him. It [illegible] create a distaste for reading.

Teaching him the [illegible] so that he can spell out words, isn't generally a good idea. Good readers don't spell out words, they learn to recognize them as a whole word and in phrases.

7. Keep [illegible] efforts to prepare the youngster for reading at the "fun and play-a-game" level.

8. Parents and teachers work together to help the child. Both parents and teachers need to know the [illegible] that point to a child's [illegible] for reading. [illegible] and School should be on the watch for any handicap that may interfere with school progress.

They can work together to help widen the child's experience, encourage his ability to express himself, stimulate his vocabulary and build in him a desire to read.

Parents must relax, wait and let nature and a wholesome [illegible] and school environment take their course. Remember always that children do not mature at the same rate. Every child has his own individual pattern of growth.

CROWS ARE BACK

Judging from reports from various parts of the district crows are back in fair numbers. Last Thursday Horace Osinchuk and Alex Sikora saw a pair in the Landonville district, following this Mrs. Barton spotted some north of town as did Rock [illegible].

## Sixteen Years Ago Today

*March 31, 1938*

Vermilion was digging itself out of the biggest and most prolonged blizzard of recent years. The storm started Monday following several summerlike days and kept up for 48 hours without let up. Traffic was completely tied up with drifts over eight feet high being common.

The Hrynyk block on 1st Street South was completely destroyed by fire Wednesday morning with a loss of $25,000. The building housed the Hrynyk store in one half and the billiard parlors in the other.

Len Heidebrecht, 18 year old high school student cut off the index finger of his left hand while chopping wood at his home.

Mrs. Mary Laughlin of Islay celebrated her [illegible]th birthday.

J. R. Mercereau formerly of Islay has purchased a confectionery business at Victoria, B.C.

## Thirty-two Years Ago Today

*March 30, 1922*

Total loss by fire in Vermilion for 1921 was $7,710, the number of fires being 15. The biggest fire destroyed the residence of Alf Watt and damaged the business place of E. H. Childs.

The term exhibit of the work of the V.S.A. was held Saturday and attracted a large number of visitors.

Walter Miller of Ethelwyn who sustained a bad break to his right leg last fall and who was in hospital all winter, is able to be up and around on crutches.

Mr. and Mrs. Isaiah Winters observed their 25th wedding anniversary on March 24 when many friends thronged their home.

# A Variety of Activities At Islay

We hope you will not forget to send your entry for the Amateur program to Mr. J. Bauman or to Mrs. R. Tuskey (phone 28) by April 9th.

April 10 is the Spring tea of the United Church W.A. There will be aprons and home [illegible] for sale [illegible]. We hope this [illegible] a social gathering also, come and have tea and a visit at the same time.

[illegible] of us here [illegible] to see the high school rink curl again. We have suggested some rink challenge them but it seems that no one has the nerve—no, it just could not be that, could it? Also we have been [illegible] for Ulva McFadyen's rink to play that game against the women's rink. Come on folks before the [illegible] goes.

Last week Mrs. Wm. Waterfield took a carload of ladies to the cooking school in Lloydminster. [illegible] donated it seems at each schools. These ladies had a fine time and each one brought home 'nothing'. Not so last year, Lila brought home a basket of groceries.

Mr. Bowser is out again after being in three weeks, most of that [illegible] in bed, after having fallen on the ice.

April 8th? [illegible] me see [illegible] what is to happen then. [illegible] I think. Oh yes, it's the [illegible] School meeting to be in the school. Be sure to attend as there are 3 very important topics to be discussed and they all concern you the parents, and your children.

Birthday parties are quite the fashion here. Last Friday Gladys Nixie, a little 9 year old had her party at Mrs. [illegible] Buchanan's. Gladys live there and goes to school in Islay. Saturday Jimmie Maire had his party and Donnie Schaeffer was there for the week end; Monday was Johnnie Bauman had a party. We are wondering if Mr. Herb Simmons had a party as his birthday was Wednesday, March 21. Many happy returns to all. And yes, also to Mrs. Violet Schaeffer who celebrated on Sunday Mar. 28.

Rev. Mr. Ford of Vermilion is holding Confirmation classes here where five persons are taking the [illegible].

The Grain club was really organized and sixteen youngsters are taking part. Two are girls, Linda Redmond and Frances Kowolski. All honor to these two young ladies. The seed is Thatcher wheat and will soon be here. There will be a meeting when instructions as to planting etc will be given, so boys and girls remember it when the date is set and be on hand. Don't let even your square dance interfere. After all, even if this province is rich with its oil and gas, Agriculture is still the basic industry and within the reach of all. You can't eat oil, and you must eat! There will be crop judging tours when the crop has come up and then when harvested there will be seed judging. We will have a small seed fair here in Islay. Who knows this may grow into a fair all of our own. These clubs can be of different nature say, Garden club, Stock club or Handicraft. Make Islay the centre of "Good Farms".

By the way, now that there is so much controversy on our Educational System, if you are not a subscriber to the Edmonton Journal and would like the articles written by Dr. W. G. Hardy, Professor of Classics, U. of A., you may [illegible] them by writing to the Journal [illegible] asking for same. There are six— and you should read them all.

Congratulations to Mr. and Mrs. Lorne Axley on [illegible] a baby girl in Islay [illegible], Donna Lynne.

## Former Mannville Old Timer Passes At Coronado

Word has been received of the death of William Milligan of Coronado at the age of 76 years. He is survived by his wife; six sons, Roy of Portland, Oregon, John of Bon Accord, Robert of Morecoal, Thomas of Vermilion, Lloyd of Edmonton and Douglas of Winnipeg; three daughters, Mrs. Geo. Allanach, Mrs. J. A. Brown and Mrs. K. C. Chrysler all of Edmonton, one brother, Jim Milligan of [illegible], two sisters Mrs. Frank [illegible] Bon Accord and Mrs. Wm Hamilton of Vermilion also [illegible] grandchildren.

Funeral services were held on Monday at the Gibbons Anglican Church, Rev. R. A. Sayer officiating.

Mr Milligan was an old timer of the Mannville District, and was at at one time the Secretary of the Town.

## Wildmere Beavers Girls' Club Report

The meeting of the Wildmere Beavers Girls' club was held on March 20 at the home of Janet and Maureen Cruthers with 13 members present. The meeting was opened with the singing of 'O Canada' followed by the Flag Salute and the Code. The minutes were read and approved. The roll call was well answered, it being "Your Birthstone".

It was decided to take 4-H Club work with our girls' club work next year. It was also decided to have a Cotton ball and raffle in the near future.

Mrs. Martin read the prize winning short stories of last year out girls will start on tea towells next of the W.I.G.G. magazine. The meeting. The mystery box was won by Joan Dibben. Betty Smith had two quiz games for social.

The next meeting will be held at Betty Smith's on April 10. The roll call will be "Where I'd Like to Travel". Meeting then adjourned with the singing of 'God Save the Queen'. The hostess served a delicious lunch which was greatly enjoyed by all.

Due to erosion Niagara Falls has moved a quarter of a mile upstream since it was first viewed by a white explorer 275 years ago.

—Quick Canadian Facts.

Canadian manufacturing industry turned out goods with a peak value of $16,382,200,000 in 1951.

## Pleasant Valley

The weather has turned quite chilly again this last week of March and the fires are quite inviting.

Mrs. Gillies spent a few days with the writer last week, returning to Chrissie's on Friday. The Reid family, Laurence and family were supper guests on Friday night at the home of the writer.

On Saturday the Reid's motored to Riley returning on Sunday night.

Mrs. Giles and Doris have returned from Vancouver and enjoyed the trip very much but saw more snow than we have here. They visited Mr. and Mrs. Walter Easton, Pat Ronaghan's, Mr. Tom White of Islay and Jim Hepburn. There are quite a number of former Islay folks living in the big coastal city.

Pearl were you out square dancing? Lily phoned to you on her way home but there was no reply. Mrs. Arnold accompanied Mrs. Giles and Doris on the trip and visited her daughter in B.C.

Watch out folks - if you see a Dodge car coming along the road in a hurry it will be Annie behind the wheel. We will plan a race when roads are better!

They say (according to the calendar) spring is here, but there's still snow and the thermometer dipped to 12 below recently.

PREPARATION OF ASSESSMENT ROLL, [illegible]

*TOWN OF VERMILION*

Notice is hereby given that the assessment of the previous year has been adopted under the provisions of The Assessment Act, and that the assessment roll of the said municipality has been duly prepared, and that if any person thinks that any property has been wrongfully assessed, or assessed too high, or too low, or that his name or the name of any other person has been wrongfully entered upon or omitted from the roll, he may at any time prior to the 20th day of April, notify the secretary-treasurer in writing of the particulars and grounds of his complaint.

Dated at Vermilion, this 19th day of March, 1954.

E. H. Weeres,
Secretary-Treasurer. 38-9c

CHAMPS FROM VERMILION

My congratulations to Keith Barr for showing the champion fat calf at the Edmonton Spring sale. This calf was placed Grand Champion over all the 167 fat animals in the show. Congratulations also to Jack Tucker for raising this calf. Billy Robinson got first place in the Showmanship competition. Good for you Billy. Also I wish to compliment the other juniors for winning awards: Hazel and Bob Barr, Betty Robinson, Larry Dzbuk and Williams Bros.

QUALITY IN BACON

Lower hog quality can have only one result, that is a lower general price for hogs. It is the farmers' business to raise the pigs that will produce good bacon. The customer is always right. There is only one way to do it — use registered Yorkshire boars and good type Yorkshire sows or gilts.

FEED LOT ECONOMY

Mr Coles, Supervisor of Feeders Associations, informed me last week that some feeders in this area slowed up on the feed when the cattle market slipped three weeks ago. This is felt to be poor business as the spread in price between finished fat cattle and those which are not quite so fat is where the profit comes in. Be sure your cattle are fat enough to get that extra two cents per pound.

The Alberta Horticultural Guide (1954 edition) tells us the best varieties of vegetables to grow in this area. It also lists the varieties best suited for freezer storage. Some varieties are of no use for freezing. Get your copy of the 'Guide' from your D.A. office.

BURNING STUBBLE

It is a violation of the law to burn stubble without a permit. But why get a permit? Stubble adds fertility to the soil. It prevents both wind and water erosion. It soaks up moisture and holds it for use of the crop. It increases crop yields.

GRASS LAND FARMING

Did you ever think of killing out the poplar bluffs in your wild land pasture? It can be done easily with 245T. Then grass and clover scattered in these places will soon grow cattle feed instead of poplar trees.

ELECTRIC FENCES

Every farmer with live stock ought to have an electric fence. It is a cheap, quick and effective means of keeping livestock where they belong. Unfortunately it is not always safe especially where children are around. Certainly the fence should never be connected to a power line circuit of 110 volts.

## CHATSWORTH CHATTER

March certainly came in like a lion, and now it appears to be going out also like a lion. The low temperatures of last week end and snow flurries reminded us that spring is not here yet.

The latest snowfall will cause muddy roads again when it thaws, as we've had quite a depth hereabouts. However the sun is so warm now that it won't likely be around for long.

On Tuesday evening March 23 a meeting and showing of film was enjoyed at the school under the sponsorship of the U.G.G. There was a large crowd in attendance and at the close of the evening a lunch was served by the ladies of the community.

Mr and Mrs. Dan Mlenk were recent visitors to Edmonton.

Mrs. Patterson returned home from the hospital last Thursday, after quite a lengthy stay there.

Mrs. Eric Ludwig is a patient in the hospital at present. Mrs. Steve Sturt is helping at the Ludwig home while Agnes is away.

The March meeting of the Chatsworth Country club was held at Mrs. M. Tovell's on the 25th with ten members and one visitor present. The Sick committee of Mrs. East and Myrtle Thompson reported no illness among members the past month. It was decided to make a donation to the Red Cross. A number of flour sacks were ordered for re-sale to members. It was also decided to hold a sale of home baking, eggs, cream, etc. on Saturday, April 17. Mavis Tovell, Myrtle Thompson and Sophie Jacula were named a committee to arrange for place, etc. Each member is asked to donate three articles and further contributions will be very welcome.

The nickel draw donated by Kay Tovell was won by Gladys Tovell; the ... a la '20 ... prepared by Mavis Tovell was won by May Punter. Myrtle Thompson and Mrs. Farkash.

The next meeting is to be held on Wednesday April 14, please note the date change, ladies, this on account of the sale to be held the Saturday following. The Sick committee is May Punter, and Mrs. M. Farkash; lunch committee Mrs. East, Mavis Tovell, Mrs. M. Tovell and Mrs. Farkash.

We are in complete accord with the facts of Mr. George ... letter (Standard, Mar 25) and we have personally heard many remarks about this dangerous grade, both from local residents and travellers. We'd like to point out also, that this spot is just as dangerous in summer, as there are many nights there when due to fog and dust in the valley, visibility of the edge of the grade is absolutely nil. Passing another car, in rain or snow it is sometimes quite difficult especially at night to discern the grade edge. We've seen it at all seasons of the year when it constitutes a definite hazard particularly for strangers to the locality, of whom there will be many as the park develops.

## Tenders for School House

*VERMILION SCHOOL DIVISION NO. 25*

Sealed Tenders will be received by the Board of Trustees of the above School Division at the office of the Secretary-Treasurer up to noon Friday, April 9 for the erection of a 2 roomed frame and stucco school building in the Preston S.D. No. 1988, ... Plan No. 700.

Plans and specifications may be obtained from Secretary-Treasurer on payment of a deposit of $5.00. Plans must be returned within 24 hours, and deposit will then be refunded. A marked cheque for five per cent of the amount of tender must be enclosed with each tender as a guarantee that same is bona fide. No tender will be considered without this cheque attached. The lowest or any tender will not necessarily be accepted.

## MANNVILLE LOCALS

Mrs. Geo. Whitson has returned from a two month visit to the Coast. While there she visited many former Mannville residents among them, Mr. and Mrs. Towne, the Turnbulls, Hindmarsh family, Mr. and Mrs. McDuffs, Ed. Evelyn Ambler, Son and Rose Arnold and family, Mrs. Kerr and numerous others. She was the guest of her three nieces while there. She reports a wonderful time.

Born to Mr. and Mrs. Ed Empey (nee Sharon Bedard) of Edmonton on Thursday, March 25th a baby girl. Congratulations.

Mr. and Mrs. Dan Crawford of Edmonton have been visiting friends in Mannville for a few days Dan has been putting new cabinets in the McInroy home.

## ALLANDALE NEWS

Our weather has been colder, but with very little snow. Elsewhere, especially in Calgary there have been heavy falls of snow.

Orlene, Paul and daughter Paulette Whelan are just fine at Calgary. A visit with Marian and Keith Black and two daughters Kathleen and Marlene was enjoyed one afternoon. Marian taught the Allandale school in 1946-47. A stop-over was made at Red Deer on the way home and we visited with Mr. and Mrs. John Young and found them quite well. They are with their daughter Olive and son-in-law and they have a lovely modern new home on 3901-47 St. One night was spent in Edmonton with Mr. and Mrs. Souder where their hospitality was surely appreciated. Frankie is working at Innisfail but came home for a long week end. On the way home it was a surprise to note the R. W. Currie hardware, that name is so familiar around here.

Mr. Jack Cross and Louis Baldock have been away to the bull sales in Calgary and Edmonton. Jack's purebred Herefords were taken to both these sales.

The whist party in aid of the Red Cross held at the school on the 26th was very successful. We appreciate all those kind people coming from Campbell Lake to help us out. $13.20 was made and there was no expense. Prizes were won by: Ladies 1st, Mrs. E. Armstrong, 2, Mrs. J. Strome, Consolation L. Nelson. Men's 1st, O. Omness, 2, Wm. McIntyre, Consolation A. Armstrong. Orley appreciated the kindness of those giving their donation that evening to the Red Cross.

Those of you who read the "Digest" also in other magazines and papers: Note "Uranium City Here I Come". We wonder how lucky a person can be! This sad-faced little Englishman who three years ago regarded himself as the unluckiest man in Canada, lived at Waterways, daughter Della and Jimmy knew him, and I met him. Gus Hawker, in his store run so unsuccessfully as to be a failure. Then to Uranium City, setting up a tent store, accepting claims in lieu of payment, accumulating some 800 claims, selling 200 for $210,000. Chartered a plane last June took his family to London, and was invited to Buckingham palace, and so it reads on — but now he is more sad-faced than ever under the unaccustomed burden of wealth and even now spends most of his time talking about the days when he was broke.

Closing Thought: We destroyed an enemy the other day. Ordinarily you'd think one shouldn't gloat over such a thing, but we made this enemy our friend.

## Death Of Frank Ruff At Clandonald

Frank Ruff of the Clandonald district passed away at the Vermilion hospital on March 25. Born in Hungary on October 16, 1878 he came to Canada 28 years ago where he followed farming. He retired in 1948. There are no relatives in this country.

Funeral services were held at the Holy Name Catholic church March 29 with interment in the Vermilion Roman Catholic cemetery. The Rev Father Landrigan officiated.

Moyers Funeral Home in charge of all arrangements.

IS YOUR SUB PAID UP?

## Mannville & District

Mrs. J. Spevakow, formerly of Mannville and now of Edmonton will vie for the title of "Mother of the year", a contest being sponsored by the Pioneer Women's Organization. Mrs. Spevakow is active in the Jewish community. The crowning ceremonies will take place at a Mother's Day tea on May 9. Mrs. Spevakow keeps house for her family in Edmonton during the week and on the weekend she comes to Mannville to help Mr. Spevakow in the store.

Mr. and Mrs. J. Williams and Harold of Noyes Crossing were recent visitors at the home Mrs. Williams' mother, sister and brother, Mrs. Ellwood, Mrs. P. Laidler of Mannville and H. R. Ellwood, R. R. 1, Irma.

## Local News of Interest

Mr. and Mrs. Arthur Barton and family have had their niece Miss Janet Moreland from Portland, Ore., as their guest for the past few days. Janet travelled by plane to Edmonton and completed the journey to Vermilion by bus. She also visited her cousin's Mrs. Robert Sapp, George and Arthur Hughes, and enjoyed the visit very much.

Wm. E. English was a visitor in Edmonton over the week end. Bill paid a call on Fred Mimsby and found that former Vermilion man was feeling any line well. Word has received on Tuesday that Mr.

Mr. Lester Fair, formerly of Vermilion, Alberta will graduate on April 16, 1954 from the Prairie Bible Institute, Three Hills Alta. Mr. and Mrs. Lester Fair will continue to pastorate the Mt. Olive Evangelical Free church near Three Hills upon graduation.

Mr. and Mrs. Wally Westman are away at present to Eastern Canada and will return with two new motor vehicles.

Mr. and Mrs. Curtis Martin were city visitors over the week end.

## Former Vermilion Old Timer Dies in Edmonton

Fred Minsky who came here from the Rosetry River district of Manitoba back in 1897 and homesteaded some 6 miles south-east of town, passed away in Edmonton Wednesday morning March 31. Funeral services will be held in the city on Saturday.

Mr Minsky gave up farming and drifted into waste for several years living in Vermilion until 20 years ago when he and the family went to Edmonton. The deceased was a brother-in-law of Mr. Wes Waldenberger.

## Little Barbara Zack Honored, Baby Shower

On Sunday March 7 a surprise baby shower was held at the home of Mr and Mrs John Zack of Dewinton for their little daughter Barbara Ellen. The party turned out successfully and a very enjoyable afternoon was spent by everyone. Barbara Ellen received many lovely and useful gifts.

Those present were Mr and Mrs. Alex Bogunia, Mr and Mrs Steve Kolenosk, Mr and Mrs. Peter Chercheo, Mr and Mrs Ed Cherchen, Mr and Mrs. John Bumer Mr and Mrs. John Mudryk, Mr and Mrs Paul Mudryk, Mr and Mrs. Carl Nunter, Mr and Mrs. Peter Nunter, Mr and Mrs. Mike Karpinski, Mr and Mrs. John Pudniak Mr and Mrs. Stan Wolashyn

The party was concluded by everyone hooking at the gifts and the partaking of a delicious lunch served by the ladies. Mr and Mrs Zack thanked everyone for all the kindnesses and the guests departed, all convinced to little Barbara Ellen's first most sincere good wishes.

Check that date on your label!

## Curlers Add Laurels

The rink of Vermilion curlers comprised of Darrell Curran, Elmore Stewart, Roger Rowe and Gordon Rose won the first prize in the third event at the Red Deer hospital last week in competition with 128 rinks from all parts of the province. The boys beat their first two starts but settled down and won nine straight games.

Down at Calgary the same lone curling is the annual Elks spiel where Norm Kent, Gordon Park, Freeman French and Les Kreller ran up eight consecutive victories but lost in the semi-finals when going into the fours. A very good spiel is reported.

## April Ushered In By Sub-zero Weather

An April Fool trick but far from funny was issued by the weather office Thursday April 1st when the temperature slipped down to 10 below with a stiff frigid wind blowing in from the north-east to make a really cold winter's day. Weather was cool all week with snowing and raining the order part to each day in fact the ice is in better shape now than it has been all winter. Forecast is for continued cold with the low for Thursday given as 20 below and the high on Friday at five above

| Day | High | Low |
|---|---|---|
| March 25 | 25 | 10 |
| March 26 | 14 | 6 |
| March 27 | 13 | -1 |
| March 28 | 18 | 1 |
| March 29 | 14 | 1 |
| March 30 | 19 | 2 |
| March 31 | 14 | 8 |
| April 1 | 5 | -10 |

## Statutory Meeting Of Town Council Held

The statutory meeting of the town council was held Monday, March 8, with Mayor R. C. Hackbert and Crs. M. Hill, D.R. Mitchell, H. J. Payne, K. G. Urquhart, G. W. Robertson, Geo. C. Webb present.

Councillors H. J. Payne and D. R. Mitchell having been re-elected to Council by acclamation were sworn into office.

Correspondence: The Catholic Women's League re selling lots on rocks; Canadian Legion re Lot 3, Blk. 4, Plan 08478.

The following motions carried:

That Catholic Women's League be given permission to sell Shamrocks on the streets Saturday afternoon March 13, 1954.

That regular meetings of the town council be held in the town office at 8 p.m. on the 1st and 3rd Monday of each month.

That Winspear, Hamilton, Anderson and Co. be appointed auditors for 1954.

Application of H. C. Wilson to convert old armories building into an apartment block be not approved.

That Mrs. Bedard be granted permission to build a residence on Lot 1, Blk. 1 Plan 5768AY, construction to conform to the building code of the town.

That the south half of block 23, Plan 6257 be reserved as a small industrial area.

Moved that the Town Council meet on Thursday March 11 at 8 p.m. for instructions to Secretary:

Advise Canadian Legion that the Council's decision re Lot 3, Blk. 4, Plan 6257 remains unchanged.

Make application to CNR for the purchase of property lying east of Barnett Ave and between Main St. and the CNR main line.

Advise Mr. A. Logan that the Council did not agree to sale of industrial area for site of seed storage shed.

## National Wild Life

(Continued from Page 5, Sec. 1)

Before Miner was to die, he had received a trade mark of conservation throughout the world. In June, 1943, the birthday honors list of King George the Sixth included the name of John Thomas Miner as a new member of the Order of the British Empire.

One of Miner's pet ideas was to get every child to build a birdhouse. The child would then protect it and automatically, according to Miner, would become a conservationist. The reason that small children's labour very pleased Miner was that they got to build its nest in his new birdhouse.

His advice to young men was. "Be sure you're right and then go ahead because you're not going to please all and you're damned if you do -- so do and be damned."

On his death, the InDependent Order Loves Citizen wrote editorially: "Poet Writer, Artist, Naturalist, Miner made the steam engine; but Bell lost one electrical experiments made the telephone possible. Edison this name, has given us the long lasting bulb.

Jack Miner died at his beloved homestead on November 3, 1944, at the ripe old age of 79. Surely he had lived a lovelygo which few Canadians will ever approach.

Noted American writer and humorist of the late Irvin S. Cobb summed up the thoughts of many in his description of Jack Miner as being the "greatest practical conservationist and kind lover of wild things."

Fashion Buys

### NEWS OF THE DISTRICT

## Play Snows Season At Glendonald

SUB-DISTRICT RALLY

For those who enjoy such affairs a very pleasant time was had at Dewberry on Wednesday night when the March 18. This was the second 7. U.A. sub-district rally at which most locals of the area were represented. About 40 registered including visitors. During the course of the afternoon several interesting speeches and reports were listened to as well as election of officers and other business. Our local secretary Tom Foy is the new sub-district director replacing Walter Parker who held the post for several years. Tom is wished every success in his new job and everyone feels that it is in capable hands.

DO WELL AT VERMILION

Congrats to the Pat Conroy rink which was successful in bringing home the Bonspiel Cup. This was no pushover as the spiel was a big one and the local boys had to play five games on the final day before the outcome was decided. Other members of the winning rink were Art Roberge and Pat's two brothers, Mick and George.

F.U.A. MEETING AT RYE

The next F.U.A. meeting will be held in Rye school on Friday night March 27 when several interesting topics will come up for discussion. For any interested in the P.F.A. payments as they have affected this area there will be some information available as to the reason for the manner in which the money was paid out. Next N.F.S. show is on Tuesday April 6 at 8:30 p.m. in the Orange hall.

LARGE CROWD SEES PLAY

The largest crowd seen for many years packed the Columbus hall on Wednesday evening March 17, the event being the Irish play "Professor Tim" presented by a local cast under the direction of the Rev. Fr. Scriven. Judging by all remarks everyone was very well pleased with the performance. It would be hard to select individual members of the cast for particular mention as all did so well that there is no doubt no one will begrudge a word of praise for the acting of Paddy Lee. His role as the ne'er do well sailor would be a credit to Barry Fitzgerald and had the audience in stitches most of the time. The play is billed for two more showings in the near future, Dewberry and Vermilion. We would strongly advise all those able, to see this play. It is certainly worth the effort.

Another local resident in hospital at present is John Monaghan, son of long time residents of the district Mr. and Mrs. Francis Monaghan. John is in Edmonton undergoing treatment for a serious knee injury which he received some time ago while working in the Edson district.

While speaking to Jim Lawrence recently he estimates his hounds have destroyed about 20 coyotes during the past few months. We hope that they continues to keep up the good work.

## M. D. COUNCIL SELLS, LEASES TAX RECOVERY LANDS

The following is a summary of minutes of the meeting of the Council of the M.D. Vermilion River No 24 held in the municipal office, Kitscoty. March 9 and 10.

Present: Reeve Arthur Clarke. Crs. J. D. Stone, J. C. Wallington, P. McGuigan, J. H. Kelly, T. Bellchahn and D. G. Lawrence.

Minutes of February meeting were accepted as presented.

Accounts approved by Finance committee were passed for payment.

Municipal inspector's report of visit to office on Dec. 17, 1953, was accepted and placed on file.

Requisition of Clandonald Separate S.D. No. 28, in the amount of $7000 was referred to Board of Public Utility Commissioners.

Moved Cr. Wallington that Fred Scott be appointed a member of the Vermilion Hospital board.

Moved by Cr. Lawrence that a polling place be set up at Primrose school in Div. 7. Cd.

By-law N. 703 concerning the purchase of V type snow plow was given three readings and carried.

By-law No. 704 concerning the leasing of the following Tax Recovery lands: NE 10-53-3 to W. C. Hines for $35 cash; SW 10-53-3 to Gunder Enger for $35 cash; SW 6-55-2 to Bernie Benson for $32.50 cash; SE 31-53-4 to J. H. Simmons for $60 cash; SW 26-55-2 to Donald Skinner for $40 cash; NE 5-56-5 to Ed Kalynchuk for $25 cash given first, second and third readings and carried.

By-law No. 705 concerning the leasing of the following Tax Recovery lands: NW 14-54-3 to Thor Anderson for $50 cash; SW 13-55-4 to M. Donald Brown for $50 cash; NW 14-54-3 to Thor Anderson for $50 cash; SW 13-55-4 to M. Donald Brown for $50 cash; SE 31-53-4 to J. H. Simmons for $60 cash; SW 26-55-2 to Donald Skinner for $40 cash; NE 5-56-5 to Ed Kalynchuk for $25 cash given first, second and third readings and carried.

The following land sale motions were carried: NW 6-53-3 be sold to William L. Brown for $720; Pt. NE 26-53-1 be sold to Cecil C. Dewar for $350; NE 6-55-5 be sold to Richard Crisp for $765; NW 23-50-4 be sold to C. R. Buchanan for $1000.

SE 22-49-1 be sold to Wallace Rue for $800; NE 21-51-5 be sold to James N. McClelland for $7000.

Road Plan 6125 R.M. on Sec. 6 30-5 be cancelled.

By-law No. 710 concerning sale of SW 36-49-4 to Alex V. Rose for $60 cash; Pt. NE 27-47-3 to Audrey Hersey for $15 cash, given first, second and third readings and carried.

By-law No. 706 concerning leasing of the following Tax Recovery lands to Oscar Peterson for $30 cash for each parcel. NW 26. SW 36. SE 26. NW 26, all in range 3. NE 30-55-2, and NW 13-55-3 for $40 cash. given 1st, 2nd and 3rd readings and carried.

By-law No. 707 concerning leasing of the following Tax Recovery lands: S½ 18-54-4 to Steve Romanchuk for ¼ crop share; SE 20-53-1 to Gerald Franklin for ¼ crop share; W½ 34-53-1 to R. D. Hawton for ¼ crop share; E½ 18-49-3 to Gilbert Barber for ¼ crop share, given three readings and carried.

By-law No. 708 concerning the leasing of the following Tax Recovery lands: S½ 34-53-1 to Ralph Cashman for ¼ crop share; NE 22-49-3 to Ernest J. King for ¼ crop share; SE 4-48-6 to Fred Kottmeyer for ¼ crop share; NE 20-47-5 to Arthur Beckman for ¼ crop share; SW 28-47-5 to Arthur Beckman for ¼ crop share, given three readings and carried.

Moved by Cr. Lawrence that the following land sale by the M.D. be left intact, and the Vermilion School Board be made co-terminus with same. Cd.

By-law No. 699 concerning the Seed Cleaning plant at Paradise Valley moved third and final reading. Cr. Belchahn. Cd.

The following land sale motions were carried: NW 6-53-3 be sold to William L. Brown for $720; Pt. NE 26-53-1 be sold to Cecil C. Dewar for $350; NE 6-55-5 be sold to Richard Crisp for $765; NW 23-50-4 be sold to C. R. Buchanan for $1000.

SE 22-49-1 be sold to Wallace Rue for $800; NE 21-51-5 be sold to James N. McClelland for $7000.

Road Plan 6125 R.M. on Sec. 6 30-5 be cancelled.

By-law No. 710 concerning sale

**Only "Ceresan" M has a Record of Superior Performance**

In recent agricultural tests, "Ceresan" M, containing volatile mercury, was the *only* seed disinfectant which gave fully satisfactory control of both smuts and soil borne diseases on wheat, oats, barley and flax. For over 19 years, "Ceresan" M seed disinfectant has given superior disease protection to seed grain. Constant tests prove "Ceresan" M effective for control of smut in grains and for protection against both seed rot and seedling blights.

## Woodvale News

Though spring is here, the wild winter colds are still with us and far too many are nursing into cases of pleurisy. The latest victim seems to be Lloyd McLean who was taken to the hospital last week. Marie Goutier has been in the hospital with rheumatic fever for the past 8 weeks. She will soon be able to resume her teaching duties at Fort Kent until after Easter.

We are glad to report that Mrs. Proctor is so much better that she hopes to go home this week.

Congratulations to Mr. and Mrs. Clarence Crocker on the birth of a baby girl.

Mrs. Paul Goutier is staying with her daughter Mrs. E. Dubue in Vegreville where she is helping to take care of her new grandson Roger Edmund, born on Feb. 27.

We think Irene Wolters has been the first person to spot a crow here about, March 19.

Mrs. Gladys Wolters has been elected a director of the Vermilion Savings and Credit Union

A meeting of the Woodvale Mutual Telephone Co. was called on Monday, March 22 to discuss a proposal from the Wildmere Mutual Telephone Co. to take over their line on the east side of the Grizzly Bear coulee to make room for others in their district However with 44 members distributed over two lines and at least 5 more on the waiting list. It was decided first to build a third circuit to be able to accommodate these and also later what could be done with the Wildmere branch.

Archie Robinson accompanied Adam Dusavck to the latter's home in Wynyard Sask., travelling by bus and returning last week in Adam's 1950 Vanguard.

The Woodvale consolidated school will be officially opened on April 8 at 10 o'clock morning. Mr. D. McGrath, member of the Vermilion district school board discussed plans last week with the local school board and the teachers For this occasion government and board officials will be invited. Local citizens will give a talk on the history of the five old schools, the children will contribute some entertainment and a hot lunch will be served. It is hoped that as many people as possible will come to the opening and inspect this new modern two roomed school and enjoy an evening together

The Woodvale Glee club held their last dance of the season on March 19 with only a small attendance The Monday card parties will continue so long as roads and weather permit before spring work starts

Joy King arrived earlier this month in London, Eng and was fortunate enough to find work right away with a firm on picturesque Piccadilly

The hydro line is being surveyed now and that reminds us of the Red Cross auxiliary meeting where Miss Holmes will talk on electric appliances April 7 at the home of Mrs. Ray McQuid

Last year Canadians sent or received 1,834,433 cablegrams.

## Uniform Methods Of Assessment Studied

Approximately 100 assessors from all parts of Alberta studied uniform methods of rural assessment at a short course held March 15-19 at the University of Alberta by the Assessment Branch of the Alberta Department of Municipal Affairs in conjunction with the University.

The course was organized to ensure that equitable assessments will be made in the many rural areas in which new assessments will be conducted this year. The last general assessment of Alberta farm lands was made in 1943 and since that time, many assessments in various municipalities have not been kept up to date.

During the course, the assessors learned all aspects of farm land assessment. Instructors from the Soils Department of the University of Alberta conducted a condensed soils course which provided the assessors with a fuller knowledge of soil evaluation. Land assessment will follow the soil survey method of rating which is based on such factors as soil color, texture, profile variation and topography.

Talks on the use of aerial photographs in assessment, the economic aspects of land valuation, grazing lands, and the use of soil survey maps and reports were included in the course.

of NW 6-53-3 to W. L. Brown given three readings and carried.

By-law No. 709 concerning sale of Sec. 17-55-4 to Lorne Wilson was given three readings and carried.

# NATIONAL WILD LIFE WEEK IS TRIBUTE TO JACK MINER

One sunny April afternoon in 1947 a thunderous ovation rolled through Parliament Hill as, inside the dignified House of Commons members of parliament roundly applauded the approval of legislation which established a National Wild Life Week.

That week is celebrated from April 4 to 10 each year.

There was more to the passage of this piece of legislation than met the eye. It stemmed from the efforts of a Toronto member of Parliament, J. R. MacNicol (Conservative) to have a tribute paid to the man who was described as having done more for wildlife conservation than than any person or organization on the North American continent — John Thomas Miner.

MacNicol had tried since the death of Miner in 1944 to have Parliament set aside a day which would point to Jack Miner's one great love — conservation.

Jack Miner was born a "buckeye" in the Cleveland Ohio, suburb of Dover Centre in 1865. A little creek spilled through the roadway within 100 feet of the Miner home and it was there the youngster learned the ways of pollwogs, snakes and turtles and caught minnows by using bent pins for hooks. He became known in the locality as "red-headed freckle-faced Jack. At the age of six he got bitten by the trapping bug after being taught the trade by a kindly old Pennsylvania trapper.

When young Jack was 13, his folks picked up stakes and moved to Canada and settled in the then wilderness around Kingsville on the north shore of Lake Erie. Papa Miner built a crude log house and here the family took up residence. By the time Jack was 14, he had hewn thousands of white oak rail ties with a 14-pound broad-axe working from daylight to dark.

When he was 15, he was scouring the woods for second-growth hickory and from these saplings he made axe handles. His mother would take them to town and trade them for wool yarn which she made into warm socks for the Miner family. As a result of these frequent trips into the bush, young Miner became an experienced guide, and by the time he was 17, men were coming from all over to get him to lead hunting parties. As the years went by, he became the leader of many hunting expeditions through Northern Quebec and Northern Ontario. He was to make 45 successive fall hunting trips in the years to come — all the way from Lake Keepawa, Quebec, to Fort William, Ontario.

In 1900, a thoughtful and maturing Jack Miner began to realize a great decline in game was taking place and he figured that if any bird or animal life was to be left on the continent for future generations to enjoy, it was up to the men and women of his generation to educate the people in conservation, and to help stop unnecessary killing of wildlife.

With this thought in mind, he helped, along with other high-minded sportsmen, to organize one of the first game protection associations in Canada; in fact, one of the first of its kind in North America.

The association's policy was to create and instil in the minds of men the idea that a true sportsmen was a person who would not kill all and everything he could, but would leave some for future generations; that it was infinitely better that the generations who follow us should be able to see living birds and animals in their natural haunts and not be compelled to know them only as extinct or dead specimens reposing in a glass case in some museum. This conservation movement caught on and began to spread until similar associations were formed in nearly every county in Canada. (Later on, as a tribute to Miner's part and his pioneer work in this direction, several game associations from British Columbia to Prince Edward Island changed their names and adopted that of "Jack Miner".)

Jack Miner Leagues for children as well as for adults have sprung up all over the country.

During this era of wildlife association expansion, Miner criticized some of the organizations on the grounds that they were operating as game protective associations but that their sole activity seemed to be the sending of resolutions to the government departments, seeking longer open seasons and greater shooting privileges.

BIRD TAGGING STARTED

In 1909 Miner began what was to be the pioneering of bird-tagging on the continent. His first subject was a black mallard duck which was tagged with an aluminum band so that Miner would be able to learn where the bird had spent the winter. The duck was later killed and reported by a North Carolina hunter and this was perhaps the first complete record of when a duck was tagged and when it was killed.

By 1915, having tagged several hundred ducks, Miner concentrated on catching and tagging Canada geese, and the records that came about from this tagging, gave wildlife experts much of the information on the birds which is being used even today. Out of these records have come the building of bird sanctuaries, legislation of shoot privileges and dates for hunting, and also the percentage of kills in Canada and the U.S.

BUILD BIRD SANCTUARY

The famed Bird Sanctuary in Essex County at Kingsville was started by Jack Miner on a barren field on the family farm. After a number of ponds had been dug in the field, Miner began a program of tree planting so that trees would grow around these ponds and serve not only as wind breaks but also as places in which songbirds and other bird life could nest. After much study, Miner decided to plant such species as Norway spruce, Scotch pine, red cedar, wild hawthorne and other species. Today, more than 60,000 trees have been planted in the sanctuary and practically every one of those planted blossomed into growth.

LECTURER, AUTHOR

These tree-planting results led to studies by forestry departmental men to help them in their findings on soil types and what species could be grown in the different soils.

Although Miner had only three months' formal schooling, he became a lecturer of great renown and toured far and wide across the continent telling groups about the work he was doing on what he lightly called his sanctuary — "a wild goose cafeteria". He later wrote for newspapers and magazines, in 1922 wrote and published his first book, "Jack Miner and the Birds". As his fame increased, he began a radio program dealing with conservation and bird life on the occasion of the 25th Silver Jubilee of King George the Fifth's reign. Jack Miner was the only private Canadian citizen to be on the world-wide radio hookup that took place.

Today, with only a few thousand people, Kingsville has become more renowned than many cities of far greater size in North America — not because it happens to be the most southerly town in all of Canada — but because it is the home

## Islay District Locals

Mr. and Mrs. George Coombe motored to Edmonton over the week end. Mrs. Coombe to attend the Salvation Army Youth Councils and George to visit with his nephew and family.

Mr and Mrs Ernest Fletcher of Red Deer also motored to Edmonton to attend Councils and to visit with Helen's family in Edmonton and Vermilion. It was a grand reunion and a nice visit was enjoyed by all. George and Mrs. Coombe returned home Monday evening.

Later in the week a visit was made to the Golby farm and it was quite surprising to see how the snow has gone. Marvin Gould was seen on his new breaking with a team picking rocks and roots.

It will soon be time for those who sheltered in Vermilion over the winter to go back to the farm and take up spring work again. The land looks fairly dry and there are not many water holes. Moisture may fall at any time and the spring could be late. The writer has seen any number of wet springs, also plenty of dry ones.

Mr and Mrs Percy Golby were dinner guests at the home of Mr. and Mrs. G Coombe in Vermilion on Monday. Percy says the side roads are drying nicely and he is looking forward to getting on the land. Esther has ordered baby chicks and invested in a brooder. She has also started seeds for bedding plants and her windows are bright with house plants many of which are in bloom.

The little birds trust God for they go singing
From northlands where autumn winds have blown
With joyous faith, their trackless path-way wending
To summer lands of song, afar, unknown.
And if He cares for them through wintery weather
And will not disappoint one little bird.

SPRING TEA AND SALE

St. Saviour's W.A. will hold their annual spring tea, sale of work and home cooking on Saturday, May 8 at 3 p. m. in the Angilcan church parish hall. 38-43x

Will He not be as true a Heavenly Father
To every soul who trusts His Holy Word?

By Shirley Holms, Wainwright, Alberta

## News Notes From Your District Home Economist

BUYING YOUR GARDEN [illegible]

Every gardener should know the recommended varieties for his Horticultural Zone. Perhaps you have had failures with certain varieties of corn or peas, or perhaps you noticed that when you opened a pack of your frozen raspberries it was not as [illegible] in appearance and color as the other variety you had tried.

The booklet "Alberta Horticultural Guide" gives you a list of the recommended fruits and vegetables for each zone and even states whether they are suitable for preserving by freezing.

"Vegetable Varieties Suitable for Freezing" is a pamphlet showing which vegetables are excellent, very good, good, fair for freezing.

For the above information and bulletins, write to this office.

LAUNDERING OF NYLON

White nylon garments when they are new are sparkling white. Why do they often take on a yellow cast after repeated washings?

Nylon may become discolored by the scum formed by hard water and soap being deposited on the nylon. To prevent this scum from forming either use synthetic detergents which do not form such scum or use a water softener when washing with soap. Rinse nylon thoroughly. Two rinses are better than one. If all the soap and scum is removed hte nylon will not turn yellow when it is ironed.

Nylon picks up very slight amounts of dye from colored garments. If your white nylon garments come out of the wash a shade of pink, it has picked up a red dye. Do not wash white nylons with colored goods.

Certain detergents may also give an off-shade to nylon. Try a different type of detergent until you obtain satisfactory results.

To Bleach Nylon — If you think you must really bleach your nylon garment, use one of the new powder bleaches on the market for wool or nylon.

KITCHEN ACCIDENTS

Most accidental deaths in homes are the results of falls. Grease, food and liquids spilled on the kitchen floor and the use of unstable articles such as rickety chairs and stools to stand on to reach high places are the main cause of falls.

Burns and scalds are the second greatest danger, especially to children. Boiling liquids, flaming grease, use of kerosene or gasoline to start fires, and carelessness in using inflammable cleaning fluids cause most of the burns and scalds.

Cuts rank high in kitchen accidents. Knives should be sharp for efficiency but the practise of cutting away from the body should be habitual. A knife placed in the dishpan with other articles can cause a bad cut.

What are the factors contributing to falls, burns and cuts? The three most frequent are haste, fatigue and carelessness. Management is significant in the elimination of these. The best home managers plan the use of their time and energy so that they avoid haste and prevent fatigue.

If you are interested in trying to prevent accidents, write for the booklet — "Prevent Accidents".

THEY WANT 'EM PLUSH

People today would rather buy a deluxe or luxury equipped last year's model car than a new standard vehicle, The Financial Post reports. They seem to want all the gadgets and glitter. And that luxury trend whether in new or used cars dealers think is here to stay. As one told The Post: "People may be taking longer to make up their minds whether to buy or not, but when they they shoot the works heater, radio, automatic drive, signal indicators, power steering and back-up lights.

SAVE SEED DOLLARS with ORTHOCIDE TREATED CO-OP SEED

AVAILABLE NOW:- ALL LEGUME SEEDS

- Alfalfa
- Alsike
- Red Clover
- Sweet Clover
- Yellow Sweet Clover

PREPARING THE CHILD FOR REGULAR DENTAL CARE

By the time Junior is 2 and a half or 3, he is ready for his first of many regular, twice a year visits to the dentist.

Why start so young? Cavities don't wait for children to grow up. Sixty per cent of 3 year old children already have tooth decay. If these cavities are filled while they are small, they won't get big. If they are neglected, the child may lose some fo his first teeth before the permanent ones are ready to come in. This often means that the second teeth are crooked, making it easy for tooth decay and gum disease to develop.

Many mothers don't realize that the primary teeth are far less sensitive to pain than permanent teeth and small fillings are practically painless.

It's a good idea to start your child on the habit of regular dental visits at an age when they can be pleasant experiences. The child who makes a friend of his dentist at an early age, and who keeps having his teeth repaired while decay is in the first stage, will never fear dental work.

Tooth decay is most active during childhood; yet it is then that the growth of the teeth and jaws goes on. It will save many discomforts and even illnesses in later years, to see that the child's teeth are always in first class condition.

Regular maintenance of the teeth usually makes it possible to bring a child to adulthood without the loss of a single tooth. In Canada today, the average 16 year old has already lost two permanent teeth. This is needless, and is often the cause of teeth growing crooked, not meeting properly and not being able to chew well. Neglected mouths often suffer from gum disease, too, and it is a tragic, but not uncommon sight, to see people in their early twenties with complete sets of false teeth.

It is mother who makes the appointments, and it is also mother who prepares her child for his dental date. It should be treated as a matter of fact, not a subject for discussion. It should be described like any other excursion, above all, mother should not give her child the idea of fear. Many adults like to exaggerate their sufferings in the dental chair, which may have been real enough in the days before local anaesthetics were widely used.

Never frighten your child by tales of torture, or threats of the drill or anything else so silly. If you do you will be storing up trouble for him and for yourself.

It is not hyprocrisy, but quite true, to tell a child that if he goes to the dentist regularly and looks after his teeth at home, he will enjoy his dental visits. Children brought up this way look forward to a session with their friend, the dentist.

Never try to fool your child. Don't tell him you are "just going down town", then suddenly swing him into the dental office without warning. If he is faced with corrective work, like straightening the teeth, don't pretend that it won't be a nuisance. If your child trusts you, he can take the bad news.

Of course you have been telling your child to brush his teeth or rinse his mouth after every meal ever since he first had teeth. But now the dentist will tell him too, and Junior will begin to think that maybe there's something to it. It will be years before he will brush his teeth without urging, but it should be possible before long to have him head for his toothbrush at the first reminder.

The reason it is so important to brush your teeth immediately after eating is that tooth decay is caused by acids produced by bacteria feeding on sweet food particles in the mouth. Brush them away, and you've brushed out the possibility of decay.

Decay is icreased by sweet foods, such as cake, jam, pies, and candy. Encourage your child to eat the foods for health; milk, fruits, meat, vegetables, fish, eggs, cheese and whole-grain cereals. Limit his candy-eating to after meals, just before tooth-brushing.

BABY & PRE-SCHOOL CLINICS

Friday, April 9 — Marwayne hall 10 to 12 noon.

Friday, April 9—Kitscoty Clinic 2 to 4 p.m.

EATING MORE MEAT

As a result of lower prices, Canadians are eating more meat, reports The Financial Post. Per capita consumption last year was up to 140.1 lb., a gain of about 8 lb. over 1952. Beef consumption was up by 3% to 58.1 lb.; pork down by 14% to 57 lb. Veal up by 36% to 9.1 lb., mutton and lamb rose to 2.3 lb. Canned meats dropped by almost one pound to 7.4 lb., offals dropped slightly to 5.2 lb.

FARM COASTS: Average monthly wage without board of male help on Canadian farms at mid-summer was $140.

## ... WILDMERE WINKS ...

Cliff Cruthers had the misfortune to have his truck break down when he was north last week for slabs. Aftre considerable trouble he got the repair finally from Edmonton. He and his son George went up on Wednesday and fixed the truck and reached home that night with the load. They report all kinds of snow yet up in these parts. Even just north of Clandonald there is plenty.

Mrs. A. Holte, Ray Osterberg and Allister Cruthers are the latest to be on the sick list. We wish all these folks a speedy recovery to health.

On Wednesday of last week good old St. Patrick's Day, Julia Farkash and Noel Garnett of Beaswood were married at the Anglican church Vermilion, and are at present on their honeymoon. A wedding dance will be held later in the Legion hall in town when the happy couple return. We all join in wishing them many years of happiness and welcome Julia to our corner as a neighbor.

The writer and husband attended the Gay 90's dance on the 17th and really had a good time. A grand crowd turned out. There was one birthday, that of Mrs. Kneale. We heard of another but the party was rather shy so did not have 'Happy Birthday' sung for him, although you are a year older Fred. Kreller orchestra supplied the music. T Thompson was M.C.

We understand the wire is being strung on our power poles this week. Getting to look like better folks.

The Curling club wound up the season last Friday evening with a banquet at Beaswood school. They had some square dancing and a little program during the evening. Everyone reported a good time. Where were you Triangle folks that night? Also some of Tolland curlers did not get there. It has been a very successful season in curling at our local rink.

Mr and Mrs. Cliff Cruthers and Mr and Mrs J Bathe were visitors on Sunday to the home of Mr and Mrs Bud Bathe and family of Lloydminster. They even tried out a bit of curling but the ice was too [illegible] for the ladies.

Mrs Frank Gibson is attending the district W I conference in Edmonton this week.

We were pleased to have a chat with Marion Pilkie on Wednesday at the dance. Marion is on holidays from her nursing duties and still likes to come back to her old home town. She reports back for duty this week [illegible]

A little farewell party was held on Saturday evening for Don Gibson at his brother Frank's home in Beaswood. Don will soon be leaving for his home at Woodside, Man. Some good games of Canasta were enjoyed.

George and Garq Cruthers, Bobby and Kenny Graham all attended the hockey game on Saturday evening at the arena.

We had nice chats with Mrs. Wilson, Mrs. Moore and others Satur- son, rMs. Moore and others Saturday. We saw Mrs. Morris Cooper's new baby girl, also Mrs. Johnnie King's nice baby.

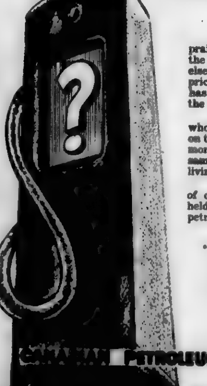
what has happened to the price of Gasoline on the Prairies?


Gasoline prices on the prairies have dropped. While the cost of nearly everything else we buy has gone up, the price of petroleum products has done better than hold the line.
Since 1948, the average wholesale price of gasoline on the prairies has decreased more than 18%*. In the same period, the cost of living has gone up 30.2%.
By finding new sources of oil, the oil industry has held down the price of petroleum products.
* Based on wholesale prices in principal cities. The wholesale price is what the oil company receives and does not include provincial tax or dealer margin.

BRILLIANT FUNCTION HELD ON WEDNESDAY

## Eighty-two Graduate, Nine Scholarships Awarded At Vermilion School of Agriculture Convocation

Favored by a bright sunny day the closing exercises of the Vermilion school of agriculture were held on Wednesday, April 7. A crowded auditorium saw 82 young men and women receive their graduating diplomas in Agriculture and Home Economics, and witnessed the presentation of nine scholarships worth many hundreds of dollars to outstanding students.

The afternoon program commenced with the fashion parade at 2:00 o'clock. Following this always popular event the formal graduation ceremonies commenced with Dr. H. N. Grace, Director of the Alberta Research Council, giving the address to the graduates.

This was followed by the presentation of the diplomas to the 82 graduates, and the announcement of the winners of the scholarships and prizes.

The graduation dinner was served at 6:30 attended by members of the graduating class and their guests. The program was in the form of a number of toasts. The exercises were concluded by a dance attended by the students and their friends.

SCHOLARSHIP WINNERS

*FIRST YEAR AGRICULTURE*

Vermilion Board of Trade, $50 and gold medal — To the student who has made the greatest contribution to the Academic, Social, Literary, and Athletic life of the School: Calvin Ross, Forestburg.

V.S.A. Alumni Assoc. — $50 for General Efficiency: Richard Friedrick, Morinville.

Alberta Seed Growers' Co-op — $50, for highest standing in the Plant Science Division: Denis Anderson, Bluffton.

Craig Bros., Vermilion — $50 merchandise for highest standing in the Animal Husbandry Division: Ronald Peterson, Ohaton.

Imperial Oil Ltd. — $50 for highest standing in Farm Mechanics' Division: Lenard Cunningham, of Kelsey.

Alberta Turkey Breeders' Assoc. - $50 for highest standing in 1st Year Poultry Husbandry: Thomas Bowzavio Athabasca.

*FIRST YR. HOME ECONOMICS*

V.S.A. Alumni Assoc. — $50 to the student who has made the greatest contribution to the Academic, Social, Literary, and Athletic life of the School: Elinor Adam, South Edmonton.

Alberta Women's Institutes — $50 for highest standing in the Home Making subjects: Gladys Svean, Rivercourse.

Robert Gardiner Memorial — $50 for highest standing in the General Subjects of the Course: Bernice Koetke, Daysland.

For members of the graduating class, to be announced July 1 — Alberta Wheat Board Surplus Money Trust Scholarships, $100, tenable at the University of Alberta in Home Economics or in Agriculture

The complete list of prize winners will be published next week.

Pass — Agnes D. May.

*HOME ECONOMICS — 2-IN-1*

First Class Honors — Miriam Ellis Gould, Rosalind.

Honors - Jean M. Barr, Vermilion; Helen E. Brown, Vimy; Aletha M. Hodgins, Viking; Rose Marie Hood, Gibbons; Doreen Joan Welsh, Edgerton.

Pass — Clara V. Busteed, Clyde

## DISCUSS TRAFFIC SAFETY FOR SCHOOL BUS CHILDREN

"Do those of us who drive on our highways and roads know the laws which have to do with protection of school children during the times when these children are being received or discharged from school buses?"

This question, taken from the Home and School News, formed the basis for discussion at the Vermilion Home and School meeting on Tuesday evening, March 30. The President Mr E. Clendenning was chairman while the guest speaker was Jas. Ferguson of the Traffic Inspection Department, Alberta government

Mr Ferguson drew attention to Section 58 (a) of the Vehicles and Highway Traffic Act as amended in 1950, which has the following provisions:

1 When a conveyance which bears either the sign 'school bus' or 'school van' has stopped to receive or discharge passengers, no driver of a vehicle shall overtake and pass such a conveyance until all persons who are about to enter or leave the same are safely clear of the path of the vehicle.

2 When a conveyance which bears the sign 'school bus' or 'school van' has stopped to receive or discharge passengers no driver of a vehicle approaching from the opposite direction shall pass such conveyance at a rate of speed greater than 25 miles per hour

From the foregoing it is to be noted that traffic overtaking a school bus from the rear must not pass a stopped school bus until all persons who are about to enter or leave the same are safely clear of the path of the vehicle.

Paragraph 2 of this section sets a limit of 25 miles per hour for all vehicles approaching a school bus from the front when such vehicle has stopped to take on or discharge passengers.

Mr Ferguson stressed that strict observance by the public in general which in many cases also includes parents whose children attend school, would certainly offer a greater measure of safety to those children who have to use a school bus as a means of attending school.

It was also noted that all children entering or leaving a bus should pass in front of the bus and not behind it, to reach the roadsides.

The general discussion and question period following Mr. Ferguson's talk proved interesting and beneficial to everyone present, impressing more than ever the need for constant travel caution.

Over 100 members of the Association were present at the meeting which was held in the ideal settings in the new Junior high school, claimed to be the best designed and built school in the province.

Although average weekly earnings in the manufacturing industries reached the record high of $60.38 at Dec 1, 1953, total employment in manufacturing had declined by 2.3 per cent in the preceding twelve months. Quick Canadian Facts

## George Harvey Stone Pioneer of 1905, Passes On

George Harvey Stone who homesteaded in the Cummings district in 1905, passed away at the Vermilion hospital on Saturday, April 3 at the age of 76 years. In the years since 1905 he became one of the district's successful farmers and most highly esteemed citizens.

Mr. Stone was born near Woodlawn in Carroll County, Virginia, on Feb. 22, 1878. In 1901 he married Miss Marybelle Morrison at Georgell, Wise County, Virginia. The family came to Alberta to homestead in the Cummings district in 1905, coming at that time from Colorado Springs, Colo., where he had been operating a general store which they sold out to make the move to the Canadian West. In the Cummings district he carritd on farming operations with considerable success and added steadily to his holdings. In 1952 faced with failing health he left the farm and moved into Vermilion where he had purchased a home.

Mr. Stone was predeceased by his wife on Dec. 5, 1944, and is survived by one son Alex, and one daughter Mrs. Ronald Bang of Mannville. There are six grandchildren. Two sisters also survive, Mrs. R. Woltz of Virginia and Mrs. R. F. Edwards at Centralia, Miss.

Funeral services were held at the Auburndale United church under Masonic auspices on Tuesday, April 6. Due to the stormy weather the committal was also held in the church. Interment at the Mount Auburn cemetery. The Rev. C. W. MacKay and the Rev. McNair officiated.

Moyers were entrusted with the last rites.

## Driving Over Fire Hose Proves Costly

Three citizens who were hailed into court for driving over fire hose during the recent small fire back of the Bottorff apartments were fined $30 and costs for their actions. They found that the Police Magistrate took a very serious view of any action which would impede the fire brigade.

Violators of traffic regulations during fires will also be dealt with in the same severe manner. It is to be hoped that all car drivers will in future be careful to avoid any infringements of the regulations.

## Local Turkey Club Organizes for 1954

The Vermilion 4-H Turkey club got off to a good start at the organization meeting held recently. Twenty members are signed up for the 1954 season.

E. H. Buckingham, District Agriculturist, explained to the meeting that each member gets 10 turkey poults on or about April 20. These turkeys are raised under instruction and sold by auction at the achievement day held in December. Mr Buckingham stated that the list is not yet closed so any boy or girl in the district between the ages of 12 and 20 will be welcome to join the club.

The president, Miss Mildred Scarfe, conducted the meeting. The officers for 1954 were elected as follows:

President — George Gow
Vice-Pres. — Ray Armstrong
Secretary — Miss Mildred Scarfe

It was decided to form two clubs one at Mannville and one at Vermilion. Another 10 boys and girls are needed to make up enough members for both clubs. Here is a chance for farm boys and girls to make some pin money as well as learning about raising turkeys.

## Curlers And Wives Plan Gala Finale

The curling club plan to wind up the season on Wednesday next with a pot luck supper in the waiting room of the rink commencing at 5:30, followed by the annual business session, election of officers plans for the ensuing season etc

The curlers are invited to bring their wives, and the lady curlers are also invited. It should prove a fitting finale to a good season and a year of achievements by the curling club.

## Daylight Fire Razes Hindville Home

A fire which broke out just after the noon hour completely destroyed the farm home of Mr. and Mrs. George Haines of the Hindville district on Tuesday. The family had just finished dinner when smoke was detected and fire was discovered in the wall between the woodshed and the house. Fanned by the high wind the large house was completely destroyed with entire contents within ten minutes.

Mr. and Mrs. Haines, their son and daughter just managed to escape with a few clothes. Very little insurance was carried. Mrs. Haines and daughter are with relatives in the Koknee district and Mr. Haines and son are staying in the Hindville district, also with relatives.

The house was of frame and two stories, one of the earlier of the larger houses built in the Hindville area. The rate which the flames fanned by the wind enveloped the dry lumber of the house was amazing.

## 175-foot Pier At Vermilion Park Lake

At the present time a boat pier, 175 feet long, is being built at the lake in the Vermilion Park. The pier runs 100 feet out and then at right angles for another 75 feet forming a breakwater for the boats. The work is being done by the town crew using a pile driver and working through the ice.

## Display of Curios, Relics Planned

The St. Saviour's Anglican men's club hope to hold an exhibition of relics, curios, heirlooms and souvenirs sometime in June. This could be a really big affair with hundreds of such items on display. It all depends on the co-operation of the general public. It is hoped that everyone will loan their relics for the occasion, everything will be well looked after, catalogued, insured, guarded until it is safely back in its owner's hands.

If you have something old and interesting notify Mr. E. H. Buckingham. It could be any of the following or it could be something else again, entirely different: old book, old pictures of this district, old painting, old coin, old stamp, old firearm, old medal, Indian relics, telescopes, spinning wheels, spectacles, curios of any kind.

The display will be in a large building and a small charge made for admission. Proceeds will be for church purposes.

A similar exhibition held at Grande Prairie drew thousands of people from a radius of a hundred miles.

## C.W.L. Hold Annual Meeting Here

The Catholic Women's League of the Holy Name church, Vermilion, held their annual meeting and election of officers on April 1 with 25 members present. Elected to office were the following:

President Mrs. Vivian Dick
1st Vice-Pres Mrs. Mabel Ross
2nd Vice Mrs. Lydia Delaney
3rd Vice Mrs. J Toner
Secretary Marie Edwards
Treasurer Mrs. Vi Toner

First Counsellor Mrs Dowling; 2nd Counsellor Myrtle Killion, 3rd Counsellor Mrs Louise Robinson

The following volunteered to head committees: Sick Lydia Delaney, Entertainment Mrs Toner; Membership Mrs Dowling, Spiritual Myrtle Killion; Press Reporter — Louise Robinson; Kitchen Doris Keating.

The first event for the fiscal year will be a bake sale.

## Special Consideration For New Golfers

The Golf club executive are offering beginners at the game a special consideration this season. If they wish to try the game to see if they like it they may play for a month for $2. If by that time they decide it isn't their game, they are not liable for any more fees.

## Newspaper Bingo

Numbers drawn Tuesday, N-33 O-69.

Numbers previously drawn are B-7, B-9, I-18, I-28, N-44, G-57, O-62, O-66, O-75, N-37, I-19, I-29, B-5, B-10, G-54, O-63, B-4, O-65, O-72, O-60.

I-26; O-67; N-35, G-53, B-13, I-16, B-15; O-73; B-3; I-23, G-48, O-64, I-27, G-55, B-14, O-61, O-68, I-24, B-1; O-70.

## Fish & Game Assoc. Re-Organize

The Vermilion Branch of the Fish and Game Association held their annual meeting on Tuesday March 30 at which the following officers were elected:

President—Dr. A. R. Anderson
1st Vice-Pres.—C. N. Brennan
2nd Vice-Pres.—N. McGinnis
Sec.-Treas.—J. A. Chalmers
Executive P Hareuther, L. Hareuther, A. LeRossignol Geo. Senz, G Ross, C. McKee.

Plans for the summer include holding a skeet shoot with .22 rifles, a fishing competition and a crow shoot.

Children in the district schools will be given a chance once again to earn a bounty of 5 cents for each pair of crow feet and magpie feet.

## Ministerial Sponsors Holy Week Observance

Under the auspices of the co-operating churches of the Vermilion Ministerial Association, special observance will be made of Holy Week by way of joint services on each of four week nights from April 12 to 15 inclusive.

The services will be as follows:

April 12 at the Alliance chapel—Speaker, Rev. C. W. MacKay.

April 13 at Salvation Army citadel—Speaker, Rev. D. A. Ford

April 14 at the Anglican church—Speaker, Capt. R. Chapman.

April 15 at the United church - Speaker, Rev. J. T. McNair.

All services will begin at 8 p.m. and it is hoped that many will join in this commemoration of our Lord's last days upon earth, thus observing a "Holy Week".

St. Martin and Kreller Win Awards

## VERMILION TIGERS ARE FETED AT BANQUET AND DANCE

Although the hockey season is over and the championship decided, it was still hockey night in Vermilion on Saturday April 3 when a large gathering paid tribute to the members of the 1953-54 Tigers team at a sumptuous banquet followed by a dance in the Legion hall. All the players, their wives or lady friends, the members of the executive and wives, numerous other town organization officials were present at the dinner, with the number greatly augmented by many others at the dance, to combine for a grand wind-up to a very successful season.

Highlights of the program were the presentations to Johnny St. Martin of the Reynolds trophy, awarded to the highest scorer in the entire league; and of the Craig trophy to Elmer Kreller for the team's most valuable player of the past season.

Charlie Upahall, president of the Vermilion Tigers Hockey club was emcee and thanked all and sundry for the support during the past season. He particularly stressed the co-operation received from the players on the Tiger team, a very easy and fine bunch of boys to work with. The executive on taking over last fall had three objectives in mind:

The first was to wipe out the previous year's deficit and to end the current season with a bank balance. By means of the town council giving a larger share of the gate receipts, 75-25, by various other fund raising endeavors by the executive members by having no player or coach expenses, and by good attendance at the games, this objective was put over the top in no uncertain manner and a bank balance now remains with which to start activities next winter.

Objective No. 2 was to ice a good contender in the league without resorting to hiring any players. There was no doubt about the success of this as using only local and college players the Tigers won their way into the league finals, and made a real bid for the championship in the play off.

The third achievement was the building of the nucleus of a team for the future by giving young local boys a chance something which does not happen when outside players are brought in. The result was that Vermilion iced the youngest team ever to represent the town in league history and who held their own against highly rated Edmonton players on some of the other teams. On it were five 17-year-old boys or younger, with several others on the sunny side of 20. These boys received much valuable experience from veterans Les Williams, Elmer Kreller and Stan Manyluk.

Mr Upahall was profuse in his thanks for the support received, mentioning the Board of Trade for taking care of all transportation, the town council, the Vermilion Standard for valuable publicity, and a host of other firms and individuals not forgetting Sandy Wright and Scotty Hines for donating the delicious beef for the dinner just enjoyed, and the Legion ladies for catering.

ELMER WINS AWARD

Adjudged the most valuable player to his team during the past season, Elmer Kreller was presented with the Craig trophy by Mr A M West. Elmer proved a popular winner and received a great ovation.

In acknowledging his trophy the veteran hockey great stated that he certainly liked the local aspect of the Vermilion team and noted that the Tigers had reached the league finals for the past three consecutive years quite a record. He paid tribute to the work of the executive of the club and urged all citizens to support and promote hockey as without hockey it would seem a dead town in winter. He urged that more people work with the executive and to get the hockey organized during the summer for next winter. Continue the policy of the past three years of bringing on the young players and you will always have hockey in your town concluded Elmer who sets a great example for all young hockeyists.

ST. MARTIN HIGH SCORER

Acting on behalf of the Reynolds garage of Wainwright, donor, Mr. Upahall then presented the Reynolds trophy for the highest scorer of the league, to Captain Johnny St. Martin of the Tigers. This fleet, clean playing wingman amassed 21 goals and 22 assists for 43 scoring points. Johnny paid tribute to his line mates, Gerry Patsula and Bill Schmidt saying that without their help he wouldn't have been at the top. He prophesied the return of the Craig cup to Vermilion next year, signifying the league championship.

Gerry Patsula, hard-working Tiger centre was runner-up with 30 points and was called upon to take a bow. Vermilion thus had the two highest scoring players in the league.

Ernie Clendenning who offered a genuine Stetson hat to every Tiger who scored three goals in any single game, was called upon and mentioned that the Tigers success had gone to some of the players' heads, namely St. Martin, Patsula, Schmidt and Les Williams, who each was wearing a new Stetson as a result of their goal scoring abilities. He went on to say that one other player deserved such an award due to his efforts and example, and presented Elmer Kreller with a Stetson hat as well.

Stan Manyluk, coach, manager and player, thanked everyone who helped in the success of the club this season. Les Williams extended the thanks of the players to the executive for the enjoyable season, and for the banquet and party of this evening.

Each Tiger was presented with a photo of the team, and each will also receive a new jacket suitably decorated with crests.

A happy dance until midnight with Inman's orchestra playing, rounded out a gala ending to a very successful hockey season.

The hockey club wishes to publicly thank the W.A. to Canadian Legion for catering to the banquet, and to the Canadian Legion Post 11 for the use of the hall gratis.

## Robert Eby Walker Dies At Dewberry

Robert Eby Walker, aged 81 years, passed away at his residence in Dewberry on Monday, April 5. He had lived in the district since back in 1907 and was one of the district's well known and esteemed pioneers.

He is survived by his loving wife, one daughter Mrs. J. A. Hawkin, of Montreal and two sons, Eby of Dewberry and Otto of Trail, B.C. A brother Osmond lives at New Westminster, and a sister Mrs. T.H. Taylor at Vermilion. There are 10 grandchildren and 3 great grandchildren.

Funeral services are being held this Thursday April 8 at 2:00 o'clock in the afternoon with interment in the Dewberry cemetery.

Moyers are in charge of arrangements.

## R. C. Johnson Is Re-appointed Reeve

MANNVILLE. At the April meeting of the Council of the M.D. of Minburn No. 72, Mr R C Johnson of Irma was re-appointed Reeve. Mr W D Johnston was appointed deputy reeve. The council met on Saturday Monday and Tuesday. On Monday they dealt with the estimates and the mill rate was set for the 1954 taxes.

*TO SAFEGUARD HIGHWAY ACROSS RIVER VALLEY —*

The Department of Highways has already taken steps to safeguard the portion of Highway 41 which runs across the Vermilion river valley and where at times the roadway is obscured by steam from the output of hot water from the power plant. Posts with reflectors will be placed long the edges of the highway. Canadian Utilities officials have also shown interest in the matter and possibly are also considering ways and means of making visibility better along the stretch of road at night. The danger of travelling over the portion of road in question was outlined in a letter to the editor recently by Mr George Mead.

## What Easter Seals Do

You are probably one of a quarter million Albertans who has received through the mail a sheet of gayly colored Easter Seals and a letter of appeal asking you to contribute to the 1954 Easter Seal campaign on behalf of crippled children.

Perhaps you have asked yourself, "Why should I help support this drive?" and "If I do contribute, what happens to my money?" Here are just a few pertinent facts which you should know about this worthy cause.

Founded on the belief that crippled children are a normal, ever present part of society, Easter Seal funds make it possible for these disabled youngsters to make the most of their abilities and eventually take their rightful place in the world.

The Annual Easter Seal appeal is a nationwide campaign conducted simultaneously March 18 to Easter Sunday, April 18, by more than 300 Easter Seal affiliates throughout the country with units in every province.

Here in Vermilion the Associated Canadian Travellers, (Edmonton Club) sponsors the Easter Seal drive and every dollar raised in Alberta is spent on behalf of crippled children. No part of Easter Seal funds are sent out of the province to support a national body.

Services and facilities financed by Easter Seal contributions include case finding, diagnostic clinics, medical care, physical, occupational and speech therapy, rehabilitation centers, convalescent homes, special schools and classes for those unable to attend regular schools, vocational training, appliances and equipment pools, psychological counselling and testing, and many, many others.

Thus, by opening up your heart and contributing to the 1954 annual Easter Seal campaign as generously as you can, you will be directly helping some crippled child to lead a happy, useful life. If you haven't received Easter Seals through the mail, send your contribution to "Crippled Children" P. O. Box 900, Edmonton.

## Selling by Advertising

Many local retailers and other businessmen were in attendance at the first "Advertising Night" of the Greater Fort Erie Chamber of Commerce here Tuesday.

The guest speaker, Robert B. Adam, president of Adam, Meldrum & Anderson Co. of Buffalo offered some valuable advice on merchandising derived from his experience as head of a large department store.

During the question and answer period he freely replied to various queries and what impressed us mostly was his stressing of advertising . . . that of getting a good product and then telling the people about it.

He reported that his firm allocates five per cent of it's sales towards advertising of which three per cent goes into newspapers, one per cent divided among radio, television and direct mail advertising and the remaining one per cent in maintaining it's own advertising department.

He emphasized that newspapers still remain the No. 1 medium of advertising for merchants and predicted they will continue to lead.

Without wishing to minimize the value of radio and television in product selling, we can certainly concur with Mr Adam. The impact of the printed word intelligently applied in regular newspaper advertising has been proven.

## More Church Building

Church construction in Canada in 1954 is expected to be about $34 millions, almost equal to construction indicated for chain stores.

Included in the $34 millions is about $28 millions for new space, and about $6 millions for repair and maintenance.

Bottleneck on church building programs is lack of organizing personnel to quite an extent. The difficulty of getting enough mortgage money to match the money members will put up is another.

A frequent complaint is that subdividers just do not think of churches. Churches have to buy residential lots in the open market.

# "GREEN ACRES"

SEEDING LAWNS

Creeping Red Fescue is the most popular grass in this area for seeding lawns. Mixtures with other grasses or clovers is not recommended. Use 1 pound of seed for 250 square feet. Seed any time when soil is wet. Early spring is best but if there are weeds in the plot it would be best to kill off a couple of growths and seed in June or July just after a good rain. If you have hose use it plenty for 2 or 3 weeks after seeding.

FORAGE SEED SUPPLIES

There has been such a big sale of grass and alfalfa seed this spring that the supply is running out. There are two reasons for this (1) Farmers realize the need of seeding down some of their old land to grass (2) Seed is cheaper than it has been for ten years.

BLADE WEEDERS

Several farmers in this area are well pleased with work their blade weeders are doing. The noble blade is coming out with a 3 shovel set up for 11 feet cut. Also Dr. Noble is offering a hoe drill and packer to use with the Noble Cultivators.

STUBBLE CROPS

In trash cover farming the stubble should not be worked down into the soil but rather left on the surface or anchored in the top 2 or 3 inches. There is a danger in depressing the yield where stubble is buried. Nitrogen fertilizer of course will help greatly in boosting the yield.

MAKING IT RAIN

At Delisle Saskatchewan, a large group of farmers have organized a rain-making Co-op. The idea is to induce the weather man to make it rain during dry spells in the growing season. Let's wish them luck and if it works out we will try it too.

The towns of Lloydminster and Vermilion have flourishing Horticultural Societies. These societies hold flower shows and distribute valuable premiums in the spring. Why not join up and support these useful organizations? You should do it now so that you will be in time to get free premiums.

H. H. Buckingham, D.A.

## THE STAGETTES

Say, this idea of having meetings in the homes is fun isn't it? What did you say Lil? The club turned out in fine style with nearly every member present, which was an improvement over last week, and we sure enjoyed that lunch too, and no dishes to do. Eh, what did you say, Lil?

Well, we looked at plans for a barbecue pit for which we have all worked up a lot of enthusiasm, and as soon as weather permits you'll find Stagettes in blue jeans and shirts with the sleeves rolled up, down there at the park cementing bricks together just as if it was our trade. We'll have a pit the likes of which you've never seen.

Our dance posters are out to remind you that our spring Cotton Ball is coming up soon, May 6th. Kay S and Mildred volunteered as poster posters.

Convention is coming up soon too, so we nominated Sophie to attend as delegate from our club, and from the looks of things quite a few members are going to Grande Prairie with her. Next Tuesday at Edna's (if we can find the place) we will hash over the Constitution and see what amendments and discussions we can stir up for the business sessions, so please bring your copies of the Constitution next week.

We have high hopes that when Kay C becomes a Wainwrighter she can create enough interest among the girls there to start another club. If she can find a few with as much interest as she herself has shown here, she shouldn't have any trouble forming an ideal club.

And here comes the checking list Saturday — Ivy and Noreen take their turn.

There are 20,000 different cattle brands registered by ranches with the Alberta Government.

## News from Islay

Mrs. Swan returned after visiting her daughter and son-in-law Mr. and Mrs. Bert Zimmer at Endcliffe, Man. She was all smiles too as there was a new grandson there. So it is congratulations to Mr and Mrs. Zimmer (nee Margaret Swan).

The writer learned that Mr. Herb Simmons did have a birthday celebration for March 31. Mr. Dave Buchanan had a birthday the same day, 76 years young. We believe that Mr. and Mrs. Alf Holington were there for a birthday supper. Many happy returns even if a bit late.

W. A. TEA SATURDAY

Don't forget the W.A. tea Saturday afternoon in the church. There is to be quite a change in the serving from the usual sandwiches etc. Come and have a visit, we will be glad to see you.

Mr. C. C. Mitchell is in town visiting at the H. G. Young home. He is recuperating after a severe illness.

Mr. and Mrs. Lloyd McFadden were Sunday visitors at the home of Mr. and Mrs. McEachern.

Johnny Teskey is driving a 1950 Ford truck.

Mrs. Martin Sr. has gone to visit her daughter Mrs. Bill Hancock.

Mr and Mrs. Freddie Glover (nee Dot McNeely) of Le Pas, Man., are now living in Lloydminster. Mr. Glover is in the post office there.

Mr Alvin Anson slid off a load of baled hay when some of the bales fell out. He suffered a cut on his forehead.

Thirty ships—a seasonal record—visited Churchill, Man. for grain cargoes in 1953.

The average Canadian of 70 years of age has spent 20 years of that time asleep. In the clock watching fraternity the sleep time undoubtedly would be higher.

## Sixteen Years Ago Today

*April 7, 1938*

Art Wiebe and the Chicago Black-hawks were playing in the Stanley Cup finals and a telegram of best wishes was sent by the Board of Trade.

A. E. Kaiser was elected president of the Golf club, Miss Keith was vice-president and Tom Dick secretary-treasurer.

After an absence of four years Mr. and Mrs. Charlie L. Hollen returned from Grand Junction, Colo., and have settled south of town.

## Thirty-two Years Ago Today

*April 8, 1922*

W G Flint was elected president of the tennis club, Rev J. Smith vice-president and W. H. Graham secretary treasurer.

The "Mikado" was presented by Vermilion talent under the direction of W. B. Elford and was a great success, playing in the Columbia theatre for two nights.

## C.N.R. Men Take First Aid Exams.

The Canadian National Railways Medical Department have been conducting classes in First Aid at Vegreville, Vermilion, Lloydminster and Camrose during the past two months, examinations being held at Vermilion on Tuesday Morning, March 30, with Doctor Evans in attendance.

Lectures were given once per week at the above-named points by Syd. S. Harper, Supervisor of First Aid for the C. N. R. Employees from Claysmore, Mannville, Minburn, Berradaile and Vermilion attended the lectures at Vermilion. Employees from Lavoy, Inland, Mundare and Vegreville attended the lectures at Vegreville, and employees from Lashburn, Marshall, Kitscoty, Blackfoot and Lloydminster attended the lectures at Lloydminster.

The Vermilion employees examined on Tuesday were: Messrs. Walter Kwaniat, John Kusiac, Tom Tomik, Steve Elechko, John George Koroluk, Philip Huber, Herb W. Hemmingway, Harry Frederick, Thomas Rochford, John Richard Arnold, John Henry Bobowsky, Thomas Albert Glew, Philip Bellavance.

The Canadian National Railways as a special Centre trains their own employees, the St. John Ambulance Textbook being used for this purpose. Approximately two thousand employees are trained each year across the system.

The C. N. R. works closely with St. John Ambulance, the supervisors of First Aid being executive officers of that body in each Province they work in. In any town where the St. John Ambulance are not operating, the C. N. R. Supervisors of First Aid will conduct a class on their behalf, for the citizens of that community, if requested. Many small towns have taken advantage of this, by having their Volunteer Fire Brigade, Ambulance Drivers, and so on, take an evening course on the same day that the Supervisor is at that point teaching C.N.R. personnel.

During the past few months, the Company has been giving First Aid instructions to their personnel on the Alaska Highway, (Northwest Communication System) these classes proved so popular that Department of Transport, Highway Maintenance and Army personnel and their families enrolled in the classes.

Mr Syd S. Harper who carried out the classes is Supervisor of First Aid, Canadian National Railways, Steamships and Trans-Canada Air Lines, wiht jurisdiction over Alberta and B.C. districts. His headquarters are in Edmonton. Mr Harper was admitted to the Order of St John as a Serving Brother at an investiture held at Government House, Ottawa, last November.

## Wedding Bells

*JOHANSSON - DRYSDALE*

Grace United church, Lloydminster, was the setting for the wedding on Wednesday, March 31st at 3:00 o'clock of Glenda Jean Drysdale, daughter of Mr. and Mrs. D. A. Drysdale of Kitscoty, and Carl Andrew Johnansson, only son of Mr. and Mrs. Henry Johannson of the Earlie district.

The Rev. A. Morrison officiated at the ceremony.

Given in marriage by her father the bride was lovely in a floor-length gown of lace and net over net and satin, fashioned with bodice of lace and long sleeves ending in lily points. The bride fashioned her finger-tip veil of illusion net trimmed with embroidered flowers and pearls, held in place by a sweetheart cap of lace and pearls. She carried a prayer book with a white orchid and streamers of red sweetheart roses. Her only jewelry was a necklace of pearls, the gift of the groom.

The bridesmaids, Miss Betty Ann Stone, a cousin of the bride, wore a waltz length gown of net and lace over taffeta in a mauve color with headdress and gloves of net in matching shades; Miss Alberta Drysdale, sister of the bride, wore a waltz-length gown of lace and net over taffeta in a pastel shade of green with headdress and gloves of net. Each carried a Colonial bouquet of carnations and fern.

Mr Alan Drysdale, brother of the bride, attended the groom as best man.

Mr Henry Eyben of Vermilion, a brother-in-law of the groom, and Mr. Lyle King ushered the guests to the pews marked with white satin ribbon and bells.

Gifts to the bridesmaids and soloists were brooches and necklace, and to the best man and ushers, tie clips.

The wedding music was played by Mrs. A Morrison and during the signing of the register she sang "Because".

A reception was held at the Alberta hotel in Lloydminster for the relatives and closest friends. For the occasion Mrs. Drysdale, mother of the bride, wore a navy blue crepe dress with a navy blue straw hat and corsage of red roses. Mrs Johannson, mother of the groom, was dressed in a teal blue afternoon frock of crepe with hat of pink straw trimmed with velvet and veil. Her corsage was of pink carnations and fern.

The corsage of Mrs D. C. Drysdale, grandmother of the bride was of pink carnations and ribbon.

Mr and Mrs J A Isley, grandparents of the groom were unable to attend the wedding owing to the illness of Mrs Isley.

Mrs. Linton of Hay River, a sister of the groom, was also unable to be at the wedding.

A three tiered wedding cake centred the bride's table banked by a lace bow and sweetheart roses. The cake was beautifully decorated by the bride's sister Mrs J K Stoddard.

Miss Dorothy Ross, cousin of the bride was in charge of the guest book.

The toast to the bride was proposed by Mr Lyle King. The toast was replied to by the groom who also proposed a toast to the bridesmaids, this toast was replied to by Mr Alan Drysdale.

In the evening a dance was held at the Earlie hall. Immediately before supper the wedding party and several close friends adjourned to the new home of the happy couple where the bride changed from her wedding gown to a tailored suit of light blue wool in the same material as the suit worn by the groom. Her corsage was of red roses.

The young couple will make their home in the Earlie district where the groom is engaged in farming with his father.

## Claysmore Clippings

Miss Hazel Winters who finished her business course in Edmonton spent the week end at her home at Claysmore.

The ladies of the W.I. who have been selling tickets on a $5 food hamper, held the draw after lunch at the school dance Friday evening. The winner was Mrs. A. Hanson of Mannville.

Mr. and Mrs. C. Emsland and family were dinner guests at the home of Mr. and Mrs. J. Horne on Sunday March 28.

The next meeting of the W. I. will be held at the home of Mrs. A Olstad on April 14. Mrs. R. Bauer will give a reading on health. This should prove very interesting to all.

## Wildmere Winks

Our winter still is with us making it very miserable for all especially farmers who have young stock arriving. Maybe when it does make a break it will be nice weather and spring will be here in earnest.

Vermilion and surrounding districts were saddened on Saturday when word was received that Mr G. H. Stone had passed away that morning. Mr Stone had been in ailing health for some time. He was a real pioneer of the West, coming to the Cummings district in 1905 where he homesteaded and farmed until retiring to live in Vermilion not so many years ago. He had seen the west from its early days when neighbors were few and far between with oxen as beasts of burden, to the present fast-moving farming practises and equipment and neighbors close at hand. He leaves to mourn his passing a very devoted daughter Della and son Alex, also six grandchildren. To the sorrowing relatives we extend our deepest sympathy in their hour of bereavement. "He is not dead, he is just away".

Mrs Wilson our teacher was the latest victim to suffer from flu and gland trouble. The children had a holiday last week when she was sick. While not yet feeling her best she is back at school now. Mrs Bob Martin and Mrs Osterberg [illegible] ment. We wish all those who are sick a speedy recovery to health again.

Curling is still going on at our local rink. Two [illegible] rinks were visitors on Sunday and last Monday evening Art Lysons had a rink over.

J Wallington is away to a three day session of [illegible] meeting at Kitscoty. Gary Carruthers is helping to do chores while he is gone.

Laurence Graham who has spent the winter at the [illegible] is now back at Hillside Service working.

Mr George Martin has been out for the past couple of weeks [illegible] corner giving demonstrations on how to control fires and save lives in case of an [illegible]. Mr Martin really knows his [illegible] learn a lot.

[illegible] the writer a hand with papering [illegible]

[illegible] week [illegible] Margaret [illegible] Mr and Mrs [illegible] exchange [illegible] young couple [illegible] happiness and success. They will make their home at Lamont.

We extend our sympathy to Mr Wm Waldenberger on the death of his brother-in-law last week, Mr Minlely in Edmonton.

Here is an item we think just fits our good mail man.

A farmer's wife in the Ottawa Valley takes advantage of the good natured rural mail man who will often help out by doing little errands for those along the route. One day he found inside her mail box six eggs and the following note: "Please I didn't have any change so will you sell these eggs to get a stamp for this letter and with the change bring me 6 postcards and the rest in stamps. Thanks". All we can say is, eggs must be a better price there than here!

In 10 years Canada's farm horse population has declined by two thirds to about 1,000,000.

**Dewberry W.A. Plan Easter Tea**

The regular meeting of the Dewberry United Church W. A. was opened with an Easter hymn. Mrs. Young read from the Bible. Mrs. Hornigold read the message from the Upper Room for April 1.

The minutes of the previous meeting were read and approved. Two more ladies joined making the membership 16. The treasurer's report was given and approved.

Mrs. Hornigold reported on the diocese ward meeting. Rev. Steed does not as promised to stay for another year.

The W. A. Easter tea will be held in the Dewberry hall on Saturday April 11 commencing at 2:30 p.m. There will be a sale of tea aprons and pot holders as well as a fish pond, candy bar, and home cooking table. Come and bring a friend.

The travelling basket is back. Mrs. May Braithwaite is to start it on the way again. The Sunshine Lady reported no cards sent. This was pleasant news.

The next meeting will be held at Mrs. Brett's.

The meeting closed with the benediction.

This message from the Upper Room is left with you "Obedience is the sacrament Christ has given

**Bowtell Bulletin**

Sorry boys the notice re the ball meeting wasn't in time, guess our Editor was short on space last week.

Congratulations to Mr and Mrs. Jones who celebrated their 43rd wedding anniversary on April 6.

The writer and family were pleased to have Mrs. Dedelly and Mr and Mrs. Caro and Jack visit them on Sunday. The Caro's have recently returned to Canada after a visit to Holland.

The ball team plan a dance for April 30 in the Bowtell hall. Permission was granted to use the hall.

Mr and Mrs. H. Fredericks were Sunday visitors at the home of Mr. and Mrs. Lippert.

Mary Rochford is spending a few days holidaying at her home.

Quite a number of ladies of the district are attending the sewing classes in Vermilion.

The writer is sorry to report that Mr and Mrs. Freestone's eldest daughter is ill with polio; also that Mrs. Scott's mother Mrs. Galloway is ill in hospital.

At time of writing on April 6 there is quite a blizzard raging and the big question is — when is spring coming? Quite a number of farmers report the loss of calves, chicks and little pigs due to the unusually cold weather of the past week.

Mrs. Robinson is looking forward to seeing her son-in-law is coming here from England for a visit.

Mrs. Williams is now the proud possessor of a fine wrist watch, a birthday gift.

Realistic thinking comes from Western Germany where Economics Minister Erhard says of the future "We will just work harder-and we must." Germany is rebuilding fast.

By Shirley Heinze, Wainwright, Alberta

**News Notes From Your District Home Economist**

LENTEN MENUS NO WORRY TO MRS WISE

Appetites in the Wise family never slip during the lenten period. Mrs. Wise prepare a great variety of fish dishes which are always enjoyed.

Fish, fresh, fresh frozen, canned, or dried, is good to eat as well as being good for us. minerals and vitamins. When selected with care and properly cooked it is one of our most appetizing foods, advises Miss Joice Lewis, Nutrition Specialist, Alberta Department of Agriculture. Few foods lend themselves to such variety in preparation.

That disagreeable "fishy" taste doesn't occure in good fresh fish. When selecting fish, Miss Lewis says, be sure that the gills are bright red; the eyes bright, clear and bulging; the flesh clear and elastic A finger impression should not remain on fresh fish. It should be cooked the day it is purchased. Fresh frozen fish should be kept frozen until just before it is cooked.

Mrs. Wise serves fish baked, boiled, broiled, or fried. She serves it in fish cakes, croquettes, curries, chowders, loaves, pies, or casserole dishes. One favorite of the Wise family is a fished fish casserole. Mrs. Wise makes it with cooked fish, of any kind, or with canned such as salmon or tuna. She arranges layers of flaked fish alternately with layers of hard cooked eggs and cooked vegetables. A tasty cream sauce is poured over all. Sometimes when she is in a hurry Mrs. Wise uses canned mushroom or tomato soup, slightly diluted with milk or vegetable juice in place of the cream sauce, topped with buttered crumbs or crushed cereal flakes and baked to a golden brown this makes an appetizing dish.

Many recipes and ideas for the preparation of fish may be obtained from the Home Economics Section, Department of Fisheries, Ottawa. Take a tip from Mrs. Wise and write to this department for recipe booklets.

BUYING A SEWING MACHINE

How to make a good buy in a home sewing machine is a question of concern to many families. This is especially true now that there are so many types of machines setting at different prices and suited to different purposes, says Mrs. V. G. Macdonald, Director of the Home Economics Extension Service, Alberta Department of Agriculture.

Before you go shopping consider the kind of sewing for which you will use the machine For Plain sewing, making simple garments, patching, mending and darning, a straight sewing machine is satisfactory. Many women prefer it for fine dressmaking and tailoring where machine-made decorations are not used. In contrast the swing needle or zigzag type machines are for specialty sewing such as decorative stitching, embroidering, finishing seams and buttonholes These machines, in fact, do the job intended for the attachments that can be bought for the straight sewing machine. You will need to decide whether specialty stitching will be done often enough to warrant the added cost of such a machine which in most cases is about one hundred dollars.

Whether to buy a cabinet or portable machine is another important question, a cabinet with well supported leaves and straight legs gives good sewing support and is ready for immediate use. The portable is the choice where space is limited or where the machine must be moved often

**The Weather**

Real winter weather has prevailed for this first week of April with temperatures much below normal for the season. A light fall of snow Tuesday of white. Again covers the ground. Thursday night and Friday temperatures are right down to zero with promise of more to follow. Saturday night's temperature was approaching zero and was a bone chilling night with light patches of snow on the ground.

# Local News of Interest

Robert Fair, M.P., has returned from Rochester, N.Y., after undergoing major surgery at St. Mary's hospital there. He is convalescing nicely and hopes to return to the session at Ottawa following the Easter recess. He was accompanied on the return trip by Mrs. Fair who had gone to Ottawa on receipt of word of her husband's illness.

W. J. Moses returned recently from a month spent in Vancouver and Victoria. Most of the time was spent in Vancouver where he was the guest of his daughter Mr. and Mrs. W. Elgie (Margaret) and family. While at Victoria Bill saw Mr. and Mrs. Dave Kennedy, Mr. and Mrs. Ed Wilson, and Frank Atkinson. He also visited an afternoon with W. E. McCrae while in Vancouver.

W. E. English plans to leave this Friday for the coast where he will spend some two or three weeks visiting son Jack and family and daughter Lucie in Victoria.

Mr. and Mrs. H. J. Payne, local florists, attended a design school held in Edmonton recently by Dales of Brampton, Ont.

Wally Footz, of the C.N.R. who left here early last spring and has been at several places since, has again returned to Vermilion. Unfortunately Wally's hockey and baseball activities will be greatly hampered from now on due to a knee injury suffered at Xmas time.

Celebrating the 25th anniversary of their graduation, 19 members of the class of 1929 were present at a banquet in the Macdonald hotel last Wednesday evening held in honor of the graduating class of the Royal Alexandra Hospital school of nursing, including Mrs. W. E. Cross of Vermilion, whose daughter Patricia was among this year's graduands. —Edmonton Journal.

Herman Wiebe of Chinook Valley in the Peace River country of Alberta, spent Tuesday in town visiting his brother W. R. 'Bill' Wiebe. Herman was on his way to Southampton Island, north of Hudsons Bay.

Jim Anderson of the Royal Canadian Navy, Victoria, B.C., is visiting his parents Mr. and Mrs. W. K. Anderson.

Bill Pilkie and son Allan of Edmonton were visitors in town on Tuesday afternoon. Bill and Mrs. Pilkie returned last week from a month spent in Honolulu.

Mr. and Mrs. E. W. Hart are noticed home after an extended trip to the southern States. While away they visited relatives and friends.

Mr. and Mrs. S. C. Heckbert and Dr. and Mrs. H. J. Clarke returned this week from a three weeks holiday at Victoria, B.C.

Memories of some 27 years ago were recalled on Tuesday afternoon when Jim Craddock walked into the Standard office. Jim left here with his mother and sisters back in 1927, paid a short visit only once and that in 1930 and this is the first return since that time. He now lives in New Westminster where his mother and sister Florence also reside. Sister Dorothy lives in Edmonton, both sisters are married. The Craddock family lived on the south side and Jim had a great time renewing old boyhood acquaintances with several families remaining in Vermilion from that era. He was amazed at the changes in the town completely missing the old Vermilion of his boyhood recollections.

Mr. and Mrs. Frank Chapman, missionaries from West Africa, accompanied by Mr. D. E. Brown, called at Wetaskiwin at the Alberta Engineers on their way to visit Mr. and Mrs. Mervin Wilson at Rosebud, Alta. Mr. and Mrs. Chapman gave very interesting talks and showed African Curios, both morning and evening meetings. They also addressed the public school children Monday morning. The return trip was by Three Hills and Trochu.

D. E. Brown returned to Vermilion Tuesday from a business trip to several southern towns where they had four inches of snow and 17 below zero weather.

MISSIONARY FILM APRIL 16

On Good Friday evening April 16 at 8 p.m. in the Salvation Army Citadel the dynamic film 'Regions Beyond' will be shown. This 45 minute sound color film is actual and presents a challenging message concerning the hardships and victories realized in the Mission field. Those who have already seen the film will share enthusiasm for it as the outstanding missionary film of its time. The public is invited to attend this service. 40-1x

## Bishop of Edmonton To Visit District Over Week-end

The Right Reverend Howard H. Clark, Anglican Bishop of the Diocese of Edmonton, will pay his first visit to St. Gregory's Mission on the eastern fringe of the diocese over the Palm Sunday week end. The parishes which comprise the Mission and which he will visit are St John the Divine, Kitscoty; St. George's, Marwayne; St. Mark's, Blackfoot; Holy Trinity, Golden Valley, and St. Peter's, Moyerton.

The purpose of Bishop Clark's visit is to administer the Sacrament of Holy Confirmation to a large class of candidates in the Mission, and to meet for the first time his people in these parts.

Bishop Clark, recently consecrated a bishop in the Church of God on the Feast of the Conversion of St Paul last January 26th., was formerly dean of Christ Church, Cathedral, Ottawa, where he spent the greater part of his priesthood. He is a native of Fort McLeod, Alberta, but at an early age moved east to southern Ontario where he received his junior education. He is a graduate of the University of Trinity College, Toronto, where he received his arts and theological education respectively. He was ordained as a deacon in 1930 and as a priest in 1932. He was made priest in charge of Christ Church cathedral in 1938, rector of the cathedral in 1939 canon in 1941 and in 1945 was appointed dean of Ottawa. He retained this position until January 1954 when he was consecrated a bishop to succeed Archbishop Barfoot of the Diocese of Edmonton.

Services for Palm Sunday have been arranged as follows:

At St. John the Divine, Kitscoty, Mattins will be said at 7:30 a.m., followed by the celebration of the Holy Eucharist at 8 a.m. with Bishop Clark as the celebrant. The Sacraments of Holy Baptism and Holy Confirmation will be administered at 7:30 p.m. at which the Bishop will preach. Following this there will be a reception at the Legion hall.

At St. George's, Marwayne, the service of Confirmation will be at 10.30 a.m. followed by a reception in the church basement. At St. Mark's Blackfoot, the Confirmation will be held at 1:30 p.m. followed by a reception at the school. At Holy Trinity, Golden Valley, Confirmation will be held at 4:15 p.m. followed by a reception.

On Monday at 7:15 a.m. the newly confirmed candidates at St. John the Divine, Kitscoty, along with their parents and godparents as well as the other members of the congregation are requested to receive the Holy Communion when the bishop will be the celebrant.

On Monday at 8 p.m. the bishop will pay his first visit to the newly organized parish of St. Peter's, Moyerton, (Paradise Valley), where the service of Evensong will be held.

On Tuesday at 9 a.m. the Confirmation candidates and other members of the parish of St. George's, Marwayne are requested to make their Communion when the Bishop will be the celebrant.

A cordial invitation is extended to all to meet Bishop Clark on his first visit to these parts and to come to the receptions.

## Novelty 'Spiels Won By Webb, Currah

Two short spiels were run off last week. The first was on Wednesday when 12 rinks played two games each with highest total score winning the prize. Darrell Currah was top man and second place resulted in a tie between Alex Smith of Buffalo Coulee and the Curtis Martin rink of Vermilion. Two ends were played between these two with the Smith rink winning the verdict.

On Friday, 7 local rinks and 17 visitors for a total of 24 played 2 games each. Skip George Webb was high rink with a total of 44, Currah rink second with 42. Mac Smith of Wildmere 41 and Bill Sparks of Clandonald was fourth with 40. Members of the ladies curling club catered and a regular bonspiel atmosphere prevailed despite the date being April 2. This week a mixed spiel is being played.

## Vanesti F.W.U.A. and District News

The regular monthly meeting of the Vanesti F W U A was held at the home of Mrs. E. J. Coleman a few days earlier than usual due to the fact that some of the ladies were planning to visit the demonstration of "Electrical Appliances" at Tolland on April 7. The minutes of the previous meeting were read.

A donation of $20 was made towards the Iron Lung for the Lloydminster hospital which included donations from the local district and will be forwarded to the proper officials.

Material has been given out to make articles for the summer bazaar. A quilt will be made at the next meeting which will be held at the home of Mrs G Burkett on May 5. A nice lunch was served at the close of the meeting.

Spring is here according to the calendar. Crows and calves, lambs and gophers are around again, also some new cars in the latest colors and styles. The only thing that is out of season is the weather.

The engagement of Mr Clifford Coleman, second son of Mr and Mrs E J Coleman of Vanesti and Miss Shirley Warren, only daughter of Mr and Mrs. J Warren of Moyerton has been announced. Congratulations are extended to both the happy people.

## Masons Hold Father And Son Banquet

M. P Norton, Worshipful Master of Lodge No. 24 A.F & A.M. gave the address at the annual Masonic Father and Son banquet held on Friday evening in the Legion hall. Catering was by the ladies of the Eastern Star. 80 fathers and sons, the latter of all sizes and ages, attended the enjoyable get-together.

During the course of his short address Mr. Norton remarked that no doubt the sons wondered just what their fathers did when they went to their Masonic lodge. One fact that they could remember was that while at Lodge all the members were learning to be better men and citizens, according to the laws of God and man.

Grace was said by Mr Basil Hawley, the toast to the Queen and Craft by J W G Morrison.

The evening was completed by a sing-song led by Dr Ben King who was chairman, and by the showing of three interesting films, two of nature and one a real comic by Mr George ...

HIGHEST WEEKLY WAGE

Inherent firmness in economic picture emphasized by the fact that in spite of unemployment and part time work in some industries workers who are working are doing best ever. Highest average weekly wage in Canada's history recently recorded $58.42 says The Financial Post. Compares with previous high of $58.14 last November.

## Constituency News of The W. I.

The District conference held in Edmonton in March was certainly successful. Congratulation go to Mrs. Jones for her fine work. The list of speakers included Mrs. Lefsrud, Mrs. Howes, Mrs. Wood, Mrs. Rogers, Dr. Wright, Director of the Cancer clinic, Dr. and Mrs. Bentley.

CLAYSMORE

The Claysmore branch heard Mrs. J. Willes read an interesting paper on Citizenship. This branch gave a donation to the A.W.I. and remembered the sick.

FIVE POINT

Five Point branch will assist with the rummage sale in aid of Mannville rest room. Mrs. E. Sommers read an interesting paper on "Growing African Violets". Mrs. R. Calder reported on U.N. activities during the month. The social part of the meeting was unusual, it took the form of a fish pond.

RAMSAY W. I.

Ramsay W.I. will assist with the rummage sale in aid of the Mannville rest room. Plans were made to hold a Beetle drive and dance. Audrey Hamilton gave an interesting account of the course she took in the United Nations at the Banff School of Fine Arts last August.

KITSCOTY

Kitscoty branch held their annual 'Pot Luck' supper on March 23. A box of used clothing was collected and left at the municipal office for distribution. The visiting committee made several calls during the month.

SALTAUX W. I.

The members selected items from the handicraft list and will make and exhibit them at the conference in July. Letters acknowledging toys donated to the University hospital and used clothing donated for shipment to Korea were read. An interesting letter from a pen pal in Scotland was also read.

PRINCESS ANNE W. I.

This branch chose Mrs. George Richardson as delegate to attend the District conference. The branch also sponsored a Red Cross meeting with films. Mr. R. A. Hodgert and Mr. Simonson were the speakers at this meeting. Mr. Hodgert spoke on 'Water Safety' and Mr. Simonson spoke on the Red Cross drive for Gamma Globulin.

THORNCLIFFE W. I.

Members are planning an Easter Novelty and Bake sale to be held in Vermilion April 17. This branch has had some very interesting social items. This month it was a Photo quiz.

WILDMERE W. I.

Wildmere W.I. heard Mrs. W. J. Garnett give a report of Mrs. Wood's talk on the A.C.W.W. This branch donated to the 'Pennies for Friendship'. Mrs. F. Gibson attended the district conference.

CREIGHTON W. I.

The W.I. served lunch at the curling rink for the ladies' bonspiel. This proved a success financially. They are going to support the rummage sale in aid of the Mannville rest room. They also served lunch at Mrs. Ekin's auction sale. Mrs. L. Donnenworth read an interesting paper on 'Agriculture' and Mrs. W. Donnenworth gave a short report on 'Crafts Learned by the Polio Patients'.

VERMILION W. I.

Vermilion branch heard Mrs. J. Cameron give an interesting paper on Home Economics. They donated a parcel of clothing to the U. S. C. They are holding a novelty and bake sale on April 3.

## School Sales Approved By Division Board At Regular Meeting

The regular meeting of the Divisional Board of the Vermilion School Division No. 25 was held at the Divisional office on Friday and Saturday, March 26 and 27.

Zone 3, A.S.T.A.: Report was presented from meeting of trustees of Zone No. 3 of A. S. T. A. called to discuss salary schedules for 1954-55.

Basswood S. D.: Mrs. Wm. Steele attended the meeting with request for provision of bus service to new school in Preston S.D from corner at NE of Sec. 19-48-6. Board agreed to request when road permits bus travel.

Marwayne S.D.: W. L. Brown reported on choice of site for new building with architect P. Campbell-Hope and members of local board. Architect was authorized to prepare plans and specifications for new building.

Sale of Buildings: The Board approved the following sales:

King Edward school, barn, fence, shed and pump to G. Taylor $1035; Tring school to W. Hamernyk, $425; Cheviot Hills school and shed to Adam Brazunas, $1110; Sefton Park barn to E. Orbeck, $206; Park Valley barn to C. Fredericksen, $255; Cheviot Hills barn to C. Fredericksen $125; Willowby barn to C. Kennedy, $305; Teacherage at Cheviot Hills S.D. and school at Queenie Creek S.D were not sold. The latter building may now be purchased privately.

Staplehurst S.D.: Board approved sale of school properties as community centre for sum of $125.

Islay S.D.: Delegation from Islay S.D presented request for operation of additional room due to heavy enrollment. Board deferred action until new enrollments are established.

Superintendent's Reports: Mr. Simonson presented survey of all centralizations showing probable future enrollments in the various grades with possible building requirements as determined by present accommodation. Board accepted resignation of Mrs. Muriel Bobroske as teacher at Allandale school.

Co-Terminus Boundary Commission: Board, together with Council of Vermilion River M.D., met with boundary commission at Kitscoty on Friday, March 19. Commission presented a proposal with minor adjustments on the western boundary which would establish coterminous boundaries similar to the present boundaries of Vermilion School Division, excepting in Lloydminster area. Commission was requested to include that area of the Municipal District lying north of Saskatchewan River. Meeting unanimously approved the proposal of the Commission with these suggested revisions.

Kitscoty Dormitory: The Board studied complaints that parked cars create a nuisance at girls' dormitory. Board agreed to prosecute offenders and to the fencing of the grounds with erection of suitable signs.

Lloydminster School Unit: Letter stated that Board would be prepared to pay part of transportation costs of pupils from Unit attending Streamstown school on Grainview bus. Unit will be requested to accept proportionate costs.

Vermilion S.D Steam Heat: The Board approved conversion of the heating system at Vermilion High school so that independent unit will be provided.

Park Valley School: Secretary was instructed to notify local district that building would be available for purchase as community centre.

Sale of Buildings: Board approved further list of buildings which will be offered for sale by tender if not required by various local communities as centres.

Next meeting April 20.

## Mannville & District LOCALS

The Agricultural Services Board has appointed James McCauley of Mannville and Walter Tym of Innisfree to handle grass seeds and legumes. Stock will be carried at both places.

Mrs. Jack Croft of Edmonton was a Sunday visitor at the home of Mr and Mrs. J McLuckie. She motored frmo Edmonton with Mr and Mrs. Alex McCallum and Miss Donna Hanning.

Mrs. Ivan Smith has returned from a ten weeks visit at the Coast. Her sister Mrs. Wm. Prest of Duncan, B.C., returned with her.

Recent visitors with Mr and Mrs N. McKinnon were Mr. and Mrs. Neil Phillips and daughters of Tofield.

Two Vermilion rinks skipped by Mrs. Parks and Mrs. Locke challenged two Mannville rinks skipped by Mrs. Proudfoot and Mrs. M Mercer for the C. Smith trophy but failed to take it home with them. On the third sheet Mrs. E Cirley of Vermilion and Mrs. McLuckie of Mannville had a non-challenge game. Lunch was served and a social hour held in the rink after the games.

April 19th, Easter Monday is the night of the Black Knights' ball in the Orange hall, Mannville.

Mrs W Purdue of Edmonton Mr and Mrs Jim Purdue of Picton, B C were callers at the McLuckie home on Monday. They were returning from the funeral of Bruce Purdue of Coronation who was asphyxiated in his car last week. The funeral was held at Coronation on Friday and the body was taken to New Haven, Sask., for burial. Mr McLuckie attended the funeral at Coronation.

The Eastern Star entertained the Masons and friends on Friday last at a card party and dance in the Masonic Hall. The Willis Orchestra furnished the music for the dance.

## Mannville Old Timer Passes Away

MANNVILLE. — Word has been received of the death of a former resident and old timer of the Mannville district Mrs Isa McLean. Mrs McLean passed away on March 25 at Victoria after a lengthy illness. She is survived by one sister Agnes Lynn and two brothers, Robert and Thomas Lynn.

Mrs McLean came to the Mannville district in 1904 and resided here until she moved to the coast eight or nine years ago soon after the death of her daughter Nancy. She was the widow of Dan McLean, one of the original settlers of Mannville.

## Kitscoty News

The Kitscoty branch of the Canadian Legion Post 136, B.E.S.L. wish to thank all those who so generously contributed o the polio fund, and to the canvassers who worked so willingly. The sum of $564 was collected and forwarded to polio fund headquarters.

We regret to report that Mrs. A. L. Browne of Windsor, Ont., sister of Mr. L. E. Speelman, passed away on Saturday April 3. Sincere sympathy is extended to Mr. and Mrs. Speelman.

Mr and Mrs. Jack C Potter are home again after a five weeks' holiday in the U. S. and the Pacific coast.

Mr P. Shewbeck is home again after spending the winter working at Whitecourt.

Mr. and Mrs. Tom Foley of Vegreville celebrated their wedding anniversary at the home of their parents Mr and Mrs J. F Finlin on Saturday April 3. Many of their old friends and neighbors called to wish them many more years of happiness.

Best wishes for a speedy recovery are extended to all the Kitscoty folks who are ill in hospital or at home.

Mr. R. M. Mathewson of Edmonton is here visiting with Mrs Mathewson at the girls dorm.

The W.A. of St. Johns Anglican church are holding a tea and sale of home cooking on Saturday Apr. 17 in the Tracy Memorial hall.

# Vegreville School Division Board Meets Boundary Commission

A half-day of the March 22nd meeting of the Board of Trustees of Vegreville School Division was occupied by the Board's meeting with the Co-Terminus Boundaries Commission of the Provincial Government. This Commission, under the chairmanship of Mr W. J. Dick, is at work in this area setting out a proposal for new boundaries for School and Municipal administration covering the same areas.

The proposal for this area as submitted to the Board by the Commission covered an area almost the same as that now within the boundaries of Vegreville S.D. It would have the effect of moving the east boundary west four miles on Highway 16 to a point two miles east of Claysmore. The south-east corner of the Co-Terminus area would [illegible] approximately at the junction [illegible] the Wainwright highway with Buffalo Coulee. The north-east corner of the area would be approximately at Sec 31-52-7-4. The west boundary of the area would be on the range line between Ranges 15 and 16 in Townships 51, 52, 53 and half of 54. The north boundary would be along lines approximately paralleling the half way mark between the C.N.R. and the C.P.R. Willingdon line. The south boundary would approximaely parallel a half-way line between the C.N.R. and the G. T. Holden-Wainwright line.

After a study of the proposal by the Board some minor boundary changes were discussed with the Commission. By a unanimous vote of the Board a written submission will be made to the Commission for study before the final report is made to the Government. The minor changes proposed by the Board would in its opinion, improve the educational services that could be offered by the Division. The proposal as set out by the Commission was on the whole acceptable to the Board. It would not disturb the present school centralizations that are now being operated by the Division. The area to be served by the Division would be approximately the same size as at present and would contain assessment of nearly equal value.

Present at the meeting of the Board wwere Chairman S. Hinton and Trustees A. T. Mandruk, R. J. Whitson, M. T. Tym and L. S. Cole. Trustee W. G. Forayko was absent due to illness. The budget for 1954 passed at the previous meeting of the Board, had to have some minor revision due to a revised assessment figure being presented by the Village of Innisfree. The rate of requisition for school purposes for 1954 remains the same as in 1953, a rate of 29 mills.

When the 1954 budget was passed at the meeting of March 2, the Board had the benefit of the advice of councillors from various municipal authorities that contribute to the Division's school requisition.

COUNCIL, SCHOOL BOARD MEET

The municipal councillors who sat with the Board during budget discussions were Mr. W. Johnson of M.D. Minburn; Mr. R. W. Hay, the Village of Manville; Mr. J. Koshuta, Town of Vegreville; Mr. N. Petruk, M.D. of Eagle; and Messrs. Pshyk and Andriuk, Village of Innisfree. It was found that the Division's budget for 1954 would require increased expenditures in nearly all departments, a total of some $655,000 as compared to 1953 expenditures of $[illegible]. Some increase in assessments and an increase in Government grants permitted the Board to adopt a balanced budget without having to increase the rate of school requisitions for tax purposes.

NEW BUILDINGS PLANNED

The Board has passed a by-law requesting permission of the Utility Commission to authorize debenture borrowings up to an amount of $125,000. This amount of borrowings may be required to permit the Division to carry out the building program required for 1954. The items on this building program are: Vegreville, gymnasium-auditorium; Minburn, two room addition; Mannville, gym-auditorium; Lavoy, first two rooms of a new unit. All these buildings are required to take care of increased enrolments and further centralizations that have been requested by rural districts.

NEGOTIATE SALARIES

On March 23 the Board met with the Salary Negotiating Committee of hte Vegreville Teachers' Assoc. This committee was Mrs. L. Park, Mr. H. Chomik and Mr. G. Kravetz. The Board made an offer of a schedule for 1954-55 which included an increase in all salaries of $100, giving a starting salary of $2100 and a maximum of [illegible]. The Teachers' Committee requested the same basic salary but asked a further experience increment of $100 plus another $100 for holders of degrees. Also requested was that the limit be removed for amounts paid for supervision. These items have the effect of raising the maximum salaries to over $[illegible]. Also discussed with the Board was the matter of cumulative sick pay. No agreement was reached between the Board and the Committee on the matters of increments and increases for degrees.

A report was received by the Board on buildings and building plans. When the architect's final drawings are received they will be studied by the Building Committee and tenders will be advertised for sub-contracts. In the case of the Mannville building, a tender for a general contract will be asked for.

The two-day meeting adjourned on March [illegible]. The Board will meet again on April 26.

# BOWTELL BULLETIN

This news bulletin was crowded out last week so due allowance should be made for lapse of time.

Some 22 attended at church service at Pleasant Valley in the home of Mr. and Mrs. F. Robinson. It was nice to have the Rev. Ford with us again. Everyone missed [illegible] who has been confined to his home after a bad fall on the ice a few weeks ago.

Mr and Mrs. D. Harrison were visitors Wednesday afternoon at the Sherwood home. Visitors over the week end at the same home were Mr and Mrs K. Riedale, Diana and Bobbie of Rochester.

Quite a number in the district are busy hauling willow posts from the Indians at the Long Lake reserve.

Neal Harrison was quite ill and confined to bed this week with the flu that is going around.

Twelve tables of cards were played at the recent party. Prizes were won by Norma Fenton, Mrs. Gow and Mrs. Burton, Vic Dedelly, Jack Semeniuk and Fred Scott.

There will be another card party in the hall on April 2.

Mrs. R. Rupp was very pleased to have her cousin visit her from Portland Ore. The trip was made by plane.

A brush cutting outfit has been busy cutting trees along the Joe Payne road.

Mrs. Maggs and Bonnie were supper guests Monday at the Knutson home.

The writer was pleased to have Mr and Mrs. T. Rochford and family, Mr and Mrs. E. Williams and family, Mr and Mrs J. Payne as visitors during the past week.

Mr and Mrs. Walker and William were visitors Sunday at Northern Valley.

The writer hears that violets and daffodils are blooming where you are Rose. This area is having more winter at the present time.

Mr Vic Dedelly was a Tuesday visitor at the home of Mr. and Mrs. Geo. Shepherd in Vermilion.

Ever consider the Canadian dollar? It is rather a government document which states that the Bank of Canada, will pay to the bearer, on demand, $1. It doesn't say payment will be in gold but in terms of itself. In other words a canadian dollar is a canadian dollar.

HOW CAN I HELP MY [illegible]

All children are not of course equally sociable and most of them go through a period of shyness around two years but shyness in the school child which makes it difficult for him to take part in [illegible] activities is a problem which [illegible] careful handling and could [illegible]y have [illegible] avoided.

Stated in a nutshell, the shy child needs to have a better opinion of himself. Somehow he's missed out one one or both of two 'must's' that should have gone into the strengthening of his personality.

First of these is the all-important one, the lack of which seems to be at the root of so many troubles in child training:

Your child must always feel that you want him and love him, no matter what. He needs to know that he 'belongs' to you, that he can count on your for understanding, come what may. As he is growing up, he needs affectionate help and direction as he begins to take over activities, decisions and responsibilities for himself. The security that comes from knowing that you, his parents, are standing by with approval, understanding and interest is the broad, firm base from which your child steps confidently forth to meet new people and new situations.

There are many pitfalls for the unwary parent. Telling your child "I won't love you any more!" or angrily calling him a "bad boy" can have consequences you would be very anxious to avoid. On the other hand, avoiding unpleasantness for him (and yourself) by failing to help him face the need for self-control and restraint can be a serious matter too. Some parents anxious to rear "a perfect child", criticize too freely and overwork the 'No's' and the 'Dont's'. They find they have raised a child that is always ill at ease, hesitant, drawing back from any kind of action or decision.

Indulging a child one minute and scolding him the next doesn't provide a firm base of security, either. Restrain and control him on the important issues until he learns to control himself. You can do this in such a way that he has no doubt that you love him or that he himself is all right, even though he's got to stop what he's doing.

The second essential the shy child may lack is the feeling that he is able to do many of the things he wants to do and to be many of the things he wants to be.

The shy child [illegible] capable, adequate and important. Here again there are many ways in which praents can, almost from the child's birth, weaken his faith in his own abilities to be and do like others. Eight of the more obvious situa[illegible] for [illegible] to avoid in this regard follow:

1. Limiting his experiences, such as failing to allow early opportunity to sit up, crawl, stand; failing to make suitable play provisions; failing to let him help, feed, wash and dress himself before he is able to take over completely or faultlessly.

2. Tying him to your apron strings, keeping such a close check on him that he can't learn anything for himself.

3. Making all decisions for him.

4. Too much 'Don't touch!' 'Stop that noise''. 'Can't you do anything at all!', whenever he tries something for himself in his own way.

5. Expecting too much from the child in the way of manners, habits, or cleanliness.

6. Making thoughtless remarks or laughing at his childish, awkward attempts to learn. Also neglecting to praise and make suitable comments when he achieves something.

7. Overdoing the emphasis on the cultural and artistic activities to the neglect of helping him learn handicraft skills so that he feels unequal among his friends and playmates.

8. Humiliating or embarrassing him with a remark because he's upset a glass at a party, for example, so that afterwards he feels uneasy in social situations. A bright child interested in new, long words, may be driven by adult laughter to limit his speech drastically. Too much emphasis on a child's size — He's so big, or He's so small — may make him feel he's 'different'. Even the choice in naming a child may contribute to shyness in a variety of ways.

BABY & PRE-SCHOOL CLINICS

Monday, April 12 — Legion hall, Vermilion, 2 to 4 p.m.

Thursday, April 15 — Mannville school 11 to 12 noon (not held on Friday due to holiday).

Thursday, April 16 — Minburn school 2 to 3 p.m. (not held on Friday due to holiday).

Monday, April 19 — Vermilion (Clinic cancelled due to holiday).

# Paradise Valley

Mr and Mrs. E. C. Sutherland of Saut Ste. Marie, Ont., were recent visitors with relatives in town and district. Mrs. Sutherland is a sister of Mrs. John McAmmond of town.

Mrs. Albert McDonald and Mr Clifford Frederickson were patients in the Lloydminster hospital during the past week. Mrs W. A. Gunn returned home on Friday from the hospital in Lloydminster where she has been a patient for two weeks.

RED CROSSAPPEAL

Do not forget that this is the time of year when the Red Cross is making heir appeal for donations. Please leave yours with the local postmaster and receive an official receipt for for income tax deduction.

Mr and Mrs. R. Kragness have moved out to the D. L. Bennett farm for the summer and Mr and Mrs. Vern Matson have moved into the Holstrom house.

Mr and Mrs. D. Odegard and family were Edmonton visitors over the week end combining business with a visit to Mrs Odegard's parents.

The F.U.A. put on a very successful dance in the hall Friday night. Music was donated by Johnson the Dobson Brothers, Reg and Parke, Art Nicholson. A Trussler and L. Holgate the sponsors should have made out good financially.

W. A. MEETING

The P.V.W.A. of United church met in the church basement on Friday evening, there were 17 ladies present. Mrs. Paulgard presided in the absence of Mrs. Conaroe. Mrs Wm. Stoddart and Mrs D. D. Davidson served a delicious lunch at the close of the meeting. The May meeting will be held in the basement with Mrs Conaroe and Mrs Odegard entertaining.

We regret to hear that Mr Arthur Murphy of Edmonton but a former resident of Paradise Valley is quite ill of a heart condition in an Edmonton hospital. Mrs. M. Kitching was called to Edmonton due to the illness of her father.

The Paradise Vallye Curling club would like to extend a thank you to all who so generously donated and helped to make our bonspiel a success. The Ladies club decided at a previous meeting to use the funds taken in at the booth during the bonspiel to paint and redecorate the waiting room at the rink.

Curling is still going strong with the battle between President and Vice-President in full swing. At the moment the Vice-Pres is in the lead but that can change any time if the ice holds which looks very much that way at time of writing as it was 5 below Friday night at P.V.

Glad to see Mrs. Fred Towndrow and Mrs. Dobson home from their stay in the Lloydminster hospital where they were receiving medical treatment.

VALLEY MAIDS REPORT

The C.G.I.T. Valley Maids met at the home of Shirley Anderson for hteir March 31st meeting. Carol Richardson and Gloria Baxter led the Devotional. Roll call was answered with 'Posture Hints and Demonstrations'. The next meeting will be held at Violet Teasdale's the weather permitting. Marion Holgate gave a demonstration on How to make a custard and Shirley Anderson gave one on How to make white sauce. Mrs Davidson led some games and contests. A very delicious lunch was served by Mrs. Anderson and Shirley.

# Mannville & District LOCALS

Mr Gordon Crighton is visiting with his brother and family, Rev and Mrs R. Crighton.

Rev R. Alcock motored to Edmonton on Monday to bring Mrs Alcock and the baby home. Mrs Alcock has been ill in the hospital in Edmonton but is much improved.

Don't forget the home baking sale by Lewood W. I. on Saturday.

Mr and Mrs J. Johnstone were Irma visitors on Wednesday night. Mr Johnstone was a judge at the Amateur Hour sponsored by Buffalo Coulee W. I.

Miss Bourassa's father, who has a cafe near the Border of the North West Territories, spent the weekend in Mannville. He was so pleased to visit the lovely modern schools and considers this younger generation has so many more advantages than he did in his time.

The Senior Sunday School Class of the Anglican held a surprise Birthday party for their teacher Mrs Reg Lugg on Saturday evening in the Parish Hall. The teachers and Friends of the class and Rev. Mr Alcock were among those present. The evening was spent in games, contests and square dancing.

Mr and Mrs Melnyk have sold out Alice's Dress shop.

Mr and Mrs Ross Ewing were Edmonton visitors for a few days this week.

# NEWS from WILDWOOD

The sympathy of the community goes to Mrs. Maybelle Fry who will have to spend some time in an iron lung in Edmonton. Master Gary is with his grandparents Mr. and Mrs. Frank Sperberg.

Friends and neighbors gathered in the hall Wednesday evening to "shower" Glenda Drysdale, a bride-to-be. Mrs. Alfred Jack supervised a few games and Miss Eileen Jack conducted a sing-song. Some little girls drew in a house filled with parcels for Miss Drysdale. When these had been opened and admired Glenda in a few well chosen words, thanked her friends for the lovely and useful gifts.

Mrs. Ted Wheadon visited her sister at Mayerthorpe recently.

Mr and Mrs. J. H. Simmons have attended some of the card parties in the hall and each has taken home a prize.

Mr and Mrs. Jimmie Sholdice are visiting his parents Mr. and Mrs. R. P. Sholdice.

Miss Lorna Hay returned to her home at Onoway after spending a fortnight with her sister Mrs. Ted [illegible]

Mr. and Mrs. Ernie Edgar are holidaying at the home of Ernest Jack.

Mrs. J. D. Stone was hostess to the ladies Thursday for the regular monthly meeting.

A number of the subscribers have been hauling telephone poles from Onion Lake before the spring break up.

A quick flu has been making the rounds of the district lately.

Mr and Mrs. H. F. Wheadon have returned to the farm after spending the winter in Calgary with their son Thomas and wife.

Congratulations go to the newly-weds Mr. and Mrs. Carl Johannson (nee Glenda Drysdale) who were married in Lloydminster last week.

The F.U.A. held their regular monthly meeting Wednesday evening.

Mrs. Dirksen and daughter spent the week end on the farm with Mr. Dirksen.

## Three-Act Play Is Presented, Mannville

MANNVILLE — On Friday last the Dewberry High School Dramatic Club presented a three-act play entitled "Damsels in Distress" in the Orange hall, Mannville. This was an excellent comedy and very well acted by the players. Two young ladies are making their way in the big city. The one has been sent to take a business course by her uncle, the other's very competent and strict aunt wants her to study voice. But Pam has fallen in love with a young medical student and has given him the money that her aunt sent her to furnish the apartment. And Jerry has been studying dramatics rather than taking typing; and the money that her uncle sent her to purchase a typewriter and to employ a housekeeper-chaperon has gone for costumes. Jimmy Love a rich young play boy starts the trouble by jumping in the window clad only in Mrs. Gumpy's (the landlady) best white tablecloth. On his way to take Natasha, the Russian actress, out to dinner, he is attacked and his clothes and money taken by ruffians. He becomes Mrs. Jones, the chaperon and for most of the play is lying on the couch under a large blanket, a very sick woman. Both the aunt and uncle who come to visit try to give him various cures. Incidentally Pam's aunt and Jerry's uncle were engaged but the aunt's cat was poisoned and she blames the uncle, not giving him any chance for explanations. Natasha is very concerned about her date with Jimmy Love and warns Pam that she must not try to take him away from her. The dagger (butcher knife) that she carries in her stocking is very convincing.

Mrs. Meeks as the hen-pecked little wife loans the girls her furniture and receives a beating up each time her husband misses something. But finally, after advice from the girls, she turns on him and makes a beautiful job of beating him up.

Ripples of laughter greet the antics of "Mrs Jones" on the couch.

Time after time she tries to get a suit from the bureau drawer that Jerry borrowed. Pam cooks a steak for her friend Shelby which is much against the orders of the landlady, and when the girls hear someone at the door, they shove the frying pan under the covers of the couch. Mrs. Jones enjoys the steak very much. But everything turns out nicely. Natasha is convinced that Jimmy Love has lost his money and leaves him alone. Pam discovers what a cheapskate Shelby is, the aunt finally listens to an explanation from the uncle; and upon getting all the details from Mrs Meek's husband (she makes him apologize to the girls for this) [illegible] gives his and her niece a [illegible] spanking with a shoe. Mrs. Gumpy is quite disgusted with the whole affair and such goings on are not allowed in her boarding house so to coin her favorite phrase "Out You Go".

Mr Angus Smith the Principal of the Dewberry high school has every right to be very proud of his pupils, they gave a splendid performance. Mr Smith is a former Mannville student himself and three of the cast were related to folks here which gave a more personal feeling towards the play.

The cast: Nita Prosack, Ardis Mathieson, Gary [illegible], Elaine [illegible], Donna Fleming, Donna Thompson, Wendel Elliott, Edward Jones, Floyd Sweet, Ernie Braithwaite, Russell Garnier. Make-up artists: Charlotte Ryan, Laura East; Sound effects man, Bruce McFadyen.

A dance followed with music by the Mannville Junior high orchestra. It was young people's night and they really seemed to enjoy themselves. Lunch was served in the hall by the L.O.B.A.

Of Canada's 5,300,000 civilians labour force, 1,219,714 are members of labour unions; slightly more than 30 per cent of non-agricultural workers belong to unions. — Quick Canadian Facts.

Federal government spending in the coming year will total about $5,000,0000,000, more than twice the amount spent by Ottawa five years [illegible] and nearly ten times the amount spent in 19[illegible].

Milk rates high with athletes in training. It's an abundant and economical source of highly important food elements, protein that builds, sustains and repairs body tissues, calcium, the tooth and bone builder; Vitamin A, and thiamine for healthy nerves.

Eat protein foods for physical vigour

Sports College has made repeated tests on the value of protein for physically active people. We find that athletes getting adequate amounts of milk and other dairy foods 1) feel more like practicing 2) encounter fewer and briefer periods of staleness that slow down training 3) perform better in action.

The Fox and the Leopard

A FOX and a Leopard were disputing about their looks, and each claimed to be the more handsome of the two. The Leopard said, "Look at my smart coat; you have nothing to match that." But the Fox replied, "Your coat may be smart, but my wits are smarter still."

I-26, O-67; N-35; G-53, B-13; I-16, B-15; O-73; B-3; I-23; G-46; O-64, I-27; G-55; B-14; O-61; O-66; I-24; B-1; O-70, N-32; G-49.

## Drops Dead In Vermilion Courtroom

Jules Fiddler, aged 42 years, collapsed and died in police court here Monday morning just as the J.P. presiding pronounced his verdict of $25 and costs. However it was not the shock of the fine as the deceased was an old offender and had appeared in police dockets many times before. He had 27 convictions against him for which he had been finger printed, and as many more for minor offences such as this one. It is very doubtful he even heard the Judge's final words as the R.C.M.P. constable in charge saw a bluish tinge creep over his lips and then he collapsed. The doctor on arrival declared the man dead.

Fiddler had been taken to jail Saturday evening for being drunk in a public place. He went quite peaceably and never on the numerous occasions when he had been jailed in Vermilion did he cause any trouble. He spent Sunday in the jail house at the town hall, ate good meals and was quite happy. As he was a valuable farm hand he thought that if he was given a fine instead of a jail sentence that he could find someone to pay it. The trial was a short one and just as the Justice presiding phrased the punishment, Fiddler slumped over a nearby table and died.

## V.H.S. Students To Attend Short Course

Two V.H.S. students, Hazel Barr and Stewart Cooper will attend coaching clinics at Red Deer during the Easter holidays. The short courses are conducted by the Health and Recreation Branch of the Department of Education and are held at the Composite high school gymnasium in Red Deer.

Hazel will attend the fastball coaching clinic while Stewart takes in the football clinic. It is a two day course, Monday and Tuesday April 19 and 20.

## Downey Sells Well Drilling Business

Gordon Downey who has operated a well drilling business in town and district for the past ten years has sold the business and equipment to Mr Joe Thompson.

Mr and Mrs Downey had previously sold their large home in the east end to Mr and Mrs Carl Johnson of Marwayne. They plan to leave this week for Victoria B.C. by car and will look around various places on the coast before locating their new home.

## Legion Holds Vimy Dinner and Dance

On April 9 the Vermilion Branch of the Canadian Legion held their annual Vimy dinner in the Memorial hall. A large gathering of Legion members and their wives met to remember the Battle of Vimy on the 37th anniversary of this famous battle of the first world war.

President Martin of the Vermilion branch was toastmaster. The toast to the Queen was given by R. Allan, former president of Vermilion branch.

Neil McLean, a second war navy veteran, toasted the men of Vimy. He told the story of the men of the Canadian Corps who stormed the heights of what was considered to be an impregnable fortress. Canadian regiments lost 6000 in dead and many wounded. Mr. McLean mentioned that from that day on the name of Canada was feared by the enemy on the western front.

H Scott, a veteran of Vimy, responded to the toast given by Mr McLean. There were 11 veterans of Vimy at the banquet. The following former soldiers were asked to stand and receive the applause of the meeting: George Scarboro, W Tuey, A. M. Watt, H. Scott, C Nels, W. Simmons, R. Fielding, C. Martin, J. Darrow, G. Shepard and A. Frizzell.

V. Tillett, vice-president of Vermilion branch gave the toast to the Canadian Legion. It was responded to by Mayor S. C. Heckbert, a former president of the provincial command. Mayor Heckbert related the achievements of the Legion on behalf of service men. Many of the benefits now being received by returned men and their dependents were promoted by the Canadian Legion.

Alex Callas toasted the ladies present and made special reference to the work done by the local branch of the ladies auxiliary to the Legion. Mrs. T. Thompson, President of the Auxiliary responded to this toast.

Musical selections were supplied by Misses Michael, Lawrence and Convey of Clandonald.

Later on during the same evening the Vimy dance was held at the armories and as usual, was a well attended affair.

Near the North Pole, Canada and Greenland are seperated by only a few miles.

## Plan for New Hospital Wing Outlined At Board Meeting

Plans for the new hospital wing and the pressing need for modernization of the exisiting hospital facilities were fully outlined to the Board of Trade at the regular Wednesday meeting last week. The speakers were Mr. Brent Macnab, chairman of the hospital board, and Mr. Frank Walker the town representative on the board.

Following numerous questions which were fully answered by the two hospital board members, the Board of Trade went on record as fully endorsing the hospital plan as presented by the hospital board.

The plebiscite for the necessary sum of money is being voted on all over the hospital district on Wednesday, April 28. Everyone interested in the progress and the general welfare of the community is urged to turn out and vote, and take your neighbor along too.

## Interesting Business Transaction

An interesting business transaction was completed this week whereby the New Vermilion Meat Market business, owned jointly by Sid Brass and George Capatos, and operated by Mr Brass, was sold to the Shoprite Foods. An opening preview of the new food centre will be held Wednesday April 28 from 7 to 9 p.m. with the doors opening for business on Thursday April 29 at 9 a.m. See display advert in this issue for full particulars.

## Lady Golfers Organize

The annual meeting of the Ladies Golf club was held at the home of Mrs. Addie Mead on Sunday, Apr 4, at which the following officers were elected for the coming year.

President—Mrs. Mona Pockett
Vice-Pres.—Mrs. Frances Mills
Sec-Treas. Miss M Stephens
Entertainment Conv.—Mrs. Jim Robson
Tournament Capt.—Mrs. Baden Anderson

New members will be welcomed at the ladies' day on Wednesday afternoons.

## Baseball Meeting Planned for Monday

A meeting to re-organize the Vermilion Senior baseball club has been called for Monday evening April 19 at 7 p.m. in the office of the district agriculturist. All those interested in seeing that Vermilion has a good active ball club, either by playing or acting on the executive, are asked to come to this meeting.

It is hoped that work-outs will begin next week, thus it is necessary that some plans be formulated beforehand. The possibility of organizing a league will be discussed, as well as other matters such as finances and the ball park.

The meeting will be held in the office of the D.A. commencing at 7 p.m. sharp. A goodly representation of businessmen will be very much appreciated.

## SPRING BUILDING PERMITS ISSUED

The regular meeting of the town council was held April 5 with Dep. Mayor K. G. Urquhart and Crs. M. Hill, D. R. Mitchell, H. J. Payne, G. W. Sutherland, Geo. Webb present. Absent Mayor Heckbert.

Deputy Mayor Urquhart was in the chair.

A delegation of George Martin and Victor Tillett, representing the Canadian Legion, again attended the meeting to discuss further the matter of transferring title of the Legion property. It was decided that a special meeting should be held in the near future to finalize the matter.

Minutes of previous meeting and financial statements were adopted as read.

Correspondence: R.C.M.P. March report: Vermilion Mun. Hospital re 1954 requisition; CNIB re financial appeal, Milner, Steer, etc., Deputy Minister of Municipal Affairs, Registrar of Companies re Imperial Blk; CNR re Pt NE ¼ 29 and SE ¼ 32 [illegible].

The following motions carried:

That $13,000 be transferred from the water and sewer account to the general account.

That the hospital requisition for the Town of Vermilion for 1954 in the amount of $10,957 be approved.

That Lot 24, Blk. 30 Plan 635V be sold to Carl Smith subject to the usual sales agreement.

That Mr Gunderson be given permission to move the old Immigration hall to Lot 26, Blk. 7 Plan 6647-S providing he agrees to stucco same within two years.

That permission be given to erect buildings as follows: Irvin Gordon Lot 16, Blk. 18 Plan 6647S, residence $2000; Vermilion Wholesale Lot 14 Blk. 7 Plan 6647S warehouse, $8500. David McPhee Lot 21 Blk 25 Plan 635V garage $500, Obert Gunderson Lot 26 Blk. 7 machine shop $1300.

That business permit be granted to Dave Brown for Lot 20, Blk. 5, [illegible].

Mill Rate by-law No. 1-54 be read the first time.

That 1954 Census by-law, No. 2-54 be given a 1st and 2nd reading.

That the offer of the Dept of Agriculture for the services of Mr. Turk for physical education work be accepted and underwrite his costs up to $800 if necessary.

Town accounts and water and sewer accounts were passed and ordered paid same having been certified by the finance committee.

## Ernie Strang Injured In Fall from Roof

*(From Allendale News)*

Mr Ernie Strang who is now residing on the Sellas Lee farm, was painfully injured on Saturday, April 3. He was on the roof of the house examining the chimney, the ladder slipped and Mr Strang plunged to the ground, landing on his feet. A neighbor Orley Omness rushed him to the hospital where it was found that the bones of both his heels were fractured. His feet were put into casts and he was able to return home the following Monday.

## Big $200 Bingo Left

The last two $10 bingos, under the N and the G went last week when the numbers N-32 and G-49 were drawn, now there remains only the big $200 prize which will go to some lucky person any week now. The numbers drawn this week were N-38 and G-51. Two numbers will be drawn each week until someone gets the full card, that is, every number on the card covered. In case of two or more people getting the full card, a tie-breaker will be run as there is only one big $200 prize.

Here is a thought too — why not spend a $1 or two on extra cards ... you could still be the winner of the $200 prize!

Early History of the District Reviewed

## New Two Room School Is Officially Opened At Woodvale

On the evening of April 9th over 200 adults and children attended the offical opening of the new 2 roomed Woodvale centralized school and it proved to be in every way a successful event. Congratulations go to the organizing committee for their interesting program that was fully enjoyed from the opening remarks of the chairman Mr. D. C. McGrath to the final address given by Mr Frame, Chief Inspector, Department of Education, who was present from Edmonton for the occasion.

A nicely printed souvenir program was distributed and enough of them have been kept for the children who will receive them on their graduation from school.

The program itself was comprised of musical contributions by the school girls accompanied by Susan Wolters who also rendered a very nice piano solo while Donald Galloway gave a recitation. Interesting and humorous remarks were made by Mr Hohol the principal of the new school, Mr Roy Watt, Mr R. C. Mead chairman of the [illegible] board, Mr J. A. Smith representing the A.T.A., the school superintendent S. D. Simon[illegible] and secretary [illegible] Hobson [illegible] Mr and Mrs Wes Funnel [illegible]

The histories of the five old school districts now embodied in the centralized school of Woodvale were told by Miss M. E. Hutton of Kokanee, Mrs M Watson of Watson, Mrs A Galloway of Union, read by her son Pringle Galloway, in her unavoidable absence, Mr A. McQuid for Ganton and Mrs. F Van Wageningen for the old Woodvale school. A wealth of information had been collected by these speakers about the old days of the little one room schools going back as far as 1909.

Mr Frame who closed the program with an informative address in defence of the new school curriculum so much criticized in the press lately, and the plan permitting grade 12 students to teach following a six weeks' short course. He asked to have the talks on the history of the five districts sent to the department for filing as being of general and historical interest and that seemed to please everyone. Mr Frame at the conclusion of his remarks and on behalf of the Department of Education presented the school with a beautifully framed scenic picture. This gift was much admired by all.

Lunch was served to the big crowd, the children having theirs in the basement. The school was inspected and many complimentary remarks were heard. It is a beautiful building with two big bright class rooms, full basement with [illegible], a utility room and a big meeting room where the children spent the evening of the occasion of the opening having a good time without interfering in the least with the program upstairs. Two little boys came up as the [illegible] urged others to come downstairs with them because they were having so much fun down there ... the evening will be pleasantly remembered by everyone.

## Easter Time

There is probably no other holiday, or lesty day, as exacting Christmas, which causes such an upsurging of hope in the thoughts and minds of those who call themselves Christians. All the hopes of that Season on "Time" had been built on the coming of a Saviour, who had, in the course of a short lifetime, suffered injury and insult and eventual death. But, in spite of all this, he had promised the resurrection and it had happened—and all the promise which began with the birth of a Christ child was fulfilled.

This holy time has been called Easter and is observed on the first Sunday following the paschal full moon and this word paschal links up the old with the new testament in that it is derived from the Jewish word Pascha, the equivalent of the Hebrew word Pesach. That name recalls the act of the Destroying Angel in passing over "the households of the Hebrews when he smote the Egyptians. In that time Easter festival commemorates the resurrection of Jesus Christ and the Hebrew celebration of the original "Passover".

That it falls in the spring of the year makes Easter fundamentally a season of hope! All the trivial bits of ceremony which we have come to associate with Easter have in their way, a significance—the baby animals, the first spring flowers, the candy Easter eggs, and even the Easter finery, are marks of a new and happier season. The winter snow and ice is going; new life is breaking through the cold earth on every side, the lambs are out on the hills and gardens and buds are straining to burst their bonds.

Easter is a happy and a hopeful time never more welcome than to-day with its promise and its fulfilment of an even older promise of life everlasting.

## Suggestions Invited

Suggestions which will help Alberta celebrate her 50th birthday will be welcomed by the Fiftieth Anniversary Cabinet Committee of the Alberta Government.

In a special meeting following the dissolution of Legislature the three man committee decided to invite interested groups and communities to submit plans, projects, resolutions, or ideas which will help Alberta celebrate the 50th anniversary next year.

The cabinet committee is under chairmanship of Hon. C. E. Gerhart Minister of Municipal Affairs, while the two members are Hon. A. J. Hooke, Minister of Economic Affairs, and Hon. A. O. Aalborg, Minister of Education.

Suggestions should be sent to Chairman, Fiftieth Anniversary Cabinet, Committee Natural Resource Building, Edmonton.

## And He Should Know

The man who should know best Finance Minister Abbot does not think this country is going on the rocks. The wages he brought down is based on solid optimism for the year ahead. Mr. Abbot and his able advisers believe that, on the whole, another good year faces this fortunate country.

It was very much easier to budget in the booming years just after the war comments Financial Post. Deficence spending was far lower, about one seventh of what we are forced to mount now. A lot of heaping wartime taxes still remain and continued to produce prodigious revenue Above all, prices were rising sharply All these financial combin have yet to produce revenues much higher than even the most optimistic dared to estimate hence the big surpluses.

Now prices are steady and Mr. Abbott and the rest of us can look out on every side the lambs are out on the hills and gardens and buds are straining to burst their bonds.

## Good Earth Doing Better

Good earth is worth more reports The Financial Post. Average value of occupied farm land is $51 an acre up $7 over year earlier More than double the pre-war level. All provinces show increase except Prince Edward Island. Latest average values by provinces: P.E.I. $61; Nova Scotia $54; N.B. $54; Quebec $77; Ontario $88; Manitoba $49; Saskatchewan $30; Alberta $43 and B.C. $88.

CLRESAN M MAKES THIS BIG DIFFERENCE

This Difference in Stand Affects Both Yield and Quality of Grain

"Ceresan" M seed disinfectant guards every kernel you plant against seed rot, and protects the young sprouts from seedling blight to give you thicker stands that promise top yield "Ceresan" M prevents smuts in wheat, oats, rye and flax, and covered smut in barley to give you clean, high-grading grain

CANADIAN INDUSTRIES LIMITED
Edmonton Calgary Winnipeg

By Your District Agriculturist

## "GREEN ACRES"

WIRE WORM CONTROL

Wire worms can be controlled by treating the seed with Lindasan or BHC. The Agricultural Service Boards are anxious to run some tests with treated seed on land infested with wire worms. Would any farmer having wire worms and most everybody has some, let the supervisor know? Bert Hesseln is supervisor at Kitscoty and Chester Gamble at Mannville.

SCHOOL OF AGRICULTURE

I looked over the list of graduates at the Vermilion school of agriculture and I am surprised to find that only 4 young men were from my district. The rest of the fellows came from all over northern Alberta. I wonder what is wrong when more young men in this area do not take up the valuable training.

HARVESTING TURNIPS

Turnips should never be pulled. It injures them. It is much better to send a small boy up and let him shake the tree.

EARLY VEGETABLES

Some vegetable seeds can be sown as soon as the land can be worked in the spring. Peas, sweet peas, and carrots ought to be seeded quite early. Do not plant early vegetables. Later seedings can be made for fall use and for winter storage

KILLING BRUSH WITH 2,4-T

Poplar trees grow so fast and resprouts that every few years it costs the M.D. $20 per mile to clear them off. This job can be done for $2 per mile by spraying with 2,4-T brush and weed killer. The same chemical will kill out poplar bluffs and let grass grow in place of useless trees. We should ask ourselves if we are going all these modern discoveries which scientists have worked out for us.

WELDERS FOR EVERY FARM

Electric welders are not only useful, they are becoming a necessary piece of equipment for making repairs on the spot instead of paying for them in town. Think of the time wasted also in running to town. Every farmer in this area are taking a short course in welding this week at the school of agriculture, Vermilion. If there are enough people interested another class can be arranged for next fall.

RATS ON THE MOVE

At this time of the year rats move to new locations. As they often travel many miles they may turn up in your town or your farm at any time. At Arcland, Sask., just east of Chauvin, 100 rats were killed under one elevator. We ask that everyone keep a lookout for rats and let your local pest control officer know or let me know if you suspect that rats are around your place.

R. H. Buckingham, D.S.A.

## Pleasant Valley

The weather is going to be sunny and warm, the winter is over as they say So folks, get out your new Easter bonnets and join in the Easter parade.

Mrs. Gibbs and Mr. and Mrs. Bert Gould attended the birthday party recently in honor of Herb Simmons who was 73 years young. His hobby is building big barns and chipping high logs. Time and time to way on the level Herb. Cards were played during the evening, then later there was a ladies' dry demonstration, even the men were interested in the hand cleaner.

Church service was held at Mr. and Mrs. Gordon Gould's on last Sunday. The Easter service will be held in the church, weather permitting.

Sunday night a musical evening was enjoyed at the writer's home. Songs were sung, numerous numbers were played, and those present all recorded. A very fine evening was spent. Among the guests were Mr. and Mrs. Inman of Islay. Supper guests were Mr. and Mrs. Repp, Jimmy, Lloyd and Betty Gould and Mrs. Gibbs.

Mrs. Mainville and friends spent an evening from Lloydminster with the recorder. There was lots of laughter as we all sat and heard our own voices recorded. Another musical evening is being planned. Anyone interested come along with your bagpipes or what have you. It is a fine way to spend an evening with everybody in a happy mood.

On Thursday a Stanley party was well attended at the home of Florence Gould.

## Letters to the Editor

This paper does not hold itself responsible for opinions expressed by correspondents.

Editor,
Vermilion Standard.

Don't you think the Union Jack that is flying atop the flagpole over our Court House should be lowered or taken down? It has been buffeting the storm and gale since the dawn of the reign of Elizabeth II of England. The tattered rag flying atop the old armory is no longer a Union Jack — it is a Dirge!

Vermilionite

## Paradise Valley Calf Club Holds Meet and Judging Competition

The Paradise Valley Junior Calf Club held a meeting in the school Auditorium on Saturday, April 10. Nearly one hundred per cent of the members were present, as well as many parents and guests. The Simmons was under the direction of Miss Emily Swayne. President and Miss Pat Frericks, Secretary. It was decided by the members that they would sell their calves in Lloydminster.

After the business meeting, talks on beef type, and the selection of beef animals for show and feed-lot, were given by Mr. Vic Janssen, Senior Instructor in Animal Husbandry at the Vermilion School of Agriculture, Mr. Nick Stepanoff, the Club Leader, and Mr. R. C. Moffat, Supervisor, District Agriculturist, Vermilion. The group then went to the farm of Mr. Ed. Sunderland, where a judging demonstration and and competition was held. Mr. Janssen and Mr. Moffat instructed the group on judging of beef cattle, pointing out the factors to be considered most and methods of giving reasons for placings. All members were asked to judge a class of finished steers and give their placings and reasons orally. Mr. Janssen acted as the official judge.

A lunch, served by the members' parents, completed the days activities. The members of the club wish to extend a word of thanks to Mr. Sunderland and Mr. Sunderland for their time and effort in organizing such a worth while meeting.

MUNICIPAL DISTRICT OF VERMILION RIVER No. 71

## POUND NOTICE

NOTICE is hereby given that C. Arnot Brown of Vermilion, Alberta, has been appointed a pound-keeper for the Municipal District of Vermilion River No 71, effective April 6th, 1954, with the pound located on the N W 7-49-5-W4th.

Notices will be posted at the Pound and at Thorncliffe school.

DATED at Kitscoty, Alberta, this 6th day of April 1954.

THOS WILSON.
Secretary-Treasurer,
Municipal District of Vermilion River No. 71. 41a
Kitscoty, Alberta.

## NEWS OF THE DISTRICT

### Tenth Annual Amateur Contest Held At Islay Last Friday

Winners at the 10th annual Islay Amateur contest held on Friday evening last week:

Junior Vocal Section—1, Gerry and Larry Shaypo; 2. Jeanie Asbury; 3. Johnny Bauman

Intermediate Vocal Section — 1. Dorothy Adler; 2. Patsy, Frances, Margaret and Elaine; 3. Cathy Robertson and Bill McGuigan.

Instrumental Section — 1. Min and Ma (Mrs. Martin and Mrs. Inman); 2. Mr. and Mrs. Funnell; 3. The "Harmonieers".

Dance Section — 1. Islay High School; 2. Marianne Noonan; 3. Islay Elementary.

Piano Section — 1. Tom Kibblewhite; 2. Keith Burt; 3. Ronnie Inman.

Instrumental Section — 1. Kinnaird School; 2. Mike Skoreyko and Gilbert Amundrud; 3. George Stewart.

Novelty Section — 1. Ivan Inman with his "Aqua-Ungwa-Pugwa"; 2. D. Clark, B. MacLean; Jack Bauman. H. Young 14 negro singers' "De Camptown Races"

This "Aqua Ungwa-Pugwa" needs to be seen to be understood. But we'll try to describe it. It is a musical instrument made on a fishing reel and played by picking with a fish hook, or we should say the spoon part. At least it appeared so — and Mr. Inman really played it. Some folk thought the music came from backstage, however this was not so. This is the music that attracts the fish, and that is why Mr. Inman always gets fish when he goes fishing where others fail. This peculiar word is of Indian origin 'tis said sounds like it too! Anyway we saw results as young grandson Gerald hauled in quite a sizeable fish right there on the stage, all done in a boat three feet!

From remarks heard on all sides that night this was an excellent program and very much enjoyed

Born to Mr. and Mrs. Jimmie Hanna, a son, on Tuesday in the Islay hospital.

Mrs. H. Gordon has been visiting old time neighbors at Mrs. Lesar Dupuit, Mrs. Potvin and Mrs. Jim Gould.

Mr and Mrs. Clarence Gould have returned from Manitoba to take up farming in the same place Clarence says spring is much earlier here. We are glad to see an empty farm occupied.

Last week, on Thursday, there was quite a good attendance at the Home and School meeting although the bad roads prevented quite a number from being present. It was decided to continue track meets.

We noticed Mrs. Shattuck Sr and Mrs. Fern Shattuck shopping at Harry's — glad to see you folk in town. Come again, "your cents buy most" — to Islay.

The W.A. Easter tea was a real success.

## Paradise Valley

Mr. and Mrs. Eric Hemsruff and family of Sudbury, Ont., are visiting with relatives in the district. Mrs. Hemsruff, the former Janet Kitching is a sister of Mahlon Kitching.

We regret to have to report that Mr. A. G. Lee is a patient in the Lloydminster hospital. Mr. Lee is the Treasury Branch manager here and is also interested in a dozen other things, consequently he is greatly missed.

Mr. T. H. Rayson made a quick trip to Calgary to attend a convention. Tucker went by air and thinks that is the only way to travel — Beats the car!

Curling has been going strong during the past week. The Pros. vs. Vice-Pres. hoops pretty even. Fires one side is up then the other, quite a game. Ahead. Several cup games have been played The McLaughlin ladies took the Beaver cup and Rivercourse the Imperial.

Mr and Mrs T. J. Anderson who have been visiting in Saskatchewan during the winter months returned to their home in town Thursday

Friday evening we had quite a snowstorm which made travelling difficult as those who tried to go to Earlie dance found out. As a result we have plenty of mud to contend with at present

## Kitscoty News

Word has been received that Mr. F. C. Seabrook will sail April 19 on the liner 'Empress of Australia' for a visit to England Mr. Seabrook has been visiting his son Mellor and family at Ironton Ont. He also spent a week at the home of Mr and Mrs Lawrence Joy and family while there he called on several families that were Kitscoty residents at one time Mr and Mrs. Ernest Laing Mr and Mrs. Roy Heslop Mr. and Mrs. A. Thurgood and Mr and Mrs Alex M. Mr. Seabrook has been a resident of Kitscoty for over forty years. Mr. and Mrs. McLean of Innisfree spent a few weeks after attending the funeral of Mr and Mrs. Lawrence Joy and visiting relatives and friends in Vancouver Victoria and points. Mr. McLean is a retired farmer a very interesting hall talks on a Saskatchewan B.C. and the cities of Calgary.

Mr and Mrs. Ken Jackson and baby son have gone to visit Mrs. folks at Slave Lake

Mr and Mrs J. C. Potter were daughter Mrs. Ralph Gray and family were Edmonton visitors last Saturday visiting with Mr Potter's mother.

Mrs. Driscoll of Winnipeg is visiting at the home of her son-in-law and daughter Rev. and Mrs. D. Walker and family.

Dr. and Mrs. Talley of Edmonton spent the week end here visiting relatives.

Congratulations to Mr. and Mrs. Wm Murrin on the birth of a son a brother for Lynda and Rosemary

The Kitscoty Ladies Aid met at the home of Mrs. Ralph Gray on Wednesday afternoon April 7th. Mrs. Mitchell presided over the business meeting. Mrs. Gray served lunch. Next meeting will be with Mrs. Hemsley.

Grave Monuments On Display

A complete line of grave monuments on display at Moore's Funeral Home Ver million

## NEWS from VANESTI

A card party was held in the Vanesti school on Saturday April 3. Six tables were played. Mrs. Ed Prevett won the ladies' prize and Bruce Johnson the men's. The last card party of this season will be on April 17.

In February it was reported that spring was just around the corner It is now well into April and we are still looking for it

A show we are told will be held in Vanesti school in honor of Shirley Warren and Clifford Coleman on April 23. Comics Antics, ladies please bring lunch or 25c. Good music

We understand that Mr H Lumley is not feeling too well, also Mr. Lee of Paradise. An early recovery is wished for these two neighbors, also to folks who are under the weather with the flu.

On Monday last Mrs. S. Allen was seen scuttling along home through the cold snowstorm with a couple of hundred chicks. Wonder if she kept them warm enough?

Some folks will be lucky with lots of nice frys this summer as Mrs. R. Allin received 200 little roosters someone made a mistake I'll be calling in a little later Millie

"For God sent not His Son into the world to condemn the world; but that the world through Him might be saved."
—John 3-17.

## Parents Visit Class Rooms, Mannville

MANNVILLE.—It was rather disconcerting for the pupils as well as the teachers on Wednesday afternoon last when the parents and others visited the classrooms. There were invitations on the various doors asking the visitors to walk in and sit down. The classes were not interrupted and on the whole the pupils did a very good job of attending to the lessons being taught. It was a pleasure to view the lovely big airy rooms the pupils work in and the numerous things they draw or construct in their classes.

On Wednesday afternoons Rev. R. Alcock of the Anglican church, Rev. R. Crighton of the United church and Mrs. J. McLaughlin for the Catholic church conduct religious classes during the last period of the day for grades 6 to 8 inclusive.

## Welding Course Proves Popular

The course in electric welding which was held at the V.S.A. from April 12 to 25 met with a very popular response. So popular in fact that there is now the distinct possibility of a second course being given to allow all others interested to take this training which is proving so useful to farmers.

## OBITUARY

*GEORGE HARVEY STONE*

Funeral services for the late George Harvey Stone were held at the Auburndale United church on Tuesday April 6 with interment following in the Mount Auburn cemetery. The Rev. C. W. MacKay and the Rev. J. T. McNair officiated. The service was attended by the Vermilion Lodge A.F. & A.M. of which the departed was an esteemed member.

Mr. Stone was born near Woodlawn in Carroll County, Virginia, on February 22, 1878. In 1901 he married Miss Marybelle Morrison at Georgell, Wise County, Virginia. The family then lived at Colorado Springs, Colorado, but in 1905 moved to the Canadian West and homesteaded in the Cummings district south west of Vermilion. He carried on farming operations with considerable success until 1952 when he moved to Vermilion.

Mr. Stone was predeceased by his wife on Dec. 5, 1944, and is survived by one son Alex who operates the extensive farm and one daughter Mrs. Ronald Bang of Mannville. There are six grandchildren. Two sisters survive, Mrs. R. Woltz in Virginia and Mrs. R. F. Edwards at Centralia, Missouri.

Floral tributes and memorial contributions were received as follows:

The Family, Mr. and Mrs. W. Thompson; Mr. and Mrs. S. Marshall, Nan and Archie, Bert and Ruth. The Rowe Families. The Rogan Families. Mr. and Mrs. John Hilton and family. Miss Radmore; Henry and Mavis; W. R. Wiebe; R. H. and M. P. Norton; McLennan and Rooks. Mr. E. L. Katz, Mrs. Eyben Sr.; George and Dora; Curtis and Marie; Faye McLennan; Orton and Jessie Strome; Mr. and Mrs. R. B. Carmichael; Mrs. M. J. Sloan and family, Mr. and Mrs. Roy Jory and family; Mr. and Mrs. Ralph Emsland; Mr. and Mrs. A. M. West and Mr. and Mrs. E. M. Stewart; Dennis and Eunice Hanlan. Mrs. E. S. Ottewell, Gertrude, Magnus and Alice Simonsen; Mr. and Mrs. G. F. Stephens; Mrs. H. N. Stephens and Margaret; Ruby and Gordon; Mr. and Mrs. R. D. Lynch and family. The Majury Family. Alf and Agnes; Mr. and Mrs. P. J. Noster, Mr. and Mrs. Harry Cooper. Mr. and Mrs. J. H. Green; Muriel and Carman Long; Jessie and Bill; Harold Connelly.

Donations to Cancer Society:

Albert, Ethel and Myles Miller; Mr. and Mrs. T. Henderson; Mr. and Mrs. W. Lyle Robinson; Frank, Emma and family; Sig and Cora Lindroth; Mr. and Mrs. Ivar Larsen; Sid Hinton and family; Mr. and Mrs. E. W. Hart, Mr. and Mrs. Sheldon May; Mr. and Mrs. Elward and Jerrold; Tom and Lil; Irene and Jim Horricks; Mr. and Mrs. Tom Watts; Lawrence, Muriel and family; The Stadens; Mr. and Mrs. Jim Duncan and family; Mr. and Mrs. J. ## Seed Cleaning

At the present time ten Municipal Seed Cleaning plants are in operation in Alberta. They are operating from 16 to 24 hours a day with a total output of approximately 20,000 bushels clean seed per day reports F. F. Parkinson, Supervisor of Special Projects, Alberta Dept. of Agriculture. Farmers are rushing their grain in for cleaning and treating and will continue to do so at an increased rate until seeding is finished.

Despite the fact that some of the plants are now on a 24 hour day and others will be shortly, however they are booked for weeks ahead. One in particular Mr. Parkinson says, has 30,000 bushels booked. This means that many farmers will not be able to get their grain cleaned this year. The moral of this is: get your seed in early next year before the spring rush starts.

As of March 15, four new areas were well along in their organization work to establish plants, with a good possibility of having them built this season. Several other areas are making preliminary surveys with a view to following suit.

THOSE WERE THE DAYS — By ART BEEMAN

ALWAYS LOOK TO IMPERIAL FOR THE BEST

Hundreds of Imperial Oil employees work as "laboratory detectives" checking for impurities . . . testing gasoline quality. That explains in part why Esso and Acto are recognized everywhere as Canada's leading gasolines.
Esso is ideal for high compression tractor engines. Acto is an economical fuel for medium and low compression tractors. Esso and Acto gasolines are unexcelled for performance and the gallons it takes for a season's work.

An Esso Farm Tank gives you a convenient, sure, supply of CLEAN fuel at all times

ESSO — Give your IMPERIAL OIL agent a call

## . . . WILDMERE WINKS . . .

Lovely springlike weather is with us at time of writing and is really appreciated after the cool stormy days we had last week. If this keeps up it will not be long until farmers will be busy once more on the land. As yet we have not seen any wild ducks but blue birds are back with us. The school children saw them one day at school.

Our district was deeply saddened last Thursday when word came that little Gloria Matteo 3 year old daughter of Mr. and Mrs. Albert Matteo (nee Evelyn Howard) had passed away after a half hour's illness. They live in New York state. Evelyn was born and raised in our district and all her neighbors and friends feel deeply for her and her husband in their sudden bereavement. A little sister Darlan also mourns the passing of Gloria. May God comfort you in your hour of sadness. We are told everything works out for the best. It's hard to believe sometimes though.

Congrats to Mr. and Mrs. Howard Coburn, Willoughby district on the birth of a baby girl April 5th; and to Mr. and Mrs. Art Lysons of Tolland who also have a baby girl born April 9.

On Wednesday evening Mrs. Gibson, Mrs. Martin, Mrs. Batke and Mrs. Wallington attended the annual cancer meeting in Vermilion but the town turn out was very small as only four came. Cancer is something everyone should be interested in. We hope everyone remembers to donate when asked to do so for this worthy cause.

Thursday evening Mr. and Mrs. Wallington, Mrs. Cruthers and Mr. and Mrs. F. Gibson attended the official opening of the Woodvale two roomed school. There was a good attendance and it was nice, also rather sad, to hear the history of the original little schools. The pioneers had worked hard and had put so much good faith into them. When so few children attended it was thought best to build a big school and have them all come to the one school, thus saving teachers for others who as yet haven't a centralized school. We could make many more comments but we know our good Woodvale scribe will be telling you all about it. One thing we must say is that the ladies certainly served up a delicious lunch afterwards.

On Saturday evening, or should we say Sunday morning, about 30 or more people charivaried Mr. and Mrs. Noel Garnett of Basswood. Sure some racket for awhile, then Noel welcomed us in with a whole handfull of lighted firecrackers; after the fireworks died down we all entered and enjoyed a couple of hours with the happy couple. Following a nice lunch everyone left for home and Noel and Julia can settle down now that the charivari is over.

Mr. Coulton was out on Saturday and inspected our lake through holes in the ice. He plans to put in 1000 trout fish this spring.

The writer and husband and Kenny Graham enjoyed a pleasant evening at the home of Mr. and Mrs. R. Osterberg on Monday.

Mr. and Mrs. Guy Whitlock and Hazel attended the Islay Amateur hour on Friday evening. Their oldest daughter Margaret who attends Vermilion high school was taking part. Margaret along with Alice Seuffert and Shirley Underdown got third prize for singing; congratulations girls.

There was a nice turn out to church on Sunday at Basswood. Rev. Ford gave a very interesting sermon. May 9th will be the last service unless our student arrives before that.

Since writing these notes geese and ducks in large numbers are seen flying over.

# GOOD NEWS!
## The Sale Is Still On!

YES, the Sale has gone so well we are continuing it for awhile yet. Thirty-nine units have been sold since the Sale started. Of course we are selling New Units too, and the trades continue to come in. Lots of swell buys yet. Are our purchasers satisfied? Ask them!

## Display of I.H.C. Built In 1907,

There will be a display of refrigerators and freezers at the Elks Hall on Thursday afternoon April 22nd starting at 1.30 P. M. This display is being held jointly by R. H. and M. P. Norton agents at Vermilion and Proudfoot and Cantrell agents at Mannville. (adv.t.)

## BUILT IN 1907, Moved To New Site

Built first as an immigration hall back in 1907 or thereabouts, the large frame building more generally known as the old armories, has been moved from its original location to a new site one door east of the Cree agency.

The immigration hall was the first home of a great many newcomers to Vermilion and district experienced early back in the years 1907 or when many people were coming in to settle in the new west. After its use for that purpose ran out, it was utilized as a post office in 1918 after the big fire which swept the town.

The Canadian National Recreation Assoc. next used it as a community hall for some years and then the Dept. of National Defence secured it and practically rebuilt it, modelling it into an armories. For years it was the only public hall in town, and was used for meetings, dances, a drill hall and for badminton. Its use continued some two years ago when the fine new armories was born.

The building will now be put to a new use, O. Gunderson has purchased it and will carry on his welding business there when renovations are completed.

## Renovations Planned At Islay Hospital

The regular monthly meeting of the Islay Municipal Hospital Board was held in the hospital April 3 at 2 p.m. All local members and the secretary attended.

The minutes of the preceding meeting were adopted as read.

The financial statement was adopted as read.

Mrs Grant, R.N., was granted leave of absence until June 30 due to serious illness in her family.

Mr D B Shirreff and the Secretary were appointed delegates to Hospitals convention June 15 to 17 in Banff.

A decision re a changeover in the hospital heating system was deferred pending receipt of further information

It was decided to renew the walls and ceilings of the wards on the ground floor of the hospital and also the bathroom on the ground floor. Estimates of materials and labor were called for by the board.

Salaries and accounts were ordered paid as approved.

Matron's report: In hospital 10; admitted 34, discharged 25, remaining 9; Births 2; operations major 2, minor 2. Receipts $245.70.

The meeting adjourned to meet May 1 at 2 p.m. in the Islay Hall.

Salaries $1,835.20; Phone 9.20; Postage 5.00; Utilities 89.57; NADP 32.42; Ret. Drug 6.76; Bank. Mut. Ins. Co. 115.10; Gaulin 77.32; Johnston and Johnson 37.19; Reynolds Mfg Co. 120.10; Stevens Co's. 1.13; McLean's Meat Mkt. 113.75; Journal 23.76; Petty Cash 2.26, Utah Group 135.69; Inman's garage 77.85; Ford and McCaughan 6.37; J. Mahaffey 14.75; H. G. Young 192.77; M. Stone 11.96.

## FIRE DAMAGES HARRISON HOME

Fire Sunday afternoon caused considerable damage to the roof of the Don Harrison farm home seven miles east of town. Help was forthcoming from the Vermilion fire department and neighbors and prevented what could have been a total loss of the home.

## Men's Club Hears African Missionary

The Anglican Men's club had as their guest speaker on Monday evening last week Mr Frank Chapman a missionary recently returned from Africa where he was one of a group carrying on a world-wide Evangelistic Crusade

Mr Chapman's story was an entertaining one telling of the country, climatic conditions vegetation, the people and their habits, clothing, food tribal animal life He also touched on the strong force of witchcraft which is still practised to a limited extent in that part of Africa. Mr Chapman learned to speak the language in a very short time.

Reading between the lines it was easy for the audience to see the amazing amount of good wrought by Mr and Mrs Chapman during their five years in Spanish Guinea. Home for a rest they fully intend to return to Africa. A display of African curios indicated that the native is a very gifted person in handicrafts.

Serving the meal of delicious fish and chips were Wm. Fenha, Cliff Sturgeon, Mitchell Taylor and Bill Forbes.

## The Weather

Spring is slowly working its way over this part of Alberta, receiving over the odd set-back, progress is being made and it would only take a week of real spring weather to move into the good old summer time.

## 300 Teachers To Attend Convention

Three hundred teachers are expected at the annual general meeting of the Alberta Teachers' Association at the Palliser Hotel in Calgary April 19, 20 and 21. Early indications based on reports from the 69 A. T. A. Locals throughout Alberta are that the convention will be one of the biggest on record with two hundred official delegates and one hundred other teachers in attendance, according to Eric C. Ansley, general Secretary-Treasurer of the Alberta Teachers Association.

The three-day convention will be conducted under the general chairmanship of Lars Olson, Holden. A. T. President, assisted by Mr. Ansley and Fred J. C. Seymour Assistant Secretary.

Mr. Ansley stated that the delegates will be faced with a heavy business including many important resolutions. Many of the resolutions will deal with various phases of the teacher training program. Others to be presented will deal with salaries, pensions, curriculum, retirement fund and many others relative to the general betterment of the lot of the teacher.

Balloting which is now being conducted by mail will conclude on the final day of the convention, when the Executive Council will be announced. Eight district representatives a president and vice president will officially take office on that date

Frank J. Edwards, Edmonton, received an acclamation for the presidency. Five of the eight geographic representatives have also been returned by acclamation.

G. S. Lakie of Lethbridge and Rudolph Dewsnip of Rocky Mountain House, are the candidates for the Vice-Presidency.

# Woodvale News

The fire that destroyed the house of Mr. and Mrs. G. Haines in the Hindville district was first noticed by Mrs. Watson, but by the time she had roused the neighbors by phone, it was too late to save it. To add to the blow go up in flames with everything in it is a terrible thing and Mr. and Mrs. Haines received the sympathy of everyone and we are sure will also find that this sympathy is taking a more tangible form in donations to help a little bit with the easing of the loss. Mrs. Haines after receiving medical treatment is recovering from the shock. The family hopes to build a new house in the near future closer to the road. In the meanwhile they plan to move an old building onto the premises for a temporary shelter

Mrs. A. Galloway has been a patient in the Vermilion hospital The baby was almost born on her grandmother Lysons' 60th birthday. But 12 hours too late!

Sixteen ladies came to hear Miss Shirley Hoims speak about electric appliances at the home of Mrs. R. McQuid and formed a very interesting audience. With the men of the Canadian Utilities going up and down the road, a very timely topic. It set us all dreaming about the new electrical gadgets we might hope to own in the near future. A most delicious lunch was served by the hostess Before the talk there was a short meeting of the Red Cross auxiliary and it was decided to have a quilting bee the next week at the home of Mrs. D. McGrath to make one for the Haines family

Mrs. J. Ross spent a few days with her daughter Mrs. Wes Isley and then the latter went home with her to help with the spring clean ing and for a visit.

Mrs. A. Proctor came home this week a bit later than she expected but feeling the better for her long rest

Tommy Lysons returned from the lumber camp near Bruce with a sprained knee. Be careful now Tommy!

Mrs. T. Preston went to Edmonton to help her daughter Mrs. Robt. Warring after the birth of a baby daughter, a sister for Patricia Gail.

A new baby arrived also in the family of Mr. and Mrs. Art Lysons, an 8 pound girl. Congratulations to them and Betty Ann and Wayne.

Mrs. Jim Clemenger and baby of Toronto have been visiting at the Sowden home this past week. She is Mrs. Sowden's sister.

Mr. and Mrs. H. Snyder Sr. and Eddie Snyder left Sunday morning to visit relatives in the States for a month

Mrs. French, Doreen and May Arnold and Miss Eva Mackinnon visited Mr. and Mrs. C. L. Arnold recently. Mrs. French is now residing in town

Mr. Smith, O'Connor of Edmonton, was a week end visitor in Mannville driving a new Chev.

Sunday visitors at the home of Mr and Mrs M Johnson were Mr. and Mrs Gus Mahon

Mrs J. Hubbard has been on the sick list but is home again after a few days in the hospital

Don't forget to get your entries in for the LOIA Amateur Boat on April 21

Fred Otto who is attending the Vermilion Normal School is a visitor at the home of his parents Mr. and Mrs. H. Otto.

Sunday visitors at the W. Isley home were Archie and Frank Miller cousins of Mr. Smith and Dick Teane all of Westlock.

Mr. and Mrs. Jack Chrysler have purchased the Gaelic house and will be returning to Mannville in the near future They are old timers of the Mannville district and have been living in Edmonton for a number of years

A number of friends gathered at the home of Mrs. J. Hubbard on Sunday to say farewell to Mrs. Hubbard who is leaving for Edmonton to make her home. Mrs. Hubbard presented her home for a very pleasant

# Princess Anne W. I. Notes

The regular monthly meeting was held at the home of Mrs. O. Sirome with the President in the chair and eleven members and 2 visitors present

The meeting opened with the singing of "O Canada' and the repeating of the Clubwomen's creed. The roll call was answered by donations to the Barley for Korea fund, amounting to $8.55. To this was added $6.71 returned by the delegate to the District conference making a total donation of $13.26

The minutes of the last meeting were read and adopted This was followed by the Treasurer's report also adopted as read

Correspondence re conference and subscriptions to Home & Country read and discussed

It was moved and seconded that we subscribe one hundred percent to the Home & Country subscriptions to be paid from our treasury.

Plans were made for a home baking sale to be held in the Bank of Hill hardware May 8

Next on the agenda was a discussion of old plans for a card party to be held in our club room on Friday April 23

Correspondence re conference and subscriptions to Home & Country read and discussed

It was moved and seconded that we subscribe one hundred percent to the Home & Country subscriptions to be paid from our treasury.

Plans were made for a home baking sale to be held in the Bank of Hill hardware May 8

Next on the agenda was a discussion of old plans for a card party to be held in our club room on Friday April 23

The topic for the roll call was a report on our delegate to the district conference Mrs. George Rich ardson

The social was in the form of a flower contest conducted by Mrs. Jim Pachowsky and won by Mrs. H. Stone

The meeting was adjourned for lunch by the ever popular Queen

A delicious lunch was served by the hostesses for the day Mrs. Geo Richardson and Mrs. Ralph Breese.

Mr. and Mrs. Jack Chrysler have purchased the Gaelic house and will be returning to Mannville in the near future They are old timers of the Mannville district and have been living in Edmonton for a number of years

A number of friends gathered at the home of Mrs. J. Hubbard on Sunday to say farewell to Mrs. Hubbard who is leaving for Edmonton to make her home. Mrs. Hubbard presented her home for a very pleasant

## Jr. F.W.A. Delegates To Visit Scotland

Scottish Assoc. of Young Farmers Clubs, have entered into an exchange visit plan, whereby each sends delegates as guests of the other organizations during alternate years.

It has just been announced that those who will go to Scotland this year, as representatives of the F. U. A. will be Miss Mable Rasmussen of Gwynne, Alberta, (former Jr. President) and Mr Wm. Steiner of Arrowwood, outstanding young farmer in that area. These young people will all Montreal June 2nd, and will return in August, spending approximately two months touring Scotland, as guests of the Scottish Union.

Last year the Junior F. U. A. entertained two young people from the Scottish Assoc. of Young Farmers, viz Miss Jessie Adam of Sterlingshire and Miss Helen Tough of Aberdeenshire It is felt that much is to be gained by farm young people of both organizations by these exchange visits.

MANNVILLE. Mrs L. Dawson wurth and Mrs M Johnson were joint hostesses at a farewell party for Mrs. Ekin at the home of Mrs. Johnson More than 35 friends and neighbors gathered to say goodby to their neighbor for many years Mr. Ralph Wagner on behalf of those in attendance presented Mrs. Ekin with a travelling case. Mrs Ekin is visiting with several friends before leaving for the coast.

## Sixteen Years Ago Today

*April 14, 1938*

A farewell party was held at the Chatsworth school for Walter Thompson who was leaving for an extended visit in England.

Fine spring weather is prevailing and work on the land has now started and will be general by the first of next week. Bill Hall has some wheat seeded already. Robins and meadowlarks are the latest arrivals of the bird family.

Mr and Mrs. Osterburg and son Ray from south of Chinook, Alta have bought the Joe Young farm in Wildmere and are already located on it.

## Thirty-two Years Ago Today

*April 14, 1922*

Frank L. Harris has sold out his jewelry business to Edwin Corley of Edmonton.

The students of the Vermilion High school presented "She Stoops to Conquer" at the Columbia theatre scoring a decided success before a packed house. The cast of characters included Alison Ebbett, Ted Kibblewhite, Paul Lebenky, Margaret Foreman, Elsie Steele, Andrew Kibblewhite, Ted Bottorff, Ashley Cooper, Jack Bryden, Betsie Shapps, Charles Mooney, Mary Clark and Louis Mix.

Dr. F. Day Smith was elected president of the Golf club. H. Wright was secretary-treas., with H. P. Long, J.W.G. Morrison, John Badington, Geo. Law and George Wright on the grounds committee.

Vermilion Lodge A.F. & A.M. celebrated its 15th anniversary last Thursday with a social evening.

# Health Unit Notes

PREPARING YOUR CHILD FOR HOSPITAL

The experience of going to hospital often leaves emotional scars on a child which may persist long after health has been restored. He becomes frightened when a man in a white coat tries to cut his hair, or give him an injection. He often clings unduly to mother and is terrified when she leaves him alone even for a short time; he gets frightened in a closed room or has night terrors. Of course many a child does come through hospitalization without such apparent ill effects but the hazard is always present. The danger is that in one devastating event his whole feeling of security can be undermined. It's not only that he's uncomfortable and in pain in a strange place, but if when he needs them most his parents seem to have deserted him or deceived him, serious damage may be done to his personality.

You can guide your child past this danger. Tell him, simply and matter of factly, why he's going to hospital so he won't feel afterwards that the hospital was a mean trick played on him, or a punishment for his own wrongdoing. Also, fear of the unknown is far more terrifying than anxiety about the known. The amount of detail you give depends on the age. The 8 year old might need to be reassured about surgical masks lest they suggest faceless monsters from the comic books. Let him know about the anaesthetic that will make him sleep comfortably so he won't feel a thing. And tell him he'll wake up right after the operation is over. Present a rounded picture of the hospital. It's more than the operating room.

Some experts advise giving this information only a few hours before, to prevent prolonged brooding about it. Perhaps this is wise for the school age child particularly if he's a worrier. Its disadvantage lies in your own difficulty in being as calm and matter of fact as you might have been a week before. Also it gives you little time to deal with whatever worry or fear the child may express.

For the pre-school youngster, repeat the explanation until he understands and his confidence is built up. A week before might be best giving him ample time to ask questions and get used to the idea. Then drop the subject until the night or morning before the operation. (If a child has to go to the hospital without warning, he knows, of course that he's in trouble. Reassure him that at the hospital he will be helped out of this trouble.)

HONESTY IS KEYNOTE

Be completely frank about coming pain, how much you can visit, how long he'll be there. Tell him that when he wakes up after the operation it will hurt, assuring him that he will be able to stand it and that it will go away after a while. Find out from the hospital exact details about visiting regulations so you don't make promises about being with him and have to break them. It's just as harmful to deceive him innocently as it is to mislead him wilfully — in either case you have betrayed his trust in you. Let him know he can expect you so he won't be waiting tearfully and in vain for you to show up.

HE NEEDS YOUR PRESENCE

Take the child to the hospital yourself and if possible be with him before and after the operation. Visiting wisely handled, brings to your child the affectionate support he needs. Be prepared for some emotional disturbance when you come. Your presence may set off a storm of tears and pleading to be taken home. Let him cry it out and, when the worst is over, help him regain his calmness with toys and games. Screams and sobs may accompany your departure but this doesn't necessarily mean he's unhappy when you're gone. Try and smooth over this farewell. For example "Wave until I'm out of sight", or "Here's a surprise for you to play with now that I must go." Be sure he has his favorite toy with him.

The child appreciates surprises, too but also needs the familiar doll or teddy to confide in and cuddle. Supply toys which can be used in a variety of ways and aren't easily damaged. Modelling clay, paper and crayons, balloons that can be tied to the bed — all these are better than expensive and elaborate mechancial toys which are quickly tired of.

AVOID THESE ERRORS

Don't bribe him. He may decide the reward isn't worth it and he'll just stay home, thank you.

Don't lie about his destination. The circus was never like this.

Don't tell him it won't hurt a bit if you want him to believe you again.

Don't let him see your own concern and anxiety.

Don't discuss the operation with another adult in his presence.

Don't expect hospital rules to be suspended for you.

BABY & PRE SCHOOL CLINICS

Monday, April 19 — Vermilion Clinic cancelled due to holiday.

Tuesday, April 20 — Ranfurly hotel, 10 to 12 noon.

Tuesday, April 20 — Innisfree clinic, 2:30 to 3:30 p.m.

Thursday, April 22 — Albert school 11 to 12 noon.

# Allandale Notes

We've been having all kinds of weather the last few weeks. On April 1 it was 12 below in the morning and 24 below that evening. More snow which we need for moisture fell. Last Saturday it was near 50 above, a lovely day.

On March 31 another reminder of a pioneer when a radio message came over for Dorcey Butz from Jimmy, "Mother not well".

Mr. and Mrs. Don Wilson, Raymond and Marlene motored to the city on April 6, returning the same day.

Mrs. Ralph Strome and Mrs. I Nelson attended he Singer Sewing class held in town last week. It was well attended and was very interesting from all reports.

It was a favorable evening for the 10th euchre party of the season held at the Ralph Strome home on April 7. Midnight lunch in part, pie and ice cream, and home made candy.

Mr. and Mrs Orley Omness were pleasantly surprised at this time when they were presented with a lovely two-tiered spaced wedding cake, baked and decorated by their daughter Hilda (Mrs. Don Wilson) in honor of their 30th wedding anniversary on April 2nd. The party was to have been that evening but was postponed on account of the cold. The cake was enjoyed by all. We are grateful to all these kind folks who remembered us at this time.

Congratulations also to Mr. and Mrs. Gus Throndson on April 4th on their 37th wedding anniversary and to Mr. and Mrs. Herb McPhee on April 8 on their 15th wedding anniversary.

Mr. Jack Cross took a couple of his purebred Herefords to the Lacombe bull sale last week.

There was a meeting of the Allandale Church Board on the evening of April 8 at the McPhee home, all were in attendance.

On April 3 Freddie Dougan returned from the east with a new 3-ton Special Mercury truck and hauling two for Mr. George Webb and Sons. Eddie [illegible] accompanied Freddie on the trip. They went east by bus.

Mr. and Mrs Jimmy Armstrong and daughter Valerie [illegible] are back home again after spending the winter at Red Deer.

Mr. and Mrs Wilbe [illegible] of Derwent spent [illegible] with their niece Mrs. Baldock and family. Uncle Wilber is recuperating after having some ribs broken a short time ago caused from a fall on ice.

Closing Thought: We live by faith. At this time of the year when we ponder Christ's great sacrifice for our salvation it is well for us to examine ourselves and see how deep our faith really is. The sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us.

## WILDWOOD

The neighbors were glad to see Mr. Bud Shattuck home again after a few days' stay in hospital. Mr. Dick Wheadon was kind enough to do Bud's chores while he was away.

The Farmers' Union of Alberta Wildwood Local, are already planning for their picnic in June.

Whose car spent Friday night on B.B.'s hill with all four of its wheels uppermost.

Many persons from here enjoyed the amateur evening in Islay last week.

Mr. Jim Crichton spent Sunday at his home at Marwayne.

A number of members of the U.F.A. Co-op from here attended the meeting in the Columbia theatre at Vermilion on Monday.

## News Notes From Your District Home Economist

SLICK TRICKS FOR SPRING HOUSE CLEANING

1 Before papering a ceiling, make a lath frame with a long handle. Then your helper can raise each strip of paste-covered paper up to your as you stand on a ladder. The ends of paper are folded over (but not creased) so paper doesn't slide off frame or dangle donw and get torn. You won't have to support full weight of a long strip while putting paper on. Helps make a neater job.

2 Paint drawer handles by unscrewing them and poking them through a piece of cardboard before painting. Protect non-removable hardware by smearing petroleum jelly on door locks etc. Paint 1st 3rd etc steps of stairway one day, the 2nd, 4th, etc. steps the next. This way you will always have dry steps to walk on.

3 To walk on a newly painted floor place waxed paper, waxed side down on wet paint. Step on paper. Pick up paper before paint dries ... no marking.

4 Old stockings make good paint strainer. Cut stocking off ten inches from top and tie a knot just above cut. Slip over mouth of can, hold in place, pour paint through it into clean pail.

5. Paraffin is as good for preserving paint as it is for jams and jellies. Melt the paraffin and pour while hot over surfaces of paint. Do not move paint can until wax has had time to harden.

6 Glue a piece of cardboard to the bottom of can to give you a place to rest your wet paint brush, or drive a tack into the handle of the brush so you can dangle it neatly inside the can. The bristles won't touch bottom and will remain moist and pliable.

FREE BOOKLET

"Curtains Going Up" is a booklet free for the asking. Do you know how much material and what length you need and what types of pleats to use? Perhaps you want to change window proportions to increase height, width or both. All this information and more may be obtained by writing for the above mentioned booklet.

DID YOU KNOW . . ?

That a set of 7 kitchen blueprints for $1.25 is available by writing "Home Economics Extension Service", Department of Agriculture, Edmonton?

Live with colors that keep you happy. Colors are a positive force in your life, colors that you live with and wear have a direct influence on keeping the corners of your mouth smilingly turned up or dolefully turned down. Have you a room at home that gives you a lift? why does it?

Decorate with colors that you like. In decorating, particularly with regard to the use of color, it is impossible to draw a fine line and say "You must do this" and "You must do that". It is quite possible that yellow may be too bright for you, or green, by personal association, may make you feel sad. If so don't let any whim of current style force you to swallow your prejudice. Decorate accordingly, because variations of taste and talent in the realm of color are what make the decorating world go round.

Write for the booklet "Color in Your Home". Let it help solve your color scheme problems.

### Chrysler Corp. Appoints Dealer Representative

WINDSOR, Ont. — George E. Mowat of Medicine Hat, Alta., has been appointed dealer operations representative for Chrysler Corporation of Canada Limited, in the province of Alberta.

In announcing the appointment W. Harry Parsons, director of the corporation's dealer operations division, stated that the new field representative would make his headquarters in Red Deer.

Mr Mowat brings to his new position experience as an accountant with an automobile dealership, and as office manager of a manufacturing concern. For 11 years he was employed by the provincial and federal governments as an auditor and an income tax assessor respectively.

Born in Edmonton Mr Mowat is a graduate in commerce from the University of Alberta.

Mr Mowat's broad experience in financial operations will prove a valuable asset as he assumes his new duties" said Mr. Parsons.

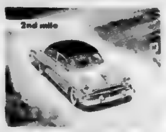
SPECIAL NOTICE TO "CAT" MEN

We are equipped with HYDRAULIC PRESS to change track pins. We also build up Idlers and Rollers.

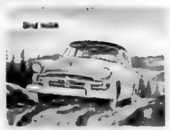
Phone No. 588 . . . Vermilion
We Stress Courtesy and Service — All Work Guaranteed

We invite you to take a DODGE for a 5 MILE TRIAL

TAKE THE WHEEL and relax on wide, comfortable, chair-high seats. Because you sit higher, you enjoy an unobstructed view of the road. Note, too, the luxurious Dodge interior appointments.



TEST ITS EASY HANDLING next . . . around corners, through traffic, in tight spots. Pressure you exert on the steering wheel is multiplied 21 times to make turning easier.



HEAD FOR THE BUMPS you ordinarily would avoid. Feel how Oriflow shock absorbers, unique spring suspension and low centre of gravity bring you a steady, level ride that's 3 ways smoother.

HURRY UP A HILL or along an open highway. Zip away from a standstill. That way you will feel the flashing reserve of power that makes the beautiful Dodge the action car for '54.

CHECK FOR EXTRA VALUE . . . the "big car" feel and performance that is yours at such low cost. Take the 5-mile trial now in the big Dependable Dodge, now at your dealer's.

Nearby are 5 miles of road you drive often. Why not drive them in a new Dodge . . . and see the difference.

We know you'll enjoy every mile of the ride. And we're sure that the more you learn about the new Dodge, the more you'll be impressed by this great car. Your telephone call will bring a Dodge to your doorstep for a 5-mile trial. Call us soon.

Before you buy anywhere, ask your Dodge-DeSoto dealer what extra value he can offer on a new or used car.

Vol. XLV. No. 42. Vermilion, Alberta, Thursday, April 22nd, 1954. $2.00 a Year

## Vermilion River Municipality Holds Organization Meeting

At the organnzation meeting of the council of Vermilion River M.D. held at the municipal office in Kitscoty, Arthur Clarke was re-elected as Reeve. Councillor J. H. Kelly was appointed Deputy Reeve.

Crs. A. Clarke, P. McGuigan and Thos. Belsheim were appointed the public works committee, and Crs. A. Clarke and J. D. Stone the finance committee.

The re-elected councillors J. D. Stone and P. McGuigan of Divs. 2 and 4 respectively were sworn into office, and the Oath of Office was taken by John C. Anderson, elected in Div. 7.

Crs. Jas. Wallington and John Anderson were appointed members of the Agricultural Service Board of the M.D. Other members appointed at large to this board were Sol Lemp of Dewberry, Henry Haan of Rivercourse and E. H. Buckingham, district agriculturist.

Jos. Batty the assistant secretary was appointed chief assessor and A. Lymburner, M. Sparrow and A.B. Wood assistant assessors.

The following were appointed fire guardians along with all the members of the council: R. D. Heath, McLaughlin; A. Redman, Dewberry; John Guy, Paradise Valley; J. Curtis, Streamstown; L. Garnier, Clandonald; E. Wirtz, Marwayne; Paul Schaeffer, Blackfoot; G. Gardiner, Hazeldine; I. D. Inman, Islay; C. Forbes, Onion Lake. Remuneration is $1 per hour and 10c per mile of necessary travel.

It was moved and carried that councillors be allowed $10 per day for meetings, road supervision and committee work, with 12c per mile for necessary travel; and that the reeve be allowed $10 per day in the discharge of his duties other than atendance at meetings, not to exceed 12 days.

The following grants were approved: Salvation Army $500; the Beulah Home $150; CNIB $150; Vermilion Agricultural society $200; Red Cross $100; Lloydminster Agricultural society $200; F.U.A. $150.

Application by the Vermilion Seed Cleaners Co-operative Assoc. for additional grant was not allowed.

It was decided not to include swine and sheep in the pure bred sire area. The special toad flax area, now in effect, will be discontinued.

It was decided to hold meetings the second Tuesday of each month.

The minutes of the meeting will appear in next week's Standard.

## Mrs. Gertrude Anson Dies At Islay

Mrs. Gertrude Emily Anson, well known resident of the Islay district, passed away on Sunday April 18 at her farm home south of the village. She was 70 years of age and is survived by her loving husband Alvin, two daughters Ina and Rowena both of Vancouver, one son Lyle of Islay. There are three brothers, Edgar McGee, Willington McGee and Harry McGee, two sisters Mrs. Florence Stewart of Peterborough, Ont., and Mrs Harold Bradburn of Ida, Ont., and one grandchild.

The deceased had lived in the Islay distrist for 43 years.

Funeral services were held at the United church, Islay, on Wednesday April 21 with interment following in the Islay cemetery. The Rev. C MacKay officiated.

Moyer's were in charge of arrangements.

## Visitors' Day At Elementary School Attracts 200

A very successful Visitors' day was held at the Vermilion Elementary school on Thursday, April 15. More than two hundred parents and friends turned out during the afternoon to observe the pupils at work in the various classrooms, and to examine samples of work which were on display.

At 3:00 p.m. the pupils were dismissed and tea was served to the parents by the members of the staff assisted by some of the girls from Grade 6.

It was very evident that the parents enjoyed the opportunity to visit the school and to observe some of the work being done there. Many expressed the hope that this will become an annual event.

The principal and staff of the Elementary school wish to express their sincere appreciation to the parents who showed their interest by turning out in such large numbers.

## Fashion Parade At Mannville Meeting

MANNVILLE. -The regular meeting of the Mannville and District Home and School Assoc. was held on Thursday, April 15 with an average attendance. Due to illness of some of the players, the play that was to have been presented by Innisfree was cancelled. Instead, a picture "Secret Tunnel" was shown. Although classed as Juvenile film fare it was interesting to see the type of pictures that are shown to the children in the school.

After the regular business meeting came the Easter parade. And what exotic creations the hats featured in the parade were. Spring flowers, gay ribbons and even Bugs Bunny were on display atop the bonnets. And the men were very jaunty in their bowler or top hats, gloves and canes.

A Cancer film was shown and after seeing this film it is hoped that people will realize the need to support the Cancer Campaign now on and wil give as generously as they can when a canvasser calls. A tag day will be held soon.

Mrs. H. Wear of Auburndale attended the annual convention of the Women's Auxiliary of the United church which was held in Edmonton on April 13 to 15 at the Knox United church. Mrs. Wear was the delegate from this area of the St. Paul Presbytery. She found the program excellent and inspiring.

## Wildmere F.U.A. Support By-Law

Back in the days when the writer was a boy he heard a song "Sometimes you get a good one, and sometimes you don't" This is about the way Medical Services Inc size up those who belong to a group and get group average against the lone individual who jumps in when he or she want medicine and jump out when they don't "the good ones pay".

MARKETING BOARDS

Produce marketing boards came in for considerable discussion and it was felt that these should be organized where practical on the lines of the present wheat board and Alberta is again being asked to pass the necessary legislation to make this possible. Manitoba, B.C. and Saskatchewan have already taken this step.

SUPPORT PLEBISCITE

Jas. C. Wallington in his report showed how the new boundary in the co-terminous boundary set-up practically isolates those ratepayers east of the highway and it was the opinion of all present that the line should have been left as now, on a line between 6 and 7.

Mr. Wallington who is also the hospital board member, dealt at some length on the proposed extension to the Vermilion hospital and urged that everyone come out and vote in favor of the by-law on Wednesday, April 28.

Mr. Fred C. Haines, the president of hte F.U.A. local, believing that he was voicing the opinion of everyone in the Local, thought that due to the rapid growth of Vermilion and distict, this is a need that we cannot afford to be without.

The government reply re taxation of lands acquired by the Hudson Bay Co. was that lands under contract would pay taxes as before on current assessment, those lands under lease would pay a portion of lease as taxes, all other non-earning lands would be treated as crown lands and pay no taxes.

## Young People Attend Training Course

The following young Vermilion people are in Edmonton this week attending a Leadership Training course at Alberta College: Anne Stewart, Sue Carmichael, Barbara Green, Jean Kibblewhite, Erva Sweet, Joyce Armstrong, Raymond Marfleet and Lee Coyne.

## The Weather

Weather has remained cool and unsettled. Traces of rain have fallen with total precipitation .14 inches. Temperatures are much below normal.

DAILY TEMPERATURES

| Day | High | Low |
|---|---|---|
| April 15 | 49 | 25 |
| April 16 | 54 | 27 |
| April 17 | 46 | 32 |
| April 18 | 39 | 26 |
| April 19 | 42 | 18 |
| April 20 | 41 | 14 |
| April 21 | 40 | 23 |
| April 22 | 40 | 29 |

## It's Up To You, Mr. and Mrs. Voter

For years people have said, "Our hospital should be modernized", "We should have a nurses' home", "Our hospital needs an elevator", "We need more wards, a sound-proof case room, an examination room", and so it has gone on . . . now the Board has shown foresight and efficiency in planning a hospital with all these facilities and many more — still making the utmost use of everything that constitutes our present hospital plant. All that is needed to see the plan realized is the endorsement of the ratepayers — and this can be given on Wednesday next April 28 at the polls when every person over the age of 21 entitled to vote, should cast his or her ballot IN FAVOR OF THE BY-LAW.

Money is available now from the Provincial government at a low rate of interest, there are large grants obtainable from provincial and federal governments. The repayment plan is spread over 20 years and only a very small increase in the hospital mill rate is required. The need for additional hospital facilities and accommodation is great, all that is necessary to otain them is your vote in favor of the plan — BE SURE TO VOTE and see that all your family over 21, and your neighbor also vote.

Being a money by-law it is required that two-thirds of the votes cast be in favor of the plebiscite.

Full information regarding the plebiscite, who may vote, and where, is contained on pages 1 and 2, Section 2.

## Local Branch of Cancer Society Collected $1843.00 In 1953

Recently the annual meeting of the Vermilion Branch of the Canadian Cancer Society was held in the town office when the report was received for the year 1953, and plans made to get the drive for 1954 underway. The Secretary Mrs. Amy Bell, gave a short resume of the activities for the past year, and Mr. T. Watts gave the treasurer's report. This showed the gratifying total of $1,843.70 which had been transferred to head office at Calgary, a drop however of some $800 from 1952. Satisfaction was expressed at the response given to this worthy cause.

Mr. Watts paid tribute to the excellent work done throughout the year by Mrs. Dixon and her staff, with the suggestion that donors might assist considerably in giving more time for their contributions to be acknowledged. The loss of this centre would cause extra expense in operating the fund and Mrs. Dixon does not receive any remuneration for her efforts. The thanks of the meeting were also extended to those who had assisted in any way, with special mention of the Nurses' Association, the Vermilion Standard and individual canvassers, leading in the country was Mrs. Frank H. Gibson.

Assistance was given out of the local operating account in the amount of $132.15, this being done to assist one family not being under the Cancer Benefits at one period. Total expenses to operate the branch for the year were only $27.08. The meeting expressed satisfaction and thanks to the committee for their efforts through the past year, and officers were elected for 1954 with Mrs Hilda Cross re-appointed as chairman and campaign convener for the coming drive which will be under way very shortly.

Anyone wishing to make contributions can do so, through Mrs Dixon's store and also with Mr T Watts at the Northern hardware.

## Special Services At The Salvation Army Citadel

Major and Mrs. Wm. F. Ross of Edmonton will be conducting special services at Salvation Army Citadel this coming Friday, Saturday and Sunday, April 23, 24 and 25.

Mrs. Major Ross who has oversight of Army Home League work in Alberta, will be conducting a Women's Meeting on Friday afternoon at 2.30 p. m., when her topic will be "Memories of Newfoundland." In the evening at 8.00 p. m., a special Missionary Rally will be held, when a film on Army work in Africa will be shown and proceeds will be devoted to assist Sr. Capt. and Mrs. C. Stewart to erect suitable buildings in Tanganyika where they are presently serving.

On Saturday at 8.00 p. m., there will be a Praise Service, and on Sunday at 11 00 a. m., Morning Worship will be held, during which time Major Ross will publically Dedicate the infant son of the Corps Officers. The series of meetings will close with a great Gospel Service on Sunday evening at 7 30 p. m.

Prior to their appointment as Divisional Commanders for Alberta last fall Major and Mrs. Ross served in Newfoundland. Major Ross is a native of Scotland, as his dialect denotes, and before entering the Salvation Army Training College in 1930, he was a member of the Regina City police force. He is rated as one of the outstanding speakers of the Army in Canada, and as head of the Alberta Division is the youngest Divisional Commander in the Dominion.

The public is cordially invited to attend all these services and to share in the seasons of blessing.

## Promoted To The Calgary Office

Mr and Mrs Jack Crawford and family left last week end for Calgary where Jack has been promoted to the position of divisional superintendent at the office there. His position here will be filled by Mr Roy Findlay of Riley, Alberta. Mr and Mrs Findlay and their two children will arrive this week and take up residence in the Crawford residence in the west end of town.

What does your Label read?

## Canadian Legion Notes

The regular monthly meeting held on April 12th was really a good one although not so well attended. More Legion members ought to get out to these meetings and take part in business of benefit to all Legion members.

President Martin reported that the special committee met the town council again but nothing definite has as yet been arranged about the lease.

Six applications for membership were accepted and three of the new members were present and were initiated.

Mr W. S. Duggan of the Veteran's Welfare Branch will be at the V. L. A. office from 9 a. m until noon on April 28th. Here is a chance for any veteran to obtain information and advice about any problem concerning the welfare of veterans or their dependents.

On May 11th Scotty Stevensen and his Edmonton Eskimos are holding an entertainment and dance in the Legion Hall. See posters around town for particulars.

The new kitchen is rated as one of the best in this part of the province. The Ladies Auxiliary are to be congratulated for this fine effort.

A statement has just come to hand showing that the Provincial total for the [illegible] Fund is now $190,229.56. This is nearly twice as much as the objective set last December.

Russell Carroll Elected President V.A.A.A.

## VERMILION SPORTS DAY SET FOR MONDAY, MAY 24th

At a meeting of the Vermilion Amateur Athletic association held recently, the following officers were elected:

Hon. Pres.—Mayor S. C Heckbert
President — R. Carroll
Vice-Pres — F. Welsh
Sec.-Treas. — Fred Stewart

Executive members — D. R. Mitchell, R. Carmichael, F. French, L. Hareuther, R. Allen, K. Beaton.

Sports day will be held this year on Monday, May 24, and several changes in the list of prizes were authorized. It was decided to offer the refreshment booths to an outside organization this year, and tenders are being called in this issue of the Standard for this purpose.

The Association plans a canvass for funds prior to sports day, the first canvass made for two years.

## Red Cross Blood Clinic May 5th

In less than two weeks a Blood Donor clinic will be held in Vermilion. The Vermilion Red Cross branch is very anxious that this clinic be an outstanding success. The Canadian Red Cross have been asked to raise an additional 150,000 blood donations across Canada for the sole purpose of fractionating this blood into Gamma Globulin for fighting polio in any future epidemics.

The Edmonton Blood Donor Panel organizer has appealed to the Vermilion branch to do their very best and in turn the Vermilion branch is appealing to every donor and possible donor to make a special effort to be present in the Elks hall on Wednesday May 5 any time from 3 to 5 p.m. and 7 to 9 p.m.

As usual at this time of the year the number of donors will be depleted by the fact that the V.S.A term has closed and there will be no students to bolster the number of donors. This makes it doubly necessary for people in town and country to make a special effort to attend. Perhaps you could bring a friend -- please try, and thus aid in this great fight against polio.

AN INVITATION

Anyone interested in joining the Square Dance club and taking lessons please attend the first lesson at the Elks hall on Thursday, April 29 at 8.30. The charge is $6 per person for six lessons. Everyone interested is invited. 42c

## Local Horse Wins At Calgary Show

Ibn Raddan 23 month old Arabian stallion owned by Bob Maggs of Vermilion, was named Grand Champion Arabian at the Calgary Spring Horse show this week. Competing in a class of 11 stallions he was named champion stallion, then went on to win the Grand Championship trophy, donated by the International Arabian Association of California. This was in a class of 19 entries of mares and stallions.

Ibn Raddan was bred and raised by Ethel C Roberts of Broken Bow, Nebraska. He was purchased by his present owner Bob Maggs, one year ago.

The Calgary Spring Horse show has developed into quite a remarkable event with over 900 entries.

## Curlers To Meet On Friday, April 30th

The annual meeting of the Vermilion Curling Club will be held on Friday evening, next week, April 30 at 8 p. m. in the curling rink. This meeting was posponed from Wednesday of last week. A goodly attendance of members should be on hand as the past year has been one of decided achievement on the part of the curling club. 42-3

## Baseball Practise Called for Sunday

The first senior baseball practise of the season has been called for Sunday April 25 at 9:30 a.m. Vermilion may possibly enter a league this season so that it is hoped there will be good turnouts to the practises in order that a strong team may be built up.

## $1000.00 In Prizes At Freezer Bingo

Don't forget the Kinsmen Freezer Bingo on Saturday, May 1 in the armories. Prizes to the value of $1000 will be given away, the feature item being the 15 cubic foot home freezer which has a value of $400. Tickets are on sale at many of the stores in town and people are urged to purchase these in advance. $2 entitles you to admission and to play twenty games.

The proceeds of these bingos will be used by the Kinsmen in their proposed wading pool and playground for the kiddies which will be built this summer.

Support the Kinsmen club and win yourself a valuable prize at the Bingo on May 1 at 9 p.m. in the armories.

## Fire Calls Numerous

Spring time is apparently fire time and the brigade was called out twice Monday and twice Tuesday. Monday calls were to the east end where a grass fire was spreading in the vicinity of the nuisance grounds and the other to D. E. Brown's residence where a short circuit caused a fire to start.

On Tuesday a garbage fire caused some alarm and a grass fire around Mrs. J. Thompson's garage in the west end again brought out the brigade this time during the noon hour. All the blazes were quickly squelched without much damage. The brigade was on the spot in remarkably fast time on each occasion. How the volunteer brigade can reach the fire hall and have the trucks out on the road speeding to the fires within three minutes of hearing the alarm continues to amaze everyone but the firemen.

## Agricultural Service Board Considers Many Problems

The Agricultural Service board of the Municipal District of Vermilion River No. 71 was held at the municipal office at Kitscoty on Tuesday with hte chairman D. G. Lawrence, H. Haan, F. Braithwaite, J. C. Wallington, District Agriculturist E. H. Buckingham, Asst. D. A., G. Moffat and Albert Horack the supervisor present.

The following motions with regard to the many problems considered and discussed were carried:

"That consideration be given to include swine and sheep in the pure bred sire area."

That the supervisor investigate the matter of two calves owned by A. W. Trussler with regard to vaccination for Bang's disease.

"That six kegs of Sodium Chlorate be ordered."

"That a seed drill survey be carried out."

"That E. H. Buckingham and Constable Campbell be delegated to call on unregistered bull owners."

"That project No. 3 in the estimates relative to demonstrations be turned over to E. H. Buckingham and A. Horack."

"That report on Special Toad Flax area be recommended to the council for their consideration."

"That the 1954 program as made up be presented to the Council."

"The Board recommends to ratepayers the practise of working stubble trash into the soil instead of burning as it is a violation of the law to burn stubble without a permit."

The Board went on record as acknowledging the long and valued service of the retiring chairman Mr. D. G. Lawrence. The careful directions of Mr Lawrence and his contributions to the welfare of the ratepayers of the M.D. will be long remembered by the Board.

## Newspaper Bingo

Numbers drawn Tuesday B-2, O-71

Numbers previously drawn are: B-7, B-9, I-18, I-28, N-44, G-57, O-62, O-68, O-75, N-37, I-19, I-29, B-5, B-10, G-54, O-63, B-4, O-65, O-72, G-59, I-26, O-67, N-35, G-53, B-13, I-16, B-15, O-73; B-8; I-30; G-46; O-64, I-27, G-55, B-14, O-61, O-66, I-24, B-1; O-70; N-32; G-49; N-39, G-51.

Mayor Tommy Atkins of Innisfree informs the Standard that the town will shortly hold a plebiscite on water and sewer. An interesting feature of the installation is that engineers claim that by utilizing the high hill just south of the village there will be no need of erecting a water tower. This saves $40,000. Mr. and Mrs. Atkins are former Vermilion people. Their daughter Evelyn is now married and lives in Calgary while Peggy has a position in the RCMP offices in Edmonton.

## GOLF AWAY TO AN EARLY START

Despite cool weather golfers are getting away to an early enthusiastic start due to the small snowfall of the winter. The links were well patronized on Sunday, April 11th, again on Wednesday and then on Good Friday.

**The Vermilion Standard**
VERMILION, ALBERTA
S. R. P. COOPER — FOUNDER

COOPER BROS. — PUBLISHERS
VERMILION, ALBERTA, THURSDAY, APRIL 22nd, 1954

*GOOD ROAD AHEAD--*

At the conclusion of the session of the Alberta Legislature, our local member Mr W. R. Cornish informed the Standard that hard surfacing of the highway from Stony Creek to Vegreville was planned and that tenders for the work would soon be called.

During hte past week the advertisement has appeared in the daily press calling for asphaltic hot plant mix surface and other work. Tenders are being asked for two sections, Innisfree to Stony Creek, 20.97 miles; and Vegreville to Innisfree 24.17 miles.

Motorists can expect some inconvenience while this type of work is being done but nothing like that experienced during the grading process of last summer. All will look ahead with pleasure to the time when it's hard top to the capital.

*FISHING PROSPECTS BRIGHT*

That fast becoming popular pastime, fishing in this area is [illegible] for good times in the years to come if fish plantings last summer by the Alberta Department of Fisheries is any criterion. In the whole province the Department planted 10,381,986 eyed eggs, fertilized eggs, fingerlings, yearlings, 1 and 2 year old fish and adults, in lakes and streams of the province.

Coming closer to home the record notes that 3 adult pike and 807 perch were placed in the new Vermilion park lake in June and July 1953. But let's take a look at nearby northern lakes:

Lake Laurier — 14,500 one and two year old perch in three plantings, 3,000 one and two year old pickerel in three plantings. (It will be remembered that Laurier Lake at one time, around in the 1930's, was a very popular swimming and fishing spot.)

Ross Lake — 14,000 adult perch; 3000 one and two year old pickerel.

Minnows are a natural fish food and 6000 were put into Laurier and 1000 into Ross.

The freight rates which Canadian railways may charge for hauling western Canadian grain and flour to Fort William and Port Arthur were set by Parliament in 1899 and are still in effect. — Quick Canadian Facts

Ontario, Quebec, British Columbia and Alberta each have more than 1,000,000 population.

## Why Some People Rub You the Wrong Way

Have you ever hated at first sight? Have you ever taken a strong dislike, on first meeting, to a stranger whom you have never seen before and who has never harmed you in any way?

If the answer is yes, your apparently irrational antagonism is due to one of three reasons, says the April issue of Reader's Digest.

According to the findings of a group of psychiatrists and industrial psychologists in California, who examined many cases of hate at first sight, the probable causes are:

1. The stranger reminds you forcibly of someone you dislike; 2. He shows a quality or characteristic you dislike in yourself; 3. He represents a threat, or an imagined threat to your security — your job or social standing or even the affection of your wife. The California scientists could not find a single case of dislike on first meeting which did not fall into one of the foregoing categories.

Fortunately, as the Digest article points out, once the unfairness of blind hate is recognized, the mature mind is able to dispel it. When next you experience quick dislike, check it against the three reasons. "How to reduce your blood pressure then becomes an interesting adventure. You will not always be able to get it down — especially in the case of a potential threat to your security. But you can do it in enough cases to improve your human relations and to save considerable wear and tear on your emotional machinery."

## "Sorry You're Over 40"

"There is an increasingly sinister attitude in Canadian industry toward the man over forty". That accusation comes in a letter to The Financial Post from a Canadian now employed in the U. S. For some time he has been trying to get a job in Canada.

As an executive with a New York firm he has had wide experience both in the U.S. and Canada. Yet when he approaches a Canadian company for employment, he says he invariably gets the: "Sorry, old man, you're over forty".

With all respect to youth, there is still no substitute for experience. There is something wrong somewhere if there is no place for older men in Canadian business, let alone those in early middle age.

## By Your District Agriculturist

# "GREEN ACRES"

SELLING TREATED GRAIN

Every farmer knows that seed treated with mercuric dust for smut control is poisonous to live stock and to human beings. Treated grain is enough to reject a whole car load. Every one handling treated seed should be careful not to let even a few kernels get into grain going on the market.

CALGARY HORSE SALE

At Calgary last week 172 heavy horses were sold for an average of $78.94 each. It will soon pay to break those 7 year old colts and also to raise more colts for a market that offers some promise of paying good returns.

FARM ACCIDENTS

More accidents occur on farms than in industry. It seems that on the farm that people get so used to taking chances with machinery, with fire, and with cars and tractors. Can we go through a season in this district without a single accident? Let's try. We should remember that most accidents are due to carelessness.

NATIVE PASTURES

Native grasses give very little cattle feed and especially where trees, buck brush or rose bushes are growing. You can greatly improve native grass land by killing the trees and shrubs with 2,4-D. [illegible] and Brome can be seeded into native sod. It should of course be gone over a couple of times with one way and disker and seeded when the land is wet.

FERTILIZER AND CURRANTS

Ammonium Phosphate (16-20) when drilled into sod in the early spring increases the yield, but only for one year. Barnyard manure has a longer effect on yields. It certainly pays to get manure out on the stubble land and work it in with one ways or diskers.

RASPBERRIES AND CURRANTS

Now is the time to order a few raspberry or currant bushes and have a fruit garden of your own. Also don't forget strawberries. Circulars are available from my office on the best method of growing small fruits.

TURNIPS ON TREES

I understand that a lady called the editor this week and said I must have made a mistake in Green Acres last week that turnips do not grow on trees. I guess this lady did not come from a turnip growing country. Would she kindly call in my office and I will explain it to her.

MEN'S Work Clothes

## NEWS OF THE DISTRICT

# Islay People Return From Overseas, California and British Columbia

Mr. and Mrs. Henry Olds went to Rosetown, Sask., for the week end to visit some of Mrs. Olds immediate relatives and to celebrate the 80th birthday of her father. Along with them as far as Waseca went Mr. and Mrs. George Schaeffer and family to visit their uncle and aunt.

Mr. and Mrs. Dolinsky and Ernie of Round Hill and Mr. and Mrs. Ted Rankin of Edmonton were guests for the week end at the home of Mr. and Mrs. Bill McLean.

Mr. and Mrs. John Milner and family of Edmonton visited at the home of Mr. and Mrs. David Clarke and at the home of Mrs. Milner's parents, Mr. and Mrs. John McKnight at Dewberry.

Mr. and Mrs. Ken Reid and family were week end visitors at the home of Mrs. Reid's folks at Riley.

Mr. and Mrs. Paddy McGuigan's new house is just about ready to move into. Quite a number of the neighbors have been to see the new home and found it very lovely and quite modern. It is claimed that Ken McLennan and Bill McGuigan spent some time trying out the big new bath tub and listening to the water gurgle as it runs down the drain!

Jim Carey has returned home after wintering at the B.C. coast. Mr. and Mrs. Budzilka and Vera are back from California.

Oh yes, Ulva McFadyen is riding in comfort too, he has purchased a fine new two-tone car. The writer has noticed this car a few times rounding the corner into town and just thought that it was another commercial traveller but we finally got a close-up and saw who it was.

Mr. and Mrs. Ken Shaw and two wee boys and Shirley Bootsman motored from the city for the week end. On Sunday afternoon Mr. and Mrs. Shaw's baby son was christened in the Anglican church at Vermilion.

Mr. Inman's violin, 'Octette', also Mr. Inman's and Gerald's fishing play journeyed to the amateur hour at Dewberry Monday night, bringing home a prize each.

The sympathy of the community is extended to Mr. Anson and family on the passing of Mrs. Anson on Sunday morning.

Mr. and Mrs. Neil McEachern and Mr. and Mrs. Jim Allan were dinner guests Sunday evening at the home of Mr. and Mrs. Donald McInnes.

Mr and Mrs. Herman Caro have returned after spending the winter in Holland. They had a very fine trip but Canada seems very good to them.

## The W. M. S.

The W.M.S. of the United church held the regular monthly meeting at the home of Mrs. A. M. West on Thursday, April 8 at 8 p.m. The president Mrs. W. L. Robinson was in the chair and opened the meeting with a prayer and hymns. The roll call revealed that there were 19 members and one visitor present. Minutes were read and reports given, and business concluded.

Mrs. A. M West, Mrs H. P Long and Mrs. G. Dunsmore were in charge of the special Easter program and then took charge. Mrs. West, the convener, read passages from the Bible concerning the Passion of our Lord. Mrs Long followed by reading of the Resurrection and the meaning of Easter. Several hymns were sung and Mrs. Dunsmore led in the prayers. It was truly a beautiful thought provoking program fully appreciated by all present.

The hospital calls were numerous. Slips were then passed out to the ladies for another layette to be made for babies in Korea. This will be the third shipment to that war-torn country by the W.M.S.

The meeting was then brought to a close with prayer by the president.

The committee in charge served a tasty lunch and a very pleasant social hour was enjoyed by all.

*IN MEMORIAM*

In loving memory of
*ALLAN FILGATE*
who passed away Easter April [illegible]
"Deep in our hearts you are
fondly remembered
Sweet happy memories cling
round your name
True hearts that loved you with
deepest affection,
Always will love you in death
just the same."
Ever remembered by his
loving wife and family

## Bowtell Bulletin

The Easter Sunday service held at the Pleasant Valley church was well attended by some 26 worshippers. It was nice to have Mrs. S Carroll and Mr and Mrs. Jas Wallington with us on that occasion.

Betty and Shirley Sweeney spent the week end with their grandparents Mr and Mrs Jones.

Mary Williams was rushed to the hospital where she underwent an emergent appendectomy. She is now recovering nicely.

Recent visitors at the home of the writer were Mr and Mrs B Gould, Mr. and Mrs. Maggs and family, Mr and Mrs Williams and family, Mr. and Mrs Jas. Wallington.

Leslie Sherwood and Eric Nelson enjoyed a visit recently to [illegible].

The writer is sorry to learn that Norman Fenton who attended the [illegible] here when a boy and who is the son of Mr and Mrs Eddie Fenton formerly of this district, is among those missing in the tugboat disaster off the coast of B.C. Mrs Fenton was a member of the Busy Bees when here.

At time of writing the weather is still cool, not at all like the last of April should be.

Mrs. S. Carroll spent the week end at the home of Mr and Mrs Repp.

Mike Warawa is driving a new G.M.C. truck.

Mr Watt is leaving our district in the near future to move to the home of his son Roger.

Bob Johnson is now stationed in Calgary in the station there.

A crew of men are now busy tearing down the Borradaile oil [illegible]

## THE STAGETTES

We had a good turn out at Tuesday's meeting which was held in the balcony of the Legion hall, and many thanks to the Legion for making this available to us for use as a meeting place. We got right down to business, the first item being our barbecue pit for the park. A plan has been chosen and is to be forwarded first to the town and then to the Parks department in Edmonton for approval, so as soon as we get the 'go ahead' we'll prove our construction abilities'

In keeping with the practise of the past we are planning to round off the season with a banquet to be held the same night as our Cotton ball. We have already extended a welcome to honorary members and this year we're making an extra effort to have them come in, so to all honorary members we say please accept this as a special invitation. Your presence is requested at the Stagette banquet on the evening of May 4th at 7 p.m. We want all of you who have ever been a member of the Vermilion club and we are sure you will enjoy going over days gone by with your fellow honorary members, and also meeting the almost entirely new club. There are quite a number of you and we certainly would enjoy having you. So that we will know how many to expect please phone Theresa Toner any time during the day (9 to 5) at 40 by the 27th if at all possible.

Anyone who hasn't tickets for the dance be sure to attend to that little 50 cent cardboard item right away May 4th is less than two weeks off you know'

I hate repeating myself so often but another diamond found its way into the club and so it's congrats Juliette and Leo'

We are very happy to say that our bank account allowed us to make a substantial donation to the Cerebral Palsy Clinic in Edmonton. This is certainly worth all efforts.

There will be no meeting Tuesday next but keep Monday May [illegible] open for decoration night and try to get to the hall around 7. If you run across any patterns for rabbits let Berna know.

Checking. 24th — Edna, Lil, 27th — Pearl, Ernie 1st shift and Shirley Joyce, 2nd shift.

May 1st — Lena Alice.

IS YOUR SUB. PAID UP?

A car in tip top condition, inside and out, is a pleasure to own, a joy to drive. Let us bring your car up to the peak of performance [illegible]

Best Buys in Better Foods

**National Lotteries**

Should Canada have national lotteries? Recently The Financial Post asked a group of citizens about frequently suggested move. A large number of those answering were opposed to lotteries in any shape or form, terming them a form of gambling. Those in favor said people are going to take a chance anyway so why not keep the money in Canada; that lack of uniformity and ambiguity in present laws and their enforcement needs clarification.

The latter group stressed strict supervision in any operation of lotteries. Many suggest the provinces should handle their own lotteries for provicial purposes, once federal approval is given. Some also suggested that most of the 'income' should be distributed as prize money, the smaller portion going to such things as hospitals, medical research, scholarships and straight charitable purposes.

Since wheat can be produced about anywhere in the world Canada can expect to remain one of world's topline suppliers only as long as competitive advantage is not destroyed by artificial factors, such as international price agreements. Quick Canadian Facts

A recent world survey shows that Canadians are the world's leading telephone users, averaging 399 calls per person per year. Quick Canadian Facts

More than one third of all Canadian women who need industrial jobs find work in textile industry

## Anglers Reminded To Return Licenses

The Fisheries Branch of the Department of Lands and Forests is asking all Alberta anglers to return their expired 1953 fishing licences.

The licences contain a section where fishermen may list the size, species and locality of their catches. by filling in this information, anglers can assist the Fisheries Branch in collecting statistics which will serve as basis for stocking programs and other scientific research aimed at benefitting the sports fisherman.

All licences are stamped and addressed to the Fisheries Branch so there is no expense to the person returning them. The branch urged return of the licences as soon as possible so statistics could be compiled.

## Local News of Interest

In attendance at the horse show in Calgary last week were George Maggs, Lily Maggs, Cora Mahan, Mr. and Mrs. Len Hicks, Norma Gibbons and the Parker family from Marwayne, and Bob Maggs.

Mr. and Mrs. Brent Cull of Edmonton were guests of Mr. and Mrs. K. G. Urquhart for the Easter week end.

Mrs. H. N. Stephens is visiting in Edmonton, the guest of Mr. and Mrs. Howard Baker.

Mr. H. T. Mead and his two sons of Edmonton spent some time this week at the old family home at Campbell Lake. Mr. Mead is also the guest speaker at a special agricultural banquet sponsored by the Vermilion Board of Trade this Thursday evening.

Miss Shirley Cross spent the Easter week end in Vermilion. She was accompanied back to the city by her parents early Monday morning. Mr. and Mrs. Cross returned home Tuesday.

Mr. and Mrs. Floyd Bottorff and family were city visitors at the beginning of the week. Mavis and Donna are remaining there for the rest of the holidays.

Miss Joan Stephens is spending the Easter holidays in Edmonton the guest of Miss Shiela Smeltzer.

Mr. and Mrs. Jack Riddington and the twins from Lashburn spent Sunday visiting in town while Jack also got in his first golf strokes of the season. He is a regular Sunday visitor to the Vermilion course during the summer months, along with three other Lashburn men who claim the trip is well worth it to play at the Vermilion club.

Mr. and Mrs. R. J. Elliott and two boys Jim and Clarence of Waskatenau, spent several days during the week at the home of the former's parents, Mr. and Mrs. A. W. Elliott.

Friends here will be interested to learn that Ches Spornitz has been up in the N.W.T. since January in the oil well drilling business. The Spornitz family went from here to Athabasca where they still reside. Mrs. Spornitz and the two girls Paula and Wendy were in Edmonton for Easter.

The Vermilion rink of curlers, Darrell Currah, Aldous Kent, Roger Rowe and Wally Antrim who took part in the bonspiel at Vancouver last week, came home with first prize in the 4th competition. The boys won two games and then lost one, then rolled up six wins to annex the event. But for having one bad game they could quite easily have gone through the spiel without a loss, even at that they went an extra end before losing their one lone game. The prizes were electric coffee percolators.

Dr. and Mrs. A. C. Bradford and daughter Dolores were in town from the city for a few days over the Easter week. Friends will be pleased to know that the Doctor's health is showing steady improvement. He has recently returned from two weeks at the coast.

Ernie Everitt of Edmonton who shows up periodically in his old home town, spent some time here last Friday and Saturday. He then journeyed on to Lloydminster to visit relatives.

Wm. Barr who spent our winter months in New Zealand where there isn't any such thing, returned home recently after a very enjoyable time spent down under with relatives. Bill had intended to return home earlier but the agricultural fairs started and he stayed to see how the New Zealanders managed such events. At one fair it was found out that that the President of the Vermilion, Alberta Fair Board was present and Bill was called on to present some of the trophies.

**I. O. D. E.**
The Frog Lake Chapter, I.O.D.E. will attend the evening service at St. Saviour's Anglican church on Sunday April 25. All members wishing to attend are requested to meet in the Anglican parish hall at 7:15 p.m.

**GRADUATE NURSES TO MEET**
The Graduate Nurses' Association meeting will be held at the home of Mrs. L. McFadden on Monday April 26. Aiding at the forthcoming blood clinic will be discussed.

Among the graduates from the Prairie Bible Institute at Three Hills on Friday last was Miss Joyce Shirley Wilson of Dewberry.

Mr. and Mrs. William Forbes of Edmonton were visitors in town over Easter after an absence of some 25 years. They were amazed at the expansion of the town since they moved from the farm to make their home in the city. Mr. Forbes is a veteran of World War 1 and when discharged took up a farm on the north side of the Vermilion river.

Quite a number of Vermilion people were noticed in Edmonton Sunday including Mr. and Mrs. Lloyd McFadden, Misses Berna Seuffert, Louise Wilson, Edna Allen, Betty Giles, Mr. and Mrs. Ashley Cooper and daughter Lois.

Miss Marjorie Stack from Redwater is an Easter holiday visitor at the homes of various relatives in town.

Mr. Cal Keys of Edmonton spent from Friday to Monday in Vermilion visiting his mother Mrs. C. F. Keys. Cal is very interested in the Vermilion lake project, especially with the fishing angle and is very anxious to see how the perch and pickerel put into the lake last summer thrive.

Mrs. Haines received treatment from Dr. Hanlan following the fire at her home and not medical treatment as mentioned in last week's Standard.

Here for Easter from Redwater was Miss Dorothy McCormick who visted at the home of her parents, Mr. and Mrs. Cliff McCormick.

Burl Baddock from Edson and brother Bob of Calgary visited their parents, Mr. and Mrs. Jack Baddock over the Easter week end.

Rev. D. A. Ford and Mr. E. H. Buckingham were in Edmonton on Tuesday evening attending a meeting of the Edmonton Diocesan executive.

Mr. and Mrs. Wm. S. Porter have now returned to Dewberry after spending the winter in Vancouver.

Mrs. V. H. Cooper and daughter Joanne are spending this week at Calgary visiting Mr. and Mrs. J. D. Montgomery and little son Douglas.

Mr. and Mrs. C. J. McCormick spent Monday and Tuesday in Edmonton.

Mr. and Mrs. Freddie Douglas and son Jerry were Easter Sunday visitors at the home of Mrs. Douglas' parents, Mr. and Mrs. J. T. Johnson. Jimmy and family motored to Edmonton to spend the Easter holidays with Mary's mother and family.

**BOWTELL**
Dance at the Bowtell hall on Friday April 30 sponsored by Pleasant Valley ball club. Admission 50c each. Good music, free lunch. 42-3

## Wildmere Beavers

The Wildmere Beavers met at the Smith girls' home on April 10th. There were 12 members and 8 visitors present. The meeting was opened in the usual way, followed by the reading of the minutes. Roll Call was well answered with "Where I would like to travel".

It was decided that we would begin our 4-H sewing project in the fall as gardening courses are usually given in the summer.

The Beavers are sponsoring a Cotton ball on June 4 at Basswood school.

Mothers and members of the W.I. and the girls' club members are holding a joint meeting at the Gibson home on May 8. There will be a display of handicraft done by the girls as well as an entertainment program in honor of Mothers Day. Press reporter is Marie Smith.

Marlene and Margaret received W.I.G.C. pins in rememberance of the girls' club.

We had social and then closed the meeting by singing 'God Save the Queen'. A very tasty lunch was then served.

**CANCER**
*can be cured!*

● *It's possible. It's probable.* The big question is . . . *In how many cases?* Right now, with present medical knowledge, the number of cancer cures could be doubled.

But we need your dollars to spread information, to make more detection programs available, to assist doctors, and to aid laboratory workers in the great fight to find more cures for cancer.

*We ask your help!* There's no time like the present — there's no time to lose. Now is the time to GIVE TO THE CANCER CRUSADE. Give generously when your local canvasser calls or mail in your contribution.

## Observe Silver Wedding Anniversary

Entertaining friends on the occasion of the 25th anniversary of their wedding, April 6, Mr and Mrs. Cyril Davis were the recipients of a number of gifts of silver, including a group gift of 1847 Rogers silverware in the 'Daffodil' pattern, and a beautiful bouquet of flowers, in a surprise presentation during the evening.

Whist was enjoyed during the evening, six tables being played. Winners were ladies' 1st, Vi Toner; consolation, Evelyn Thompson; Gents' 1st, Mr. Geo. Rembach; consolation Jim McGaughey.

At the conclusion of the whist, John Toner on behalf of those present, extended wishes for continued happiness to Mr and Mrs. Davis, and presented them with the gifts. Although quite taken by surprise Mr Davis thanked all most sincerely for the tokens of good esteem.

A two-tiered wedding cake decorated in white and silver graced the table and was cut by the bride of 25 years ago. The toast to the couple was proposed by J Mc Gaughey.

A tasty lunch was served by the hostess assisted by Mrs. Clayton Davis and Mrs. Evelyn Thompson.

A number of pictures were taken during the evening to commemorate the happy occasion. The party broke up about 1.30 a.m. with the singing of "They are Jolly Good Fellows".

## Pretty Wedding At United Church

*RUSTAND--MAY*

A very pretty wedding was solemnized at the First United Church, Vermilion, on the morning of April 8th when Margaret Katherine May, eldest daughter of Mr and Mrs. Sheldon May became the bride of Edward Walter Rustand, only son of Mr and Mrs. Rustand of Bass Creek, Alberta. The Rev. C. W. MacKay officiated.

Given in marriage by her father, the bride wore a tailored suit of blue gabardine with white accessories. She carried a bouquet of yellow roses. Her only jewelry was a triple strand of matched pearls, a gift of the groom.

The bridesmaid Agnes May, the best man Mr L. A. Hilleley, and the groom all wore blue or gray suits.

Following the wedding ceremony the happy bride and groom went to the photo studio where pictures were taken. From there they went to the home of the bride's parents where dinner was served an open reception was held at which the bridal couple cut their beautiful three tiered wedding cake and served their well wishing guests who came during the afternoon.

The flowers for the wedding were supplied and arranged by Krauss.

The ladies of the district held a surprise shower in the Brookville school on April 5th in honor of the bride - elect. She received many beautiful and useful gifts, and a very fine social evening was enjoyed.

Mr. and Mrs. Newt Cooper, Mr. and Mrs. Irvin Gordon and Mr. and Mrs. Doug Cooper were Edmonton Garden visitors Tuesday evening to witness the fisaco between Edmonton Oil Kings and Fort William Canadians.

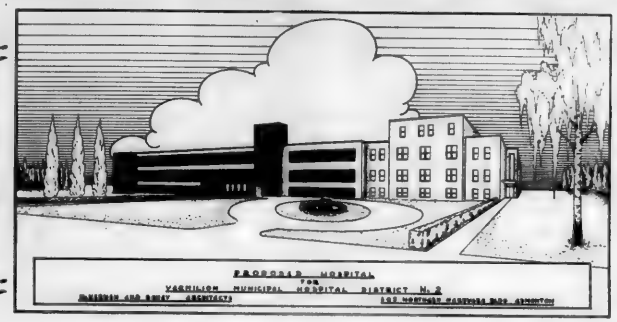
# PROPOSED ADDITION TO THE Vermilion Municipal Hospital

**VOTING ON WEDNESDAY, APRIL 28th 1954**



PROPOSED HOSPITAL
FOR
VERMILION MUNICIPAL HOSPITAL DISTRICT No. 2
IN RELATION AND NEAR VERMILION ALBERTA
LOT NORTH OF NATIONAL PARK AVENUE

**VOTING ON WEDNESDAY, APRIL 28th 1954**

## THE PLAN

The plan calls for a wing of brick and tile construction, 104 feet long, added to the west end of the present building. This wing will contain 36 new beds, new operating room, new case room, nurseries, X-ray department, laboratories, isolation or observation wards, reception room, a new and modern kitchen equipped with an electric hoist, a convenient and safe fire escape, and the much needed and talked of ELEVATOR.

The overall renovation will give our Hospital a capacity of 54 beds, completely modern in every respect, with administrance and administration quarters, and will comply with all specifications laid down by Federal and Provincial authorities. In addition, the plan includes the change-over of the original hospital, now containing the kitchen, dining room and 20 beds, to a completely up-to-date nurses' and staff residence, isolated and sound-proofed from the hospital proper. At the present time there are insufficient quarters for the staff, and as a result, some of them have to live up town.

## The Purpose

To provide the best nursing and modern Hospital services for all the people in the district and to insure that there is a Hospital bed available at any time for any one in the district requiring Hospitalization. The increased facilities should be an inducement for expanding medical services.

## Why It Is Necessary

At the present time the Hospital is often overcrowded, and the work of the Hospital Staff greatly increased. In the past and at the present it has been extremely difficult to hire and hold a full staff of competent nurses because of the lack of suitable nurses' quarters. We are faced now with the necessity of doing much repairing and renewing. Our kitchen and dining quarters must be completely rebuilt. If we try to do this to the old building, it would cost us a tremendous amount of money, and we still would have nothing in the way of modernization. It is the same way with the addition of an elevator to the old building. Its cost is prohibitive, when one considers that it would have to go into an old building.

The population of the Municipal Hospital District is continually increasing, and this fact, coupled with the many new developments in Hospital Services, make it necessary that we keep abreast of the times, and provide the Health Services to which the people are entitled.

## Facts and Figures

Federal and Provincial health authorities are agreed that a Hospital should have a minimum of seven beds for every one thousand of its population within the area it covers. Our Hospital has 5.13 beds per thousand population. The proposed wing will bring us up to the approved figure.

## Cost To The Ratepayers

It is estimated that the cost to the ratepayers for the proposed addition, elevator, and renovation will be 1.87 mills, based on the 1953 assessment. Hospital ratepayers and contract holders will continue to pay the basic ward rate of $1.50 per day, which includes "extras". When necessary, patients will still be referred for specialist treatment to Edmonton hospitals.

Remember, all land taxes are exempt from Income Tax. Why not build a Hospital in Vermilion that is adequate for our needs instead of sending this money to Ottawa?

## Who May Vote

(a) All persons 21 years of age, liable to pay municipal taxes within the Hospital District, or liable to deliver a share of the crop as rental on Provincial Government lands within the District.

(b) The wife, or husband, or father, or mother, or son, or daughter of such persons and residing with such persons within the Vermilion Hospital District

(c) If your name is not on the voters' list and you are qualified to vote, you may do so by signing a form provided under the Act, at the Poll on the day of voting.

FOR FURTHER INFORMATION CONTACT YOUR BOARD MEMBER ...

WARD 2 -- B. A. Macnab
WARD 3 --Fred Scott
WARD 4 -- Frank H. Walker
WARD 5 -- Charles Stewart
WARD 6 -- George Lawrence
WARD 7 -- Peter Nester

**The money for this scheme is available from the Government at the low rate of 3½% per annum once the scheme is ratified by the ratepayers. It is the plan of the Board of Directors to call for tenders immediately after the plebiscite, providing the plan is approved. This means that construction will commence this year.**

## WILDMERE W. I. NOTES

The Wildmere W. I. met at the home of Mrs. A. Holte on Wed. Apr. 7 with 15 members and one visitor Mrs. N. Garnett present. The meeting opened with "O Canada" and the repeating of the Creed. Roll call—Give an old superstition you believe in. Nearly everyone said that they didn't believe [illegible] but many and varied were the superstitions given.

The president Mrs. Bathe then welcomed our new bride, Mrs. Noel Garnett to the meeting. Mrs. Garnett later became a new member making 18 in the W. W. I.

The treasurers report was given and $5.50 turned into the polio fund. When the U. G. G. held their picture show in Basswood Mrs. N. McLean gave the $5.00 rent to the W. I. to be used for treats for children. The sick convener reported 3 fruit baskets given to sick members, Mrs. Holte, Mrs. Martin and Mrs. Wilson.

Correspondence revealed thank you cards for clothes sent to Korea; a letter from Mrs. Prendergast giving names of conveners to be kept by sec. a letter from the C. N. I. B. telling how the money is spent.

The ten cents for the friendship fund was turned in. [illegible] reports were given to the members.

Some discussion on handicrafts took place. Three of the items the members are unable to make but they are going to do the other 7.

Miss Holms, our district home Economist will be invited to our August meeting to speak on electrical equipment.

Our project for May. We donated $10 to Mr. and Mrs. George Haines of Hindville who were burned out April 6th. Anyone can make wash clothes or towels out of used ones to send to Korea.

Anyone wishing to send old woolens for blankets etc. please contact the Wildmere W. I. A motion was made that shippers get only one premium blanket from now on.

The next meeting will be held on May 5th at the home of Mrs. F. Gibson with Mrs. R. Martin hostess. The Wildmere Beavers Girls Club will entertain the ladies. Remember ladies it's a pot luck lunch. Bring your cancer donation to this meeting.

Mrs. Gibson, the delegate gave a report on the district convention held in Edmonton. This was most interesting and enjoyed by everyone.

Johnny Jump up was won by Mrs. W. J. Garnett.

Mrs. J. Wallington had the topic which was on that great Canadian woman, Agnes McPhail. The social was given by Mrs. W. T. Garnett showing how to make stencils and decorate a room with them.

Next meeting May 5th, Gibson home. Pot luck lunch; roll call name an outstanding lady of the world. Topic and social-Girls club entertain members as tribute to Mothers Day. Meeting closed with our hostess serving a delicious lunch. Mrs. Wilson came after school making 16 members present.

## Live One Day At A Time, Says Mayo Professor

Avoid tension by tackling your problems "one at a time", says Dr. Walter C. Alvarez, in the February issue of "Family Doctor", official publication of the British Medical Association. Dr. Alvarez is Professor of Medicine in Mayo Foundation.

"One of the greatest curses of life today and one of the great breeders of nervousness," Dr. Alvarez writes, "is any work done under tension." Dr. Alvarez does not recommend shirking hard work, he simply recommends attitudes for facing work. He cites a number of examples of people who learned how to overcome nervous tension without in any way cutting down on the amount of work done.

For example: "I knew a bank cashier who blew up whenever more than seven people lined up in front of him. As I pointed out to him, he could not possibly cope with more than one at a time. So why not do just that and stop wasting time and nervous energy worrying about the others."

Another saver of energy, Dr. Alvarez says, is Osler's "trick", which he called burning your own smoke. "This meant we should not indulge in the miserable habit of taking out on others our discomforts, griefs, annoyances and feelings of ill-humor or frustration."

Will Rogers was once asked what he would do if he had only five days to live. He said he'd live only one day at a time.

## NEWS from VANESTI

The writer is very sorry to hear that Mrs. Maybel Fry is a patient in an iron lung in an Edmonton hospital being very ill with polio. Best wishes go to her for a recovery to health.

Congratulations to Mr. and Mrs. Donald Purser on the birth of a daughter on April 15, extending the congratulations along to Mrs. V. Purser and Mr. and Mrs. King on the arrival of their first grandchild, not forgetting uncle Lyle.

Mrs. Robert Coleman was fortunate in winning a large mirror at the bingo in Lloyd.

Congratulations to former residents of this district, Mr. and Mrs. Wilfred Benner now of Okotoks, on the birth of twins.

Sympathy is extended to Mr. and Mrs. Haines of the Watson district who lost their home and all their belongings by fire recently.

Mr and Mrs. Nels Peterson have arrived back in the district and everyone hopes that they are here to stay this time.

Mr. and Mrs. Martin Seite are preparing for their trip to Norway to visit Martin's relatives and friends.

Mrs. V. Purser who is teaching the Stretton school is visiting the home farm for the Easter holidays.

It is pleasing to hear that Mrs. W. A. Gunn of Paradise Valley is well again. Wishes for a speedy recovery to Mr. Lee.

### WHO MAY VOTE

a. All persons 21 years of age liable to pay municipal taxes within the Hospital District, or liable to deliver a share of the crop as rental on Provincial Government lands within the [illegible]

b. The wife or husband, or father or mother or son, or daughter of such persons and residing with such persons within the Vermilion Hospital District

c. If your name is not on the Voters' list and you are qualified to vote, you may do so by signing a form provided under the Act, at the Poll on the day of voting

That I will on Friday, the 30th day of April, 1954, at 2:00 p.m. at the Office of the Secretary of the Vermilion Municipal Hospital District, Vermilion, Alberta sum up the votes and finally declare the result of the vote for or against the proposed Bylaw No. 1

Given under my hand at Vermilion, Alberta this 27th day of March 1954

N. H. ARMSTRONG
Returning Officer 42c

*Announcing*
**the appointment of**

# ALEX J. MARIAN
**VERMILION, ALTA.,** 4901 50TH AVENUE, TELEPHONE 74

*As direct dealer for*

**CHRYSLER AND PLYMOUTH CARS AND FARGO TRUCKS**

The appointment of Alex J. Marian as a Chrysler-Plymouth-Fargo direct dealer in Vermilion is sure to please many of the motorists and truck operators of the district. Most of them know him already, for Alex Marian has been identified with the automobile business of Vermilion for twenty years. With a sound background of mechanical and retail sales experience, his many friends and customers may be assured of the very best of service.

However, to offer even greater service to motorists in the Vermilion district, Alex Marian plans to erect a new showroom-garage. You may be assured that every effort will be expended by him to merit your continued confidence in his abilities and facilities.

Whether you need a new car or truck, a good used vehicle, a major overhaul or tune-up, you are well advised to see Alex J. Marian for the best in quality and workmanship now—and in the future!

## ... WILDMERE WINKS ...

On Friday April 9th the writer and husband had the pleasure of congratulating the bride and groom Mr. and Mrs. E. Rustand (nee Margaret May) at the bride's home. We wish the young couple many years of happiness. They received many lovely and useful gifts. We also had the pleasure of meeting Mr. and Mrs. Rustand Sr., from Lamont. Thanks again folks, we did enjoy the pleasant afternoon.

Our spring is a little slow at coming but the summer birds are back in full force singing cheerfully in the morning.

Whether it's warm or cold Cliff Cruthers is the first we have heard of harrowing the land. Lots are busy picking stones these days and others are sawing wood. Wilson's, Whitlock's, Holte's, Gibson's and Garnett's.

A party and shower was held at Basswood school last Wednesday evening for Mr. and Mrs. Noel Garnett. A few rounds of 'Cootie' were first enjoyed. Maureen Cruthers won first prize Lily Maggs the consolation. Bob Martin won the men's first with George Cruthers getting the consolation. There was a short and enjoyable program followed by a mock wedding which caused lots of laughter. After this Julia and Noel were called to the front and presented with some very useful gifts. They both thanked everyone for the party and for the gifts. The evening closed with a lunch.

On Thursday afternoon Miss Maggs and pupils of Basswood invited the teacher Mrs. Wilson and pupils of Preston school, also the mothers to an Easter party. A short program was presented by the pupils of Basswood which was enjoyed. Some games were then played followed by a delicious lunch. As Mr. Martin who was giving Civil Defence lessons had a fire practice at Basswood Thursday afternoon too, everyone went out to see that, but the hut also took fire and melted several holes in the roof and wall. Everyone wishes to thank Miss Maggs, pupils and the Basswood ladies for the nice afternoon.

Mr. and Mrs. J. Wallington attended church on Sunday afternoon at Pleasant Valley and enjoyed Rev. Ford's Easter message. A nice number turned out. Communion service was also held. The church is small but is nicely fixed up inside. We were pleased to meet several there who we do not see very often otherwise. After church we visited a few hours at the home of Mr. and Mrs. T. Sherwood where a nice supper was enjoyed. We hope you are feeling better again Tom. If you want to see some nice pigs go and see Mr. Sherwood's, they really are a picture.

We are sorry to hear Mrs. L. Szautner is at present in the hospital from our district. Mrs. John King of Thorncliffe is also in the hospital. We wish these sick friends a speedy recovery to health and home.

Mr. Dick Donily of Triangle has gone to Winnipeg with his brother to visit his parents who soon are moving to Ottawa. They went by car but Dick will return by train as his brother is going on through the States before returning to his home in southern Alberta.

Doris Fadden is gong in to spend a few days with her grandparents Mr. and Mrs. Abe Frissell in Vermilion during the Easter holidays.

Now that the ban is to be lifted off the road we hope to see the main wires of our power line strung and see the lights go on.

Billie and Adam Smith expect to be back in our district this week end from the coast where they have spent a busy winter curling.

Our deepest sympathy goes out to Mr. and Mrs. Jack Schaumleffel on the loss of their infant daughter Marlene last Thursday. The little baby had been ill from pneumonia and the worst was thought to be over when a relapse set in. She leaves besides her sorrowing parents three sisters and a brother to mourn her passing.

Mr. and Mrs. A. Holte and George Wilson visited at the Alex Morrison home in Bewtell last week and saw the first batch of turkeys just hatched taken off. 111 of them. A very interesting sight they said.

Little Isabelle Fissell of Battleview is at present visiting with her grandparents Mr. and Mrs. We. Lamport of Hindville.

We were pleased to have a chat with Mr. and Mrs. Otto Weisenberger from Trochu who were in town on Saturday. They were up visiting Mrs. Weisenberger's parents Mr. and Mrs. Proctor of Hindville. Mrs. Proctor has been quite ill but is home again and feeling much better. Otto still has his farm in our district.

Canadians sell to themselves about three times as much of the goods produced in Canada as is sold abroad.

## Librarianship Scholarships Are Available To Albertans

Four scholarships in librarianship valued at $250 each will be made available again this year, it was announced by Hon. A. J. Hooke, Minister of Economic Affairs. The purpose of the scholarships is to assist young Alberta people to secure training in librarianship.

The scholarships are open to Alberta residents 35 years and under holding a degree in Arts or its equivalent. Successful candidates after training, will be expected to return to library work in Alberta.

Certificates of health and two weeks supervised work in a Public library may also be required.

Application for a scholarship accompanied by a recent photograph or snapshot will be received by the Secretary, Alberta Library Board, Department of Economic Affairs, Edmonton, until May 8.

# Kitscoty News

Mr. Jack Tyler of Edmonton is spending part of his holidays here visiting with his folks.

Mrs. S. A. Olsen won first prize, Mrs. L. E. Speelman 2nd, Mrs. Fred Gordy 3rd for their sample books at recent Singer Sewing Machine classes that were held here about a week ago.

Mrs. A. McClelland and Bootsman Bros. received mail last week that was on the ill-fated TCA plane which crashed at Moose Jaw recently.

We are pleased to report Mrs. J. A. Blair is out of hospital and spent the week end at her home here before going to Fort Saskatchewan to visit with her granddaughter and grandson Mr. and Mrs. W. E. Lewis.

Miss Marion Inglis of Vegreville spent the Easter week end at her home here.

Mr. and Mrs. L. Kohlruss and family of Edmonton spent Easter week end at the home of their mother Mrs. H. Batty.

Mrs. Victor Heath and family of Edmonton spent the Easter holidays at the home of their parents Mr. and Mrs. C. K. Miller.

Mr. and Mrs. J. Crane and family of Westlock visited with their niece and nephew Mr. and Mrs. Cliff Miller during the Easter week.

Mr. Alex Potter and Jim joined Mrs. Potter at Okotoks where they attended their daughter's wedding last week.

Mr. Wray Blair was the lucky winner in the draw for the Easter dinner, the Ladies' Auxiliary of the Canadian Legion Kitscoty branch sponsored. The proceeds from this draw are for the 'iron lung' fund for the Lloydminster hospital.

Congratulations are extended to Mr. and Mrs. Archie McLean, who are the proud parents of a baby daughter, a sister for Dennis and Murray.

Mr. and Mrs. C. N. Gray visited in Edmonton with their daughters and at Jarvie with their daughter and son-in-law and family Mr. and Mrs. Bert Martin during the long week end.

Mr. and Mrs. L. E. Speelman spent the Easter week end with their daughter and family in Calgary.

Mrs. M. K. McDonald is spending two weeks holiday with her son Norman and Mrs. McDonald in Edmonton.

Mr. and Mrs. W. A. McGladrie and family and Mrs. McGladrie of Erskine who has been visiting her son and family here, all went to Edmonton for Easter.

Mr. J. Smith is attending the Alberta Teachers' convention in Calgary this week.

Mrs. J. McCorry spent the week end in Edmonton visiting with her daughter Sheila who has been ill for a week. Best wishes for a speedy recovery Sheila.

Mrs. Eva Lang and Judy spent part of the Easter week in Edmonton visiting relatives and friends.

Mr. and Mrs. Earl Phillips and David spent the long week end visiting relatives at Fort Saskatchewan and in Edmonton.

Mrs. Allan Batty and Misses Muriel Christofferson, Evelyn Sheppard, uJne Lang and Robert Seppard, June Lang and Robert Sheppard course in the Alberta College, Edmonton, this week, sponsored by the United Church W.A. and Sunday school.

Mr. and Mrs. Milligan and baby of Edmonton spent the week end visiting with their sister and brother-in-law Mr. and Mrs. H. Joy and family, also called on Mr. and Mrs. Ted Joy in town.

Mr. and Mrs. Eric Seward of Edmonton are visiting with their daughter and son-in-law Mrs. John Bootsman and Grace and other relatives.

ISLAND HILL DANCE

Dance at the Island Hill hall on Friday April 23 under auspices of the Campbell Lake-Island Hill Athletic Assoc. Admission 50c each. Good music. Free lunch. 40-2

## Tips on Touring

By Carol Lane
Women's Travel Authority

Spring is here and tourists are hitting the road hard — on all four tires.

Tires are not only vital to your safety, but they are expensive to replace. To prolong their life, tire experts offer the following advice:

1. Check your wheel alignment. A wheel half an inch out of line will drag the tire sideways, scraping precious rubber off the treads.

2. Rotate your tires regularly in this sequence: front right tire to spare, spare to rear right, rear right to front left, front left to back left and back left to front right.

3. Make gradual starts and stops to prevent abrasion.

4. When parking, don't bang your tires headlong into the curb or scrape their sides against the cement.

5. Slow up on turns before reaching the curve. When tires squeal, rubber is coming off.

6. Keep your tires up to recommended pressure. Test pressure when the tire is cool, as in the morning. Inexperienced motorists who check their tires when they are still hot from extended driving will always find pressure high.

Think of tires as the 'shoes' of your car — and take care of them accordingly.

ORDER -- your Counter Check Books from the STANDARD

## Sixteen Years Ago Today

*April 21, 1938*

K. G. Urquhart was re-elected president of the V.A.A.A., Gerald Stephens was vice-president and C. W. Robinson secretary.

The big sports day was set for May 24. During the year grants had been made by the Association to the hockey club, men's softball and ladies' softball clubs.

Easter week end was favored with the finest weather for years.

Work on the land is fast becoming general and some seeding is reported.

Jud Brimacombe was elected as president of the Softball league with Rev. G. L. Collins secretary.

The Vermilion musical festival was scheduled for May 6.

## Thirty-two Years Ago Today

*April 19, 1922*

S. H. Gandier, B.Sc., has been appointed principal of the Vermilion school of agriculture.

Margaret Caroline Hinchey, one of the town's most esteemed pioneers passed away.

W. D. Williams, Wm. Steele, Bishop and Hawksworth, D. Nichol and O. A. Simms all purchased choice Shorthorn bulls at the Edmonton Spring stock show.

Prize winners at the Edmonton Spring stock show in the Junior classes were Grace, Norman and Dale Williams and Lyle Robinson, winning a total of 11 prizes.

Runaway teams are becoming all too common around town. Apart from damage done to property lives have been endangered. Authorities intend to take action against any parties leaving teams untied or without weights.

The V.A.A.A. annual meeting was called for April 25. W. C. Craig was president and M. G. Brimacombe acting secretary.

Rev. Frank Chilton was pastor of the Presbyterian church, Rev. M. L. Wright at the Methodist and Rev. John H. Smith at the Anglican church.

# Of Many Things . . .

By AMBROSE HILLS
*STATION AGENT*

In our town when I was young everybody went down to the station to see the train come in; and just about everybody in town envied the station agent, Bill Mason. We youngsters would stand outside the big bay window of the station and see Bill bending over the key. Once in a while he'd pull a turnip-sized watch out of his vest pocket. When he reached for the hat, with the hard, shiny peak, and the words Station Master inscribed on it, we knew the train was up around Bailey's Corner.

When the train had puffed in, unloaded and roared away, the shouting and excitement grew. A cluster of farmers would crowd around. "Anything for me, Bill?" "Them tractor parts get here, Bill?"

Because I had a yen to be a telegraph operator, I often hung around the depot in the evenings. It wasn't unusual to have a farmer drop in to Bill's living quarters after the picture show was out and ask him if he'd check the freight shed again because, "That blasted parcel ought to be here, Bill, and the wife will sure be disappointed if I don't bring it home."

Bill was a good-natured fellow and he didn't often turn anyone away. He'd pull down the wicket, determined that this time it would stay closed, but when some chap came in a long way Bill couldn't resist opening up for him and doing him a favor. Farmers appreciated it, too, and sometimes they'd bring him a brace of partridge, or a turkey or a dozen eggs to show they did.

But most everyone envied Bill Masson in those days. Had his living quarters supplied, got his coal for free, and when he took a holiday he had a pass. Most of us were living pretty close to the vest back in those days, and we looked on Bill Mason as about the best-off man in town.

I was out home last week, though, and I saw a big change. The farmers drove up in shiny cars, most of them, a pretty prosperous lot. I mentioned this to the new agent, and told him a little about the old days.

"One thing hasn't changed," he said. "We're still carrying their grain for the same old price we charged back in 1899. We used to make it up by charging more for other stuff, but now the trucks have eaten into that business and they tell us we can't go any higher without losing the trade." Then he grinned. "But don't get me wrong. I still like the farmers and they still bring me a turkey once in a while. But by golly, one of these days they're going to have to pay more money to get that grain hauled or there just won't be any cars to haul it."

On the way back to the city I read in the paper where a bunch of lawyers had been making representations to the Board of Transport Commissioners about freight rates. I chuckled. I wondered why in heck the railroads didn't bring a few Bill Masons in from the country to do the talking. I think they'd have won over the commissioners and the farmers too!

POT LUCK SUPPER

A Father and Son pot luck supper will be held at the curling rink on Friday April 23 commencing at 6:30 p.m. for all Cubs, Scouts and their fathers. Films will be shown after the supper. 41-2

## The World of Wheat

VALUE OF DEMONSTRATION PLOTS

The 'Crop Testing Plan' for many years has been able, through the kindness of elevator agents, to set out Demonstration Plots consisting of 7 or 8 of each of the approved and latest varieties of wheat, oats, barley and flax. Thes plots have allowed farmers in each district to observe just how the different varieties behave, and in consequence to decide which one of them was best suited to their particular district. We are informed that these plots have created considerable interest whenever they have been grown.

The 'Crop Testing Plan' has decided to continue the experiment which met with such success last year under which seed was also made available to farmers who wished to have a demonstration plot on their own farm.

A complete set of true to variety seeds of the different varieties enclosed in envelopes and ready for seeding will therefore be sent to who wish to apply for them. These seeds will be sent free of charge as long as the supplies last. Apply to the Crop Testing Plan, Room 361 Grain Exchange Building, Winnipeg.

In the coming year purchasers of radio and television sets and equipment will provide the CBC with an estimated $15,000,000 through the special excise tax which replaced the annual $2.50 radio licence as a source of CBC revenue.

# MANNVILLE & DISTRICT LOCALS

Among those seen in town for the Easter week end were Pat Jones, Maxine Leitch, Edward Clark, Annie Clark, Otto Kufeldt, Jim Proudfoot, Rodney Swain, Jack Gamble.

May is usually the month for moving but there has been a real shakeup in the real estate business in Mannville this month. Mr. Allan our congenial local cop has purchased the house formerly owned by P. Rathje and has already moved into it. The house owned by C. Hughes has been rented by Frank Richardson as the house on the south side he was renting has been sold to M. Melnyk. Chas. Bauers has purchased the house owned by C. Baker and Mr. Baker left the latter part of last week for Spurfield. Johnny Baldwin of Minburn has purchased the Art Wright house and Mr. and Mrs. Wright and family are moving back to the farm. Mr. and Mrs. Ray Nicholson will then move from there back to their own farm west of town.

Visiting with Mr. and Mrs. W. Osborn were Mr. and Mrs. Bill Osborn and family, Mr. and Mrs. Bert Osborn and daughter of Edmonton and Tom and Harry Osborn of Saskatoon.

Mr. and Mrs. S. Arnett and son were week end visitors with her parents Mr. and Mrs. Del McFadden.

Mrs. Mary O'Connor, Billy O'Con-Mrs. Stella Majeau of Edmonton were Mannville visitors over the holiday.

Misses Chid Matter and Donna Bennett spent the holiday week end in Edmonton.

Mr. and Mrs. Rudd and girls spent Easter week at Edmonton and Calgary.

Visiting with friends and relatives over Easter were Mr. and Mrs. Leo Colborne, Mr. Len Leeson, Mr. and Mrs. Martin O'Brien (nee Doris Leeson) and family, all of Edmonton.

Mrs. Archie Hubbard left for Brandon, Man., to visit with her sister and family Mr. and Mrs. Jim White.

Voting will take place in the Vermilion Municipal Hospital District No. 2 on Wednesday, April 28 on a money by-law to borrow for the purpose of building an additional wing, installing an elevator, renovating the exisiting building and providing staff and nurses' quarters. The poll will open at 9 a.m. and keep open until the hour of 6 p.m. N. H. Armstrong is the returning officer. Polling Divisions will be found in this edition of the Standard.

Mr. and Mrs. J. Hauck and family are holidaying this week. The M.D. road men are taking part of their holidays before the season's road work schedule gets under way. The service man from Richardson Road Equipment was in town Monday servicing and demonstrating the four new maintainer motor graders purchased by the M.D. of Minburn. Three other machines were purchased from Watrous of Edmonton.

Mr. and Mrs. Doug Otto and Florence motored to Hughenden for Easter.

Visiting with relatives over the holiday week end were Mr. and Mrs. Stan McGreevey, Mrs. C. Mercer, Mrs. Betty Arnold and Barbara of Edmonton.

Mr. Beckett Thompson left on Sunday morning by bus for the coast to spend a few weeks with his sister there.

Mr. and Mrs. Ross Leitch and girls spent part of Easter week end in Edmonton. Mrs. Leitch and the girls are remaining for the week.

Mr. and Mrs. A. Gerhart and family motored to Daysland for the holiday.

Miss Yvonne Johnson of Edmonton was a visitor last week at the home of her aunt, Mrs. Townsend.

Mr. Graydon Arnold spent Easter with his parents Mr. and Mrs. P. Arnold.

Mr. and Mrs. P. Rathje and children motored to Cherry Grove for Easter Sunday.

Mr. and Mrs. Fred Proudfoot and girls spent several days at Easter visiting relatives in Edmonton.

Visiting with Mrs. M. Plishka over Easter were her daughter and family Mr. and Mrs. Chas. Laight. Mr. Laight is the Indian agent at Hobbema.

Mr. and Mrs. Bill Fisher of Edmonton and Mr. Gerald Fisher of Vegreville spent the holidays with friends and relatives here.

Miss Betty Proudfoot filled in at the library on Saturday afternoon and evening for Mrs. Hay. Mrs. Hay has been confined to the house with a cold for several days.

Mr. R. Dorward was back at the office on Monday after a siege of cold for the past week.

Visiting with Rev. and Mrs. Crighton during the Easter season were his father and mother Mr. and Mrs. R. J. Crighton of Qualicum Beach, Vancouver Island, B.C., and his brother, Prof. A. B. Crighton of the U. of A.

Mr. and Mrs. Elgin Arnold motored to Edmonton on Sunday to visit with their son and family, Mr. and Mrs. Walter Arnold. Roy Arnold, who has been home for about a week, returned to Edmonton with them.

Mr. and Mrs. Pemberton spent the holiday visiting with their sons and families in Edmonton, Mr. and Mrs. Fred and Mr. and Mrs. John Pemberton.

Farm cash income in 1953 totalled $2,674,679,000, down by four per cent from 1952 and five per cent less than the 1951 record high. Quick Canadian Facts

# Allandale Notes

Nothing much new about the weather, still cold. The high roads in the district are good, rutty and rough, though passable. A good maintaining is really in order for all the roads.

Raymond Wilson, son of Mr. and Mrs. Don Wilson celebrated his 6th birthday on April 10. He will be starting to school this fall.

We were pleased our student was with us on April 11 and attended Clandonald service held that day at 3 p.m. by Rev. McKay. He is from Edmonton and commences services on May 2nd. Our time schedule isn't definite at this time.

Mrs. Reeves was taken to the Vermilion hospital the week end of April 10. A speedy recovery is wished her from her many friends.

Families were home for Easter. At the Armstrong home Mr. and Mrs. Warren Edwards and family from town. Mr and Mrs. Norman Anderson and family from Lloydminster and Mrs. Ruth Adamson from the city. The Phillips home had Mr and Mrs Martin Gosseling and family and Gordon from Wainwright and Jimmy and Morris from Saskatoon. At the Strang home daughter Caroline from Lloydminster. We are pleased Ernie Strang is coming along very well after his serious injury.

Mrs. Ort Strome and daughter Beverly spent a few days of the holidays in the city.

House warming was held at Mr. and Mrs. Orville Armstrong's. It was a lovely evening though cool, on April 19 when around 80 relatives and friends gathered at this lovely new home. The evening was spent playing euchre, 9 tables. A delicious midnight lunch was served by the hostess and helpers. Uncle Orley Ommen on behalf of the gathering presented the host and hostess with a lovely hostess chair, wishing them much happiness and comfort in their new home. Thelma and Orville were greatly surprised and thanked the folks very fittingly.

At this time also prizes were to the highest average score for the euchre during the winter. Ladies' first, Mrs. Stella Mayers, 2nd Mrs. Erna Armstrong, consolation Mrs. Mossy McPhee. Men's 1st, Herb McPhee, 2nd Wm Mayers and consolation Gus Throndson.

Mother O'Fee is now with her daughter Clair and family and Liam and family at Williams Lake. John is also there working. She left her daughter Mary and family at Vancouver in March. Mary was home doing very well after her serious illness. Mary's sister Anna at Bawlf has her baby son until she is well enough to care for him.

Closing Thought: "In the realm of faith, to see does not depend upon physical eyesight. Through the eyes of faith we can see the invisible through the certainty of belief".

# Health Unit Notes

Now that spring weather is here homes in towns, villages and hamlets and on the farms are in need of a special effort to clear up all the waste materials accumulated in the winter months.

Flies, and our latest public enemy the rat, will soon take advantage of open garbage piles which provide them with food and shelter.

WATER SUPPLIES

Any farmers or residents of villages and hamlets who rely on private wells for their water supply can have the water checked which is part of the Health Unit service. Advice is also given on protection and siting of water suplies. Please leave your name and address at the local municipal offices in Wainwright, Mannville and Kitscoty or village secretaries or by writing or phoning the Health Unit offices in Wainwright or Vermilion. Wainwright No. 455, Vermilion 502.

FLIES

As soon as the warm weather arrives so does the housefly. Insecticides and screens are useful, but by far, the most effective and economical method of reducing the fly population is by depriving them of food, shelter and breeding grounds.

KEEP GARBAGE COVERED

Burning garbage in a barrel does not make it any less attractive. On farms it is a good practise to throw your garbage into a pit and immediately cover it with soil.

BABY & PRE-SCHOOL CLINICS

Monday, April 26 — Legion hall, Vermilion, 2 to 4 p.m.

Tuesday, April 27—Streamstown school, 2:30 to 3:30 p.m.

## Prof. Rowan, U. of A. to Address Canadian Club

The next meeting of the Canadian Club in Vermilion will be on monday, April 26 th at 8.15 in the Auditorium of the junior high school. The guest speaker will be Wm. Rowan, Professor of Zoology of the University of Alberta. His subject will be "The Road to Survival". (2wksx)

# FUNERAL SERVICES FOR ROBERT E. WALKER HELD AT DEWBERRY

Funeral services for the late Mr. Robert E. Walker of Greenlawn, were held in the Dewberry hall on Thursday, April 8 with interment following in the Dewberry cemetery. The Rev. Mr. Sneddon of Marwayne officiated.

Mr. Walker was born at Carlisle, Ont., on February 19, 1872. In 1896 he married Miss Annie Crompton at Carlisle.

They moved to the Greenlawn district in 1906 where Mr. Walker farmed with considerable success. He was well known and highly respected in the Greenlawn and Dewberry districts.

He leaves to mourn his loss his loving wife Annie, two sons Otto of Trail, B.C., and Eby of Dewberry; one daughter Mrs. Velma Hockin of St. Laurent, Montreal; one brother Osmond of New Westminster, B.C., and one sister Mrs. Pearl Taylor of Vermilion. There are ten grandchildren and five great grandchildren.

Floral tributes were received from: Loving wife and family; Velma, Art and girls; Pearl and Harry; Margaret and Osmond; Joyce, Donnie and family; Phyllis, Sandy and girls; Bobbie and Earl; Mr. and Mrs. Lee; Hazel, Rob and Eva; Grace, Bill and boys; Muriel, Gerald and boys; Members of the Official Board and friends of St. Andrews United church, St. Laurent, Montreal; Riverton Old Timers; Mr and Mrs Philbin, Joe and Teresa; Lila, Bill and Bob; Greenlawn Old Timers' Association; The Greenlawn Goodwill Club; Riverton Ladies Club, Dewberry Friends and Community.

Donations in lieu of flowers to the Cancer Fund: Mrs. Frank Grey; Mrs. Curtis and Nixie; Mrs A. McIntosh; Mr. and Mrs J. Machon, Mr. and Mrs. W. S. McLean; Mr. and Mrs. R. Saville, Fred and Elsie.

Crippled Children's Fund: Mr and Mrs. Fred Maddex.

Flowers for the house: Pearl and Harry; Mr and Mrs. L. F. Green; Marjorie, Kenneth and Douglas.

Moyer's were in charge of the funeral arrangements.

## Working Women

Young married women are entitled to, and are successful at jobs in Canadian commerce, industry and arts. And Canada would feel a pinch if they quit, or were forced to resign. But the Canadian home is a pretty important place, too — more important for young wives, in many cases, than the office or shop, according to respondents to a Financial Post question.

By and large, public-minded Canadians look on the problem as a fait accompli: married women are Canadians with equal rights.

Outside interests give them more scope, often make them better citizens. In fact, some respondents believe business could not find enough employees if it relied wholly on the supply of single women.

The basic objection to working wives appeared to go beyond economics. It lay in fair play toward the needs of single women, and, still deeper, in fear for the solidarity of the Canadian home and family.

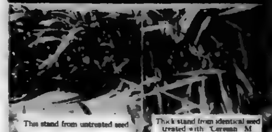
Manitoba ranks fourth amongst Canadian Manufacturing provinces. Ahead are Ontarrio, Quebec and British Columbia in that order.

*CARD OF THANKS*

We wish to express our thanks for the beautiful floral tributes, the memorial donations and sympathy cards; also for the many acts of kindness received during our recent bereavement. Special thanks to Dr. Sweet for his unfailing care during Mr. Walker's illness, also to Mrs. Collins for her help and kindness during that time.

Mrs. R. E. Walker, Eby and family.

CROP INSURANCE FOR 4¢ PER ACRE



**"Ceresan" M Pays Dividends in Higher Yield and Grade**

"Ceresan" M treated seed yields up to 7 extra bushels per acre. This crop insurance costs only 4¢ per acre. Join the grain growers who have been enjoying this extra yield, year after year. You'll be glad you did! Ask for "Ceresan" M seed disinfectant.

GORDON DOWNEY.

## Claysmore Clippings

Mr. and Mrs. Lloyd McCrae of Calgary made a hurried trip to Vermilion and Claysmore on Saturday last. While here they managed to call on several friends. They returned south on Sunday evening.

A birthday party was held at the home of Mrs. Joe Bauer on Sat. April 10 in honor of Larry Bauer and Laurie Horne. In attendance were 16 children accompanied by their mothers. The kiddies had weiners, ice cream and birthday cake for lunch, and a real happy time was enjoyed by everyone.

Several people from this neighborhood attended the home and school meeting held in Mannville Thursday evening. Two films were shown, first, "The secret tunnel" and secondly "Cancer" and it's danger signals. Eight Mannville ladies did a cute song and tap dance of the Easter Parade and this was much enjoyed.

Mr. and Mrs. A. Olestad and family spent the Easter week end at Edberg visiting their parents and other relatives.

Bud MacArthur of Monitor, Alberta is spending a few days at the home of his sister Mrs. A. Van Nest and family.

Mr. and Mrs. V. Shrayer of Edmonton spent the Easter week end at the home of Mr. and Mrs. R. MacMillan.

Mr. and Mrs. Tom McCauley and family motored to Donalda to visit Mrs. McCauley's mother Mrs. Blair and her brother Wm. Blair who have recently bought a farm in that district.

Raymond Pierce went to Edmonton on Thursday evening to spend the holidays with his mother and the family.

Mrs. J. Willes and daughter Linda are spending a few days in Edmonton.

Employment in the primary textile industry, formerly Canada's leading manufacturing employer has dropped below pre-war levels.

# Paradise Valley

Mr Ben Squires, C.P.R. agent here left for his home at Red Deer on Thursday afternoon to spend the holiday and week end with his parents.

Mr and Mrs Gordon McIntyre and Kenneth visited with relatives at Mirror over the week end.

George Stevens has returned to the Aitken farm after spending the winter months at Vancouver.

The Paradise Valley W.A. of the United church will hold their May meeting in the basement of the church on Wednesday evening May 5. Please note the change of date which is due to the school festival being held on Friday May 7.

Mr A T Goodwin returned home after his long trip down through the States looking hale and hearty after his drive and reports a good time.

Mr and Mrs T J Anderson who spent the winter months in Saskatchewan have returned home and will soon be open for business.

Mr and Mrs Robert Stewart lately of Fort St. John arrived in town to visit Mr Stewart's parents Mr and Mrs Roy Stewart on Wednesday night.

Mr and rMs Frank Flint Mr and Mrs W P Davidson were Edmonton visitors over the holiday.

Mrs L A Matheson visited with Mr and Mrs John Matheson during the week and Matt tried his hand at batching for a few days.

Mrs J F Hawkes and children spent the holiday with her parents Mr and Mrs Pierce at Saskatoon. She was accompanied by Miss Grace Stoddart.

Mr and Mrs Vern Lamb Shirley and Randall of Edmonton but who are former residents of the district were week end visitors with old friends.

Congratulations to Mr and Mrs Clifford Coleman on their recent marriage which took place at the home of the bride Mr and Mrs J W Warren on the afternoon of April 14.

Miss Laura Knutson of the staff of Bruce Robinson Electric at Edmonton spent the holiday with her parents Mr and Mrs L Knutson. Mr Stan Westly also of Edmonton was a guest at the Knutson home.

Mrs Carle Doty is a patient in the Lloydminster hospital where she underwent surgery. Mr A G Lea is still a patient in the same hospital.

The Junior choir of the United church attended the Good Friday service at McLaughlin and took part in the service.

Easter holidays at all the local schools give the pupils a chance to get a short rest before the final grind and exams in June. Miss Olga Hudson who teaches at Madresfield Miss Shirley Gunn of the Earlie school and Miss Marion Fulgham of Vanesti all spent the vacation at their homes.

The weather during the past week has given us everything snow sunshine high winds and rain. We wonder what will come next. The milder weather has written finis to curling for this season. The big game between the President and Vice-President ended up all even and was a close contest all the way.

It is with regret that we hear of the serious illness of Will Allison at Port Arthur Ont. Mr Allison farmed in the Paradise Valley district for many years. Mrs. Frank Wood, his sister has returned home after visiting him in the hospital at that point.

Miss Evelyn Wood who spent the winter in Toronto has returned home and will be leaving shortly for Lake Louise where she has a position in the C.P.R. hotel.

Mr and Mrs Joseph V Wach of Hillmond Sask who have purchased the Harold Holgate farm have taken up residence there.

CURLING CLUB DANCE

The Ladies Curling Club will hold a dance in the Elks hall on Tuesday April 27. Williams orchestra. Admission 75c each. This will be made an annual event providing this one proves a success. 40-2x

By Shirley Holmes, Wainwright, Alberta

# News Notes From Your District Home Economist

BLEACHING AND WASHING:

Bleaching is no substitute for good laundering advises Mrs. V. G. Macdonald Director, Home Economics Extension Service, Alberta Department of Agriculture. Bleaches are for removing color, not soil. Good laundering makes clothes white or colors clear by thorough cleaning. It is hard on a fabric to boil in and whiten it with a bleach. ALL BLEACHES, even sunshine will weaken or rot cotton, linen and rayon if left on too long. Safest chemical bleaches are in the familiar sodium perborate and hydrogen peroxide. They are mild and can be used on most fabrics. But even these should be left on only a minute or two, then rinsed out.

Bleaches containing chlorine are harmful to wool and silk and they cause yellowing or streaking in some of the new permanent finishes on cottons. They should not be used on the new "crinkey" finish. The yellowing or streaking can usually be remedied by soaking the cotton in photographer's "hypo" solution (sodium thiosulphate), 1 teaspoon per quart of water. Complete removal of the bleach from the fabric is essential to prevent weakening of the fibres. For this reason it is safer to apply bleach before the sudsing period rather than in the rinse water.

If clothes don't come clean in your home washing, you may need to use a water softener in both soap and rinse waters, change the soap or detergent you are using or use hotter water. Soaking badly soiled clothes with soap or detergent will help but they should be soaked for 10 or 15 minutes only, not overnight. The soil will soak back into the clothes and make them difficult to get clean. The same principle applies to running non-automatic washing machines for a long time. Five minutes in the machine is sufficient for lightly soiled clothes, 10 minutes for heavily soiled.

Good rinsing is essential to avoid tattle tale gray—the last rinse water should be almost clear. Bluing can be used with good results if the clothes are clean white. The blue-white appears whiter to the eye than white-white. Bluing on clothes that are tattle gray only makes them look worse.

Careful laundering will help a great deal to increase the life span of your clothes.

FREE BOOKLETS

Free Booklets available at this office which may assist in your spring cleaning and decorating are: Furniture Refinishing, Putting Furniture in It's Place, The Stage Setting of Your Home, Flatter Your Floors, Color in Your Home, Curtains Going Up.

## Garnet Wheat

Garnet wheat is produced in limited quantities in Alberta and is principally marketed through the Pacific coast ports. The Canadian Wheat Board wishes to bring to the attention of producers of Garnet wheat the reductions which have been made in Board selling prices for Garnet grades of wheat. Under existing conditions Garnet grades of wheat cannot be merchandised expect at a substantial discount under the Board's selling prices for milling grades of other spring wheats. The Board is now quoting No. 3 C.W. Garnet wheat basis in store Vancouver at a price only slightly higher than the Board's asking price for No. 5 wheat in the same position. No. 1 C.W. and No. 2 C.W. Garnet grades are substantially discounted under the corresponding Northern grades.

Producers of Garnet wheat should take note of the adjustment of Board selling prices. In determining country buying spreads for 1954-55, the discount on Garnet grades will have to be considerably widened and this will be reflected in the initial payments for the coming crop year. From experience during the present crop year it would appear that the Board's country buying prices for Garnet grades of wheat in the next crop year 1954-55 will have to be widened to the point where No 3 Garnet will roughly approximate the Board's country buying price for No. 5 wheat with a slightly smaller discount applying on No. 1 C.W. Garnet and No. 2 C.W. Garnet.

This information is made available at this time in order that producers may take price factors into consideration in making their plans for 1954 seeding.

Quebec's 359 primary textile mills make everything in the trade from carpets to silk.

# Hospital By-Law Given Sweeping Majority

The hospital by-law proposing the expenditure of $270,000 for more hospital accommodation, and the modernization of present building, was accorded a very favorable reception throughout the district and was given overwhelming endorsement at the polls on Wednesday with 1084 votes cast in favor of the by law and only 130 opposed. There were in addition 30 rejected ballots, practically all of these voters wrote the word yes instead of just marking their ballot with an X opposite the Yes.

Returning Officer N. H. Armstrong will make the official announcement of the result of the plebiscite on Friday. The unofficial returns are as follow:

## Honor Students At The V.S.A.

Pictured below are four honor students of the 1953-54 term at the Vermilion school of agriculture.

BLANCHE ROSS

- who gaduated in second year Home Economics with first class honors. She comes from Forestburg.

IAN ROYAN

A first class honors graduate of the two year course in Agriculture. His home is at Chauvin.

PARK LETTS

Two-in-One Agriculture student who obtained first class honors in graduating. Westlock is the home of this student.

HELEN BROWN

- who comes from Vimy and graduated with honors in the Two-in-One Home Economics class.

## Ladies' Choral Club To Present Concert

The Vermilion Ladies' Choral group will present their annual concert at the Columbia theatre Sunday May 30 under the direction of Wm B Elford. 43c

## Blood Donor Clinic Wednesday, May 5

The date of the blood donor clinic is drawing very near. Appointment cards have been sent out but donors may come at any time that is convenient to them. The clinic will be here from 3 to 5 p.m. and from 7 to 9 p.m. at the Elks hall. As stated before donors may come any time between those hours.

Since the commencement of free blood transfusions the Alberta division of the Canadian Red Cross society has donated $3,000,000 in blood services to the hospitals for our armed forces and for patients in veterans hospitals.

The Blood transfusion service is national and operative in the whole or part of eight provinces at the present. It will be extended to the rest of Canada as laboratory premises become available.

## Curlers To Meet On Friday, April 30th

The annual meeting of the Vermilion Curling Club will be held on Friday evening, next week, April 30 at 8 p.m. in the curling rink. This meeting was posponed from Wednesday of last week. A goodly attendance of members should be on hand as the past year has been one of decided achievement on the part of the curling club. 43-3

## Mannville To Vote On Gas Franchise

Ratepayers of Mannville will have an opportunity to approve the installation of gas in their village on May 31. Voting will take place that day on By-law No. 237 for the granting of a gas franchise to the Northwestern Utilities Ltd to supply natural gas to that village.

This is a one-way question and all ratepayers are urged to cast their ballot and give the council the necessary support to obtaining the wonderful convenience of natural gas for Mannville.

## Anglican Men's Club Sponsor 3-act Comedy

The Anglican Men's club are sponsoring a three-act comedy stage play which will be presented in the auditorium of junior high school on Friday evening May 14 at 8 15 p.m. Tickets will shortly be on sale at 75 cents for adults and 50 cents for students.

The play will be by the Dramatic Society of St. Thomas Anglican church, Wainwright. It has been presented at several places and is rated as much better than usual. It is a three-act comedy entitled "Chintz Cottage" with a cast of seven, both ladies and gents. As stage plays are uncommon in Vermilion the change of the type of amusement will no doubt be anticipated by many. 43-1

## Contract Awarded For Highway 16

The 43 miles of road between Stony Creek and Vegreville will receive a stabilized base course and blacktop this summer the contract for the work being awarded to the W. C. Wells Construction Co. Ltd of Saskatoon. The amount of the successful tender was $939,041. Four other bids were received ranging from $976,341 to $1,118,416.

## Clandonald Man Dies In Edmonton

A former resident of Clandonald Archibald Monk, died in Edmonton on Tuesday April 27 at the age of 68 years. He leaves his wife two sons Malcolm and Lachie at Clandonald and three daughters Mrs E. Skrodolis of Vermilion, Mrs F Volk Ponoka Mrs A Eckford of Campbell River B.C. and nine grandchildren. Interment will take place at Clandonald.

## Red & White Store At Mannville Sold

MANNVILLE. Mr and Mrs John North of Edmonton will take over on Monday next from Mr and Mrs. Gawreluck who opened the Red & White store here last summer. It will still be operated as a Red & White Store.

Mr and Mrs Gawreluck wish to thank the people of Mannville and District for their patronage and kindness during their stay here.

## Home & School Brought Closer By Meetings Of Association

Despite the inclemency of the spring weather, Vermilion Home and School Association meeting held on Tuesday, April 27 was well attended by an enthusiastic gathering of parents and teachers.

The meeting was opened by the the singing of 'O Canada' with Mrs English at the piano. Mr. E. C. Clendenning the president called the meeting to order and asked Mrs. F. Stewart to read the Home and School creed.

After the reading of the minutes and various correspondence on hand a film entitled "Life with Junior" was shown. This film dealt with normal child behavior between the ages of five and ten years. Following the film, discussion groups were formed. These groups were divided into sections as follows: Primary, Elementary, Junior High and High School. Some of the topics under discussion were Comic books in the homes, Evil effects of radio and television, Corporal punishment, Parent and child relationships, Self-discipline, Demands of organizations in a community upon the time of individual citizens. Disruption of rural life due to centralization of schools.

In one group particularly it was noted that parents and teachers agreed that one problem facing all praents of today was the fact that outside activities tend to draw members away from the family circle. Unless the family works and plays as a unit, home may merely become a place in which to eat and sleep. If members of a family go in different directions for their leisure activities ethey are robbed of companionship and shared enjoyment which comes from family group entertainment.

It is hoped that parents who have not yet attended the Home and School meetings will join and help to bring the school and home closer together. Teachers and parents have much to give each other so much to share. The emphasis today is on total child growth mentally, emotionally, physically and spiritually. The burdens of both parents and teachers are considerably lightened as this sharing is increased and the contributions to the child from both home and classroom are immeasurably increased.

## Columbia Instals New Cinerama Screen

### Grand Opening Night Monday, May 3rd

The Columbia theatre is at present undergoing major changes in equipment and screen, and when the renovation is completed the theatre will have a new wide "Cinerama" screen measuring 12 feet by 20 feet long, curved for better viewing. The new picture size will be 300 square feet. Changes were required to the stage to accommodate the big curved screen.

The installation of new equipment in the projection room consists of two Ballantyne 80 amp Light Master arc lamps complete with rectifiers. This equipment has approximately four times the light that is now being used in the projection room.

Other changes in the projection booth of the Columbia include two SPL type angle projection lenses making it possible to bring to the show-going people of Vermilion and district the very latest type of wide picture.

The big opening with the new equipment is set for Monday May 3 and the picture chosen for the occasion is "Elephant Walk", a drama of outdoor adventure in the jungle fastness of Ceylon. This will be held for four days with a special children's matinee on Tuesday May 4 at 4:30. See the big display advertisement elsewhere in this issue for full information about the new screen and the fine programs manager Nick Kowalchuk has arranged for your enjoyment.

## Council Appoints Committees

The regular meeting of the town council was held April 19, with Mayor S. C. Heckbert Crs. M. Hill D R Mitchell, H. J. Payne G. W. Sutherland K G Urquhart and Geo C Webb present.

Correspondence: The Revelstoke Sawmill re sidewalk.

A delegation of Mr Martin Mr Wilson and Mr Allan representing the Candaian Legion again attended the meeting to discuss the transfer of Lots 1 2 and part of 3 to the Canadian Legion. It was decided that a committee of the Council should be appointed to discuss this matter with the Legion executive and then bring a recommendation to the next Council meeting.

The following motions carried:

That the town underwrite the salary of Mr Tuck to the amount of $1200 and that the School Board, Parks Board and Athletic Assn. be asked for a share of this.

Mill rate by-law 1 ... given 2nd third and final reading.

... by-law 2 ... read a third time and finally passed.

That lots ... and ... Blk 5 Plan 6 ... be leased from the Vermilion S.D. No. 25 for $1 per annum.

That Council authorize the use of Public Works employees for the work just completed on a pier in the Vermilion park the said work having been completed at a time when their services were available without detriment to the town in general. Cr Payne reigstered 'Nay' vote.

That J. Stewart Brimacombe be permitted to build extension to the existing building on Lot 1 Blk 30 Plan 6351V.

That F. Coulburn be sold Lot 21 Blk ... subject to usual building permit and sales agreement.

Mayor S. C. Heckbert made the following appointments of committees of the Council:

Finance Office Policy: Mayor Webb and Mitchell.

Protection of Persons and property, Fire Dept, Street Lighting, Control of Pests: Payne Hill.

Public Works Walks Streets Airport: Urquhart Webb.

Public Welfare, Health Relief, Sanitation, Civil Defence, Library: Sutherland Payne.

Public Utilities, Water and Sewer, Steam Heat System: Hill Sutherland.

Recreation and Community Services, Arena, Parks, Boulevards and Cemeteries: Mitchell Urquhart.

## Death of John Yaceyko At Clandonald

John Yaceyko of Clandonald aged 39 years passed away at the Vermilion hospital ... He leaves to mourn his passing his wife, five sons Harry Steve Emil Henry and Paul all of Clandonald and one daughter Pauline. There are two brothers five sisters and one grandchild.

Funeral services were held on Saturday April 24 at the Meadow Lake ... Rev. ... Cherkowski of Derwent officiating. Interment followed in St George's Greek Catholic cemetery north-west of Derwent.

Moyers were in charge of the funeral arrangements.

## Vermilion Board of Trade Honors Live Stock Exhibitors

On Thursday evening 140 district farmers and board of trade members met at the Anglican hall to honor live stock exhibitors who won prizes at recent live stock shows.

Roy Walker, convener of the agricultural committee of the board of trade was chairman of the meeting with all the prize winners gathered around the head table.

Mayor Heckbert welcomed the guests and the people who had come to pay tribute to them. Mr Heckbert said that the live stock exhibitors present had brought honor and renown to themselves and to the district from the high awards they had obtained. Mayor Heckbert also said that the Vermilion Agricultural society ... he is secretary-manager was ... gratified ... members of the society ...

Dr. ... the Board of Trade ... pleasure that the ... the privilege of arranging a banquet which paid tribute to the winnings of so many live stock breeders in the district.

Mr W R Cornish M.L.A. stated that it was unusual for one district to obtain so many high awards in so short a time. He hoped that the breeders concerned would keep on and take their stock in year after year to the Edmonton Spring show. Mr. Cornish was sure that no other district in Alberta has as good a record for top prize awards as Vermilion.

The Chairman called on the guests of the evening to stand so that the meeting could applaud their achievements individually.

Keith Barr ten-year-old son of Mr and Mrs. Manson Barr was the winner of the Grand Champion award at Edmonton for the best beef animal in the market class. This was a Hereford steer bred by J. C. Tucker who lives across the road from the Barr's.

Next Billy Robinson was introduced as the winner of first place in the junior showmanship class. This was heavy competition and everyone said the award was well placed.

Then Bob Maggs was called for his recent achievement at Calgary where he won the championship for the best Arabian Stallion and also the Grand Championship trophy donated by the International Association of California. There were 19 entries in the class.

Mike Ilchuk obtained reserve championship at Saskatoon last week for a home bred Hereford bull.

Ernie Prul was given a well deserved ovation for winning reserve junior champion for Yorkshire sows at the Royal Show in Toronto.

Billy Robinson, Betty Robinson, Hazel Barr, Robert Barr, Larry Ilchuk also ... near the ... District Agr... guest speaker ... Mr ... Mead, Live Stock ... Mr Buckingham ... Board of Trade ... Mr Mead to address the meeting. Mr Mead had grown up in the Vermilion district and he was known so well to all the breeders in the area.

Mr Mead reviewed in detail the fine records made by the breeders in the district not only in winning awards but in raising purebred stock that was going out in large numbers to bull sales in Alberta and Saskatchewan.

Mr Mead singled out Keith Barr's exhibit for special mention. He said that the judge of the class who came from South Dakota reported that it was one of the best if not the best, fat calf that he had ever seen.

Mr Mead rated the Edmonton show as the best fat stock show in Canada and it was a singular achievement for a breeder to get an animal near the top let alone winning the championship as the Barr entry had done.

The speaker expressed opinion that cattle had greatly improved in Alberta during the past few years. Animals that had won championships 25 or 30 years ago would not have any chance whatever to get placed in classes today. The government bull placing policy of which Mr Mead has charge had placed 677 pure bred bulls last year. The use of good bulls is making a great improvement on the market stock coming into live stock yards.

It is of interest to note, said Mr Mead of 677 bulls placed under the policy nearly 100 of them had come to the district surrounding Vermilion.

At the conclusion of the meeting two films were shown by Chester Gamble Field Supervisor for M.D. of Minburn.

Mr Jack Cross announced that the Western Stock Growers Assn. was planning a meeting to be held in Vermilion on May 27. This meeting would be of interest and concern to all live stock raisers in the area.

## Cubs and Scouts Entertain Dads

On Friday April 23 some 60 Cubs and Scouts were hosts to their dads at a "Pot Luck" supper held in the waiting room of the curling rink.

Before the meal Rev Douglas Ford asked the blessing and the boys then took charge of their respective fathers and proceeded to treat them to a banquet with "lots of foods unlimited." They also out-ate their seniors by about two heaping plates to one ... needs ...

Following the supper Scoutmaster Bill Nankeville led the gathering in a spirited sing-song. Mr Elmore Stewart on behalf of the fathers, expressed heartfelt thanks for all the time and effort the leaders have put into the Scout and Cub movement in Vermilion. These leaders were then introduced to the assembly. Handling the scouts are Scoutmaster Bill Nankeville and Assistant Mitchell Taylor while the cub leaders are Walter Robinson, Mrs Bert Calvert Mrs Jerry Glass and Mrs Gladys MacDonald.

To close the evening four films were shown, two educational, one comedy and one sports. At the conclusion of these the friendly gathering closed the get-together by the singing of God Save the Queen.

## AMATEUR NIGHT AT DEWBERRY

DEWBERRY. Easter Monday was another big night in the Dewberry hall when upwards of 40 competed for prizes in the Dewberry local F.U.A. amateur night. The event proved the best ever held as a great variety of numbers were presented. It was regretted too that the good Streamstown talent did not arrive due to the bad roads.

The following were prize winners in the various classes:

Vocal ages 1 to 8: 1 Myrna Benemiller 2 Sonya Cherniawsky Derwent 3 Jeanie Axley Islay.

Instrumental ages 1 to 8: ...

Vocal ages 8 to 15: ... and Irene ... 2 Dorothy ... Islay 3 Judy Braithwaite.

Instrumental 8 to 15: 1 Leona Matheson, 2 Cheryll Jones, 3 Wayne Kirsheila.

Vocal adult: 1 Evelyn Parker 2 Leonard Savok, 3 Theresa Phillips ... Margaret Hornigold ...

Miscellaneous: 1 Dewberry girl acrobats, 2 Inmans of Islay with boat 3 June Craige tap dancing.

Instrumental adult: 1 Dewberry school orchestra 2 Islay Fiddlers 3 Marilyn Whiteside.

## Cookie Day Saturday

It's Brownie and Guide 'Cookie' day on Saturday May 1. Brownies and Guides will be calling at all homes in town that day selling their special cookies. Funds are for the girls' organizations. Help them out and buy a package or two extra they are real cookies! 43x

## Highland Games On Wednesday, July 7

St Andrews Highland games will again be held at the Vermilion Fair grounds this year and the date selected is Wednesday July 7. A full program of Highland sports and dancing will be carried out. Inquiries have been received from competitors from outside points already and a better day than ever is foreseen for the annual event this summer.

## June 11th Is Set As Farmers' Day

School pupils throughout Alberta will have a holiday June 11 to mark Farmers' Day. It was announced by Hon A O Aalborg minister of education last Monday.

The Farmers' Day holiday was established within the past two years and is observed almost exclusively by schools.

*THE VALUE OF AN INFORMED ELECTORATE—*

The gratifying result of the hospital plebiscite voted on Wednesday demonstrates very clearly the value of fully informing the electorate on all phases of the question involved. The hospital board spared no trouble to present all the facts to voters by means of the well printed page. In this way the whole plan was studied in the homes of the people and the decision based on the unbiased facts as officially presented.

*CLEAN SEED: A MEANS OF CONTROLLING WEEDS*

Seed drill surveys have indicated that properly constructed seed cleaning plants are capable of cleaning grain to a seed grade of the Canada Seeds Act. They have also indicated says Gordon R. Sterling, Supervisor of Crop Improvements, Alberta Department of Agriculture, that grain cleaned in country elevators or on the farm does not come up to the seed grade. Farmers are spending approximately $5 per acre per year to controle weeds and this expenditure will continue over the years as long as farmers continue to reinfest their fields with weeds.

Mr Sterling suggests that farmers buying seed or having their own [illegible] should examine it thoroughly to determine the weed seed count per pound of grain. This cannot be done satisfactorily by just picking up a hand full of grain from different spots in the bin. A sample of the grain should be spread out thinly on white or blue paper where kernels of grain and weed seeds can be examined individually and the weed seeds separated from the grain. A count of this kind will reveal the kind and number of weed seeds present. Grain which looks to be free of weeds when picked up by the hand full often contains quite a number of [illegible] they are properly separated from the grain. Be sure to check your seed carefully before buying or seeding.

In [illegible] World War 2 Canada has admitted nearly one million immigrants. This number was exceeded only by the nine-year period from 1905 to 1913 when 2,387,000 immigrants were admitted to Canada.

## Accidents Rated Among Major Child-Killers

Dr. Cecil Collins-Williams of Toronto says.

"Accidents are rapidly becoming the most important cause of death in infants and children. During the first year of life they stand in 8th place the the cause of death, during the second year in third place and during each year after the second birthday up to the 15th birthday they stand in first place. In children over one year of age 21% of deaths are caused by accidents. For every child who dies from an accident there are dozens who are severely hurt and often crippled permanently. Therefore one of the most important duties of a parent is to prevent these accidents.

How can these accidents be prevented in the small baby? At this age the infant is totally dependent on his parents to prevent him from meeting with an accident. He knows nothing of the dangers of falling on his head, choking on a small object, running a sharp instrument into his eye and so on. He must be watched constantly that he does not roll off tables and beds. small objects such as jewelry should never be left anywhere near him. When he starts to walk the danger [illegible] greater. Then his world with its inherent dangers becomes much larger. Loose mats and rips in linoleum should be repaired, and objects with which he may harm himself must be removed from low tables.

A few simple precautions like these may prevent a fractured skull, loss of an eye or even death. It should not be difficult for a parent to decide which of these two courses is preferable."

COFFEE SALES DOWN

Snowballing consumer resistance is hitting hard at Canadian and U.S. coffee sales, The Financial Post reports.

One Canadian company reports a drop of 30%. Sales of instant coffee, however, appear to be increasing as consumers tighten the purse strings.

In the U.S. a number of industry heads have told an investigating Senate subcommittee that sales have slipped suddenly by between 10 and 20 percent.

By Your District Agriculturist

## "GREEN ACRES"

YOUR CREAM TEST

Many farmers wonder why the test goes up and down on cream taken to the creamery. A new circular explains the reason for this and how you can save butterfat from going into the skim milk. Get this circular from my office.

FARMERS IN TROUBLE

A member of parliament at Ottawa said the other day "Farmers get into less trouble with the law than city folk". We knew that all the time. Cato said it 200 years ago, quote "Farmers are the [illegible] given to all evil designs".

INSECT, DISEASE LOSSES

[illegible] recently that insects take a $350,000,000 bite out of Canadian crop returns and plant diseases take a toll of $700,000,000. The point is, are you suffering some of this loss? Insect and disease control remedies are available on the market. It pays to use them. The chemicals for smut control, warble flies, root rots, wire worms, onion maggots, green fly etc., are all for sale locally.

HOG QUALITY SLIPPING

Lower grades for market hogs can only mean one thing — lower general prices for all hogs. Consumers in Canada and U.S. ask for lean bacon. Packers cannot improve bacon. They have to slice off excessive fat and fat is only worth seven cents per pound. Hog quality can be improved only in one way. Breeders must use pure bred Yorkshire boars and good type Yorkshire sows.

MASTER FARM FAMILY

This district has not as yet won a master farm family award. There are lots of [illegible] here that would be in the running and I would certainly like to see the award come to my district. As well as judging a well run farm, points are given for the records of the farmer and his wife and family in community service. I would be glad to have suggestions. It is the neighbors who must nominate a family, not the D.A., so let's get going.

GLADS AND DAHLIAS

Now is the time to get the glads and dahlias sprouted inside if you wish to get early blooms. It is easy to set the glads in soil or peat moss only covering them half way. Dahlias should be covered and kept moist but not wet to get the sprouts to start.

DRIFTING SOIL

Last week I saw several fields where summer fallow land was drifting badly but nobody was doing anything about it. The loss of good top soil can be checked by ridging with a cultivator. If done when the soil is still wet down 2 or 3 inches, lumps are formed which resist drifting. The big thing is to do something. Get a circular from my office on control of drifting fields. Also I should remind everyone that it is against the law to burn stubble without a permit.

## ELECTRICITY MAKES FARM LIVING EASIER

Have you ever stopped to think of all the things electricity can do to help make farm living easier?

"Swith on the Power", the latest in a series of Farm Educational booklets published and distributed by the Canadian Bank of Commerce outlines and illustrates many of the ways to get the greatest benefit from electrical power.

Some of the advantages in electrical living outlined in the booklet are: An electrical pig brooder can save up to one and one half pigs per litter; a hay drier can increase the ton value of hay $5 to $10; poultry house lighting and water warming are capable of increasing egg production 11 to 19 per cent; an increase of 5 to 10 per cent in milk production is gained when an electric water system is used; and a farmer can save up to 684 hours a year wit an electric milking machine.

Tests at Swift Current Experimental station in Saskatchewan, the booklet continues, show that one Kilowatt hour per month separates 100 pounds of milk and that 2.75 k.w.h. broods 100 chicks per month.

The booklet explains that approximately half the farms in Canada are electrified, providing conveniences formerly associated with town life. The author writes, "Electricity can be defined as 'energy', which is another name for work. On the farm, this work includes turning an electric motor attached to farm equipment, or to an appliance, or for the production of useful heat. It is the ability to do work that makes electricity useful".

A note of caution about the way a farm house should not be wired for electricity is sounded in the booklet as well. It is pointed out that the householder should wire once, not once a year. In providing adequate circuits and outlets in the initial wiring job, a saving of money and a loss of nuisance are the results. Wiring for future use pays.

Other words of wisdom include: "Do not try to solve an electrical problem yourself; consult a reliable contractor."

The hazards of showing disrespect to electrical wiring systems are portrayed in cartoon drawings. The drawings show what can result if outlets are overloaded, extension cords are frayed, fuses are replaced in the dark, or if plugs are pulled out from the wall socket by the cord.

"Switch on the Power" may be obtained from any branch of the Canadian Bank of Commerce.

It's still too early to tell whether Canadian coffee prices are going to stabilize at the present record high level of about $1.25 for most major brands and 10c to 15c a pound less for chain store lines.

## NEWS from DEWBERRY

Rev. Mr Sneddon of Marwayne conducted a special Easter Sunday church service in the Dewberry hall. The Junior Sunday school choir also took part.

Alf Rodman and Bill Young journeyed to Calgary and Red Deer last week. Mr. Young stopped off for a visit with his parents who reside at Red Deer.

Yes Sir, it happens to everyone some time. This time our own Esso oil dealer Ole Landon. What? Well, ran out of gas on the road with his delivery truck. Only had several hundred thousand gallons on hand back in storage in Dewberry.

Speaking of oddities, Bill Young had not run his car for two days due to being away. On his return after the engine warmed up on a short trip he noticed a smell of burning feathers. Mrs. Mouse had built a nest around one of the spark plugs. Why that place we don't know as it resulted in the death of all her new born family. Must have been quite a 'shock' to all concerned.

The Dewberry Arena [illegible] have been active since [illegible] and plans are still being made to build an arena. Some donation pledges have reached from $100 to $[illegible].

## NEWS from CLANDONALD

The winter of 1954 should go down in history as just plain crazy, the year when February and April got turned around. Lately the temperature seems to be getting lower daily while the sun gets higher.

Congratulations and best wishes for future happiness to a former resident of the district, Miss Mary Anne Maguire whose marriage to Mr. Charles Fedaz tok place in Edmonton Wednesday, April 21st. Mary Anne, daughter of Mrs. Maguire and the late John Maguire, spent most of her childhood here. During the past few years she has been employed in the city. Mr. and Mrs. Fedaz will make their home near Galahad where the groom conducts extensive farming operations.

Friends of Jim Foy of the Bank of Toronto staff, will regret to learn that he is being transferred to Coronation in the near future. Jim came here from the Bonneyville branch last fall and since that time has proved himself a very useful member of the community. Best wishes for future success will accompany Jim to his new post.

Although not a very large crowd was in attendance quite a nice time was enjoyed at the dance in the Orange hall on Friday. The event was sponsored by the Anglican W.A. of St. Mary's church. Considerable interest was created when it was discovered that one of the violins being used by the orchestra had been made during the past winter by a local man, Mr. Clement Forestall. It is of excellent workmanship and those with some knowledge of violins claim that it has remarkably good tone and volume.

Mrs. Fred Douglas, resident of Clandonald, had the misfortune to sustain a painful injury to her wrist when she slipped on some ice on Saturday.

Mr. and Mrs. Ted Etherington of Landonville, returned to their home after having spent the winter in Victoria. Mr. Etherington reports having seen many former district residents around Victoria, also thinks that the weather we are having is far too cold.

Recent owners of new cars in the district are Pat Convey and Hugh Hagen. Both are driving Bel-Air Chevrolets.

The item in the Standard a few weeks ago regarding the labor saving method of harvesting turnips was read with considerable interest and this fall writer plans to give it a trial. A word of warning would be most timely we think. Considering the height that the tops are likely to attain when fully matured in our rich Alberta soil, and particularly in this district, great care should be exercised. Small boys should not be given such a dangerous task unles some form of net or safety belt is provided as a fall might result in most painful and serious injuries.

Several former residents availed themselves of the Easter holidays to visit friends and relatives in the district.

Mr and Mrs. Donald MacGillivray and their infant son of Edmonton spent the Easter week end renewing acuaintances. Also from Edmonton visiting at the home of the former's parents were Miss Margaret Rowntree nd Mr. Kay Phillips.

Mrs. L. Wilkinson who spent the winter in Vermilion, recently returned to her home at Clandonald for the summer months.

Mr. and Mrs. Fritz Brockman and infant daughter of Spondin were visitors in the district for Easter.

## Library Association Raises Funds

MANNVILLE. — The rummage sale and afternoon tea sponsored by the rest room and library association on Saturday afternoon was a complete success. Total receipts to the amount of $172.25 will be used to help instal water and gas in the rest room and library.

A quilt made and donated by the Happy Centre W.I. under the sponsorship of Mrs. Swanson was raffled and the proceeds $25 donated to the fund.

The Rest Room and Library committee wish to thank all those who donated money, baking and articles for the rummage sale; all those who worked so hard to make it a success, and those who came out to support it. Special thanks to Mrs. Mirrel Johnson who took charge of the kitchen and with a great deal of hard work on her part had everything under control in short order.

## Northwest'n Utilities Hold Annual Meeting

At the annual general meeting of the shareholders of Northwestern Utilities Limited held in Edmonton April 27 the following directors were relected:

Mr H. R. Milner, Mr. D. K. Yorath, Mr F. A. Brownie, Mr. O. C. McIntyre, Mr Howard Butcher III, Mr. F. A. Smith, Mr H. W. Francis, Mr. R. Martland, Mr J. R. Munro, Mr A. M. MacDonald.

Newly elected was Mr. G. Gaetz Station manager of CJCA, a vice-president of the Edmonton Chamber of Commerce and well known in Edmonton business circles.

At the directors' meeting held immediately after the shareholders' meeting the following officers were re-elected:

Mr H. R. Milner Chairman
Mr F. A. Brownie President
Mr D. K. Yorath Gen Manager
Mr F. A. Smith Comptroller
Mr C. L. Metcalfe Secretary
Mr J. B. Whelihan Treasurer
Mr J. E. Roberts Asst Secretary

Northwestern Utilities hold the gas franchise for the Town of Vermilion.

## The World of Wheat

By H. G. L. STRANGE

*Director "The Crop Testing Plan"*

ROOM FOR SEED IMPROVEMENT

Results of seed drill surveys conducted last year in Alberta and Saskatchewan reveal that while most farmers are growing recommended varieties of grain far too few are paying enough attention to the quality of the seed they sow.

In Saskatchewan there was an actual decline in quality compared to 1927 and no fewer than 43% of the wheat samples 76% of the oat samples and 67% of the barley samples fell into the rejected seed category, the principal reason being high weed seed content.

In Alberta although there is still much room for improvement farmers appear to have become more seed conscious, the report showing that between 1928 and 1953 there was an increase of 20% in the quantity of No. 1 seed used and a reduction of over 11% in the rejected seed grade. No small part of the improvement in this province is directly attributable to the great improvement in cleaning facilities available to farmers in the form of a number of municipal cleaning plants having been established in recent years.

It is interesting to note that a high percentage of samples representing seed cleaned at local elevators was in the rejected class and that seed so cleaned was less satisfactory than that cleaned by any other method.

## Shelterbelt Trees Being Shipped Soon

Trees ordered through the Alberta Department of Agriculture for shelterbelt purposes will be shipped soon. Each farmer who ordered trees will receive a notice informing him of approximate shipping date and the station from which the trees can be picked up.

It is most important, says Peter D. McCalla, Supervisor of Horticulture, Alberta Department of Agriculture, to plant these trees as soon after they arrive as possible. Good top soil should be packed firmly around the roots of the trees, he advises, and they should be watered immediately.

Cuttings (poplar and willow) should be planted in moist soil at a 45 degree angle or resting against the side of the furrow. Pack the soil firmly around the whole length of each cutting except for one bud left above ground. Then water the cuttings.

If you cannot plant them immediately, untie the bundles and place the trees or cuttings in a trench on the north side of a building or shelterbelt. Cover the roots of the trees and pack with moist soil. Bury the cuttings completely in moist soil to prevent drying. This will save the trees or the cuttings for a few days until you can plant them.

## MANNVILLE & DISTRICT LOCALS

[illegible] from University of Alberta over the week end were Robin Stuart, Sandy Hogan and Tom Webb.

Visiting with their daughter Miss Jean Mitchell of the hospital staff were Mr. and Mrs. J. Mitchell of [illegible]. While here Mr. Mitchell renewed acquaintances with Mr. Ralph Boe and Mr. Joe Herricks who he knew in 'the good old days'. Mr. and Mrs. Mitchell visited with other friends in town also.

Mr. and Mrs. C. Gamble and girls were Edmonton visitors over the week end. Mr. Gamble Sr. is still in the hospital but is greatly improved.

Miss Evelyn Kaluck has [illegible] the nursing staff of the local hospital.

During the holiday Mr. and Mrs. Geo. White and family visited the West Coast.

Mr. Allan Williams has returned to Westlock after spending Easter holidays with Mr. and Mrs. A. E. Williams. Allan got in one or two games of golf at the Vermilion [illegible].

Misses June Van Dusen and Audrey McCauley were Edmonton visitors for a few days last week.

Visiting at the Mirrel Johnson home over the holiday week end were Mr. and Mrs. Roy Cameron and family of Edmonton.

Mrs. Jack Marshall, Elaine and Rodney, also Miss Lilly Marshall, all of Calgary and Miss Kay Stewart of Vermilion were Easter visitors at the home of Mr. and Mrs. A. Marshall.

Mr. and Mrs. Doherty and family spent several days of the holiday in Edmonton.

Attending the Diocesan annual of the W.A. of the Church of England in Canada being held in Edmonton this week are Miss Kay Sutton, Mrs. Joan Lugg, Mrs. Nellie Whitson and Rev. and Mrs. R. Alcock.

Visiting with Mrs. Geo. Whitson were Mr. and Mrs. Chas. McLeary and Ruth of Camrose.

Mrs. G. Majeau, Reta and Donna were Edmonton visitors last week.

Visiting in Calgary over the holiday were Mr. and Mrs. Chas. Blackford and Doug.

## The Weather

WEATHER COLD, COLDER

The coldest April weather experienced for many many years is still the lot of Western Canada with a tiny bit of hope for some warming up given for Saturday this week. For the past seven days the temperatures have had a tendency to slip downwards and are away below normal. All spring work on the land is at a standstill and lakes and sloughs are again ice-locked except where the vast number of waterfowl have congregated.

DAILY TEMPERATURES

| Date | High | Low |
|---|---|---|
| April [illegible] | 41 | 29 |
| April [illegible] | 36 | 24 |
| April 24 | 30 | 19 |
| April 25 | 27 | 20 |
| April 26 | 25 | 17 |

## Surplus of $3,357 In Unsatisfied Judgment Fund

Operations of the Unsatisfied Judgment fund showed a surplus of $3,357 for the 1953-54 fiscal year, according to E. R. Hughes, Deputy Provincial Secretary.

The fund, which is used to pay court judgments in vehicle accident cases where the responsible person is not insured, had a balance of $346,270 at March 31, 1954.

Total receipts for the fiscal year were $351,371, of which $313,317 was provided by the $1 fee collected from each Alberta motor vehicle registration. Bank and debenture interest and $27,197 recovered from judgments previously paid out of the fund made up the remainder of the receipts. A total of $215,310 was paid out of the fund for judgments for bodily injury and for property damage, and $98,615 for medical and hospital expenses. Fees paid solicitors retained by the Crown amounted to $13,[illegible] while salaries of clerical staff employed to administer the fund totalled $20,170.

DOWNSTAIRS IN NOONAN BUILDING

Members of the A. F. & A.M. at St. Paul opened their new hall in that town on Saturday evening with appropriate ceremonies. The event was attended by Masons from a large number of neighboring lodges including Kitscoty, Vermilion, Elk Point, Waskatenau, Vegreville, Innisfree, Peace River, Lamont and Edmonton. The completion of the new hall was of more than usual interest in Vermilion as William Lingings is the Master of the Lodge at St. Paul, having been a member there when transferred to the Canadian Bank of Commerce as manager here. Others from Vermilion to attend were S. C. Heckbert, J. W. G. Morrison, John Brimacombe, Roy Jory, Tom Watts, M. P. Norton, Harry Scott, Gordon Larsen and Ken Greenwood.

# Local News of Interest

Mr. and Mrs. George Caron announce the engagement of their younger daughter, Kathleen Dora, to Mr. Percival Wallace Murray, son of Mrs. Margaret Murray of Wainwright and the late Percival Murray. The wedding to take place at the First United church, Vermilion, on Wednesday, May 19th at 3:00 o'clock in the afternoon. An open reception will follow from 4 to 6 o'clock p.m. in the church hall.

Mr. and Mrs. Ballard Good of Clandonald were called to Fairmont, Minnesota due to the illness of Mrs. Good's mother Mrs. Blint. They returned home Good Friday after a two week stay. Word was received Wednesday of Mrs. Blint's death.

Easter visitors at the home of Mr. and Mrs. Walter Fisk were their daughter Mrs. Wilcox, her husband and their baby daughter of Edmonton; and Jim Fisk and son Jimmy of Lashburn. Adrian Lovig of Irma spent the Easter vacation with his grandparents Mr. and Mrs. Fisk.

Dr. D. P. Hanlan will be attending a business convention in Calgary for one day on May 8. This is the annual convention of the Alberta Chiropractic Association. Mrs. E. S. Ottewell plans to accompany Dr. Hanlan and will visit relatives in Calgary.

Dr. Hanlan will attend at the Clandonald hotel every Friday morning from 9 a.m. to 11:30 a.m. until further notice. He plans also to open other branch offices in the neighboring towns at a later date for the purpose of accommodating those in need of chiropractic care, but who at present find it difficult to travel the required distance.

Bernie Anderson was home for a few days last week, visiting his parents Mr. and Mrs. Baden Anderson. Bernie is at Calgary where he is a member of the staff of the Dept. of Transport, Meteorology Division.

Mr. and Mrs. Joe Ryan and family were omitted from the list of those making contributions to the Crippled Children's fund in lieu of flowers in memory of the late Mr. Walker of Dewberry.

Earl Nelson drops the editor a line from Vancouver and remarks on the enjoyment they receive from reading the Standard. Nice weather is the order of the day at the coast with flowers in bloom and everyone very busy with gardens.

LEGION W. A.

The Ladies Auxiliary to the Canadian Legion Post 11 will hold their regular meeting in the Legion hall on Monday May 3 at 8 p.m. 43x

ST. SAVIOUR'S W. A.

St. Saviour's W.A. will hold a Dorcas meeting on May 6 at 3 p.m. in the parish hall.

I.O.D.E.

Frog Lake Chapter I.O.D.E. will meet at the home of Mrs. Dougan on Tuesday evening May 4 at 8 o'clock.

Ever remembered
Kay and Ilene

*IN MEMORIAM*
Treasured memories of dear mother
*Katie Anne Redmond*
"I would like to linger along the way
That leads me back to yesterday
To hear your voice, to see your smile
To talk with you for a little while."
Also dear dad and brother Harvey
*Howard Richard Redmond*
— Dec. 29, 1933
*Harvey Howard Redmond*
June 17, 1948
"Perfect peace and rest."
Anne

*IN MEMORIAM*
In fond remembrance of
*Murdo MacKinnon*
who died on April 27, 1952.
"Since you went first, and we remain
One thing we have you do
Walk slowly down that long lone path
For soon we'll follow you
We want to know each step you take,
That we may walk the same,
For some day down that lonely road,
You'll hear us call your name."
Sadly missed by wife and daughter Mary.

*IN MEMORIAM*
Treasured memories of a very dear husband and dad
*Fred A. Wilson*
who passed away May 3, 1952
"Loving and kind in all his ways
Upright and just to the end of his days
Sincere and kind in heart and mind
What beautiful memories he left behind."
Fondly remembered and sadly missed by his loving wife and family.

Among those attending the Alliance Youth Conference and Canadian Bible Institute graduation exercises in Regina last week end were Rev. and Mrs. J. T. McNair and Wesley, Keith Hetherington, Gaylord Madill, Shirley McIntosh, Sylvia Dibben and Mary and Betty Coulter.

Lieut. Dorothy J. Taylor (M.N.) of the R.C.N. has received word of her posting from H.M.C.S. Naden, Esquimalt, B.C., to H.M.C.S. Stadacona, Halifax, N.S. She is expected to arrive in Vermilion tonight to spend a few days at the family home en route to the eastern port.

Mr. and Mrs. Robert Fair left via Canadian National on Wednesday morning for the west coast where they will spend some time as a further aid to Bob's recuperation.

Mr. and Mrs. Tom Stack and family of Redwater recently moved into their newly constructed house in that town. On Saturday evening and Sunday a number of their Vermilion friends motored to Redwater to open the new home properly with a house warming. The party included Dr. and Mrs. Ben King, Mr. and Mrs. Harold Moyer, Mr. and Mrs. Stan Manyluk, Mr. and Mrs. Ken Urquhart and Mr. and Mrs. Ross Boake.

Mrs. W. J. Bell left last Saturday for California where she will visit at the home of her daughter Wilamine and husband.

Mr. and Mrs. Jim Smith and two children of Ponoka spent Easter week in Vermilion visiting Mrs. Smith's parents, Mr. and Mrs. Walter Fisk and brother Mac.

Mrs. Tom Connolly was home from the University hospital to spend Easter with Mr. Connolly and the children.

Mrs. Charlie Climie of Wetaskiwin and her two children Stanley and Ruth are visiting Mr. and Mrs. Ballard Good of Clandonald.

Messrs. G. A. Jourdenais and G. B. Price of Modesto, Calif., spent the week end at the home of S. L. Ross in Vermilion en route to Fairbanks, Alaska.

Mr. Steve Stelmachuk left Friday on his return trip to Slave Lake after visiting a week with Mr. and Mrs. Joe Boratynec and other friends. Steve left here some four years ago when he moved north but is still interested in town and district.

The chest of silver raffled by the Ladies Curling club was won by Mrs. M. P. Dixon. The draw was made at the dance on Tuesday evening.

## Higher Beef

Your favorite steak may cost you more in the spring, reports The Financial Post. And Canadians may be eating more pork than they are right now. The reason: an expected increase in beef and cattle prices late in March or early April. General feeling is the price hike will be between 10 and 20%.

If beef and cattle prices move up the change may well mark the end of the general price decline which has extended through 1952 and 1953.

Astronomical beef prices in 1951 stimulated heavy production in Canada and the U.S. Grain farmers and even city people were raising cattle on the side for sale at healthy prices.

Eventually the high production pushed prices down sharply. Now, marginal producers in North America have gone out of beef and lower supplies this spring are expected to force prices up.

Canadian railways transport about three million tons of revenue freight a week, equivalent to about 443 pounds of freight per Canadian per day. Quick Canadian Facts

# Brother, Sister Meet After 45 Years

When Mr. T. B. Shuttleworth of Deal, Kent, England, stepped off the transcontinental train at Wainwright Sunday morning April 4 he was greeted by his sister Mrs. Agnes Spencer and niece Mrs. T. Watts. The meeting was the more enjoyable as it was in the spring of 1909 when they had parted. The Spencer family at that time, coming to Canada, and taking up their homestead in the Campbell Lake district.

Mr. Shuttleworth is retired from his life's work as a commercial artist in which line he has had extensive experience. He also painted for a hobby and received recognition for this work, unfortunately most of his paintings were lost in the Blitz of London, when his home was the victim of a delayed action bomb.

Travelling such a great distance for the first time, he is quite appreciative of the treatment received at all points and is very enthusiastic over the vastness of Canada, although somewhat chilled with this late spring. The quality of our food, fine homes and businesses are a source of wonder to him. This trip was made to coincide with the graduation of his great niece Audrey, who was in this spring's class from the Royal Alexandra hospital. He plans on staying most of the summer to take the opportunity to see more of our western country.

R. B. Spencer, formerly of Vermilion and now of Barrhead, is a nephew of Mr. Shuttleworth.

# Celebrate Silver Wedding

On the evening of April 12 relatives and friends in the district met at the home of Mr. and Mrs. Tom Thompson, the occasion being their 25th wedding anniversary.

A three-tiered wedding cake embedded in tulle centred the table. The cake was made by the girls and was very fittingly decorated for the occasion with silver leaves and ornamentation by Mrs. Cliff Hollen.

After an enjoyable evening spent in games and contests, Roy Walker on behalf of those present extended best wishes to Mr. and Mrs. Thompson and presented them with an electric clock and silver berry spoon to match her chest of silver.

Mr. and Mrs. Thompson expressed their thanks for the kindness and good wishes shown to them.

After a very sumptuous lunch was served the evening was brought to a close.

Prior to this evening, on April 11 a number of friends from town met at the home of Mr. and Mrs. Thompson to honor them on their silver wedding anniversary.

This evening was also spent in games and singing after which a tasty lunch was served.

Mr. and Mrs. Thompson were then presented with a purse from their friends, by which a beautiful trilite was bought.

Their five daughters Florence, Eileen, Muriel, Lillian, Leslie and one son Tommy gave them a Mixmaster, a silver tray and a rug.

Mr. and Mrs. Thompson thanked all most sincerely for the tokens of esteem and the good wishes and the evening broke up with singing of "They Are Jolly Good Fellows".

A number of pictures were taken both evenings to commemorate the happy occasion.

Mr. and Mrs. Joe Vert (nee Florence Thompson) of Three Hills came home for the occasion.

OPENS BRANCH OFFICE AT CLANDONALD

As a result of numerous requests from residents of the Clandonald and Dewberry districts Dr. Denis P. Hanlan has opened a branch office in the Clandonald hotel.

# LOCALS

A number of young people who have been attending Alberta university this past term are noticed home again. Plans of most are for a short visit before leaving for summer jobs. Students noticed so far are Rex Boake, pre-med.; Ken Caron and John Stewart, both commerce. Shirley Sutherland, B.Sc. in Nursing, home for a week before returning to the University hospital. Jim Adams and Larry Kehoe are spending two weeks at survey school as they are members of the engineering class. Betty Bentley, education, is accompanying the University mixed chorus on a two weeks tour during which time they will render concerts at quite a number of centres.

A donation to the Crippled Children's fund in memory of the late Mr. George H. Stone from Clark, Bill and Grace Bradshaw, was omitted from the list of offerings in the obituary.

Money collected by Ottawa this year will be almost twice the 1946 total, war time peak.

# THE STAGETTES

Hey Stagettes! So far so good. Yep, from all reports it's working. We're getting the honorary members warmed up to the idea and I do believe we'll have a good turn out. Our hopes are high so don't let us down girls. Here's the low down, some of which I didn't get in last week. Event — Stagette banquet. Night — Tuesday May 4th. Time — 7 p.m. Place — Catholic church hall. Plates — $1.25. Eats — all you can hold (the Club hasn't changed that much). Want a feast you don't have to cook yourself? Welcome.

Having meetings at the Legion hall has certainly helped us out. Lona doesn't have to count houses from the corner now. She had an awful time finding Edna's. Had to go back to the corner and start over — how many times kid? Every time she met someone she forgot how many she had counted. (That is what I heard).

# Honored On 25th Wedding Anniversary

It's fun to help friends celebrate their wedding anniversary. Specially when it's the 25th wedding anniversary as it was for Ethyl and Tommy Thompson on April 11th when friends gathered at their home to wish them well in the next 25 years. It was an evening of games, music, and chit chat. Oh and feasting, and was thoroughly enjoyed by all. Florence and Joe Vert were home from Three Hills for the happy occasion, making the family circle complete. Mr. and Mrs. Thompson were presented with a purse, which we hear has turned into a nice Tri-light.

Congratulations folks! We'll be back for the 50th.

# Craig's End-of-the-Month Values!

NOTHING BUT THE TRUTH — By Arnold

# Air Cadet Nomination Day, May 1st

May 1st will be an important day in the lives of hundreds of top air Cadets across Canada. Marking the close of National Air Cadet Week, May 1st has been designated by the Air Cadet League as 'Nomination Day' for the special training awards provided by the League and the R.C.A.F. each summer.

During the next two weeks the League selection committees at both provincial and national levels will select the 408 outstanding Air Cadets who will qualify for special rewards in 1954.

Two hundred and fifty of the Cadets will be granted R.C.A.F. flying scholarships covering 30 hours of actual flying instructions. The four weeks course will commence early in June and training will be given at member clubs of the Royal Canadian Flying Clubs Association spaced across the country. Successful graduates will qualify for the Air Cadet flying badge as well as private pilots licenses.

Another 100 Cadets will be chosen for a seven weeks "Senior Leaders Course" to be held at R.C.A.F. Station, Camp Borden. From this group will be selected a 40-man precision drill squad which will compete with an American drill team for the General Beau trophy at the Minnesota State fair late in August.

A total of 58 Cadets will be hand picked for the League's top award, an exchange visit trip to the U. S., United Kingdom or Continental Europe. Six countries have joined hands with Canada in this highly successful 'get acquainted' scheme.

Names of the prize-winning candidates will be announced by Air Cadet League Headquarters, Ottawa at the end of May.

# Kitscoty News

St John's Anglican Church W.A. wish to thank everyone who kindly helped and all those who came to their Easter tea.

Mr Jack Tyler and Miss Peggy Lauton of Edson visited here recently with Mrs. W. L. Apperson and Mr Ed Tyler

Sgt and Mrs. K Tinney of Calgary and Mr and Mrs. George Mathewson of Heath, spent the Easter week visiting with Mrs. Mathewson who later returned to Edmonton with them for a few days.

Mr and Mrs. Wm. Govier and family of Edmonton spent Easter week end at the farm home of their parents Mr. and Mrs. A. W. Govier

Mr and Mrs. Donald McLean spent the holiday week end in Edmonton

Mr and Mrs. Alan Lymburner were guests at a wedding in Edmonton recently.

Rev and Mrs. G. L. Collins spent a few days in Edmonton last week.

Mrs. J. I. Parkin of Vermilion visited her parents Mr. and Mrs. E. H. Sheppard during the Easter holiday week end.

Mrs. T. F. Mason and Beatrice spent the Easter holiday visiting with relatives and friends at Killam.

Mr Albert Lang is home from the U. of A. for a few days before going to Banff where he will be employed at the Banff Springs hotel for the summer months.

Mr. and Mrs. Cecil Sibley of Hanna visited here recently with the latter's mother, Mrs. McIntyre.

Word has been received that Miss Betty Drurey will graduate as a nurse on May 4 from the General Hospital in Edmonton.

Mrs. Isabella Blair wishes to thank all the friends and neighbors of Kitscoty and district who so kindly remembered her, also those who sent flowers and cards while she was a patient in hospital.

Give your 'feet a treat' and dance on the new floor in the Kitscoty town hall on Friday April 30. Door prizes, spot dances, fun for all and everybody is welcome. Sponsored by the Kitscoty W. I.

# Legislative Session Reviewed

Edmonton—A small government pamphlet on gasoline prices, published a few months ago, caused repercussions in the current session of the legislature and led to a large-scale debate on oil and gasoline prices and whether the government is setting or should set them.

Opposition Leader J. Harper Prowse, Liberal, contended that the sitting of production quotas by the Alberta Petroleum and Natural Gas Conservation Board constitutes indirect price-setting by the government. Each month the board reviews the available markets for crude oil and establishes quotas for individual wells.

Mr Prowse contended that if the markets were not shared province wide by producers, the smaller companies would be forced to seek markets and might be willing to lower their prices to them.

Premier Manning replied that if the system of pro-rating the markets and setting production quotas was not used the smaller companies would be forced out of existence. He maintained that the quota system was not indirect price-fixing.

CCF Leader Elmer E. Roper compared the setting of gasoline prices by petroleum companies to the setting of natural gas and milk prices by the province's public utilities commissioners. He believed the oil producers should have to state their case for gasoline price increases to the commissioners. His request that a price inquiry be established was rejected by the premier on four counts.

Mr Manning said such an enquiry for which the Alberta farmers' Union has been pressing, would encounter difficulty in trying to obtain experts' agreement on life-expectancy of wells, expected amount of oil to be recovered, how much of the cost of exploratory work should be charged in oil and gasoline prices and over what period, and administrative costs of companies which operate on a world-wide basis.

As to the pamphlet, itself, Prowse and Roper argued that the prices quoted for Edmonton and those for some American cities quoted were farther from refining facilities. Premier Manning replied that the government was not trying to prove anything by the pamphlet, which he said was produced after several representations by the farm union.

Nevertheless the opposition speakers believed a publication of that kind should have been produced by the oil companies, not the government

CAR INSURANCE

Also in the automotive field was the consideration by the legislature of the CCF's perennial questioning of the government's progress toward a province-wide system of compulsory car insurance

Hon. A J Hooke, minister of economic affairs, told the house the matter of car insurance is under study but at the present time the government is convinced it would be impossible to provide motorists with low-cost protection without subsidization of the program from the provincial general revenue fund. He called for rejection of the CCF motion which would express regret that the plan had not been implemented. The defeat was registered on a vote.

Mr. Roper said the CCF government in Saskatchewan operates its car insurance plan without subsidization, and to arguments that rates are continually going up, he said the rates are of secondary importance to the necessity for adequate protection for all.

HEALTH INSURANCE ON PROVINCIAL SCALE

Insurance of another kind was on the minds of the Liberals, who introduced a motion calling for a province-wide health insurance scheme. It was debated at length, two amendments were introduced and the house ended it by passing a resolution identical to one approved last year.

First the CCF members introduced an amendment which would have called on the federal government to institute a national health insurance scheme. Then Premier Manning did a retake on the Social Credit resolution passed last year which urges the federal authorities to implement a plan proposed in 1945 for the provision of unconditional subsidies to provincial governments for health services programs. The federal government would pay up to 50 per cent of approved health schemes. Hon. Dr. W. W. Cross, health minister for Alberta, contended that the provincial municipal hospital scheme is being developed so that Alberta will be ready to take advantage of the federal proposal when it becomes effective

# Pleasant Valley

It's really not very pleasant these days, snow on the ground and more coming. However we do know that spring is hovering around somewhere and that it will eventually reach here.

Mrs. John Maire spent a few days visiting her sister Mrs. Forsyth.

Mrs. Dupruit has been out on the farm during the Easter holidays.

The writer was shocked to learn of the death of Mrs. Anson and sincere sympathy is extended to the family. Another old timer gone.

Mr Will Muir is ill again and a quick and complete recovery is [illegible].

Hello Mrs. Dedrily how do you like this weather after seeing all the gardens in bloom at the coast.

[illegible]

Mrs. Dougan's group of the United Church W.A. will hold a rummage sale in the church hall on Saturday May 1st. Tea will be served. 41-2c

# News Notes From Your District Home Economist

SLICK TRICK

Here is a slick trick from a homemaker. When buying house dress material, she buys enough extra for a small apron. This serves as a double purpose for when the inevitable weak places develop under the arms, etc., the apron has become, by regular washings, a piece for patching, exactly matching in texture and color.

CAKE MIX

How would you like to make your own cake mix? It is cheaper than those you buy and keeps several months.

Sift and measure 11 cups or use one 2¾ lb. package of unsifted cake flour. Add 5 tablespoons double-acting baking powder (calumet); 5 teaspoons salt; 2 and one-third vegetable shortening; 7 and one-third cups white granulated sugar. Mix these ingredients together until of cornmeal consistency. Store in a covered container at room temperature

PLAIN CAKE

2⅓ cups of the mix; ⅓ cup milk; 1 egg; ½ tspn. vanilla. Place unsifted cake mix in a bowl. Add two-thirds of required liquid and beat two minutes. Add remaining liquid and unbeaten egg. Beat two more minutes. Bake at 375 degrees for layer cake and cup cakes; 350 for loaf cakes. Fill pans only half full. Bake the cup cakes 15 to 25 minutes, layer cakes 30 minutes and loaf cakes about one hour

FOOD FADDISTS

Some 10 million people in the U.S. pay out $500 million a year for 'health foods' 'health aids' and 'Diet supplements' they don't really need. That statement was made by Dr. H. L. Sipple, secretary of the Nutrition Foundation of New York. 'What is worse', he said, 'the health of a significant number of these persons is being endangered in following the diet of the faddists.'

Write for the bulletin "Facts and Figures for the Overweight".

Visitors to Edmonton during the holidays included Mr and Mrs J. Gordon, Miss D Henry, Joan Richardson, Shirley Wiley, Mr. and Mrs. W. A. McLean, and Miss Shirley Gunn

Mrs L. W Shaw Sr who has been visiting with Mr and Mrs J. McLean at Calgary for the past few weeks has returned home

Mr and Mrs A L Johnson had as their guest their nephew Mr T Inkin of Spirit River, Alberta

It is with deep regret that we record the death of Mr William Allison who passed away at Fort William Ontario on Thursday. Mr. Allison has been ailing for some time and his death was not unexpected. His sister Mrs Frank Wood visited him some weeks ago and has gone East for the funeral. Mr. Allison and his brother Howard farmed South of town for many years. We extend our sincere sympathy to the family

The weather? Well how do you like it? 10 above on the 24th of April Nuff said

HOME AND SCHOOL MEET

The Paradise Valley Home and School met on April 13th. The correspondence was read and a discussion held on some of the resolutions which will be presented at the May convention

The members enjoyed an evening of court whist after which lunch was served

# Tips on Touring

By Carol Lane
Women's Travel Authority

If you're a passenger in a car you can help the driver and have a more enjoyable trip yourself if you'll follow these rules

1 Don't open the rear windows. It creates a draft on the back of the neck of those in the front seat

2 Don't lean forward and breathe down the neck of the driver. Just sit back [illegible]

3 Keep [illegible] from [illegible] blocking [illegible]

4 Don't [illegible] light at [illegible] stopped [illegible]

5 Don't [illegible] anything [illegible] driver [illegible] his eyes off the road

6 If you're the navigator, give directions far enough in advance so that the driver can make the turn easily

7 If driving conditions are bad let the man at the wheel decide whether to push on or stop

When you're a passenger remember that it's the driver of the car [illegible]

GOOD NEWS!

## NEWS from VANESTI

The last card party of the season was held in the school on Saturday April 17th with Mrs. Clayton Flewell again taking home the ladies prize.

Mrs. C. Flewell is busy with her seasonal occupational playing foster mother to 250 baby chicks.

A wedding dance was held in the Paradise Valley Hall on Wednesday April 21st, for Mr and Mrs. Clifford Coleman of Vanesti. A large crowd attended and a pleasant time with good music was enjoyed by all.

We extend our deepest sympathy to Mr. and Mrs. Carl Anderson of Marwayne, on the loss of their little girl, Carol, who passed away into God's keeping at Islay hospital on April 22nd.

Neighbors and friends gathered at the school on Friday, the 23rd for the shower and dance for Clifford and Shirley. The young couple received a large assortment of useful gifts.

Will the neighbors please note that donations of gasoline would be very acceptable to the rancher living at the north end of our district.

The new baby and mother have arrived home at the Purser farm. Grandma and auntie report that both are looking well.

We hope all the folks in this district suffering from the flu will soon be well again.

Here it is April 26th, and the ground covered with snow again.

## L.O.B.A. Amateur Hour at Mannville

MANNVILLE - The Amateur Hour held on Friday last under the auspices of the L.O.B.A. was very well attended and exceptionally good talent was displayed by the various groups. In the pre-school class the prize winners were Leslie Kreller and Heather Morrison. Merle Smith was the only entry in the 6 year class. In the 7 and 8 year group, the winners were Bonnie Proudfoot, Vicki Wasylik and Eileen Knapp of Ranfurly. Gail Mercer. Honorable mention should be given to Karen Hubbard, Brian Scoggins and Mary-Anne Noonan who were also in this class and who were very good in their various acts. In the 9 and 10 year group Myrna Whitson and Carol Matthews of Irma, Lynne and Dawn Kreller were the winners. Barbara Arnold took first in the 12 and 13 year old class with Loretta Swain and Evelyn Jackson, second. Norma McLackie and Doreen Gerhart were first in the 14 and 15 year group with Marjorie Matthews of Irma and James Croft as the other winners. In the adult class Adele Matney and Connie Gerhart, Melody Maide and Frank Lichak were the winners. The program was varied with singing and tap dancing, reciting, piano solos and duets. The judges were Rev. R. Crighton, Mrs. Howard Schreyer and Rev. Alcock. They had a very difficult time judging this amateur as the entries were all very good.

In the intermission between the different groups, Mrs. Wanda Prill recited 'The Glamour Girl', a comic recitation which was very well received by the crowd. Mr. James Johnstone sang two George Formby numbers.

While the judges were making their decisions men of the L.O.L. put on a skit 'The Barber Shop Sixtet'. Their harmonizing was almost as good as their make-up. Scotty (Jim) Johnstone as the Barber was mighty careless with that oversized razor and once or twice nearly severed the head of Smitty and Carmen. Reg Lugg and Jim McLackie made up the group on the stage until Smitty's wife Big Blonde 'Donna' Lugg appeared and then everyone disappeared except poor Smitty who was still in the barber chair. And it was no gentle heave when 'she' threw him out. They all came back for a couple of more songs. It was just a bit of nonsense but made a good ending to a swell evening of entertainment.

Mr. A. E. Williams as M.C. kept everything running smoothly and had some excellent jokes and stories to keep the program from lagging while the stage had to be changed etc.

The L.O.B.A. wish to thank all the contestants, the judges, the M.C. and the men of the L.O.L. as well as all those who attended to help make the evening the success it was.

The evening was rounded out with a dance to the music of Kreller's orchestra. The ladies of the L.O.B.A. served lunch at the dance.

## Of Many Things . . .

By AMBROSE HILLS

My Aunt Maude is annoyed. Usually she writes me only a four-line postcard; but when she read about the new postage rates, I got a full-fledged letter from her, and it was pretty hot.

"I'll not be writing much after those new postage rates go through" she says. "Not that I haven't the money, but I just don't approve. Only about one person in a hundred in this town ever needs to use airmail, but those politicians in Ottawa want us to pay extra anyhow to subsidize their airplanes.

"I read in the paper that they gave themselves a raise in pay. Well son, did you notice how good attendance was that day? They were right up at the trough to get more money for themselves. But what happened when this postage thing came up? They weren't so anxious to be on hand then! They [illegible]

"What makes me so mad is that they raised the postcard rate too. I send a lot of postcards. If I do say so, I put more meat in a four-line postcard than those politicians put in a whole speech.

"They bragged when they took the stamps off cheques. Lands, people out here only write one or two cheques a month, because we like to pay cash. But they coaxed votes out of people by doing that just around elections. Then they go and pull a dirty trick like this.

What people don't like about this is that those same politicians can send mail out free. They had a lot of nerve bumping up everybody else while they send out their mail free. That should be stopped right away.

"I see Mr Cote said stopping free stuff would be just taking money out of one pocket and putting it in another. Well, the politicians have been doing that for a long time, so why not do it again? They've been taking money out of people in taxes and paying it back to people -- but they charge for the trouble of doing it. So why not try a little of that fancy business on themselves and see if they like it?

"I wish I wrote for the papers like you do, and I would give them how-do-you-do for pulling off a dirty trick like this!"

Well, Aunt Maude, there it is in print! I hope some of the politicians read it.

### DANCE IN LEGION HALL

Frank Bird, Brother Re-united at Windsor

## Former Vermilion Man Meets Brother After Forty-Seven Years

Two brothers who were separated in England 47 years ago — one to come to Canada and the other to arrive here eventually by way of India, Iceland and Dieppe—were re-united in Windsor this week.

*(From the Windsor Star)*

STAYS BEHIND

When the Bird family of Cheshire, England, migrated to the new world to make their fortunes homesteading in the west, William Bird stayed behind.

He waved goodbye to five brothers and two sisters on the docks at Liverpool. Then he enrolled at Edinburgh University in Scotland to become a doctor.

A brother, Frank, came to Canada with the rest of the family. He duly took up homesteading in the west and for 40 years he farmed near Vermilion, Alberta.

Eastern Canada beckoned in 1942. He came to Windsor and went to work for the Ford Motor Car Co. Since then Windsor has been his home. He lives at 818 Chilver Rd.

A third brother, Frank's twin, settled in Vancouver and his daughter Shirley went through the B.C. public school system. Before settling down for another round of studies at the U. of B.C. she went on a tour of Europe.

All this set the stage for a truly happy reunion in Windsor this week. Shirley completed her European junket and William accompanied her back to Canada.

On the return trip to Vancouver, William and Shirley stopped at Windsor to visit brother Frank.

Frank had not seen William for almost half a century. They had been separated since they waved goodbye on the Liverpool dock back in 1907.

TWO-MONTH VISIT

William plans to remain in Windsor for another two months—he expects it will take at least that long for he and Frank to get caught up on one another's activities.

## Sixteen Years Ago Today

*April 28, 1935*

Anticipating the demand for tourist accommodation Dave Kennedy has built a modern cabin at his west end service station.

The United Church students arrived to take charge of mission fields, Mr. Gillis in the north and Mr. McLeod at Auburndale.

Art Wiebe, member of the Chicago Blackhawks Stanley cup winners, arrived home and was guest of honor at a board of trade banquet.

Spring sports were getting underway with meetings called to organize baseball, softball, tennis and golf.

## Thirty-two Years Ago Today

*April 26, 1922*

A clean up campaign was organized by the Board of Trade with S. R. P. Cooper and Owen Burns in charge. The Board of Trade had on an energetic membership campaign with their objective of 100 members.

Peter Killion well known old timer, passed away at the age of 76 years.

The Standard printed 300 prize lists for the 6th annual show of the Islay Horticultural Society. Mrs. H. Gilchrist was president, A. W. Crumm secretary-treasurer, and the directors were Mrs. Burkehead, Mrs. T. Gould, Mrs. A. Trumbo, Mrs. H. Stone, Mrs. Hutton, Mrs. H. Barnes, Mrs. J. Snead, Mrs. J. Gould, Mrs. Petersen, Mrs. S. Marriott and Miss L. Gilchrist.

The V.A.A.A. held their annual meeting with Theo Carlson elected president, S. R. P. Cooper vice-president and M. G. Brimacombe, secretary-treasurer.

### DERWENT THEATRE

"Thunder in the East" will be shown at Derwent theatre on Saturday May 1 and Monday May 3 at 8:30 p.m., starring Alan Ladd, Deborah Kerr, Charles Boyer and Corinne Calvet. A terrific drama of the revolt ridden East. Wednesday May 5 at 7 and 9 p.m. "Pat & Mike" a hilarious comedy; May 8 and 10 "Whispering Smith". 43c

DOUBLE SPACING in all typewritten articles for publication!

## Annual Stock Show At Lloydminster

The Annual Lloydminster Fat Stock Show and Sale will be held on Tuesday, May 25th at the Union Stockyards, Lloydminster.

Special classes for 4H Calf Clubs are being featured.

This event is sponsored by the Lloydminster Exhibition Association. For prize lists apply to George K. Ross, Exhibition Manager, Lloydminster. Entries close May 21, 1954. (2wks)

## Islay District Locals

On Saturday of Easter several members of the family came home to visit with Mr and Mrs. George Coombe. It was a nice re-union which all enjoyed. On the Monday following a trip was made to the farm to get things into readiness for moving down for the summer months. While housecleaning there Mr and Mrs Coombe had a surprise visit from Mrs. Arthur Clare and daughter Winnifred of Edmonton, also Mrs. A. P. Gould of Islay. The call was much enjoyed.

Weather still remains cold even though the birds are back. The ponds are black with waterfowl even though there is still considerable ice. It's the second coldest spring the writer has observed in Alberta over many years, since 1905 to be exact.

A prairie fire raced over the lake flats and on up to the old highway where the road prevented its going farther. It got away while grass was being burnt on the railway right of way. It reminds the writer of the huge prairie fires that used to sweep over the uncultivated grass lands burning all before back in the early days.

When the weather changes how busy we will be in the garden and fields so there is much to look forward to in these cold grey days and we can visualize the beauty as the snow flakes fall or even the icy sleet. The poet has said:

It isn't raining rain to me,
It's raining daffodils.
In every dimpled drop I see
Wild flowers on the hills.
Though clouds of grey oppress the day
And overhang the town
It isn't raining rain to me
It's raining roses down.

# Health Unit Notes

NERVOUS HABITS OF CHILDREN

The expression 'a nervous child' has different meanings for different people. Some think of the bed wetter or thumb sucker; others will picture the overactive, easily excited child or the thin, whining youngster who tires easily. To many it means the nail biter, or the child with twitching habits.

The bed wetter and the thumb sucker will be discussed at a later date. The child who is easily excited, or who tires quickly, does so in most cases for some reason other than disease or defect in his nervous system. Sometimes a physical condition such as malnutrition or chronic fatigue is to blame. Frequently the trouble lies in the child's fears and worries building up a tension within him.

Such fears and worries — of which he may not even be aware — may seem foolish to a grown-up but they can be terribly real to him. The fear of not being loved by his parents is probably the most common one. If you expect him to behave with grown-up manners, or you are bringing him up under too strict a discipline (too much don't) he will feel insecure in your love.

Arrange a medical examination. Your doctor may suggest taking the youngster to a child guidance clinic or a mental health clinic where specialists are available on children's behavior. Your provincial health department or health unit can inform you where such clinics exist. In any case, easing up on your discipline on the child and not expecting too much will often help greatly.

NAIL BITING

A child bites his nails to get relief from some pressure or anxiety too strong for him. Twisting a strand of hair or biting the lips are similar actions. Your child won't stop biting his nails because you dislike his habit and tell him he 'mustn't'. And he won't stop just because you tie his hands, or put bad tasting stuff on his fingers, or try mechanical gadgets such as metal mittens. He can't. He doesn't even realize he's biting them sometimes! He just has to do something about the tenseness inside of him and nail biting gives him some relief.

The tendency in a child past the age of infancy to bite and chew things is a common signal of inner tensions. Nails are tough, insensitive and painless to bite. But once the habit has begun, the rough edges of the nail and the exposed nail bed cause irritation and this provokes more biting. Direct restraint such as bandages or splints only intensifies and worsens the anxiety and strain that are the real basis of the trouble. What causes the uneasiness is often hard to discover since it may have been started weeks or months before. It will take patience and understanding on your part to help your child overcome his habit.

TRY THIS COURSE OF ACTION

To help the nail biter, make his nails smooth and lessen the irritation by soaking them in olive oil. Next look for the possible causes in his physical and emotional health.

Check on his general physical condition, reviewing his eating and sleeping habits. Make sure they're in line with what are considered to be likely needs for a child of his age. He should be gaining in weight steadily and his color should be good. Does he tire readily? If so, something's amiss. Again, ask yourself if he is getting enough activity, running, jumping, climbing, lively out-door play.

Now, how about his emotional well-being? Here is likely where the real trouble lies. Build up your child's self-confidence by making him feel that he can do things himself and that when he really needs help you are ready to give it. Show him you're proud of the things he is learning to do for himself. If you keep him too dependent on you, however, he may reveal his need for more freedom by nail biting. He may show his anxieties and fears in the same way if you expect too much of him and give him reason to fear that he won't be able to measure up. Or it may be something in his school situation—facing work that is continually too difficult or a teacher who is very severe, that is troubling him.

Too much excitement is bad. While he needs new experiences, overstimulation will cause strain. Avoid too much playing and competition with older children, too much noise and rushing about, too many movies and radio programs. Set an example of happy behavior in the home. Bossing, nagging, scolding will take their toll.

If your child over three persists in nail biting, gain his co-operation by developing his pride in manicured and well-kept nails. Keep assuring him that he is bound to be successful eventually. When he slips back into the habit, overlook it and give him further encouragement.

NURSE STORIES

Canadian nurses who emigrated to the U.S. in 1953 numbered 1,042, reports The Financial Post. This compares with 985 the year before. In the last 8 years 5,704 nurses have gone south. This doesn't take into account nurses who may have returned to Canada after work period in the U.S. Total graduate nurses in Canada at census date was 35,158.

Value of goods imported into Canada in 1953 reached the record total of $4,387,400,000, an increase of 9 per cent over 1952; in the same period exports declined by 4.2 per cent to $4,172,600,000. — Quick Canadian Facts

# Cancer Crusade Aims For $220,000.00

The month of April which has become known traditionally in Canada and throughout the world as "Cancer Control Month" will again see the Canadian Cancer Society on its annual Cancer Crusade, it is announced by G. R. A. Rice, of Edmonton, President of the Society's Alberta Division. Mr. Rice stated that Alberta's quota of the $1,513,000 share will be $220,000.

Emphasizing the importance of the cancer problem, His Excellency The Right Honorable Vincent Massey, C.H., Governor General of Canada, has issued a "Message to the People of Canada", calling for the support of the work of the Society, and its fund raising efforts during the month of April.

The message from His Excellency reads as follows:

"Since the first settlers came to this land, Canadians have worked together to solve their problems. During this month of April we see further evidence of this as we join with the volunteers of the Canadian Cancer Society to make the annual Cancer Crusade a success.

"In universities and hospitals across the land, able men and women work tirelessly to discover the cause of cancer and to find some effective forms of treatment. Their work is vitally important to all of us. Their success depends largely upon your support.

"Research, however, is only part of the story. Our present forms of treatment can be most effective when the disease is discovered in its first stages. Through some 1400 local units from the Atlantic to the Pacific, Canadian Cancer Society volunteers are informing our people of the importance of early diagnosis.

"The Society also devotes its energies to a welfare program in aid of cancer sufferers. Sick room supplies, transportation to and from clinics, and family care are provided by volunteers. These men and women give freely of their own time.

"Research, education, and welfare services are expensive. The Canadian Cancer Society receives its income from voluntary contributions only. We can all share in this good work by supporting the Cancer Crusade."

*(Signed)*

"Vincent Massey"
Governor-General of Canada.

The annual financial report of the Alberta Division of the Society, just released, shows that $242,364.97 was raised through the Cancer Crusade in Alberta last year. Of this, 20.7% or $49,857.63 went to Research into Cancer's causes and cures, 31.2% or $65,380.21 to a year round program of public education, 27% or $56,887.96 to welfare services designed to bring aid to cancer sufferers, 9.6% or $20,288.19 to the free province-wide Cancer Dressing Service, 4.5% or $9,514.37 to General Administration, and 4% or $7,940.42 to the costs of the Crusade itself.

# CHATSWORTH CHATTER

Roads have dried up rapidly, with but few mudholes this spring. As for the weather, it leaves much to be desired. With fields bare in February, spring appeared very close, and still the farmers wait impatiently for spring weather. We noticed George Farkash, two weeks ago, doing some cultivating in ...ayland, but this the only activity we know of yet.

Robert Fowler, of Edson, accompanied by a friend, Herman Dubey, was a visitor to Mr. and Mrs. H. Good's two weeks ago.

Mr. and Mrs. Cyril Davis and Ian motored to Vancouver for the Easter holidays.

The cooking sale held at the Northern Hardware by the Chats. Country Club was quite successful and well-patronized. The April meeting was held at Mrs. Albert Tovell's on the 14th, but due to bad roads, the attendance was low, final arrangements were made fr the sale.

The F. U. A. meeting for April was held at J. Thompson's, on the 12th, but we are sorry we have no more particulars, as our road was impassable, and we were unable to attend. Th next meeting is to be held at Mrs. Matt Farkash's in June the 14th.

Orlo and Albert Hutchinson returned recently from a visit in Eastern Canada, Orlo having purchased a new truck while he was away.

Mrs. Frank Farkash was a visitor to the home of her parents, Mr. and Mrs. F. Fulton, of Minburn, last week.

Visitors to the Cummings home during Easter holidays were Mr. and Mrs. Al Moss, of Edmonton.

Mr. and Mrs. George Honey, Sr., and June and George, of Edmonton, visited at June's home here from Friday until Sunday, for Easter. Also visiting at the Thompson home was James MacPherson, of Wainwright, Mr. and Mrs. D. Anderson, of Edmonton, and Mr. and Mrs. R. McKeever, of town.

Donnie and Allan Good had as their visitors Barrie and Kenny Seale ad Lyn Kiziak, of Clandonald.

Mrs. Bruce Hyde, (nee Nan Cameron), Betty, Karen and Craig, of DeWinton, Alberta, were visitors to the home of Nan's mother and brothers, Mrs. Cameron, Hector and David. They travelled by train to Joffre, from whence they accompanied Mr. and Mrs. Bob Cameron and family by car to the family home here.

Mrs. Tony Bauer and family of Bonnyville were visitors to Vermilion and district last week end.

Hello Whitehorse — nice to hear that you look for the 'Chatter' and sorry we've missed so much recently.

A visitor to the Ralph Wilson home last week was Mrs. Wilson's brother, Wally Marchinew from Bonnyville.

Mr. Corydon Brown and Lyle had as their visitors recently the former's sister Lorna and family.

Mr. and Mrs. Kuntz of Penticton, B.C., were Easter visitors at the home of Mrs. Matt Farkash. While here they renewed acquaintances in the Clandonald and Dewberry districts also.

LABOR LOOKS AHEAD

It takes courage for the union officials to ask their members to take voluntary pay cuts.

Yet that is what the UAW at Willys Motors in Toledo has done. Labor costs will be cut by 10%. This will make Willys and Kaiser cars more competitive with cars in their price field, hence the jobs of their workers more secure.

The move has its greatest significance says The Financial Post as an indication that some labor unions are beginning to realize that the first consideration of every labor move must be the effects it will have upon the company's market position.

## Bowloil Bulletin

Some twenty-two enjoyed a turkey supper recently at the Repp home, the occasion being Robert's birthday. Among those present were the Gow, Carrol and Burton families and Kenny Rudale.

Paul Semenuik had an operation for appendicitis in the Vermilion hospital last Friday and we are pleased to say at the time of writing that he is doing fine.

Well folks, here it is the 27th. of April and we are still having snow and more snow, it certainly will be a big rush for the farmer when the land work does start.

The interior of the Harrison home is nearly finished after the fire some three weeks ago. The work is being done by Fred Scott.

Don't forget the dance this Friday in aid of the ball team at the Bowloil Community hall.

Mrs. Dedecly arrived home from Vancouver Saturday after a few weeks holiday.

BUSY BEE MEETING

On April 21st 15 members of the Busy Bees and two guests Mrs. Gerald Miller and Mrs. R. Repp attended a meeting at the home of Mrs Jim Miller

The girls in donating an electric fan to the Vermilion hospital.

The Flower and Sick committee reported visiting patients from the district in hospital and bringing baskets of fruit.

Mrs. Walker was the winner of the draw.

At the close of the meeting a lovely lunch was served by Mrs. Jones and Miss Robinson.

The next meeting will be held on May 19th at the home of Mrs. Otto Repp. Mrs. Alex Morrison and Mrs. Scott will assist the hostess with the lunch.

Moved by Cr. McGuigan that an assistant supervisor be advertised for. Cd.

## 97 Million Dollars In Farm Loans During 1953

During the year ended Dec 31, 1953 a total of $97,802,780 was loaned under the Farm Improvement Loans Act. This information was contained in the annual report tabled in the House of Commons by the Minister of Finance. Hon. Mr. Abbott.

Since the inception of the Act ten years ago a total of $461,523,844 has been borrowed by Canadian farmers.

The Prairie provinces accounted for 76% of the loans obtained which represented a slight decrease from the preceding year However increases were recorded in Quebec 26%, in Nova Scotia 21% and in B.C. 17% over the other provinces showed little change from 1952.

Since the inception of the Act $213,000,000 or 46% of the money borrowed has been repaid. • During this period loans have been only .03% of the total volume. This high repayment record and low loss ratio can hardly however be considered normal in this field of lending The Government paid 90 claims during 1953 amounting to $52,397 A total of 175 claims amounting to $900,771 have been paid since the Act came into force.

IMPLEMENTS AND TRUCKS

Last year 73,804 loans totalling $60,057,198 were obtained for farm implements. This represents 55% of all the money borrowed during 1953. Nearly three-quarters of the $60,000,000 worth of equipment was borrowed by farmers in the Prairie provinces.

During 1953 there were financed under the Act 39,088 tractors, 13,772 trucks, 13,772 combines and 1,341 threshers These totals include second hand units. It is estimated 46% of all the new tractors 47% of all new combines and 75% of all new threshers purchased in Canada in 1953 were financed under this Act.

BUILDING AND HOUSING

An increase of 27% was recorded for building purposes over the 1952 totals The dollar volume for all purposes amounted to $8,037,562. Construction of barns and utility buildings accounted for $2,031,000, repair and alteration for $1,548,000, construction of farm homes for $1,479,384. Ontario farmers obtained the largest number of loans followed by Alberta and Saskatchewan.

During the year 722 new farm homes were financed. This represent approximately 36% of the total number of rural dwellings started in Canada during 1953. The Prairie provinces accounted for 75% of the loans obtained for construction of houses.

LIVESTOCK

A total of $3,053,914 was borrowed to purchase livestock during 1953. These loans increased substantially in 1954 which accounted for 23% of the total. On farms commenced for 22% and Quebec 15%

Since the inception of the Act $12,512,527 has been lent to assist in the purchase of livestock in all the provinces.

CLEARING AND BREAKING

During 1953, 36,000 acres of new land have been brought under cultivation. This is an increase of 11,000 over 1952. The amount borrowed last year for this purpose totalled $604,251. Since the beginning of the Act a total of $4,367,263 has been made available for the purpose of bringing 470,000 acres of land under cultivation.

*APPLICATIONS INVITED*

Applications are invited for the position of assistant to the Chief Supervisor of the Agricultural Service Board of the Municipal District of Vermilion River No. 71.

Applications stating age, qualifications and salary expected must be in the hands of the Secretary-Treasurer not later than May 10. Information of the duties etc. can be obtained from the Municipal Office, Kitscoty, Alberta.

Thomas Wilson, Sec.-Treas. 43-4c

## CURLERS PLAN ARTIFICIAL ICE IN NEW SIX-SHEET RINK

If plans proposed at the annual meeting of the curling club held on Friday evening are realized, an artificial ice plant will be installed here this fall and curlers will enjoy five months of uninterrupted curling next season.

The plans for artificial ice follow closely on the heels of the new rink built during 1953. Immediately preceding this by a year was the purchase of matched rocks.

Cost of the artificial ice plant has been placed at $30,000 by engineers who would be in charge of the installation.

There is presently a mortgage of $11,000 on the new rink building, with funds on hand and in the offing $40,000 would be required to pay the present loan and to instal the artificial ice plant.

Money is available to towns for self-liquidating projects such as this. The town could on behalf of the curling club borrow this sum of money on one of several repayment plans. The one favored, extends over a 25-year period at 3½% interest. This would mean yearly repayments of $2426. At the present time the club is paying $2000 plus interest on the mortgage.

Estimated yearly income based on 50 rinks at $25 per member, plus activities as carried on during the past year is $9,375, operating expenses calculated on the liberal side are $3,165, leaving a balance of $6,120 to meet debt payments. This could fluctuate quite substantially without endangering the yearly debt payments.

After the plan had been outlined by the president Aldous Kent, a motion was made approving the whole plan and this was passed unanimously.

The curling club executive will meet the town council to ask their support in the loan is available to municipal governing bodies only, from the provincial government. The executive will be necessary to secure the approval of the ratepayers. The debenture payments are of course actually met by the curling club.

The artificial ice project proved the highlight of the curling meeting. Mr. Aldous Kent who has provided dynamic leadership during the past two years, was re-elected president despite his genuine desire to retire The complete list of officers include:

President Aldous Kent
Vice-Pres. Al Locke
Rec.-Treas. Russell Carroll
Executive — Wm. Barr, Gordon Parks, Newt Cooper, Roger Rowe, Alex Callas, Vic Tilbert, Geo. Webb Jr.

The financial statement as presented by Secretary Carroll revealed that the curling club has now reached the realm of big business. Total receipts were $7,273 with payments of $5,893, leaving a bank balance of $1778.

BUILDING FUND

The building fund statement given by Al Locke showed receipts of $25,484. This included a loan of $12,000. Disbursements were $25,267 with a balance of $196.

Actual cost of the new rink com to date is $27,365.

President Kent thanked the club members for their active help last season during the past year. Mr. George Webb then moved a vote of thanks to the smiling work of the president. Mr. Kent.

The club went on record as taking official recognition of the very substantial contributions of the Ladies Curling committees. The ladies donated $1650 during the winter to building fund and the kitchen

## Population Up 174 In One Year

The civic census just completed within the town limits reveals that Vermilion now has 2325 people as permanent residents. This is an increase of 174 over exactly one year ago when a similar census was taken. In addition to this there are 56 persons residing on the campus of the Vermilion school of agriculture which is just outside the town limits

At the time of the Dominion census of 1951 there were 1984 people here, and in 1941 it was 1408.

## V. H. S. Makes Graduation Plans

Once again the high school students are buzzing with enthusiasm. This time it's over the graduation plans. The big night has been set for May 21, and four outside towns have been invited, namely, Vegreville, Lloydminster, Wainwright and Dewberry.

House league softball has been scheduled to start next week. The housecleaners and sports representatives are now drawing up the schedule of games for both girls and boys. Mr. Kokotailo has already the girls' "A" team practices underway.

The year book staff has been meeting regularly to organize the yearbook for 1953-54

## 3-Dimension Picture Here May 11th

The Columbia theatre will have a one day showing of 3-dimension picture "It Came from Outer Space" on Tuesday May 11. There will be three complete shows, 4:30 p.m., 7 and 9 p.m. An added attraction is a short film. Admission for this special feature will be 75c, 50c and 25c

It should be mentioned for the shooring of this picture the regular projectors of the Columbia will not be used. Special 16mm projectors will be brought in for this occasion.

## V.H.S. Graduate Dies At Sydney, N.S.

Friends of high school days will regret to learn of the death of Rodney. N.S., of a Vermilion high school graduate in the person of Mrs. Clarke, the former Cleo Kennedy Cleo attended public and high school in Vermilion and was quite an outstanding student. Previous to her death she had been ill health for over 15 years and during the past few years had been an invalid confined to a wheel chair Other members of her family will be remembered as Mrs. Eleanor Farley, Mrs. Edgar Robertson, Gladys Vivienne and brother Gordon. The deceased was about 42 years of age

TINY TOT FASHION SHOW

Tiny Tot fashion show on Saturday May 25 at 2:30 p.m. in Elks hall sponsored by the Vermilion Ladies' Fastball club. Refreshments served. Admission 50c 41-2c

## Curling In May At Buffalo Coulee

The curling season at Buffalo Coulee was officially closed after game played on Sunday afternoon May 2nd. Games have been played regularly right up to that time The curlers claim that curling in May set a new late record as far as their club is concerned. Curling right up to that time is also reported from Kitscoty and Manville

## FINAL CLEAN UP AT CURLING RINK

All curlers are asked to make one great big final effort to clean up things around the curling rink and play for the bee in Mallory on day next May 12 commencing at 2 p.m sharp. All curlers, at least 100 of them, are asked to turn out in order that a fast thorough job can be done, don't leave it to a few as that means hard work - 100 men means a light task for every one. Bring along your rakes and shovels. It would be nice to leave everything spic and span around the new rink

## Fish & Game Meeting Next Tuesday

Fish and Game association will have a meeting for all those interested in the conservation and protection of game animals, birds and fish. At this meeting films will be shown on fishing and it is expected Mr Geo Spargo, secretary-manager of the association from Calgary will be here to give a talk No name nor come all and fill George's Lower Deck at 8 p.m. Wednesday May 12. 40c

## New V. S. A. Teacher Named

Staff change at the provincial school of agriculture at Vermilion was announced Tuesday by Hon L. C. Halmrast Alberta minister of agriculture

W. G. W. Turk who graduates this year from the U of A. has been appointed an instructor on the Vermilion school staff A native of Lavoy he is graduating from the faculty of education

At Vermilion he will teach academic subjects and supervise the recreation program. His numerous duties May 1st

Sunday, May 9th

## Anglican Men's Club Hold Final Meeting Of the Year

The final meeting of the Anglican Men's club was held on Monday evening Steak and lobster pie was the menu served up by Jim Robson, Lorne Peckett, Cyril and Keith King and John Knight.

Business transacted included the offering of assistance to the Happy Hour group in the event they were successful tenderers for the refreshment booths for May 24 sports

Plans were made to publicize the play "Chintz Cottage" being presented by the Wainwright players under auspices of the Men's club on May 14. Tickets for this fine comedy may be obtained from any member of the club.

All members plan to attend the Laymen's Deanery meeting which will be held at Wainwright on Monday June 7 at 8 p.m. Bishop Clark will be present at the gathering

General satisfaction with the year's activities of the club was expressed by several of those present The club now adjourns to convene again in the fall

## New Business Places Being Erected

Two fine additions to the business section of Vermilion are now under way, ushering in what might prove to be a very busy year in construction circles as a new wing will be built to the hospital at a cost of $270,000.

Rowe and Sons new auto body shop is rapidly nearing completion. It is built of cement blocks and measures 30 feet by 60 feet The new building is located across the back of two lots immediately west of Rowe's garage The area in front will be utilized as a nice display space for new and used cars. Wm. Pedigrew is the contractor in charge

Wm. Sutherland, the Vermilion Wholesale is having a new office and warehouse, size 30 by 80 feet erected just east of the Standard office. The building will be one-storey with full basement and building material is handled by Bob Caron and Calvert are the contractors.

DOUBLE SPACING in all typewritten articles for publication!

## Players Appeal for Strong Executive

## BASEBALL PROSPECTS BRIGHT

Addressing the Board of Trade at the regular noon meeting Wednesday, Gerry Moffat appealed for a strong executive of business men and farmers to manage the current Vermilion baseball team. The speaker has had considerable experience in baseball matters and was a member of the Lacombe Rockets which won intermediate championship of Alberta last year and states there is every prospect of a good contender from Vermilion playing in the new four team league All that baseball lacks now is a good strong executive such as that which guided the destinies of the Tiger hockey club during the winter just past A meeting will be held in the office of the district agriculturist on Tuesday May 11 at 8 p.m. for the election of officers and general organization

The speaker emphasized that we need a good thing to have live players on the executive It was his opinion that a good baseball club added to the activity and prestige of a town just the same as a hockey club It was his thought that there should be a transportation committee a entertainment committee to look after and maintain the baseball park where numerous improvements could be made and an advertising and publicity com

mittee

Al Baker, a newcomer to town and an enthusiastic ball player supported the sentiments expressed by Mr. Moffat and offered to help the under baseball teams as well.

Past president Keith Chalmers acted as chairman of the meeting which was attended by 21 members

Mr N N Bentley introduced Mr Glen Turk newly-appointed V.S.A. staff as agricultural officer Mr. Turk is a graduate of Alberta's agricultural college and comes highly recommended

Ernie Chesterton, chairman of the committee named to draw up the date for clean up day and been set for Wednesday, May 26.

## Official Results Of Hospital Plebiscite

The official count in the hospital plebiscite held Wednesday April 28 was announced Friday by R. O. Norman H Armstrong Total vote was 1072 in favor of the by-law 138 against with 67 rejected ballots Result from the George Mead poll was 40 for and 8 against leaving a majority of 68 and 0 as listed last week A total of 1247 persons cast ballots

## Naramata Visits Vermilion

On Sunday May 9 a team of young people and a youth leader from Naramata will take complete charge of the Sunday evening program at the United church.

A youth rally of young people from various points in the St Paul presbytery will share the fellowship of a box lunch commencing at 6 p.m. All young people of the district are invited to come and bring a box lunch and share the fellowship with the Vermilion young people and the team from Naramata.

Service of worship will commence at 7:30 p.m. Rally for youth will follow the evening worship.

## Big Fish Competition

An adult fishing competition open to all members of the Vermilion branch of the Fish and Game League will be held from May 1 to July 31 Prizes for the heaviest fish of each species are being offered. The fish will be weighed at Harwood's Meat Market and the Co-op Meats.

The only rules of the competition are that the fish must be caught in districts prescribed hereunder and that the fish must be caught by rod and reel.

The district competition is limited to boys and girls under 16 years of age and to the fish caught in the Vermilion Park lake The fish caught will be weighed at Hall Brothers and the Coop Meat market Prizes for heaviest of each species will be given.

Watch for details of the annual fishing derby to be held in Vermilion lake some time in June

## Demonstration Of Pruning Organized For Friday Evening

The Vermilion Horticultural Society has arranged a tree pruning demonstration for Friday evening at 8 p.m. in the orchard on the Dr. Hall Lewis east north of the Vermilion river.

Mr. Bentley, Principal of the Vermilion school of agriculture, will give a practical demonstration. There are a lot of fruit trees and ornamental shrubs in this town which badly need pruning Here is a chance to see how it is done.

The fire brigade was called out on Wednesday evening to a grass fire in the east end of town.

## Principals Walker and Oldenberg Resign From Teaching Staff

At the meeting of the local board held on Tuesday evening the resignations of Principal Frank H. Walker of the Junior high school, and Miss Dorothy Oldenberg of the Primary staff were regretfully received and accepted.

Mr Walker came to Vermilion eleven years ago as principal of the public school and the services rendered have increased as the years rolled by This is true not only in the school but in the community life of Vermilion. He is moving to Edmonton.

Miss Oldenberg has done equally good work, first as a teacher on the staff where her achievements were such that she was offered the principalship of the new primary school when that department was organized from the elementary. Miss Oldenberg has met with devoted success in that position and the board feels that the vacancy will be very hard to fill

The board is losing the valued services of at least five other members of the staff. These are Mrs Walker Miss Sheriff, Miss Wasylchen Mrs English Miss Allen. It will be necessary to add a teacher at the high school and another at the primary level, the board thus faces the task of engaging nine teachers Vacancies will be advertised at an early date

## Baseball Club Enters Four-team League

For the first time in many years the Vermilion senior baseball club has entered a league This league has four teams with a view to expanding in the future

The league contenders at present are St Paul, Two Hills, Elk Point and Vermilion

A meeting to organize a good strong baseball executive for the Vermilion club has been called for Tuesday at 8 p.m. in the office of the district agriculturist. A good turnout of all interested in supporting the local senior baseball team is desired.

## Derwent Infant Drowns On Farm

Norman Olsen, 1½ year old son of Mr and Mrs. Arnold Olsen of Derwent, was drowned Sunday at about 4:30 p.m. when he accidentally fell into a stock-watering trough on his parents' farm.

RCMP reported Tuesday that Dr F. G. Miller district coroner had been called to the scene and following investigation announced that no investigation will be held.

The boy is believed to have been playing with some older children and strayed from the yard surrounding the house He had been in the trough some time when found and efforts to revive him were fu-

—Edmonton Journal.

## Bounty For Crow And Magpie Feet

A bounty of 5 cents per pair will be paid for crow and magpie feet this year effective from April 1st. All feet should be mailed or sent to Alex Le Rossignol's sport shop in Vermilion Feet should be cut off just below the knee joint. All feet mailed should be dipped in a weak solution of formaldehyde before mailing.

The campaign is being sponsored by the Vermilion Fish and Game league and will close officially on July 31st.

Note should be taken that no bounty will be paid on eggs, and that hawks and owls are on the list of protected birds this year

## Fastballers Will Form League

A meeting of the Vermilion and District Men's Fastball league will be held in Mackenzie's store Wednesday night 12 at 8 p.m. All teams wishing to enter should be represented. A schedule for the season will be drawn up

# The Vermilion Standard

VERMILION, ALBERTA

S. R. P. COOPER - - - FOUNDER

ESTABLISHED [illegible]

Published Every Thursday at the Office, Main Street.

Authorized as Second Class Mail, Post Office Dept., Ottawa

[illegible] — PUBLISHERS

VERMILION, ALBERTA, THURSDAY, MAY 6th, 1954.

*COUNTY PLAN FADING OUT—*

A notable absence from the debates in the 1954 sessions of the Alberta legislature was the County system. It will be [illegible] that during the sittings of [illegible] this was the most debated bill before the house, getting more attention at that time even than the six weeks teacher-training course during the session just concluded.

The County act came in for some amendments one year ago but has apparently become a dead issue. With the work of the Co-terminous Boundary commission nearing completion little or nothing more will be heard from any areas wishing to adopt the County system of government. There are several reasons for this. To begin with due to the subjugation of education the act never appealed to the people as a whole but actually the first reason is that nothing can now be gained by any area becoming a county. By this the Standard means that municipal district and school division boundaries are now set by the Coterminous Boundary commission on a fair basis and there will be absolutely no opportunity of any one district gaining a very desirable area for its county at the expense of neighboring territory. This very fact was the chief consideration in prompting councils to consider the change over to the one municipal governing body. Another reason is that counties from an educational standpoint have not worked out as expected. Educational tax rates in the majority of the areas established as such have taken substantial jumps while generally speaking all counties seem to spend on a more lavish scale than where the two governing bodies exist. The County system was designed on the belief that educational bodies were spending more money than was necessary and that if the collecting body and spending body were one and the same the educational mill rates would [illegible]. This seemingly has not proved to be the case.

With [illegible] by the Commission the Standard will be very much [illegible] if any municipal council or divisional school board from now on makes application to become a county, and is inclined to the belief that we have just [illegible] heard the last of the "County Plan".

From January, [illegible] to January, 1954, average wage of male farm help per day without board [illegible] from $5.30 to $8.50. In the same period average [illegible] per 8-hour [illegible] of men and women employed in manufacturing increased from $10.72 to $11.23.

From birth to age 16 family allowance payments cost $1,[illegible] for every Canadian child.

—Quick Canadian Facts.

*THE REASON—*

Last week for the first time all winter the Vermilion park lake was completely frozen over right down to the very mouth of the spillway, except for a small patch kept open by the large number of ducks up the lake opposite the beach. This, after quite an area had remained not frozen through any sub-zero weather thrown at us through the winter. The Standard was bombarded with requests for the reason for the freezing and resorted to Jack Kneale power plant superintendent for information. Jack is right on the spot and was quick in supplying the solution. It appears that water in the lake has been just trickling over the spillway all winter with the result that the warm water output from the plant has been circulating back through the body of the water away from the spillway. With the rising of the water due to spring runoff, the level of the lake increased to more than a foot above the top of the spillway. This swept all the hot water over the spillway into the river below before it had time to circulate into the main body and so had no effect of raising the temperature of the lake consequently freezing followed. The warm water from the plant pours into the lake at a spot right beside the spillway.

Today's population of the Yukon is 9000. In the year 1900 it was 27,000.

Last year the national income increased 5 per cent over 1952, wages, salaries and other labor income was up 8 per cent, while farm income was down by 14 per cent. — Quick Canadian Facts.

## FARM YOUNG PEOPLE'S WEEK

Again this year the Alberta Wheat Pool will sponsor the attendance of 25 farm boys or girls at the University of Alberta's Farm Young People's Week. The course is being held in Edmonton from June 8 to 16. This is the tenth consecutive year that the Alberta Wheat Pool has sponsored a group at this course.

The young people this year will be sent from the Alberta Wheat Pool's odd-numbered sub-districts. Any farm organization operating wholly or mainly within boundaries of one of these sub-districts may [illegible] a boy or girl, [illegible] would be between 18 and 26. Where more than one [illegible] is nominated in a sub-district, [illegible] will be made on the basis of leadership ability.

The Alberta Wheat Pool will pay the return transportation and $25 towards the cost of room and [illegible] of each.

**By Your District Agriculturist**

# "GREEN ACRES"

FARM FAMILY PROGRAMME

No applications have come in as yet for farms to be entered in the Farm Family contest. The prize is $1000.00 and all that is required is for some neighbours or some organization to nominate a farmer. Here is a chance for Boards of Trade and F. U. A. locals to bring honour and reward to someone in your district.

BRUCE HEADS THE LIST

In all Canada the County of Bruce, Ontario had the highest per cent of grade "A" hogs. The percentage was 37.8. The record for this district is around 22 per cent so we have something to shoot at.

ALDRIN FOR ONION WORMS

At long last we have cure for onion maggots. Aldrin can be bought from seed firms or locally at drug stores and hardware stores. Onion maggots have [illegible] so bad in some town gardens that onions could not be raised. Here is [illegible] remedy so why should we take the loss any longer.

FERTILIZER ON GARDENS

Someone asked me the other day if commercial fertilizer should be used in gardens. I have used it every year for 24 years and I am able to grow bigger and better vegetables and flowers than without it.

There are several brands on the market. All of them are good.

BLOOD TESTS IN USE

Blood tests can now be made on live stock and the parents of an animal can be proved. In Ontario recently a pure bred breeder [illegible] fined $500.00 for falsifying a [illegible] igree because the blood tests were accepted in court as proof. Nearly 100 per cent of our breeders are absolutely honest but once in a [illegible] they get careless in their records.

PARATYPHOID IN TURKEYS

Last week one of our local turkey breeders lost 30 young turkeys from paratyphoid. The germs of this disease can be carried over in the eggs and then develop in the young poults. Sulfa drugs are used to check the disease. If anyone is having losses please telephone or call in at my office.

TARTARY BUCKWHEAT

No one is allowed under the seeds act to sell seed containing a single seed of Tartary Buckwheat. That is what the government officials think of the spread of this weed. Every farmer is warned to check any seed he has bought for seeds of this weed. If you are in doubt send in a sample or bring in a sample to this office.

## Legislative Session Reviewed

EDMONTON.— Liberal members of the Alberta legislature fought to the end against the bill to incorporate a natural gas trunk line gathering system, and minutes before the business of the session ended they were subjected to scathing criticism by Premier Manning.

As the legislature neared the end of the business Opposition Leader J. Harper Prowse and his fellow Liberal Hugh John MacDonald, of Calgary, fought a last-ditch stand, asking for assurance in the bill of protection for Alberta consumers. Their requests were rejected and the bill passed, after which the premier rose to his feet.

He said he wanted to make it plain that ever since gas and oil development became a major factor in the provincial picture, his government's policy has been to consider the Alberta consumer first. The Liberal [illegible] started by being opposed to the export of natural gas. Now, he continued, Mr. Prowse says he never really was against export but wanted protection for Albertans.

Premier Manning charged that Mr. Prowse had done more "disservice to Alberta than any other man" in connection with the matter and he called the Liberal arguments "the lowest, cheapest kind of political manoeuvering."

The session ended exactly seven weeks after the [illegible] and following the passage of more than 120 [illegible] which [illegible] only minor [illegible] to the [illegible] acts. The [illegible] debated pieces of legislation were the gathering system bill and the proposal to establish a six-week training course for student-teachers. The latter was [illegible] by a divided legislature in the same form it was introduced, and barring unforeseen circumstances, [illegible] will be able to hire [illegible] for their classrooms next fall.

Opposition requests for inclusion in the proposal of a section prohibiting the hiring of student-teachers, except where regular teachers could not be obtained, was rejected.

The members left Edmonton with $800 more than they did last year, having raised their sessional indemnities and expenses from $3000 to $3600 a year. Only opposition heard to the increase was voiced by CCF Leader Elmer E. Roper, who was absent [illegible] the bill to put it into effect was passed. Rural members of the legislature contend that for most of them, being a member is a year round job, with constituents [illegible] them problems, which in the cities would be laid on the doorsteps of numerous government officials.

A bill providing pensions for the cabinet ministers also received final reading, after a warning was sounded by the Calgary Liberal Mr. MacDonald that the pension plan might make it difficult for the government to justify to the public future increases in cabinet ministers' salaries, when increases are actually justified.

An amendment to the Game Act provides that "No Hunting" signs posted on farm lands are of no use unless:

1. They are at least 10x14 inches in size.
2. Prominently placed at each corner of the land and at each gate leading to the land.
3. And the words "No Shooting" are lettered in black on a white background.

As originally introduced the bill provided that where such signs were posted only the owner or occupant or members of their immediate families could shoot on the land. Before it was passed the provision was withdrawn because of considerable objection to it within Social Credit ranks.

Hawks and owls have been placed on the "protected list" of birds. Formerly classed as predators, these birds have been found useful in keeping down the rodent population, game officials say.

The School Buildings Assistance Act was amended at the last minute, following representations from city school boards against the straight grant of $4000 per classroom for construction purposes. The new schedule provides $4000 per room for schools of less than 6 rooms; $4500 per room for 6 to 9 rooms inclusive; $5000 per room for 10 to 15 inclusive and $6000 per room for 16 or more. The grants will be increased by 10% for schools built of "permanent materials".

C. Y. O. PLAY MAY 14

The Wainwright C.Y.O. are sponsoring a 3-act play in the Holy Name hall, Vermilion, on Friday, May 14 at 8 p.m. Admission, adults 50c, children 25c. 44-5c

There are more than 700 primary textile mills in Canada and a third of them are in towns with a population of less than 3,000. Quick Canadian Facts

## John Kobylnyk Passes Away At Derwent

There passed away at the hospital in Myrnam on April 30th, Mr. John Kobylnyk of Derwent at the age of 61 years. The deceased was a business man of Derwent and formerly operated a store in Vermilion. He moved to Derwent shortly after the building of the C. P. R. railroad to the north.

He leaves to mourn his loss his loving wife, four daughters, Mrs. Anne Lemiski and Mrs. Stephanie Andrews of Edmonton, Mrs. Olga Cherkawsky of Derwent and Miss Natalka Kobylnyk at home. There are five grandchildren, also one brother Steve at Primula and one sister Mrs. Tillie Hawryluk at Primula.

A prayer service was held on Sun., May 2, at 8:00 p. m. at the Derwent National Hall. Funeral services were held on Mon., May 3, at 10:00 a. m. from the Derwent National Hall to the Ukrainian Catholic Church of the Holy Ghost, Derwent. Fr. J. Cherkawsky, Fr. W. Tarnawsky and Fr. M. Malay officiated and interment was made in the church cemetery.

## W. I. Activities For Month of April

The rummage and home baking sale and tea held on April 24 in Mannville and supported by all W. I. branches in the Mannville district was certainly a success. Proceeds go to the Mannville rest room and library. Five branches from the Vermilion constituency and 3 from the Vegreville [illegible] supported this enterprise.

Ramsey W. I. postponed the Beetle Drive and dance to a later date. Mrs. M. Sloan read an interesting paper on "How to Prepare Children for a Visit to the Hospital". This branch regrets that owing to illness they were not represented at the District conference.

Five Point W.I. heard Mrs. Wm. McCauley report on the District conference. Mrs. to Kampe read an interesting paper entitled "The Value of the U.N."

Claysmore branch gave a donation to the A.W.I. fund. Mrs. R. Bauer read an interesting paper on polio. Mrs. McMillan read several items on W.I. work.

Vermilion branch heard Mrs. J. I. Jones of Mannville report on the District conference and also other W.I. work. The novelty bake sale held early in April was a financial success. A book was given to the local hospital for Easter.

Princess Anne W.I. heard Mrs. George Richardson give a very pleasing demonstration on making flowers from chenille. This branch held a bazaar and candy sale on April 17.

At Wildmere W.I. Mrs. Gibson gave a very fine report of the District conference. This branch donated to the F.W.I.C. fund and also to a family who lost their home by fire. Mrs. Wallington read an interesting paper on the late Agnes McPhail. Mrs. W. T. Garnett demonstrated how to make stencils for wall decoration.

Creighton branch heard Mrs. W. Donnenworth give a fine report of the District conference. Mrs. D. Wagner read an interesting paper on "How to Know Wooden Furniture".

The Wildmere Beavers held their meeting at the home of Marie Smith with an attendance of 13 members and 8 visitors. Pins were received for the three girls over 16. After the business meeting the girls spent some time sewing.

## 4 Weeks Leadership Course Offered

A four-week leadership training course for part-time community recreation leaders will be offered again this year at the Red Deer Composite high school July 5-31.

Candidates for the course must be physically fit, be prepared to give leadership in community activities, and obtain nomination for the course by a local recreation authority or community organization.

Certificates, entitling graduates to receive employment on a part-time basis in community recreation activities, are awarded to all those completing the course successfully.

The courses are offered this year by Health and Recreation branch of the Alberta Department of Education. The main course will be for persons at least 17 years old and will include gymnastics, first aid, folk, square and tap dancing, games and other associated subjects. The second course which will be offered if there is sufficient interest will be designed for persons over 20 years of age and will include more adult subjects such as arts and crafts, elementary dramatics, clubs and hobbies, recreation for family living and social dancing.

Application forms may be obtained from the Health and Recreation Branch, Department of Education, Administration Building, Edmonton.

Last year Americans spent $282 million while visiting Canada, and Canadians spent $307 million while visiting the U. S.

## Death of George Lewis Wilson

George Lewis Wilson, one of the district's well known and true pioneers, passed away at his home in Wildmere on Thursday April 29. He was 72 years of age

Mr Wilson was born in Scotland and came to Canada in 1905, and to the Wildmere district to homestead in 1906. That district has since been his home where he was held in highest esteem and affection by all who knew him.

He is survived by six nephews and four nieces. John of Wildmere, Thomas of Vermilion and Thomas B. in Edmonton. Mrs. Alex Morrison and Mrs. Albert Holte both of Vermilion while one niece and one nephew reside in Scotland, and two nephews and one niece in Toronto.

Funeral services were held Monday May 3 at First United church, Vermilion Interment followed at the Vermilion cemetery. The Rev. C. W MacKay officiated.

Moyers were entrusted with the last rites.

## Garden Club Distributes Bulbs

The Vermilion Horticultural Society wishes to announce that the bulbs for premiums have arrived and are ready for distribution from Mr Buckingham's office. They should be picked up right away. 3 dahlia and 6 glad bulbs are given out free of charge to members. Anyone in the town or district is welcome to join.

## Princess Anne W. I.

The regular monthly meeting of the Princess Anne branch of the A.W.I. was held the evening of May 3 at the home of Mrs. Fred West. Nine members and three visitors were present.

In the absence of our secretary Miss Sheila Hamilton kindly acted as secretary for the evening.

Following the opening exercises, correspondence was read and discussed, and plans for the sale of home cooking and farm produce on May 8 were completed.

Mrs. W. J. McIntyre, health convener, reported that certificates have been awarded to all those who had completed the First Aid course conducted during the winter by Mr. J. Bauman and sponsored by our branch of the A.W.I. Plans were made for the official presentation of these certificates following our regular meeting the evening of June 7, to be held in the club room at Campbell Lake. A social evening will follow and all our friends and neighbors are cordially invited to join us.

Mrs. O. Strome, social service convener reported gifts sent to our secretary Mrs. T. R. Reeves, and our treasurer Mrs. A. Scarle, both of whom are in hospital.

Mrs. Ralph Strome, education convener, led a discussion on the older and newer methods of education in our schools. It was felt unanimously that considering the high cost of school books that it is very desirable that a system be established that would allow for a fuller and longer use of those books.

We were pleased to welcome a new member, Mrs. McKay.

The social took the form of a contest conducted by Mrs. George Dollman and won by Mrs. R. Mead.

Lunch was served by Mrs. O. Strome, Mrs. R. Strome and Mrs. F. West. The meeting closed by singing "God Save the Queen".

## Late Spring

Seeding in Alberta will be late this spring. The weather during April has been the coldest and there has been more snow than in many, many years. On some days last week the thermometer registered low points such as have not been reported for nearly seventy years.

Farmers usualy like to be well launched into wheat seeding by the 1st of May and have the job nearly completed by the 15th. Over the years it is possible to discover the relationship between early seeding and final outturn. A great deal depends on the subsequent weather.

In 1934 Alberta farmers completed 73 per cent of wheat seeding by May 8 and the yield was 15 bushels to the acre.

In 1940, 60 per cent of the seeding was completed by may 8 and the yield of wheat per acre was 20.8 bushels.

In 1946, 60 per cent of the seeding was completed by may 8 and the yield was 18.2 bushels per acre.

In 1945, only 3 per cent of the seeding was completed by May 8 and the yield was 18.4 bushels to the acre.

In 1953, 3 per cent of the wheat seeding was completed by May 8 and the yield was 25.7 bushels per acre. Wheat Pool Budget.

WINNIPEG.—A shipment of industrial machinery value $50,000, and manufactured by Kipp Kelly Ltd. of Winnipeg, recently left here on a C N R flat car en route to Montreal where it was placed on ships bound for 7 countries in Africa and Europe.

The unique shipment was consigned to England, France, Switzerland, Portugal, Finland, Nigeria and South Africa.

## Air Cadets Visit Wainwright

Vermilion Air Cadets attended the Tri-Service Rifle shoot and the dance which was held at Wainwright last Friday evening. In attendance were representatives of the Edgerton army cadets, Wainwright sea cadets, and Vermilion air cadets. The evening's program commenced with a rifle shoot which was won by the army cadets, the sea cadets second and the air cadets third. This was followed by a dance. The party from Vermilion numbered 60 and a very good time is reported.

## Famous Golf Trophy Back in Competition

JASPER PARK LODGE.—Robt. Sommerville, general manager of Canadian National hotels, has good news for golfers.

An exact duplicate of the famous Totem Pole Golf Trophy which was destroyed two years ago has been created and is being restored to international competition.

Emblematic of the annual Totem Pole Golf tournament at Jasper Park lodge in the Canadian Rockies the trophy has been competed for since 1926 by players from nearly every country in the world and has travelled more than 52,000 miles.

The Totem Pole tournament will be played at Jasper Park lodge this year between Sept. 5-11.

## MRS. GORDON GOULD WINS DEEP FREEZE SATURDAY NIGHT

Over 850 people crowded their way into the Vermilion Armories last Saturday night for the Kinsmen's Freezer bingo. Judging from the list of prize-winners a large number of these came from Dewberry, Clandonald and Islay as people from these three centres carried off the majority of the prizes. Only four of the 20 prizes stayed in Vermilion.

The big prize of a home freezer went to Mrs. Gordon Gould of Islay. This was quite appropriate as the area in which she lives has recently seen the advent of power lines.

There were some coincidences recorded during the evening. The very next bingo after the deep freeze was won by another branch of the Gould family, Mrs. L. Gould. Then Harmen Feenstra of Clandonald took home two prizes. He won the 7th game with prize of two chrome chairs and the 9th game and was rewarded with a hostess chair.

The list of prize winners indicates that these big bingos are very popular over a wide section of this territory. The prizes were won by:

Mrs. R. Finlay, Dewberry, coffee table; Mike Jarock, Vermilion, a mantel radio; Mrs. W. Armstrong, Islay, pressure cooker; Gary Cruthers, Wildmere, table lamp; Mrs. MacMillan, Clandonald, bridge set; Miss Donna Young, Dewberry, a lawn mower; Harmen Feenstra, Clandonald, two chrome chairs; Mrs. Harold Schoonmaker, Clandonald, Gladstone bag; Harmen Feenstra, hostess chair; Miss Proffant, Edmonton, chrome stool; Leslie Yarwood, Vermilion, rifle; Mrs. O'Neill, Wainwright, child's tractor; Bob Tweedie, Borradaile, fishing rod and reel; Brent Long, Vermilion, trilite; Glen Gibbons, Vermilion, set of dishes; Mrs. W. E. Curtis, Dewberry, electric sewing machine; Mrs. Geo. Convey, Clandonald, electric kettle; Mrs. Gordon Gould, Islay, home freezer; Mrs. L. Gould, Islay, kitchen clock; Pete Rudicki, Elk Point, bicycle.

Besides these more than a dozen consolation prizes, given to the losers in tie breakers, were given out. The consolation prizes were electric alarm clocks.

## Anglican Men's Club Sponsor 3-act Comedy

The Anglican Men's club are sponsoring a three-act comedy stage play which will be presented in the auditorium of junior high school on Friday evening May 14 at 8:15 p.m. Tickets will shortly be on sale at 75 cents for adults and 50 cents for students.

The play will be by the Dramatic Society of St. Thomas Anglican church, Wainwright. It has been presented at several places and is rated as much be .er than usual. It is a three-act comedy entitled "Chintz Cottage" with a cast of seven, both ladies and gents. As stage plays are uncommon in Vermilion the change of the type of amusement will no doubt be anticipated by many. 43-4

## A Letter on Municipal Matters in Div. 7

Dewberry, Alberta.

Dear Editor:

Since being elected to the Council of Vermilion River as representative of Division 7 I have had more occasion to traverse the area more thoroughly. It is a pleasure to meet so many people I only knew as strangers before and to listen to the difficulty of their road situation.

In regards to roads it is my plan to keep motor graders quite busy this summer to bring back a better crown on many of the flattened out roads and to get the lip off the shoulder in order to allow drainage off the roads into the ditches Many people, I find, are asking for improved road conditions.

With my allocation already one-third spent for the year not too much construction can take place However we do hope to improve a good many trouble spots with the patch repair outfit and put in what culverts we have on hand The repair outfit this year will be a D7 'Cat' with cable controlled dozer and scraper Some of the road dragging equipment has been located but there must be more of the small graders scattered throughout this territory and I would appreciate help in locating them With the possible changes in boundaries to take place perhaps next January we should see that all of our equipment remains in Vermilion River municipality Many people would like to do private dragging of roads. This is an impossibility if all are to get paid for it and many people are looking after roads close to their homes and not charging the division for it For people who are willing to do this we would try to see that they have some sort of machinery which would do a [illegible] able job

It is not looking too far ahead to think of snow plowing next winter as a good many dollars are used thusly It will be very [illegible]portant to us all that we snow [illegible] the fields and eliminate a lot of unnecessary snow plowing

For people who want to organize new school bus routes preparation and maintenance of these roads can only result in a higher mill rate The municipal mill rate is [illegible] 1½ mills this year No other increases in school or hospital [illegible] rates

In closing as I said before being elected I will try to represent the whole division fairly and all comments and suggestions from taxpayers will be appreciated [illegible] constructive methods of improvements Thank you

John Anderson Councillor for Division 7, M D of Vermilion River

Canadian railways operate about 6,000 passenger cars and about 180,000 freight cars

John Knight - Manager

A scale model of two new 23,000-ton stream-lined ships now on order by the Canadian Pacific Steamships for transatlantic service is shown above making a realistic trial run in a British tank. The 21-knot liners with rakish lines and echelon decks will bring a "new look" to Canada's 1,000-mile inland portion of the transatlantic route when they go into service in 1956 and '57 Contract for constructing the second ship was let in Great Britain recently by A. C. MacDonald of Montreal, managing director of the Canadian Pacific Steamships, to Vickers-Armstrongs Limited, while the first, which will be named the Empress of Britain, has been under construction since last fall by Fairfields, Limited

## Save Mannville Church

By the quick action on the part of the local fire brigade, a smouldering fire in the foundation of the United Church was quickly extinguished. About ⅓ floor joists, however, under the front part of the Church were burned to the point where they will have to be replaced. The grass in the Church yard had been burned earlier in the day and the fire must have got to near the building and crept into a vent in the foundation. Mrs. N. McFadden and Mr. Wood happened to go into the Church to move the Front Roll to a different place and found the Church full of smoke. They immediately called the Fire Brigade.

Canadian railways operate about 6,000 passenger cars and about 180,000 freight cars.

# Local News of Interest

Mr. and Mrs. George Hillcox wish to announce the engagement of their only daughter, Eileen Muriel, to Mr. Herbert Augustine McNab of Edmonton. The wedding will take place on Saturday, May 22nd, 1954 at 3:30 in the afternoon at Bethel Gospel Chapel, 115th Ave and 95th Street, Edmonton, Alberta.

Mrs. Al Hebert (nee Grace Cooper) and two sons 5-year-old Philip and one-year old Paul, arrived from Windsor, Ont., on Wednesday morning and will visit Mrs. Hebert's parents Mr. and Mrs. S. R. P. Cooper and brothers for two months.

Mrs. W. J. McJannett and son Lochlin have returned to Edmonton after visiting the former's parents Mr. and Mrs. Ken Rowe for the past three weeks.

Glen Mead, son of Mr. and Mrs. Rock Mead, 3rd year engineering student at the University of Alberta, spent a few days at his home here following the closing of the Varsity term and then continued on to Montreal where he will work for the summer months.

Mr. and Mrs. Roy Ziegler, Doug and Betty leave this week to return to Edmonton where they will reside in future. Mr. Ziegler has been at Riverside Motors while in Vermilion. Back in Edmonton Roy will be employed in the body department of Hood Motors. They have rented their house in the west end of town to Mr. and Mrs. Goddard and family.

Mr. and Mrs. Reg Mitchell and little daughter Joanne left Sunday by car for St. Paul Minn. to visit Mrs. Mitchell's sister and family for two weeks.

After five years in Vermilion as lineman with Canadian Utilities Mr. and Mrs. Jim Nichols and two children Jimmie and Vicki have been transferred to Vegreville. The transfer meant a well merited promotion for Jim meaning that his linesman days are over. Their home in the west end has been sold to Mr. and Mrs. Reg Staden.

Many old friends here will recall Mr. and Mrs. Peter Weber who moved from Vermilion to Stettler. Mr. Weber has recently been appointed to a new position with the Alberta Government telephones and he and Mrs. Weber will live in Edmonton. Quite a number of farewell parties were held in Stettler prior to their departure.

W. A. GROUP MEETINGS

The W.A. groups of the United church will meet Tuesday May 11 at the following homes: Mrs. Hardie's group at her own home. Mrs. Dougan's group at the home of Mrs. H. N. Stephens. Mrs. Allen's group at the church. Mrs. Stan Waldenberger's group at the home of Mrs. R. Boake.

*IN MEMORIAM*

In loving memory of dear devoted parents
*Wyndham and Elizabeth Gould*
Father who passed away on Aug. 3, 1929
Mother who passed away on May 8th, 1950
A beautiful memory dearer than [illegible]
Of parents whose worth can never be told
Together unseen they stand by our side
They whisper don't grieve [illegible]
Deep in our hearts their memory is kept
Of those we love and will never forget;
And though the years [illegible] many or few
We'll always be thinking, dear parents of you."
Always remembered by daughter Nellie and George and grandchildren Raymond, Father and Helen

BROWNIE, GUIDE W.A. MEET

The Mothers' Auxiliary of the Brownies and Guides will hold a meeting on Tuesday May 11 at 8:30 p.m. in the Scout hall.

Mrs. L. P. Horne has just returned from a 2½ weeks holiday at Vancouver, Victoria, Seattle and Portland. The travelling was all done by plane. Quite a number of [illegible] people were visited. The weather seemed particularly nice and the spring flowers and fruit bushes were in full bloom.

Mr. and Mrs. Clarence Wilson and family were in Edmonton last week end and while there attended the wedding of Mr. and Mrs. Robert Ennis (nee Olga Radesh) in the Highlands United Church.

Bob and Bertha McCann out at Vancouver send a hearty hello to all at Vermilion and would like some Alberta sunshine. They have had a miserable spring with some frost at nights just at time of writing. The McCann's address is 4586 Union street, North Burnaby Vancouver.

Rex and Pat Ambler from Grand Prairie and Peace River respectively were visitors in town on Friday on their way to a convention in Chicago. They report that the propane gas business is really booming.

Mr. and Mrs. Nick Jacula had four phone calls from Peter Jacula who is presently receiving medical attention at St. Marys Hospital at Rochester N. Y. His voice came very clearly over the wires each time. Peter has gone to Rochester for an opperation on his spine.

A telegram received on Monday stated that Peter had now undergone his operation and was already showing improvement. He will be up early next week and will return home in about two weeks time.

Among the graduates from the Misericordia Hospital school of nursing in Edmonton this week were Miss Shirley Thompson of Mannville and Miss Elsie J. Juba of Derwent.

Mrs. Fred Playne spent a few days in Edmonton this week.

SPRING TEA AND SALE

St. Saviour's W. A. will hold their annual spring tea, sale of work and home cooking on Saturday, May 8 at 3 p.m. in the Anglican church parish hall. 44x

## Happy Hour Group Hears Report

The Happy Hour Group of the Anglican Church met at the home of Mrs. G. Hetherington on Monday night with a good attendance. After the regular business, Mrs. Joan Lugg and Miss Kay Sutton gave a very interesting report on the Diocesan annual which they recently attended in Edmonton. Not until one of these Diocesan Annual meetings is attended do the members of the Church Groups realize the work such organization accomplish and the need for them.

It was planned to hold a Children's bingo on Saturday evening, May 22nd. Bingo will be played.

A delicious lunch was served by the Hostess and Mrs. Lugg.

## THE STAGETTES

Doesn't a year slip by in one gosh awful hurry? It doesn't seem possible that Tuesday was the grand finale of the 1953-54 Stagette year. It turned out to be quite a roundup with 11 honorary members and one ex member along with 23 of the regulars each searching frantically for her place card so she could sit down and eat. We were sorry that Theresa wasn't able to come and hope that she is feeling her old self again by now. It was great to have you girls turn out and we hope you enjoyed coming as much as we enjoyed having you. It was hard to tell which jaws worked the hardest the eating jaws or the talking jaws. Wouldn't it be some club if we had them all back in? Wow! With gals like Arlie Stone ". By them we mean Molly (Malonek) Conboy, Betty (Barr) Brimacombe, Dorothy (Batke) Westman, Gudrun (Eldsvik) Baranyk, Arlie (Dickson) Stone, Barbara (Barnett) Hart, Marion (Rogers) Dowdell, Beth (Elder) Welsh, Evelyn (Patterson) Scott, Kay (Dwyer) McKenzie, Vivian (Voss) Dyck, and Bridget Toner some of whom were honorary members before we joined the club so you can imagine the catching up they had to do. They still remembered the Club song though as well they proved by singing it by themselves.

The C.W.A. are O.K. in our books for they can spread a banquet in fine style. Thanks ladies. We'll remember you come next year.

When we ate all we could hold (and for some . . . ) and Mildred had her cache taken care of, we drank toasts to the past, present, and yes, Kay Mc!, the future of Stagettes and then with a posie in ecah lapel joined Freda around the piano for a sing song. It was fun even if Betty didn't think I was in very good voice. After a game or two led by Ernie (I heard that Kay S likes to go out to the south country to see . . . no - to pick pussy willows) the honorary members scattered to find their menfolk while the rest spent a very nice half hour at Kay Caron's before going to the dance.

The dance was well attended, our appreciation goes out to our supporters and we were happy to see a couple of Lloydminster Stagettes. That's what we like. Come more often girls.

There will be a meeting on Tuesday night to find out the results of the dance also to make final arrangements for the convention, the next highlight. Any of you who are planning to go let Sophie know on Friday (today) if possible, as she is anxious to get details from Grande Prairie and get things moving.

## Mannville & District LOCALS

Miss Shirley McFadden who is a Nurses' Aid Course in Calgary was home for a few days this week.

Visitors at the Dudley Croft home over the weekend were Mr and Mrs. C. Liebeck (nee Lynn Croft) of Wainwright.

Mr. Ed Ambler, formerly of Mannville and now living at the coast was a visitor in town this week.

Also here from the coast is Mr Walter Earhart. He plans to be here about a month.

Weekend visitors with Mr. and Mrs. J. Proudfoot were Mr and Mrs. Earl Gray and family and Mr Gray Sr of Edmonton.

Don't forget the Mothers' Day Tea on Saturday in the United Church Hall put on by the W. A. of the United Church.

Saturday visitors in town were Mr Pat Ambler of Dawson City and Mr Reg Ambler of Grand Prairie.

Mrs L. Croft of Edmonton has been visiting with her daughters, Mrs. J. McLarkin and Mrs. Don Hamning. She returned to Edmonton on Tuesday. Mrs. R. Hughes accompanied her and will visit her awhile in Edmonton.

Mr. and Mrs W. J. Sargent and boys have moved into their new house on the farm. But they are still close enough to see the lights of the Village.

Miss Ruth Rodwell of Ranfurly, a recent graduate of the Faculty of Education is gaining experience by aiding the teachers in the various Grades in Mannville. She plans to teach in the Vegreville Division and is concentrating on the lower grades.

FOR YOUNG MEN OF 16

Apprentice Training for a Bright Future

Combine thorough trades training, schooling, sound discipline, with understanding of the spirit of youth and you have the elements of the Canadian Army's Soldier Apprentice Plan for young men of 16. The Soldier Apprentice training is designed to enable young men to gain promotion to higher ranks in the Army.

The young men who are accepted for Soldier Apprentice training receive:

- thorough trades training in one of 16 trades.
- academic training — comparable to that received in secondary schools.
- the general military training of the Canadian soldier.

Soldier Apprentices are eligible for all Army benefits, including 30 days annual leave. They receive half pay when 16 and on their 17th birthday they receive full pay.

To be eligible, the young man must be at least qualified for high school entrance. He must have attained his sixteenth but not his seventeenth birthday.

Courses begin in September but applications are now being received. Following interviews, the applicants may be accepted after June 1st and then sent home on leave until courses commence in the Fall.

*To obtain an interesting booklet and full information on the Soldier Apprentice Plan, write, phone or visit the Army Information Recruiting Centre nearest your home.*

## W. A. Held Meetings At Clandonald

The March meeting of the Clandonald United church W.A. was held at the home of Mrs. Good with 13 members and two guests present. Mrs. Hollenbeck of Vermilion, a former Clandonald resident, came in off the late train in time to enjoy the social hour with the ladies.

Mrs. H. Feenstra gave a demonstration on punch work.

Mrs. Schoonmaker was the hostess for the April meeting and again there were 13 members and two guests present. The regular membership now numbers 15. Mrs. Campbell was the guest speaker and her topic was petit-point work.

The next meeting will be held at the home of Mrs. Harold Cooper on May 5th. The roll call will be a small gift of food for the student minister's cupboard. The W. A. deeply appreciate the Rev. C. W. MacKay holding regular services in Clandonald during winter months. On Sunday April 25 he was accompanied by the Rev J. C. Gardiner president of the Alberta conference of the United Church of Canada. Rev. Gardiner conducted the service. Mr. E. Schurman of Vermilion was a welcome visitor at our services this winter.

On April 11 Rev. MacKay was assisted by Mr. Stanley Calder of Bow Island, Alta. Mr. Calder will be our student minister for the summer.

On April 22 Rev. and Mrs. MacKay their guest Miss Shirley Parfett and Mr Ernest Schurman came out to Clandonald church to show a film on the work of the Salvation Army in war time. Slides were also shown on the Lord's Acre plan. Mrs. MacKay explained how the plan is used to raise money for the church. Sincere thanks to these good people for sharing this wonderful idea with us.

It was pleasing to see so many friends from Allandale and Mr. and Mrs. Good from Vermilion.

During the past two weeks many willing workers have cleaned and painted the inside of the church.

NEWS OF THE DISTRICT

## Islay W.A. Collects Clothes for Koreans

The first Thursday in May is the W.A. meeting of the Islay United church, at the home of Mrs. McLean. Hello Mrs. Bothwell, we miss you at these gatherings. The kind of weather we have been having makes us wonder if we will be wading through snowbanks on that day. It was a lovely warm day last year, and do you remember that about 4 or 5 years ago there was so much mud and water that we had to leave our cars in Edmund McFadyen's yard and walk the rest of the way?

The ladies have been looking over some of the articles sent in for Korea. If anyone has something to send please have it in within the next week or so, or by May 8. There will be a nice box of clothing and bedding to send but we can always pack in some more.

Mr. Tom Hagen and his sister Mrs. Hunt arrived last Friday from Los Angeles, Calif., and are staying at the home of Mr and Mrs. Billie Hannon. Mr. Hagen looks really well. The nice warm climate he says is just fine and he will be going back to it.

A bright light has been noticed this past few nights and on late too, at Bill Shaw's. The writer wondered if someone was ill but later found out that it is the heat lamp for the baby chicks, some 75 of them so Betty we will be along on one of those hobo teas we hope to have and maybe it will be fried chicken!

Stanley parties are quite popular hereabouts. Last week one was held at the home of Mrs. Elsie Clark. This week there is to be one at Mrs. Bauman's and one at Mrs. Teskey's.

There has been an epidemic of limping as several have injured leg or foot and have been going along with cane or crutch. Jimmie Van den Dolder hurt his leg, then Dalt Terrance his ankle, Mr. Clark and Marion Teskey, both ankle injuries.

The Square Dance club of Islay under the direction of Mr. and Mrs. Charles Robertson held a social evening last Thursday thinking that it might be the last get-together for awhile if spring work opened up. If winter persists, they may be able to continue. The club showed their appreciation by presenting Mr. and Mrs. Robertson with a very beautiful coffee table. This was a complete surprise to both but a nice one.

Mr. and Mrs. Cliff Beck are now residing in their home on the corner opposite the church and have begun to beautify the grounds with a caragana hedge.

Gerald Inman spent the Easter holidays with his grandparents on the farm, Mr. and Mrs. Albert Beck. Ronnie Inman was home from Vermilion for the holiday week. Miss Marie Carey was home from Edmonton for Easter week and Miss Faye and Bruce McLennan were home from Vermilion for Easter Sunday. Sheila Purves spent Easter week at home.

On Tuesday night April 4 the 4-H club met with Mr. Moffat explaining the meaning of the club and the care of the grain plot, as this is a grain club. The club is sponsored by the Alberta Wheat Pool and Bill McLean is the leader.

Mrs. Doreen Gould is the proud possessor of a new deep freeze won at the big bingo in Vermilion on Saturday night.

Mr and Mrs. Liddon Buchanan are grandparents for the second time. This time daughter Alice, (Mrs. Bherer) is the proud mama of a baby daughter. Congratulations to Mr. and Mrs. Bherer of Athabasca, Alberta.

We at our house were really thrilled on receiving an invitation to the Graduation Exercises of the 1954 Class of Nurses at the Victoria hospital, Prince Albert, Sask. where Miss Joan Gurney of Kokanee, the daughter of Mr. and Mrs. Sid Gurney, graduates. It is with pleasure we congratulate Joan, also her parents.

It is quite the art to whisper these days, and there are many doing just that. There seems to be an epidemic of colds, the school is hard hit, many pupils away, also one teacher Mr Buchanan. We hope the warm weather clears it up.

Noticed Harold McClelland at home this week. Miss Katherine Carey is home from university but will return for her graduation exercises.

Last Friday night observers were allowed to the square dancing in the hall. Mr and Mrs Charles Roberston are instructing. The visitors were quite appreciative of the privilege and spent a pleasant evening. The modern square dancing is not so different to 30 years ago. It is done easily and gracefully once the dance is learned.

One day last week a number of girls gathered to celebrate Sharon Redmond's birthday. A happy time was had by all.

The afternoon ball games have started again at Kenilworth and on Sunday everyone seemed to have a good time and be in good trim.

Mrs. H. Waterfield spent two days in the city last week going up with Mr. and Mrs. M. McKerihan.

New pews are to be installed in the near future.

## $1028.00 per Farm Lost To Weeds

Weeds robbed Western Canadian farmers of $253,000,000 last year, said H. E. Woods of the Manitoba Department of Agriculture, in a talk before the first annual conference of the Canadian Agricultural Chemicals Association in Toronto.

This amounted to $1,028 for the average farm in Alberta, Saskatchewan and Manitoba or 20% of the total value of the major crops grown in these provinces.

The five chief factors contributing towards the total weed losses and estimated losses through each were:

| | |
|---|---|
| Dockage losses | $ 40,000,000 |
| Competition to crops | 166,000,000 |
| Tillage control costs | 35,000,000 |
| Delayed seeding costs | 4,000,000 |
| Chemical control costs | 10,000,000 |

Dockage amounted to 3% of the total crop or 3,000,000 bushels which took up 300 trains of 55 cars each, each car containing 2,000 bushels. Of the $40,000,000 dockage loss, $6,000,000 were spent on freight, cleaning and handling.

With the growth of farm mechanization and introduction of chemicals a revolution has taken place in weed control in recent years, Mr Woods said. The selective weed killer 2,4-D has proven effective on most weeds, is cheap, safe and easy to apply. Some 15,000,000 acres were sprayed last year in the three prairie provinces, about half the potential.

Mr Woods foresaw the development of herbicides tailored to control specific weed species, especially in their dormant or germination stages.

## HAWKS, OWLS ON PROTECTED LIST

At the last session of the Alberta legislature hawks and owls were placed on the "protected list" of birds. Heretofore these birds have been classed as predators but, according to game officials they are very useful in keeping down the rodent population, hence their protection.

## 200 Animals At Lloyd. Bull Sale

Nearly 200 animals are listed for the Lloydminster Bull sale. This is the 35th annual inter-provincial bull sale to be held at the Border City. The sale will be on May 26 starting at 10:00 a.m.

The entries consist of 4 Aberdeen Angus, 146 Herefords and 50 Shorthorn bulls and 2 Shorthorn females. All the animals entered will be checked over by a culling committee previous to the sale and any animal considered unworthy will be taken to the stockyards and consigned to a packing house for slaughter.

Two well known auctioneers will handle the sale. They are Jock Blacklock of Saskatoon and Archie Boice of Olds. Chas Yule of Calgary will judge the animals.

Anyone wishing to get a rugged, suitable high quality bull boasting of strong blood lines will have no difficulty at the Lloydminster sale.

# Kitscoty News

Mrs. R. B. Hiltz of Brownvale, Alberta, is visiting at the home of her son Mac, Mrs. Hiltz and family.

Mrs. Lawrence Watt visited recently with her daughter Miss Iva Watt, R.N., at Creston, B.C.

Mr. E. Moss was a holiday visitor to Moose Jaw, recently.

Mr. and Mrs. C. K. Miller spent a week in Edmonton recently, and Mrs. M. K. McDonald returned home with them, also Miss Marlene Quinn from the U. of A. for a few days visit with her parents Mr. and Mrs. Charles Quinn, before taking a position in Edmonton for the summer.

Misses Margaret Seward and Sheila McCorry are home from the U. of A. while Misses Betty Gray and Beth Tyler are going on tour with the University mixed chorus before returning to their homes here.

Mrs. Albert Delcioo, Kitscoty district old timer passed away last week in the Lloydminster hospital. Sincere sympathy is extended to Mr. Delcioo and relatives.

Mr. Albert Delcioo Jr., of Montreal, nephew of Mr. A. Delcioo, Mrs. Sampson of Winnipeg and Mr. and Mrs. Wesley Smith, Unity, Sask., attended the funeral of Mrs. Delcioo last week.

Notice to all ladies interested in playing softball and forming a team. Please come to the athletic grounds for a meeting and practise on Thursday May 13 at 7:30 p.m., weather permitting.

Congratulations to little Miss Kathleen Sheppard who was the lucky winner of a lovely new bike on the Kids' Quiz Robin Hood program last week.

Mr. J. Locke has returned home after spending the winter in England with relatives and friends.

The Kitscoty Curling club hung up a record for summer curling on Saturday May 1st when two rinks played a fine game on keen ice.

## Coyote Control Must Be Continued

The Provincial Coyote Control Policy has been very successful in the province since its inception a little over two and one half years ago, reports Wm. Lobay, Supervisor, Crop Protection and Pest Control, Alberta Dept. of Agriculture. At present pest control officers in 81 municipalities (including improvement districts and special areas) are distributing coyote getters and special strychnine pellets to the farmers and ranchers. In addition, 13 full time provincial pest officers have been employed to carry on and supervise predatory animal control programs in Improvement Districts outskirting municipal districts.

Over 37,900 coyote getters and 160,000 strychnine pellets have been distributed to date. Over 30,000 coyotes have been estimated killed in the settled areas. In addition over 200 special '1080' stations set out in the very sparsely settled regions of the province have accounted for a significant toll of coyotes.

There is no doubt that the coyote population in this province has decreased. As a matter of fact in some regions where '1080' was set such stations were not even touched. It is also significant to note that the sheep population has increased considerably over that of last year in all regions. Since many sheep ranchers claimed that predators were a limiting factor in sheep production it may be considered that the present coyote control policy has had a very favorable effect in the province.

Coyote control must not be relaxed. Mr. Lobay advises that there are still some areas where the coyote population is above normal and he urges farmers to continue using the available equipment and devices to reduce the coyote population. There is no doubt about the effectiveness of these devices when they are properly set out.

There are still a few incidences of rabies showing up in the area north and north-east of Edmonton. A few cases in the Peace River area are also suspected. The destruction of coyotes and other predators will not only give further protection to livestock but will also materially reduce the spread of [illegible]

## Farm Incomes

Farmers' cash income in 1953 is now estimated as 3% below the all-time high of 1952, The Financial Post says. Total is about $2,741 millions. Some provinces did not suffer a loss though: Nova Scotia cash income up a shade, and Saskatchewan reached a new record. Less than 1% drop in B.C., P. E. I. was hardest hit with a 3% decline.

## Town Problems Are Discussed at Board Of Trade Conference

The following is a resume of the various topics discussed at a regional conference of Boards of Trade and Chambers of Commerce held in March at Wainwright. The somewhat lengthy article has been consistently crowded out but as it is a yearly event loses nothing by being held over. The subject matter reveals the very wide interest in their communities taken by these bodies, and the very worthwhile work accomplished.

Representatives from 10 centres, including Wainwright, attended Friday's meeting. Visiting boards and chambers were from Chauvin, Vermilion, Lloydminster, Strome, Irma, Killam, Viking, Red Deer and Edmonton.

This was the fourth of a series of 10 such regional meetings planned by the Alberta Associated Chambers of Commerce in the province. Other conferences were held in Castor March 24, Lacombe March 25, Drumheller March 26, Lethbridge April 7, and at Medicine Hat, April 9.

It was the opinion of delegates from all of the boards and chambers that agriculture should play an important role in chamber work, the farmer is more than willing to do his fair share of chamber work.

A suggestion from Chauvin delegates asked that boards and chambers in urban areas pay every attention to the improvement of market roads. One delegate stated that it was the farmer who had to use the market roads, and that he would be happier patronizing his immediate town if he was provided with reasonably good roads on which to travel.

The Chauvin delegate stated that a successful and prosperous farmer was a good businessman and, as such was a valuable asset to board and chamber work in the community. Various board members attending the meeting told a round-table discussion how they had been successful in having an active agricultural section within their boards or chambers.

In every instance where the farm section of the board was successful the board and chamber delegates stated that having members of the agricultural fraternity added greatly to the successful operation of their boards.

EARLY CLOSING

Much discussion, both pro and con, on early store closing hours for Saturdays developed at an afternoon open forum over which Reg Mitchell of Vermilion, presided. No definite agreement was reached as it appeared boards and businessmen differed in their opinions depending on the feelings in their respective districts.

At a noon luncheon Mayor Dr. J. D. Wallace officially welcomed the visitors and expressed the appreciation of himself and council for the work carried on by chambers and boards. He said that an active chamber or board was an invaluable part of the way of life in any village, town or city.

Another enjoyable feature connected with the regional conference was a tour of the huge Wainwright army camp and the hospitality extended by camp officers. Major R. O. Jones, camp commander, and other officers welcomed the delegates at the camp.

EDMONTON SPEAKER

Speaker at the noon luncheon was Murray S. Cooke, Edmonton, supervisor of citizenship and immigration for the Dominion government. He stated that the basic essential for a greater Canada was population and he outlined policies of the federal government in bringing new people to Canada to settle.

He said he would like to see Canadians forget the word immigrants. He added that since 1947 there have been 1,000,000 new residents brought to Canada and successfully settled in their new homes.

Mr. Cooke stated that a major project would be to build up a sound and greater home market and he mentioned that this could well be a part of chamber of commerce work.

Mr. Cooke said that Canada's maximum absorption of population was far from reached.

Mr. Cooke added that, in his opinion new residents should not be forced to become Canadian citizens, because the best person is the one who willingly and voluntarily wants to become a Canadian citizen.

Other speakers included D. F. Marlett, executive secretary of the Edmonton Chamber of Commerce and Derek S. Griffin, Alberta manager for the Canadian Chamber of Commerce and executive secretary of the Alberta Associated Chambers of Commerce and Agriculture.

Mr. Marlett spoke on the importance of the right approach to governments and Mr. Griffin dealt with fundamentals of the board and chamber program.

One of the most important and pleasing features of Friday's conference were the excellent round-table conferences in the morning and afternoon. Many regional problems were discussed with a wide variety of views given by delegates from the various boards.

Names of delegates and centres they represented were: W. N. Miller and D. Folkins, Chauvin; E. G. Clark, A. Shortell and K. Fisher, Lloydminster; D. Marlett, Edmonton; D. S. Griffin, Red Deer; R. J. O'Neill, P. Tourangeau and M. Kroetch, Strome; L. Moir and C. Archibald, Irma; R. Mitchell, Dr. A. B. King, Keith Chalmers, A. Maclean, I. Miller, W. Lingings and M. Hill, Vermilion; R. G. Kinzer and S. James, Killam; G. T. Lowry, H. G. Thunnell, H. W. Whetstone, R. K. MacLaren and A. R. Huefling of Viking.

John Davidson president of the Wainwright chamber presided at the morning session with registrations taken by secretary John A. Morgan. — Edmonton Journal

## Unusual Demands On Newspapers

Extraordinary demands are often made on a publication which makes real friends of its readers, according to the Family Herald and Weekly Star, which has prided itself on maintaining such a relationship to an unusual degree. Many things are asked of it, the Family Herald says, which readers would ordinarily never think of asking. One example is a request from a reader in England to have someone make a personal investigation and report on the health of her uncle in Nanaimo, B.C.! She had not heard from him in two years.

While such requests cannot always be satisfied because they require facilities which are not available, the Family Herald points out, all efforts are made within reason to help the enquirer. Readers are regarded as members of the Family Herald family, and their problems are therefore deserving of sympathetic attention. Consultation and similar reader services have been provided by the Family Herald for many years, covering subjects which range from animal diseases to the obtaining of words and music to long-forgotten songs. Letters to these departments were written by approximately a quarter of a million Family Herald readers during 1953.

In this way, the Family Herald points out, its readers are given more than the usual entertainment and information provided by magazines, and tend to feel like members of a genuine 'family'. Like members of a family, they are quick to express likes and dislikes, they scold and encourage, ask for advice and give it as well, and continually impress on the publishers their feeling that the magazine really belongs to its subscribers.

A lot of work? The Family Herald admits that it is, but they feel that the unusual warmth of response they receive from their readership makes it well worthwhile.

The English lady's uncle in Nanaimo? He was fine. She had been using a wrong address.

# NEWS from ALLANDALE

It's very pleasing to hear of the warmer weather coming after the unforgettable month of April which showered us mostly with cold snow and more cold.

A very enjoyable evening was held in the Clandonald United church on April 22. A sing-song of old gospel hymns, ably led by Rev. MacKay was enjoyed very much. A film "The Work of the Salvation Army" run by Mr. E. Schurman was very interesting and educational. Slides were shown and explained by Mrs. MacKay showing how the "Lord's Acre" could be managed. Church board business was taken care of. Lunch was served by the Clandonald W. A. which all appreciated very much.

Mr. and Mrs. Rufus Omness and daughters Janice and Irene of New Serepta and the latter's two granddaughters Karon and Betty Hobbis and sister Mabel Lee of town visited relatives in the district on April 28.

It was a pleasure to meet and have tea with our Chatsworth scribe on April 23 and we had a chat with Mrs. Nora Ronaghan at the same time. Nora came from the city that day. It was interesting to hear that she had been nursing an old school friend of the Nelsons who was in the hospital from Vilna.

A very pleasant evening was spent at Allandale school on April 28 when a shower was held for a bride-elect Miss Helen Nelson. The evening was spent playing whist. Prizes went to Mrs. Stella Mayers, Mrs. Deisie Strome and consolation Mrs. Hilda Cross, men, Johnny Nelson, Frank Schmidt and consolation Wm. Cross. After midnight lunch a number of gifts were presented to the bride and groom-elect, Helen and Frank. A magazine end table was presented by some of the district folk and a purse also. The honored couple thanked all for the lovely gifts and extended a welcome to everyone to visit them in their home after the wedding and their arrival back from their honeymoon.

A sister of Mrs. Elinor Farley, Mrs. Cleo Bishop of Sydney, N.S., passed away middle of February. Cleo had been in poor health for over 15 years and an invalid the last few years.

Mr. and Mrs. Louis Baldock motored to the city to spend last week end with their daughter Beryl and family and son Glen.

There were around 60 people gathered for the first church service in the Allandale United church on Sunday May 2. The service was ably conducted by our student Mr. Stanley Calder, pianist Mrs. Herb McPhee. We are grateful to Mrs. Laird of Clandonald who sang a solo "Bless This House" so fitting for this occasion.

The dedication service will be on May 16 at 11:30 a.m. Let's all go to church on Sunday morning.

A reminder of our W. A. meeting to be at the Armstrong home on May 13. Everyone is always welcome to attend.

Closing Thought: If we are to fit harmoniously into His great plan, we must live in thought and in deed, humbly and reverently in the spirit of the words "I believe"

W. A. GROUP MEETINGS

The W.A. groups of the United church will meet Tuesday, May 11 at the following homes: Mrs. Hardie's group at her own home; Mrs. Dougan's group at the home of Mrs. H. N. Stephens; Mrs. Allen's group at the church; Mrs. Stan Waldenberger's group at the home of Mrs. R. Boake.

From November, 1952, to November, 1953, the number of civil servants employed by the federal government increased from 161,946 to 171,432. It is estimated that by November 1954 the total will have increased by an additional 10,000. — Quick Canadian Facts

## Garden Club Distributes Bulbs

The Vermilion Horticultural Society wishes to announce that the bulbs for premiums have arrived and are ready for distribution from Mr. Buckingham's office. They should be picked up right away. 3 dahlia and 6 glad bulbs are given out free of charge to members. Anyone in the town or district is welcome to join.

## Tips on Touring

By Carol Lane
Women's Travel Authority

One of the world's most dramatic and free spectacles take place every Spring right under and over our noses. It's the return of the birds.

A short drive to field, park or lake anywhere in our country can reveal a remarkable feathered parody of human emotions and institutions.

You can see how birds build artistic and well-equipped homes, entertain lavishly, hold courts of council or justice, impress the opposite sex and practise occupations from fisherman to street cleaner. A pair of binoculars is the only equipment necessary. Just stay still for awhile with the light behind you so that you can see them clearly.

All of us have seen a swarm of crows on a hill or tree top. Next time you pass this sight, stop for a moment. It might be a crow-court cawing accusations and passing sentence upon a miscreant who is standing sheepishly in the middle.

Or you might stop to see one kind of bird build a house of flower petals glued with spider webs, or another shape his house of clay and cover it with iridescent beetle wings and some even landscape their homes in the brush with mosses and colorful pebbles or berries.

There are far more enthusiastic amateur bird-lovers than scientific ones — like the nine million children who have enrolled in the Jr. Audubon Clubs and who take regular excursions to observe and hear our feathered friends.

Incidentally in the spring birds provide an excuse for a moonlight drive too. It's migration time and you can try to count them as the scientists do, while they cross the face of the moon.

## Sixteen Years Ago Today

*May 5, 1938*

A new well in the search for gas will be spudded in on the Clarence Barr farm by driller Whitey Wilson.

Donald Davis of the Turkey Hill district was severely injured when he fell from a tree and landed on a stump below.

Hon. W. A Fallow was guest speaker at a Board of Trade dinner meeting.

Bountiful rains this week have brought hopes of a bumper crop to the west. Starting on Sunday evening the rain never let up until noon Tuesday by which time 2.03 inches had been recorded at the V. S. A. It is estimated that 45% of the wheat is seeded with farmers watching the weed growth closer than ever before.

The new hospital was opened at Myrnam.

## Thirty-two Years Ago Today

*May 5, 1922*

The district was blessed with copious rainfall.

West-enders went through a couple of hours searching for little Andy Walker and Donnie Clark. The little tots were eventually recovered safely from the railroad tracks.

J. J Culford has purchased both the Brunswick and Vermilion hotels from Leon Goldman.

Elected at the annal meeting of the Vermilion Wool Growers' Assoc. were W. R. Hayward, J. E. Brown, E. H. Buckingham, John Grant, Lewis Hughes, E. E. Minor, R. Walden.

The town council was considering the feasibility of a new road up the hill into Vermilion. Plans were made for the building of a new town hall.

## Legislative Session Reviewed

EDMONTON Highway safety and the increasing number of traffic accidents on Alberta roads are subjects that have loomed large in the infinomdiscusse e owwgs uitsa the discussions of members of the Alberta legislature this year.

The pattern is becoming clear and was crystallized by Attorney-General Lucien Maynard last week with his announcement that the province's highways will be patrolled starting this summer with plain-clothes policemen in cars which will not be marked as police cars.

To the cries of "Unfair" the attorney general's reply is that "we have tried other methods" apparently implying that there is more that can be done to slash the highway death and injury toll. The system proposed by the government appears to be unique in western Canada as far as a province-wide system is concerned although it has been giving good results in some cities such as Vancouver.

Some of the other things in the offing which were brought out in discussion in the legislature include the engineering of safety into the highways, with elimination of unsafe curves as one factor, and the posibility that one day in the not too distant future, car drivers will be required to carry flares or reflectors which can be set out on the highway when motorists become stalled or for some other reason are forced to leave their cars on the highway.

Increased penalties for drivers convicted of driving while impaired by alcohol or while their drivers' licenses are suspended also are designed to deter persons who are inclined to be reckless on the road.

Suspension of the driver's license (and the vehicle registration) is becoming a popular way to penalize offenders of various regulations pertaining to motor vehicles.

In this regard, illegal use of purple gasoline will mean stiffer penalties for offenders, particularly those who are found using it for the third time or more. It involves a fine of not less than $100 for the third or subsequent offence and mandatory suspension of driver's license and car registration for 3 months.

Officials of the provincial secretary's office say it is the result of too many persons believing it is cheaper to use purple, tax-free gasoline and to take a chance on being caught and paying a small fine. The fines are no longer small, the minimum for a first offence being $25.

AMUSEMENT TAX STAYS

Speaking of the things which are tax free, a bid by the Liberals in the house to have the government abandon the amusement tax, which increases the price of theatre admissions was rejected. Provincial Secretary C. E. Gerhart, whose department will collect an estimated $1,100,000 from levying of the tax in the next 12 months, says it may be turned over to the larger cities as another form of municipal revenue. It cannot, he claimed, be given to small centres, to benefit in the same way, because pressure of local businessmen would prohibit municipal councils imposing it.

BUDGET STUDIED

The legislature's study of the estimates began last week, after several of the members had their say as to the type of budget Premier Manning had introduced. By the end of the week the house had approved more than $100 million, notably for spending by the health, welfare, economic affairs, attorney-general's, education and welfare departments.

"ADDED FEATURES" FOR TEACHER TRAINING

Hearing of persons interested in the problems of education were concluded by the legislature's education committee last Friday and a resolution, proposed by Education Minister A. O. Aalborg was to be submitted to the legislature. It called for increased grants for school construction in the cities and "added features" for teacher training.

The effect or purpose of the resolution was not immediately clear, particularly to opposition members who proposed a lengthy amendment which government members said they could accept only in part and therefore rejected.

The largest fresh water fishing fleet in the world operates out of Port Dover, Ontario, on Lake Erie.

## Bowtell Bulletin

All members on our telephone line please note that at the recent meeting of officers it was decided to have a certain ring for a call for help. This is to be one real long ring and means everybody listen in as someone is in urgent need of help. A neighbor had a fire recently and it takes much too long to call each person separately.

At last it looks like spring. Today is May 4th and a lovely morning.

Charlie Pierman is driving a nice new Chev car and George Gow a Chev truck.

Recent visitors at the writers were Dorothy, Johnny and Florence Isley, George Gow, Jim Repp, Ken Risdale, Bill and John Wells, Mrs. Millar, Mrs. Robinson and Rena Ronaghan. Come again folks.

Mr Gow, George, Mr. Repp, Jim and Robert motored to Wetaskiwin on Saturday to attend the sale at Stan Reynolds.

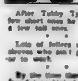
Frances Sherwood and Margaret Robinson were two of 14 young people who helped Sharon Redman celebrate her 10th birthday at a jolly birthday party.

Mr and Mrs. Robinson and family motored to Marshall recently to visit Mrs. Robinson's sister Mrs. Firth and to see their aunt Miss Kay who recently arrived from England and who is staying there. Miss Kay hopes to see her brother Mr Kay whom she hasn't seen for many years. Mr. Kay lives north of the Saskatchewan river which cannot be crossed at present due to the ice breaking up.

Mr and Mrs. Fredericks were Sunday visitors at the Lippert home.

Congratulations to Mrs. G. Gould who won a deep freeze at the big Bingo game in Vermilion Saturday night.

## Uncle CHARLEY'S "Epigrins"



After Tubby Tyler takes a few short ones he starts tellin' a few tall ones.

• • •

Lots of fellers roll up their sleeves who ain't goin' to fight or to work.

• • •

By the time that Ted [illegible] found a parkin' place he forgot what he was goin' to do.

• • •

Yep, we've still got a good nation in spite of the politicians.

• • •

[illegible]

• • •

Many a wolf gets trapped by a little dear.

• • •

Most fellers who shoot off just have blanks.

• • •

Yep, a jug and a bottle [illegible] make a feller kick the bucket.

• • •

As a man sows so shall he rip.

• • •

It's the fast life that slows a feller up before his time.

• • •

It never pays to let a [illegible] get your goat.

## WOODVALE NOTES

On April 8 thirteen ladies of the Red Cross auxiliary gathered at the home of Mrs. D. McGrath to work on a quilt and as usual spent a pleasant afternoon doing it. With so many present it gives everyone an opportunity to have a little visit with each other and in this case to have a chat with Mrs. C. McGrath. Lunch is always specially enjoyed and this time the Wolters and McGrath girls helped to prepare and serve. It was decided to send a cash donation with the quilt to the Haines family, and money to Vermilion for the Red Cross. The next meeting will be at the home of Mrs. M. Watson on June 2.

We were glad to hear that Marie Goutier was home for the Easter holidays and has recovered from her bout with rheumatic fever.

Mrs. E. Lysons visited her daughter and family at Airways, taking with her in a box on her lap 165 baby chicks and every one arrived safe and sound despite the rough roads.

Nineteen out of 27 turned out to vote for the hospital plebiscite in this small corner of Woodvale district.

We hope that by the time these few items are printed spring will be here. This weather was very enjoyable in February and March but is not much appreciated anymore now that we are into May. We admire the birds who bravely and hopefully wake us every morning with their cheery song, but even they give up later in the day when once again snow flurries fall. Nobody would mind if we would get a foot or snow to relieve the dry condition of the land but these flurries get us nowhere. The writer is going to have a look for about ten days at what the weather is like in B.C. 1954 must be our travelling year!

**By Shirley Holms, Wainwright, Alberta**

## News Notes From Your District Home Economist

POSTURE IN HOUSEWORK

Stand erect, keep things within easy reach, and sit at work whenever possible.

When you bend, bend at the knees or hips, not from the back.

Use correct tools for good posture. Choose long-handled equipment to avoid bending.

Use racks in sinks and on tables, if work surfaces are too low; or extension to legs under work surfaces if too low.

Use foot stools to raise worker if work surface is too high.

Use table on casters, cart or tray to move large quantities or heavy objects.

Good posture in housework will help you to eliminate fatigue, improve your appearance, and get rid of nervous tension and irritability.

VARIETY THE SPICE OF ANY MEAL

Our food will look and taste better if we plan variety in:

1. Texture: Some foods crisp, some soft, some hard, some chewy.

2. Color: It is surprising what a dash of color will do to us when we sit down to a table. If we use our imagination there are many ways of adding color appeal: golden carrot strips or a red tomato on our dinner plate, bits of fruit or cherry peel on a cookie or the dessert. Use color contrasts. Avoid clashing colors (for example carrots, beets and tomatoes).

3. Shape: If your potatoes are mashed serve your turnips diced. Notice how much more attractive carrots and peas are if the carrots are cut in strips instead of diced. Incidentally more food value will be saved too.

4. Flavor: Combine contrasting flavors, a sweet with a sour, a bland with a sharp taste. That is why a pickle goes so well with a sandwich.

5. Temperature: Something hot and something cold (but not on the same plate!)

6. Vitamin 'Z' for Zest: Variety and eye appeal are what give us this 'vitamin' which often makes the difference between 'let's get this over with' and 'what a good meal'.

Write for the pamphlet 3-WAY MEAL PLANNING.

MANY USES FOR NAIL POLISH

Since nail polish prevents rusting, give the bottom of tin canister sets, bread boxes, etc., a coat of colorless nail polish to prevent marks on shelves.

Coat costume jewelry that tarnishes the skin or garments, then it will give you no further trouble.

Loose knobs on a drawer will be lightly reset by dipping the screws in a little clear nail polish. Insert them, and when dry they will be tight.

Touch the center of each button on a ready made garment with a clear nail polish, this seals the threads so that the button will stay on longer.

To form a shoe lace tip, dip the end of the lace in the polish, twist to a point and let dry.

## The World of Wheat

By H. G. L. STRANGE
*Director "The Crop Testing Plan"*

INDIA EXPLORES FOOD POSSIBILITIES

One of the major problems facing India has been the development of an agricultural program which will result in greater production of food to keep pace with her rapidly growing population.

Some Indian economists believe that it is time for that country to give up its rigid single diet habits and to provide cheap subsidiary foods to wheat and rice. They point out that the price of cereals cannot be lowered beyond a certain level and that the cost of maintaining the rationing system is [illegible].

One of the subsidiary foods suggested is tapioca. This crop which thrives in a variety of soils seems to offer one of the best possibilities since in addition to being [illegible] resistant and a heavy yielder [illegible] supplies nourishing food which may be purchased more cheaply [illegible] which is easily manufactured.

One of the chief difficulties in effecting a change in diet is the fact that people tend to [illegible] eating the kind of food which they have been accustomed. A great deal of work is being done in various countries such as India [illegible] to examine the possibilities of more diversified food production within the countries themselves and this may eventually bring about certain changes in demand for imported cereals.

# Wildmere People Mourn The Passing Of George Wilson

A pall of sadness was cast over our district on Friday morning when it became known that a real neighbor and friend, and Wildmere's last old timer in the person of George Wilson had passed away suddenly Thursday evening. While he had not been well no one thought he would leave us so soon. George was one who had seen the country from its earliest days, coming here in 1906 from Scotland to farm with oxen and neighbors then were few and far between. Mail in the early days was brought in cotton sacks slung across a saddle pony's back and dumped and sorted in his home. Later in 1910 Wildmere P.O. was established. Mr Wilson was one of the first school trustees. His home was always open to the homesteaders who travelled by and many were the hot meals served and a place provided to lay their head. He was a great churchman and we think these words he expressed will always remain a monument to him. When you shut out the church you are going backwards. May we always remember these words. In the early days he was a great entertainer at concerts as we was a ... He will be greatly missed by everyone who knew him ... as Rev. MacKay said at the funeral, he had fought a good fight and won the race. The well-filled church spoke of the high esteem the deceased and his relatives held in the surrounding communities. He was a bachelor but several nieces and nephews are left to mourn his passing. In our district Mrs. Helen and John Wilson reside. "Well done good and faithful servant take now thy rest" On his book of life are many words that will remain a memory to him for years to come.

Congrats to Mr and Mrs. Howard Frissell on the birth of a 10-pound 2oz boy on April 29 at the Vermilion hospital.

Miss Peggy Graham, nurse-in-training at the Royal Alex hospital is home on holidays. Peggy spent part of a week visiting her grandmother at Ponoka and with her roommate at Didsbury.

The writer and family enjoyed a nice supper and visit at the home of Mr and Mrs. Lloyd Howard on Sunday. Mr. H Howard was down from Edmonton visiting for a few days and it was nice chatting with him again. He attended Mr. Wilson's funeral and returned home Monday evening.

Rev Mr MacKay told us on Monday that our church student will arrive to hold services on May 23 if all goes as planned.

Mr and Mrs F Gibson and family and Mr and Mrs R Martin and Doreen were Sunday guests at the Cruthers home. Mrs. Hughes and Mrs A Tovell called at the same home.

On Monday evening the writer and family and Mr and Mrs. Albert Smith and family Mr and Mrs. C Cruthers enjoyed a visit at Billie and Adam Smith's where they were shown the actual moving pictures taken by Adam on a screen. They are really very interesting and nice to see. All in all a very pleasant evening was enjoyed.

Wildmere community had the power turned on a week ago but owing to a shortage of meters the writer was not put on till this week. It really is nice.

Mr and Mrs. W Ford of town visited last week with their daughter and family Mrs. F Gibson of Basswood.

We are pleased to see the hospital vote go over so well. As the extra room and conveniences are really needed in our ever-increasing community it will be a big improvement to our hospital district and the community as a whole.

# Kitscoty High School Notes

On Tuesday the students and the staff of the high school and intermediate room were treated to a performance by the well known monologist Mr Fred Doucet. The students enjoyed his monologues of William Henry Drummond's poems as well as "The Cremation of Sam McGee".

Since spring has finally arrived baseball and softball practises have been held and a flock of hopefuls are trying for the positions on the teams. It is hoped that a strong team in both boys' baseball and girls' softball can be fielded to recapture the cups which have not rested in Kitscoty for several years.

Starting six weeks ago a weekly paper ... has made its appearance in the high school. Although claiming to be the official organ of the Communist party this publication, whose editors have not been revealed, is generally considered in the hallways of the school as being no more than one stage above the moronic level. However it is agreed by all that this periodical has served to break the monotony of the last month and one half of school. If it has accomplished nothing else ...

## Springtime Is Also Rat Time

With the coming of spring and warmer weather rats begin to migrate to new quarters, into fields, new buildings and other locations. Since springtime is normally clean-up time on farms and in urban centres it affords a good opportunity to check migration of the rat. Cleaning up back yards, alleys, trash and waste will do much for convenience, health and beauty. Besides, if we remove food and shelter, we threaten the rat's very existence advises J. B. Gurba, Asst. Supervisor of Pest Control, Alberta Department of Agriculture.

No rats have been found west of the 'poison-proofed' area from the Cypress Hills to Provost, but new infestations have been found within the area at Butze, Chauvin, Paradise Valley and Lloydminster. These colonies are being exterminated by Warfarin poison and carbon monoxide gas. Recently 112 dead rats were dug up following gassing under a large granary at Schuler, Alberta. A black rat, found in a refrigerator car was killed at the Edmonton C.P.R. depot on Sunday March 14. This is normally a seacoast type and is the first reported in the province.

Rats are a definite threat along the Saskatchewan border area. Through freight cars and other shipping they may well become a threat to the rest of the province. They could happen to you! Mr. Gurba urges all residents, rural and urban, to keep sharp watch, especially during spring and fall since that is when rats are most apt to migrate. Report any suspicions to your local Pest Control officer, he says. There are over 230 pest officers throughout the province appointed by M.D.'s, cities, towns and villages, to help with the local rat control. Warfarin poison baits are available free charge, are safe to use and easy to apply. Contact your local pest officer or District Agriculturist E. H. Buckingham for further information.

# Deanery Meeting Held in Mannville

MANNVILLE.—A Deanery Chapter meeting of the Anglican church was held in Mannville on Monday with Rev. V. Cole of Tofield, Rural Dean, in charge. Other ministers attending were Rev. W. Crowie of Vegreville, Rev. J. Moorehouse of Wainwright, Rev. D. Woeller, Kitscoty, Rev. R. Clennett of Clandonald, Rev. D. Ford of Vermilion. Mrs. Cole and Mrs. Clennett accompanied their husbands to Mannville.

# OBITUARY

EMILY GERTRUDE ANSON

Funeral services for the late Emily Gertrude Anson were held at the Islay United Church, on Wednesday, April 21st, with internment following in the Islay Cemetery. The Rev. C. W. MacKay officiated.

Mrs. Anson was born in Verulam Township Victoria County, Ontario on January 13, 1884. She lived in Ontario, until coming west in 1910. In 1913 she married Alvin Anson and lived on the family farm, south of Islay, until her death in her sleep Easter Sunday morning, April 18th.

Mrs. Anson is survived by her husband Alvin, two daughters, Ina and Rowena of Vancouver, one son, Lyle of Islay, one grand-daughter, Iris, three brothers, Wellington McGee of Cavan, Ontario, Edgar McGee of Lindsay, Ontario and Harry McGee of Ida, Ontario; two sisters, Mrs. Florence Stewart, of Peterborough, Ontario and Mrs. Harold Bradburn of Ida, Ontario.

Floral tributes were received as follows: The Family; Alex, Mildred, Eleanor, Allan and Wess, Lorne, Nellie, Patsy and Lois, Jack and Ethel, Merril, Dora and girls, Harry, Helen and boys, Don and Erma, Mr. and Mrs. Wm. Davies, Mr. and Mrs. L. Buchanan and family, Nellie and Lloyd McFadden, Mr. and Mrs. Garfield Roberts.

Donations to Crippled Children's Fund: Mr. and Mrs. J. H. Simmons, The Sherriff Family and Mrs. Hunt, G. Simmons Family, Elva, Lillian and Bill, Charlie, Olive and girls, Cliff, Edna and boys, Gordon and Betty Purser, Mr. and Mrs. W. S. Hanna and family, Mr. and Mrs. J. R. Hanna and family.

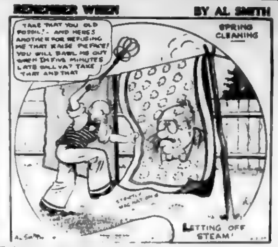
In New Brunswick encouraging results in creating ice-free highways have been obtained by mixing a German-invented chemical compound with the asphalt surface of a test road strip. Quick Canadian Facts



# Pleasant Valley

It's here at last folks, the lovely spring weather which we have been awaiting for so long. The robins are singing and the ... are back, so everybody wear a smile, dig out your rake and get some of this nice sunshine.

The topic ... is how busy the men will be when they get started on their spring work ... but what about the women preparing meals the clock around?

Mrs. Edgar Williams hauled two loads of seed grain with the truck on Monday while Edgar was busy cleaning out their well. She will also help with the tractor work on the land so you see folks the men do not do all the work.

Doreen Gould had her deep freeze delivered on Monday. How lucky one can be just playing a game of bingo ... hope you fill it up with lots of garden stuff this fall Doreen.

Congratulations also to Chrissie Gould and Mrs. Gillies as they each won an electric alarm clock. Luck smiled on Pleasant Valley that night folks didn't it?

Mrs. Gillies and the writer spent an afternoon visiting Mrs. McClelland. It was nice seeing her again after such a long winter.

The service at Pleasant Valley was well attended. It was nice to see Mr. Bowser out and around again.

Get out your glads and dahlias, prepare your soil. The sun may beat hot on your brow but remember the sweet peas should be sown now. Take an old pail to the barn and fill with liquid manure and pour this into the trench, plant seeds and just watch them grow! I promise you will have fall flower show winners. Hi Isabel, did you try it last year?

During 1952 8,378 men were added to the strength of Canada's armed forces.

On the average more than half a million Canadians travel by railway every week.

SEEDTIME and HARVEST

Massey-Harris, pioneer in the farm implement industry, pioneer in power farming equipment and world-leader in the self-propelled combine, now becomes greater than ever by the acquisition of Ferguson—pioneer in the application of hydraulics and the mounting of implements to make tractor and implement an integral unit—known universally as the Ferguson System, which has been much imitated but never duplicated.
From the pooling of engineering skills, the more advantageous use of manufacturing facilities and efficiency that can be effected under a single management, the new organization of Massey-Harris-Ferguson goes forward to make a greater contribution than ever by developing new and more efficient machines to make farming easier and more profitable.

Makers of high quality farm implements since 1847

What's your pleasure, sir? Is it a breezy "loafers and sport-shirt" outing—a gay "white-tie and tails" evening—or a little of both? You'll find the gay versatility of Oldsmobile deepens your enjoyment of any event.
There's something so heartwarming in just the look of the car—long, low, and sleek, with a lively harmony of glamorous colors. Then, there's the sense of power you get from the history-making new edition of the famous "Rocket" engine. And this great, high-compression 185 h.p. power plant is so beautifully balanced by Oldsmobile's superb riding qualities that you're cradled in comfort, easy and safety, always.
But words can only tell you so much! We suggest you let your eyes and driving experience tell you the full story of this year's magnificent 88 and 98 Oldsmobiles. Ask your nearest dealer to let you get behind the wheel. And from the moment you turn the ignition key, you'll find the pleasure's all yours—in more ways than you believed possible.

# Health Unit Notes

THUMB SUCKING

Sucking is one of the first things your baby does. It's natural. It's satisfying. He gets his hand that way and then it is one of his very first experiences of pleasure. When, early in life he begins to move his hands about they find his mouth sooner or later. A finger or thumb touches his lips and he begins to suck it. Since sucking gives him a pleasant sensation, he'll want to do it again. In this simple fashion the habit of thumb sucking begins. But as your baby gets older he gets other satisfactions and you can expect him to spend less and less time at his first pleasures of which sucking is one. The sucking instinct is strongest in his first six months usually tapering off gradually from then on.

IT BECOMES A SUBSTITUTE

If your baby is not getting enough of the satisfactions he needs he may cling to the thumb sucking habit even after he has passed on through the infancy stage. This is how the habit starts and grows into a problem. Your baby may be getting enough rest and eating it but this lack of satisfaction in sucking his thumb. Good sleeping habits can be taught now that he has a quiet place and dependable routine which to sleep pleasant thoughts to go to sleep on a small book or toy to hold in his hand. He needs to have enough opportunities during his waking hours to get about and do things so that at the end of his day he is healthily tired. Frequent naps will keep the child both rested and quiet for his growing needs. Quite early he should have time for stretching and turning, for a change of scene, for leaving his carriage bed to move on the floor or in a play pen. Boredom can drive your child back to his early pleasure while pastime of thumb sucking. If you restrict him too much in his activities with your "Don'ts" or avoid him continually, he always has his old comfort to which to return.

IS NEEDS YOUR INTEREST

From early days he needs toys to look at later to hold. He needs you to talk to him, love him, share his fun in listening to the rattle watch the light on the wall, the trees moving in the wind, the way he pushes with his feet and raises him self up. Your companionship in such things will help him grow out of his earlier pleasures including thumb sucking. As he grows he will want places to play, children to play with and play materials that will encourage a wide variety of activities. Little children need a wide variety of playthings — paper hunt sessions, modelling clay, a set of coloring pencils, brushes, a paper and all sorts of simple things like empty tin cans and kitchen utensils. Life without these things is sure to be unsatisfying. Be sure to start off on your sucking habit thumb.

All the time that he is growing and developing so much he should be feeling sure all that he belongs here because you love him so much that you want him around and appreciate all the things he does. Your care can give him deeper and more lasting satisfaction than this habit that may trouble. It is natural enough that unnecessarily his efforts to learn by exploring about him when you're angry or tired then you are encouraging such a habit as thumb sucking.

It is important to remember that this small child is apt to suck his thumb at times. If he does it only when falling asleep or even for short periods sometimes when awake there is little cause for concern. But if it becomes a very frequent practice in a child of over one year you can be sure that something's wrong in his world.

In most cases early habit thumb sucking habit is carried to such an extreme that the thumb gets sore or the shape of the mouth is affected.

Avoid mechanical remedies. Seek the cause of your child's dissatisfaction that is to blame for the habit. Remember that as your child grows he needs new and different interests. He will discard early habits since they've stopped serving their original purpose. If your child has friends of opportunity to do things if he has a happy and interesting home life then he isn't likely to go back for long to a baby's way of getting pleasure.

BABY & PRE-SCHOOL CLINIC

Friday, May 14 — Marwayne hall 10 to 12 noon

Friday, May 14 — Kitscoty clinic 3 to 4 p.m.

## Anglican Men's Club Sponsor 3-act Comedy

The Anglican Men's club are sponsoring a three-act comedy stage play which will be presented in the auditorium of junior high school on Friday evening May 14 at 8:15 p.m. Tickets will shortly be on sale at 75 cents for adults and 50 cents for students.

The play will be by the Dramatic Society of St. Thomas Anglican church, Wainwright. It has been presented several places and is rated as much better than usual. It is a three-act comedy entitled "Chintz Cottage" with a cast of seven, both ladies and gents. As stage plays are uncommon in Vermilion the coming of the play of amusement will no doubt be anticipated by many. 49-4

## Of Many Things . .

By AMBROSE HILLS
FARM VALUES UP

When I was a young fellow I taught school in what is now a busy tract in Manitoba. The Ukrainians were wonderful settlers. I think we can thank them largely for the most spectacular rise in land values in Manitoba since 1925-'29.

As far back as I can remember the Ukrainian farmer was talking about conservation of soil. The chalk dust from off my school board, though he had considerable difficulty pronouncing his name, once told me "Prairie farmers make a big mistake to put all their hopes in wheat. They should grow corn, flowers, peas, sugar beets. They should do more mixed farming."

Over the years I have watched Western Canada do that very thing. And the other day when I saw the report issued by the Dominion Bureau of Statistics showing the average value per acre of occupied farm land, I realized how true this prediction had been. Manitoba land values have tripled.

In Saskatchewan where diversification has been less rapid the growth in land values while substantial is not spectacular. It is, however, the trend now and every encouraging has resulted in a substantial increase in land values, but the gain has been somewhat less than in Manitoba.

I am convinced that every West ern province would do well to have one or two Ukrainian farmers in their agricultural departments. They would discover that crop diversification, more efficient land use and less reliance on wheat as the main source of farm income is the answer to increasing the value of farm land. Some farmers have already proved that to be so. In many districts particularly they have stopped putting the production emphasis primarily on wheat. I believe conservation of farm land such as the splendid one at Morden, Man., deserves a great deal of credit for this. But even more effective has been the example of the Ukrainian farmer in many districts where production becomes reasonably prosperous.

I taught school among those Ukrainians during the depression. Although there was plenty of poverty and hardship throughout the West, I found the Ukrainian children to be very well nourished and healthy. They seemed to have above average intelligence. I have always felt that Canada should thank her lucky stars that they chose to settle here. We could still learn a great deal from them.

Vol. XLV. No. 45. Vermilion, Alberta, Thursday, May 13th, 1954. $2.00 a Year

# New Gas Turbine For Canadian Utilities Plant Arrives In Vermilion - First In Canada

The new gas turbine for Canadian Utilities plant in Vermilion arrived here this Thursday. It required six freight cars to handle the huge shipment which came all the way from Baden, Switzerland. The installation will be housed in a new 28 foot by 100 foot building extension to the present plant, and this extension has already been completed.

This turbine is the first of its kind to go into operation on the vertical generating unit in Canada. It was manufactured by the Brown-Boveri Company of Baden, Switzerland and has been received in two shipments. The first shipment comprising the foundation structure arrived last Thursday with the final consignment of the unit itself with attendant auxiliaries coming into Vermilion this Thursday. It was held up in Edmonton for several days where it was displayed, presumably protected, and attracted much attention.

The addition of this unit will bring the present plant capacity up to 15,000 kilowatts during the summer and a maximum of 17,000 kilowatts during cold or winter period.

As the demand for more electrical energy throughout Canada is exceeding all expectations of experts, new unit is very welcome and will be a much needed asset in the very near future. It will make Vermilion even more than ever the electrical center of rural power lines. It will be used principally on peak loads both summer and winter.

The new unit was one of seven being manufactured at the Brown-Boveri works. They are all of basically the same design, the main difference being in foundation construction. Six of these units are for power generation in the Arabian oil fields.

Gas turbines as a prime mover have been built and sold for about fifteen years and today there are at least 75 of the larger electric generating units in service in Europe, parts of the world operating mostly on fuel oil. A number of turbine electric sets have been placed in service in railway locomotives in the U.S.S.R. Britain and Europe. Data is still being collected on the overall operating costs as compared to steam and diesel.

The installation will be housed in the recently completed 28x100 foot extension to the main plant which now houses the present 9000 k.w. plant 64 feet on the main floor and basement will house the gas turbine generator, and the remainder of the floor on the main floor will accommodate a new machine shop. A new 36 foot switch room will be located in the basement.

Fuel will be natural gas from the nearby gas fields and a connecting line to the Viking-Kinsella field. Water for cooling the generator and the oil coolers will be supplied at the rate of 300 gallons per minute from the artificial lake in the Vermilion Provincial park which the company helped to create two years ago to ensure an adequate supply of water for the steam plant condensers.

Value of the new equipment is approximately $650,000 so that the project when completed will cost an estimated $820,000.

The Vermilion plant is the central source of electrical supply for the area surrounding from Vermilion to Lloydminster inclusive and as far north as Cold Lake. Within this territory the company serves 61 urban communities, 30 rural electrification districts and 3 oil fields. In addition to this the company is being called upon to supply the massive power requirements of the large project of the Department of National Defence at Cold Lake.

## New $13,000 Fire Truck Delivered

The Bickle-Seagrave triple combination fire truck ordered by the town council was delivered here on Wednesday when the sales engineer representative for the company Mr Murray Holland turned over the keys for the new fire fighting unit to Fire Chief Tom Conboy. Prior to this the engine had been inspected by town officials and members of the brigade. A course of instruction was given to the firemen by Mr. Holland during the afternoon.

This unit is a triple combination 500-gallon per minute Class 'A' pumper. It carries 500 imperial gallons of water along with 1200 feet of 2½ inch hose and 400 feet of 1½-inch hose. It is one of the first fire engines to be delivered in Alberta under the new specifications of the Dominion Board of Underwriters.

The Standard hopes to have a picture of the flashy new fire fighting unit for its next issue.

Incidentally the price of the fire truck ordered was $13,788. As a result of the change in the budget this spring the 1% per cent was saved, reducing the cost to the town to $12,334.

## Vermilion 4H Clubs Obtain Seed Grain

Saturday afternoon was a busy time for 42 boys and girls in the local 4-H Grain clubs. Seed was allotted to members who had joined the clubs last March.

The meeting was addressed by District Agriculturist E. H. Buckingham who explained what was required in seedling the plots and getting them ready for judging next August.

Mr Buchingham said that the Wheat Pool sponsored wheat clubs by paying part of the cost of the seed and in many other ways The Line Elevators Assoc. supports the barley clubs in the same way.

There are 16 members in the wheat club and 26 members in the barley club. Meetings are held during the month and seed fairs in the fall. Roy Jory is leader of the barley club and Lloyd McFadden is leader of the wheat club.

Announcement of the Young Farmers' week at the University was made by Jerry Moffat. The Wheat Pool pays the expenses of one delegate from each district. Nominations were made at the meeting but it is not known yet if a Vermilion club member will be selected.

## Lady Singers Will Present Variety Musical Program

The Vermilion Ladies' Choral group will present a variety of musical numbers in their program at the Columbia theatre on Sunday evening May 30 commencing at 9 o'clock. Featured is a guest artist, Mr Charles McGaughey pianist who will certainly delight all with his renditions. The choral group will be sing several numbers including a few spectacular lively hymns and there will be some solos. Wm B. Eldred is conductor and accompanist.

Tickets are only 50 and 25 cents and may be obtained from any member of the choral group. 49-4tc

## Lt.-Col. Bradburn Inspects 'Ols., L.E.R.

Officers and men of 'A' Coy., The Loyal Edmonton Regiment were honored on Tuesday night by the visit of the newly appointed officer commanding the regiment, Lt.-Col. R. A. Bradburn.

The Commanding Officer carried out inspection of the Company on parade. Following the inspection a program of entertainment followed which was in charge of Capt. D. Roy, OC 'A' Coy., and A. E. Kaiser, chairman of the Citizens committee.

## Five New Teachers Assigned To Schools

The Vermilion school division added five new teachers to the staff at the first of May. all graduating at that time from the Faculty of Education one year teachers course. The new teachers were assigned to various schools as follows Miss Marlene Clark to Lavada school; Miss Thorhild Lathaug to South Vermilion; Miss Enid Holden to Deer Lake; Miss Elizabeth McKerihan to Vermilion; Miss June Gunderson to Kitscoty.

## Special Services this Week-end, May 15-16

## Salvation Army Observing 35th Anniversary In Vermilion and District

The special anniversary services marking completion of 35 years of service in Vermilion and district by the Salvation Army will be held. Salvation Army corps this week and May 15-16 and Lieut.-Colonel Bigwood will be conducted by Brigadier and Mrs. S. Gennery of the William Booth Memorial Children's Home in Calgary. These officers entered Army work from Calgary Temple in Toronto in 1925 and have not only held appointments on the prairies but have been in charge of Salvation Army corps in Newfoundland and New Zealand. The Brigadier is a keen Bible student and Mrs Gennery an outstanding vocal soloist.

In her earlier years she attended down a professional career in singing to become a Salvation Army officer. On Saturday night, a musical program will be presented in the local United church at 8:15 p.m. by the local Corps band and other guest artists. Admissions for this program are procurable from the band members. There will be three services on Sunday at 11 a.m. 3 p.m. and 7:30 p.m. The afternoon service will take the form of an illustrated address given by Brigadier Gennery. On Sunday evening prior to the indoor service an open air meeting will be held on the Brunswick hotel, if the spot where the Army conducted its first meeting in Vermilion. The public is invited to attend any or all of these special services.

## Plans Completed For May 24th Sports

Every one should make it a point to be present May 24 for the family sports day at Vermilion. It is the first big holiday of the summer season and Vermilion sports have been planned with a view for something for the whole family. Not only to watch but to participate in.

The program has now been finalized and the following committees appointed to handle the many components:

Senior Baseball — J. R. Boake, Bob Anderson, G. Park, Adam Lauer
Junior Baseball — W. Sutherland, J. Bell, N. Bentley, F. Welsh, W. Cuthbert
Country Baseball — G. Stephens, Watts, G. Moss, F. E. Smallwood
Ladies Softball — L. Puckett, Carmichael, J. Gorley, K. Mosher
Girls High School Softball — Kohstalik, Will Elliott, Al Weeres, Ollie Nelson, Chas. Ellis, Al Ogier
Miss F. Weresuk Miss C. Mahan
Boys Softball — Ivy Yeo, J. Hollins
Walker L. Hatherather
Track Events — Glen Tuck, M. Hill, D. W. Cowgert, A. H. Cowgert
Dance Committee — E. Corley, L. Kehoe, L. Amos
Officials at Large — R. E. Carroll, D. R. Mitchell, W. F. Stewart.

## 1500 More Fish In Vermilion Lake

1500 more pickerel, perch and pike all adult fish, were placed in the Vermilion Park lake during the week. The planting of the fish was done by the Fisheries Department of the Alberta Government. The fish were reported to be heavily egg laden and promptly began nosing upstream to spawn.

Interest in the park lake is at such quite manifest. Boats are on the open water while the play ground equipment at the beach picnic tables and the shower are busy for the use of the public. Camp kitchens, lunch houses and all equipment left around the park grounds came through the winter in very good condition there was no sign of any damage or vandalism whatever for which the youngsters and people of the area in general are to be commended.

## Active Baseball Season In Prospect; League Opens Schedule May 19th

A very active baseball season is in prospect this summer with a total of seven league already organized and playing. Keen competition is planned. The first home league game is billed for tonight May 13 when the Vermilion Senior Hills team The Vermilion senior Hills team The Vermilion senior Hills team will play host to Paw Hills — Wednesday May 19

The loop is called the Eastern Alberta baseball league and will consist of St Paul Pee Hills and Vermilion holding franchises

The league is sanctioned for West ern Canada baseball league.

Opening games of the season are as follows:

Wednesday May 19 — Edmonton at St. Paul

Thursday May 20 — Edmonton at St. Paul Vermilion at Paw Hills

Friday June 4 — Edmonton at Vermilion

Saturday June 5 — Edmonton at Vermilion St Paul at Paw Hills

Monday June 7 — Edmonton at St. Paul Vermilion at Paw Hills

Tuesday June 8 — Edmonton at Vermilion St Paul at Paw Hills

A complete schedule will appear next week.

## Town-wide Clean-up Is Planned; Pick-up Day Wednesday, May 26

By a combined effort of the Council and Board of Trade a town-wide clean-up campaign has been organized and is being established this week and next through the organization of business men of the town through their Standard advertisements.

The plan briefly is that every householder put all business men clean up around their premises take the accumulated refuse garbage etc. to the rear of their lot in a place handy for the pick up men Have this done prior to Wednesday May 26.

On Wednesday a fleet of trucks has been engaged by the town council. These trucks will call at every place and gather up the piles of rubbish taking it all to the nuisance grounds for burning.

The success of such an effort depends on the 100 per cent cooperation of every person in town and this means everyone — renter and owner house-holder and business man alike. A clean neat tidy town makes a very fine impression and will attract more visitors and a greater volume of business.

## VERMILION BUSINESS AREA TO BE PAVED THIS SUMMER

The Council of the Town of Vermilion is taking yet another step forward in a decision to hard surface many of the streets of the business area of the town and a long period of time plans have been laid which will result in Vermilion keeping well in the lead with respect to convenience for her citizens and her appeal to the public generally.

Mayor R. C. Hewhart announced at the annual meeting of the town in February that the hard surfacing program was under active study and the large number of ratepayers in attendance at the meeting volunteered a resolution favoring the proposal and urging the Council to proceed with the work even to the extent of utilizing a large portion of the town proceeds in gilt-edged securities.

After a tremendous amount of planning and estimating work decided by the Council to commence with the hard surfacing of the streets in the business area of the town. Tracks be joined to hard surface with highways 16 and 41 and that the pavement would be carried right to the Brunswick hotel to connect with the pavement on Main Street and east on Main street and First Street South two blocks to the Masonic temple on Main Street and the corresponding corner on First Street South, and on Bridge Ave. from the Geo. Webb garage to the top of the river hill.

There is an estimated 33000 square yards of hard surfacing in the area described and tentative estimates of cost approximating $70,000 including estimating, planning and supervision fees. The Council has engaged the services of Messrs R. M. Hardy and Associates, recognized as the leading paving engineers in Canada and the Western U.S. Tenders will be called in the very near future unless there is a largely signed adverse petition from the owners of property abutting the proposed improvement.

Citizens at large will be pleased to know that only a comparatively small part of the actual cost will be chargeable against taxes as the business places receiving benefit will bear much of the cost over the 15-year period.

It should be pointed out that the suggested and planned program will cost no more than the regular program which has been so acceptably received in recent years. The maintenance cost of the streets area will largely disappear once the hard surface has been completed. It is maintaining business and all residential streets suitable for spraying of asphalt such as has been done for the past two years in order to keep the dust menace to a minimum.

A number of contractors interested in carrying the project to a successful conclusion have already been inspecting the base which will carry the proposed surfacing and all are of the opinion that the base that has been built up over a period of years, helped by the oiling program of recent years is of the finest quality. It is interesting to note that the engineers, the Department of Public Works officials and contractors generally are of the firm opinion that assuming an ideal base only two inches of blacktop are necessary to a smooth and a lasting surface. Members of the Council have had in mind a considerably heavier application but the present would be adequate if it was been accepted and it is anticipated that Vermilion's streets although will be paved generally for transport by the Government to the north and south will give assistance either in the present or the future will be forthcoming. Plans were made for the necessities of engineers, contractors and engineering departments of the Provincial Government and the City of Edmonton and every possible effort will be made to expedite the best possible surface on the streets of any town in the province at the heaviest traffic

Citizens generally will favor this forward move and the Standard joins others in complimenting the Council for their foresight in planning a program for the benefit of the town and their energy in prosecuting the necessary detail work.

With the further development of the Vermilion Provincial park, the proposed park of a splendid Pre Eighties and the employment of a full time Recreation Director to promote the sports and recreation, and this great forward move towards the hard surfacing of streets in the Western Canada Vermilion may well lay claim to being a thoroughly progressive town.

## Mannville Student Gets Reader's Digest Award

MANNVILLE — Miss Florence Otto, valedictorian of the graduating class at Mannville high school has been given the annual award of the Reader's Digest Association presented to students who by their successful school work give promise of attaining leadership in the community. The award was announced by Mr. H. A. Doherty, principal.

Miss Otto will receive an honor ary subscription to The Reader's Digest for one year and an engraved Certificate from the Editors in recognition of past accomplishment and in anticipation of unusual achievement to come".

The Reader's Digest Association has planned these awards yearly in senior high schools throughout Canada and the U. S. to the valedictorian of the graduating class. The awards are part of the educational program sponsored by the Association and were a logical outgrowth of the wide use of The Reader's Digest in school work.

Miss Otto has been an outstanding student all through her high school years coming very close to winning awards in both grade 10 and 11

## Tree Planting Car On This Line

The value of tree planting will be explained to Alberta farmers by the Canadian Forestry Association's special tree planting car which will be in Vermilion on Aug 14 Manville on Aug 15 Minburn Aug 16 Innisfree Aug 17 Blackfoot Aug 18 Kitscoty Aug 19 Islay Aug 21 49-4tc

## SAVING TO SAVE

[illegible] tion any other kind of liability to the community by spending months in various institutions at the taxpayer's expense

[illegible] Dominion are a chain of centres of civil services operated by the people of all ages. The annual Red Feather Appeal will encourage this "work of Mercy" to continue. **35 YEARS OF SERVICE**—

Thirty five years ago, Capt. Bennett and Lieut. Kaigan arrived in Vermilion to officially "unfurl the Flag of the Salvation Army in this district. Despite the lack of facilities, material means and members, these two lassies possessed FEARLESS FAITH and firmly established the work of the Army in this town.

Since that memorable day in 1919, during prosperious as well as lean years the work of the Army has been in operation. Who can estimate the good done during this period of 35 years? For these 35 years The Salvation Army has endeavored to the spiritual and social needs of this community for 35 years. Officers have been stationed here to listen to the appeal of the hungry the heartsick and the helpless. For 35 years the Army has taken the message of the Gospel to the street corner's. For 35 years it has sent Merry Best his own kept open in the Army Citadel where seeking needy souls have been able to find Christ. During the week end of May 15th and 16th, special Anniversary services will be held to commemorate the completion of 35 years of "Active Service" by The Salvation Army in Vermilion.

The Standard is pleased that during the whole length of these 35 years the columns of this newspaper have been freely offered for the forwarding of the truly wonderful work being done by the Salvation Army, a dual organization of church and social agency. No worthier cause was ever helped

*FARM LABOR*

## Don't Separate Brainy Farm Labor

The farm labor picture looks somewhat brighter this year than in previous years. The chance of procuring Canadian workers who have had some experience appears brighter than in previous springs, advises F. H. Newcombe, Director Farm Labor, Alberta Department of Agriculture. The Federal Provincial Farm Labor committee will not be bringing in displaced persons or German Nationals as they have done. Some may arrive, however under other auspices.

My Newcombe would like to urge all farmers to place their applications for farm workers with their District Agriculturist office. He says it cannot be guaranteed that all applications will be filled but the sooner they are filed the better the chance of securing help

Segregation of academically brilliant high school students is not a good thing, according to most respondents to a question by The Financial Post.

They enumerate many reasons why. Among them:

Classes would lose stability provided by cross-sectional representation. It would be psychologically unsound for both groups.

Specially qualified teachers may not be available in sufficient numbers for the advanced classes

Difficulty of accurately differentiating student ability.

There are many alternate suggestions, however. These include: smaller classes, special teacher attention, opportunity for extra work and exploration for the brilliant.

Those who favor segregation point to human resources as a precious thing that deserves and requires greatest development for the general good. Segregation would both achieve this and give freedom and its ill effects among those who are ahead of the rest of the class.

*STUBBLE BURNING LOSSES*

Officials of the provincial government department of agriculture strongly advise against the burning of stubble. The nitrogen lost through burning would if purchased in the form of commercial fertilizer cost about $2.63 an acre or $263 for every hundred acres. Furthermore valuable organic matter is lost. Without it the soil dries out more quickly and is left far more susceptible to wind and water erosion

# LETTERS TO THE EDITOR

Vermilion, Alberta,
May 11th, 1954

To the Citizens of Vermilion and District:

The Salvation Army is soon to launch it's annual drive for funds and the campaign this year is of particular interest to citizens of the Vermilion area as the year 1954 marks the thirty-fifth anniversary of the commencement of the work of the Army in Vermilion. It is hoped that the current campaign will receive unusually generous response in view of the splendid accomplishment over the long period of service.

The Salvation Army is rather a unique organization, in that it offers its services without restriction to all who have need. For many many years this great religious organization has made its impact felt throughout Canada and much of the rest of the world and there can be no question but that it is reserving of generous public support.

When overseas, during the First World War, I found, in company with my comrades that the "Sally Ann" was always in the forefront ready and eager to meet the needs of those engaged in the grim business of war: veterans of the second World War are also loud in their praise of this great service organization and wherever ex-servicemen congregate one hears praise for the work that was so effectively carried on during the war years.

There has been no diminution of the good work of the "Army" in times of peace and seldom do we hear of calamity or industrial strife without learning that the Army is present to lend its aid to those who suffer.

Regardless of conditions we find that there are always those who require the occasional helping hand and the Salvation Army has shown through the years that it is ready to assist worthy people in times of distress.

I cannot too strongly urge that every possible co-operation be given the Salvation Army in its Self-denying appeal to the public for financial support.

Yours very truly,
S. C. Hackbert,
Mayor, Town of Vermilion.

# HOW TO AVOID WORRY

Worry, as medical men know, can actually induce organic disease. And even when it does not, it can devour energy and undermine the health and shorten life. Yet worry is quite curable.

A. J. Cronin, noted doctor-writer, offers in the May Reader's Digest a prescription for avoiding "Public Enemy Number One", which is worry.

By learning to control our thought processes we can put worry in its place — battling it and so achieve this control we should rid ourselves at once of the false notion that worry is a peculiarity of the weak and the failures. Worry can be a sign of great strength. Proof that a man wants to succeed in life and that worry whose names are immortal have been distinctive worriers, but they have learned how to deal with worry.

Cronin suggests: "Make a list of your worries. When they are down on paper you realize how many of them are vague and futile. An estimate would run small as follows: Things that never happen, 40%. Things past that can't be changed, 30%. Needless health worries 12%. Petty miscellaneous worries, 10%. Real legitimate worries, 8% . . . What we dread rarely comes to pass."

Financial worries constitute a great part of all anxiety. The Digest article suggests that there is one way to solve them — by following Thoreau's classic etchoris: "Simplify, simplify." By living more simply, by cutting out certain luxuries, we may rid ourselves of many distracting worries.

For self-pity too, the article sees no panacea. "Instead of pitying ourselves as the hostile at evidence, we must look upon these misfortunes — and come thus to realize our true place as members of a family, community, nation."

But the finest antidote to worry is work, Reader's Digest contends. As Henry Ward Beecher said: "Work is healthy; you can hardly put more upon a man than he can bear. Worry is the rust upon the blade."

**By Your District Agriculturist**

# "GREEN ACRES"

*GRASSLAND FARMING*

Beef and dairy cattle should get 80% of their feed from roughage that is good hay and pasture. Brome and alfalfa mixture gives four times as much feed as the native grass. It has the best power to get forage seed and seed down some old land to grass. The local plant at Marwayne, Gordon Ross at Vermilion, Jim McCauley at Mannville and Wm. Tym of Islay, have brome seed on hand from the Alberta Seed Growers Co-op.

*LLOYD BULL SALE*

Stock men, do not forget the Lloydminster Bull sale on May 28. Even if you don't need a bull you ought to come out and see 200 bulls sold by auction. Sale starts May 28 there is another big day at Lloydminster, the fat stock show and sale which includes the Junior 4-H calf clubs.

*SOIL BLOWING*

I hesitate to harp on this matter again but I feel it is of great importance. Soil blowing in the 1953 crop years blowing last week. With high winds, it could become dangerous. Farmers in Southern Alberta at Kansas and Texas wish they had practiced cover farming. If your land starts to blow in some thing right away. Use the cultivator to throw up ridges or plow furrows at right angles to the wind. Summer fallow first but do not burn the stubble.

*PROTECT YOUNG PIGS*

Possibly 25% of young pigs are lost during the first ten days of birth from crushing, chilling or being eaten by the sow. Why not use a farrowing crate, a creep for the young pigs or heat lamps, if you are on the power line.

*MOULDY GRAIN*

Mouldy grain is not poisonous to live stock generally speaking. Any time feeding mouldy grain to cattle sheep or pigs should watch the animals carefully and if there is any reaction, wrong amounts may be present. After a few days the mouldy grain used to mouldy feed and eat it fairly well. NEVER feed mouldy sweet clover.

*GROWING SWEET PEAS . . .*

Plant them early. When the plants have six leaves, pinch out the top, then thin out to 6 inches apart. As other branches come up pinch them off, too. Water freely with plenty of water. Build a fence 7 feet high and grow sweet peas you will be proud of!

S. H. Buckingham, D.A.

In 1939 Canadians paid $47 million in individual income taxes. In 1953 they paid $1,235 million!

# Student-Teachers To Train For Three Six-Week Periods

Three consecutive summer sessions of six weeks each will be given student-teachers training under the special emergency teacher training program.

The student-teachers will be allowed to teach in schools for a regular school year when they have completed each of the first two sessions. Following the third session, they will become certified teachers.

The course, which probably will be offered on the campus of the University of Alberta at Edmonton, is eligible to students who are 18 years old as of Sept. 1, 1954 and who can met the minimum admission requirements to the Faculty of Education.

If the potential student-teacher is attending school, he must have no less than 67 high school credits including English, Social Studies, Mathematics and Science at the Grade 11 level and an average of not less than 60 per cent in these subjects. The student must also be registered in either high school branch in enough high school subjects to enable him to obtain a high school diploma. The school program must include at least four Grade 12 subjects while the minimum standard must be "B" for any Grade 12 subjects which have already been passed.

All university tuition fees for the six-week courses will be paid by the Department of Education but students will have to pay their own board and transportation. Student-teachers in their first year will receive salaries $200 below that of inexperienced teachers with only one year of training.

# Dewberry W. A. Life Membership

DEWBERRY — Regular monthly meeting of the United Church W.A. at Dewberry was held recently at the home of Mrs. E. Brett. In attendance were 14 members and 3 visitors.

Following the singing of a hymn and repeating the Lord's Prayer Mrs. Webedale read from the Bible. Mrs. Ewen read the message from the Upper Rooms, Study with the ladies this thought "Spiritual work stimulates our appetite for spiritual food"

Minutes were read and approved. Mrs. Ewen gave the treasurer's report. Approximately $70 was cleared at the Easter tea. A very special thanks for all the generous donations. It was moved and passed that the Upper Rooms help with the building fund.

The Sunshine Lady reported that three cards had been sent. One was a birthday greeting to Mrs. W. Gardiner, a member of her Unit, year. Mrs. Curtis sent along 70 thimbles to add to the birthday box.

A motion was made by Mrs Brett concerning the chicken supper. A bazaar will be held in connection with it this year. The date is to be set later.

The highlight of the meeting was the presentation of life membership pins to three members. These were Mrs. E. Brett, Mrs. S. Webedale, and Mrs. W. Ewen. Despite the fact that this was a surprise event the ladies replied most ably and graciously.

Happy birthday was sung to Mrs. G. Finney the birthday member for this month.

The President led in the benedic tion.

The hostess served a delicious lunch. The next meeting will be held at the home of Mrs. May Middlewood.

# Shower at Mannville For Bride-Elect

MANNVILLE - A miscellaneous shower was held on Tuesday evening for Miss Isabel Smart by a number of the young people. After a contest and a short program consisting of a novelty number by the Misses Adele Matney and Betty Proudfoot and a duet by Misses Norma McLaskie and Doreen Gerhart with Miss Carol Mercer accompanying both numbers, a gayly decorated hay rack pulled by a toy tractor was brought in by Loretta Swain and Evelyn Rose. The hay rack contained many lovely and useful gifts for the bride to be. Miss Smart expressed her appreciation to those who were responsible for the shower and for the beautiful gifts she received.

Mrs C. Swain and Mrs R. Lugg assisted by the young people served a delicious lunch. Miss Beryl Swain, although not able to take an active part was responsible for a good deal of the preparation for the shower

## Over 100 Delegates for Two-Day Sessions

# St. Paul Jaycees Are Host To Provincial Convention

ST PAUL, Alta. — St. Paul Jr. Chamber of Commerce members are a busy lot these days. They have accepted the honor and the tremendous task of playing host to provincial members and organizing the annual convention being held here May 23 and 24.

A long chain of events and activities have led to the selection of St Paul as the 1954 site for this important conference of young business men in Alberta.

The St. Paul Jaycees have been recognized through the years as one of the most progressive units, both on the local front and in the provincial field. Active community promotion and participation in provincial affairs are responsible for the distinction and the responsibility placed upon them.

Mr Ted Paradis, convention chairman, in charge of organizing the program has left no stone unturned to provide the greatest possible amount of entertainment while at the same time not sacrificing the importance and the value of the business sessions which will take place in the course of the two day convention.

Registration at this early date indicates that over 100 delegates have signified their intention to attend the sessions and participate in the social functions. Delegates from each of the 18 Jaycee units in Alberta will be present along with a number of dignitaries, including guest speakers from the Government of Alberta, and Edmonton business executives as well as Chamber of Commerce members from both the Junior and Senior organizations.

This first holiday week end of the summer should bring out more than the usual number of delegates as the urge at this time of the year is to head for the country. St Paul situated as it is, in the heart of a fisherman's paradise will give the Jaycees an opportunity to have their country holiday while attending the convention.

Being a comparatively small town, the entire population of 2000 is going to go all out to welcome the delegates to the first provincial convention held in this town.

In extending a welcome to the delegates, Mr. Ted Paradis says, "We intend to make this convention a memorable one for St. Paul and Alberta Jaycees, alike. We will provide Jaycees with every opportunity to make this not only a successful convention, but also a week end which they will long remember as the gayest and most profitable they have ever spent."

## Sports Day At Paradise Valley on June 11th

PARADISE VALLEY A mammoth sports day and picnic will be held at Paradise Valley on Friday June 11 to celebrate Farmers' day and the 25th aniversary of Paradise Valley. At a meeting held on May 1 with representatives from the Park Valley, Clare and Paradise Valley locals of the FUA and the Paradise Valley Sports Association the necessary committees were elected with Mr. Alvin Johnson as general manager.

IS YOUR SUB. PAID UP?

## Pleasant Valley

A new warm rain today. Should settle the weather and soon green leaves will be appearing. It seems a long time since we saw them as they are late this year. Soon too will be seeing fields of golden grain, the lovely prairie sunset a sight to behold and more glimpses untold.

Land work has begun but the growth is slow. The summer will surely be a short one.

Hello Allandale we were surprised to read of the United church you have. Where is it located? We would like to come out to a [illegible]

The writer enjoyed coffee and a chat with our Chatsworth scribe on Tuesday. She said that she was going to run the tractor and put in her own crop. Good luck to you Evelyn, but be careful.

Mrs Fisher spent a few days with the writer, returning home on Saturday.

At the home of Mrs. B Gould on Wednesday night Miss Doris Giles served a chicken supper. Was it good! She told us that it consisted of snails, frog legs, fish eggs and what not, but we know differently! Present were Laurence, Chrissie Mrs. Fisher, Miss Habstreet and the Giles family. Everyone is still alive Doris.

Mr and Mrs. Shaw and Fred spent Sunday visiting daughter Doreen, Gordon and family. Mrs [illegible] and [illegible] called and had tea with the writer.

Some of the kind neighbors went to Nora Playne's home and did some housecleaning on Thursday. Nora went to Edmonton and returned on Sunday.

Mr and Mrs. Emile Maire are visiting son John and Hazel and family on the farm.

How many noticed the new blue perennial poppy?

PLAYING HARDBALL, DRIVING CARS PROHIBITED ON SCHOOL GROUNDS

Owing to the fact that the grounds at the elementary and primary schools are public playgrounds for children, playing of hardball in any form and driving of cars on to the grounds is not conducive to the safety of the children. Anyone doing so is respectfully asked to discontinue these practises. 44-1c

## Town of Vermilion Notice of Intention to Undertake Local Improvements

The Council of the Town of Vermilion hereby give notice of its intention to asphalt pave several streets in the business area of the town. 60% of the cost of this local improvement shall be charged to the properties affected by way of a special frontage assessment and 40% shall be borne by the town at large. Unless a majority of the owners of the lands that may be assessed, representing at least one half in value thereof as aforesaid petition the Council against it within two weeks after the second publication of this notice the local improvement shall be undertaken and the cost thereof assessed by the system of assessment referred to in this notice.

The cost of the project has been estimated to be $69,265.00 of which $68,000.00 will be borrowed from the Provincial Government under the provisions of the Municipal Capital Expenditures Loans Act. This borrowing shall bear interest at 3% per annum and shall be repayable in 15 equal consecutive annual amortized instalments of $5719.04 of which it is estimated $3431.70 will be collected by way of special frontage assessment.

The special frontage assessment shall be at the uniform rate of [illegible] cents per front foot per year for 15 years on all properties fronting the improvement and [illegible] cents per year for 15 years on one half the flankage on all corner properties.

The following is a list of the streets to be paved:

All proceeds for Kiddies' Wading Pool and Playground project.

# Multiple Crash A New Driving Hazard

With increasingly more cars on the road, the 'multiple crash' is the kind of accident in which the average motorist is more and more likely to become involved. So warns an article in the May Reader's Digest.

The multiple crash, or 'accident-on-accident', may begin as fender scraping and end with wreckage and dead strewn over the pavement. Two cars collide on a stretch of road which is obscured by a hill, curve or other feature from the following driver's view. Another car slams into the wreck, and perhaps another after that — until someone with presence of mind warns oncoming traffic.

Every day and night on our streets and country roads multiple crashes are occurring. So increasingly frequent is this type of accident that Reader's Digest offers several rules for preventing an ordinary crash from becoming a multiple one. "These rules," says C. W. Gilchrist, Managing Director of the Canadian Good Roads Association, "should be learned by everyone who drives or contemplates driving".

In an accident involving your car, or when coming on the scene of another accident before the police or competent aid arrives, do the following:

1 Stop, pull off the road if possible but stay at the scene. Even in the slightest accident it is important not to leave. A graze which seems trivial, so far as your own car is concerned, may cause the other driver to lose control. This has happened. (If you come on the scene of an accident and the police already have arrived or if there seems to be competent help, don't stop but drive slowly past.)

2 Warn traffic. Go at least 100 yards back on the road; stand close to but not on the pavement, wave a flashlight at night, a handkerchief by day.

3. Keep hands off victims unless you have had medical training. Hundreds of accident victims die each year not from crash injuries but from handling by would-be rescuers who are sympathetic but inexpert. Exceptions to this rule must be made when the victim is bleeding to death or pinned in wreckage which at any moment may catch fire. Also never smoke or light a match near a smash up there's often spilled gasoline.

4. Notify police as soon as possible, giving the exact location of the accident. Identifying the exact site on a city street is easy; on a country road you may have to give the name of a nearby filling station, a name on a mailbox, or some natural feature such as an unusual rock or tree.

The article emphasizes that those who have never been in an accident have no idea how important such rules can be. "If you study them before you crash and think of all the trouble that lies behind them you may never need to use them."

LOOK AT YOUR LABEL DATE!

## Appreciation

The local branch of the Canadian Red Cross Society wish to express their thanks to members of the Vermilion Nurses Association, the Refreshment Committee, Vermilion Standard, Vermilion Beverages, B.P.O.E. and all who helped in any way with the recent Blood Clinic, including donors themselves.

## The Weather

Weather turned cool and wet with consequent delay in seeding operations. A liberal estimate would be that 5% of the wheat is seeded. The actual delay caused by the wet weather might be a blessing in disguise as the weed seeds might germinate in the interval. There has been little sign of growth to date.

Rain has fallen on four of the last seven days for a total of .79 inches. Unsettled weather is forecast to continue.

| Day | High | Low |
|---|---|---|
| May 6 | 61 | 37 |
| May 7 | 61 | 36 |

# Chatsworth Chatter

Tractors are humming early and late, and wheat seeding is well underway. Moisture supply is enough to give crops a start and today (Tuesday) we are experiencing showers.

The first service of the summer season was held at the Ottawa United church on Sunday, May 9, and Mr. Calder, our student minister, gave a very interesting and thought-provoking sermon. The next service is to be held on Sunday the 23rd and it is hoped that the busy season won't keep the attendance down too much.

Mr. and Mrs. Noel Garnett were visitors to the home of the latter's mother Mrs. M. Farkash last Sunday.

The next meeting of the Chatsworth Country club is to be held at Mrs. Arthur Tovell's on May 20. The lunch committee is Mrs. S. Jacula, Mrs. H Good, Mrs. Jim Panter and Mrs. Patterson.

# Local News of Interest

Fred Brimacombe motored to Vermilion last week from his home at Brandon, Man., to visit his father who is ill in hospital here. Fred looks prosperous and reports his wife and family very well with the eldest child now in grade 3.

Mrs. A. M. Hetherington who slipped and fell suffering a broken knee some two months ago, returned to her home from the hospital on Saturday last. She now manages to move about with the aid of a crutch.

Mr. and Mrs. Bob Harle and little son recently returned from a 3-weeks holiday spent at the coast where they visited Bob's dad, Mr. Sep. Harle and at the home of his sister and family, Mr. and Mrs. Herman Eyben.

Alex Stone, who was taken quite ill last week, was reported somewhat better early this week and on Wednesday morning was taken up to an Edmonton hospital.

Mrs. M. M. Moffat of Lethbridge is visiting her son and family, Mr. and Mrs. Gerry Moffat this week. She plans to leave on her return trip south on Saturday.

Mr. and Mrs. Bob Fair have returned from the coast where they spent a few weeks giving Bob a change of climate to aid in his convalescence.

Mr. and Mrs. Ellef Johnson and baby daughter of Edmonton called in at the home of Mr. and Mrs. K. Urquhart for an hour or so on Sunday. They were returning to the city after spending Mother's day at the home of Mrs. Johnson's parents at Marwayne, Mr. and Mrs. Berg.

Mr. and Mrs. Cliff Reid and family of Vermilion have moved to Bonnyville and are now occupying the former Jorgenson residence owned by Mr. Jos. Baril.
--Bonnyville Tribune.

## Honor Bride-Elect

Miss Yvonne Cooper, whose wedding takes place Saturday May 15 has been feted at several pre-nuptial parties during the past week.

On Friday evening the home of Mrs. Carmen Millar was the scene of a miscellaneous shower with Mrs. J. Brown, Miss Edith Brown and Miss Shirley Taylor acting as co-hostesses. Present were the girls from the telephone exchange and many high school classmates of Yvonne.

The gifts were presented in a decorated wicker basket surmounted by a large heart and topped with a brass dinner bell in the form of a little girl. The effect achieved was novel and lovely.

A very dainty and bountiful lunch was served.

On Monday evening friends and relatives met at the home of the groom's parents, Mr. and Mrs. Wm. McGinnis, where a very happy gathering feted the young couple and presented them with a variety of useful gifts. Games and contests were enjoyed and a delicious lunch served.

On Wednesday afternoon Mrs. Adamson was hostess at a tea honoring the young bride-elect, the guests being the members of the Sunday school teaching staff of the St. Saviour's church. A beautiful gift was presented to Yvonne and felicitations for a long and happily married life extended.

## Mannville & District LOCALS

Visiting with her parents, Mr. and Mrs. E. C. McPhee, is Mrs. Ross Lane and daughter Janet of Peace River.

A meeting of the Barley club was held last week. There are now 22 members and each member was given 4 bushels of seed. Mr. Buckingham and Mr. Gamble were both present at the meeting.

An Achievment Day will be held in the United church hall on Friday evening May 14 by the 4-H Girls club. Those interested in 4-H work are welcome to attend and view the work that the girls have accomplished.

Visiting with Mr. and Mrs. R. T. Dorward over the week end were Mr. and Mrs. Frank Dorward and son of Red Deer. While here they attended the Saturday night square dance where both Frank and his wife Dorothy called for dances during the evening. Mr. Lien our regular caller enjoyed dancing for a change and the Mannville club enjoyed having them. Members from Minburn and Viking clubs also attended the dance.

Mr. and Mrs. Gamble recently attended the Follies of '54 in Edmonton when their daughter Shirley sang in the chorus.

The tag day held Saturday last for the Cancer fund was very successful with over $107 collected. The village is being canvassed now for this very worthy cause.

What does your Label read?

LAW Jo McLaughlin who has been at the RCAF station at St. Hubert, Que., for the past three years, visited this past week with her mother and father, Mr. and Mrs. Jack McLaughlin in Vermilion and brother Eddie at Mannville. She has recently been transferred to the RCAF station at Namao.

Mrs. Cliff McMahon (nee Grace Isley) and little son Rodney returned to Edmonton on Sunday after spending the past three weeks visiting at the home of Grace's parents, Mr. and Mrs. Cliff Isley.

Mr. and Mrs. Tom Stack and daughters Donna and Marjorie of Redwater were visitors in Vermilion last Saturday and Sunday.

Mrs. Ben Aichin left by train Friday for Jasper to attend the marriage of Mr. Aichin's nephew, Mr. Aubrey E. Anderson and Shirley Fay Morris, daughter of Dr. and Mrs. Armstrong Morris, all of Jasper.

Old timers of Vermilion will remember the Anderson family who lived in town some 30 years ago, Mr. Aubrey Anderson's grandfather, Mr. Donald Anderson, having a dray business here. The family later moved to the U.S. where most of them still reside.

Mr. and Mrs. Clarence Elliott and young son Johnny were visitors at the home of the former's parents, Mr. and Mrs. Wib Elliott last week end.

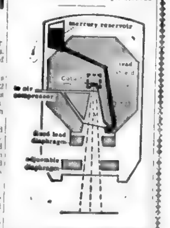
*THANK YOU*

St. Saviour's W.A. wish to sincerely thank anyone who helped in anyway with their spring tea on May 8th. 43

*CARD OF THANKS*

My sincerest appreciation to Dr. King, Miss Keith and her staff for the treatment, care and kindness shown to me while I was a patient in the hospital. To our many friends and neighbors my heartfelt thanks for their acts of kindness to us both.
Mr. and Mrs. Ralph Reeves



This simplified diagram shows the construction of the Cobalt-60 beam therapy unit which is used to treat cancer patients at the Provincial Cancer Clinic, Edmonton. The cobalt source consisting of 25 discs of cobalt each a half millimetre thick and one inch in diameter is surrounded except in the forward position by approximately 11 inches of lead. The cone-shaped [illegible] the forward [illegible] is [illegible] filled with mercury [illegible] of the [illegible] until the patient is ready for treatment. After the patient is placed in position, the mercury is forced out of the [illegible] by compressed air allowing the rays from the cobalt to reach the patient.

## Save Your Bottles For The Kinsmen

Residents are asked to save their beer and Vermilion Beverage bottles for the Kinsmen Bottle drive. The pick up day is Wednesday, May 26. All the resident has to do is place the bottles in a handy spot at the rear of the premises so that the Kinsmen can pick them up from the lane.

The bottle drive works in very nicely with the town clean-up campaign. Cart out your bottles and save them for the Kinsmen.

Proceeds from the sale of the bottles are for the kiddies' wading pool and playground project. This is an easy way to make a worthwhile donation. 45-6n

## Wheat Pool Will Distribute $567,000

The Alberta Wheat Pool is making a distribution of cash payments totalling $567,000, this being a patronage dividend on deliveries by members to the Alberta Pool elevators during the 1952-53 season. A further $1,907,000 is being credited to such member patrons in the form of Wheat Pool reserves.

Cheques were mailed out to Alberta Pool elevator agents who will distribute them amongst the Pool's 36,000 member patrons.

The basis of this payment is 4½ cents a bushel on wheat, with 1c in cash and the balance in reserves; and on coarse grains and flax 2½ cents a bushel, ½ cent of which is in cash.

Since its inception the Alberta Wheat Pool has paid patronage dividends totalling $15,797,000. Of this amount $6,256,000 has been in cash and $9,541,000 in the form of reserves.

It is with the reserves that the ownership of the Alberta Wheat Pool rests. A plan of revolving these reserves is being followed so that ownership will always remain in the hands of operating farmers.

## Wildwood

Glad to see Mr. Harry Wheadon home again from the Col. Mewburn hospital.

Mr. Eric McCorkell, a student at Knox College, Toronto, was expected in the Earlie-Wildwood-Watson-Ganton mission field for last Sunday Mother's day but did not arrive in time.

Hope all the mothers spent a happy day on Sunday. I saw a lot of lovely flowers which arrived from B.C. for that day.

Mr. Joe Cooper spent a day in Edmonton with his parents before leaving this community.

Mr. Jeff Fry visited his parents and relatives here recently. He reports Maybelle making progress toward recovery though she still has considerable paralysis.

Mrs. Marshall Bowen was hostess to the ladies of the neighborhood on Thursday last. Miss Lewis of the Department of Agriculture, also Miss Holms of Wainwright are expected to give a demonstration in the hall on May 19 at 2 p.m., subject 'Supper Dishes', any lady interested in such is invited to be present.

Mr. Finlay left the teacherage last week for his farm at McLaughlin.

The F.U.A. have all but completed plans for the annual Farmers' picnic on June 11. At present interest centres on the ball teams.

Mr. Dick Wheadon is farming with George Jack this spring.

Miss Eileen Jack was in Edmonton last week concerned with some music.

The McKays of Edgerton spent Sunday at the Alfred Jack home.

David Jack had Mr. Gunderson of Kinnaird as guest Sunday evening.

Mr. Alex Sperberg was home for Mother's day.

## Paradise Valley

The annual musical festival was held in the McLaughlin hall on Friday, May 7 with Paradise Valley and McLaughlin Central schools and Vaneti rural school competing. The selections were all very good and enjoyed alike by adults and children. The adjudicators were Mrs. E. Batty of Kitscoty, Mr. F. W. Stewart and Mr. Simonson of Vermilion.

At the evening program Hon. and Mrs. Aalborg were present. Mr. Aalborg gave a very suitable verse as well as a short speech. It really is nice to see old friends again.

Friends and neighbors wish Mrs. C. Elewell also Mrs. C. Coleman better health in the near future.

## Marwayne Pioneer Passes Away

Francis Arthur Hancock, well known pioneer of the Marwayne district passed away in hospital on May 4th at the age of 88 years. He is survived by his wife Martha, three daughters, Mrs. Keith Kent, Mrs. Garfield Midgley both at Marwayne, Mrs. David Martin of Islay, and four sons, Arthur, Clarence, Bill of Marwayne and Luther of Nanaimo, B.C. There are four brothers, 22 grandchildren and one great grandchild.

Funeral services were held at the Marwayne United church on Friday, May 7 at 2:00 o'clock p.m. Interment was in the Marwayne cemetery. The Rev. T. Sneddon officiated.

Moyers were in charge of arrangements.

## Cancer Society Research Grants

MEDICINE HAT. — Grants for research in cancer totalling over $62,000 were announced here by Jack Dempster, President of the Alberta Division of the Canadian Cancer Society.

Largest of the awards, $24,305 goes to the University of Alberta, to be spent on equipment and a number of research projects at the Dr. J. S. McEachern Research Lab. Prominent among these projects are five separate studies being undertaken by Dr. K. Kowalewski, a Polish scientist who has been a full time research fellow of the Society since June 1953.

Dr. R. B. Sandin, Professor of Chemistry at the University receives $2300 for his dual project which involves the preparation of chemical compounds which may have cancer inhibiting or cancer causing properties. A grant of $3000 is made to the University of Alberta hospital. This includes a new clinical research project involving the role of iron in the anemia of cancer, and the continuation of support of a research bed in Leukemia. Another continuing grant of $1000 goes to the Department of Pathology of the University for development of its Pathological Museum.

Mr. Dempster also announced a grant of $21,450 to the National Cancer Institute of Canada, the Society's research affiliate. This grant returns to Alberta in the form of 6 more sponsored research projects at the University, as well as support of the National Tumour Registry.

Grants totalling $5430 were made to Alberta hospitals for the purchase of pathological equipment and equipment used in the teaching of hospital staff, amongst these being the General Hospital, Calgary, $2250; General, Edmonton, $400; Misericordia, Edmonton, $800; Lethbridge hospital, $1000.

Sundry small grants include $400 to the Alberta Society of Pathologists for a cancer seminar and $2800 for professional fellowships for cancer specialists.

## Tips on Touring

By Carol Lane
Women's Travel Authority

If you've been saving all year for that vacation trip — and still have not quite enough to do all the things you've planned — perhaps I can help you out with a real money-saving idea.

I call the idea the "one-a-day picnic plan" and it will cut your family food vacation budget as much as a third or more if you use a little ingenuity.

The basic idea is to substitute a picnic lunch for the usual mid-day restaurant stop. Use your own system for making up the lunch, but I like to prepare everything in the morning before I start out: hot water goes into the thermos for making instant tea or coffee; slices of cold meat and butter well-wrapped into a plastic air-tight box, a loaf of wrapped bread and a can of juice into the back seat.

Once on the way, keep a sharp eye out for roadstands where you can buy a few pieces of fresh fruit and, perhaps, a quart of fresh milk for the children. By the way, if that child has an extra sweet tooth, try him out with raisins as a substitute for candy.

With the picnic lunch right at hand you'll find a real pleasure in passing up hot crowded cafes in favor of a nice, cool spot by the brook where you can relax and eat in comfort and leisure.

## Death at Mannville Of Sid Semeniuk

Sid Semeniuk passed away in the Mannville hospital on May 3 at the age of 71 years. Left to mourn his passing is one brother Philip, also of Mannville.

Funeral services were held at the Seventh Day Adventist church at Innisfree on Thursday, May 6 at 11 a.m. with interment following in the church cemetery.

Moyers were entrusted with the last rites.

## THE STAGETTES

The meeting held Tuesday night was a brief resume of the year's activities and a quick look at the ... section of the Stagettes. Vice-president Sophie was in charge in Kay's absence and so we started the meeting with the Creed and ended with a song. It was a change ... Sophie ... don't worry about it. Pearl has a carload of five lined up for the convention trip to Grande Prairie and we are sure that they will have a wonderful time both socially and for business reasons. We will be looking forward to the meeting after they get back. So far no word has been received on the barbecue pit plans.

Here is the checking list for the remainder of the year:

Saturday 15th ... Berna Gettle
Saturday 22nd ... Theresa Fage
Monday 24th ... ... on first shift, Edna Lil 2nd shift
Saturday 27 ... Sophie Kay

Mildred has the ... of the Stag ... so anyone who did not get hers can pick it up at the Treasury branch.

I have a good reason for the short notes this time. I'm doing them on borrowed time. Sheh! (Borrowed from the office)

Occasionally We Must Say "NO"

The use of certain drugs is restricted by law except upon the prescription of a physician. The purpose of this is obvious: to protect the public against drugs that may be dangerous or harmful if used without proper medical supervision ...

Provincial Golden Jubilee Festival

## Work Of Alberta Writers To Be Published In 1955

An anthology of the best original work of Alberta writers will be published during 1955 to mark the 50th anniversary of the formation of the Province of Alberta.

Hon. C. E. Gerhart, Chairman of the Golden Jubilee committee, announces that the book will be published through arrangements made between Edmonton branch of the Canadian Authors Assoc. and McClelland and Stewart, Canadian book publishers.

The book is intended to be representative of Alberta, presenting in fiction, poetry, drama, feature articles and radio scripts the history, people, physical features, resources and achievements of the province. Manuscripts submitted must deal with authentic Alberta themes and should represent the highest literary skill of Alberta writers.

Approximately half the book will be non-fiction, while from three-quarters to nine-tenths of the remainder will be devoted to fiction, poetry, and possibly radio scripts or plays. Feature and general articles are to be 2500 words long, fiction a maximum of 5000 words, and poems 42 line in length. Deadline for submission is June 30, 1954.

Editorial work in connection with the book will be carried out by a board appointed by the Alberta government. Dr. W. G. Hardy, Alberta author and head of the classics department at the University of Alberta, is head of the editorial board, and Blake MacKenzie, Co-ordinator of Cultural Activities, associate head.

Further information concerning the anthology may be obtained from Blake MacKenzie, Secretary of the Golden Jubilee Committee, Alberta Government, Edmonton, or Mrs. Magaret Johnson, Secretary of the Editorial Board, 7615 111th St., Edmonton. Full details of the regulations governing submission of manuscripts will be announced shortly in newspaper advertisements.

## Mother's Day Service Held at Islay

Mrs. Stoddart of Edmonton spent Sunday with son Tom and family at Kenilworth. Mrs. Stoddart journeyed down with Mr. and Mrs. Dave Ryley of Edmonton who had come to visit Mrs. Ryley's family, Mr. and Mrs. Henry Olds.

Mr. Tom Hagen has sold his farm to Mr. Bud Eliot of Dewberry.

We are a little late in wishing many happy returns of the day to Mr. Archie Chambers. We believe Archie was 74 on May 8.

On Sunday, Mother's day, the Sunday school followed the special program. The address of welcome was given by Greg Clark, a pre-school lad and well done too, then some tiny tots sang "I'll be a Sunbeam", Gerald Inman, primary school boy gave a recitation and so on until we heard the older pupils doing their parts. Don Martin, a senior lad with a recitation. It was nice to see the number of parents there but we could still count quite a number who were absent. The children like Mum and Dad to hear them and see them do their parts.

There were 11 young people from the Islay-Kitscoty-Streamstown United church field who went to Edmonton during Easter week to take the Leadership training course at Alberta College. Miss Erva Sweet from Islay gave a most interesting account of the work covered, to the Islay congregation on Sunday afternoon. The young people evidently were taught much in the line of church work and how to assist in it.

Another pioneer has passed on from our midst in the person of Mr. Frank Hancock and sympathy goes to Mrs. Hancock and the families.

One day last week Mr. and Mrs. Jim Allan, Mr. and Mrs. Neil McEachern motored in the latters' car to Vermilion. The Allan's visited Mr. and Mrs. Charlie Young and the McEacherns visited Mr. and Mrs. Lloyd McFadden. Mrs. McEachern hadn't been to Vermilion for some time on account of illness and saw a huge change in the town.

## Tree Planting Car Here Late Summer

The value of tree planting will be explained to Alberta farmers by the Canadian Forestry Association's 'Classroom on Wheels' which will be in Vermilion on Aug. 14, Mannville Aug. 15, Minburn Aug. 16, Innisfree Aug. 17, Blackfoot Aug. 9, Kitscoty Aug. 10, Islay Aug. 11. 45-6a

## Big Oil Country

Less than 7 years ago Canada imported over 90% of her crude petroleum needs. Today we are getting about half of it from our own fields in western Canada.

"Within two or three years", Imperial Oil's J. R. White says, the market for prairie oil may be close to three times its present size. Canada, says White, is now in the 'big oil country' class.

What does this means to all of us? asks the Financial Post.

Money we used to spend on the foreign oil we can now use for other imports.

There are new industries and new jobs, not just in oil refineries and pipelines but in vast associated lines such as the new petrochemical industry. And most of these new jobs and industries are developing in a part of Canada that was almost an industrial blank prior to the large scale discovery of oil and gas.

Oil and gas are bringing real and major diversification to Prairie Canada, are broadening an economy which for so long was almost completely dependent on one or two farm products.

The whole of Canada gains from this significant change.

## OBITUARY

### George Lewis Wilson

Funeral services for the late George Lewis Wilson were held at the United Church Vermilion on Monday, May 3, with interment following in the Vermilion cemetery. The Rev. C. W. MacKay officiated. The hymn "O God Bethel by Whose Hand" is traditional at the funerals of the Wilson family. The pallbearers were three nephews and three grand-nephews.

Mr. Wilson was born at Prestonpans, Scotland, July 2, 1861. He came to Saskatchewan in 1905 and to the Vermilion district in 1906 where he farmed in the Wildmere district until his death.

He was prominent in public affairs during the early pioneer days and a staunch supporter of the Presbyterian and later the United Church.

He was the youngest member of his family and was predeceased by three sisters and two brothers. Next of kin surviving are six nephews and four nieces, Thomas B. Wilson, Edmonton; Thomas Wilson, John Wilson, Janet Holte, Chrissie Morrison, Vermilion; George Wilson, Nettie Stewart, Scotland; Harold Lindsay, William Lindsay, Ella Lindsay, Toronto.

Moyers were entrusted with the last rites.

Floral tributes and Memorial contributions were received from:

Flowers: Janet, Albert, Baillie, Kenneth and Marjorie; Chrissie, Alex and Family, Allan, Audrey and family, Mr. and Mrs. A. M. West, Mr. and Mrs. E. M. Stewart, Mr. and Mrs. Ted Riley, Mr. and Mrs. Henry Smith, Mr. and Mrs. R. C. Smith, Mr. and Mrs. F. Pratt, Camrose; Rev. Edna Pratt, Bow Island, Johnny and Hazel, Bud and Donalda, Dorothy and Walden, Mr. and Mrs. Harry Howard, Doris, Bob and Doreen, The Majury Family, Mr. and Mrs. A. Ruud.

Wildmere Church Funds: Mr. and Mrs. Cliff Cruthers and family, Mr. and Mrs. Lloyd Howard, Mr. and Mrs. Guy Whitlock, Mr. Thos. Best, Mr. and Mrs. W. J. Garnett and family, Mr. and Mrs. Fred Haines, Mr. and Mrs. David Dibben, Mr. and Mrs. Roy Dibben, Mr. George Haines, Mr. and Mrs. Albert Smith and family, Mrs. J. M. Smith; Mr. and Mrs. Ray Osterberg; Mr. and Mrs. W. T. Garnett, Mr. and Mrs. David Hughes, Mr. and Mrs. Frank Gibson, Mr. Lawrence Graham; Wm. and Adam Smith.

Wildmere Womens Instute: Mr. and Mrs. Wm. Clark (Jr), Mr. and Mrs. J. C. Wallington and family.

Cancer Fund: Mr. and Mrs. C. Sweeney and family, Chris Thompson, Ralf and Irene, Mr. and Mrs. Geo Dibben, Mr. and Mrs. Ivar Larsen, Mr. and Mrs. A. Osterberg, Mr. and Mrs. P. Jensen, Mrs. Riley, Beryl, George, Berna and Alice, A Friend, Mr. and Mrs. Gilbert Harrison; Mr. and Mrs. Thos. Watts.

Crippled Children: Wm. Clark (Sr), Mr. and Mrs. W. E. Steele, Mr. and Mrs. R. Woodruff, Henry Bretche.

Auburndale Church Fund: Alex and Bessie, The Wear Family.

Cemetery Fund: The Edwards; Jeff and Fay, Grace and Jack Marfleet, Mr. and Mrs. Joe Tiffinger and family; Billie and Leona McLaughlin; Mr. and Mrs. Geo Martin and Family, A. I. Martin, Mrs. M. Ruud, John and Peggy.

NOTHING BUT THE TRUTH By Arnold

## Tips on Touring

By Carol Lane
Women's Travel Authority

There are several successful ways for the lady traveller to keep her clothes wrinkle-free on a prolonged journey. Here's how you can solve this pressing problem — and keep the press in your garments where it belongs!

1. In selecting clothes for car travel, choose nylon, jersey or other wrinkle-resistant fabrics for 'fancy' clothes. If you must have non-wrinkle-proof fabrics, choose garments that are cut on straight, simple lines.

2. In packing, stuff tissue paper in shoulders and insert same between folds of the garment. Also pack your suitcase full so that garments won't slide around. Place heavier objects on the bottom of the suitcase with clothes on top.

3. To remove minor wrinkles in light fabrics try the light-bulb trick. Just slide the crease back and forth over the heated bulb until the wrinkle disappears.

4. To freshen up the appearance of the entire garment, hang it next to the shower, turn on hot water, close the door and wait about 15 minutes. Steam removes all the creases.

If perfection is your goal the answer is an AC-DC travel iron. And here's an idea for a home-made portable ironing board that tucks into a 21-inch suitcase. Slip a baby's pillow case over a piece of thin plywood cut to fit.

With these tricks the most finicky traveller never need wrinkle her brow about wrinkles in her clothes!

In 1939 Canadians paid $47 million in individual income taxes. In 1953 they paid $1,225 million!

When Is A Lottery Not A Lottery?

## TICKET SALE LEGALITY AT PROVOST TO RECEIVE COURT TEST

Is the sale of tickets, which give purchaser admission to a jamboree, sports day and fair and incidentally a chance to win one of 10 automobiles illegal under the lotteries section of the criminal code?

That is the question which will come before the Alberta supreme court during current sittings at Wetaskiwin.

Accused of conducting a lottery is James Wallace, chairman of a committee appointed by the citizens of the district of Provost to organize the jamboree, fair and ticket sale for the event slated for July 7. The purpose is to raise funds for construction of an arena in the town.

Last December at two mass meetings of residents of Provost district, the plan was approved. Details of the jamboree and fair were then drafted and the tickets ordered.

Since that time some 100,000 have been distributed, according to Mr. Wallace, but it is not known how many have been sold.

About ten days ago RCMP of the Red Deer detachment served a summons on Wallace and acting under authority of a search warrant, seized about 60,000 unfinished tickets from the printers at Provost, correspondence, receipts, records and other items connected with the ticket sale.

On April 27 a preliminary hearing was held before Magistrate James Smith at Provost and at its end Wallace was committed for supreme court trial. Neil D. Maclean, Q.C., Edmonton barrister, acted for Wallace.

Among those called as crown witnesses were the other four members of Mr. Wallace's committee.

The tickets involved have printed at their top "Admission to Arena Association Jamboree at Provost." The printing goes on to say the proceeds are for the arena building fund; that sports, entertainment and prizes will be provided; that 10 cars will be given as prizes; that $1000 of the profits will be donated to the Alberta Commercial Travelers' Association crippled children's fund.

It is expected the supreme court trial will be heard either this week or next. —Calgary Herald.

Quite a number of the tickets in question were sold in Vermilion.

## Thorncliffe W. I.

The May meeting of the Thorncliffe branch of the A.W.I. was held at the home of Mrs. T. Thompson on May 5 at 2:30p.m. Five members answered the roll call with their favorite song. Some of these were Whispering Hope, It's No Secret, Missouri Waltz. Two visitors Mrs. John Frederick and Mrs. G Doherty were present. Come again folks.

The meeting opened in the usual manner followed by the reciting of the Women's Creed.

Thank you cards were received from Mrs. C. Bell and Mrs. J. King for fruit baskets sent them from the ladies. An acknowledgment was also received from Mr. and Mrs. J. Schaumleffel. A donation was made to Crippled Children's fund.

The members decided not to make any articles for the constituency conference this year.

The home made candy and sewing sale held April 17 was successful. This opportunity is taken to thank all those folks who helped make it a success.

The members are sending away old woollens and cottons to Fairfield's. Anyone else wishing to do so please have them ready to ship by June 2.

For the social Mrs. Thompson chose a card bingo game which was enjoyed by all. First went to Mrs. Fred Clark, 2nd to Mrs. James Moore and third to Mrs. J. Frederick.

The meeting adjourned with the singing of "God Save the Queen" after which a very nice lunch was served by the hostesses Mrs. J. Moore and Mrs. T. Thompson.

The next meeting will be held at Mrs. Erle Watt's on June 2 at 2 p.m. Roll call — Your favorite recipe. Social will be by Mrs. Erle Watt.

# THE ALBERTA GOLDEN JUBILEE ANTHOLOGY

The Golden Jubilee Committee of the Government of the Province of Alberta has announced the publication in 1955 of a volume to contain the best original work of Alberta authors — fiction, poetry, drama, articles and radio scripts; and has appointed an Editorial Board to make the necessary selection. Hereinunder are the rules and regulations to govern the submission of manuscripts.

ELIGIBILITY AND RULES:-

1. Any resident of Alberta is eligible to submit manuscripts.

2. Manuscripts must be original and previously unpublished, typewritten and double-spaced. The editors, however, reserve the right to modify this regulation if necessary.

3. A pen name may be used for publication.

4. Authors desiring the return of unacceptable manuscripts please enclose a self-addressed envelope to facilitate their return.

5. Manuscripts required consist of articles relating to Alberta, historical or general, up to a length not to exceed 2,500 words; fiction on any theme, locale or period, up to a length not exceeding 5,000 words (a shorter length is preferred); poetry not to exceed 42 lines. Radio and dramatic scripts will also be considered. Since the Editorial Board reserves the right to assign feature articles, authors with articles in mind should first write to the Secretary outlining their ideas or idea. Assignment, however, does not necessarily mean acceptance.

6. Under a standard contract agreement with the publisher, McClelland and Stewart, royalties deriving from the sale of the book will be paid to the Edmonton Branch, Canadian Authors' Association. After deducting necessary expenses, the Edmonton Branch, Canadian Authors' Association will pay such monies to the authors published in the book on a pro-rata basis.

7. All rights (inclusive of second rights, reprint, periodicals, TV, and motion picture) are to be held by the publisher.

8. The Editorial Board will evaluate all scripts, reserving the right to alter, re-write, condense, and combine manuscripts. Final selection of manuscripts, however, will be made by the editors of McClelland and Stewart.

9. The submission of any manuscript signifies an acceptance of all the rules, regulations and conditions as above stated.

10. DEADLINE: All manuscripts must be in the hands of the Secretary by June 30th, 1954.

11. Manuscripts should be sent by first-class mail to

Mrs. Margaret Johnson, Secretary, Editorial Board, 7615 - 111th Street, Edmonton, Alberta

*Further information may be obtained from Blake MacKenzie, Secretary, Golden Jubilee Committee.*

## PARADISE VALLEY NEWS

Mr. and Mrs. Colin Ball and Mr. Frank Ball were visitors to Edmonton attending the wedding of their nephew. Mrs. Ball Sr. returned home from Edmonton with them after spending the winter with her daughter Mrs. J. D. Gaunt.

Another wedding of interest to old friends and neighbors was that of Mr. Philip Gaunt, a former student of P. V. high school and Miss Elizabeth (Betty) Gibson of Hardisty and a nurse at the Royal Alex hospital, on Monday May 3.

A very interesting meeting was held in the hall on Wednesday night sponsored by the Extension Service of the Dept. of Agriculture. Mr. E. H. Buckingham, D.A., spoke on Tartary Buckwheat, Mr. J Moffat assistant D.A. on rats, and hogs, and Mr. A. Hozack on Weeds. Three good films were shown on weed control.

A wedding of local interest took place in Edmonton on Friday when Mr. Gordon Guy and Miss Rose Mary Timoshinko were united in marriage. Mr. Guy is the youngest son of Mr. and Mrs. J. W. Guy of Paradise Valley. Those attending from Paradise Valley were Mr. and Mrs. J. W. Guy, Mr. and Mrs. Geo. Guy, Mr. and Mrs. Floyd Henry, Mr. and Mrs. Robert Kragness, Mrs. Mayo Sr., Joe Mayo and Wm. [illegible]

Miss Violet Adams who has been attending college at Regina and Miss Joyce Adams who spent the year at Three Hills college have both returned home to spend vacation with their parents Mr. and Mrs. R. W. Adams.

VALLEY MAIDS C. G. I. T.

The Valley Maids met at the home of Joan Elliott in McLaughlin on April 27. The meeting was opened by singing 'O Canada'. Sharon Walter introduced Mrs. Karlsson who was guest speaker for the evening. Mrs. Karlsson gave a most interesting talk on Egypt and was very patient about the many questions asked by the girls. The minutes were read and Grace Stoddart moved that they be adopted, seconded by Marybelle Teasdale. Helen gave the treasurer's report and moved that it be accepted and seconded by Margaret. Grace suggested that an amateur hour be held on May 21. Helen, Sharon, Grace and Violet are a committee for entries. The time set for the amateur hour was 8 o'clock but the place was not definite as yet. There will be a film shown at the church on May 12 and everyone is welcome. Margaret gave a demonstration during the evening on 'More about foods we eat' and Violet gave a demonstration 'Proper food for the body'. Mrs. Davidson gave the worship period and Helen moved a vote of thanks to Mrs. Karlsson. Taps was sung and Carol moved that the meeting be adjourned. Then the evening was completed by Mrs. Elliott and Joan serving a delicious lunch. The girls are looking forward to having Mrs. Gunn at the next meeting after her long illness.

APRIL SHOWERS

A shower for Miss Mary Baxter [illegible] ment on Monday, April 26. Upon arriving Mary was greeted by the strains of the Wedding March played by Joan Richardson. On behalf of her many friends Mrs. G Venner presented Mary with a trainload of gifts which was drawn into the room by little Diann Knor. In a few appropriate words Mary thanked the ladies for their gifts.

Mrs. D Odegard and Mrs. C. Conarroe entertained the P.V.W.A. in the United church basement Wednesday May 5. The ladies were pleased to welcome Mrs. E. Mason and Mrs. S. Murray as new members into the organization. Mrs. N. Stepanoff and Mrs. F. Beckett gave a very interesting talk on missionary work.

Rev. Morse Johnson field secretary for the Christian Education committee of the United church gave a very interesting talk to the Sunday school teachers in the church on Tuesday evening after which the film "For Every Child" was shown.

Friday the 9th our fair town was deserted as many people along with all the school students made the trip to McLaughlin where the A.T.A. held their musical festival. The program will be repeated in the local school Friday evening.

Miss Mary Ann Rohla who has been employed at the Treasury Branch in Vermilion for the past few years has severed her connections and is visiting at home with her parents Mr. and Mrs. C. Rohla at present.

*GAUNT -GIBSON*

A wedding of interest to old neighbors and school friends of the Paradise Valley district was held in the Bethel chapel, Edmonton, on May 3. The principals in the event were Philip A. Gaunt, younger son of Mr. and Mrs. J. D. Gaunt of Edmonton, and formerly a student in the Paradise Valley high school, and Elizabeth (Betty) Gibson, only daughter of Mr. and Mrs. Andrew Gibson of Hardisty, and a nurse in the Royal Alexandra hospital. The ceremony was performed by the Rev. L. Nix.

## Sixteen Years Ago Today

*May 12, 1938*

Ellis East, B.A., graduated in medicine from the University of Alberta. He is a graduate of the V.H.S.

Plans were finalized for the May 24th sports with a full line of baseball, softball and track and field events.

Spring weather has arrived at last and seeding is well underway.

Mr. Jens B. Caskey, a pioneer of this part of Alberta, aged 79 years, died at Elk Point.

Vulcan ordered all cats belled to save the birds.

## Thirty-two Years Ago Today

*May 10, 1922*

June 7 was chosen as Vermilion's annual sports day.

Copious rains have fallen, the ground is soaked and the grain is up everywhere with growth prodigious. Acreage of wheat sown is much greater than in any previous year.

Mr and Mrs. J. C. Wallington who for the past four years have ben living at Watford Station, in Ontario, returned to Vermilion this week. Mr. Wallington sold out his blacksmith shop and is again locating in the Wildmere district.

Albert Roseborough is now home from university after writing on his 4th year medicine exams.

# Farm Union Asks Major Overhaul Of The Canada Grain Act

The Interprovincial Farm Union Council asked today for a major overhaul of the Canada Grain Act in a submission to the house of commons' standing committee on agriculture and colonization. The council represents farm unions in Ontario, Manitoba, Saskatchewan, Alberta and Northern British Columbia.

Prior to any general revision of the Grain Act, the council proposed the setting up of a Parliamentary or Royal Commission to explore "the whole question of grain handling mixing, drying, the question of grain overages, the matter of diversion charges and protein grading." This commission, following its public inquiry, would make recommendations to Parliament which would lead to the first general rewriting of the act in 25 years. The interprovincial council, in asking the Commons' committee to recommend such an inquiry and follow-up revision, proposed several amendments to the Grain Act which it said were already "overdue".

The interprovincial farm council asked for a reorganization of the Board of Grain Commissioners, which administers the Grain Act. It asked the termination of the membership of Roy Milner on the board on the ground that his additional work as federal transport controller was a full-time job. At the same time, the council asked for enlargement of the board from three to five members, with the appointment of three new members, two part-time, who would be "actual producing farmers carrying the endorsation of the noncommercial farm organizations."

The council requests as well the enlargement of the Canadian Wheat Board by the addition of one new appointee, an "actual producing farmer. . . who carries the endorsation of the non-commercial farm organization of the prairies".

The submission observed that net income to agriculture had declined 14 per cent in the last year and this, the council said, meant a slow-down in other lines of business. The interprovincial council's brief contained these other major proposals and suggestions: 1. Convening of a regional or national conference to seek ways and means of expanding existing markets and of finding new markets for agricultural products.

2. Cash advances on farm stored grain.

3. A change in the system of grain pricing so that domestic grain would be "priced at a figure equivalent to the costs of other goods and services . . . which are required by the farmer".

4. Extension of the Board of Grain Commissioners' jurisdiction to include eastern Canada as far as inspection services are concerned, so as to protect eastern purchasers of feed grains.

5. Confiscation of grain overages by the Board of Grain Commissioners both in country elevators and terminal elevators and return of the proceeds to the farmers as part of final payments on the basis of deliveries.

6. Better distribution of box cars "as the real answer to the inequitable distribution of (grain delivery) quotas.

The council also reiterated its request that provision be made for voluntary requisition of farm union dues from grain payments.

PLAYING HARDBALL, DRIVING CARS PROHIBITED ON SCHOOL GROUNDS

Owing to the fact that the grounds at the elementary and primary schools are public playgrounds for children, playing of hardball in any form and driving of cars on to the grounds is not conducive to the safety of the children. Anyone doing so is respectfully asked to discontinue these practices. 44-8m

Noonan's Coffee shop will be closed for redecorating on May 17 and for several days thereafter. It will be re-opened as soon as the work is completed. 45x

## Wildmere Winks

Mr and Mrs. Cliff Cruthers were guests at hte Gibson home on Friday evening.

Everyone is busy on the land these days. One can hear tractors going all times of the day and night.

The ice went out of our lake on May 8, four days later than last year.

Mr and Mrs. Albert Matteo, of Pequannock, N.J., wish to thank all their neighbors and friends of the Wildmere and other districts, who so kindly sent flowers to them in their recent sudden bereavement in the loss of their little 3-year-old daughter Gloria. Words fail to express the appreciation of the sympathy extended to them.

Mr and Mrs. J Wallington and family enjoyed a grand dinner and visit at the home of Mr. and Mrs Albert Holte on Sunday.

Mr. and Mrs. J. Wilson spent Sunday at Mannville with Mrs Wilson's mother Mrs. Finlay who celebrated her 82nd birthday as well as it being Mother's day. May you see many more such happy birthdays Mrs. Finlay.

Mr. and Mrs. George Seuffert, Berna and Alice, and Mrs. Riley were visitors at Mr and Mrs. R Martin's at the George Wilson farm on Sunday afternoon.

Peggy Graham returned to her nursing duties at the Royal Alex hospital on Sunday evening after spending two weeks at her home in Wildmere. Holidays have a bad habit of slipping by fast don't they?

We wish all our sick friends a speedy recovery. Mrs Kather, Mrs Martin, Mrs. King and Alex Stone. May you all be feeling better soon.

Peggy Graham was a guest of Margaret and Hazel Whitlock on Friday evening April 30 at their home in Wildmere. Friday May 7 she spent visiting Mrs. C Cruthers also of Wildmere.

FUTURE OF COMMONWEALTH

How can we make the British Commonwealth stronger and better? Nicholas Monsarrat, famous author and U.K. information officer at Ottawa makes this suggestion in The Financial Post.

"We need a constant interchange of teachers, students, children, tourists, travellers, and businessmen. One prime blessing of the 20th century as far as Britain is concerned, would be an end to the restrictions on travel. The British know far too little about Canada. Canada to them means snow, the RCMP and the Rocky mountains. England to many Canadians means beefeaters and a horrible climate. Spanning both countries I happen to know there's a lot more to it than that. So does anyone who has travelled beyond their own city limits. The more that travel is freed, the greater would be our own understanding, and the greater our mutual respect."

# NEWS from KITSCOTY

Mrs. W. G. Stewart is visiting at Wainwright with her daughter and son-in-law Mr. and Mrs. Lynn Randall and family.

Mrs. W. L. Apperson was a delegate to the Anglican W.A. convention held recently in Edmonton.

Mr. and Mrs. R. Dalziel of Edmonton visited here recently for a week with their sister Mrs. M. Miller.

Mr. 'Mac' Inglis has returned to his farm after spending the winter in B.C.

Mr. R. M. Mathewson of Edmonton spent the week end here with Mrs. Mathewson.

Miss Maureen Gilpin, R.N., is home from her duties with the RCAF to look after her mother who is ill at present.

Mr. and Mrs. Harold Chisholm and family of Edmonton spent the week end here visiting with Mr. and Mrs. C. N. Gray and other relatives.

Mrs. Elsie Beatty spent two very busy days last week adjudicating the music at the Marwayne and Paradise Valley school festivals.

Congratulations are extended to Mr. and Mrs. C. N. Gray on the safe arrival of their first grandchild, a son born to Mr. and Mrs. R. Nickerson (nee Jean Gray) of Edmonton.

Mr. and Mrs. Alex Potter and family returned home last week end from Okotoks where they have spent the past six weeks with their daughters.

Miss Sheila McCorry has returned to Edmonton where she will study for her music exams which will be held in June.

A welcome is extended to Miss June Gunderson of Vermilion who will teach the rest of the school term in place of Mrs. D. McLean who has resigned.

WEATHER RECORD

The month of April in Alberta was exceptionally cold. During the last 8 days of the month a continuous cold wave swept the province and 5 inches of snow was recorded. On April 20 the municipal weather office in Calgary recorded a temperature of one degree above zero. On April 29 six above was recorded and a high of 20 registered at 4 p.m. These low temperatures created a new record for as long as meteorological tables have been kept at Calgary. The previous low for April 20 was 13 above recorded in 1909. —*Wheat Pool Budget.*

# WHAT IS THE SALVATION ARMY?

The Salvation Army is an international organization with a dual function of church and social agency, operating a network of world-wide social services in a religious setting with Christian motivation and goals.

William Booth, founder of the Salvation Army, was a pioneer in the recognition of social responsibility. A Methodist minister, Booth started the Salvation Army as a purely religious movement. But early in his ministry he learned that physical needs must be met before a man's thoughts can be turned to the spiritual. Thus the social services of the Army came into existence.

In its 89 year history the Salvation Army has been moving forward in a campaign against the miseries of mankind, extending its borders, changing its methods, but never its principles; amplifying its system and employing new agencies with the passing years, but all with one object—the reclamation of mankind. No organization has been granted a broader charter than that embodied in The Act of Incorporation from which the Salvation Army derives its legal existence in Canada.

The Salvation Army's underlying principal is that permanent social adjustment of individuals can best be achieved by correction of the spiritual maladjustments within, based upon the belief that internal rather than external influences play the greater part in personality adjustment.

In the varied phases of Salvation Army service — whether attempting to adjust families to the community, adults to their environment, or build and correct the character of boys and girls—the same practice and procedure is applied. That practice is to provide the necessary materials or physical ministrations to relieve the immediate condition, and then approach the basic problem by building up an appreciation of personal spiritual possibilities, and where necessary stir up latent ambition and idealism based on spiritual convictions. This procedure is followed through with a recognition of the value of social work technique as an adjunct to the spiritual effort.

Salvation Army work was started in Canada in 1882. From this beginning has spread the coast-to-coast spiritual and social work of the Army. The preaching of the saving Gospel of Christ is supported by a varied network of institutions and services designed to help both soul and body.

There are Homes for unmarried mothers, children, aged men, aged women, destitute men, transient women, persons on remand from the courts. Industrial workshops, rehabilitation centres, emergency lodges, canteens among the troops, fresh air camps, prison and police court endeavor are also part of the great scheme.

In war and in peace, its purpose is to serve with "the understanding heart and the human touch."

## Canada's Railways Said To Pay Large Social Dividends

MONTEBELLO, Que. Canada's citizens each year are presented with a 'social dividend' amounting to about $400 million by their railways, according to S. W. Fairweather, vice-president of research and development, the Canadian National Railways.

Mr Fairweather told the annual convention of the Business Paper Editors' Assoc. that this sum represents the difference between the railways' actual net revenues and possible earnings if operating expenses and revenues were in balance.

Based on 1939 levels, Mr Fairweather said, operating costs have risen 127 per cent and the freight charges 61 per cent. This discrepancy, amounting to some $400 million annually, is a 'social dividend' paid to the nation, he said. The railways, unlike general industry, cannot raise their charges by themselves.

He noted the possible need for rate regulations in non-competitive areas where railway services were vital to the public interest and the economic development of these areas. But he added this same control meant that the railway in competitive areas "must sell its services not at prices it judges best in its own interest but on a scale judged best in the public interest." The railway is handicapped in not being able to bear its full economic strength on its marketing problem.

# Health Unit Notes

BED-WETTING

Understanding is the first step to correction. By the age of four, most children have good bladder control and will not wet the bed. But some children at this age have not yet learned the 'dry habit' and the parents are faced with the problem of the bed-wetting child. Normally it's not hard to correct if the proper steps are taken. The child of four who is a bed wetter needs your understanding help.

Wetting, when it occurs in the child of four or over, is usually at night. It may happen only once during the night or three or four times. Some wet their clothes during the day, usually when excited and busy over their games — especially on a cold, damp day.

WHAT MAKES YOUR CHILD DO IT?

Your child may wet his bed for one or more of a number of reasons. The first step in tackling the problem is to find out what is causing the trouble. Here are some of the causes your doctor will look for: A tight foreskin; a foreskin that is too long; irritation of the sex parts in a girl; urine causing irritation because it's too strongly acid or ammonical; rough or tight underclothing; pin worms; infections in the bladder, kidney or other parts of the urinary tract; deformities in that region.

Foods could well be a contributing agent. Some diets are too rich in salts and minerals. Spicy foods like pickles, relishes, meat sauces will often irritate the urinary system. And don't forget that chronic infections in the tonsils, adenoids, sinuses, teeth, appendix and lower bowel are sometimes to blame.

Now you can easily see that if you treat your child's bed-wetting as just "a bad habit" when one of the above factors is to blame, you are being unfair to the youngster.

But, you say, you've checked off all the above list and none applies to your child. Yet, he still wets his bed! Then you've got to seek other causes. Your training may have been faulty. This is a very common source of the trouble. Some parents tend to become a careless and say, "Oh, he'll outgrow the habit some day". Or they're too indulgent and take the attitude that their child is too delicate to be trained, or excuse him by saying he has a weak bladder. Sometimes your child will get his habit during a long illness when he's kept in bed for long periods. And what about it when your child wants to go during the night but the toilet is too far away, in the cellar or back yard?

CONSIDER CHILD'S FEELINGS

Have you ever thought what your bed-wetting child feels about it? After all, it's his problem! His habit can have serious effects on his future so that long after the bed-wetting is outgrown, the harm to his character remains. It may happen in this way: if he's conscientious he may develop a feeling of utter hopelessness, lying awake for hours, fearing to go to sleep and wet himself. Shame and lack of self-confidence may drive him into seclusion.

If you punish or scold him he may develop a guilty feeling that he is 'bad' and it is possible for him to mope over it so that his personality and his school studies suffer.

HOW TO TREAT YOUR PROBLEM

From what we now know of bed-wetting, it become plain at once that each case calls for careful study. You will seek the physical causes and correct them and check your training of the child. Be sure something isn't upsetting him emotionally. Family quarrels, expecting too much of the child in manners, neatness or immediate obedience, a change to a new neighborhood and a new school any of these may be the cause.

Your child should be helped to understand that he can be aided. Replace his feeling of helplessness guilt and shame with self-confidence and optimism by encouraging him and letting him feel you are not finding fault with him. Above all, do not try to solve his problem by scolding, beating, shaming or bribing.

It may help to cut down his drinking of fluids for several hours before bedtime. Have him go to the toilet before retiring. Find out the time he wets and then try waking him up about half an hour earlier to go to the toilet. Make this a habit. And every time he does the right thing towards breaking his bed-wetting, praise him.

BABY & PRE-SCHOOL CLINICS

Monday, May 17 — Legion hall, Vermilion, 2 to 4 p.m.

Tuesday, May 18 — Ranfurly hotel, 10 to 12 noon.

Tuesday, May 18 — Innisfree school, 2:30 to 3:30 p.m.

Friday, May 21 — Mannville school 11 to 12 noon.

# The World of Wheat

By H. G. L. STRANGE
*Director "The Crop Testing Plan"*

EARLY U. S. RUST REPORTS ENCOURAGING

Faced with the prospect of late seeding operations, Western Canadian farmers can find some encouragement from the first rust report to be issued by the Rust Prevention Association, Minneapolis, although no definit conclusions can be drawn at this early date.

The degree of rust infection in Mexico and the far Southern States is, however, important because it is from these regions that the rust spores are wind-borne later in the season to the American mid-west wheat belt and, in the case of Canada, to Manitoba and Eastern Saskatchewan.

The report states that all infections which appeared last fall from Central Texas northwards have been killed and that only traces of rust were found in Southern Texas. In Central Mexico although a few fields of the old native varieties were completely killed by stem rust 90 per cent of the fields in this area planted to the newer varieties showed only a trace and no appreciable amount of rust was developed throughout Central or Northern Mexico for spread northward.

Even though the report is favourable every effort should be made by Canadian farmers in the rust area to seed wheat as early as possible since even a few days may be important from the standpoint of possible rust damage.

You'll discover a world of difference in a
DODGE
—take a 5-MILE TRIAL and see!
Pick the road ... pick the time ... then slip behind the wheel of a brilliant new Dodge for 5 miles of fun and facts.
You'll find driving Dodge an eye-opening experience — one that might save you plenty when it comes time to buy a new car.
So put the dependable Dodge to the test, mile by mile ... and see the difference. A 'phone call to your Dodge-De Soto dealer will bring a Dodge to your doorstep.

1ST MILE
Notice the visibility and comfort you get in Dodge. Seats are soft and restful and chair-high so you command a better view of the road down in front. Notice the extra headroom and legroom, too.
2ND MILE
Try it for handling ease. Big brakes with riveted Cyclebond linings make stopping easy. High steering gear ratio makes turning easier. And Dodge Full Power Steering gives safe control with finger-tip pressure. These are advantages to remember particularly during May, which is Safety Month.
3RD MILE
Check the "big-car" ride over bumps you usually avoid. You'll find the Dodge ride smooth and sure-footed on any road, thanks to Oriflow shock absorbers, easy-action springs and lower centre of gravity.
4TH MILE
Test Dodge power on hills or in the getaway. Enjoy its quick, easy getaway. There's plenty of reserve power to carry you safely out of tight spots. And Dodge provides this zip without requiring premium gasoline.
5TH MILE
Ask about the extras you get at no extra cost. Things like foam-rubber seat pads ... fabric with vinyl trim ... electric windshield wipers ... oil-bath air cleaner. Then check the prices, and see why the Dependable Dodge is your best buy.

# News Notes From Your District Home Economist

By Shirley Holms, Wainwright, Alberta

BEDSPREAD SETS COLOR SCHEME

The decorative scheme of the bedroom is set by the bedspread. A gaily patterned bedspread or one of brilliant hue will change a dull bedroom to one of beauty and interest, says Miss Caroline Judson, Home Designing Specialist, Alberta Department of Agriculture. On the other hand perhaps your bedroom color scheme has proved too intense — a neutral textured bedspread will subdue the atmosphere.

In the master bedroom where either a trim tailored effect or a subtle feminine touch is desired, texture, color and pattern of the material are very important. A spread of granite cloth, corduroy, glazed chintz or monks cloth will give the tailored effect; antique or quilted satin, bengaline, faille, brocade or damask will create a feminine atmosphere.

A teen-aged girl will prefer a material with a frill or a flounce, quilted satin, plastic or glazed chintz are excellent. In a boy's room, a spread that is durable and washable is best. It may be made of corduroy, sail cloth, denim or terry towelling.

Draperies may match or contrast the material of the spread or echo one of the colors found in the design. Walls and woodwork must harmonize with the bedspread. Miss Judson suggests choosing the colors for those in the pattern.

Of the different styles to choose from, the floor-length throw type is the easiest to make. This cover should be long enough to reach the floor at the end and lap over the pillow at the head. The sides should be wide enough to reach the floor. If it is to be washed, allow 9 inches for shrinkage. The envelope type of spread provides a box type cover over the mattress with a plain, gathered or pleated flounce extending to the floor. The flounce is the decorative part. It may be smooth and box-like with inverted pleats at each corner, trimmed with cord or braid or it may be just a gathered frill. It should be attached to the box-top spread, or to the box spring underneath the mattress.

A combination of quilted or patterned material with a plain flounce is striking. A neat effect is achieved through matching the flounce and the box type cover.

For help in making curtains and draperies write for booklet "Curtains Going Up"

HINTS FOR HOMEMAKERS

For a new taste to oatmeal cookies, add a small amount of grated orange peel to the next batch.

Many cakes and other desserts covered with icing come in cellophane packages. By allowing cold water from the faucet to run over the package for a moment, you can easily remove the cellophane while leaving all the icing intact.

Use scissors to cut marshmallows into small pieces dipping the scissors into hot water frequently to prevent sticking.

To prevent the meringue on a pie from being stringy when cut, mark off the pieces of pie while the meringue is still hot. Use a knife dipped in hot water and cut only through the meringue.

# NEWS from VANESTI

On May 1 a quilting party was held at the school with 5 members present, the tieing of the quilt was done at the school and stitching and finishing at the home of Mrs. S Allin in what those five members felt was surely a record time of only 3 hours.

The monthly meeting was held at Mrs. G Becketts home on May 5 with 8 members in attendance. The meeting was called to order and minutes read. Mrs. C. Oldenburg moved that the minutes be adopted as read and this was seconded by Mrs. Allin. The monthly fee was raised from 10 to 25c. The second quilt was tied and stitched on machine same as the first one. Donations of useful articles for a burnt out family will be acceptable at the next meeting. One of the quilts is to be delivered to the Haines family by the secretary.

The next meeting will be held at Mrs. C. Flewells on June 24th. Miss Holms is to be present.

Farmers have at last made an attempt to start on the land in this district. From now on no doubt they will be going day and night.

By AMBROSE HILLS

SPRING HARVEST

There is a harvest to be gathered in the spring. It is a harvest more nourishing in its way than wheat or oats and barley. The young farm lad knows it, and goes about the harvest early and late, eagerly gathering in the springtime crop to nourish his young soul.

See how quickly he rises when the rooster crows! Watch the deep breaths he takes as he stands in the door, feeling the softness of the breezes; poking idly at a drain to see the spring freshets flow. Soon he'll be in the meadow finding the new crocus; or climbing a tree to hunt for crows' eggs, or wetting a line to watch the first trout leap.

Too bad he can't find a way to impress the glories of the springtime harvest on older folks who need it more. We should hear the singing of the birds through his young ears. We should stand with him on a prairie field and see Vega high overhead with Altair to the south, and Arcturus sinking in the west. He is reaping a harvest that will feed his soul for a lifetime.

There is so much concern these days for our material welfare, and so little for our spiritual growth. In fact, in some circles, it is brazenly preached that we might all give up a little of our individuality in order to keep our stomachs full, to know some sort of security. And as our spiritual faith grows smaller this craving for material security becomes an obsession. It is a modern disease much more to be feared than polio or cancer.

I often watch men and women rushing backward and forward on city streets, a wild look in their eyes, obsessed with getting and spending.

They think they want security but in truth, most of them have far more material things than they need ... and all this rush and frenzy is aimed at getting new tv sets, or radios or a later model car or new and fancier rugs and draperies. All these are fine but it is a bit ridiculous to hear these same folks crying for security to be handed to them on a silver platter!

And I often think, too, that if they'd stop and stare once in a while at the stars, at the blue sky, nourished spiritually most of the other things they seek would come to them more easily. So much spiritual food lies all about them; but they fail to see it. Only the young farm boy is wise enough to be up and at the harvest!

STORE SALES

In the week ended April department store sales were down 2% from the corresponding week last year. The Financial Post reports Quebec shows 4% increase, the same in Alberta, B.C. almost unchanged up 0.1. Saskatchewan down 9%; Maritimes down [illegible] Ontario down 5%, Manitoba down [illegible]

Each year the C. N. R. hauls an average of 12 tons of freight for each individual in Canada. This tonnage consists of food, clothes and the thousand and one things of daily living.

# WILDMERE W. I. NOTES

The May meeting of Wildmere W.I. was held on Saturday May 8 at the home of Mrs. Gibson with Mrs. R. Martin as the hostess. The meeting was opened with the singing of O Canada and repeating of the Creed. Happy Birthday was sung for Mrs. D Dibben and Diane Smith whose birthdays fell on that day.

As Mother's day was the following day, the Wildmere Beavers Girls' club kindly came to entertain the ladies. They held their meeting along with the W.I., repeated their code and read the minutes of their meeting. The W.I. roll call was 'Famous Women' and the girls had the same roll call. Mrs. G. Whitlock, the treasurer gave her report.

A letter was received from Miss Shirley Helms saying she would speak on 'electrical appliances' at the August meeting if she could possibly come.

Letters were received from our Premier, E. C. Manning, and W. R. Cornish, M.L.A., replying to our request for a museum for Alberta for the Golden Jubilee in 1955. They stated that every consideration would be given to the request. Another letter was from the Red Deer Recreation Leadership school and one from Mrs. Pendergast.

Standing committees are to have their reports in for the June meeting. The sick convener committee reported a donation to the Wildmere church fund in memory of George Wilson.

Any person wanting to send old woollens please contact the shipper Mrs. Cliff Cruthers before July 15.

Three visitors attended the meeting, Mrs R. Smith, Mrs. A. Smith and Peggy Graham. Mrs. A. Smith became a new member bringing the total membership to 19 with 17 present.

Mrs. J. Wilson gave a very interesting talk on education called "Facing the Challenge".

Project for June is 'clothing'.

A letter of thanks was read from Mr and Mrs. George Haines by Mrs. Whitlock. They thanked the W.I. for donation sent following their fire.

Mrs. Wallington had some money collected in memory of little Gloria Matteo. This will be sent to the Junior Red Cross hospital at Calgary in her memory.

The Girls' club then gave their topic. This was by Janet Cruthers and Mary Gibson and read by Mary. It was on Queen Elizabeth.

Johnny Jump Up was won by Mrs. Hughes. Elnora Donily won the Girls' club mystery box draw.

The social was also by the girls comprising a song by the Smith sisters, riddles by Diane Smith, recitation by Jean Dibben, piano selection by Mary Gibson and a song by all the girls. "What a Friend we have in Mother", recitation by Mary Gibson.

The W. I. president heartily thanked the girls for their entertainment. The next meeting will be held at the home of Mrs. Haines on June 2. Roll call — electrical gadget.

Mrs. Hamilton, district convener, will attend this meeting. Social by Mrs. W. J. Garnett. Project — used clothing.

The meeting closed with a delicious pot luck lunch. Several wash cloths and towels were handed in for shipment to Korea.

## MILK DRINKING HABITS

In three out of four urban Canadian families, all members drink milk, according to a recent national survey made by Dairy Farmers of Canada. Made in all cities with 50,000 or more population, the survey points up some interesting deviations in the milk drinking habits of the nation, where nutritionists advise consumption of at least 3 glasses a day to maintain good health.

In the average household, it is the housewife who buys the milk and insists that members of her family drink it regularly. However in urban families where there is one or more non-milk drinkers housewives make up 49 per cent of the abstainers. Husbands, as a group, were 30% of the non-milk drinkers. 53% of the non-milk drinkers gave as their reason, "just do not care for it", while 23 per cent had no particular reason.

Urban families in the province of Quebec had the highest score as milk consumers with 79% reporting all members of the household as milk drinkers. B.C. was on the other end of the scale with 69% of the families composed of members who all drink milk.

As might be expected, families with children are the heaviest consumers of milk, with the lower income group buying more milk than either the middle or upper income groups. The survey supports the concern often expressed by nutritionists who claim that older people do not drink enough milk to prevent calcium starvation. Consumption of milk in many families appears to fall off to a point where it is practically non-existent.

RAINFALL SCANT TO DATE

Official rainfall in inches this year for the period from April 1 to May 5 was only .08 inches as compared to normal precipitation of 1.34 for this period.

## Wedding Bells

*SAFNUK — BAXTER*

The United church, Paradise Valley was the scene of a very pretty wedding on Friday afternoon April 30th when May Doreen, eldest daughter of Mr. and Mrs. D. B. Baxter was united in marriage to Walter William Safnuk, son of Mr. and Mrs. D. Safnuk of Regina, Sask.

Rev. D. D. Davidson performed the ceremony under an arch of pink and white streamers. Given in marriage by her father the bride chose for the nuptials a ballerina-length strapless model gown of nylon tulle over satin. The fitted bodice was modified with a jacket of chantilly lace styled with a crisp stand up collar and long slim sleeves which tapered to lily points over the wrists. Her finger-tip veil of French illusion tulle misted softly from a tiara encrusted with pearls and as her only jewelry she chose a strand of nylon pearls with matching earrings. She carried a bridal bouquet of red roses.

Miss Gloria Baxter attended her sister as maid of honor, and Miss Marilyn Cottrell, cousin of the bride was bridesmaid. They wore similarly styled gowns in nylon net and lace over taffeta, with matching lace boleros. Their gowns in blue and mauve respectively were worn with matching headdresses, and each carried a bouquet of pink carnations. Best man was Mr. Walter Safnuk, cousin of the groom and Mr. Murray Westby was the groomsman. Ushering the guests to the pews marked with pink and white bows were Mr. Bernie Baxter and Mr. Stanley Djuff.

Miss Shirley Gunn played the wedding music and during the signing of the register Miss Mildred Clay sang "O Promise Me".

After the ceremony a reception for 65 guests was held in the church basement. For the occasion Mrs. D. B. Baxter wore a blue suit with navy accessories. A corsage of red roses was pinned at her shoulder. Mrs. Safnuk chose a grey taffeta with pink accessories. Red roses formed her corsage. The bride's table laid in lace, was centered with a three-tiered wedding cake. Bouquets of roses completed the arrangement. Mr. Ernie Walter proposed the toast to the bride.

Their many friends gathered at the Paradise Valley hall the same evening for the wedding dance.

Mr. and Mrs. Safnuk left later for a wedding trip to the east, the bride travelling in a black suit with gold accessories. A corsage of red roses completed her ensemble.

Out of town guests at the wedding were Master David Safnuk, Regina; Mr Art Eley and Mr and Mrs. M Safnuk Colonsay; Mr and Mrs. P. Cottrell, Berwyn; Mr. CJ Cottrell, Vancouver; Mrs. B. Kishinsky and Gerald, Vancouver, Mr. and Mrs. H. Cottrell, Fabyan.

Vol. XLV. No. 46. Vermilion, Alberta, Thursday, May 20th, 1954. $2.00 a Year

# Annual Sports Day, Monday, May 24

## First Holiday of Summer Season

The first big holiday of the spring and summer season, Victoria Day, is always celebrated by Vermilion's annual sports. The Vermilion sports day is unique in that the Vermilion Amateur Athletic Association has always tried to make it a family day, providing something to interest everybody, ball tourneys and track events for each age group of the younger people. For many youthful ball players the Vermilion Sports provide the only opportunity they have to play in a tournament throughout the whole year.

SENIOR BASEBALL

The Senior baseball tourney, for which there is total prize money of $300 divided into 3 prizes of $150, $100 and $50 is the chief attraction.

Pressing hard on the heels of the senior tourney for attention and popularity is the Junior ball event for boys 20 years and under. There has been some very fine ball played in this class during the past two or three years and four prizes are being offered, $100, $75, $50 and $25.

The country hardball tourney provides a chance for ball players from country districts and always attracts its quota of fans.

The boys 15 years and under play softball and there is plenty of competition and action around this diamond.

LADIES' EVENTS

Headlining the ladies events is the open softball with $40 and $25 as first and second money. High school girls have a chance at prizes of $15 and $10 while girls 15 and under have a competition of their own with $10 and $5 as rewards for ability.

RACES

Track events this year have been reduced to races for the children from 15 years and under down to five and under and a half mile bike race for 15 year old boys and under.

Seven ball diamonds are in use at the same time and all events are run off on the combined athletic and fair grounds the finest sports park in Alberta.

Booths are on the grounds, there is a dance at night, a good picture show — so this can really be made into a swell holiday for the whole family. Kiddies 12 and under are admitted free, cars free, adults 75 cents and students two bits.

President of the sponsoring body the Vermilion Amateur Athletic association is Russell E. Carroll, and the secretary is Fred Stewart. They along with the complete executive invite everyone to Vermilion's annual sports, the best all-round program in the west.

## Baseball Club Selling Season Tickets

The revitalized Vermilion baseball club is now selling tickets for their complete season of six league games for the sum of $3. This ticket also entitles the purchaser to attend all Sunday exhibition games free. The ball club is in urgent need of funds to start the playing season and are taking this means of raising the money for new equipment etc.

When you are approached to buy a season ticket, buy one whether you intend to see just one or all of the games. The club is composed of energetic and ambitious young men from in and around Vermilion who are well worthy of your encouragement and support.

The ball players themselves have already greatly improved the diamond. It has been scraped, dragged and smoothed out and now really looks like a ball park. A fence has been put up around the outfield, some 360 feet away from home plate and anything that goes over that is well worth a home run.

More interest in baseball is being shown than ever before both by public and players, and activities are seemingly being very well directed by the club management and executive.

FIRST HOME GAME

The first home league game will be played here on Sunday afternoon May 30 with the strong Two Hills team meeting the Vermilion youngsters. Make a date to see the opener right now.

## Church Softball League Formed

A church softball league for boys 12 years and under has been formed with four teams entered at present from the Anglican, United, Mission Alliance and Salvation Army. The games are played every Wednesday evening on the grounds at the elementary school.

Mitchell Taylor is coaching the Anglicans, Ernie Schurman the United, Earl Keast the Salvation Army and Ernie Clendenning the Alliance Mission boys. This is a highly commendable project and it is nice to see such worthwhile movements in the town.

## Clandonald Sports Wednesday, June 9

Clandonald will hold their annual sports on Wednesday, June 9 when a fine program is highlighted by a senior baseball tournament with prizes of $100, $50 and $25.

Ladies open softball has $25 for first and $15 for second prize.

For the horseshoers 1st and 2nd prizes of $5 and $2.50 will be given.

A goodly program of children's races with generous prizes is also on the list of athletic entertainment and a grand dance at night winds up the big day. 46-8x

## Dewberry Old Timer Dies in Edmonton

On May 16th, at the age of 92 years, Mrs. Margaret Elizabeth Butz of 11924-80 street, Edmonton, widow of Charles Samuel Butz, passed away. She is survived by five sons, John and Robert both of Calgary, C. E. Butz, Leduc, E. C. Butz and D. U. Butz both of Edmonton, two daughters Mrs. Dan Swift of San Angelo, Texas and Mrs. Ada McPherson of Edmonton, one sister Mrs. Sarah Turner of Liberty, Texas. There are 47 grandchildren, 111 great grandchildren and 19 great great grandchildren.

Funeral services were held on Wednesday afternoon May 19 at the Community hall in Dewberry. Interment followed in the Dewberry cemetery.

## Town and District Students Graduate

The following students from Vermilion and neighboring towns and districts graduated from the University of Alberta at Convocation last Friday: Robin M. Stuart, of Mannville, B.A.; Alex Hogan, Mannville, Bachelor of Commerce; Katherine Anne Carey, Islay; Dorothy Mina Ekdem, Vermilion; Sydney Kates, Heinsberg, all with Bachelor of Education.

Betty Ann Gray, Kitscoty and Alvin Roy Myhre, Innisfree, Senior diploma in Education; Thorhild Maren Lofthaug of Dewberry and Garfield Potvin, Islay, Jr. diploma in Education.

## Name Plates For Farmers Free

Stephens Ltd are offering free name plates to all farmers for the asking. The only stipulation is that these plates must be put up securely at the front gate as soon as they arrive home.

The name plate comprises a substantial board painted white with black lettering. It is easy to read and should stand the weather for several years without renewing. One of the chief outdoor sports will be driving through the country and seeing where everyone lives as soon as the expected demand for the name plates is met.

## Salvation Army Band To Play in Edmonton

The local Salvation Army Corps band will be visiting the South Edmonton Corps this week end, May 22 and 23. On Saturday night they will be participating in a musical program presented jointly by the South Side and the Vermilion bands and on Sunday will participate in a number of services.

## Elk Point People To See Local Boy In Motion Picture

A motion picture of great interest to the residents of Elk Point and district will be shown at the Arrow theatre in Elk Point on Wednesday and Thursday June 2 and 3. In the production "A Day to Remember" an Elk Point boy is among the cast. He is Vernon Gray, son of Mr. and Mrs. Art Raham of Elk Point.

Vernon was born in Saskatoon and moved to Elk Point a number of years ago with his parents. He took most of his schooling in Elk Point and is well known to all town residents.

Prior to entering the motion picture field Vernon modelled in New York and appeared on many television programs.

He is currently appearing in another feature which is in the production stage. It should be released by the J. Arthur Rank studios very soon.

Vern has worked hard in his climb to success and fame and the 'Point' residents wish him all the luck in the world in his new vocation. 46-7

## Vermilion Has "Booster" Plates

Never a laggard in making the most of opportunities to do a little 'boosting' for itself by way of making its resources known to the public at large, Vermilion is one of the aggressive centres in Alberta offering booster plates to its citizens to dress up the fronts of their automobiles where license plates were formerly carried.

Vermilion's booster plates advertise Vermilion and take the opportunity to boast about its Education and Agriculture. Its excellent school facilities and the exceptionally fine agricultural area in the immediate vicinity justify merit wholehearted boosting. Incidentally these two words Agriculture and Education nicely associate Vermilion with the fact that it is the site of the Provincial school of agriculture of which Vermilion has every right to be proud.

Every car owner in Vermilion and the surrounding area can assist most effectively in boosting his town and district by wearing a booster plate on his car.

## Fair Board Organizes Summer Camp

Plans are now underway for the continuance of the well known and popular Vermilion Fair Summer camp for boys and girls between the ages of 13 and 18 and all the young district people interested in attending should make application early as the number is restricted and preference will be given in the order applications are received.

The 1954 summer camp will be held at the school of agriculture from July 19 to 24 inclusive and students will reside in the splendid dormitory and have the advantage of the fine facilities there for instruction and entertainment. This year the recreation director will add much to the value of the summer camp.

Practical courses in agricultural subjects will be given the boys, while the girls will be introduced to the interesting cooking and sewing labs by well qualified instructors. During the Fair days, July 22 to 24, the young people will be guests of the Agricultural Society and all who have attended in the past have been enthusiastic regarding the fine time afforded.

The cost is purely nominal and instruction received of the greatest value to those making farming or homemaking their chief objective. Valuable prizes are awarded to those standing highest in their classes and general attitude, and the Vermilion Agricultural Society is proud to again be able to offer these fine courses to the young farm people.

Applications should be made to S. C. Heckbert, Secretary Manager of Vermilion Fair, at the earliest possible date.

## Highland Games July 7

The St. Andrews Highland games will be held at the Vermilion Fair grounds on Wednesday July 7. A full program of dancing, piping, folk dancing and ball games. Make this one a date. 46-8c

## High School Team Defeats Mannville

The V.H.S. baseball team won a good game from Mannville high on Tuesday afternoon by a score of 16 to 12.

## Softball League Games Results

Pleasant Valley 9 Kinsmen 9
Island Hill 6, All Stars 8
All Stars 21 Kinsmen 14

## Bishop Clark To Visit Vermilion For Confirmation

On Thursday, May 27, Ascension Day, the Right Rev. H. H. Clark Bishop of Edmonton will visit Vermilion for the first time since his consecration on Jan. 25 of this year. On this occasion he will administer the Apostolic rite of Confirmation to some 30 young people and adults who during the past months have been prepared for this most significant event.

Bishop Clark is a native of Alberta having been born at Fort Macleod. In his early boyhood he moved to Eastern Canada where he took his schooling and prepared for the ministry at Trinity College and the University of Toronto. Prior to his election to the Bishopric of Edmonton, he was Dean of the Cathedral in Ottawa and played a leading part in the life of the Diocese of Ottawa.

Following the Confirmation there will be an informal gathering in St. Saviour's parish hall where the opportunity will be given to meet the Bishop and to congratulate the newly confirmed on the occasion of their being admitted into the full fellowship of the Church.

On Friday, May 28, the W.A.'s of the Deanery of Vermilion will meet in St. Saviour's and at the celebration of the Holy Communion Bishop Clark will be the preacher.

A warm welcome is extended to the Bishop on this his first visit to Vermilion.

## Death of Norman Henry May

Norman Henry May, well known old time farmer of the Auburndale district passed away suddenly at the General hospital in Edmonton on Saturday night last. While it was known that he had gone to Edmonton for medical attention his sudden death was entirely unexpected and was a great shock to his many friends and acquaintances.

Mr May was born at Des Moines, Iowa on August 25 1888 so was in his 66th year. Predeceased by his wife, and one daughter he leaves to mourn his loss three sons, Boyd of Vermilion, Melvin at Leduc and Norman in Edmonton, and two daughters, Mrs. Fenton of Streamstown and Miss Donna at Lloydminster. One brother Sheldon farms in the Auburndale district and one sister resides in the States. The deceased came to the Vermilion district 46 years ago.

Funeral services are being held this Thursday afternoon May 20 at the United church, Auburndale with interment to follow at the Mount Auburn cemetery.

Moyers are in charge of arrangements.

## Ball Tossers Lose Opening Game

Vermilion Seniors lost the opening game in the new baseball league. Playing at Two Hills on Wednesday evening they came out on the short end of a 9-2 score. The game was 2-1 until the last half of the 7th when as a result of several errors the Two Hillers ran in seven runs.

First league game here [illegible] May 30 with Two Hills the opposition.

## Many Projects At Home & School, Dewberry

## Wild Life Survey From The Air

G. H. Jansen and A. G. Smith of Calgary conducted a survey of wild life from the air during the past week. They have methods and means well planned for a quick inspection which reveals to them very accurate information.

## Town-Wide Clean-Up Campaign On Wednesday, May 26th

The Standard wishes to draw to the attention of the citizens of Vermilion the importance of this annual event sponsored by the Board of Trade and the Town of Vermilion.

This year every block in both the business and residential districts is being organized and each block is under the supervision of a Block Captain. These men have offered their services to the Civic committee of the Board of Trade in the interests of a cleaner, neater town.

The Civic committee respectfully requests that everyone co-operate to the fullest extent with their Block Captains in making this the best and most thorough clean-up campaign in the history of Vermilion.

Trucks will be covering all lanes in all parts of the town some time during Wednesday May 26 in order to remove accumulated waste materials.

The committee would also like to publicly thank our telephone operators for the invaluable help that they so cheerfully gave Dr Hanlan during the organizing of this campaign, also the Block Captains whose names are listed below along with the blocks or districts under their supervision.

## V. H. S. Graduation Exercises Friday

The High school students particularly grade 11 have been working hard to prepare for the graduation banquet and dance to be held this Friday. The banquet will be held in the Legion hall, followed by the dance in the armories. Winners of the $25 Elks scholarships for outstanding all-round students in grades 9 and 12 will be acclaimed. Also the names of all those who have earned awards through the point system will be announced and some awards presented. Guest speaker for the banquet is Mr. N. N. Bentley, the principal of the Vermilion school of agriculture.

SPORTS RECEIVING ATTENTION

Sports are also receiving attention as the House league and A teams prepare for competition. The annual divisional track meet at Kitscoty is planned for Friday May 28. Vermilion has high hopes and is working hard towards regaining the cup. House League softball and baseball games have begun, and good teams are showing up. School teams also plan to compete in the Sports day on May 24. Good luck all!

## Monday, May 24th National Holiday

Monday May 24 is a national holiday and will be observed throughout Canada. Stores, business places and schools will be closed all day in Vermilion. May 24 is the annual sports day.

## Commences Medical Practice Here

Dr. E. W. M. Johnson has opened a new medical practice in Vermilion. His offices are located in the former Franco Oils building, some three doors north of the Brunswick hotel.

Dr. Johnson graduated in Medicine from the University of Alberta in 1948. He practised at Loon Lake, Sask., until one year ago at which time he returned to Edmonton for post-graduate work.

Dr. Johnson and Mrs. Johnson have already taken up residence in town. Mrs. Johnson will be remembered by many in Vermilion as she was formerly Miss Olive Keith, a member of the nursing staff at the hospital here.

## C. G. I. T. REVIEWS ACTIVE YEAR

The Canadian Girls in Training honored their mothers and a number of guests with a banquet in the United church hall on Wednesday May 12. This was a culmination of eight months of activity. An abundance of good food was served by three C.G.I.T. graduates, Betty Hawley, Marina Capatos and Joan Maxwell.

Anne Stewart, departmental president of the C.G.I.T. was in charge of the program. Each of the girls [illegible] to introduce her [illegible]. Anne introducing the guests. Ruth Beatty proposed the toast to the Church with the response by the Rev. C. W. MacKay. The toast to the Mothers was proposed by Doreen Hicks and reply given by Mrs. Grace Adam. Mrs. Goodwin gave the toast to the C.G.I.T. and Barbara Green replied.

Greetings from the W.M.S. were brought by Mrs. Manson Barr. The girls appreciated the crocheted bookmarks given to each by Mrs. Hardie's group of the W.A.

[illegible] gave a talk on the Leadership Training course which was held in Edmonton during Easter week. She was one of the fortunate ones to attend the [illegible] service.

Piano solos were given by Mar[illegible] and Kay Simonson. [illegible] of the three groups presented [illegible] skit.

Mrs. Stewart, superintendent [illegible] and addressed the [illegible] briefly.

Thanks to the leaders Mrs. Annabelle Robinson, Mrs. Eileen Koch, Mrs. Rita Cooper, Mrs. Betty Brimacombe and Miss Ruth Marfleet, this has been a most active and enjoyable year. Much credit is due to the superintendent Mrs. Kathleen Stewart for her organization and inspiration. The co-operation and interest of the girls was evident. Vermilion C.G.I.T. has been a Chevron group in the past year and they hope to obtain their Chevrons again this year.

The highlights of the past year include:

Session opened Oct. 6 with a pot luck supper organization followed. Initiation — chamber of horrors.

In November the girls served at the W. A. bazaar, candy and articles made by the girls at their meetings were sold.

Dec. 13 — Candle Lighting service.

Christmas carrolled at the hospital.

Jan. 4 — Reorganization meeting in the form of a pot luck supper followed by a skating party.

Three talks were given during the season. Mrs. King spoke on First Aid, Mrs. Acheson described life in British Guiana, Mrs. Kneale on life in the concentration camps.

The show "Prince of Peace" was attended by the girls and leaders.

Senior girls served at the W.M.S. meeting.

On March 1 another pot luck supper was enjoyed followed by folk dancing.

March 8 — Affiliation service with W.M.S.

April 12 — Paraded to Holy Week service at Alliance chapel.

A worship period was conducted by the girls at each meeting. Singing and dancing was part of the program.

The C.G.I.T. plan to go to the Auburndale church on Sunday May 30 to attend morning service and while there they will present two flower baskets which the senior group made.

*"CLEANLINESS IS NEXT TO GODLINESS"* —

Every citizen with a modicum of pride and vision will echo these words of John Wesley, not only in relation to his own person but also in regard to his own community. He wants to see homes, stores and public buildings looking fresh, the streets and lanes well-kept, the fences painted, and the vacant lots *clear of litter*. But sometimes he forgets that if his dream is going to come true he must roll up his sleeves and do something about it.
